My Sweet Physician Wife Calls The Shots

Chapter 3201

3201 I won't kill anymore (3)

"Chi zeyao, what right does he have to think that my mother would fall for him? He wasn't killed, he was killed by stupidity."

Chi Yang's grip on Feng Jimian's neck tightened. Not only Feng Shengxuan, but even Chi Zeyao, who was lying dead on the side, could hear a "crack" from his wife's neck. He was so scared that he felt unwell.

"Chi Yang, so you weren't injured before, right? You're just acting. You just want me to think that you're hurt, so that I'll let my guard down."

"I'm really injured, but it might not be as serious as you think."

Feng Shengxuan sneered, "I've always thought that we were about the same. I didn't expect you to be this strong." If I'm not wrong, your Eagle should have already arrived at the scene, right?"

"What do you think?" Chi Yang asked.

Feng Kun, who was hiding in the dark, frowned.

The eagle was controlled by Lu Guangsheng, but Chi Yang seemed to be prepared. So Chi Yang had planned for Lu Guangsheng's scheme a long time ago? The Shi family had fallen into their trap?

Feng Kun had intended to inform Shi Yalin, but he gave up on that idea after some thought.

This was his last chance. If Feng Shengxuan and Chi Yang couldn't kill each other today, it didn't matter to him whether he wanted the Shi family or not.

After getting Chi Yang's affirmative answer, Feng Shengxuan suddenly laughed sadly.

"I didn't expect to fail so easily. It seems that you understand me more than I understand you. I'll admit defeat."

After that, Feng Shengxuan closed his eyes. If you want to kill me, then kill me.

Seeing this, Feng Luan was so nervous that her body, which was hidden in the dark, leaned forward slightly.

Just when he thought Chi Yang would make Feng Shengxuan pay for what he did, Chi Yang suddenly let go and threw Feng Jimian to the ground.

Feng Ji Mian fell to the ground, caught off guard. Because she could breathe before, she forgot to take deep breaths.

Seeing that his mother wasn't panting, Feng Shengxuan realized that Chi Yang was just a cover-up.

Feng Shengxuan glanced at Feng Jiming and asked, "Why don't you kill us? I killed your second uncle."

“If you killed someone, I’ll kill you. Then what’s the difference between us? Feng shengxuan, your father had done many evil things in the past. He killed members of the Flying Eagle Special Forces, which was why my father wanted to arrest your father. Therefore, your father’s death can not be blamed on our Chi family. Because my father also died because of your father.

Although I won’t kill you or your mother, you’ll spend the rest of your lives in prison. This will be the greatest punishment for you.”

The f * cking greatest punishment?!

Feng Luan was almost angered to death by Chi Yang.

They had finally caught the King of KE, but the key was that King’s father had killed his own father and his mother had killed his second uncle. He was going to let Feng shengxuan go without any video evidence? Send him to prison?

feng kun could not accept this result.

He didn’t understand why Chi Yang didn’t want to take revenge when his father’s death was right in front of him.

even so, chi yang still didn’t kill feng shengxuan and feng jian. didn’t that mean he would never be able to wait for chi yang to kill feng shengxuan?

Feng Luan’s eyes instantly turned from excitement to extreme coldness.

It seemed like he had to let Feng shengxuan kill Chi Yang!

However, Feng shengxuan was no match for Chi Yang.

Chapter 3202

3202 Feng Kun takes action (4)

there was no other way. feng luan, who originally didn’t intend to show up, was finally forced to make a move.

He was probably the only one who could be Chi Yang’s opponent now.

he really didn’t expect that on this planet without any spiritual energy, chi yang could actually grow to such a height.

Feng Luan slowly approached and suddenly appeared when she was close enough to Chi Yang.

A huge wave of energy instantly rushed towards Chi Yang.

Even Chi Yang didn’t possess such terrifying strength.

Feng Luan was confident that her sudden attack would be able to severely injure Chi Yang.

After Chi Yang was seriously injured, Feng shengxuan would be able to kill him before the people from Feiying arrived.

he had sensed that there were indeed people surrounding the foot of the mountain.

However, Chi Yang must have thought highly of himself. He must have thought that with his current strength, Feng shengxuan would not be able to defeat him. That was why he had underestimated his enemy, which had led to Chi zeyao's death.

At the same time, it was also because he had underestimated his opponent that he had given up on his defense before his opponent had even come up, giving him the opportunity to attack.

He was still too inexperienced!

Feng Luan's palm landed on Chi Yang's body without any mercy.

After all, with Chi Yang's current strength, if he didn't use 70 – 80% of his strength, he probably wouldn't be able to seriously injure him.

Since you want to get rid of Chi Yang quickly, you have to hit him in one shot.

"Bang!"

Feng Luan suddenly appeared and struck Chi Yang with her palm.

However, after the palm hit, a blue circle of light appeared on Chi Yang's body.

On the other hand, Feng Luan felt as if she had hit a spring when she punched the other party with 70 – 80% of her strength. The amount of strength he used was the same amount of strength the other party used to send him flying.

feng luan did not expect to be sent flying at all. therefore, at the moment he was sent flying, he was still in a state of confusion.

After flying for a few meters, he finally stabilized his body in shock. With a 360-degree turn, he flew back to Chi Yang and began to attack again.

However, this time, Chi Yang was prepared. When he threw a punch, Chi Yang also threw a punch at him.

Feng Luan was secretly shocked that Chi Yang's strength had almost caught up to his, but she was also secretly glad that Feng shengxuan had finally made his move. Otherwise, after a while, not only would Feng shengxuan not be able to kill Chi Yang, even he wouldn't be able to.

As the male lead, the bug on Chi Yang's body was indeed very powerful.

However, when the two fists collided, no matter how strong Chi Yang was, he was still no match for him.

A huge shock wave, even bigger than the previous one, directly shook everyone around.

Feng shengxuan had special abilities, so Feng Su didn't have to protect him. As for the others, Feng Luan didn't need to protect them. Therefore, when her fist collided with Chi Yang's, Feng Luan was so focused on seriously injuring him that she didn't realize that those who were knocked away were all fine.

Only he himself was truly injured.

Although he had heard that Feng Luan was very powerful and his second uncle had told them not to underestimate her, both he and Feng shengxuan thought that their strength had reached a level that no one could predict. It should not be a problem for them to deal with Feng Luan.

But now that Chi Yang and Feng Luan had completely clashed, he was shocked to find that although Feng Luan always looked like she was on the verge of death and was very weak, she was really very strong.

Chapter 3203

3203 Seriously injuring Chi Yang (5)

Chi Yang's entire body was sent flying backwards, and he only managed to stabilize his flying body after he smashed into a small mountain rock behind him.

Seeing this, Rennes immediately fired a shot at Chi Yang's heart. However, the bullet was caught by Feng Luan.

Rennes's shot was impressive. As soon as he fired, Xiao shenbin, who was against his head, fired a shot at his head without hesitation.

However, Winnie, who was still holding Xiao shenbin's head, did not shoot. At this moment, fengtan shouted angrily, " "No one is allowed to shoot!"

Wayne just happened to hear this and obediently stopped.

Seeing that Wayne didn't shoot, and since Feng Kun gave the order, the others didn't shoot either.

At this moment, Feng Kun felt that his wish of many years was about to be fulfilled. So, whether the others fired or died, it had nothing to do with him. He only wanted the best result ...

feng shengxuan had killed chi yang.

The other option was for Chi Yang to kill Feng shengxuan.

He had already tried it earlier, and Chi Yang would not kill Feng shengxuan.

So, he would let Feng shengxuan kill Chi Yang now!

Until now, Feng Luan still didn't realize why Feng jimian and the others, who were closer to him, weren't injured at all when he used all his strength in his palm against Chi Yang.

He also didn't know why Xiao shenbin shot Ryan in one shot, causing Ryan to die in a pool of blood. However, Wayne clearly pointed the gun at Xiao shenbin's head, but he didn't kill Xiao shenbin the moment he opened fire.

He also didn't notice why Chi Yang's subordinates didn't come up to fight him when their Supreme Commander fell.

Feng Luan had thought that they had been stunned by her strength. After all, in the past, no one dared to speak or do anything when he was around.

Not even enemies.

Therefore, all his thoughts were now on the heavily injured Feng shengxuan, who was sitting there limply.

At this moment, Feng Luan was like a loving father. She looked at Feng shengxuan with love and indulgence. There was also a trace of helplessness and joy.

He walked up to Feng shengxuan and took out a dagger. He knelt down in front of him and asked with concern, " "Little Xuan, are you alright?"

Feng shengxuan's gaze on Feng Luan was full of meaning. This undying old monster was actually so strong?

However, in Feng Luan's eyes, Feng shengxuan's gaze was a look of gratitude.

she was deeply grateful to him.

Hence, Feng Luan looked at Feng shengxuan with even more kindness.

Feng shengxuan shook his head and said, " "I'm fine. I didn't expect Big Uncle to be this strong."

Feng Tan laughed. Didn't I tell you? I'm not interested in KE. If I was really interested, I would have been the one to lead KE after your grandfather passed away, not your father. I've only cared about family ties in my life. I'm not interested in things like power."

Feng shengxuan laughed coldly in his heart. After watching Feng Luan's performance and Chi Yang's performance, he realized that everyone around him could be the best actors. He was simply lucky to be an International Movie King. If these two were to act, he would probably have nothing to do with Best Actor and Best Supporting Actor.

Seeing that Feng shengxuan was still looking at her, Feng Luan said, " little Xuan, I've been waiting to avenge your father from the beginning.

Chapter 3204

3204 10,000-year-old male supporting role (1)

"Your father is my younger brother, and I raised him like a son. The impact of his death on you is the same as the impact on me. Now, it's time for revenge."

Feng Luan handed the knife to Feng shengxuan, her eyes full of encouragement.

Feng shengxuan took the knife and slowly stood up.

Seeing that he was struggling to even stand, Feng Kun reached out to help him.

After Feng shengxuan stood up, he slowly walked towards Chi Yang.

The entire place fell silent at the sound of his footsteps.

"Chi Yang, do you know why my father wanted to go against your father?"

When Chi Yang didn't reply, Feng shengxuan said, " "Because your grandfather killed my grandfather. And your father killed my father. that's why we're fighting to the death today.

Don't think that I'll thank you for not killing me and my mother just now. after all, imprisoning people like us for our entire lives is the greatest insult to us. Facing your enemy, you have given him the greatest humiliation. Do you think I'm going to give you the greatest respect, or the greatest humiliation and bring you back to imprison?"

Feng Luan's head almost exploded when she heard what Feng shengxuan said.

Feng Luan didn't know that Feng shengxuan and Chi Yang had been toying with her all along. She was afraid that Feng shengxuan wouldn't kill Chi Yang, so she quickly said, " "Little Xuan, this is not cyber country. We've already been surrounded by Eagle's men. You have three minutes at most. Either you avenge your father, and we'll leave after that. You can either come with me now, we can't stay here any longer."

Feng shengxuan smiled. don't worry. I'll leave. But I'll leave after I've settled the matters here."

When Feng Kun heard this, he was happy again.

He thought that Feng shengxuan would kill Chi Yang this time, but who knew that he would be so angry?

He started to chat with Chi Yang again.

"Chi Yang, other than what happened to my father and grandfather, do you know what else I hate you for?"

Chi Yang had a rock pressed against his waist. He had thought that Feng shengxuan would attack as planned, but it seemed like he was going to talk for another three minutes.

Chi Yang had no choice but to reach out and pick up a stone from his back.

panicking from having nothing to knock against his waist, chi yang finally laid down on the ground comfortably and continued to chat with feng shengxuan.

"Nuannuan will never fall in love with you. If she could fall in love with you, she would have fallen in love with you a long time ago. feng shengxuan, you keep saying that you love nuannuan, but have you ever truly felt the way you do? In my opinion, the person you really care about should be Bai Liyue."

"You shut up!" Feng shengxuan was so angry that he wanted to tear Chi Yang into pieces. His hands were shaking, but he just stood there and didn't do anything.

Feng Kun:

Why don't you just kill him?

"kill!"

F * ck! He deserved to be the second place for ten thousand years!

It's already like this! The knife was already in his hand, but he still didn't kill!

what's the f * cking use of just scolding people!

Feng Luan was an old schemer. In order to make these two kill each other, she had spent her entire life's experience. She was also a person who had endured silently to achieve her goal. However, when she saw Feng shengxuan's indecisiveness and indecisiveness, she was so angry that she wanted to vomit blood.

He had watched Feng shengxuan grow up. Although he didn't like Feng shengxuan, he didn't think that Feng shengxuan was an indecisive person.

Chapter 3205

3205 Surprise attack (2)

Therefore, Feng shengxuan was still talking nonsense with Chi Yang even though the Eagle gang had surrounded the entire mountain.

His heart was tired from watching!

Anxious!

not to mention feng su, even chi zeyao and feng jimian, who were already prepared, looked depressed.

Fortunately, the old man helped him to cover up his dark face. otherwise, he would be so angry that he would die.

This kind of fighting style was very discouraging.

Only Chi Yang continued to argue with Feng shengxuan.

"I shut up?" Chi Yang wasn't afraid that Feng Luan would kill him if she didn't like him. He smiled and said, Feng shengxuan, why can't you just look at your own heart? "

"I've always been able to see my heart very clearly. I'm also very clear about who I love."

"Since you've seen it clearly, why didn't you confess to Nuannuan when you liked her? are you afraid of being rejected, or are you afraid of saying something inappropriate?"

"How do you know that I've never confessed?"

"Oh, so you confessed to her but was rejected? and you're still blaming me? It doesn't make sense that if I manage to pursue someone you can't, then the fault lies with me, right?"

Feng Kun:

These two!

Why did he start to reason with her?

"Little Xuan!"

Seeing that Feng shengxuan was about to continue arguing with Chi Yang, Feng Luan couldn't take it anymore and interrupted him,

Feng shengxuan was in the middle of a heated argument with Chi Yang, and he became extremely impatient when Feng Luan called him that.

“why?”

“You’re only Yingluo.”

feng luan was talking to feng shengxuan, and feng shengxuan, who couldn’t afford it, was also falling out with him. but at this moment, chi yang made his move.

He threw the stone in his hand at him.

Chi Yang’s current strength was very different from before, and even Feng Luan had to take him seriously.

and feng luan was surprised to find that his attack just now didn’t cause any fundamental damage to chi yang at all.

This was because the strength of the stone that Chi Yang had thrown at him was actually even greater than the strength of their two fists.

The key is Wufu

He had used all his strength to fight Chi Yang, but he was not injured?

In her shock, Feng Luan turned around to face Chi Yang’s attack with all her might.

Although it was just a stone, and it was the stone he had seen in his hand just now.

However, when he saw it just now, he didn’t think much of it. Even if Chi Yang wanted to do something, he could easily block it.

But now, Chi Yang’s strength was increasing. If he didn’t pay attention to this stone, it was possible that it would pierce through his body and explode through Chi Yang’s special ability.

Just as Feng Su turned around to block Chi Yang’s attack, the indecisive Feng shengxuan made his move.

However, the person he attacked was not Chi Yang, but bi an.

He!

Feng Luan had actually sensed Feng shengxuan’s attack at the first moment. however, he thought that feng shengxuan had attacked him because he had seen chi yang.

However, this thought was immediately dispelled.

It was only at this moment that Feng Kun realized that something was wrong.

Why?

Feng shengxuan’s aura was so powerful?

Although he had reacted at the last moment, causing the dagger to miss the most critical spot, Feng shengxuan still used all his supernatural ability very quickly and accurately to break through Feng SU's defense and stab the dagger through her chest.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3206

3206 Heavenly Thunder and bomb (3)

After stabbing, Chi Yang even used his special ability to twist the dagger in his chest.

"Ah!"

This was no ordinary dagger.

He was afraid that Feng shengxuan and Chi Yang had their own bugs, and even if they killed each other, they wouldn't be able to kill each other. That was why he had taken out the dagger.

However, this dagger with a huge amount of spiritual power barely avoided his back and went through his back, straight into his chest. It even stirred in his chest.

Feng Tan was in so much pain that he used all his strength, sending the two of them flying backward. He himself flew into the air and used his fastest speed to shake the dagger out of his back.

Just as he was about to grasp the dagger in his hand, artillery fire suddenly appeared in the sky, bombarding his body without hesitation.

Feng Luan hurriedly blocked it with her hands.

Just as he was about to reach for his dagger, this sudden barrage of artillery fire came at him, forcing Feng Su to use her strength to resist it.

Before this side could resist, there were more artillery fire coming from the other side.

Third round, fourth round of Suan ni

soon, feng su was caught in a huge explosion in the air.

In order to kill him, Chi Yang and Feng shengxuan had gone all out.

Chi Yang used his special ability to hold the dagger in his hand.

He had felt that there was an inexplicable connection between him and the dagger.

Now that he was holding it in his hand, he felt that the dagger should belong to him.

When Chi Yang held the dagger in his hand, the dagger emitted a dark red light.

Chi Yang raised his eyebrows.

This dagger ...

He wanted it.

Feng Luan was in the air alone as if she was facing a Heavenly Tribulation.

The so-called Heavenly Tribulation was a tribulation that a cultivator had to endure in order to break through the limits of human beings and rise to another limit, breaking the rules of heaven and earth.

Heavenly tribulations were usually used to Resist Lightning.

However, he was resisting a bomb.

Furthermore, it was an extremely powerful bomb.

Feng Su had originally planned to kill the person who was shooting at him or destroy the bomb in the launcher.

However, he realized that these bombs were just like the heavenly Tribulation. They had suddenly appeared from the sky.

It was even more terrifying than the heavenly Tribulation.

This was because when the heavenly Tribulation was about to strike down with lightning, he could at least roughly see where the clouds were gathered. The instant the lightning flashed, he could still determine the direction, and most of the time, he could still avoid it.

But what the hell was this explosion? He couldn't even see where the source was coming from.

Feng Luan felt that if this went on, she would be blown to death soon. At the thought of the two detestable people down there, she endured the pain and flew to a place not far from Chi Yang and Feng shengxuan.

As expected, the explosion stopped when he stood still.

Feng Tan smelled the burnt smell of her own body. Her eyes were red and her face was full of anger.

When Chi Yang and Feng shengxuan attacked at the same time, Chi Yang's bodyguards, Xiao shenbin, and Aiden had already taken care of some of the people from team KE.

Hence, when Feng Luan landed on the ground, she scanned the area in anger and realized that apart from Wei Ni and Feng shengxuan's men of sacrifice, everyone who had a good relationship with her was dead.

This included Rennes, who had fired at Chi Yang earlier-the Deputy Chief Instructor of the ke mercenary group.

However, Yingluo

Wayne was still alive.

Wayne was in charge of hacking and Computer Management.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3207

3207 Jealous (4)

Apart from Wayne, there was also Pang De.

Pound was in charge of the weapons control at the headquarters of the club.

He had tried to beat around the bush with these people before, but he realized that they were all unable to listen to him.

Some of them were even threatened and would rather die than betray him.

He didn't dare to touch Feng shengxuan's people for fear of angering him, so in the end, he persuaded instructor Fu, Rennes, to defect.

Therefore, when Feng shengxuan sent his men to kill Chi Yuancheng, he had asked Rennes to leave some traces of Feng shengxuan no matter what.

Now, Rennes and his men, as well as the people he had planted around Feng Jimian in NS group, were all dead on the ground. However, Feng shengxuan and Feng Jimian's men were still alive. What else did Feng Kun not know?

Chi Yang and Feng shengxuan had started to be together for some reason!

This was like a bolt from the blue for Feng Kun! A shocking attack! A blow to the head!

Right now, Chi Yang and Feng shengxuan had no need to pretend anymore. What was left was for the two of them to work together to destroy the scum.

Therefore, the aura of the two people suddenly expanded.

Seeing that the two of them had already pointed their Spears at him, Feng Luan still couldn't believe the result. She looked at Feng Ji Mian, only to see her sneer and ridicule at him. She looked like she was calling him an idiot!

If Feng Ji Mian was like this, then her killing of Chi Zeyao earlier would be embarrassing.

When Feng Su turned to look at Chi Zeyao, he happened to see Chi Zeyao slowly standing up from the ground.

The few men that Chi Yang had brought with him to protect Chi Zeyao and old man Chi had also torn off their human-skinned masks.

He actually knew all of these people.

One was Ning Wenhao, who should have been transferred to the general Administration of warfare, one was Stephen, who should have been dead, one was the No. 1 hacker, Danqi, and two others, although he had never seen them in person, he had ordered them to be killed. They were Huang Zichu, who could compete with Danqi in Eagle, and his sister, Huang Ziyu, who took care of him full-time.

The remaining two took off their masks and revealed Wufu.

Nangong Nuannuan!

Selina!

"You guys ..."

It was only then that Feng Kun realized that all the dead bodies on the ground were actually his men.

There was no omission.

As for those who were still alive, not a single one of them was his!

“Little Xuan, what do you mean by this? You’re not even going to avenge your father for Nangong Nuannuan?”

with that, feng luan turned to feng jimian angrily.”And you! have you forgotten how your husband died? Now that little Xuan is addicted to a woman, you’re going to indulge him?”

Feng Ji Mian couldn’t be bothered explaining to him and sneered, ” “He’s my son. If I don’t indulge him, do you think I’ll indulge you?”

“You coward!”

Feng Luan had already suffered severe internal injuries, and now, she was so angry at Feng Ji Mian’s words that she couldn’t even catch her breath and directly spat out a mouthful of blood.

this made feng ji mian extremely happy.

If she had known that the bomb wouldn’t be able to kill him, but she could make him so angry that he vomited blood, she should have said more from the beginning.

Hence, Feng Ji Mian asked with concern,”big brother, are you alright?” Xiaoxuan is my son, I’m just speaking the truth!”

It would have been better if she didn’t say it, but once she did, Feng Kun really spat out the mouthful of blood that he had not finished vomiting and was about to swallow back.

[My Sweet Physician Wife Calls The Shots](#)

Chapter 3208

3208 How could you?(1)

This made Nangong Nuannuan’s eyes turn red.

She thought that her mouth was already poisonous to a certain extent when dealing with her enemies, but she didn’t expect that there would be a mountain higher than the mountain.

“Second aunt, you’re amazing!” Nangong Nuannuan’s face was full of admiration.

After all, she was someone who could anger people to death with her words after entering a harmonious society. She didn’t really use her fists to solve problems.

“Second aunt?”

Feng Luan looked at Feng jimian in disbelief and pain. She pointed at Feng jimian, then at Feng shengxuan, her face filled with the anger of being betrayed.

“You two, you two! Have you all forgotten how Feng Ming died?”

There was a strange silence, waiting for Feng Kun to play.

“Little Xuan, all these years, I’ve always felt that although you’re useless in terms of martial strength no matter how I teach you, at least you’re a child who values relationships very much. You once told me that you want your enemies to die the same way your father died. you will have to pay back the pain your enemy has given you a thousand times over. Did I force you to say these words? Or have you forgotten the promise you made to your dead father now that you have a woman?”

Seeing that Feng shengxuan wasn’t going to listen to her, Feng Luan was really furious.

“I know you love Nangong Nuannuan, but she already has Chi Yang and she’s a member of the Chi family. No matter how well you treat her, she no longer belongs to you. most importantly, the person she was married to was chi yang! Your biggest enemy in life! How could you let go of your father’s murderer because of the love that you can never get?”

Feng shengxuan looked at Feng Luan, who was still in pain, and observed his facial expression. He had no intention of answering him.

feng luan realized that her words could no longer stir up feng shengxuan’s emotions. this man’s self-righteous love for nangong nuannuan was to the extent that he would not seek justice for his dead father.

Feng Kun thought he was crazy!

If he had known that this would happen one day, he wouldn’t have tried to hypnotize Feng shengxuan back then. If Feng shengxuan could get together with Baili Yue, he would not have any emotional burden on Nangong Nuannuan even if Chi Yang was killed.

Now, just because he liked Nangong Nuannuan, he was so aggrieved that he could not even take revenge.

Feng shengxuan still didn’t say anything even after she had criticized him like that.

Feng Luan was so angry that her blood was boiling, and she looked at Feng Ji Mian.

At this moment, Feng Ji Mian was walking towards Chi zeyao, and Chi zeyao was walking over to Feng Ji Mian.

“Are you alright?” Feng Ji Mian asked with concern.

After all, the shot she had fired just now was real.

The force of impact was indeed so strong that it sent Chi zeyao flying.

Hence, when she saw Chi zeyao lying in a pool of blood, she was stunned. Even though Chi Yang’s actions had not caused her to be dazed for long, she had always been worried in her heart.

Although he had seen how powerful the Blue Shield was before, this time, he had even modified the color of the shield.

With the blood flowing out and the blocked vital signs, Feng Ji Mian was truly worried.

Even though he had already stood up and walked in front of her, she could not help but worry.

“Don’t worry, I’m fine.”

Chapter 3209

3209 Summoning Feng Ming (2)

Chi zeyao knew that Feng Jimian was worried about him. He reached out to hold her hand and patted it with his other hand, instantly soothing her.

Feng Kun was so angry that his eyes turned red.

“Feng Jimian, you were nothing back then. You were just an illegitimate daughter who was sold to someone else as a child bride. If there was no Feng Ming, would you be able to go to KE? You can become a 3s-level mercenary? you can control the entire NS family with his help? If Feng Ming didn’t help you back then, would you have been able to seize power from your grandfather and father?”

Feng Ming has been devoted to you, but how are you now? How did Nangong Nuan Nuan and the Chi family cast a bewitching spell on you? Why could the two of you, as the closest people to Feng Ming, betray him like this? Feng Ming died with his eyes wide open in the netherworld!”

“you’re the one who can’t die in peace!”

Feng Ji Mian didn’t like to hear these words. Even if her husband was standing in front of her, completely unharmed, she could not help but retort at Feng Tan.

Feng Tan sneered, “Feng Jimian, I’ve always thought that you were with Chi zeyao to confuse him and kill him.” After all this, you’re actually trying to kill me? You woman, Feng Ming must have been blind to fall in love with you!”

“Feng Ming isn’t blind. You’re the one who’s blind. Can’t you tell that our little Xuan and I have always hated you?”

Feng Luan almost spat out a mouthful of blood.

“You hate me, so you don’t even want to take revenge?” Feng Kun was so angry that he stomped his feet and asked, “what did I do wrong to make you all hate me so much?” You hate me so much that you’d rather kill me without even taking revenge?”

After the violent rage, Feng Luan’s entire person instantly became dispirited and extremely sad.

“Feng Ming, did you see that? your wife and child have already betrayed you.”

“Feng Kun, are you done with your acting?” Chi Yang asked.

Because he could see the energy gases in the air that were useful to the human body, Chi Yang could see that Feng Luan had been trying to use these gases to repair her body.

However, ever since he discovered that he could use this gas, how could Chi Yang let Feng Luan have such an opportunity?

Although Feng Luan's body seemed to be able to form a stream of air through the circulation of her body, and then slowly guide the gas from the world into her body, Chi Yang realized that his ability to control objects could easily isolate his body from the energy gas in the air.

So when he found out that Feng Luan was trying to repair it secretly, Chi Yang simply poured in the solar energy that resonated with his second uncle's Chemical Reactor for him.

Chi Yang discovered that solar energy and the human body could indeed form photosynthesis, because Feng Luan's body had indeed recovered a little. Although it wasn't as fast as the rare energy gas, it was still in the process of recovery.

he didn't want to inject solar energy into his body anymore, so he opened his mouth to attract feng kun's attention.

"you've said so much, but shouldn't you give me and feng shengxuan an explanation on how you killed my father and his father? And how did he escape from the two of them? And how did he get from Kamino's border to cyber nation in an instant to report the funeral?"

Chi Yang's question caused Feng Luan's pupils to contract.

Feng Kun had been dead for so many years, and they had never thought that they would discover this secret.

Chapter 3210

3210 You can't say it?(3)

"What's wrong? You can't say it? Didn't you look so sad just now?" Feng shengxuan asked.

Feng Luan ignored Chi Yang and looked at Feng shengxuan, then at Feng jimian. Instead of answering, she asked, "so, the reason why you and your son didn't take revenge was because you felt that I was the one who killed Feng Ming and not chizawa Hao?"

No one responded to his rhetorical question. Everyone looked at him as if he was an idiot.

Feng Kun was even more confident.

They must have found some evidence and asked Feng shengxuan to do a DNA test with the Chi family.

"So, you won't believe anything I say now, right?"

There was still silence. Everyone was watching his performance as if they were watching an animal in the zoo.

Feng Kun could not continue acting. After all, he had never thought of such a situation.

Feng shengxuan, did you do a DNA test with them?"

"It's not easy. you even know about DNA." Feng shengxuan finally spoke. However, it was full of mockery.

The corners of his lips curled up into a beautiful smile. Coupled with the fact that the blood stains had not dried yet, the current him exuded a dark and flirtatious beauty.

The beauty reminded him of the real Feng shengxuan, and his heart skipped a beat.

A bad feeling rose in his heart.

“So, you thought that after the DNA test, you found out that you were a member of the Chi family, so you thought that I killed your father? You think that your father and Chi Yang’s father are in cahoots?”

Feng shengxuan had no intention of answering Feng Luan’s question.

it was strenuous.

however, feng zheng thought that feng shengxuan had tacitly agreed to it, so he started his performance again.

“Then, do you know that your father had a blood transfusion?”

“Feng Kun, do you think I’m a fool?” Stephen couldn’t stand it anymore and couldn’t help but complain.

Feng Luan looked at Feng shengxuan’s top general and finally understood why he was still alive. “It’s not that I’m treating you as fools, but you’re fools to begin with.” you actually chose to believe the words of the enemy of three generations. Feng shengxuan, let me ask you, if your father and Hiroshi chizawa were really brothers, do you think he would make an enemy out of him?”

“That’s why my father joined forces with my uncle to deal with you. Why, do you think that no one saw the real situation?”

“Why did he want to deal with me?” Feng Luan shouted angrily.

“i’m his brother! his own brother!”

“Are you sure?”

“Of course! If I wasn’t his brother, would I have raised him like a father after my father’s death? Let him learn how to fight? To be able to teach him to become such an outstanding person?”

“Why? Shouldn’t you be asking yourself that? That’s right, why did you have to steal my dad when he was just one month old, then raise him like he was half your son, then hypnotize him and provoke his anger to kill my grandfather and uncle? Feng Kun, why don’t you tell me why you’ve been doing so many things?” Feng shengxuan looked at the dagger in Chi Yang’s hand and asked, “You just asked me to use this dagger to kill Chi Yang? If you’re so powerful, wouldn’t it be easy for you to kill Chi Yang when he wasn’t under the protection of my uncle? Why didn’t you do it? Or Yingluo, it’s useless for you to do it?”

Feng Luan’s eyes twitched. His anger, fear, and depression had almost made him unable to maintain his facial expression.
