

Primordial 272

Chapter 272: A Major Catastrophe is Imminent

"These elixirs are so powerful, truly worthy of being treasures from the Ancient Ruins. Lin Chen, help me take another one. I feel I'm about to break through to the Ninth Layer of the Melding Earth Realm."

Wang Yilin said, gesturing to reach for another elixir to take.

"Have you lost your mind? You still want to eat?"

Lin Chen was startled by Wang Yilin's action and immediately reached out to stop her.

It wasn't that Lin Chen considered these elixirs too precious; rather, although he had used the Primordial Transformation Art to help Wang Yilin assimilate the medicine of the Solid Foundation Elixir, it had also put a strain on her body.

If she were to swallow another Solid Foundation Elixir, even if Lin Chen could help her assimilate the effects of the medicine, Wang Yilin's body would undoubtedly not be able to withstand it.

"Hmph, miser, you forget old love with a new one, I won't eat it then."

Wang Yilin huffed and pouted at Lin Chen.

Lin Chen didn't care about her attitude; his refusal was entirely for her own good.

Crack—

Just at that moment, the door to the treasury was opened once again, and a figure walked in from outside—it was none other than Yang Yuemin, the mentor of Lin Chen, Zhao Yijing, and the others.

"Master!"

When they saw Yang Yuemin, Lin Chen and the others greeted her respectfully with a bow.

"Just now in the Council Hall, you were wronged."

Yang Yuemin had come to comfort Lin Chen.

After speaking, she looked towards the treasures behind Lin Chen and was dumbstruck on the spot.

She wondered what on earth she had been comforting; with a treasury full of treasures, there was no reason for her to worry about Lin Chen being wronged.

It seemed that Hong Yanbing's judgment was indeed accurate; Lin Chen had indeed obtained countless treasures within the ruins.

The quantity and quality grade of the treasures in this treasury were about to surpass those of the Jade Cauldron Sect's Spiritual Treasure Pavilion.

Even some treasures caused Yang Yuemin's heart to flutter, those spiritual medicines and materials were of great help to her cultivation.

"If Master fancies anything, please feel free to take it."

Lin Chen, noticing Yang Yuemin's thoughts, immediately stepped forward and spoke.

For Lin Chen, Jade Bird Peak was like his home, and Yang Yuemin, Zhao Yijing, Xu Lianyu, and the others were like his family. Therefore, he naturally wouldn't stint with these treasures.

"Well... this doesn't seem quite proper, a mentor taking things from her disciple..."

Yang Yuemin verbally declined, but her eyes were firmly fixed on the treasures, not blinking, clearly indicating her desire.

"Master should not be so formal with your disciple. Moreover, these treasures were obtained by my sisters and me together. It is our good fortune that Master would take a liking to them."

Having said this, Lin Chen stepped aside to allow Yang Yuemin to choose from the treasures in the treasury.

With words to this effect, Yang Yuemin naturally did not refuse any longer; these treasures were indeed of great assistance to her.

Yang Yuemin stepped forward and selected some Heavenly and Earthly Treasures from among the items, all of which were of great help to her.

After selecting her treasures, Yang Yuemin couldn't wait to return to her residence, planning to go into seclusion. She believed that when she emerged from seclusion, her cultivation would surely have a breakthrough.

"Sisters, you go ahead and choose the treasures first, I'm not in a hurry," Lin Chen said.

For Lin Chen, there weren't any treasures he particularly needed; otherwise, he would have already taken them for himself and wouldn't have presented them for selection...

After all, the treasures that truly concerned Lin Chen were extremely important. If they were to be enhanced by the Pill Spirit Array or through artifact refining methods, the resulting elixirs and magic treasures would be many times more powerful than the materials themselves.

At this moment, upon hearing Lin Chen's words, Zhao Yijing and Xu Lianyu, along with the other two ladies, did not hold back and chose some treasures and materials they needed.

After categorizing various magic treasures, they quickly made their selections, with many of the materials and treasures being taken from Lin Chen himself, rather than what they had found in the ruins.

Therefore, it could be said that they had taken advantage of Lin Chen's generosity.

"Lin Chen, how could you? I see you've forgotten an old love for a new," Wang Yilin came to Lin Chen with a huff, pouting and speaking with feigned fierceness.

Although she knew very well that Zhao Yijing and the others had received their share of treasures because they had ventured into the ruins with Lin Chen, risking their lives.

She considered herself to have a decent relationship with Lin Chen, but that was just her own perspective, which likely wasn't shared by Lin Chen.

"Alright, I'll let you choose some too. But you know these magic treasures weren't easy to come by, so just pick a few, consider them a gift from me," Lin Chen said.

Lin Chen, unable to refuse Wang Yilin, finally allowed her to pick out a few magic treasures.

Finally, Lin Chen used these materials and began to refine elixirs right in the treasury.

Now, with an immensely powerful divine soul, Lin Chen could refine Third Grade Elixirs effortlessly, even without the assistance of the Pill Spirit Array or any formation.

In the end, Wang Yilin went back to Crimson Dawn Peak with a big bag full of elixirs and magic treasures and immediately entered into seclusion again.

Zhao Rushi, seeing Wang Yilin had emerged from seclusion not long ago, now going to Jade Bird Peak and then starting seclusion again, became curious. Upon investigating, she was shocked by what she found.

Wang Yilin was seen sitting cross-legged in meditation, surrounded by hundreds of elixirs and many Profound Middle Grade and Profound High-Grade magic treasures.

This made Zhao Rushi ecstatic, affirming her belief that sending Wang Yilin was a wise decision.

...

At this moment, atop Jade Bird Peak.

After receiving the high-grade treasures and materials, everyone went into seclusion at once.

Naturally, Lin Chen was no exception, but he entered seclusion along with his Second Soul Division. During this seclusion, his cultivation astonishingly broke through to the Third Layer of the Melding Earth Realm.

His Second Soul Division also made its own breakthrough, becoming a half-step entry into the Heaven-reaching Realm.

Despite the Second Soul Division not cultivating the Primordial Transformation Art, it still possessed the Ancient Divine Body and had cultivated the Blazing Fire Divine Decree. It had certain capabilities to fight above its level, and now, even a Heaven-reaching Realm expert could be faced in battle.

After emerging from seclusion, Lin Chen thought of passing on the Blazing Fire Divine Decree to his master and fellow disciples.

Because Lin Chen had a premonition that the news of the Descension Ruins appearing in this world might have already spread throughout the Great Flame Dynasty and the Tianyu Empire.

Before long, the Jade Cauldron Sect might face a great crisis.
