#### Chapter 3391: (Plot) 105

That was why she believed that Feng shengxuan was Feng yanyue.

This was also the reason why she had a sense of belonging to the heavenly return sect.

As for the details, she would wait for him to come and tell her after Feng Kun's matter was resolved.

She believed that he must have a way to come from glory planet.

Now, she would check on Feng Jiyue's body every day. He would only do his own thing after making sure that there was nothing else.

She also did a great job in taking care of him every day.

At this moment, Baili Yue was holding the ring that she had stolen from Baili Xi. After lying down, she slowly fell asleep.

In the beginning, she thought that she missed Feng shengxuan so much that she kept dreaming about him.

But later on, when she realized that she could think clearly in her dreams, and that everything Feng shengxuan told her in her dreams was true in reality, she knew that Feng shengxuan was completely different from what she knew.

Ever since the hypnosis was lifted, he had become another person.

When Bai Liyue opened her eyes again, she was already in a dark world.

Although this world was dark, there was a light that was on.

The lamp was like a torch, floating in the air, illuminating her surroundings. Not far in front of her, a tall man stood with his hands behind his back.

He only turned around when he sensed her arrival.

He was dressed in a black suit meticulously, which made his tall and straight figure look even more noble and arrogant.

On his slightly bewitching face, his indifferent face was embedded with a pair of eyes that were smiling and doting at her.

His bright eyes were as devilish as a demon. The moment he looked at you, it was as if he could suck her soul into his body.

The moment their eyes met, Baili Yue found that she had been controlled by the other party's face again. The words she wanted to say were stuck in her throat, and she couldn't come back to her senses for a long time.

Feng shengxuan looked at Baili Yue, his eyes filled with a gentle smile that he could not hide.

seven days ago, you told me that the heavenly return sect had a martial arts competition with another sect today. Did they win? ”

Even though she couldn't touch Feng shengxuan and could only see her, Bai Liyue still felt a little shy. She felt that as long as she looked into Feng shengxuan's bottomless eyes, her heart would beat faster.

“Yes, we won,” she nodded.

“Then did you participate?”

“I went up for a match, but it was against the eldest miss of Yunsheng gate.”

feng shengxuan's eyes were spinning as he asked, ” “Yunsheng sect and heavenly return sect are at the same level. Did she hurt you?”

“Why would I?” Bai Liyue revealed a smile that she didn't show to anyone else. It dazzled Feng shengxuan's eyes, and he said, ” “The glasses you gave me are very useful. I also found that the glasses have gained some new information these days. Not only can I observe the opponent's weakness, but I can also deactivate a series of moves according to the opponent's moves. I can also randomly generate one or even several new moves according to the opponent's weakness.”

Looking at Baili Yue's happy eyes, Feng shengxuan felt that all his hard work had not been in vain.

Although she had left with the heavenly return sect, he was still afraid that she would suffer when she returned to Emperor moon. The matters at home had not been settled yet. Feng Kun was not dead yet, so he had to deal with Feng Kun first before coming back.

#### **Chapter 3392:**

“I was the one who added that project.”

“Ah?”

“emperor moon is different from glory planet. although you've taken your weapon with you, you'll still be easily bullied if you can't improve your strength quickly. With this, you can break down their moves. I believe that with your intelligence and ability, you won't be at a disadvantage.”

“So, you mean I'm very smart and capable?” Bai Liyue asked with a smile.

“In my heart, you're the smartest and the most capable,” Feng shengxuan said with a smile.

“Ever since the hypnosis was lifted, you've been less honest than before.”

“i'm telling the truth,” feng shengxuan frowned.

“i'm the smartest and the most capable. what about nuan nuan and chi yang?”

” of course not! ” feng shengxuan was stunned. ” they're not as smart as you, and they're not as capable as you. ” the two of them were very stupid. The reason why he was so powerful was because of his special abilities. You also have an ability, but it's sealed and hasn't been fully used yet. Don't tell me you haven't noticed that your strength is completely different from when you first came back?”

At first, Baili Yue thought that Feng shengxuan was lying to her with his eyes open. She even wanted to ask him if he dared to say such things in front of Nuan Nuan.

In the end, when she heard what he said, Bai Liyue was shocked.

"I've already noticed that I've been improving at a godly speed during this period of time. I found it strange too, because when I was young, before my father died, he did his best to teach me. I spent more time learning than my sister, but I didn't have the quality of her studies. Later on, I found out that it was because my aptitude was not as good as hers. is that why my talent is sealed? who sealed it?"

"It's not that your aptitude is inferior to hers. In fact, your aptitude is much more powerful than hers. It's just that I've sealed it."

"ha?" Bai Liyue felt that she might have heard wrong, " "By who?"

"It's me," he said. Feng shengxuan had no intention of lying to her. "We don't have much time. I won't be able to continue contacting you in three minutes. I've sealed your strength, so I'm afraid that after they know your strength, people from all sides will not let you live until now for the sake of benefits."

With that, Feng shengxuan smiled. "But now that you've accumulated a lot of power, you'll soon realize how powerful you are. As for the rest, just wait for me to come over first. There's at most a month left here before I can get rid of Feng Kun. As long as we deal with him, the rest will be easy to handle."

"Be careful," Bai Liyue nodded.

Feng shengxuan walked to Bai Liyue's side and reached out his non-physical hand to touch her face.

unfortunately, at this moment, he was only a wisp of a soul body, and bai liyue was also a soul body, so she could not touch it.

But even so, Feng shengxuan was still very happy.

"You must remember what I told you before."

Bai Liyue nodded and said,"yes, I remember." I didn't even mention this to the fifth elder."

Feng shengxuan nodded, then reached out his hand. give it to me.

Bai Liyue quickly placed the three interspatial rings in his hand.

Feng shengxuan only took one of them and placed his hand on the ring. The ring glowed with a golden light and then opened.

A very unremarkable thing that looked like a fragment flew out from inside.

That thing was like a broken iron tile.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3393: (Plot) 107**

It was as if something had fallen off. If someone who didn't know what was happening saw this, they would probably think that something in the spatial ring had broken and wouldn't pay attention to it.

However, the first time she had met the Baili family, she had listened to Feng Qinglan's words. Although she was angry with Baili Xi, she didn't want to misunderstand her. After all, she was his biological sister.

So, after they left, she got a few mini trackers to follow the Baili family, especially Baili Xi and Baili Ren.

Baili Ren had always been a profit-oriented person, so after secretly taking photos for so many days, he did not manage to find out anything useful.

Instead, it was Baili Xi.

"This is what I discovered by accident." Her name is in the center of the red side," Bai Liyue said to Feng Shengxuan. The name of the Wei family's legitimate son, Wei Yunsheng, is also on the red side. Last night, I even saw her add the name of the young master of the Flowing Cloud Sect, Qin Luo, on it. Today, Qin Luo had been very good to her. He even looked as if he had taken a fancy to her.

On the black side, I realized that I was in the center while she had written Qin Fang and Yun Miaomiao's names on it. When I went out in the morning, I asked the fifth elder about the basic situation of these two people. I suspect that the reason why the two of them are so against me, especially because Yun Miaomiao's name is the closest to my name, is because of this thing."

At this moment, Feng Shengxuan's face had turned completely cold.

"This is called a desire spirit."

Baili Yue looked at him in confusion, indicating that she had never heard of it.

"In short, it's a good thing."

Feng Shengxuan walked to Bai Liyue's side and said, "Don't move,"

Bai Liyue didn't move.

"It's a little painful, bear with it."

Feng Shengxuan raised his hand and touched her forehead. Suddenly, he felt a sharp pain in his forehead.

However, the pain only lasted for a moment.

After that, she saw a drop of blood slowly fly down from her forehead and cover the lustful spirit.

Yu Ling was about to emit a dark red light when she was covered by Feng Shengxuan's golden light. Then, she was covered by her blood without any struggle.

After that, Bai Liyue saw that the inside of the fragment had turned into a crystal ball.

One side of the crystal ball was red and the other side was black. The moment the blood seeped into the crystal ball, Bai Liyue felt that she had established a connection with it.

There was almost no need to explain. She already knew how to use the crystal ball, or more accurately, the lustful spirit.

“The lustful spirit will be yours from now on. You can use it however you want. With the desire spirit by your side, I’ll be more at ease.”

“Who invented the lustful spirit? How can he be so powerful?”

“that’s a fragment left behind by the ancient divine realm. It wasn’t created by anyone. I’ve used the power of the fragment to open up a space in your divine sense. This space is portable. In order to prevent others from coveting it, you can put the fragment in your spiritual space.”

Feng shengxuan’s body started to fade after he finished speaking. Bai Liyue wanted to say something, but he said, ” “take good care of yourself. wait for me for another month.”

Bai Liyue knew that they were going to be separated again. She was reluctant, but she quickly nodded.

“I’ll take good care of myself. You guys be careful too. Feng Kun is very cunning.”

Feng shengxuan’s eyes were also filled with reluctance. yes, we’ll all be careful.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3394: (Plot) 108**

Feng shengxuan’s figure gradually faded away, and the only thing left in the entire space was that torch-like light.

Soon, with Feng shengxuan’s departure, the light disappeared, and Bai Liyue left the dream.

What she didn’t know was that while she was in bed and dreaming, Feng Jiyue’s body had been glowing and constantly transferring her power into her body.

The power that was sealed in her body gradually disappeared.

After Bai Liyue woke up, she found that her hand was empty.

He recalled the deified soul space that Feng shengxuan had opened up for him in his dream. He then remembered that he had forgotten to ask how to use it.

However, it was only at that moment when she thought about the space of the deified soul that Bai Liyue used her consciousness to see the things inside the space.

There was a lustful Spirit Shard, three space rings that he had stolen from Bai Lixi, and a contact lens case.

What was this thing?

bai liyue took out the contact lens case and opened it. it was feng shengxuan’s handwriting.

[ you should wear your glasses. When you go out, wear contact lenses to avoid suspicion. Contact lenses are used in the same way as frame glasses. ]

It was only two short sentences, but it made Bai Liyue feel very warm in her heart.

there was no name at the end, only a heart.

Bai Liyue’s lips couldn’t help but curve up.

after putting the contact lens into her space, baili yue took out lustful spirit.

The lustful spirit was now hers. After she covered it with her blood, she already knew how to use it.

only one person could be written on the name in the middle. on the red side, write the name of the man suitable for marriage, and the other party would love you to death. If you wrote the name of a man or woman who was much older than you, the other party would treat you as a junior, or even love you like a daughter. If you wrote a female of the same generation, the other party would treat you as a very good sister.

On the contrary, put the name you wrote in the center of the black side and write someone else's name next to it. A man of your age will hate you out of love, or directly want to destroy you. As for the remaining men, women, old, and young, even if they had to fight to the death, they would still think of ways to kill you.

However, you could only fill in one character at the center and two characters at the side. Moreover, the energy emitted by these two was different.

Those who were closer to the center were affected more. In order to achieve the best effect, the central figure must interact with the two people around her more than seven times to achieve the perfect effect.

At this moment, the name 'Baili Xi' was written in the middle of the red fragment. Next to her were Qin Luo and Wei Yunsheng's names, with Qin Luo's name in front. Bai Liyue understood.

The reason why Wei Yunsheng loved her so much was related to the number of times they had met since they were young. Since her mother, Liu susu, had married into the Wei family and became their concubine, Baili Xi would have more time to stay with the Wei family. Naturally, Wei Yunsheng would be affected more.

Qin Luo was the young master of the flowing cloud sect. Although Bai Lixi was the legitimate daughter, she had lost favor with the young master, so she had very few opportunities to see him.

It was said that Qin Luo was a very fickle person, and he only wanted to inherit the flowing cloud sect and carry it forward.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3395: (Plot) 109**

He rarely went out to attend gatherings. Even Baili Ren rarely saw him in person, let alone Baili Xi.

Therefore, Qin Luo's name had just been added by Baili Yue when she saw her.

Last night, she had moved Wei Yunsheng's name from the first to the second and then added Qin Luo's.

On the black side, Baili Yue had originally seen Feng Luan, who was the second elder, and Baili Ren, written on it.

It was written after she went to the heavenly return sect for a few days and fainted. However, last night, she changed the names on the card to Yun Miaomiao and Qin Fang.

Therefore, she went out as soon as possible and asked the fifth elder about the situation of these two people.

A cold and mocking smile appeared on Baili Yue's lips.

She could only blame herself for being too young to see Baili Xi's true colors.

But then again ...

He was still the stupid one!

After all, Baili Xi was her sister. As an elder sister, she actually couldn't win against her younger sister. The point was that her aptitude had been sealed at that time, and she was only an S-Class, while Baili Xi was a 3S-Class. Why did she have to be that old hen?

For her, he was willing to give up Emperor moon and go to glory planet. Not only did he work for her for 13 years, but he also came back to marry someone else for her.

Bai Liyue felt that the word "stupid" was not enough to describe herself.

But fortunately, she was also God's favorite.

Even though she seemed to have chosen the worst path, she met the best friend of her life on glory planet, a friend who she could trust with her back anytime and anywhere without any doubt.

He even ran into Feng shengxuan.

Therefore, misfortune might be a blessing, and fortune might be a disaster.

Who said that it was a bad thing for her to leave Emperor moon for Baili Xi?

The reason why it was called a lustful spirit was because this shard left behind by the ancient God race could satisfy a person's desires.

To put it bluntly, as long as this shard was used well, it could play a rather terrifying role.

Only an idiot like Baili Xi, who could only see the immediate benefits, would use such a precious fragment for such a thing.

Bai Liyue waved her hand, and all the names on the crystal at the bottom of the desire spirit disappeared.

It wasn't that she was letting Baili Xi off, but without the lustful spirit, Baili Xi's pretentiousness would eventually lead to her own death.

Baili Xi did not deserve to be called her enemy.

As an older sister who was related by blood, she was doing the same thing as Nuannuan. He wouldn't mess with her and leave her to her own devices.

As for Baili Xi's side, he was already extremely depressed, and now he was even more upset.

Originally, when she came back, she was afraid that the fire was not strong enough, so she was going to erase Qin Fang's name and then add the name of Yun Tianyu, the head of Yunsheng sect.

In this way, the cloud sky sect would fight with Bai Liyue to the death. If the heavenly returning sect dared to meddle in other people's business, then the high and mighty heavenly returning sect would definitely have a fierce battle with Yunsheng sect.

By then, both sects would suffer heavy losses, and the one who could take the opportunity to step onto the stage would be the flowing cloud sect.

The sect master of the flowing cloud sect only had one son, and Qin Luo's mother had died early. A marriage without an evil mother-in-law interfering was definitely a happy one.

As for sect leader Qin Feng, Baili Xi was not afraid of him at all. Now that she had met Qin Luo, she had successfully made him see her and have a good impression of her.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3396:**

She believed that the other party would definitely meet her again in the shortest time possible.

as long as her relationship with qin luo was stable, she could erase wei yunsheng's name and add qin feng's name in. This way, her husband and father-in-law would like her, and she would be able to gain a firm foothold in the flowing cloud sect in the future.

Baili Xi was very proud of his progress.

The lustful spirit was a treasure that she had accidentally picked up in a cave when she was playing hide-and-seek with her sister when she was young. At that time, she only thought that this thing looked good on the inside, but when she came out of the cave, she accidentally cut her palm and got blood on the lustful spirit. Only then did she know that this thing actually had such a use.

it was also that day that she received the news of her father's death.

After his father's death, his two uncles 'ugly faces were revealed.

She was afraid that everything she had would turn into nothing, so she wrote her name in the middle of the red crystal, and then wrote the names of Baili Ren and Baili Yue on the side.

After that, both her grandfather and sister treated her very well. However, her grandfather didn't like her sister. He despised her in all sorts of ways. From her grandfather's reaction, she could tell that he was an extremely snobbish person.

After his sister left, the two uncles 'wild ambitions became even more obvious.

Only one person's name could be written in the center of the black crystal, so he wrote the name of his second uncle's son, who was also a Grade 3S cousin, in the center of the black crystal. Then, he wrote about the sect leader of another sect that was not on good terms with the Baili family.

Her cousin was very lucky and dodged the disaster several times, but in the end, he couldn't win against her, who added another person's name on the black crystal. Even with the double protection of her grandfather and second uncle, her cousin still died three years later.

After that, she used this method to get rid of the other two 3s-level cousins of the Baili family, leaving only a third-rate cousin who was born of a concubine.

Then, he used the same method to obtain Wei Yunsheng's protection.

In order for Wei Yunsheng to have a unique right of inheritance, he also helped him get rid of a few other ambitious sons of the Wei family.

Now, she had gained a firm foothold through Wei Yunsheng. Just as she was about to use the Baili family and the Wei family as a springboard to develop in the flowing cloud sect, her sister, Baili Yue, came back.

she thought she would have one more brainless helper.

Who knew that Bai Liyue seemed to have changed into a different person, completely not caring about her life or death.

She had thought that she could use Baili Yue's hands to meddle with the heavenly return sect, but since Baili Yue didn't care about her, she couldn't blame her for being ruthless.

In fact, she could write Baili Yue's name on the red crystal, so that Baili Yue would like her and help her unconditionally. She could also get what she wanted in the heavenly return sect.

But why should she let Bai Liyue take advantage of her?

She had originally thought that if she married into the heavenly return sect, she would have one more helper, so she had asked Baili Yue to come back. However, not only did Feng Qinglan not thank her, but she also completely ignored her after hearing what Feng Qinglan said.

So, if she was unkind, then don't blame her for being unkind.

Anyway, Feng Jiyue was in a vegetative state, so it didn't matter who she looked for. Baili Yue had died, but the Baili family still had so many people.

Baili Xi thought that she had already given Baili Yue many chances. In order to regain her sisterly affection with her sister, she had even directly collapsed. But she still didn't even look at her.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3397:**

then, her relationship with baili yue would be cut off.

Since he couldn't use her and still blocked her way, he couldn't blame her for being cruel.

after returning to the baili family, baili xi planned to erase qin fang's image from the black crystal and add yun tianyu, the leader of yunsheng sect, to it.

Who knew that a terrifying thing that she had never expected would happen.

"Miss Xi, why have you returned? Didn't old master tell you yesterday not to come back before miss Yue has a change of heart?"

Seeing that there was nothing left where he had hidden the spatial ring, Baili Xi turned around and slapped the maid. The slap was merciless and sent the maid flying.

The maidservant did not have any cultivation aptitude and was just an ordinary person. How could she withstand such a slap?

Before he could come back to his senses, Baili Xi lifted him up by the collar and almost screamed, "Who's in my room?"

"....."

"I'm asking you, who entered my room just now?"

Baili Xi almost screamed as she asked, a complete change from her usual gentle and pleasant image.

After the servant came back to his senses, he was shocked and kept shaking his head. "No Zhenzhen, no Zhenzhen, no one has come in."

"How is that possible?" no one has come in, " Baili Xi shrieked. why did I lose my things? " Why? It was you, wasn't it? I said no one is allowed to enter my bedroom, did you go in? Did you steal my things?"

"No Yingluo, I don't have Yingluo."

"Give it back to me! Give it back to me! Give it back to me!"

"What are you doing?"

Just as Baili Xi was about to strangle the maidservant to death, Baili Shi heard a scream and rushed over. He scolded her sternly, and only then did Baili Xi stop.

However, the moment Baili Xi raised her head, Baili Shi saw the strong murderous intent in her eyes.

"it's you, yingluo. it's you, right?" the hatred in baili xi's eyes had already turned into substance and was overflowing.

It must be Baili Shi!

He had always felt that his grandfather had given her a lot of resources, and even he, as his son, was jealous. So, he took advantage of the fact that his grandfather no longer liked her and used his convenience to instigate a servant girl to steal things from her room.

"What are you saying? What's wrong with me?"

Seeing that Baili Shi was still pretending to be a pen holder, Baili Xi was so angry that he almost died. He stood up, walked to him, and reached out his hand. He said angrily, " "Give me back my things!"

Baili Shi was dumbfounded. what is it? "

"Second uncle, you and third uncle have always been jealous that I have more resources than you, so you two don't like me. I know that. However, you're the future heir of the Baili family. Don't you think that stealing your niece's things is very shameless and underhanded?"

"Pa-"

With a loud slap, Baili Shi sent Baili Xi flying.

“You’re simply impudent! Don’t think that just because your grandfather dotes on you, you can be unscrupulous. I’m your second uncle, so I hope that you have a basic Code of Conduct when you speak and do things. Don’t really become a piece of trash that has no mother to raise you.”

“What’s wrong, second brother?”

At this moment, Baili Yu heard the noise and rushed over with the old man.

“I don’t know what’s wrong with this stupid girl, saying that I stole her things,” Baili Shi said with an unlucky face. Why don’t you tell me what I stole from you?”

“You stole three of my space rings!” Baili Xi said angrily.

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3398:**

“What? Three interspatial rings?” Baili Xi, the Baili family seemed to have only given you one space ring, right? Where did you get the three?”

Baili Xi was so angry that tears rolled down her cheeks when she saw that she was going to make a false accusation.

She knew that after Baili Ren’s name was erased from the crystal, the good treatment she had for her would soon disappear, but she still held on to a trace of hope and cried to Baili Ren, “Grandpa, you know that I’m very close to big brother Wei. Those three interspatial rings were given to me by big brother Wei. I usually only wear One Ring on my finger, but I was afraid that it would be stolen, so I hid the three rings under a wooden board under the bed. However, when I came back today, I found that the bottom of the wooden board was empty. Everything was still there when I came back last night. In the end, when I just started interrogating that maidservant, second uncle came out. It must be second uncle who stole my things. Grandpa, there’s something left behind by my father in there. It’s the only thing I miss. I beg you, on account of my father’s great contribution to the Baili family, please ask second uncle to return the things to me.”

“Baili Xi, don’t you understand the principle of catching a thief and catching the stolen goods? Did you see me steal your things or what? Why are you biting people like wild dogs outside? Are you crazy?”

Baili Ren, on the other hand, felt the importance of the things that Baili Xi had lost. “What’s in there?”

Baili Xi’s heart skipped a beat, and he quickly said, “there’s some of my father’s belongings in the Yingluo inside. There are things that I’ve kept since I was young. There’s also a gift from Yingluo and big brother Wei.

“What else?” Baili Ren asked.

“There’s nothing else,”

“Then I’m afraid you won’t be able to get it back.”

“I said! I’ll talk!” Baili Xi looked at old man Baili and said, “But I can only tell Grandpa.”

Baili Ren gave her a look, and Baili Xi quickly stood up and whispered to Baili Ren, "There's a secret art of the Wei clan inside."

"What?" Baili Ren's pupils suddenly shrank.

"but there's none now," baili xi said, feeling aggrieved.

baili ren looked at baili shi and ordered, "Good-for-nothing! Take it out!"

Baili Shi was on the verge of tears. He raised his voice from the injustice, "I really didn't steal her things! If I want to steal something, it should be yours. What does she have for me to steal?"

Baili Ren saw that Baili Shi did not seem to be lying, so he turned to the maid and ordered, "Beat her up until she tells us where the thing is."

Baili Xi glared at the maidservant, his eyes filled with poison, as if he could not wait to swallow her alive.

However, no one believed the maid even though she cried and shouted.

The board fell again and again, and the maid's voice went from loud to soft until it completely stopped, but she still couldn't say where the stolen ring was.

There were two maids and a guard in Baili Xi's courtyard. To put it bluntly, they were people who had poor qualifications and lost in the competition for disciples. Baili Ren did not even blink as he ordered his men to torture the two of them.

Even when they were beaten to death, the three of them still couldn't tell him where the ring was.

"Dad, aren't you a little too much?" said Baili Shi. You actually beat someone to death for Baili Xi, this traitor? If this gets out, who would be willing to come to our Baili family in the future?"

### [My Sweet Physician Wife Calls The Shots](#)

#### **Chapter 3399:**

Baili Ren looked at the people around him and said, "There are only a few outsiders here. If anyone dares to reveal what happened today, you will end up like them."

Having been by Baili Ren's side for a long time, everyone knew what kind of character he had, so they all lowered their heads and agreed.

Seeing that the servants were so tight-lipped, Baili Xi did not doubt that they had not stolen anything. Instead, he was even more convinced that the thing was with Baili Shi.

Just as she was about to speak, Baili Ren gave her a tight slap across the face.

"Don't blame others if you don't pick up your own things and lose them."

In fact, Baili Ren had thought it through very clearly. This family would be handed over to Baili Shi sooner or later. If Baili Shi took the secret manual, it would be a good thing for him to combine the essence of the Baili family and the Wei family to strengthen the Baili family's strength.

That's why he beat the three people who might have stolen to death.

Either he obtained the secret manual, or no one in the world could prove that Baili Shi had stolen anything.

Baili Xi also understood Baili Ren's thoughts in an instant.

It was as if all the energy in her body had been sucked out. She looked at the three selfish men in front of her in despair.

Finally, Baili Xi lowered his head.

"second uncle, please, please give me back my ring, okay? I swear, I'll open the ring in front of you and take out what I want. I'll give you the rest of the spirit stones and the martial arts manual. Also, Qianqian, from now on, I'll give you my share of spirit stones, okay?"

Baili Yu's eyes darkened as he looked at Baili Shi and said, "What did you take from her? You can return it to her."

Baili Shi was so angry that he laughed. He explained that he had never taken anything from Baili Xi.

Bai Liyue looked coldly at Bai Lixi, who had finally fallen into despair. She turned off the video link and went down the mountain to the training ground on the main peak.

It was almost time for the ancient ruins to open, and it was said that there would be a great fortune in every ancient ruin.

Although she didn't know what the good fortune was, Bai Liyue felt that she might be able to get something unexpected if she went in.

He had nothing to do anyway.

The so-called ruins were said to have been left behind from ancient times. Normally, no one could enter, but after a God had been buried underground for a long time, the spirit Qi or resentment inside would reach a certain level, and it would emit an aura to let people know.

However, the remains had a strong sense of territory. The powerful spiritual energy prevented martial artists stronger than themselves from entering, and only the weak were allowed to enter.

Although it was very likely for the weak to die inside and be swallowed by the ruins, all the Warriors were willing to enter the ruins.

This was because many ordinary people had obtained treasures or great fortunes after entering the ruins, and they had been reborn.

Emperor moon planet was a planet where the strong were respected, and this strong person was said to be a strong person.

Therefore, when the ruins appeared, those who had the ability and the qualifications to enter but didn't would be laughed at instead.

She was still young, but her martial arts had reached a high level among the inner disciples of the heavenly return sect, so she was even more determined to give it a try.

Bai Liyue was also very fond of such adventures.

Therefore, for more than half a month, Baili Yue's entire body and mind were immersed in martial arts practice, constantly helping the fifth elder to correct the shortcomings of the inner sect's Heart Sutras and moves, and then constantly breaking through and updating them in the continuous practice.

#### **Chapter 3400:**

Among the group of inner sect disciples, Bai Liyue, the young mistress, had become a walking bug in the reconnaissance plane. If she wasn't the young Madam, everyone would have called her Senior Sister.

Bai Liyue also enjoyed the feeling of gradually becoming a strong person and exploring another peak.

Although she didn't know why Feng shengxuan had sealed her power right after she was born, she could feel that her spiritual power was growing at an abnormal rate now that the seal had been broken.

In order not to make people suspicious, she usually hid her spiritual power when she was exposed to the outside world. She only displayed the advantages of her moves and internal strength.

Even so, it had already shocked the high-level disciples of the heavenly return sect.

In the past half a month of cultivation, someone had reported that Baili Xi had come to see her three times. But she didn't see her.

In the blink of an eye, it was time for the Qin city ruins to open.

Although the four elders "unfathomable martial arts and their ages that they were unwilling to reveal made it clear that the four of them were not qualified to enter the ruins, the four of them still went.

bai liyue had heard that after the remains were opened, everyone would know how many years old and under people could enter.

The older the person who was put in, the larger the remains, the more spiritual energy or resentment there were, and the more treasures there were. But at the same time, it also meant that the danger was greater.

Therefore, the elders needed to use their experience and knowledge over the years to assign the disciples to enter the ruins.

This time, when Bai Liyue went out, the heavenly return sect didn't make a big fuss, but everyone ran.

When they first came back, it was very difficult for Bai Liyue, fifth elder, and Mingyue to keep up, and she could feel that the other party was waiting for her.

But this time, she, the elders, Ming Yue and Qing Feng were at the front of the group, waiting for the disciples behind them.

The second elder saw that Bai Liyue's speed had increased again, and he couldn't help but praise, "young Madam, you're so young and promising. You've improved so much in just a few months.

“it’s all thanks to fifth elder,” bai liyue said with a smile.

The fifth elder chuckled and said, “no, no, no. It’s all because of young Madam. It has nothing to do with me. I have to thank young Madam!” in the past, the young master helped us point out the flaws in the cultivation techniques and moves that they created. now, it’s the young madam who is helping us point out the flaws. the young madam and the young master are indeed a match made in heaven. Hahahaha!”

The few elders also laughed happily.

just as they were waiting for the disciples behind them, the baili family came from another direction.

“Yue ‘er!”

Baili Ren acted as if he had never been on bad terms with Baili Yue. He had inquired about the departure time of the heavenly return sect and had come here to meet them.

It was said that one should not slap a smiling person. Baili Ren’s face was warm, so Baili Yue naturally had no intention of slapping his face.

With the Baili family, she had always minded her own business. There was no love or hate.

Baili Ren was the strongest and was the first to arrive, followed by the elders of the Baili family.

“Greetings, second elder, fifth elder, sixth elder, and eighth elder!”

As for Baili Ren, the elders only nodded their heads like Baili Yue.

“Everyone is also going to the Qin city ruins, right? Why don’t we go together?” Baili Ren asked for the second elder’s opinion.

“We’ll do as you say, young Madam,” the second elder said.
