"sure General Manager Feng, i'll change it next time!"

"Ha ha, Lisa, do you have time tonight? How about if we have dinner tonight."

"Ah? I have! I have time." Lisa has waited this moment for such long time, she has expected to have further relationship with Chen Feng Yi other than the working-relationship.

Who knows...

"Childish!" Yao Yao who stands backed them cannot stay still anymore, she has witness one by one the women that being dumped by Feng Chen Yi after he bored playing with them, she thought to meet the two years later of him, who has mature but who knows that his character hasn't changed much. This is called it is easier to change mountains and rivers than alter one's character (Idiom: The leopard cannot change its spot).

"Uh, what...she said?" Lisa face sterner, later she looked at Feng Chen Yi who smiles satisfied.

Yao Yao frowned and turned to look: "Of course I talked about the rotten egg rotten bastard who is standing beside you!"

"Hey, how can you say our General Manager such thing?"

"The service department staff, do you know who is he? Do you want to be fired?" only by Yao Yao single word everyone is pointing finger to her.

During the normal time, she won't say much thing, but because she sees Feng Chen Yi, she cannot control herself and also her mood.

If she being fired then it fine, even she gets another scold from manager Zhang it also well-do. Feng Chen Yi who is maintaining his calmness and also his cold eyes with his devious smile, no wonder Yao Yao pissed off by clenched her hands that exposed her veins.

This moment, finally Feng Chen Yi responded: "Miss, are we know each other?"

Her face rigid, the oxygen suddenly empty in her heart, Feng...Feng Chen Yi this rotten bastard, what he intended to say? Just now, she thought because of Feng Chen Yi was busy to talk with others so that he was forgot to greet her, so that he unwilling to acknowledge her? Does he feel such shame to acknowledge her as his Ex-girl friend?

Her heart is pain so much, this kind of situation just brought back the two years ago pain, she never knew how their relationship broke up affecting Feng Chen Yu but she certainly knew how hurt and ache her during that time.

Later after two years, she never knew how bad would be her emotion get influence after meeting him again, but now... she surely knows her emotion stirred up.

"The elevator girl, hurried apologize to General Manager Feng, or else I will inform your manager and ask the manager to fire you!" the PR department manager step forward in front, shouting at Yao Yao.

But she does not show the intention to do so, Feng Chen Yi is the rotten bastard that likes to play with women, so that, why should she apologize him, she won't!

" After he said, the elevator has stopped at 52th floor, Feng Chen Yi does not look at her even a glanced then he walked out from the elevator.

"General Manager Feng, just now the elevator lady is special case, later I will talk with her manager to fire her." after they get out from the elevator, the PR manager keeps on aphorizing.

Feng Chen Yi stopped his step: "I thought you have mistaken my meaning."

"Ah? Mistaken?"

Coldly he smiles, squinted his dark deep eyes, sternly said: "The staff that I mean was you! In front of the client you dare to shout and yell at your subordinate, if really can, later I will have good talk with General Manager Long to change the position of PR department manager."

"Ah? General manager Feng! General Manager Feng. I am so sorry, sorry, later on I will put more attention, please don't say anything to General Manager Long."

No matter how the PR department manager talked and explained to Feng Chen Yi, he ignored him, leaving the PR department manager alone.

And then...

Lisa who has stood beside Chen Feng Yi for this time also thought that he pointed the impolite elevator lady as the staff who no manner, but how can suddenly he said that the PR department manager was at fault? Strange.

Feng Chen Yi cold glanced swept her: "Lisa, you has followed me for long time, didn't you understand this kind of courtesy words? But... there was one real word."

"which ones?"

"I really... want to know, to know that Yu Ao Tian!"

Two years ago, from zero capital, legally he able to acquire Berson Group, then shortly by using two years time he able to make Berson Group as one of the biggest group in China and also make it progress and develop very fast, clearly this man, Yu Ao Tian simply comes from Yakuza background, actually what scheme he used in order to position himself as businessman?
