

32 CHAPTER 32

Eros Pov 1

I smashed my lips on Aella's, a sweet whimper escaped her lips as I nibbled on it.

Her lips tasted like strawberry, her hard nipples pressed into my chest, soft.

A moan escaped my lips as she moved desperately on me, eager to ease her discomfort.

I pulled away from the kiss, shit, I'm meant to be the rational one here, my first time with Aella can't be while she's in heat and most definitely not in the elders house, like pups sneaking around. My first time with her is meant to be special, something memorable.

But the vulnerable and pained look she was giving me right now, made resisting her even harder.

"Mate is in heat" Eden pranced around in my head.

"Shut up" I groaned, "I need to think" I shut him out.

Aella kept moving on my body, her hands were on me now, trying to remove my clothes, I held her hands, shaking my head.

"Please" she croaked painfully, her voice breaking as she spoke.

"Ell.." She kissed my temple, moving to the sweet spot on my neck, where she's meant to lay her claim on me, sucking on it.

"Haa" I breathed out harshly, the sensation was nothing like I'd ever felt before. I had slept with different women in the past and even prided myself in my high self control but now, I was losing my grip slowly.

Pulling myself together, I dragged her away from my body, "no" she groaned.

Steadying my shaky breath, "Ellie, you need to endure it, we can't do it here. Remember where we are" I reminded her gently.

"Mate is in pain" Eden growled. "We can't take her yet" I replied, ignoring his furious rant. Horny fool.

"Ellie" I called out, noting how she had quietened, "Ell-" I was at a loss of words immediately she lifted her head to look at me.

Tears brimmed at the corner of her eyes, her brows furrowed, sweats dripped from her face, her silver pupils peered into mine. All I could think or right then was how she would look when she comes undone.

Shit, I need to stop thinking of such things, little Eros was not helping matters either, it strained painfully against my pants eager to be released.

She started moving, slowly in a circular motion, grinding her ass on little Eros, moving like she was born for it.

"Don'tttt" I groaned hoarsely, steadying her with my hands, subtly helping her with the movements.

"Fuck, I couldn't take her here, but I can definitely make her regret teasing me."

"This is your first time right?" I confirmed, biting her ears softly. With how shy she gets whenever I teased her, I'd find it difficult to believe that she was anything but a virgin, I must make her first time special.

"Mmm" she replied, stripping off her gown

She was a size D, perfect. "Stop" I stopped her, she looked at me in confusion. "Turn around" I said raspily.

She turned with minimal struggle, I unclasped the bra, trailing my hand slowly down her back.

She shuddered from my touch "please" she breathed

"Please what?" I placed a kiss on her bare shoulder, trailing downwards. "Tell me or I'll stop" I threatened.

"Please, I need you" she gasped as I nibbled on her waist. I helped her to lie properly on the couch, then slowly I slid down her panties.

Wet tears glistened her thighs, her pussy was cleanly shaved, "beautiful" I mumbled. She pressed her legs together but I stopped it, separating them gently, "don't hide from me" I delivered a sharp slap on her clit.

"Ah" she gasped, more juice dripping down her legs, "beautiful" I whispered once more, ready to worship my goddess. I grabbed her nipples, goddess, it perfectly fit into my hand, this body was made just for me, I squeezed, had.

"Eros" she cried out, the words came out shakily, I could tell that the sensation was killing her.

"Yes, Aella, tell me what you want"

"The ache" she gasped as I flicked her clit
"make it stop, take me please"

"Your wish is my command" freeing the hand that held her nipples, I parted her legs properly such that I was able to fit in between.

I began playing with her clit, teasing her,

"can you see it" I showed her my hands "see how my finger are glistening with your sweet juice, taste yourself" without giving her time to think, I plunged my finger into her lips, she moaned, sucking my digit like she was born to.

She released my hand with a pop, "please, put it in" she said sultrily, "with pleasure," I grinned.

Then I put my fingers in, "fuck, you're tight" I moaned, her breathing was shaky, "are you okay?"

"Yes" she nodded.

I smiled, then put it in fully, with the aid of her love juice which made the process smoother, I brought it out, then put it back again, pumping in and out.

Her loud moans which were like music to my ears filled the room, I added an extra finger, "Yes. Take my fingers like the good girl you are" I groaned increasing the pace. She was a moaning mess now.

"Eros....I..I...I'm about to cum" she screamed.

"Yes darling," I increased the pace even more. "Cum for me" I whispered, then she came come, shuddering as she came down from the high. Her breathe steadied right after.

Looking at her lying there, face flushed,

completely undone from just my hands, her eyes closing tiredly, I knew one thing. I would burn the fucking world down for her.

Pecking her forehead, I lifted her, I needed to take her to my room for a proper rest, heat came in waves and luckily this one didn't need me to knot her. She needed to rest cause she was going to need it for the next wave. Good thing Jessy forced me to keep the keys to my old room here, I took her to my bed, her eyes fluttered as I lay her on it.

"Sleep" I whispered to her.

She murmured incoherent words before turning her eyes closed fully.

I took a spare towel from the bathroom and using water I wiped her down completely, so she could sleep comfortably.

When I was done, I left the room with my cleaning tools, I needed to clean up before one of those oldies returned or I would never hear the end of it.

It was already a miracle that they didn't catch us.
