Chapter 43: This Bastard Is Spacing Out Staring at My Panties

The shower rooms here are separated by partitions.

Probably because there are six girls using them usually, they've divided it into six shower rooms.

Yang Yan didn't think much and directly went to pull the door of the first one.

Then, he stopped suddenly.

Someone's there!

When he came to his senses, he realized that he was thinking about Zhuge Wushuang, ignoring the sound of water in this room.

Ah!

Just like him, it took a full three seconds for the woman inside to scream.

She was none other than the glasses girl named Yajie.

At this moment, she had just finished washing her hair and was rinsing off.

The sound of the water rushing made her completely unaware that someone came in.

Besides, only girls ever came in here, so even if someone entered the wrong door, it wasn't a big deal.

But now, suddenly seeing a man come in made her completely dumbfounded.

"What's wrong, Yajie?"

At the same time, a voice and the sound of a door opening came from next door.

Yang Yan just wanted to apologize when Yajie suddenly pulled him in.

The other girls in the cubicles were unaware and thought something had happened, so they all came out to Yajie's door.

Because it was a glass door and all misty inside, they hurriedly knocked on the door and asked:

"Are you okay, Yajie?"

"Ah! I'm fine, I just almost slipped. You guys go ahead and shower, I'll be out when I'm done."

Yajie covered Yang Yan's mouth while gesturing for him to keep quiet, and casually said to the outside.

"Oh! Okay."

The girl named Xiaoqian, unaware of anything, said with a laugh.

After confirming they went back to shower, Yajie exhaled a sigh of relief and let go of Yang Yan's mouth.

"How could you do that? What do you take me for?"

Before Yajie could speak, Yang Yan was already complaining.

"You..."

Yajie was speechless.

Yang Yan finished speaking and was about to leave.

Just as he was about to reach for the door, he heard Wang Xue's sudden voice, with a hint of urgency.

"Why are you all showering? Where is Yang Yan? I just called him to shower, be careful not to expose yourselves."

"Oh! I met him at the door earlier, and I told him that Ya and the others were showering, so he should be outside now!"

Yajie said quickly.

Now Yang Yan didn't know whether to open the door or not.

Just as he was about to turn around, Yajie pushed his head down.

From his current angle, he could only see the upper half of the door being opened from the outside, and Wang Xue's head peeking in:

"I've told you guys several times already, don't close the top of the door, or it won't ventilate, and someone might pass out from the lack of air."

Damn!

This door can be opened from the top; what kind of design is this?

Which damn designer thought this up!

I'm going to buy them dinner; this thing is really something.

Yang Yan, crouching down pressed by Yajie, saw things he shouldn't very clearly.

Suddenly, he felt his nose itching as if something was about to flow out.

Yajie noticed too, her face turning red instantly, quickly turning Yang Yan's head the other way.

This time, Yang Yan's nosebleed poured out completely.

It turned out that you couldn't see inside from the outside, but from the inside, you could see outside clearly.

At this moment, Wang Xue was undressing right outside the door!

Seeing Wang Xue take off her clothes one by one, Yang Yan couldn't hold back his nosebleed at all.

The water on the ground mixed with Yang Yan's nosebleed flowed out, and Wang Xue saw it and said:

"Yajie, how could you be on your period and take a shower, it's not good for you, quickly get out and stop touching the water!"

Wang Xue said this nearly against the door, and Yang Yan's nosebleed just couldn't stop.

Oh no, oh no!

Never imagined I'd die in such a place!

These two women are too fierce.

Using such tactics, there's no defense against it!

Yang Yan held his nose and yelled desperately in his heart.

Right now, Yajie couldn't express her feelings in words.

Watching Yang Yan staring at Wang Xue's body, leading to this whole situation, she could only grit her teeth and turn Yang Yan's head back.

Dead, dead!

This time I'm really going to die!

This woman just won't give up on bringing me down!

But to die under a peony in death is to be romantic, might as well die a romantic death!

Yang Yan sighed again, with his eyes wide open, carefully admiring Yajie's perfect body.

As soon as Wang Xue went to shower, Yajie quickly let go of Yang Yan, whispered angrily:

"Aren't you going to close your eyes?"

"The heaven gave me this pair of eyes to discover the beautiful things in the world. I wish I could keep them open even while I sleep, how could I close them?"

Yang Yan raised his eyebrows and said in all seriousness.

But his burning gaze was still fixed on a certain part of Yajie, motionless.

"You... how could you!"

Yajie was almost in tears.

If she wasn't worried about other people finding out Yang Yan was there, she'd definitely kill this shameless guy in front of her.

Seeing Yajie's eyes turn red, really about to cry, Yang Yan knew he shouldn't overdo it, so he averted his gaze.

But after thinking carefully, Yang Yan felt a bit wronged.

He mistakenly entered the wrong place; it was his fault indeed.

But after all, it was an unintentional mistake; it could still be forgiven.

At worst, he would just leave!

But she insisted on pulling him in.

He originally wanted to resist, but for the sake of her reputation, he succumbed.

Moreover, it was her who pressed his head down to see.

Yes, right, and it was her who caused him to see Wang Xue.

All things considered, it's because of Yajie.

Actually, he is the biggest victim here.

Don't believe me? Look, the blood on the ground is the proof.

How much blood did it take to create such a gory scene?

To know, even over there or in the Southern Border, he's never bled this much.

If those people knew what this woman was capable of, it'd definitely blow their minds.

The mighty Moonlight, an outstanding figure, known as one of the strongest in the underground world, was manipulated by a woman into bleeding at least half a pound.

This woman is how formidable?

Unimaginable.

Full of indignation, Yajie saw Wang Xue go to shower, quietly opened the door, told the shameless guy inside not to come out yet, then went to get a towel herself, cautiously checking out the other shower areas.

"Okay, no one's paying attention here, you can leave now."

Yajie, with her back to Yang Yan, said in a low voice.

Said this and didn't hear any sound.

She suspiciously turned back and saw Yang Yan still standing there not moving.

Furious, Yajie was about to pull Yang Yan when she realized why he wasn't moving.

Turns out, there was her newly changed underwear in there.

At this critical moment, this bastard was staring at her underwear in a daze!
