

Primordial 313

Chapter 313 Counterattack Begins

Golden light flickered upon the Dragon Vein Jade Seal, with all the spirit stone energy having been infused into it.

Due to Lin Chen's Divine Soul Imprint, once Lin Chen's mind moved, the Dragon Vein Jade Seal immediately flew into the hands of Lin Chen's Second Soul Division.

Feeling the immense energy within, Lin Chen's Second Soul Division felt somewhat assured that he could once again mobilize the Power of the Dragon Vein beneath Divine Sun City.

With a flicker of light, Lin Chen's Second Soul Division, holding the Dragon Vein Jade Seal, appeared beside Lin Chen's original body.

At this moment, everyone was shocked to see Lin Chen's Second Soul Division suddenly appear, as they had been extremely worried when it had vanished earlier. After all, it was the Second Soul Division that had been controlling the Divine Fire Troop Killing Array around them.

If Lin Chen's Second Soul Division was not present, and if the array broke, it would have spelled big trouble.

However, seeing Lin Chen's Second Soul Division reappear, they secretly breathed a sigh of relief.

At this moment, under the Great Formation, the Black Cloud Sect was ruthlessly exterminating all martial artists.

The pursuers from the Black Cloud Sect were not aimlessly slaughtering; rather, they led their people to first eliminate those who posed the greatest threat to the Black Cloud Sect.

The primary targets were members of the Great Flame Dynasty's Royal Family, followed by other sects. As for the Jade Cauldron Sect, because the Black Cloud Sect had experienced the sect's Killing Formation

first hand and knew they couldn't break it in a short time, they had to temporarily exclude the Jade Cauldron Sect from their targets. After all, the Black Cloud Sect was not foolish.

At this moment, the martial artists of the Black Cloud Sect were killing the members of the various sects with an overwhelming force. The sect members only thought of fleeing and didn't consider banding together to resist, resulting in many casualties.

At this moment, Lin Chen and his Second Soul Division exchanged glances. After assessing the situation in the Outer Sect, they immediately began concentrating energy into the Dragon Vein Jade Seal and started summoning the power of the Dragon Vein.

As the casualties among the various sects mounted, Qiu Wenxi of the Black Cloud Sect finally cleaned up the battlefield substantially and then slowly approached the members of the Jade Cauldron Sect.

"Old Xu, after all these years of fighting, who would have thought that you would end up in my hands?"

"If you're sensible, kneel down and kowtow to me for mercy. Perhaps I may consider sparing your lives."

At this moment, Qiu Wenxi looked at Xu Ma'an with an extremely arrogant gaze, excitement coloring his face with a smirk.

"Beg for mercy? Qiu Wenxi, do you really take me for a three-year-old child to think that surrendering to you will spare us?!"

"If you have the ability, break apart the Killing Formation and fight me. But do you have the ability?"

Xu Ma'an, although unclear about how long Lin Chen's Killing Formation could hold against the Black Cloud Sect, would not bow to his enemies after being their sworn adversary for many years, so he immediately started taunting them.

"Hmph, still so arrogant even when death is upon you. Today, I will see to it that the Jade Cauldron Sect is completely eradicated from this world."

"Don't worry, I won't let you die too easily. I will refine you into Blood Puppets while you are still alive, and let you thoroughly enjoy that pain."

Qiu Wenxi's mouth curved into a cold smile, as in his eyes, the Jade Cauldron Sect was like meat on the chopping block, already at their mercy.

"Blood Puppets?"

The True Disciples of the Jade Cauldron Sect, upon hearing Qiu Wenxi's words, trembled in fear.

They knew all too well just how hideous and powerful the Black Cloud Sect's Blood Puppets were. Having fought against the Black Cloud Sect for many years, they had destroyed quite a few Blood Puppets, including now, as the Black Cloud Sect battled against various sects using Blood Puppets.

Hearing that the Black Cloud Sect planned to refine them into Blood Ghost Puppets while they were still alive, everyone felt a chill down their spine and fear in their hearts.

All eyes were unanimously drawn toward Lin Chen, who had become their spiritual pillar.

If Lin Chen said he would wage war against the Black Cloud Sect, then he must have a way.

"Damn it, how can there be two identical people!?"

"Is this kid the one called Lin Chen that Ma Yuan mentioned?"

Qiu Wenxi followed everyone's gaze to Lin Chen and immediately noticed two identical faces, which made him instantly recall what Ma Yuan had told him after coming out of the secret realm.

Feeling Qiu Wenxi's scrutinizing gaze, Lin Chen turned his head and met his eyes. His face showed no trace of fear, but rather a hint of mockery.

However, even though Qiu Wenxi had heard from Ma Yuan about how formidable Lin Chen was, Lin Chen was still a junior to him. Being a martial artist of the Reverting Void Realm Sixth Layer, he wouldn't possibly take these people seriously.

Then Qiu Wenxi's gaze fell on Yang Yuemin, Zhao Yijing, and Wang Yilin, and his face revealed a trace of malicious intent as he licked his lips with a smirk.

"I didn't expect the Jade Cauldron Sect to have such beautiful ladies. Don't worry, I won't let you die easily; I'll enjoy you thoroughly."

Qiu Wenxi's expression and words were exceedingly lewd, which immediately caused Lin Chen's face to turn cold.

"Junior Brother, if we really fall into the hands of these people, you... you must kill me."

Xu Lianyu said, feeling a chill in her heart. She knew well the fate of falling into the hands of the Black Cloud Sect, given their beauty.

"Senior Sister, what nonsense are you talking about? With me here, these people from the Black Cloud Sect can't touch you."

"They would have to step over my dead body to reach you, but they certainly don't have the ability!"

Lin Chen raised his head and looked coldly at the people of the Black Cloud Sect.

"Hmph, you little beast, your cultivation isn't that great, but you sure talk big. A man on the verge of death still trying to save face."

Qiu Wenxi was very dismissive of Lin Chen's words, thinking he was just being young and brash, trying to strike a pose in front of the beautiful ladies.

"Old coot, you talk too much."

Lin Chen looked at Qiu Wenxi with an icy demeanor, not hiding his murderous intent at all.

"You brat, what did you say!? Who are you calling an old coot? If it weren't for this killing formation, I would have slapped you to death already."

"Hear my command, everyone gather your strength, begin breaking the formation."

Qiu Wenxi's defenses were completely shattered by Lin Chen's words, and he immediately ordered his subordinates to start bombarding the killing formation surrounding Lin Chen and his allies.

However, Lin Chen's killing formation was ever-changing, and even the Black Cloud Bloody Array couldn't break through. Qiu Wenxi and his people couldn't do so either for the time being.

But Lin Chen's Second Soul Division only possessed the strength of the Melding Earth Realm Peak; as time wore on, he wouldn't be able to sustain the great formation much longer.

Therefore, Lin Chen immediately decided to counterattack and politely bid his farewell before leaving.
