Chapter 95: Excuse Me, Are You Lord Moonlight?

The people present might just know that Yang Yan had killed many people and was a super killing star.

Moreover, in their eyes, Yang Yan was absolutely destined to die.

As for why no one pursued it later, they were at a loss.

Some are still thinking, maybe the Li Family feared being implicated after seeing so many people dead, so they ultimately gave up and even used connections to calm the matter.

But Xu Changda

knew very well that this young man named Yang Yan had a background far more terrifying than imagined.

It was precisely because of this that the high-levels of Huaxia held an overnight meeting, used countless connections, and forcefully suppressed the East Sea Pearl incident.

So today he had to come personally.

To show an attitude, but also to see for himself if this young man named Yang Yan really had three heads and six arms.

When Mr. Zhou came out, Xu Changda hurried forward, holding Mr. Zhou's hands warmly as he said:

"Mr. Zhou, you've worked hard! I represent the country to express our respects to the esteemed elder who has made outstanding contributions to the construction of New Huaxia, may you have a long life equal to that of the East Sea and Nanshan."

"Thank you for remembering my old bones, and thank Secretary Xu for sparing your busy schedule to come here, thank you, thank you!"

Mr. Zhou said with a hearty laugh.

"Secretary Xu, please take a seat."

Zhou Hanyun's uncle was also flattered by Secretary Xu's personal visit, saying in awe.

"Alright, Mr. Zhou, you go rest, I'll just find a place to sit for a while. I want to say a few words to President Zhou later, you go rest, don't bother with me."

Xu Changda said kindly.

"Alright, Yun, come, you entertain Secretary Xu, I really can't stand much, just standing a while has my legs hurting terribly."

Mr. Zhou said to Zhou Hanyun while walking to sit at the main seat.

Having experienced so much, how could he not hear Xu Changda wanted to find Zhou Hanyun?

Zhou Hanyun exchanged pleasantries with the people around and then came to Xu Changda's side, smiling and saying:

"Thank you, Uncle Xu, for sparing the time from your busy schedule, you must have a few drinks later."

Zhou Hanyun smiled as she spoke.

The appellation of Uncle Xu made Xu Changda slightly stunned, then his smile deepened.

Strictly speaking, he had no dealings with the Zhou Family.

But Zhou Hanyun regarded herself as a junior, which already showed an attitude.

This time he came also hoping to engage with Yang Yan through Zhou Hanyun, and see if there's a chance for further communication.

Originally he worried the other party might not help, but now it seems at least they won't shun him entirely.

"I surely have to come for Elder Zhou's birthday. Besides, I've wanted to see our East Sea's business pearl for a long time."

Xu Changda said with squinted eyes and a smile.

"Oh no! You are too kind. Hanyun is just doing small bits, afraid it won't catch Uncle Xu's eye."

"By the way, why haven't I seen your boyfriend?"

Seeing the timing was right, Xu Changda skipped the formalities to directly address the topic.

"That lazy guy is still sleeping at the back! Uncle Xu, please wait a moment, I'll go call him out right away."

Zhou Hanyun astutely responded.

Xu Changda immediately said:

"No need, no need, if it's convenient, let's just go find him directly, since this is not the place to talk. If he's at the back, all the more convenient!"

"If that's the case, Uncle Xu, please follow me."

Saying this, Zhou Hanyun stood up and led Xu Changda to the small garden at the back.

This moment naturally fell into the eyes of all the guests, including Zhou Hanyun's uncles, aunts, and their sons and daughters.

Whatever ideas they had before were now completely thrown to the Nine Heavens.

The astute ones could see clearly, the top official of East Sea City ostensibly came to wish Mr. Zhou a happy birthday, but actually to find Zhou Hanyun.

Moreover, it seemed there was something important to discuss.

You should know, it's only when Mr. Zhou was at his grandest would he receive such treatment from figures of this caliber.

Now Zhou Hanyun, just a fledgling young girl, could be treated so importantly by Xu Changda, the underlying reasons were truly intriguing.

When Zhou Hanyun led Xu Changda to the backyard, Yang Yan was leisurely lying in a rocking chair, napping.

Although a foodie is a foodie, with eyes closed, he still held half-eaten grapes in his hand.

"Secretary Xu, please, Yang Yan is over there. If you have business with him, I will first go out to entertain the guests."

Zhou Hanyun very tactfully said.

Xu Changda was extremely satisfied, smilingly nodding:

"Little Zhou, you go ahead if you have things to do, I'll just have a chat with young Yang and leave, you don't need to mind me."

"You must have a few drinks before you leave, don't rush off, I'll first go out to manage the others, you're free here."

After saying this, Zhou Hanyun promptly left.

After seeing Zhou Hanyun leave the backyard, Xu Changda came to Yang Yan's side, pulled a stool over, and sat down.

"May I ask, is your honor the Moonlight Lord?"

Xu Changda asked cautiously.

Yang Yan opened his eyes, glanced at Xu Changda, and slowly said:

"Who are you?"

"I am Xu Changda, currently temporarily the top official of East Sea City, and also the head of external hidden world affairs in East Sea. Today, I officially represent Huaxia for the first contact with Moonlight Lord."

"I thought you would have come long ago, didn't expect it would take until now for you to show up."

Yang Yan said blandly, tossing a grape into his mouth, continuing to eat on his own.

"I believe the Lion King has communicated with you, because we didn't know your attitude, we had to prepare. After all, you are a 'titled' lord, if we recklessly approach you, it would be a terrible affair if we angered you."

"Huaxia is now in a period of rapid growth, stability is most important. So whether it's the current world or the hidden world, there needs to be a quiet environment, hope you understand."

Yang Yan spat out the grape skin and seed to the side, and tossed a second grape into his mouth:

"Be specific, what exactly do you want."

Yang Yan casually said, yet Xu Changda instinctively wiped his cold sweat.

He had faced many hidden world figures, but in Yang Yan's presence, he truly felt pressured.

After all, it was the legendary Moonlight, whose glorious deeds Xu Changda had heard a lot.

"From your external attitude towards all of Huaxia and its adversaries, I think we will get along very well. On behalf of Huaxia's hidden world, I would like to sincerely thank you once again for everything you've done for Huaxia!"

Saying this, Xu Changda stood up and bowed respectfully to Yang Yan, his eyes showing a touch of uncontrollable excitement.
