

After all, the goddess needs the help of the boss, knowing that the boss is her own, um...

Ooh~

Still so uncomfortable...

Keng Keng!

Knocked on the door, but there was no response inside.

Pushing open a gap and looking at it, the room was empty.

Faced with the look of the two people's expectation, Qin Yu helplessly stretched his hands: "If no one is there, it should be time to prepare."

"Brother Yu, take us to take a look!" Shen Dong said in a low mood: "The goddess is gone, it's okay to take a look!"

What reason does Brother Yu have to refuse such a simple request?

I asked a few staff members and finally found a place for the rice rehearsal.

She will be on stage at this time and is making final preparations.

It can be learned that Qin Yu brought friends to see him, and he is still a fan.

Rice still took time to take photos with the two, and signed his name by the way.

Thanks to the power of technology...

"Sister Mi, come on," Yan Er said.

"Sister-in-law, come on." Shen Dong pursed his mouth, and his clenched fists drooped down.

"Cough..." Qin Yu coughed unnaturally in response to Rice's weird smile: "Don't yell."

Seeing rice walking towards the stage, Shen Dong thoughtfully lowered his voice: "Brother Yu, are you an underground romance?"

"What kind of relationship is pure..." Qin Yu searched his head and found a suitable adjective: "Business dealings, understand?"

Shen Dong looked dazed, his dazed pupils gradually sluggish.

But he nodded mechanically, and said in a suddenly realized tone: "Oh, that's how it is."

"You two stay here, I'll go ahead and have a look." Qin Yu grabbed the camera and walked to the stage.

Only Yan Er and Shen Dong, who were full of slurred brains, remained in place.

"Do you understand?" Yan Er was blank.

Meeting his gaze, Shen Dong shook his head and nodded again: "Don't ask...Anyway, I understand."

"Oh, I understand..." Yan Er nodded clearly.

Don't ask, just ask!

Yan Er suddenly thought of a question: "Rice is...business, then you say Anadi..."

Shen Dong stubbornly shook his head, and desperately covered his mouth and shook his head to keep himself silent.

The moan of 'oooo' under his palm was his last stubbornness.

It was noon, and the appearance of rice caused a great sensation on the scene.

At the same time, also take this to announce to the fans.

In the future, she will occasionally meet with fans on the Douya platform by means of live broadcast.

Of course, this is just a means of propaganda.

In order to get rice to agree with this 'line,' Douya paid two million 'advertising fees.'

The same 'lines' Anadi also has a sentence, and the price is slightly lower.

Only 1.5 million.

It's not that her popularity is worse than that of rice, or that her fan base is not enough.

Just take two million for the rice as the boss.

And you and the boss are also two million on the same stage, which is simply not suitable!

Although there are no explicit rules for such unspoken workplace rules, everyone will follow them unconsciously.

Fans and servants in the audience shouted the name of the rice, while Qin Yu looked for a suitable angle to take the photo.

Yan Er and Shen Dong, who looked out from the backstage, did not have any excitement or excitement in their expressions.

Some have vicissitudes of life and tired faces.

The goddess has seen it, but it has been stamped by the eldest brother...

pleasure?

No more, no more.

Rice participated in the event for only 25 minutes. After participating in a small event, she waved goodbye to the fans.

Fans are naturally unwilling, but it quickly turned into a wave of carnivals.

"Di Fat, Di Fat, Di Fat..."

Hearing the crowds of cheers behind him, the rice entering the backstage took a deep breath, nodded to Yan Er and Shen Dong with a smile, and walked quickly to the lounge.

Looking at her back walking away quickly, Yan Er and Shen Dong looked at each other: "Would you like to tell Brother Yu?"

"I think... this kind of thing is better not to be mixed up." If Yan Er remembers correctly, there seems to be a sister-in-law at the scene.

Or the representative of 'business dealing'...

"Don't mix up with anything?" Qin Yu, who came back, just heard what Yan Er said, and looked around and said, "Where is the rice?"

"Uh... over there, it should be back to the dressing room." Shen Dong raised his hand and pointed.

"...I'll take a look." Taking off the camera and giving it to Yan Er, Qin Yu walked forward: "Second brother, remember to take a few more photos, maybe you can use it later."

"Good!" Yan Er responded.

There was no one left or right in front of the dressing room, so Qin Yu pushed the door directly and walked in.

The room was quiet, rice was sitting in a daze in front of the makeup mirror.

Hearing the sound of the door opening behind him, his eyes returned to focus, and he looked at him through the reflection in the mirror: "Why are you here."

Qin Yu closed the door and stood behind her, gently kneading with her hands on her shoulders: "In a bad mood?"

Rice squeezed a reluctant smile: "Nothing, I just thought... I'm not young anymore."

"Who said that?" Qin Yu's face sank, and said: "Look for yourself, take a good look."

Qin Yu pointed to the mirror and said with a serious face: "This is not just an 18-year-old girl, who can't tell?"

Puff~

The rice was amused by him, this little man really dare to say.

"Don't talk about your peers, there are few people who are younger than you... Sister Mi, leave a way for others to survive!"

"Just your mouth can say..." With a coquettish gesture, Rice said angrily: "You men, you know that you like the new and dislike the old."

Brother Yu disagreed with this, and immediately retorted: "Sister Mi, you can't kill everyone with one stick."

"Like me, I never like the new or dislike the old!" Qin Yu bent over to her ear and chuckled softly: "New, old...I want it all."

...

...

Keng Keng, Keng Keng~

"Sister Mi, are you inside?" The assistant knocked on the door and tried to twist the door handle again.

It's useless, the door is still locked.

There was no reply inside, which made her a little worried, just in case something happened inside...

"Um~ I'll... wait a minute!" Sister Mi's voice was lazy and pampered, as if she was suppressing something.

The little assistant was stunned, probably guessing what was going on.

Sure enough, the door opened after half an hour.

It was the man she thought of that came out first, "Hao Qin."

"Ok."

Pulling the open door closed, Qin Yu smiled and said, "Sister Mi is tired, let her rest!"

"Okay, President Qin." The little assistant had a normal expression and didn't know anything.

Qin Yu, who hadn't walked a few steps, stopped again and turned around and said, "By the way, don't forget to bring her a towel Qin Yu wiped her face and said, "She...needs Wipe. "

"..." The little assistant silently drew out the towel, pushed the door open a gap, and then flashed in.

After 10 minutes, he looked at the rice lying on the chair with a hot towel on his face.

The little assistant felt a little more jealous!

Why all the good is hers? It's not enough to be the star everyone looks up to.

Even the young and handsome little brother who has made a profit with a million was robbed by her.

There are charming young women at the top and Yuluo JK at the bottom.

When this continues, when will it take one's turn to get yourself?

Chapter 412: Successfully concluded

Looking back at the lingering past, Qin Yu's expression was full of surprise.

Some things really need to be cooked to make perfect...

"Shao Qin, Shao Qin..." As soon as he came out of the backstage, someone stopped him.

Looking back, it was Jiang Feier who hadn't seen him for a long time.

"Long time no see, you also come to this event...Where is it?" Qin Yu looked forward, as if to find the venue where she was.

Jiang Feier looked at him bitterly, "Qin Shao, have you forgotten others."

"...How come, haha!" Even Qin Yu himself could hear the guilty conscience in the laughter.

Yes, he almost forgot about this woman.

Compared with Jiang Feier, Yu Ge experienced unprecedented happiness in Li Shuangmeng.

With better choices, the bad ones will naturally be forgotten.

Ferrari and Azure put together for you to choose, the answer is obvious!

"You just forgot about me..." Jiang Feier said, lowering her head, with a bit of choking in her tone.

"Okay." frowning, Brother Yu said coldly: "Take away your tears, don't forget where this is."

Hearing his stern tone, Jiang Feier's tearful expression instantly converged.

The acting is natural and unobtrusive at all.

"I'm not here, naturally there will be a labor union to take care of you... Why don't you know the relationship between you and me, so naturally you won't be wronged, what else is not satisfied?"

Hearing what he said, Jiang Feier was a little wronged: "No, I...I just miss you."

Rubbing her head with her hand, Qin Yu said with a smile: "It should be yours that can't run, it's not yours. Don't be greedy... Mayfair, remember."

"You must know how to be a man!" A pat on her shoulder, regardless of Jiang Feier's embarrassed expression, Qin Yu strode out.

In this world, when is it the turn of 'fast food' to teach Big Brother what to do?

What is your identity, can't you figure it out?

In the distance, I saw Jiang Feier standing on the spot with an embarrassed expression, biting her lower lip unwillingly.

He Sheng said to Jiang Ren, who was in a complicated mood beside him, "How do you feel when you see this?"

"He is too..." Meng Yuan, that is, Jiang Ren's eyes are full of intolerance.

"What... ruthless? He doesn't recognize people when he raises his pants?" He Sheng smiled disdainfully: "Brother Yu is already considered good."

"Now that the status of the first sister, with the best resources and treatment of the trade union, what else is not satisfied?"

"There are so many people in the circle who are deceiving P, and there are still some crazy things that I said when I didn't get started. Once I get started..."

"Turning his head around: Who are you?" Although He Sheng was smiling, his tone didn't seem to be a joke at all.

"For people like Brother Yu, there will never be a shortage of beautiful women...There are many people who are better than her."

"Don't think that you have a bit of beauty, and you should have thoughts that you shouldn't have."

Seeing her thoughtfully, He Sheng pretended to be relaxed and said: "I said this is not to persuade you to send it, but to make you think clearly whether you are really confident."

Jiang Ren casually followed: "What confidence?"

"Being able to leave an impression in Yu Ge's heart, at least in exchange for confidence in certain resources... If you want to go further, then you have to ask yourself if you can do better and better than her!"

He Sheng lifted his chin to Jiang Feier, who looked like a helpless and poor little quail, and left quietly with a weird smile.

Only Jiang Ren stayed in place, for a long time...

...

...

"...Congratulations to Drizzle and Silent, for winning the Most Popular Anchor Award of this Carnival..."

"I believe that all fans, like me, spent three pleasant and unforgettable days. At the same time, let us look forward to the next carnival."

"Fight teeth, because you are different!" In the cheers of the host.

The decorative spheres in the sky exploded, and countless colored ribbons hovered and fell down like snowflakes.

The three-day carnival, a perfect curtain call with soft singing!

The little anchor won the special prize without accident, which is what everyone expects.

For a long time to come, she will drive this blue special edition to participate in various activities and make short video background props.

and many more.....

Naturally, "Xia Guo on the Bite of the Tongue" can't be less, with the help of Douya, the small anchor and the flow of the program itself.

People in the country should always be aware of the changes that Kuafu battery packs have brought to the blue and new energy industries.

The fermentation of word of mouth will reach its peak when Azure officially releases a new car equipped with Kuafu battery pack.

Whether it can detonate public opinion at that time will still depend on the product.

Jiang Ren finally failed to make a decision, and returned to the window market with the union with a little regret and uncertainty.

But Jiang Feier seemed to want to go, and became calm and guarded.

In He Sheng's words: My heart is set.

In fact, if it weren't for Jiang Feier's advocacy.

This time Qin Yu will take the initiative to find her, and has arrangements for her future development.

The top management of Douya plans to start a star-making operation to diversify the development of anchors and platforms and break the clear dividing line between celebrities and Internet celebrities.

As Qin Yu's identity, adding a name to enter is not a hassle!

Originally, he wanted to give this place to Jiang Feier, now...

Brother Yu hesitated whether he still wanted to give it to her.

Or should I give Li Shuangmeng a chance?

This woman is natural, full of bitch, and knows how to advance and retreat, and know how to measure.

After in-depth exchanges, I never meant to ask.

The lack of money is justified, but it makes people comfortable.

The key is her attitude, telling you what she wants, and letting you see my performance is over.

What swing is supreme, not important, really not important!

...

...

"Boss, this car is quite easy to drive." Driving his prize, Cheng Xiyu felt it was pretty good.

In terms of interior and configuration, it is an absolute luxury version.

There is no doubt about this, domestic cars have done particularly well in this regard.

In terms of controllability... the little anchor doesn't understand a lot, anyway, he thinks it's quite easy to open.

No matter the general direction, or stability, there is no problem.

Let's talk about the mute effect in the car. To be honest, this is a bit beyond the little anchor's expectation.

The mute effect is much better than she thought, "Yours belongs to the customized version."

"What do you mean, do other cars fail to meet this standard?" the little anchor asked curiously.

Qin Yu calmly responded: "This car, I have added money."

Hearing what he said, the little anchor realized afterwards: "Oh, no wonder it's so comfortable!"

Twisting his hips, the little anchor felt that the seat was getting hotter.

The toes that stepped on the accelerator could not help but buckle inward, and the speed of the car increased.

Back home, the little anchor took a bath first.

After I came out, I put on comfortable soft pajamas, sat cross-legged on the floor of the living room and started to calculate income.

For this carnival, the income should be in seven figures.

She sold more than 20,000 pieces of peripherals and souvenirs related to her alone.

There is also a live broadcast of rewards, which is rare and generous.

Before the start of the event, Douya had announced that all the rewards received during the live broadcast interaction during this event will be owned by the anchor, and the platform will not receive a cent.

This provisional rule has earned a lot of reputation for fighting teeth, and it has also increased the stickiness and loyalty of the anchor and fans.

Most fans who participated in this event expressed their full expectation for the carnival in the coming year.

However, the next event will not be so pure.

It is inevitable to be contaminated with various copper odors.

Losing money and making calls is enough to earn enough eyeballs.

The greed in the bones of capital cannot be changed, and there is only one ultimate goal: profit.

Therefore, Qin Yu is not prepared to participate in the next event.

Whether the small anchor will participate at that time depends on the specific process plan.

These are all later words, "By that time, maybe you have already jumped out of this circle and have a bigger stage."

When Qin Yu said this, Cheng Xiyu shook his head triumphantly: "Hey, that's for sure."

Not only Qin Yu is confident, but the young anchor himself also has confidence in it.

With the help of Wang Hong, she has already calculated the benefits this time.

It is not much different from her estimate more than ten thousand yuan.

"With a daily income of 320,000, you should be called your little rich woman now." Qin Yu said jokingly.

Cheng Xiyu raised her chin triumphantly and said, "What you want, let's talk about it, take it all down."

Qin Yu rubbed his chin, thought about it carefully, and said, "Or, just buy the Bund, right?"

"..." Cheng Xiyu's face flushed red, and she yelled abruptly, got up and hit his chest with her head.

Boom.

Qin Yu was knocked over on the sofa by her, and Cheng Xiyu also fell on him.

Next, it is naturally not enough for outsiders.

Chapter 413: Man's dream

Enjoying the warmth after the passion, the little anchor looked up at his smiling side face.

"Boss, why do I think you are handsome again?" Cheng Xiyu was suddenly unhappy when he touched his face with a hand, "Your skin is too good?"

Unwilling to sit up straight, the quilt slid down his shoulders, and the little anchor kept asking him what skin care products he used.

Brother Yu responded indifferently: "Natural, no choice."

89 points of sunshine, isn't it the past?

That night, Jia Jingsi failed to make his sunshine value exceed 90, which made Brother Yu a little surprised.

However, the current appearance is so inferior to that of Yu Yan's, and it feels right to be substituted.

The little anchor touched his face again, and said enviously: "Why don't I have such a good skin?"

Fingers walked and bounced on the smooth and icy skin, Brother Yu rolled his eyes at hearing, 'Can you goddesses give ordinary people a way to survive...Why do women bother women? '

...

...

The next day, the little anchor packed up his bags and set off again.

This time they will go to the beautiful Zhuang area to appreciate the extraordinary craftsmanship of nature and explore the humanities and customs in it.

Naturally, the most important food is indispensable.

The food-dining team set off again, which also eased Yu Ge's time planning.

After eating breakfast prepared by the little chef, Qin Yu stayed at home with her for two more hours.

Then he drove his Lamborghini out.

During this period of time, I have been very busy. Today, Little Goth invited everyone to go on the track and relax.

As the car drove into the stadium, Qin Yu saw a mysterious guest covered with a red cloth parked beside the track at a glance.

Opening the door and getting out of the car, Qin Yu didn't close the door. He pointed to the red cloth in front and asked with a smile: "Who has bought a new car again? Is this going to be an unveiling ceremony?"

Li Xiao smiled and walked over, patted him on the shoulder and said, "Let's take a look."

"Brother Yu, I promise to surprise you!" Liu Xingshen smiled mysteriously.

Han Hu was also excited, and Yang Chengjun was the most obvious one.

The calm expression in the past became fanatical and obsessed, and the gaze that looked at the red cloth was like looking at...

On the wedding night, waiting for him to pick up the bride with a red hijab.

This performance aroused Qin Yu's curiosity. Standing in front of the red cloth, he saw Li Xiao making a please gesture.

Qin Yu looked at other people again, but no one said anything.

Reach out and grab a corner of the red cloth, wow~

Suddenly pulling upwards, a stationary mechanical beast instantly rushed into his eyes.

Suddenly, there was a tingling electric sensation from the body, and the pores on the arms were raised, all with goose bumps.

Qin Yu stood there as if frozen, just looking straight at the car in front of him.

Lamborghini Veneno, people in Xia prefer to call it: poison!

The whole car is white with a sense of futuristic science fiction, with a hard top and a red edge.

The taboo red wheel garland and eye-catching calipers shocked people.

The narrow and sharp headlights are full of aggressive and wild sharp lines, super cool dynamics design, and the spoiler at the rear is full of futuristic technology.

There is also a large carbon fiber tail and a blade-like tail movement.

At this time, anyone who sees it has nothing but 'fuck, fuck, fuck.'

Gentlemen in a row.

"Brother Yu, congratulations on officially becoming one of the owners of Poison." Li Xiao put the suddenly changed car key in his hand and couldn't wait to say: "Try it twice, I haven't moved back yet!"

Qin Yu had too many questions in his heart, but this would be no match for the temptation of the silver beast in front of him.

Veneno can be said to be Lamborghini's most sci-fi and representative limited edition supercar.

It is not only full of power, but also sharp in shape.

More importantly, it is 'expensive' and 'rare enough.'

Initially there were only three poisons on the market, namely the white version, the red version and the green version.

In addition, the headquarters keeps a prototype car as a commemorative, and the early test car is also reserved for visitors at the headquarters.

Whether it is the two remaining in the headquarters or the three in circulation, all are hardtops.

Later, nine convertible versions were launched one after another. Soon after the news was sent out, it was ordered by rich people from all over the world.

The poison is also discontinued...

Ordinary people who want to see a real car, in addition to being addicted to the Internet, it is more reliable to visit the Lamborghini headquarters.

Want to see a poison on the street, the odds are no less than winning the lottery.

Besides the price, the price of the poison is 300 euros, which is the appearance of 29 million big summer coins.

If it really wants to land, it will cost at least 55 million Xia Yuan.

But even if you have money, it is difficult to buy a poison.

Because the quantity is too small, especially for hard-top poisons, there are only three in circulation in the world.

I really don't know how Li Xiao got it...

Sitting in the cab, the carbon fiber seat provides good support to the body and encloses half of the body in it.

Looking at the complicated central control, Qin Yu was only slightly stunned, and then skillfully operated the ignition.

Hum~

The roar of the air wave like an angry bull makes people instinctively fearful.

Li Xiao and others left the field, leaving the runway to Qin Yu.

Ummm~

boom!

With a kick, Qin Yu only felt that his entire body was pushed into the seat, his arms straightened, and the cells all over his body were boiling.

But instead of slowing down or stopping, he stepped on the accelerator's foot a bit heavier.

In the sight of Li Xiao and others, after slowly starting, the poison flew out like a silver arrow.

With a red taillight halo disappeared before my eyes...

"Fuck, too fierce." Seeing Qin Yu's operation, Liu Xing couldn't help but explode.

Yang Chengjun stood on the spot, clenching his fists, his body trembling slightly, his slightly red pupils staring at the silver light that swept inside.

It seems that what is inside is not a car, but his unshakable enemy.

One circle, one circle, another circle...

Qin Yu's expression became more and more relaxed, and finally he held the steering wheel with one hand.

It seems that the driver is not a violent beast with 552kW and an acceleration of 2.8 meters from 100 meters, but a small and peaceful old step.

Squeak~

The tires rubbed four plow marks on the field. Before he could hear him, Yang Chengjun was the first to rush out.

"Brother Yu, Brother Yu..."

Qin Yu, who was about to get out of the car, looked at the bloodshot eyes in his pupils, suppressed to a trembling body, and patted the steering wheel helplessly and amusingly: "I'll leave it to you."

"Thank you Brother Yu." Yang Chengjun saluted like a soldier and stepped aside.

After leaving the runway, Qin Yu opened his arms and walked quickly towards Li Xiao.

A firm hug, palms slapped on his back.

"Ahem... Brother Yu, are you trying to murder? I just gave you a man's dream." Li Xiao coughed back and looked at him with resistance.

Good looking, good figure, superb driving skills, and so much strength.

That's enough!

"Brother, what did you send me?" Xu Hao immediately pointed to himself and asked.

Li Xiao waved his hand with disgust: "Yes, you know, the mouse has also paid for it, so count him."

Xu Hao was stunned in an instant. What does it mean to count him? He paid one third, 27 million.

Real money, not compromised at all.

"Just kidding, kidding. This car is a gift for you, the mouse, and me, and the soldier pooled together to buy you a gift."

Seeing the poison on the track, Li Xiao's eyes played with a taste: "You don't know how determined the army was when he saw the car."

"I can think of it." Thinking of Yang Chengjun's performance just now, I know how much he likes this poison.

However, gifts will not be refunded when they arrive.

Brother Yu also loves this poison, and it will become his own chariot in the future.

"What about the price?" Qin Yu asked.

Before Li Xiao could speak, Xu Hao put his thumb and index finger up, and the other three fingers clasped together and said, "Eight thousand one, I feel so distressed."

With 81 million and 27 million per person, Xu Hao took all his private money.

Li Xiao is also not having a good time. He borrowed the money from the house first.

Investing in Kuafu Technology has emptied their deposits Recently, my life has been very tight, and the landlord's family has no food left.

Yang Chengjun has a lot of money on hand, 27 million, sprinkle water!

"Thanks." Hug with the two respectively, Li Xiaoxin straightened with lingering fear.

Without noticing the power after coming to him, Li Xiao breathed a sigh of relief with sweat.

Those few clicks just now were really not a joke.

In the past two days, in order to save the girl who missed his footing, he was exhausted, and he almost didn't get beaten up.

While speaking, Yang Chengjun came back, lowered his head and remained silent.

Then reluctantly put the key in his hand, and said with determination in his eyes: "Brother Yu, you must be nice to it..."

Chapter 414: Old driver.EX

Everyone slid around, and the poison radiating the heat wave stopped in front of them.

Looking at the "man's dream," Brother Yu was embarrassed.

"What?" Seeing his frowning, Li Xiao was a little surprised.

What's more unsatisfactory when you get this ultimate big toy?

Qin Yu turned around in front of the car and said, "Where is the license plate?"

The best of sports cars, Lamborghini's perfect masterpiece, the ultimate toy, a man's dream.

Then nail a license plate to the front cover of the car...

Thinking of the scene, Yu brother felt hot eyes.

"Hey, what am I going to do!" Li Xiao waved his hand calmly: "Just hang on the side, as long as you don't go to Hudu, it's okay."

In the boundary of Hudu, the little brother still has a bit of face.

Just say hello and let them write down the license plate...

"But Brother Yu, take care when you drive. It's best not to borrow this car."

Li Xiao didn't worry about his skills, but was afraid that Qin Yu would lend it to others and it would be more troublesome if something happened.

"Borrow? From now on, no one can touch this car except my wife." What a joke, poison can be borrowed casually.

That's dreams and beliefs...

This Huiyu brother really realized that what is called a car and his wife are not loaned out.

If you like it to the extreme, how can you endure the touch of others?

"What do you plan to do with the license plate? What number do you want?" To send the Buddha to the west, 80 million supercars were delivered, and it was not bad for the license plate.

"I'm going to change the license plate of the big par and get a low-key one for it."

Even with the poison, the big paw is the most frequently used daily.

There are always five signs of 9s, which is too high-profile.

It didn't conform to Yu Ge's style of behavior, so I took advantage of this opportunity to change.

"Then I look at the arrangement?" Li Xiao asked.

Qin Yu nodded and said: "Okay, thanks!"

Li Xiao embraced his arms and said speechlessly: "No matter how polite you are, we will be alienated."

Hammering his chest with a fist, Qin Yu scolded with a smile: "Am I thanking you? I did it for my brand."

Li Xiao clasped his fists and nodded, disrespectful and disrespectful, it was in Xia Menglang.

"Brother Yu, brother, shall we race one lap first?" Han Hu, who had just drove his Koenig lap, suggested that everyone first race a lap and then talk. He is still waiting to witness the poison in Qin himself. How strong can it be under Yu's control?

"Then come around." Qin Yu also wanted to try the limits of the poison.

However, he was just thinking about it.

If you want to maximize the performance of this mechanical monster, the track is not suitable for other vehicles.

Brother Yu is not afraid that he can't control the poison and cause the vehicle to lose control.

He was worried that the poison would be completely released, and his wildness would scare others and cause unnecessary danger.

Several cars drove into the track, waiting for instructions according to the agreed sequence.

The brand-new poison ranks sixth and last.

This was decided by a unanimous vote.

Driving Lamborghini Poison, and has a professional level of technology.

If this is not the last place, Li Xiao and the others will not have to play.

However, a few people obviously underestimated Brother Yu's technique.

When the indicator light jumped to green, the silver-white poison spurted out instantly.

Han Hu, who surpassed fifth, and Liu Xing, fourth, were closely behind Xu Hao, the third.

At this time, Xu Hao was under great pressure.

The poison behind is biting on him tightly, and he is always looking for opportunities to overtake.

The only thing Xu Hao can do is to delay his overtaking time as much as possible.

Unfortunately, this small expectation fell through at the next turn.

Easily surpassing Xu Hao from the outside, the silver-white poison burst into a sharp roar again.

Yang Chengjun rushed to the second place, his manic breath seemed to crush the vehicle he was driving on the spot.

Squeak~

The tires rubbed violently against the ground, and Yang Chengjun's wild roads were shocking.

Qin Yu tried several times and was forced to retreat from the angle at which the rear of the car swayed from the left and right.

Following GT2RS steadily, Yang Chengjun's tight nerves did not relax.

However, if you concentrate for a long time, there will always be moments of relaxation.

Just as he was about to enter the fifth hairpin turn, the poison behind him suddenly slowed down.

The whole body surged forward, as if it was about to be overturned suddenly...

'this is? Yang Chengjun, who observed this scene through the rear mirror, had not yet figured out what Qin Yu was going to do.

Seeing the surging poison suddenly dragged backwards, it seemed that the flow of the whole body formed a seamless smooth cone in an instant.

Huh~

Yin Guang drew a grotesque Z shape and disappeared to his side, waiting for Yang Chengjun to recover.

The poison that Qin Yu was driving had roared past, and flew past Li Xiao, who rushed straight to the first place.

The previous silver light kept flashing in his mind, and the GT2RS slowed down to a stop.

Yang Chengjun has no more thoughts, he will be completely immersed in the previous sense of the picture.

Too, too...too? Wonderful!

What the **** is that, how could there be such a special effect-like car skill?

Shoo~

On the track, the 'Friendly Match' is still going on.

When the first Li Xiao came up with the poison, he did not deliberately suppress it.

Therefore, Qin Yu easily surpassed his big cow and quickly distanced himself from it.

Seeing it drifting away, the speed is like a poison that is getting faster and faster.

Li Xiao's heart was also full of shock.

He had seen the previous clip of Poison surpassing GT2RS, and it felt like something suddenly exploded in his mind.

Popping candy...

Yes, it's like a pack of popping candy exploded in my mind.

No... the brain cells have all turned into popping candy, bursting and beating frantically.

MD, absolutely!

Controlling the speed to drive Daniel off the track, Li Xiao jumped out of the car and couldn't help but breathe.

Pressing the right hand on the left chest and rubbing it, the heart seems to be about to jump out.

"Brother, why did you stop?" After a while, Liu Xing also came back.

Don't even look at him driving Koenigsegg, but on the track he looks like an old lady with her feet bound.

It seems to run fast, but it doesn't move at all.

To make it clear is a salted fish attitude of 'I love super super, I am here to show the car.'

"I'll talk about it later." Li Xiao's heartbeat is still rocking and hard to calm down.

When all the cars came back, only the poison was flying on the track.

Everyone gathered in front of the observation platform before Li Xiao talked about what happened before.

"You didn't see it, the whole car suddenly moved horizontally and drilled out, so that even the brain has no time to react." Li Xiao looked at Yang Chengjun and asked, "Soldier, were you stupid at that time?"

Yang Chengjun looked at him and shook his head blankly.

"No stupid, impossible, I almost looked dumbfounded at the time." Li Xiao didn't believe it.

Yang Chengjun shook his head again and said, "No, I didn't even think about it at the time... my mind was suddenly blank, and the car seemed to drive past my head."

"Too, too handsome." Yang Chengjun clenched his fists, gritted his teeth and shook his fist down.

"Have you noticed that Brother Yu's speed is getting faster and faster?" Xu Hao kept staring at the poison in the track.

Before, his eyes could keep up with the speed of the car, but now...

Xu Hao was even a little worried that the poison would tear the space in the next second and disappear into this world.

At that time, Brother Yu disappeared, who will lead him to make money? ? ?

Of course this kind of thing cannot happen.

It's just that the speed of the poison is too fast, and the vision creates an illusion of deception on his brain.

"...I want to have this technique." Yang Chengjun still clenched his fists and had a bitter hatred.

His face was red with excitement, and his face was blushing.

If he had this skill, he would have been a professional racer and raced in major international competitions a long time ago.

Inside the Lamborghini poison, Qin Yu only felt that the whole person seemed to be integrated with the car body.

The sights on both sides gradually blurred, only the track in front of them became clearer and slower.

The condition of the road, the angle of each corner, all the data of the poison and the actual control performance frequently flashed in my mind.

At this time, he didn't seem to be driving a car, but running naked on the track.

...So ashamed!

Squeak~~

Seeing the marks from the tires and the ground, Yang Chengjun's distressed cheek twitched.

"Cool." Qin Yu patted the steering wheel when the car door opened, and walked down with a big laugh.

A group of people rushed forward and asked about his previous operation Brother Yu, you...why, how did you do it? "Xu Hao gestured happily.

Take a deep breath and calm down your emotions.

The translucent panel in front of Qin Yu's eyes quickly pulled down, until the words... [Old Driver EX] appeared.

Qin Yu, who found the reason, turned off the panel.

At the curious look in front of him, he seriously responded: "To be honest, I don't know how to do it, I just want to do it."

Seeing his helpless shrug, Yang Chengjun looked up at the sky.

Can't cry, can't cry...

Oh, it's so irritating.

Chapter 415: garage

After coming out of the gas station, Qin Yu drove towards Haijing No.1.

Today is another day full of rewards.

Not only received a Lamborghini poison, but also had a better understanding of the system.

I thought MAX was already the limit, but I never thought there was an EX on it.

That... Does EX still have room to advance?

This is not yet known. In short, the 'limit' of the system is unbelievable.

It has changed, it is no longer the honest little cutie that used to be.

clearly said that 'MAX' is the maximum value.

slap~

just popped out an "EX" for myself, so it's breaking the limit?

Believe you a ghost, the old man is so bad...

DiDi.

In front of the community gate, Qin Yu honked his horn, lowered the car window and waved to the security guard.

"Shao Qin... are you getting a new car?" Seeing this aggressive supercar, the security's envy was about to overflow.

"Well, a gift from a friend." Qin Yu smiled and pointed backwards, "I'll stop the car first and go to the property to complete the formalities."

There are a lot of cars. He has to go to the property to ask if there are any spare parking spaces in the basement.

A friend gave it, all these friends, gifts are so generous.

This car is worth tens of millions, right?

Anyway, Qin Shao is so good, I'm afraid ordinary gifts won't be eye-catching.

"No problem, I'll open the door for you."

The security guard raised the pole, and two cars drove into the basement one after the other.

The security took the opportunity to take out his mobile phone and took a picture of the rear of the car.

Wait later, he has to look up how much the car is. Who is not curious anymore.

"Brother Yu, then I'll go first, don't forget the night game!" Parked the car in the parking space, Xu Hao came down from his 100th birthday and gave him the key.

"I can't forget, don't you go up and sit down?" Qin Yu pointed upwards.

Xu Hao shook his head and said, "Forget it."

He is scared to eat dog food, besides, there are still people waiting at home!

Xu Hao's change cannot be small.

I heard from the little brother, now unless it's a few games, Xu Hao won't go anywhere.

just come out to play, and have to go home at night.

It seems that Xia Ke really takes a lot of weight in his heart.

Sending off Xu Hao, Qin Yu walked towards the clubhouse.

When we arrived at the property office, Xiao Yuan was already waiting at the door: "Shao Qin, please come inside."

"I just heard that the security guard said that you need service, I'm still wondering whether or not to call you home."

"Don't have to be so troublesome, two steps away." When he came to the office, Manager Niu was not there.

Qin Yu went straight to the subject and asked about the parking space.

Now the cars he parked in the basement are Lamborghini, Porsche 911R, Porsche Palamera GTS, Lamborghini 95 Supreme Gold Edition.

This has already stopped the basement full, and there are the small anchor Wei Lan and Wang Hong's daily transportation Cayenne.

kept saying that he wanted to buy her, but either Qin Yu was not there, or Wang Hong was running around with the little anchor.

is always delayed.

This time, taking advantage of solving the parking problem, she happened to arrange her car.

Kari put nearly a billion, which is not uncomfortable!

There are still some reserved parking spaces in the basement, but the number is not large, and it is far from his current parking space.

are basically corners and corners, depending on whether Qin Yu is satisfied.

Seeing the position from the drawing, Qin Yu's brows have been frowned, which is too biased.

"Is there no other way?"

"Qin Shao, we initially reserved three parking spaces for the owner per household, you see..."

Xiaoyuan is also embarrassed. Normally, three parking spaces are enough.

is not enough, and there are parking spaces on the ground that can provide temporary parking.

After all, the parking spaces in the community are for daily convenience, not for collecting luxury cars.

The two were discussing, the figure passing by the door suddenly stopped: "Qin Yu?"

Looking back, Qin Yu smiled and stood up: "Ya Lan, why come here free?"

"What is Yalan, it's sister Lan." Yalan said angrily, walked into the office and asked, "Is something wrong with you?"

Seeing her sitting on the sofa unceremoniously, Madoka smiled politely, Qin Yu nodded and said, "Well, I'll take a look at the parking space."

"Why, the parking space is not enough?" Yalan thought for a moment, and said directly: "Do you plan to collect it?"

Qin Yu smiled and said, "It's not a collection, it's just bought for play."

"What car did you buy?" Yalan was curious.

told her about the car she had now, Yalan was already unable to complain: "Come on, come with me!"

"What?" Although Qin Yu was curious, he still stood up.

"Midoka, give me the key that I don't use later." Yalan said directly to Madoka.

"???" Qin Yu was surprised: "This property belongs to your house?"

"Didn't I tell you?" Yalan asked back.

Have you said anything?

Qin Yu really can't remember, he seems to have said it, but I really don't want to say it, right?

Followed Yalan to the depths of the community, Qin Yu no longer struggled with questions that he hadn't said before.

There were two rolling gates in front of him, and Yalan opened the gates.

was covered with dust, and the transparent and dark Chase room came into view.

"Here was originally intended to open a supermarket. In the end, because there was no agreement, the owners of the community could not reach a consensus, so they left it idle. If you want it, you can give it to you first."

In the transparent space, except for a few load-bearing columns, there are no other obstacles, and you can see it all.

There is a rough visual inspection space of at least five or six hundred square meters, if you park...

More than a dozen cars are definitely no problem, it depends on how Qin Yu arranged it.

More importantly, there are two rolling gates in front, which are particularly convenient for entry and exit.

"Rent or sell?" Qin Yu fell in love with this place at a glance. It is not too cool to use it for parking.

Yalan gave him a white look, and said, "Lent it to you!"

Qin Yu shook his head decisively, and said, "That's not good...Sell it to me, right?"

He is thinking long-term, and the car he owns is definitely not the limit.

There will be various rewards in the future, who can guarantee that there will be no cars in it?

Besides, maybe I have a hobby of collecting cars on a whim.

There is such a garage for storing your own hidden car, isn't it just right?

Thinking that Qin Yu suddenly became interested, don't want to buy a few big toys again? ? ?

"I want to be beautiful." Yalan poured cold water on her head, "This place is integrated with the community, and it can't be sold... I don't want to borrow it. Let it be leased to you."

"That's okay, let's rent for 99 years!" Qin Yu responded calmly.

"..." Yalan turned around casually, her long flowing hair, and walked directly out.

"Wait, 99 years will not work, 98 years can also be discussed!" Qin Yu followed.

.....

.....

Property Office, Qin Yu signed a 20-year lease contract at a price of 50,000 yuan per year.

When I learned the price, the real estate staff's eyes were almost glaring.

But because of Yalan's endorsement, they have to hold back even if they have opinions.

"When will I have time, can I accompany Tongtong for a day... He is always arguing to find you." After signing the contract and waiting for everyone to leave, Ya Lan asked with a little embarrassment on her hair.

"...today?" There was nothing wrong in the afternoon, and the appointment with the little brother was also at night.

"But I have to go first tonight, I have an appointment with my brother and them."

Hearing what he said, Ya Lan replied decisively: "It's all right together, I haven't seen Li Xiao for a long time."

"You... are familiar?" Although Qin Yu guessed that they knew each other, he didn't know the relationship between them He had to call me sister, what do you think? "Alan smiled playfully.

First move the big pagoda out of the basement and park the poison in the parking space.

Qin Yu drove up to Yalan and drove towards Jiang Hongsheng's residence together.

When he reached the place, Qin Yu parked the car at the door and did not enter.

After a while, a small head came out of the iron gate, and the rooster looked around.

"Brother." Seeing Qin Yu in the car, Tongtong ran over excitedly.

opened the door of the co-pilot and sat in with a kick of his calf.

restlessly rubbed his butt, Tongtong found a comfortable posture and did it well.

raised his hand and pointed forward: "Go!"

The co-pilot's door was opened, and his red ears were tugged by two fingers.

"Mom, don't...ah~"

Five minutes later, Tongtong in the back seat rubbed his butt.

I don't know when, the former gentle mother suddenly became violent.

"Ass, ass, you suffer with such a mother." Tongtong lowered her head, muttering to her little **** with a distressed face.

"What are you talking about?" Ya Lan's eyes sank.

brush!

Sitting in jeopardy, Tongtong Lanxess replied: "It's not me, I don't... it's my brother."

"???" Brother Yu who drove was stunned.

This bear boy, or give it away!

Chapter 416: I'm never perfunctory to feelings

With a camera hanging on his chest, Qin Yu took Tongtong's left hand, and Yalan took his right hand.

The little guy was excited in the middle, jumping and jumping to look left and right.

"This kid is so cute!"

"Yes, a loving family of three."

The oncoming tourists waved friendly and greeted Tongtong.

The little guy is not afraid of life at all, he heard the other party praise his cuteness, his face was flat: "Sister, praise a man to be handsome, I am already a big kid, cuteness is very weak!"

"Also, my elder brother is not my father." The little guy said and lowered his head: "I blame my mother for being so fierce and scare my brother..."

The tourist's expression was stunned, and then he looked at the eyes of Yalan and Qin Yu.

with a little weirdness and seriousness!

Yalan, who was already blushing, collapsed instantly, as if a jet of white steam spurted out of her head.

Tongtong, with his head down, shuddered involuntarily as if he had sensed the unknown malice.

hugged herself with her hands folded: It's so cold!

.....

.....

"Wow~ it's wrong, mom, I'm wrong, oh~"

"Brother, don't care whether you are old..."

"I also said, are you usually too gentle to you, making you forget about it?" Yalan, who was originally useless, gained a bit of strength in her hands.

Qingli's figure is a bit more fierce, her eyes twinkling, and her conscience is inexplicable.

is like... a little girl who has been exposed by an adult.

was raised by Yalan twitching her ears, and Tongtong, who lit her feet, cried particularly miserably.

Mom for a while, brother...

Fortunately, they were in a remote place this time, and there were no people around.

"Sister Yalan, it's almost time... I will delay this afternoon and it will pass." Qin Yu was not distressed for the child, mainly because she was afraid of her hands hurting.

"Brother~" Tongtong, who had finally escaped, ran behind him and timidly hugged his thigh for comfort.

Who knows that Qin Yu didn't comfort him at all. Instead, he looked at Yalan and said, "Your hand hurts! Here, wipe it."

Watching the picture of mother wiping her fingers with a wet wipe, and brother caring by the side.

Tongtong's young heart, as if something is cracking...

It turns out that the clown is myself!

"That's all right, please eat ice cream, right?" Qin Yu couldn't help but laugh after Tong Tong, who was moving forward in anger.

The small figure stopped, "Four balls..."

"Three balls, you will have diarrhea if you eat too much."

"Mom said singularity is not good."

"A family of three is also singular, how do you say?"

"Feudal superstitions cannot be left, three **** are three balls."

"Deal."

"Deal."

looked at the front, one big and one small, two backs.

'S eyes were in a trance, and the surrounding tall buildings and pedestrians gradually disappeared.

There are only two figures, one tall and one short, walking forward facing the sun...

"Mom, come hurry up!" The little figure turned and smiled, Tongtong's face with a happy innocence.

The shadow on his side turned his head, the blurred face became clear...

Qin Yu stood on the spot, his eyes full of happiness and love and beckoned to her, "Ya Lan, hurry up..."

Tears wet the eyes, and the surging emotions in my heart are filled with happiness.

"Mommy mommy....."

Seeing her mother crying, Tongtong pulled her at a loss: "Mom, I won't make trouble anymore, Mom..."

called to make Yalan wake up, and noticed that her face was a little cold.

Touched with his hand, only to realize that he was in tears, and quickly wiped away the tears with his hand.

Yalan squatted down and embraced him softly and comforted: "Mom is okay, but she was blinded by the wind."

"Mom, why are you blinded by the wind... There is obviously no wind." Tongtong asked suspiciously.

Yalan rubbed his head and said with a smile: "Because my mother has wind eyes, I want to cry when I see the wind..."

"Tongtong must protect his eyes, otherwise he will be like a mother."

"I must protect my eyes, and I will be a pilot in the future."

Seeing that the mother and son were talking and laughing back to normal, Qin Yu said, "Who wants to eat ice cream?"

"Me!" Tongtong raised his hand excitedly.

"Me." Ya Lan actually raised her hand and shouted like a child.

Qin Yu was stunned, then laughed and said: "Look at who of us comes first. Those who arrive first can choose one more."

"Ah~ I'm first, I'm first." Tongtong threw away his hands and ran forward.

Qin Yu ran forward with him with a crazy smile, giggling like an older child.

'.....Thank you. Yalan followed with a smile, her soft heart filled.

went crazy on the Bund for an afternoon, took hundreds of photos, and Yu brother was tired from pressing his fingers.

I finally heard Tongtong shouting tired, and couldn't run anymore.

hugged him back to the car, trying to put him in the back seat, only to find that he was asleep.

Two small hands clasped Qin Yu's arm tightly, pulling tightly.

"Sister Yalan, you are ready to drive." Qin Yu hugged Tongtong and sat in the back row.

Yalan said as usual, "Okay."

Qin Yu, who was adjusting Tongtong's sleeping position to make him more comfortable, didn't notice it.

Yalan's performance is as natural as a family member, and naturally a little abnormal.

After half an hour, the car stopped again in front of the garden house.

Qin Yu walked into the hospital holding Tongtong, and the nanny had already greeted him: "Sir, I'm here."

Seeing Tongtong clutching his clothes, the nanny gently touched his head with his hand.

The little guy seemed to be comforted by some kind of comfort, pulling his dead fingers away lightly.

took the child over, and the nanny smiled at the two of them: "Mr. Miss, Mr. Jiang will be here soon, shall we stay and finish the meal together?"

"No, we have an appointment." Yalan said, kissing her son on the forehead, and accompanied the babysitter into the house.

put Tongtong in place, only then came back and left together.

As soon as the front foot of Dapa left, Jiang Hongsheng's car stopped at the door.

Looking at Palamela going away, Jiang Hongsheng's expression is a bit complicated...

Back home, Jiang Hongsheng took off his windbreaker and handed it to the nanny aunt: "Did Ya Lan just come here?"

"Well, send Tongtong back with Mr. Qin." The nanny aunt hung up her coat and said, "Tongtong seems to be very dependent on Mr. Qin. When he came back, he slept soundly in his arms."

"...What do you think of Qin Yu?" Jiang Hongsheng's tone became more solemn.

As an aunt who has taken care of him for many years, she naturally heard the change in his tone.

With a startled look, the nanny aunt patted the folds on her coat and said with a smile: "I don't understand young people's affairs. I know whether a person treats a person well, you can tell."

"You mean, Qin Yu treats Ya Lan... very well?" Jiang Hongsheng laughed in vain.

A playboy, no matter how good he can be.

"Great."

The nanny aunt said seriously: "Mr. Qin looks at the eyes of the young lady, you can't do anything wrong."

Watching his aunt's gaze, Jiang Hongsheng's deep pupils suddenly turned away: "Let's eat!"

.....

.....

Lao Wang Guowu, the place where Li Xiaoding.

said that this restaurant's pepper pork belly chicken must be tasted, the old soup is very flavorful.

When came, there were already too many people in the store, and Li Xiao and a few people were sitting in the inner positions, just not long after they arrived.

"Sister Yalan." Seeing Yalan coming with him, Li Xiao and several people got up and greeted her.

"Just bumped into each other, so we came together." Yalan responded with a smile.

Li Xiao said jokingly: "That's right I can't make appointments if I want to invite you to dinner."

"So Brother Yu still has a lot of face." Xu Hao joked with winking eyebrows.

"Cough..." Qin Yu cleared his throat and opened the chair to sit down: "I remember the last time the mouse drank too much and was let the two women walk with him. The next time I see Xia Ke, I have to mention it to her. "

Xu Hao immediately persuaded, "Brother Yu, I was wrong, I will pay the bill today."

"Just pay the bill?" Qin Yu raised an eyebrow.

"I have covered this month's game." Xu Hao said with a painful expression on his face.

"Ok."

Qin Yu nodded, and asked as if nothing happened: "Order, what are you waiting for?"

"Come on, Sister Yalan, see what you like to eat." Li Xiao handed her the menu.

Seeing Yang Chengjun's eager expression, Qin Yu moved to him: "Brother Jun, what do you want to say?"

Looking at Yalan who was ordering, Yang Chengjun said in a low voice, "What's the relationship between you two?"

Qin Yu glanced at Ya Lan and said with a smile: "Friend."

"The best friend...not serious, don't mess with her."

Yang Chengjun thought for a while, then said: "Jiang Hongsheng is not easy to mess with."

"Brother Jun, I'm never perfunctory to feelings!" Qin Yu's answer was clear.

If he has ideas and actions, he must be serious about it.

What makes Yang Chengjun helpless is, is he serious a little more often?

Chapter 417: Hehe~

Pepper pork belly chicken pot, first come with a bowl of simmering broth.

Then I ate the ingredients inside, smooth pork belly and juicy chicken. It tasted tender and fresh.

After eating, start serving, rose and snowflake beef tongue.

Brother Yu fell in love with this bull tongue entrance.

The chilled beef tongue is sliced very thinly, placed in the shape of a rose, and gently rinsed in the pot.

Fresh, fragrant, tender...

I have everything I want.

live bean sprouts must come, soilless cultivation, freshly cut and cooked.

Explosive Shrimp Pills, the ingredients are real, there is nothing to do with it, but it's not bad.

"Qin Yu, try this." Yalan put the cooked snowflake beef on his plate.

At the dining table where there was a lively conversation before, it was instantly quiet.

Everyone looked at Qin Yu with suspicion, as if he was the problem.

"What's the matter?" Ya Lan looked at the crowd and said with a small smile: "Eat!"

"Eat, eat." Li Xiao said to the waiter: "Hello, four more beef tongue."

"This beef tongue is really delicious."

"Yes, I think it's good."

The topic seemed to be lively again, but whether it was Qin Yu or Yalan, he could notice that if there was nothing left behind, he swept frequently.

Regarding this, the two of them felt nothing.

After hearing Qin Yu say 'good', Yalan started to cook the snowflake beef for him.

waited for the beef tongue to come up, and boiled the beef tongue openly for him!

The picture became harmonious and friendly in an instant. Brother Yu just eats and drinks, she does everything else...

silently gave Qin Yu a compliment in his heart, with envy and emotion in his heart.

Speaking of women, Brother Yu is definitely in the atmosphere!

"By the way, Brother Yu, Douya was interviewed again recently, do you know this?" Li Xiao thought that he was a shareholder of Douya, so he thought it would be better to mention it.

Qin Yu really didn't know. Hearing this, put down his chopsticks and said, "What's the matter?"

"The cliché, the lottery!" Li Xiao said.

Qin Yu curiously said: "This is not a cliché, it has been about three or four years."

Whether the lottery is considered gambling, this matter has not been determined until now.

Before the two platforms were merged, they had already had many talks because of this appointment.

Do you think it's a side ball? It really is.

Can you say it's illegal?

It couldn't find the basis and argument, so it repeated interviews and repeated rectifications.

Seeing that he didn't take it seriously, Li Xiao's expression became serious: "This time is different, the above is really moving. I am afraid it will not be easy to fight the teeth and want to fool the past."

Everything is divided into different sizes, primary and secondary.

Small things can be put, but big things and far-reaching ones are not that simple.

In the past, it was still competing on multiple platforms, but now it is getting bigger and bigger.

naturally received more attention and wider influence. Last month, some people directly emptied their family by participating in the lucky draw.

This matter caused quite a stir on the Internet, and netizens discussed it.

Although the heat passed within a few days, the carnival that followed further expanded the influence of Douya.

At the same time, I also made the above decision up to rectify this.

"There are still lottery draws held recently, and they are definitely going to suffer. In addition, the platform may not allow such lottery draws in the future."

What to do for a card lottery, with a small boast, is completely a means of making money.

Netizens and fans do not understand this truth?

naturally understands, but people just can't control the evil of 'greed'.

I always felt that I was the luckiest one. I voted for six yuan, a few hundred.

What if you won it by any chance?

Hearing what Li Xiao said, Qin Yu also took this matter to heart, "I'll call and ask after dinner!"

Ye Jinlan intervenes in the specific affairs of Douya now.

What to do with this matter, it still depends on what she means...

In addition, since Li Xiaodu has received the news, he does not believe that Ye Jinlan has not received it.

Since she didn't call, does it mean that Douya has already figured out a countermeasure?

The easiest way is to directly warn the platform anchor and ban the lottery.

Solve the problem from the source, otherwise, it should be directly cut off from the source.

That is not good news for Douya!

Whether you can do something, you have to see if anyone pays attention to it.

Everything, I'm afraid of being serious.

Because I get serious, it will be fatal...

"Are you familiar with Ye Jinlan?" Yalan suddenly asked about the relationship between the two after hearing him mention Ye Jinlan.

Qin Yu blinked, and Yu Guang swept towards Li Xiao.

I saw a few people who should eat, drink, and keep their heads down.

kept discussing "this claypot rice is really good...I have to have another bowl" and so on.

looked at her with a particularly innocent look and said, "Knowing, unfamiliar!"

"Puff~cough cough..." The rice in Xu Hao's mouth spouted out, "Sorry, I choked on eating too quickly."

I'm not familiar with you, you will become the Ye's son-in-law.

unfamiliar?

Naturally, I couldn't tell Yalan this. Jiang Hongsheng should know, but he didn't seem to tell her.

Or, Yalan wouldn't ask such a question.

"Mouse, you look like you have something to say." Without getting the answer she wanted from Qin Yu, Ya Lan turned her gaze to Xu Hao.

looked at her with a narrow smile, and the corners of the light caught Qin Yu's murderous eyes, Xu Hao wanted to cry without tears.

...What is it to me?

"Sister Yalan, I have nothing to say, really nothing... waiter, water." Xu Hao quickly changed the subject.

He doesn't want to get involved in Brother Yu's Battle of the Four Seas, so let's not talk about the rest, just the one in front of him and the one in Shangdu.

These two are enough, he can't afford to bother them!

Eat, eat...

This claypot rice is so delicious, "One more bowl!"

Seeing his evasive attitude, Yalan has already got the answer he wants.

There is no more embarrassment for Xu Hao, but that's it, when he walked out of the store, he was about to vomit.

"What's the next plan?" After patted his chubby belly, Xu Hao felt that he should find a place to rest.

"What is the arrangement? I have something to do when I go home!" Qin Yu replied sternly.

Li Xiao cooperated and said: "Yes, yes, go back to rest early..."

said, still Xu Hao's head came up and down, "What arrangements are arranged, I am busy!"

Seeing the poor acting skills of several people, Yalan smiled and said, "Okay, what should you do? I'll take a taxi and go back to work tomorrow."

"How can I do it! I will give it to you." People are brought by themselves, so how can they leave them alone.

Besides, he is really in no mood tonight...

Jiang Xiaoshan is still at home waiting for him to talk to the desk!

"Go ahead, mouse, you remember to stare at the project."

"Don't worry, Brother Yu, my eyes are about to press up." Xu Hao pointed to his eyes, showing a fierce expression.

This project is now his lifeblood, just waiting to start working to make money, so that he can refill his empty small vault.

If anyone is playing tricks on this, some moth will come out.

Brother Yu, who is anxious, has to go up and bite him!

"Let's go." Waved his hand to the window of the car, and drove off the road quietly.

When the car was far away, Xu Hao sighed and said with emotion, "Isn't the peach blossom luck of Brother Yu too exuberant?"

Li Xiao glanced at him and said, "Don't worry about others, but take care of yourself first!"

"What's wrong with me?" Xu Hao retorted, "I am a good man at home now."

"Hehe~" Yang Chengjun smiled disgustingly on his face.

Although I didn't say much, this 'haha' at least concealed the profound meaning of 5,000 words.

As for whether it can be understood, it depends on Xu Hao's own understanding.

Even if you pretend to be in front of others, pretend to be in front of them...

Look at the shape of my mouth, huh~

Chapter 418: Tea art

Qin Yu parked the car into the basement of Binjiang One.

"Thank you today." In the car, Yalan looked at him gratefully.

"Don't be so polite, I also like Tongtong."

The bear kid's skin is a bit skinny, but it's really likable.

If it is a boy who is going back to the mother's life, you have to fight as soon as possible...

"Then...I'll go up first." Yalan wanted to say something, but she was worried again, and finally endured it.

"Okay." Qin Yu breathed a sigh of relief as she watched her leave.

Jiang Xiaoshan happened to be back tonight, if Yalan asks him to go up and have a drink.

Qin Yu is really a little bit lackluster...

came home with a light pace, Jiang Xiaoshan was cooking dinner in the restaurant.

Looking at the simple boiled vegetables and a few carrots, Qin Yu's expression is probably like this:
Σ(⊙▽⊙"a

"You just eat these?" Isn't this just Tutu's recipe?

Or, the whole two bunnies will come back to raise them, and they will be fat...

呲呲!

"There is another egg." Jiang Xiaoshan smiled and picked the boiled egg out of the pot.

put it in the lunch box, held it in front of him, and took a happily breath.

"..." Seeing her expression, Brother Yu was completely speechless.

You can feel happiness after eating this stuff. When is happiness so cheap?

At least, you have to add a piece of braised pork, right?

"Try it?" When he came to the restaurant, Jiang Xiaoshan invited him to taste it.

"I'm full." Qin Yu felt a little pain, "Would you like to add some meat?"

Jiang Xiaoshan gave him a funny look, "This is already very good. When the crew is busy, there is no time to drink water."

"Also, I want to stay in shape, and I won't be on the camera if I eat fat." Seeing that she said it was just as straightforward as it should be.

Qin Yu really wants her to stay at home obediently, to be a little **** for eating, drinking, and spending money.

"What do people always do, if you have never worked hard in this life, what fun is there to live?"

Qin Yu knows how persevering women are when they are cruel.

I know that there is still some difference from seeing it with my own eyes...

"There are some girls in the crew who don't eat or drink water for a day to look good on the film. They drink and eat some oatmeal until they are filming."

"I can get an important role out of the country, how can I not work hard?"

"I'm broken, what's the use of fire?" Qin Yu asked back.

Jiang Xiaoshan looked at him and chuckled: "It is incomprehensible if you don't experience it personally."

"Just like women always don't understand, why men can be preconceived."

Looking at her humorous expression, you know that this is a fine word.

there is love first, or love after...?

This issue is a bit complicated, and Brother Yu feels that there is no need to continue the discussion.

Regardless of whether it is before or after, love is the most important thing.

.....

.....

In the early morning, Jiang Xiaoshan was already putting on lipstick when she opened her eyes.

The faint makeup on her face looks beautiful and delicate, and her elegant temperament is like the graceful and luxurious lady in the big house.

In Qin Yu's heart, her temperament and measure are most like Dafang.

The extravagance and generosity that comes out of the bones, the manners that are not surprised...

Probably only Ye Jinlan's sister-in-law, Ye Zhiqiu can compare with her.

"Wake up." Jiang Xiaoshan put her clean clothes by the bed and waited for him to put it on.

erased the wrinkles for him, and then asked him to turn around to make sure there was no problem.

then smiled: "Come to eat!"

Qin Yu stepped forward to hug her and chuckled softly: "I want to eat you."

The more you get along with her, the more Qin Yu depends on the family.

Every time he comes to Jiang Xiaoshan, it is when he is most relaxed and comfortable.

I didn't feel this way even when I was at home.

That natural to the extreme home atmosphere is fascinating...

"Stop making trouble, are you free tonight?" Jiang Xiaoshan lightly tapped on him.

"Yes." Qin Yu said.

"Then I'll finish my work and go shopping for groceries and make your favorite seafood." Jiang Xiaoshan said, already listing the recipes in her heart.

Oysters are definitely required, and sea cucumbers are also essential.

There are no ready-made ones at this home, and there is no time to soak the hair, so I have to buy some fresh ones.

There is also fish maw, so it's not bad to make a porridge!

"When Yueyue left, did you bring flower gum?" Jiang Xiaoshan thought of Lanyue, and she didn't know what to do when she was alone.

When I was young, I always wanted to seek attention and love, and the whole world would want to preach a little thing to know.

makes everyone look at themselves.

is the other extreme when it grows up, no matter who it is, it is good news but not bad news.

"I plan to go to Shangdu these two days, see her, and bring some supplements by the way."

I bought her the massage and maintenance equipment, but I didn't take it away last time.

In the past, Qin Yu planned to bring her all, and by the way gave her the prepared secondary card.

He has been thinking about this for some time, and there was no reason before.

Now that the lazy cat is out of town, he has a card on his body to spare, so he can rest assured that he is not.

Incidentally, it can also give the system up and up experience, which can do two things with one stone, so why not do it!

"Card, just give it to Yueyue, don't give it to others."

Jiang Xiaoshan smiled and said, "Otherwise, it is not appropriate to give to anyone or not!"

Among the four of them, Lan Yue alone is the most special.

No matter who the others are, Li Wanxing, or Jiang Xiaoshan herself, all have a sense of apology and guilt for Lazy Cat.

I inexplicably lowered my head when I saw her.

It's not because of Lan Yue's attitude, but because they always feel owed in their hearts.

After all, she was the first to confirm the relationship with Qin Yu.

Jiang Xiaoshan or Li Wanxing!

If it sounds nice, it's a latecomer, if it's straightforward it means getting in...

How can you be confident? ? ?

Qin Yu is blamed, but it's not even counted.

He is Huaxin, but the fish pond is also willing to jump.

What do Li Wanxing and Wen Yaxuan think, Jiang Xiaoshan doesn't know.

But as far as she is concerned, her life is pretty good now.

is the life she wants...

"Do you have a credit card?" Qin Yu asked.

"Who doesn't have a credit card?" In these years, I can live in Hudu with few cards.

Who hasn't had the time to urgently need money to turn around.

Compared with all kinds of routine loans, credit cards are already very friendly.

"Give me the phone." Qin Yu reached out for the phone.

After some operations, Qin Yu returned the phone to her: "I will automatically repay several cards, so don't wrong yourself."

Jiang Xiaoshan didn't say anything, she turned on her phone and looked at it, then smiled at him slightly.

After eating breakfast, the two drove away.

Jiang Xiaoshan is going to the crew to shoot the location, and the location is in the suburbs.

Qin Yu returned to Seaview One, pulled Wang Hong and went straight to the Porsche 4S shop.

"Shao Qin~" Zhang Yiyue, who saw Qin Yu, laughed at him.

The walking posture is twisted like a snake, the twisted one is called a Huanshi.

"You still look normal," Qin Yu said with a frown.

Zhang was honest in one month, and a pair of long legs that had nowhere to rest were also placed side by side.

"Shao Qin, what car do you want to see today?" Zhang Yiyue resumed his professional attitude.

"Cayenne." Qin Yu looked at Wang Hong and pointed to the booth in front of him: "Sister Hong, you choose yourself."

"Shao Qin, I can do it all." Wang Hong replied, sitting quietly.

Qin Yu didn't speak, but just turned his gaze to Zhang Yiyue.

Now, let's watch her performance.

Zhang Yiyue stood up and said politely: "Sister Hong, right! This is Zhang Yiyue, you can call me Yueyue..."

"Hello." Wang Hong responded with a smile.

"Sister Hong, this is the case. We have a lot of cars here, or let's go take a look first." Zhang Yiyue took her arm and half-pushed Wang Hong to the platform.

Next, Brother Yu just needs to wait for the payment, UU reading www.uukanshu.com has nothing to do, he takes out his phone and plays the notes.

Within a few minutes, a pair of black silk legs suddenly appeared beside him, "Shao Qin, I'm making tea for you."

looked up at the other party, and the data flashed in front of him.

Xu Lu, 22 years old, with a face value of 88↑, a figure of 89-, and a freshness of 87↓.

'Okay.'

Brother Yu nodded and smiled: "Thank you."

After he finished speaking, he planned to lower his head to continue playing on the phone, but he didn't know the other party didn't mean to leave.

sat down next to him familiarly, and negotiated with him, "Qin Shao, you must have been very hard for a day. We have a special massage area on the second floor. Should I take you to a rest meeting?"

"Moreover, the view on the second floor is better, you can see the whole hall..."

"If you want to see a car, I can recommend it for you..."

"Sister Xiaoyue is also very busy, and she has an endless stream of customers who come to her every day..."

"The last time Mr. Wang ordered two cars from her at a time, like me, it won't work. He always doesn't understand the meaning of customers and always offends people."

"Our manager told me to learn more with Sister Xiaoyue, but every time Sister Xiaoyue talked to the client alone in the room, she took the order in tens of minutes..."

Hearing the other party chattering about applying eye drops to Zhang Yiyue, Qin Yu looked at her and Zhang Yiyue not far behind her playfully.

The expression is clearly saying, 'This little sister's tea art is old and authentic...'

Chapter 419: I am a nanny

"Shao Qin, don't get me wrong when I say these, I just envy Sister Xiaoyue..."

Balabara made tea for a long time, Xu Lu raised her head to see him looking straight behind her, then looked back: "..."

"Sister Xiaoyue." Xu Lu's expression sat on wax.

"Thank you for helping me take care of Qin Shao, Xiao Lu." Zhang Yiyue's gloomy expression suddenly smiled, and kindly took her hand and patted.

slap, slap...

After two clicks, the back of Xu Lu's hand was red.

Water splashes in his eye sockets, pitifully looking at Qin Yu, as if asking him to make the decision for himself.

Brother Yu put his finger on the phone, tap!

The screen lights up, and I continue to brush the notes happily...

Seeing this scene, Xu Lu hated her, but she did not dare to explode.

What's so good about Zhang Yiyue? Isn't she just having a pretty face, longer legs, bigger breasts...

shook off Zhang Yiyue's hand vigorously, and Xu Lu ran to the work area full of grievances.

"I'm sorry, Shao Qin." Zhang Yiyue sat beside him and apologized, brushing his hand across the skirt. "Let you watch the joke."

"Hehe, it's interesting!" Qin Yu smiled and asked: "How about it, do you have any?"

In my free time, watching a tea art show to pass the time is pretty good.

I have finished watching the performance, so I still have to get the business done first.

Wang Hong lifted the broken hair on the temple with his hand, and whispered softly, "Satsuki recommended me very well."

"2021 model, S-class Coupé 2.9T, orange red..." Zhang Yiyue made a brief introduction, "The price of the naked car is 1.268 million, options and taxes... The whole car is about 1.68 million."

"So cheap?" Qin Yu's first reaction was not expensive, but cheap.

Jiang Xiaoshan's Cayenne, but it cost nearly 3 million.

This one only costs half the price, isn't it cheap?

"Shao Qin, the last time you chose 4.0T, there are more things to choose." Looking at Wang Hong, Zhang Yiyue smiled lightly: "However, this car must be enough for daily use."

"Shao Qin, I don't usually have much to go, I just run around the city," Wang Hong said.

Qin Yu felt more than one million cheaper, but she didn't feel it at all.

More than one million dollars to buy a car, it is already considered a luxury car.

Where is cheap?

Moreover, she wants to buy this car by herself, which is a small reward for herself.

One-time payment is definitely not enough, but there is no problem with mortgage.

saved some money with the little anchor, and the cheongsam brand established by the latter two allowed her to achieve financial freedom.

Although it can only be stained with a little edge, it is already a great surprise for Wang Hong.

"The car will be according to her wishes, and the matching will follow the last time." Qin Yu handed the card to Zhang Yiyue directly after saying: "Choose and sign."

"Huh?" Wang Hong looked at him with a surprised expression, thinking that he had misheard.

"I said that I bought a car for you. If you don't sign, do I sign it?" Qin Yu waved his hand casually and urged: "Hurry up, I have an appointment at noon."

The impatient tone made Wang Hong get up quickly, and followed Zhang Yiyue away in a panic.

Looking back and squinting, Zhang Yiyue couldn't mention much envy in her heart.

'Eh~When will someone use a domineering tone to make me go and sign?'

'Otherwise, it's okay to kill me with a car or house book.'

"Sister Hong, how long have you known Shao Qin?" On the way to sign and go through the formalities, Zhang Yiyue randomly asked for a topic.

"Soon, more than half a year." Wang Hong responded.

"It's very hard to do things with Shao Qin, right?"

"Then I don't know, I am the nanny at home, cleaning, cleaning, and cooking."

Click!

The pen in Zhang Yiyue's hand was broken by her on the table, and her eyes were as big as a camel bell.

Now, even the babysitter drives a Porsche, do they settle down directly? ? ?

.....

.....

When Qin Yu and Wang Hong drove away one after another, Zhang Yiyue's expression was bitter.

I already gave him a test drive...

worked so hard, just to please him, but to cut off other thoughts.

I just wanted to hang this golden turtle son-in-law, even if it's just a corner, or the hairy legs!
But now even the nanny is driving a two million Cayenne, and he still holds a fixed commission.

Qin Shao, what do you want others to do to be satisfied?

Qin Yu, who drove to the Shanghai opera, naturally didn't know Zhang Yiyue's plan.

For him, Zhang Yiyue is just a game that can only be tasted occasionally.

Whenever you are interested, just taste it.

If it's dirty or dirty, that's all it takes to try another game.

To put it simply, it is dispensable, and where does it come from so much concern.

What can really make him worry about, this is not...

In the parking lot in front of , Li Wanxing wearing sunglasses is relying on the mini to look through the phone.

DiDi~

The whistle sound attracted Li Wanxing's attention and saw the familiar Palamela.

Li Wanxing took off his sunglasses and walked slowly towards him: "Shao Qin, it's not easy to see you."

"I should have said this." Qin Yu looked at her and nodded: "The body is well maintained, but why did you lose weight again?"

After experiencing the so-called goddess of ribs, I knew that the fleshy girl is really fragrant.

I can feel the thighs, so I rushed up...

Cough cough, get back to business, leaned forward and opened the door of the co-pilot, waiting for Li Wanxing to sit in.

Qin Yu continued: "You are in good shape now, don't abuse yourself."

"Qin Shao, you are too high on your own charm, will I abuse myself for you?"

Li Wanxing pointed to herself arrogantly and said, "No one wants me to wrong myself for him."

When she said this, her eyes were dim.

Recently, Li Wanxing found a beauty salon and followed the advice of a beauty consultant to control body fat.

The most effective way is naturally to control your mouth!

She has been eating a nutritious meal for a week. If it weren't for the occasional gluttony, she couldn't control her legs.

She must be thinner than she is now, and she has lost strength recently.

Before Qin Yu's answer, Li Wanxing looked at him with a guilty conscience.

found Qin Yu sitting sideways, staring at herself with piercing eyes.

Li Wanxing shook his hand shamelessly, "I'm just afraid that I'm too fat, so I did some body management a little bit. Oh, it's okay!"

"Really all right?"

"It's okay."

"Really?"

"Really... well, I see, I will cancel the course tomorrow."

Li Wanxing turned her head aside unconvinced, and turned her back to him with her arms around.

expressed his attitude in this way, 'the old lady was dismantled, very embarrassed, very angry, just ignore me within 30...15 seconds.'

Qin Yu didn't force her anymore, started the car, and opened the school gate before speaking again: "If you want to control your body, do more aerobic exercise..."

"Besides, you don't have an obese physique, so what kind of extreme diet control!"

Li Wanxing pouted her lips and resisted silently, but she agreed with what he said in her heart.

During this period of time to control her diet and eat only two meals a day, it is also a torture for her.

But who can blame this is not the pressure from around.

Shanshan, Xuan Xuan, and the lazy cat in Shangdu.

They are all so good, only they have a little belly.

always worry that he will dislike him, or feel that he is not good enough.

Suffering from gains and losses, it made her want to do some body fat control.

"Yan is thin and fat, don't you understand?" Qin Yu said amusedly: "Teacher Shen stewed pig's feet today, can you bear it?"

"Gudong..." Li Wanxing still couldn't hold back, Mr. Shen stewed pig's feet.

It is so fragrant!

drove the car into the backyard and parked next to the mini.

Qin Yu and Li Wanxing just walked in empty-handed, not treating themselves as outsiders at all.

"Mr. Shen, Xuan Xuan, I'm here." Li Wanxing opened the door and ran in.

"Sister Wanxing, come and help, ah~" Wen Yaxuan seemed to knock something over.

"Don't move, let me come." Li Wanxing raised her sleeves and rushed into the kitchen.

After a while, Wen Yaxuan, who was splashed with oil on her body, walked out of the kitchen and saw Qin Yu's '唰' lowering her head.

rushed into the kitchen in small steps, it was too shameful!

After learning so many cooking skills from my mother, even the pot is unstable.

Does Qin Yu think I am stupid? ?

When she came out again, Qin Yu in the living room had disappeared.

The voice of him talking with Li Wanxing and his mother's guidance from time to time came from the kitchen.

came to the kitchen door and looked at the three busy people inside, Wen Yaxuan was a little jealous: "So, you are a family, I am here as a guest, right?"

Li Wanxing, who was preparing the side dishes, put down the knife, pointed to the chopping board and said, "You come."

Wen Yaxuan smiled slightly and pulled up her sleeves happily.

Two minutes later, Wen Yaxuan, with her head down, walked out of the kitchen under the supervision of Teacher Shen, and sat quietly at the table...waiting to eat!

In the words of Teacher Shen, "As long as you wait and eat quietly, it is the greatest contribution!"

Chapter 420: Buy HNA?

In the early morning, Jiang Xiaoshan was at home.

Jiang Xiaoshan, dressed in cool clothes, is packing for Qin Yu while he is washing in the bathroom.

"Why are you leaving all of a sudden?" Jiang Xiaoshan was still a little depressed as she cleaned up.

Yesterday morning, I said that I would stay two more days, why I was leaving suddenly.

However, Qin Yu always went to see Lan Yue. She was a little depressed and would not speak directly.

"It just so happens that I have something to do, and I will be back in a few days." Qin Yu wiped his face with a towel and saw the underwear Jiang Xiaoshan had stuffed into the corner of the suitcase.

"By the way, I bought a few more later, the flexibility is a bit loose." Qin Yu pointed downwards.
bulging...

I always feel a little uncomfortable if I don't fit my skin, but I'd better buy a new one to feel comfortable.

"I see..." Jiang Xiaoshan asked after returning: "Buy 40 pieces, and put 10 pieces in a family."

"You can figure it out," Qin Yu said while wearing clothes.

"By the way, when I went to Teacher Shen's house yesterday, what did Xuan Xuan look like?" Jiang Xiaoshan has been busy filming recently and has no time to meet the sisters.

ask occasionally, so as not to know anything when we meet again, embarrassing!

"What else? When I arrived with Wanxing yesterday..."

Qin Yu talked about her performance yesterday, and she was all helpless, and she was finally driven out of the kitchen by Teacher Shen.

Sit down and wait to eat!

"However, she really lived up to Teacher Shen's expectations. In the end, she took care of everything she didn't finish."

Thinking of Wen Yaxuan's belly billowing, she couldn't stand up while lying on a chair.

Qin Yu couldn't help laughing: "You didn't see her like that, Wanxing seems to have taken it, you ask her for it, haha..."

"You all know to tease Xuan Xuan, you know that she has nothing to do with her food." Jiang Xiaoshan complained, but couldn't help but chuckle a few times.

Just listening to him makes it interesting, the scene must be particularly interesting.

"Look for an opportunity to go to the backstreet to eat mala Tang... I thought about it a little bit." Seeing the lonely expression on her face, Qin Yu reached out and put his arms around her waist and kissed her on the forehead.

They haven't been together for a long time, Jiang Xiaoshan misses the days when she was in school.

At that time, they were inseparable, just like Siamese babies...

"Ok."

Jiang Xiaoshan regained her anger, stepped her foot and kissed his face: "Go out, be careful."

"Don't worry." Lifting the luggage, Qin Yu walked out happily.

Gentle township, buried in the bones.

But this gentle town, it is so fragrant!

Sometimes I stay for a long time, and I really have the urge to sink in.

Fortunately, there are dreams to support Yu Ge.

He still has to save those unhappy young ladies and give them a warm home.

Don't ask the details, just ask is great!

"Remember to take Yueyue for me, just say that we all miss her." Jiang Xiaoshan followed out of the room, only Qin Yu waved his back and the door was gradually closed.

.....

.....

At the airport, Qin Yu sat in his place under the warm and charming gaze of the stewardess.

Soon after, the plane officially took off.

There was a clear voice beside Qin Yu, who closed his eyes and slumbered: "Sir, would you like something to drink?"

reached out and grabbed forward, the figure let out a depressed whisper, and fell into Qin Yu's arms.

"Let go, be careful of being seen." Xing Lu struggled shyly and wanted to get up.

But because the waist was surrounded by Qin Yu's powerful arms, he couldn't break free and get up.

"It doesn't matter, you can see it as soon as you see it."

"This is when I was seen to be fired during work."

"You care about this job so much?"

Hearing what he said, Xing Lu pretended to be angry and said: "This is my job, what do you think?"

"Then buy it." Qin Yu responded calmly.

"What?" Xing Lu blinked, her mind a little confused.

"I said, if someone really sees it, buy HNA." Qin Yu does have the idea of investing in the aviation industry.

It is still a bit difficult to buy the entire HNA.

But if you just buy shares, there is no problem.

Seeing his serious expression, Xing Lu was really a little scared, and waved her hand: "Don't be kidding, all right, I'll come back to accompany you later."

Seeing him let go of his hand reluctantly, Xing Lu thought for a while and said in his ear: "Get off the plane, go to the hotel... do it as you like."

Before the words fell, Xing Lu blushed and ran away quickly.

If you don't run faster, she is afraid that she will be caught by Qin Yu and rectify the law on the spot.

The sword is so powerful that it's deadly...

Looking at her away back, there is still a faint fragrance in the air.

Taking a deep breath, Qin Yu closed his eyes, with a slight smile on the corner of his mouth.

The charm of this woman has become more attractive after development.

The plane landed, and Qin Yu waited for Xing to reveal himself in the online taxi.

Because I wanted to meet her, Qin Yu didn't notify anyone this time.

The whole day today is reserved for Xing Lu.

The two get together less and leave more, and only meet each other in a month or two, so naturally they have to allow more time to come.

Waiting for Xing Lu, who was dragging his luggage, came to the car. The old man who drove envied him: "Brother, what a blessing!"

smiled slightly, Qin Yu opened the door.

Helped Xing Lu release the luggage, got in the car and closed the door, Qin Yu said to the master: "Master, it's okay."

In the car, Qin Yu's hands began to be dishonest.

Wait to the hotel, just walked in.

咚, 咚, 哐当.....

.....

.....

Looking at the messy room, Qin Yu got up and put the lamp by his feet back on the round table.

Xing Lu blew the hair around her mouth and sat up with her hands propped up.

"What do you want to eat at night, I will take you there." For four hours and several rounds, Xing Lu felt that it was time to add some strength.

"Tell the hotel to bring something up, and go out for supper at night."

"A few hours before dark, just stay in the room?"

"What do you mean?" Qin Yu came back alive and well.

.....

.....

In the middle of the night, Xing Lu took Qin Yu's arm and walked in the lively snack street as if hanging on his body.

"I want to eat that, and stinky tofu... two more **** of meat..."

Xing Lu is responsible for the selection, and Qin Yu is responsible for the purchase.

Then the two heads are put together, one bite for you, one bite for me.

There are many young couples like them in the streets, but the two are still the most concerned.

When buying iced tea, the little girl who made tea even gave them a large cup for free.

The look in Yu Ge's eyes is full of water stains with unruly conspiracy!

If it weren't for Xing Lu by her side, I'm afraid she would have nominated herself and would be the wife of Brother Yu.

"Are you particularly proud?" Holding the ice tea, Xing Lu drank and laughed: "That little girl just now, I wish I could leave you as the boss."

"Then you are the boss's wife?" Qin Yu looked up and down a few times, nodded in satisfaction and said: "With your looks, you can definitely comment on milk tea Xi Shi."

Xing Lu tweeted, and retorted: "Who makes milk tea Xi Tzu, the little girl wants you to be the boss."

"... She thinks a bit beautiful!" Qin Yu paused, and said lightly.

Seeing his serious look, Xing Lu smiled and said: "You say that, the little girl will be sad."

"Don't let her be sad, I should hurt my body." Qin Yu responded teasingly, and what was ushered in was Xing Lu's fan fist chasing after him.

ate the snack street all over while having fun, Xing Lu touched her belly with her hand.

said worriedly: "Oh, eating so much, I will get fat tomorrow."

"It doesn't matter I have a way." Qin Yu smiled mysteriously.

"What way?" Xing Lu looked at him curiously.

"Of course... I went back to the hotel to do exercises. I will keep you in a perfect figure tomorrow morning... Don't fight, I'm serious..."

"I can't hit...Be careful and you will vomit when you wait, haha..."

Qin Yu who couldn't catch him looking no matter what, and still angered himself with a grimace.

Xing Lu bit her teeth and said viciously: "You have the ability to wait until you get to the hotel and you run so fast, be careful I click... bite off."

Instinctively clamped his legs, a layer of cold sweat appeared on his forehead.

Brother Yu licked his face and ran back, "Hey, this baby can't bite..."

Xing Lu triumphantly carried her hands behind her back, took an exaggerated step, shook her head and said: "Then it depends on the mood of the master."
