

Primordial 275

Chapter 275 Everyone Gets Promoted

Another half-month had passed.

As the Spiritual Light flickered around Lin Chen and he awoke from his seclusion, Lin Chen's Cultivation finally broke through to the Third Layer of the Melding Earth Realm.

His Second Soul Division had also been cultivating, but it had only recently broken through to the Ninth Layer of the Melding Earth Realm; the Blazing Fire Divine Decree was not as heaven-defying as the Primordial Transformation Art, so it had not broken through to the Heaven-reaching Realm.

However, after Lin Chen's breakthrough, he took out some materials and Heavenly and Earthly Treasures and, together with his Second Soul Division, refined some protective gear and magic treasures, all of which were Profound Grade High-Grade.

These magic treasures, all crafted for his Second Soul Division, significantly boosted its strength.

After completing these tasks, Lin Chen calculated the time and thought about his Senior Sisters and his Master, who had been in seclusion for nearly two months. He imagined they must be close to making their own breakthroughs.

Boom——

Rumble——

Suddenly, thunder and lightning flashed over Jade Bird Peak, the sky darkened with dense clouds, and the weather drastically changed.

Lin Chen walked out of the courtyard, looked up at the sky, and, seeing the abnormal phenomenon, knew that one of his Senior Sisters must be about to break through.

The momentum of this natural phenomenon was not weak, but it was not Yang Yuemin.

Yang Yuemin was a powerhouse in the Reverting Void Realm; if she were breaking through, the resulting phenomenon would likely be observable for hundreds of miles around the entire Jade Cauldron Sect.

The phenomenon before him, however, spanned only dozens of miles, so the Cultivation of the person breaking through could not surpass the Heaven-reaching Realm, Lin Chen concluded in his heart.

And this natural phenomenon did not last long before it disappeared.

At that moment, a figure dashed out from the Jade Bird Peak and headed straight for the courtyard where Lin Chen resided.

Lin Chen watched the graceful figure approach, his lips involuntarily curving into a smile, then, shaking his head helplessly, thought that this girl really was too impatient.

"Junior Brother, I've broken through, I've broken through!"

Xu Lianyu ran into Lin Chen's courtyard, ecstatically shouting at the top of her lungs, fearing Lin Chen might not have heard her. She rushed in front of him and even shook Lin Chen's body a few times to emphasize her point.

Seeing this, Lin Chen laughed and shook his head again.

"Junior Brother Lin Chen, I've broken through. From now on, just wait for your Senior Sister to cover for you. If anyone bullies you, just tell me, and I promise to twist their head off and kick it around like a ball for you."

Xu Lianyu said boastfully, the canine teeth at the corner of her mouth turned up, as if there really was someone bullying Lin Chen.

Boom——

Rumble—

Rumble rumble—

However, just then, the sound of a huge explosion came from the sky again, and it turned pitch black in an instant, with countless thunderbolts intertwining and the sky alight with brilliance.

Three columns of light shot up from Jade Bird Peak into the sky, and the dark clouds instantly spawned three Spiritual Qi whirlpools.

This phenomenon was naturally more powerful than when Xu Lianyu had her breakthrough and, in particular, one of the whirlpools was several times larger than the other two.

"Junior Brother, this is... this is all the Senior Sisters breaking through!?"

Xu Lianyu looked up at the sky, her jaw dropping in shock, feeling incredibly happy for them.

But thinking about it, it made sense. The cultivation techniques her Junior Brother Lin Chen had taught them from the Descension Ruins, how could they not break through?

Whoosh—

A tall white silhouette suddenly appeared beside Lin Chen and Xu Lianyu, looking up at the phenomena in the sky, with a hint of a smile at the corner of her mouth.

"Master, I've broken through my cultivation, and so have my senior sisters, all thanks to the junior brother's Heavenly Top Grade cultivation technique."

Xu Lianyu, seeing the newcomer, couldn't stop herself from blurting out her breakthrough in cultivation.

"It's good that you've broken through."

Yang Yuemin gave a faint smile and gently touched Xu Lianyu's head.

Upon hearing this, Xu Lianyu revealed her tiger teeth and nodded with a beaming smile.

Soon after, three figures appeared beside Yang Yuemin and Lin Chen—it was Zhao Yijing, Liang Rou, and Mu Shuier.

At this moment, both Liang Rou and Mu Shuier had broken through from Melding Earth Realm Peak to the Heaven-reaching Realm.

And the graceful Zhao Yijing had broken through from the Third Layer of Heaven-reaching Realm to the Fourth Layer.

...

At this moment, atop the peaks of the Jade Cauldron Sect.

All the Peak Masters and elders were now looking towards the skies above Jade Bird Peak. The commotion of the advancements pleased them, yet they were also anxious and worried.

They were pleased because the strength of Jade Bird Peak had increased, which was a good thing for the Jade Cauldron Sect.

Their anxiety and worry stemmed from the now evident strength of Jade Bird Peak. The other peaks had once thought that Jade Bird Peak's disciples were few and could be easily suppressed.

However, the strength of Jade Bird Peak now exceeded their expectations, and people like Zhao Yijing, Liang Rou, and Mu Shuier had surpassed the elders of their peaks in strength.

The True Disciples of the other peaks simply couldn't compare; they weren't even on the same level.

Previously, the Peak Masters harbored suspicions because Lin Chen had obtained the highest heritage within the Descension Ruins and wanted to use some methods to make Lin Chen hand it over.

But now, with the strengthened power of Jade Bird Peak, who would dare to coerce them?

Once the heavenly phenomena had vanished, the Peak Masters, after some consideration, each brought gifts and went towards Jade Bird Peak to offer their congratulations.

After all, they were all part of the same sect, and it was only right to congratulate the disciples of Jade Bird Peak on their breakthroughs.

The first to arrive at Jade Bird Peak was the Sect Master of the Jade Cauldron Sect, Xu Ma'an.

After all, among those who had made breakthroughs on Jade Bird Peak, there was his granddaughter.

Xu Lianyu's talent in cultivation was rumored to rank within the top three of the entire Jade Cauldron Sect, though the girl loved to be idle and playful. For a long while, cultivation had seemed like a painful chore to her.

However, now that Xu Lianyu's cultivation had broken through to the Ninth Layer of the Melding Earth Realm, Xu Ma'an felt immense satisfaction in his heart.

At the same time, he was very thankful to Lin Chen, as Xu Lianyu's change began with Lin Chen's arrival at the Jade Cauldron Sect; he even contemplated grooming Lin Chen as a potential grandson-in-law.

"Junior Sister Yang, this Divine Technique from the Descension Ruins is truly incredible, allowing all our nephews and nieces to break through. Why don't you share it with everyone so that our disciples can also advance? It would be a great boon for the Jade Cauldron Sect."

Li Xuanming, the Peak Master of the First Peak, spoke earnestly.

"Yes, Junior Sister Yang, being so secretive and possessive—it's quite selfish of you."

The tone of Hong Yanbing was clearly discontent, as if by not sharing the cultivation technique, Yang Yuemin had committed a grave sin.

Upon hearing Li Xuanming's words, Yang Yuemin's expression didn't change much, but as soon as Hong Yanbing spoke up, Yang Yuemin's face instantly turned cold, and she shot a frosty look towards Hong Yanbing.

"Hong Yanbing, you've got some nerve. Your disciples have contributed nothing to the sect. Besides begging and pointing fingers, what else can you do? Truly, 'a crooked stick will have a crooked shadow.'"
