

48 CHAPTER 48

"What is what" 1

My body trembled as I stood, I could feel Eros eyes follow my every movement as I went round the table towards Lilith.

I grabbed her right arm forcefully, "what?"

"Shut up" I snarled, pulling the sleeves of her clothes up. I confirmed exactly what I had seen.

My body shook involuntarily, they just had to take everything from my mother and I, letting her die wasn't enough, hiding my twin wasn't enough, they just had to be greedy cunts.

"How dare you" I thundered,

"What the fuck is wrong with you? Or you think you can bully everyone now you have an Alpha backing you" she shot back

"This" I raised her arm, on her wrists was a bracelet exactly the same as the necklace my mother had left for me, the one with the letter Z engraved on it.

No doubt her mother must have taken it

and given it to her, the witch.

"What's wrong with my arm?" she struggled, trying to get away from my grip.

"Where did you get this bangle?" I asked instead.

"None of your business" she rolled her eyes

"I'll answer me if I were you, your just inches away from becoming a meal for my wolf"

"Are you going to let her treat me like this?" She shot a nervous glance at Crux

He tried standing, but a warning growl from Eros had him back on his seat in seconds,

"Time's going sweetheart" I said mockingly, applying more pressure on her hand,

"You're going to break my hand" she screamed

"Really? A little pain shouldn't matter after all? Or should it?"

"Fine, I've had it for as long as I can remember" she gritted out.

"Lies, try again." I'd have noticed if she had worn a particular jewelry her entire life.

"Fuck, I'm telling the tr—ahhhh" her ear

piercing scream rang out, I'd crushed her bones

"Aella, you need to calm down," Ava said.

"Are you on their side or mine?" I felt a little hurt, she had been inside me, seeing all I had been through in Lilith's and Andrea's hand.

Crushing her arm for taking something that should belong to my sister, barely covers the cost of what she and her mother did.

"I'm not picking sides, but you're being a bit irrational now, think baby girl" her voice sounded soothing, the storm in my heart lessened.

With a deep breath, I opened and closed my eyes, Lilith was still whimpering and gritting from the pain of having her arm crushed, I wasn't sorry, not even a slight bit. But Ava was right, I was being irrational.

Hurting her won't change the past, nor help me find Zrael, if she has Zrael's bangle, it can only mean that Andrea gave it to her, which means Andrea knows exactly where my sister is.

But I wasn't letting Lilith off easily, "I'm still waiting for your reply," I mocked.

The hall was quiet now, all watching the exchange between us, holding their breaths, with Eros standing guard, no one dared to interrupt, but the judgement in their gazes was apparent. But who gives two flies what this pack thinks.

"Abuela gave it to me as a gift," she spat, glaring at me.

I froze, "Abuela?"

"Thought you're the only one who got a present mutt?"

Ava growled loudly, forcefully taking over "I dare you to repeat that"

Lilith looked like she was going to cry at any moment, I shook my head, yanking the bangle of her arms, I let her go, pack members rushed to help her to her feet.

"This isn't over," she spat as she walked out,

"Words of a dying man," I rolled my eyes

"Sorry for the mess alpha Crux, I'll be retiring with my mate and companions now" I said bluntly, ignoring the looks and stares from the other pack members.

"Are you okay?" Eros asked immediately as

we left, I could see the worry in Celeste's eyes as she looked at me expectantly, waiting for my response.

"See for yourselves" I directly unhooked the necklace I had kept close to my heart ever since I received it.

Eros took it, examining both necklaces and bangle, "it's exactly the same, almost like a set" he mumbled

"So you're saying Lilith stole it?" Kaden wondered

"She won't stoop that low, she claimed Abuela gave it to her, but I can smell Andrea's sticky fingers in it"

"Damn, so what do you want to do now" Celeste asked

"Start from confirming from Abuela where she got the necklace and then, Andrea has got a lot to answer for." I clenched my teeth.

"No worries, calm down Aels, we're closer to finding your sister now, I can feel it" Celeste patted my shoulders before going back to her room.

"Yeah Luna, We are with you, break some bones if you must. That was totally bad ass"

Kaden did a fist bump before following Celeste.

"Thanks guys" I waved at them.

"Weird, they're heading in the same direction"

"Let them be love, How are you holding up?" Eros intertwined my hands with his as we walked back to the room.

My heart swelled at the words, whether it was gratitude, love or joy, I couldn't tell, but to have a mate who treats me just like Eros does, there can only be one explanation for it. I'm blessed.

"We're blessed stupid" Ava snickered.

"classic" I rolled my eyes.

"You haven't answered us little one"

"Eden," I grinned.

"Hello little one" he bopped my nose

"I guess I'm holding up well, especially with my big bad Alpha with me" I snuggled into his embrace

"And that big bad Alpha will protect you from every asshole that think they have something on you doll"

48 CHAPTER 48

"Thank you," I whispered. "I love you so much"

"As do I little one"
