Chapter 146: Are You Ladies Femme Fatales or Not?

Yang Yan's voice wasn't low, and everyone's gaze focused on him, the discussions stopping abruptly.

Especially the girl he praised earlier, seeing such a sunny and handsome man appear in front of her, couldn't help but feel her heart race and looked at him with a lovesick expression.

Yang Yan gave her a charming smile, then asked:

"Beautiful, can you tell me where that Mr. Zhang and those beauties are?"

"Hey, handsome, why are you asking about them! They're all Mr. Zhang's type anyway, why not consider the two of us?"

Nearby, a tall and pretty girl cast a flirtatious glance at Yang Yan.

"Alright, stop joking. They're in room 999 on the third floor, but you better not go up. Mr. Zhang is in a bad mood right now, and if you go up and get beaten for nothing, it wouldn't be good."

The girl Yang Yan praised earlier kindly reminded him.

"Okay, thank you, beautiful."

After saying that, Yang Yan and Wang Xue headed straight to the elevator.

Another girl wanted to say something else, but noticing the beautiful Wang Xue beside him, she finally gave up.

Entering the elevator, they quickly arrived on the third floor.

The third floor was already crowded, with no place to stand.

Wang Xue anxiously tried to squeeze in but couldn't.

Yang Yan frowned, holding Wang Xue's hand, and walked forward.

The surrounding people somehow made way for them.

"You bitches! Don't pretend you don't want it. Being favored by Mr. Zhang Yu is the blessing your ancestors accumulated for you. If you don't sleep with me tonight, I'll get dozens of brothers to sleep with you."

A man in a suit, looking all pompous, sneered.

"Look at yourself, do you think having some money is awesome? This is a law-abiding society. If you dare mess around, we'll call the police."

Wu Min said angrily.

"Ha ha, call the police? I'm so scared! Why don't you try it now? Didn't that little beauty just make a call? Well? Did the police come?"

Zhang Yu laughed haughtily and said arrogantly.

"Don't go too far, or when my boyfriend arrives, you'll regret it."

Zhou Hanyu said with a smile, not the least bit flustered, rather certain.

"He he! Who's your boyfriend? In East Sea, who dares disrespect me? Even the big boss of the Black Tiger Gang, when he sees me, has to address me as Young Master Zhang, Yu."

Zhang Yu squinted his eyes, greedily sizing up Zhou Hanyu.

"That's why the Black Tiger Gang vanished, Butcher Zheng died, and their boss completely disappeared."

Beside them, Yang Yan came over, smiling lightly and winked at Zhou Hanyu.

"Who are you? Do you freakin' know who I am? Kid, don't talk rashly, be careful your tongue doesn't cost you your life."

Zhang Yu glared at Yang Yan, gloomily spoke.

"These words sound familiar! Who was it that told me this last time? But their outcome wasn't great, the grass on their grave should be over a person tall now! So, want to try?"

Yang Yan said casually.

"Damn it, you're asking for death! Do you know who you're talking to?"

A lackey beside Zhang Yu couldn't help but shout.

"Oh ho! The master hasn't said a word, yet you're barking quite fiercely like a dog!"

Yang Yan suddenly laughed, mocking coldly.

"Damn it, you're asking for death!"

The lackey cursed and swung his fist at Yang Yan, aiming for his eyes.

"Ah!"

A cry of agony, Yang Yan grabbed the man's hand.

"Getting into two fights in one night, you tell me, aren't you beauties troublemakers?"

Yang Yan asked with a smile.

"Where were you dying just now? Luckily, you came in time, or we'd be in trouble."

Beside him, Zhou Hanyu questioned, but her face held a gleeful smile.

"If I hadn't come now, how would I see your boyfriend? I bet your boyfriend must be handsome, right?"

Yang Yan smiled and said.

"You rascal! These guys made me really upset, you better teach them a good lesson!"

Zhou Hanyu pouted and said.

Right now, Zhang Yu seemed to have never seen a woman before, his eyes glowing with red light, staring intently at the pouting Zhou Hanyu.

That wolf-like gaze seemed as if he wanted to devour her whole.

Although her looks weren't breathtaking, she was certainly in the category of rare beauty.

Especially with the pure and spicy aura she had, it was truly intoxicating!

Looking at her appearance, she seemed to still be a virgin.

Zhang Yu fully believed in his judgment.

No way, I've got to have her tonight!

Determined, Zhang Yu whispered a couple of words to a lackey beside him.

The lackey hurried off after hearing him.

"Today, the rest of you can leave. But she must stay."

Zhang Yu pointed to Zhou Hanyu, arrogantly said.

"Dream on! We came together, we'll naturally leave together, who do you think you are? Don't be too excessive."

Zhao Yan pulled Zhou Hanyu, shielding her.

"Ha! Excessive? You haven't seen anything yet. If you aren't leaving, then none of you will leave, take them all back for me. Be careful, don't hurt them, especially her."

Zhang Yu pointed to Zhou Hanyu, smirked and licked his lips.

His lackeys heard and went up to grab people, each wearing a sinister grin, wolf-like gazes wandering over the group of girls.

"Have you finished watching? If you have, why not come help?"

Zhou Hanyu calmly looked at Yang Yan, jokingly said.

She was full of confidence in Yang Yan's abilities.

Even the other girls appeared composed.

They also witnessed Yang Yan's formidable combat skills, although not as wildly exaggerated as Zhou Hanyu had seen, but handling the current situation should be more than enough.

"This drama of forcibly snatching innocent girls, though truly intriguing, seems a bit odd when happening right around me."

Yang Yan said while suddenly swinging a punch, hitting a lackey's jaw hard.

Crack!

The sound of bone cracking, that person didn't even groan, directly fell to the ground lifelessly.

This sudden twist completely stunned the previously arrogant Zhang Yu.

"In today's society, if you like someone, pursue them sincerely! If you're not confident because of your looks, then throw money at it! There are many solutions, why resort to violence? Seriously!"

Yang Yan chided while his hands didn't stop moving.

In less than twenty seconds, the ground was strewn with bodies.

"So, still want to grab us?"

Zhou Hanyu looked at Zhang Yu, teasingly asked.
