Chapter 127: Fear of Death and Clinging to Life?

Upon feeling the terrifying aura emanating from Jia Shaluo, Lin Chen reminded everyone and then immediately turned to flee.

Seeing Lin Chen leave as soon as he spoke, everyone couldn't help but wonder what had happened.

Having experienced the prior events, Li Caixia and the others had complete faith in Lin Chen's decisions, and they too didn't hesitate a moment after he left; they immediately followed in the direction Lin Chen had fled.

Just now, as Lin Chen knocked Jia Shaluo away, the surrounding red barrier also shattered, it seemed Jia Shaluo could no longer maintain the strength of the barrier.

"This cowardly, fear-of-death guy, the current situation is an excellent opportunity to eliminate these demon cultivators, and yet he's running away."

Leng Dong and the others watched as Lin Chen led the White Phoenix Hall away, and immediately started scolding.

Killing the Black Cloud Sect Disciples was rewarded with Contribution Value by the sect, and now that the Snake Lady had been defeated by Lin Chen, with the combined strength of Lin Chen, Wang Yilin, and the others, as well as their own, defeating these Black Cloud Sect Disciples would have been a sure thing. However, Lin Chen had suddenly run away, which left Leng Dong and the rest very dissatisfied.

When Wang Yilin and Xu Lianyu saw that Lin Chen had already left, naturally, they saw no need to stay either. The rewards from the sect meant little to them.

Leng Dong and Zhang Kaisheng, seeing the situation, had no choice but to follow Lin Chen's lead and leave. Without the presence of Lin Chen and Wang Yilin and the others, they were no match for those from the Black Cloud Sect.

Seeing the people from the Jade Cauldron Sect leaving, the disciples of the Black Cloud Sect did not continue to pursue.

The horrifying strength of Wang Yilin and Lin Chen was something they had already witnessed; if Jia Shaluo did not make a move, chasing after them would be no different from delivering themselves to their doorsteps.

Hum——

In the distant pit, the black poison fog surrounding Jia Shaluo was frantically rushing into her body, and in less than the time it took to brew a cup of tea, all the purple poison fog had entered into her body.

As the purple poison fog entered, Jia Shaluo's aura soared wildly.

With a light shout, Jia Shaluo climbed out of the deep pit, and then her body unexpectedly began to float and fly in the air.

One must know, the ability to hover in midair was something that only Martial Artists of the Melding Earth Realm could achieve. At this moment, Jia Shaluo actually possessed the cultivation of the Melding Earth Realm.

"How dare you harm my pet, I must tear you to pieces," she said.

With that, Jia Shaluo approached the disciples of the Black Cloud Sect.

"Which direction did they flee in?"

Hate filled Jia Shaluo's eyes as she eagerly asked the disciples of the Black Cloud Sect about the whereabouts of Lin Chen and the others.

At this moment, due to the countless purple poison fogs contained within her body, Jia Shaluo's skin and face were covered with purple stripes, looking extremely terrifying.

Of course, what was most terrifying was not her appearance but the toxins in the aura coming off her body, which made all the disciples of the Black Cloud Sect feel a deep sense of oppression and left them somewhat weak and powerless.

Among the Black Cloud Sect, the Snake Lady's reputation was not good, her body's intense poison caused many to fear her greatly.

These toxins made it impossible for ordinary Martial Artists to fend for themselves, and many of her fellow sect members had died under her lethal poison, instilling a sense of fear in everyone.

"They fled in that direction, Snake Lady, should we chase them?"

A disciple of the Black Cloud Sect pointed in the direction Lin Chen and the others had escaped to and respectfully asked Jia Shaluo.

"A bunch of useless trash, don't you know to stop them?"

"Forget it, you continue to search for the Yin Sha Qi. After I have killed those people, I will come looking myself."

Jia Shaluo gave the Black Cloud Sect Disciple a disdainful look; aside from being a drag, these worthless individuals were of no use.

After giving instructions to everyone, Jia Shaluo leapt into the air and pursued in the direction Lin Chen and the others had left.

...

In the jungle.

Lin Chen was leading Li Caixia and the rest, sprinting forward non-stop.

"We can't go on like this, we'll never shake them off at this pace. You all go ahead, I'll stay back and hold her off."

Lin Chen suddenly stopped and said to the others.

He wasn't trying to play the hero and save others at his own expense, but rather because there were too many people around, he didn't want to reveal his true power.

He had already sensed Jia Shaluo's soaring aura; she had likely reached the Melding Earth Realm in terms of cultivation.

Wang Yilin and Xu Lianyu might not be able to contend with Jia Shaluo, and when the time came, Lin Chen would definitely have to take action himself.

But if Lin Chen showed the ability to contend with a Melding Earth Realm practitioner while only at the Spirit Gathering Realm Third Layer, everyone's attitude towards him would change to be more than just thinking he was a genius.

They might suspect the fortuitous encounters Lin Chen had, and if someone kept investigating, the secrets of the Primordial Myriad Transformation Cauldron could be exposed.

In the face of huge opportunities, no one's heart could withstand the test, and before having enough strength to protect himself, Lin Chen had to be cautious in everything.

"Absolutely not, how can you alone withstand that Snake Lady? If anything happens to you, I won't be able to explain it to Master."

Xu Lianyu was the first to disagree upon hearing Lin Chen's words.

"My man naturally needs my protection. Since you choose to stay, then I'll stay too."

Wang Yilin, not knowing what was going through Lin Chen's mind, heard Xu Lianyu say she would stay to protect Lin Chen and naturally would not leave.

"How did Jade Cauldron Sect end up with someone as scared of death as you? We are all sect elites; dealing with a Snake Lady is more than enough. What are you afraid of?"

Leng Dong looked at Lin Chen, and hearing him repeatedly speak of fleeing, he immediately began to taunt him.

Hearing everyone's words, Lin Chen knew that dissuasion was useless.

"If that's the case, then wait here for death. I'm taking off."

No sooner had Lin Chen's words fallen did he immediately pull out a Space Compression Talisman Inscription and slapped it on himself, vanishing on the spot.

The others, seeing this, were dumbfounded. Was that Snake Lady really that terrifying?

"Follow Junior Brother Lin Chen!"

Amidst their confusion, Li Caixia suddenly spoke up.

Through their journey, Lin Chen had saved them many times; she chose to trust Lin Chen without hesitation.

She then continued escaping with the members of White Phoenix Hall.

While Wang Yilin and Xu Lianyu were still puzzled, they suddenly sensed a powerful aura—it was of the Melding Earth Realm.
