That's right, she can guarantee 100%, this is her first time holding a gun, also first time firing it. But...

.

Why....

At the moment when she raised her gun, in her head there seems a sound flowing?

☞My majestic Lan Duo, the right way to hold gun is this way. Pull the trigger and attack the enemy at once. You are not allowed to give your enemy chance to attack you back. Understood?'

How could there was strange voice flowing in her mind? As if she able to see faint hazy picture.

Sst....

Pain! Suddenly head feel hurt! As if going to explode, more she trying to find the answer more she feels the pain in her head!!

"Yao Yao, what happened?" seeing Yao Yao aching expression, Long Ye is suspicious and asked.

"My head is hurt, so hurt!"

Three men are exchanging their glances, Long Qi with smiling face come closer: "Flat Chest, tonight you sleep at here, I will sleep with my older brother."

"No no need."

"It is okay. You see, your face is so pale, faster go to sleep." Long Qi is talking with certainty. He is taking care of everything, and then three of them are returned to the living room.

"I can guarantee, she isn't lying, this is her first time gave a shot." Long Ye is confidently said.

Han Li Shang is coldly frowned: "I also feel she is not faking it. But.

... Forget it, still better wait until Ao Tian political election done, we can discuss with him, discussing."

"En...."

For the entire night having nightmare, it is tormenting Yao Yao who is going to work with low spirit, sitting inside her office room feels uneasy.

Ckckck, what was actually yesterday hazy scenery?

Who is Lan Duo Majesty? What kind of person Lan Duo Majesty? Was it because she watching too much drama in the past, so that she was having illusion?

Ssst.....

Head feels hurt again, forget it, still don't think of it anymore!

This is how Hei Yan Long's Cadillac looked alike (more or less).

Berson Group Entrance.

A long wheelbase Cadillac slowly stopped, the driver is politely opened the door.

Hei Yan Long who is wearing black western suit while his hand is holding a bucket of red roses, entered Berson Group.

"Ugh." the on duty receptionists are exchanging their glances: "So handsome!" cannot help they swallowed their saliva. But another moment, both of them are gaining themselves, hurried stopped in front of Hei Yan Long: "Mr! May I ask do you have appointment?"

Episode 332

Hei Yan Long stopped his footstep, narrowing his black eyes.

The assistant that followed at his back hurried walk to in front: "Two Misses, please give a way." after said, that assistant is pulled away the two receptionists who blocking him in order to give away.

Hei Yan Long is taking this opportunity by taking big strides and directly entering the elevator.

"Uh... Mr, you cannot get inside." waiting until two of the receptionists reacting, Hei Yan Long has already gotten inside the elevator.

☞Ding' the elevator is stopped at the legal division.

"CEO Hei, please." Two of his subordinate one at left and one at right, blocking the elevator door.

One of Hei Yan Long's hand is inside his pocket while the hand that holding roses supported on his shoulder, he goes straightly to the legal division's lounge.

"Mr, hello, may I ask you..." the office staff in legal division when meets Hei Yan Long deep black eyes cannot help but being tempted.

"Where is Luo Yao Yao?"

After while, that employee gains herself, finger is pointing at Yao Yao's office room: "There, at there..."

"Thank you!" after said, Hei Yan Long is straightly heading to Yao Yao's office room.

"That, That man, is looking for whom?" not long after that, the employee is beside of the employee who is pointing the way to Hei Yan Long tilted her head and asked her colleagues.

"He said looking for Luo Yao Yao!"

"Holding, holding a bucket of roses and looking for Luo Yao Yao? Luo Yao Yao... Doesn't she CEO Yu's girlfriend?"

"But also cannot stop those who pursue her. Do you know who is the man just now?"

"Who?"

"Ah." this employee is giving secretive smiles, slowly said: "He is the youngest Chairman CEO, Hei Yan Long from Bao Lai's group!"

"He is Bao Lai's group Chairman CEO, Hei Yan Long! Why....why Yao Yao is so fortune, not to mention she has CEO Yu as her boyfriend, even the Bao Lai's group Chairman CEO also pursuing her. Hu.....

Heaven is not fair."

🔊knock knock knock' (knocking sound)

The knocking sound, Yao Yao hasn't opened her mouth, but the door has already pushed open.

Just at right time Yao Yao who reading a document looked at Hei Yan Long, immediately her expression darker: "CEO Hei, did yesterday matter hasn't clear enough, or still, need to 🔊trouble' you to come by yourself?"

"Oh, You are misunderstood, yesterday matter I had clarified it, so that today I am especially coming here by myself to apologize!" after said, Hei Yan Long is taking out his hand that inserted in his pocket, and one of his hand that holding a bucket of roses tossed into Yao Yao's desk. "Take it!"

She is dumbstruck seeing the roses in her desk, she also looking at Hei Yan Long who is perfectly arrogant, she really wants to ask, is this brat coming to apologize or coming to make commotion? Is there anyone who coming to apologize with his kind of arrogant attitude? "CEO Hei, I accept your apologize and about the flower, better you take it back."

"Woman!" Hei Yan Long's eyes are gloomy, coldly said: "If not because of Feng Chen Yi's face, do you think I will be coming here to apologize to you? This is my first time giving a flower to woman!!!!"

Gee!

If the current atmosphere is not suitable to laugh, she really afraid she could not control herself to laughing madly.

In this world there is no one like him, who because of his fellow sworn brother (good buddies) coming to apologize a woman. And then giving a bucket of flower to his buddy ex-girlfriend? People who don't know might think him wanting to poach!

"I know this is your first time giving a woman flowers, or else, you won't come and give roses." Yao Yao held her laughed, pretending to be icy when speaking.

"Hah?" Hei Yan Long frowned, his black eyes rolled: "What do you mean?"

"CEO Hei, before you are giving flowers, you better ask the meaning of each of the flowers, or else it will give misunderstanding." after said, Yao Yao is lifting the bucket of roses, giving it back to Hei Yan Long.

He took the roses, dumbfounded for a moment, turned his head and looked at his subordinates: "What is the meaning of roses?"

"Hei, CEO Hei, the meaning of roses is followed with it numbers. Just now you are bought 33 roses, the meaning is... The meaning is.... I love you...."

At sudden, Hei Yan Long face is turned dark, the hand that holding the bucket of roses is exposing his veins: "After all you had already known it why didn't you tell me! Why not say anything! Why didn't say anything!" he is constantly hitting that bucket of roses into his subordinate head.

"CEO Hei, I thought you are giving it to your girlfriend, so that..

.."

"Damn!" Hei Yan Long is fiercely biting his lips, next moment, he calms down, turned his head smiles and walking in front of Yao Yao: "Just now, thought nothing is happened." After said, he tossed away the bucket of roses to his back.

Yao Yao helplessly frowned, this Hei Yan Long really has violent character, he has bad temper, still really.... Scary!

"Bring it!" Hei Yan Long turned his back, as if big boss sitting on Yao Yao's office room desk.

"What?"

"Didn't you want my signature, still not hand it over?"

"

" hahahahahahaha, to be honest Hei Yan Long is the most arrogant person she ever meet in her life so far, when apologizing he is alike big boss, he is using his signature to make up for his fault, and also when he is talking to orders as if talked to dog (talking to someone unimportant). Really admire him!

"CEO Hei, you are coming late, I had been already looking for other people as replacement!" Yao Yao expressionless sitting at her own seat, an arrogant expression turned to other side.

"You!!!!" Hei Yan Long is pissed off and jumped down from desk, this is his first time being refused!!
"You have guts!" coldly he said, Hei Yan Long turned his back and took his subordinates to leave the office room.

"Hahahahahaha, This friend of Feng Chen Yi is so interesting." waiting until Hei Yan Long gone, Yao Yao finally let out her laughing voice, it seems that Hei Yan Long and Feng Chen Yi had already reconciled, right?

Not to mention, an arrogant person alike Hei Yan Long, he takes an initiative coming only to apologize because of Feng Chen Yi, she really believes. At same time.... Yesterday attacked it seemed there was none of Hei Yan Long's business?

☐knock knock knock' (door knocking sound)

Suddenly the knocking sound interrupted her thought, "Come in."

"Miss Luo, CEO Yu is calling you to come to his office room."

Is Yu Ao Tian already back?

He is really.... Said left and then disappeared without any trace; said back he suddenly popping out. Just as expected he is a man that cannot be predicted!

"CEO Yu, you...." when entered into the CEO's office room, inside the atmosphere is little bit weird, she takes a quick glance at Long Ye who is having serious expression, and also looking at Yu Ao Tian who is reading document, her instinct tells her something bad is going to happen. "Why are you looking for me?"

Yu Ao Tian does not raise his head from his document, coldly said: "Hand over all the stuffs that you handle to your assistant, after that, you are going back to school."

Thump'

As if an invincible stone heavily pressed down Yao Yao's heart, it's only left one step, only one step for Yu Ao Tian's political election, just at this time he is asking her to get lost?

With unbelievable eyesight she looked at Long Ye's eyes, he still masked his face with serious expression, keep silent.

Actually what is going on, why Yu Ao Tian wanted to replace her? "Give me a reason!".

Episode 333

Yu Ao Tian stopped to do his works, take a deep breathe, slowly lifted his head: "Your first priority is going to school, is this reason enough?"

"Not enough!!!" Yao Yao curled her hand into fist, as if an arrow dashed in front of the desk: "In my professional works, other than I am doing a mistake, or else I won't ever accepted being replaced before the things settled!!!"

Seeing how stubborn she is, Yu Ao Tian is creasing his forehead, his dark bottomless eyes slowly looked at Long Ye: "You take your leave first."

"Yes." Long Ye is nodding his head, turned and left the office room.

Perhaps, Yao Yao never thought that the day Yu Ao Tian back from Japan would replace her? But Long Ye is obviously clearly, when Yu Ao Tian back from overseas, he had told him all the things happened during these days, made report to him.

Yu Ao Tian does not angry, he also not blaming, he only called Yao Yao to come, and the rest he had said that he wanted to replace Yao Yao. Long Ye can feel that, although on the surface Yu Ao Tian didn't show any expression, but inside his heart he really cared what had happened within these few days, or else, impossible in the very critical time during the election he has asked Yao Yao to be replaced!!!

"Yao Yao." Yu Ao Tian circled his working desk, walking until in front of Yao Yao, both of his hands raised and gently caressing her cold little face: "These few days matter, didn't you see anything? If you are keep on meddling with my business, there might be more serious matter keep on showing up in front of you and if you are still staying beside me!"

During his absent when going to Japan he had already predicted what was happening these few days, the relationship between Shang Yun Yin and Hei Yan Long, he also knew it.

So that, before he left, he said "These few days I go to Japan. I have already asked Long Ye to help you, you remember! During my absence these few days, if you have something to do, must! Let Long Ye know, understood?"

But he lost sight of Long Ye, actually he is also an ordinary person, he isn't three heads six arms person (superman), there is time he also cannot do anything! Wanted she safe and soundly, only can depend on her own capability so that it can ensure she is safe soundly.

"I understand your meaning, Yu Ao Tian, you are speaking rounding.... Actually you are looking down at me!" after said, Yao Yao break free Yu Ao Tian's hand that touch her cheek.

"That's right, I admitted, when Hei Yan Long is seeking trouble with me, I could not do anything; when being attacked, I almost pee in my pant. But so what? You, Yu Ao Tian when first time you killed people did you such handy? Everything has it process, I can slowly adapt with it!"

Her face is showing the stubbornness of little girl, as if an impulsive person who is going out from cottage and not afraid of a tiger tenacious sense.

This is his first time to see a mature expression in her cute little face of young girl.

Honestly, there is few things strange, on the day he wanted to keep Yao Yao beside him, he was expecting this little thing to grow up faster and understand the dark side of this society, because by this way she can survive in this society.

But after Yao Yao stepped into this society, he is starting to regret of his decisions, he hopes she can be able to live as the normal 19 years old girl. This is so complicated.

"You cannot do the comparison with me, because I am a man!!"

A man? Hah, did he mean because a man so there is no fear to do anything, while because she is girl so she born naturally as someone must be protected? No wonder Yu Ao Tian never had any respect toward women! "Miss Mo also a woman, doesn't she also help you to do something?"

"Are you compare with Xue Tong? Ha...." there is traced of disdain luster from pair of Yu Ao Tian's eyes, he curved up his lips, provoking her: "Perhaps Xue Tong isn't anything comparing IQ with you, but at least she can 100% protect herself in order not to get harmed, while you?"

The Asian woman who is mingled Underworld, Mo Xue Tong is quite famous, at least few of men who has status and power had failed in her hands, is there any difficulties to protect herself?

"That's right, in some case, I admit that I am not even a fart; but in some sides, I still have confident for myself!!!"

"Oh, that it." Yu Ao Tian is curved upward his mouth, smiled: "I understand what you mean, doesn't you want to say that, in white path side, you can protect yourself? Well, tonight I will let you see, what is so-called as white path, actually how white is it!!!!".

Episode 334

"Aiya, CEO Yu, it is really hard to have meal with you." inside the private room, Yu Ao Tian is inviting few of familiarized politician.

"Hahahaha, all of you can come here, this is my honor. For these few days of election, I still need to depend on you these few seniors."

"What are you talking, are you CEO Yu satirizing us? Everything that we have today, all thanks to your help, is it right? Hahaha."

Today the politician who is coming here, basically are those who had received Yu Ao Tian 'grace', in their eyes, Yu Ao Tian is their 'money owner', so that they still need to see Yu Ao Tian's face when doing something.

"CEO Yu, we have seen Miss Mo before, and who is this Miss?" one from the four men, a middle age man about is someone in his fifty years pointed at Yao Yao beside Yu Ao Tian.

Yu Ao Tian expression changed cold swept his glance to Yao Yao. Politely Yao Yao standing up and nodding her head to all of them: "I am a representative lawyer for CEO Yu for this time election, Luo Yao Yao."

"Ugh..." all the people are exchanging looks, silent for a moment, and then they are giving dry laugh:

"Still, still so young, hahahahaha."

From their expression on their faces that is not difficult to see they are looking down at Yao Yao, she is born with baby face, even putting makeup, it still helpless to hide her child aura.

But Mo Xue Tong is different, her beautiful icy aura is able to suppress, it only can make people to see but not dare to play with.

"Come, drink!"

Drinking three rounded, all the politician have already showed tipsy, but bottle by bottle of liquor still opened.

Yao Yao is taking glance at Yu Ao Tian who sits beside her, count carefully, 500 Moutai, at least he has already drunk it bottle and half, but his face still does not show any drunk expression.

Perhaps, due to Yu Ao Tian today's position, liquor is becoming part of his daily, if he does not have ability to drink perhaps cannot settle anything.

Her moist eyes is turned to another way, taking an advantage when everyone is drinking, faster she takes the liquor bottle beside Yu Ao Tian, without any sound she pour half into the towel for wipe hands.

This subtle moves, others perhaps not aware of it but this view could not pass from Yu Ao Tian's eyes.

Two persons four eyes, Yao Yao is awkwardly smiles, does he bother? She is helping him!

Who knows, quickly Yu Ao Tian looked at the surrounded people, he whispered in her ear: "Bao Bei, why don't you pour all?"

".....

.....

....." ugh, impossible.... He could not drink anymore right?..

Episode 335

And for rest of time, as long as there is someone pour the drink full for Yu Ao Tian, Yao Yao will pour all the liquor into that white towel when no one noticed it she will replaced it with mineral water.

This is also called as capability, when half of the people are already drunk, only Yu Ao Tian who stays sober, this undoubted is Yao Yao hard work!

"CEO Yu, you are really, really awesome, we are a group of old men really cannot win over you. Admire! Admire, let's go! My treat, let's we go to usual place keep on drinking!" words are said by the head of financial secretary, one of the most highest position among those who are at here. Tipsy he stands up, walking to door.

"Still want to drink?" Yao Yao is dumbstruck, just as an information, just now when having a meal only she who drink beverage, while everyone is drinking white wine, even Mo Xue Tong drank it too. Everyone at least had already finished one bottle of white wine, isn't it enough?

"This is the reality, all of them during the day they are looked alike gentlemen, but when night comes they are drinking liquor as if part of entertain, anyway, money is easy coming, not spend it, sooner or later it will be found out by ICAC." when Yu Ao Tian said this, he also followed these few men going out from the private room.

She is dumbstruck looking at the dishes served filled the table, one by one the government officer are stink with liquor smell, helplessly smiles.

It seems, things that so-called as white path there is no much differences with black path. Drinking liquor, playing with women, the most obvious difference is, black path is directly killed people, while the white path killed people is more tricky and filled which schemes.

Fiuh,....

Perhaps, the thing that suitable her in the future is, opened her own lawyer office and helping the commoners with legal cases?

Cannot! She cannot admit defeat! If now she lowers her head, she will be laughed by Yu Ao Tian.

"Come, come, come, little beauty, go, sit beside CEO Yu, you take care of him." inside the private room, the head of financial secretary pointed one of beautiful woman as little beauty.

"Rest assured, I won't embarrassed you." that woman is smiling alike vixen, turned her body and walked in front of Yu Ao Tian.

Yao Yao who is sitting quietly in one corner rolled her eyes, ha, can this count as Yu Ao Tian looking for woman? Hehehehehe.... She feels complacent.

Yu Ao Tian coldly spoke: "Officer Liu, as you know that I prefer my secretary to take care of me." no matter what kind of dinner he attended, he can still not bringing Long Ye, he can still not bring Han Li Shang but only Mo Xue Tong he could not less! As long as she there, at least she could help him to stop many flowers to entangled him.

"This is true. These flowers really not as beautiful as Miss Mo not even an half, no wonder CEO Yu seems not interest," Officer Liu takes deep breathe, calling the women who are in left and right of his side pouring liquor to Yu Ao Tian.

"Fiuh" Yao Yao who sits in the corner let out heave sigh, although she little bit disappointed Yu Ao Tian didn't break their agreement. But things that make her more disappointed actually, successful men are too many helpless!

Sometimes, perhaps some men are not really playboy, but because they have reached certain position so that attracting few troubles. Luckily there is Miss Mo who stays beside Yu Ao Tian as shield, if no her what to do?

When everyone is hugging right and left, he is lonely sitting there, would not he going to be laughing stock?

Really such pity.....

"Miss Luo, right?" just at this time, two officers are sitting beside of Yao Yao: "Just now when we were having meal you were not drinking any liquor, come, let drink with us."

"I am sorry, I cannot drink."

"Hah, Miss Luo, you are coming for social gathering, don't you drink? You words really not giving us face?" two men face suddenly turned dim.

She is creasing her forehead, although this is her first time to join such drinking gathering, but in television she has watched this kind of scenery so often, coming to this kind of place, if you say cannot drink it will really make some people mad to you.

"Alright. Let me give my toss to everyone." she raised a glass of foreign liquor, forcing herself to drink it, the pungent smell instantly give burning feeling until the head.

"Good, give a face!" two men are followed to drink. "Miss Luo, let's us play dice."

Still not letting her go?

Her begging eyes are looking at Yu Ao Tian, he is accompanying few of the officers.

If this time she rejecting both of these men, will they keep saying her not giving them face? It seems they will...

. "Alright. Let's we play dice. But, can I go to rest room first?"

"En, can, we are waiting you."

Seeing Yao Yao left, both of the men are laughing. Not long after that, one of the men creasing his forehead with complexity: "Will it makes a ruckus?"

"Only a lawyer, what to afraid of?"

"But she is CEO Yu's people."

"Cut it off, in this circle who does not know that CEO Yu and Mo Xue Tong matter, moreover the women who are following at CEO Yu, they are sexy type, this little girl won't be CEO Yu's woman. Since this is the case, we don't need to think too much." when the man talked until this point he is not embarrassed laughing: "**, this is still my first time, think of it really exciting!"

"You are said wrong, it must ** lawyer. Playing this is more excited."

"Hahahahaahahaha..."

A moment of effort, since Yao Yao back from the rest room, the hostess who are sitting at their side keep on pouring the liquor.

"Miss Luo, what to play?"

"Hahaha, I really rare out for playing, so that too complicated rules I can't play, how about playing big and small. Is it okay?"

"Uh....

" after these two men heard, they heart are burst in joy, this even can drunk faster. "Okay, who lose, punish with drink."

"En!" after said, three of them are playing.

Yao Yao lost not many, glass by glass the foreign liquor get in to her stomach, but these two men are also not better than her, they also drink many.

Not long after that, three bottle XO, has finished by three of them. Two men feel uncomfortable creasing their forehead: "Miss Luo, you are really awesome. We, both of us really satisfied. We cannot, I want to go home, go home."

Two men are standing up tipsy, they cannot stand firm and almost fall into floor. When looking at Yao Yao, she seems as if someone does not have problem, sitting there firmly.

"Liu, officer Liu, today we are drinking too much, cannot accompany you, we take our leave." two men are walking in front of officer Liu, and bid good bye with him, and they even give thumps up to Yu Ao Tian:

"Your lawyer, really, good drinker!!"

When heard these, Yu Ao Tian can't help himself to glance at Yao Yao who sits on other corner.

"CEO Yu, since two of them are leaving, I must go home too, or else my wrinkle wife going to make ruckus."

"Humph, Officer Liu, just accompany us little bit while." said the hostess who are companion of officer Liu as if unwilling to parting.

Officer Liu is helplessly heave a sigh: "Next, next time." after said, he left..

Episode 336

"All of you also leave." Yu Ao Tian also asked the hostess who accompany him to go out, he looked at Mo Xue Tong who besides him: "Xue Tong, are you okay today? Should I make a phone call for Li Shang to pick you up?"

"No need, I can leave by myself."

"En, Be careful."

Efforts, finally inside the private room left Yu Ao Tian and Yao Yao, she is curious frowning: "Aren't we also left?"

"Wait for moment. I still want to drink, come, Bao Bei, since you are good drinker, accompany me drink." after said, Yu Ao Tian moves and sits beside Yao Yao.

She pouted for moment, give awkward smiles: "Alright, I pour the liquor!" take one bottle of liquor, 囁gulp gulp' pour it into a glass, and then take full bottle of liquor of hers. "Come, toss!"

"Huh, Bao Bei." Yu Ao Tian is taking down her glass, one of his hands pulling her into his embraces, the other hand is pinching her chin, teasing her: "Before we drink, should we do something special first?"

"Ugh...no, I don't want!!"

"Well forget it." Yu Ao Tian is happily let her go and only putting his hand in her shoulder.

Is he still Yu Ao Tian? How can today he is so easy to deal?

"Bao Bei, drink it!" after said, Yu Ao Tian drink all at once.

Yao Yao also happily raised her glass, but when she take a sip.... ☹️Yucks' she throwing up all the liquor.

"How's exchange it?"

"Hah."

She heard Yu Ao Tian laughing voice from her beside, she frowned: "Are you exchanged mine?" did he exchanged it when he hugging onto her? Yu Ao Tian, how could he such....lowly?

"Little Thing, your little trick perhaps can fool those few old men, but if they are being replaced by people who have good observant ability, your trick, it will only give more troubles!" said Yu Ao Tian with gloomy expression while his hand puts down the liquor glass on the table.

That's right, just now when Yao Yao was having drink with those two officers she indeed had used a trick.

Before she went to rest room she had bribed the hostess who pouring the liquor, those two men were drinking foreign liquor, while the hostess that she bribed gave Yao Yao green tea! So that no matter how many glass she had, she would not drunk.

"Next time I will drink it for real. Anyway my liquor tolerance is terrible, after I drunk, they will satisfy."

"Wait until you drunk? Ha...." pair of Yu Ao Tian's hand inserted into his pocket, laughed with mocking:

"Wait until you drunk, it means the show is starting!"

"You... What do you mean?"

His dark eyes are dim, one of his hand is lifting her chin: "Do you think, what will man do toward drunken girl? You better not tell me they will send you home!!"

From Yu Ao Tian's words, she knows the other meaning, but.... "The thing that happen under the women unwillingness, it is called as rape. I can sue them! Moreover, all of them are government officers, the penalty will be more severe!"

"Hahahahahaha, you are so naive? When they said you are the one who make moves, who will you sue? Moreover, although you are successful to make them fall from their position, but don't you think you are still at the loss?" Yu Ao Tian draw back his hand that touched her chin, expressionless stand up: "Bao Bei, go home."

No, that's not true, thing is not going to be like that! But, but every words that Yu Ao Tian said sharp as if a knife! She even does not have chance to fight back.

Although she successful to make them fall for their position, but still she is the person who at loss, isn't she?

But if coldly facing those people, want to settle things, it completely impossible!

Men going out, their lost are money; women going out, their lost are body!

This is what Yu Ao Tian wanted to tell her, this is the difference between men and women, this is the darkness of this society, what so-called as white path, actually are dirtier, aren't it?

Perhaps, years ago she had understood this principle, hadn't her?

Staying beside Feng Chen Yi, small big society gatherings in this kind of circles, if not everyone looked her as Feng Chen Yi's girlfriend this status, perhaps in earlier years, she had N times being eaten until clean!

But now, she as Yu Ao Tian's lawyer joining this kind of gathering, who will consider of her, in their eyes, she is only a small lawyer, although she forced, something happened on her, no one will consider about her, won't they?

"I take my leave. I am going home."

"Bao Bei, outside the club, Yao Yao is standing next to car, expressionlessly looking at Yu Ao Tian who is sitting at driver seat.

"Bao Bei, which house do you heading?" he is smiling devilish, one of his hand is leaning on the window, looking at her.

"Of course going to my own house."

"Who allow you to go to your house?"

She wants to go to her own house, does she need other permission? "Yu Ao Tian, do you forget something, now I am not your lover anymore, I have my freedom!"

"Well, let me drive you."

"No need!" after said, Yao Yao takes big strides and prepare to leave.

Yu Ao Tian's face changed dark, faster he out from car, pulled her arm: "Can I say that you trying to finding fault?" if not today he still have something to do, how can he let her to go back to her house? Now things are perfectly good, she even dare to offend him?

"I try to find fault? Yu Ao Tian, I asked you, why you want to drive me home? Drive to half way, you are unhappy and then asked me to get lost. Still better for me to go home by myself!"

Hah, it seems this little thing still angry with last time matter? That's right, he admitted, last time was his fault, but the problems!! That time he was extremely angry, asking her to stay, there is no advantage for anyone!

Yu Ao Tian is helplessly creased his forehead, suddenly he hugs her.

"Hey, Yu Ao Tian, what are you doing! Let me go!" she is restless.

Yu Ao Tian gives her driver position, quickly he helped her to fasten safety belt. And then, he is sitting at passenger seat.

"En? You...." she is dumbfounded looking at Yu Ao Tian who is sitting at her beside, misty eyes. "What are you doing?"

"Don't you still hold a grudge? Come! I give you a chance to take revenge. Come!"

Ugh....

What Yu Ao Tian wants?

Her moist eyes are rolled, quickly she laughing happily, roared: "You get lost from car!"

The expressionless Yu Ao Tian is getting down from the car, standing outside the car, gloomy said: "Is it enough? If not, I will let you to have one more time!"

"Enough." it is enough, she really never thought this domineering man can do something to this point, but.... Make Yu Ao Tian gets down from the car, it really gives so much happy feeling!

"Huh..." Yu Ao Tian is taking deep breathe, suddenly his gloomy face gradually at ease. When he is about to open the car door....

"Good bye!" Yao Yao is smiling devilish, suddenly she steps on the accelerator, car, 'vuwish' one sound, it has already left...

Episode 337

"....." simply to say Yu Ao Tian can't believe, after all this little thing.... Really left him?
"Damn!" fiercely he made fist from his hands.

This is his first time being chased out from car by a girl! Moreover, he not understood himself of how many times he has that patience to coaxing this little girl. The result he turned into this lame situation, it seems he....

"Hah, little kid really being spoiled to rotten by me." he stopped gritting his teeth, Yu Ao Tian expression changed to helpless smiles, but inside his eyes it gleaming 'pamper' eyesight....

'Ring, ring...;' (phone ringing sound)

Suddenly, his mobile phone is ringing, Yu Ao Tian face is changed gloom, slowly pick the phone call: "Li Shang, is it done?"

"All had settled. Zhu Que group's boss Shang Zhe Nan already dead, but his daughter.... Escape."

"Okay, I understand.

The rest let me finish it." hung up the phone call, the expressionless him is standing in the darkness of night, silent for moment and then he makes a phone call....

**

Hei Yan Long's villa

"Older God-brother, Older God-brother, I beg you, help me, help me. My father is killed by Yu Long's group, you must help me!" Shang Yun Yin is kneeling on the floor while crying, constantly she begging Hei Yu Long who is sitting on the sofa.

He is swaying the wine glass in his hand, the gleaming of his deep black eyes are flashed reflecting from the red wine glass. "Rest assured Yun Yin, I still remember that your father is my savior."

"Thank you, Older God-brother." after heard it, Shang Yun Yin heave a sigh.

"Young Master, your phone call." the head of house keeper walking to Hei Yan Long beside, the phone is handed over.

He gives cold smile when take the phone: "Hello?"

"I am Yu Ao Tian."

"CEO Yu? What's matter!"

Listened to this word, at beside, Shang Yun Yin's heart simply to say as if being choked, her eyes constantly staring at Hei Yan Long black eyes.

"Now I am on the way to your house, Shang Yun Yin must be at there right?"

"She is! CEO Yu, welcoming you." Said Hei Yan Long expressionless when hung up the phone call.

"Older God-brother, why you tell Yu Ao Tian that I am at your place? He will come and kill me, he will kill me!!!" Shang Yun Yin simply to say that she is panicking as if an ant in the hot pan, sitting restless.

The silent Hei Yan Long is leaning on the sofa while his hand gently swaying his red wine glass, there is no expression in his face.

"Older God-brother what to do? You will protect me right?" Shang Yun Yin is sitting beside him, begging while pulling his arms.

"Let off!" coldly he burst out this word, as if coming from hell, there is no feeling at all.

"Older God-brother?"

"Hah, when you are using me to deal with Yao Yao, have you thought me as your Older God-brother?! When your father used me to strike General Manager Long and others, have you thought me as your Older God-brother? If not because CEO Yu told me about that matter on the first day he back from Japan, perhaps I still don't know that I made myself to be enemy of Berson Group and also Yu Long Group!!!"

"I....Older God-brother, I. I am sorry, I am sorry, I didn't on purpose to used you. Can you think it as a favor for my father who ever saved you, I beg you to help me this one time? I begging you!"

That year, the eighteen years old Hei Yan Long was coming back from England to take over family business, he was nearly being kidnapped by the mafias. Luckily, Shang Yun Yin's father showed up as peace marker, so that he had spared.

Hei Yan Long himself is extremely a loyal person, so that, he gave so many to Zhu Que's group. Or else the small group in the Jiang Hu (underworld), impossible turned to be the second biggest mafia group only within few years.

"Yun Yin.

As you know I am type of person who have good faith, your father helped me, until today I still thanked him. But....." his black eyes rolled, his lips faintly curved upward, smiles alike sinister: "Your father had died, hadn't he?"

Thump'

Due to Shang Yun Yin cleverness impossible for her not be able to understand what Hei Yan Long said, suddenly she shivers for cold atmosphere, stand up and preparing to escape.

But who knows, the violent Hei Yan Long is pulling her long hair: "Gee, Yun Yin, don't go. Didn't you tell me that CEO Yu is your boyfriend? Immediately he will come to pick you up!"

"No! No! Let me go, Older God-brother, I begging you, I begging you." Shang Yun Yin constantly begging.

Hei Yan Long using his cold eyes to see everything, silently waiting for Yu Ao Tian coming.

"Young Master, CEO Yu is arrived." The head of housekeeper lead Yu Ao Tian to walk until the inner living room.

Once Shang Yun Yin's eyes meets his eyes, cannot help to be afraid and lower her head down.

As seen, Hei Yan Long is putting down his red wine glass, while his other hand is pulling Shang Yun Yin's hair and walk until in front of Yu Ao Tian. "Good evening, CEO Yu."

"Hahahaha, CEO Hei, bothered you." Yu Ao Tian pair of eyes stared, his big hand grabbed Shang Yun Yin's arm.

"No, no, Ao Tian, I begging you, let me off, all those matter not my business! I begging you." Shang Yun Yin is bitterly kneeling down begging.

Yu Ao Tian is smiling devilish, slowly said: "I know there is none of your business. Or else how can I come here pick you by myself? Yun Yin...."

She knew, a man like Yu Ao Tian heartless and cold blood is impossible to be this nice, impossible to let her off. "Ao Tian, I...."

"Sst, if there is anything to talk, let us go out and have a talk.

" Yu Ao Tian smirks stopped Shang Yun Yin to speak, and then turned and said to Hei Yan Long: "Take my leave first."

"Careful." Hei Yan Long politely nodding his head, and then clapping his hand to his head of housekeeper: "Send off CEO Yu."

"Yes, Young Master."

After seeing Yu Ao Tian and Shang Yun Yin left, Hei Yan Long is letting out his sigh.

Normally he is afraid two types of people, the first type is dishonest person and the other types is villain!

While him, because being used by Shang Yun Yin he didn't question (finding the truth) but become small person who not differ between white and black, but now.... "Luo Yao Yao, our debt is settled, we are not owed each other!"

"Ao Tian, Ao Tian, I begging you, let me off." Leaving Hei Yan Long's villa, Shang Yun Yin is constantly begging.

"Yu Ao Tian is silent, not say anything, he grabbed her arm, roughly pushed her into a car that is parked at the road side.

When she get in, Shang Yun Yin is extremely scared, staring inside the car there are sitting, Nan Lu, Mo Xue Tong, Long Ye, Han Li Shang and others, she knew, this time it is hard for her to escape.

In the vast darkness the car is slowly moving, when the car has arrived at the secluded place, finally the car stopped and parked.

Yu Ao Tian glanced at Mo Xue Tong who sits beside him.

She coldly smiles, pulling Shang Yun Yin's hair and then get down from the car.

"Where are you bringing me?"

"Aren't you a good fighter? We do one round battle. Win, you may leave." Mo Xue Tong takes off her outer clothes, coldly rolled up her sleeves.

All are mingling in underworld, more or less Shang Yun Yin must ever heard rumour about Mo Xue Tong, but her fighting skill also not bad, since this is the case....

"One means what one says."

"Hah." Mo Xue Tong give cold smiles.

As seen Shang Yun Yin, dashing closer, but.....

Episode 338

She is not even half good than Mo Xue Tong!

"The difference is too big." the person who is sitting inside the car, Long Ye is helplessly shaking his head.

"I never seen any woman able to hit Sister Xue Tong." Nan Lu ever fought with Shang Yun Yin, she also admitted that Shang Yun Yin fighting skill not bad, but compare to Mo Xue Tong, the gap just too big.

"Today I had drunk too much, I want to go home and take a sleep, ask Xue Tong to stop playing around." Said Yu Ao Tian coldly, little bit impatience gently rubbing his temple.

"Understand." faster Long Ye gets down from the car: "Xue Tong, Ao Tian asked you to settle it as soon as possible!"

Received the order, Mo Xue Tong expression cold, pulling Shang Yun Yin's collar shirt, and then 'papapa' giving her countless slaps: "This is for Nan Lu, now...." her cold eyes are filled with killing intention, suddenly one foot.....

Shang Yun Yin 'ah' vomit blood, her body has slumped on the floor.

This time, Yu Ao Tian slowly get down from inside the car, his cold eyes had seen everything.

She used her last breathe, crawling to Yu Ao Tian's feet: "Look at, both of us, relationship, you, let me off, can you? Ao Tian...."

Since the day he knew Shang Yun Yin, she indeed did many bad things, but her feeling toward Yu Ao Tian, it is real.

But....

"If I let you off, it means I am giving Yao Yao more one enemy!" after he said, his pair of eyes dimmer, suddenly his big hand already strangle Shang Yun Yin's neck!

Perhaps, every woman is longing to touch a man that never been enough for her, Shang Yun Yin also, there is no man that able to capture her heart, but Yu Ao Tian is exceptional.

She is so confident, thinking that she is able to handle this man, but the truth proven, man that not able be touched, no matter how work hard it still would not be able touched it.

She had seen the heartless Yu Ao Tian; but also ever seen the affection Yu Ao Tian, but unfortunate, this feeling isn't belonging to her.

....

And then 'ugh' voice, Shang Yun Yin finally closed her eyes for forever.

The expressionless Yu Ao Tian with draw his hand: "Ask people to clean it." after said, he turned back to car.

'ding ding'

When he just sits inside the car, there is short message notification, opened....

'Ao Tian, after experienced today matter, I realized perhaps my thoughts about everything is too perfect. And also there perhaps are darker matter that I haven't seen. But no matter what, this problem is a reality, I still need to face it sooner or later.

But as you said, perhaps the time hasn't arrived (not now). That time I didn't understand why my Master (Teacher) wanted me to use my lawyer license when I reached age 24years, but now I understood.

No matter what will happen, being kind is my basic nature, waiting until your election ended, I will going back to school.'

Toward Yao Yao who is still in her blooming age, for normal girl, asking to join Yu Ao Tian's world, actually it is too early. But she only helps Yu Ao Tian to do some stuffs, not only to prove herself value but also to pay back her 'debt'.

Whether money or other thing, Yao Yao knows, this man is a man who she hated so much before, but actually he had helped her out and also make many things for her, only for few things, she just not willing to face it..

..

The car that parked in the darkness of night, slowly moving, that cold body is already disappeared from this world. Yu Ao Tian puts back his mobile phone, faintly smiles.

It seems, after these few days, that Little Thing is maturer not less....

The bright sun is hanging on the blue sky, eleven November is getting closer the weather is slightly cold but clear and crisp, the air is fresh. Not hot and also not cold the wind is blowing gently, this signaling today is good day.

Very early Yao Yao has ride a bus to Yu Ao Tian's apartment.

'knock knock knock' (knocking sound)

"Bao Bei, you come so early."

Seeing Yu Ao Tian stills with his pajamas, she impatiently urging him: "Quickly, quickly change your clothes!!"

"Why is so rushing? The election is starting at ten, now only eight." Yu Ao Tian is so calm, not in hurry walking to living room, leisurely he sitting on the sofa, turned on the Television.

Yes, today is election day, and also the day that all of them waiting for these long time. "You hurry change your clothes! If late, the Senior Congressmen, those group of people are strictly with the process, they may disqualify you!!"

"Heh? Bao Bei, it is obviously I am the person who is going to join the election, why are you more nervous than me?" Yu Ao Tian teased, smiles and pulled her into his embraces.

She really not same alike Yu Ao Tian who is perfectly calm (metal mental), this is her first time step up with her lawyer status, so that she is especially cared of it. "Aiya, you faster, okay?"

"Huh, You, later you will be a strict wife in the future." Yu Ao Tian is helplessly pinched her nose, unwillingly heading to take a bath, having lazy bath.

Anyway, being strict wife in the future she not really certain, but one thing she certain, she will be a strict lawyer.

☐Yesterday the Chairman CEO of Berson Group held press conference, decided to resign from his post, and giving his position to the Vice CEO Han Li Shang as new CEO. And also promoted General Manager Long Ye as Vice CEO. Once this news being reported, Berson Group stock has already dropped to 1.3% point in the row, still don't know whether the stock will keep on falling or not in the future!

Watching the television news, Yao Yao is taking long breathe.

The leader replacement is not giving a small shock, it has been considered once Yu Ao Tian gave his position the stock would be fell rapidly, so that they were especially choose one day before the election day to make an announcement.

Once Yu Ao Tian election is successful, Berson group stocks will raise. By this way it won't give any huge losses for Berson Group, and also because he is successful being elected it will make the stock increase drastically.

Hoping his election will be succeed!

At this time, Yu Ao Tian who is already taking bath walking to the living room, he is tossing Yao Yao with a necktie.

She looked at the necktie, and also looked Yu Ao Tian: "What?"

He is smiling devilish, slowly said: "You say?"

Gee!

Until this time he even stills be able to tease her for while? Although Yao Yao face is showing her dissatisfied, but.... Inside her heart she is willingly in this most important time to help him tie his necktie!

If said women 'weapon for battle' is makeup; while men 'weapon for battle' is their suit!

Yao Yao is seriously and also carefully helping him to tie the necktie, when it tied, she pouted her mouth, slowly lifts her head up, looking into that man pair of bottomless eyes, gently said: "Fighting!" her small hand is stroking down to his necktie.....

Episode 339

"Hah." Yu Ao Tian smiling, suddenly he catches her small hand: "Let's go!" turned, open the door.

Han Li Shang and the others have been waiting outside the door.

There is no words, there is no expression, but all of their face are hanging faint smile, as if everything has said so that no need to say verbally.

This, perhaps this the best way to cheer him.

Perhaps other people don't know how work hard Yu Ao Tian for this day, but the people who staying beside him such as Han Li Shang and others all know better and understood how much effort he put, today for this moment, he is using hundred, perhaps thousand times of hard work to exchange with it!!

"Chairman Yu." from outside the apartment, cars are parked neatly and orderly, and also the subordinate that come to meet Yu Ao Tian are wearing formal suit, give him bow-down respect when greet him.

The driver is opened the car door, Yu Ao Tian is taking Yao Yao to sit at Master car, the other are sitting at second row.

The car is slowly moving, he obviously can feel how Yao Yao's hands are shaking: "what's?"

"Have you memorized your speech?"

"En."

"Have you take all the data needed?"

"Em."

"Are you really memorized your speech?"

"Em."

"There won't be any loophole right?"

"....."

"Flast chest don't you think you are too nervous?" Long Qi who is sitting beside really can't stay still anymore, impatiently yelled her.

"I, I am only to ensure there will no any mistake. Do YOU understood, what can you understand?"

"Xiao Meng Li, You are too nervous?" Long Ye broke the tensed.

She really, really! She is really nervous. It can be said that, when she was facing her big and small examination she still able to keep herself calm and quiet this type of attitude, but this moment, because of Yu Ao Tian politician election campaign, yesterday she almost got insomnia.

"Rest assure, you have done well, I must be succeed." Yu Ao Tian tightly holding her small hands, also giving her a smile as if everything will be okay.

"Really? But.

..." she is nervous, afraid there is something she missed about, something that she hasn't thought, and become Yu Ao Tian failure.

"Xiao Meng Li, Ao Tian won't randomly praising you. Since he has said that you had done well, it proved there won't be any loophole." Long Ye smile warmly.

She nervously gulping her saliva, just hoping, hoping there really won't.....

☞Bang!' it is one hard attack, people inside the car are rushed forward.

Fortunately Yu Ao Tian has good reaction, one of his hand grabbed the car handle on the top and the other hand holding Yao Yao's waist, so that she is not hitting in front.

"What is going on?" Han Li Shang is asking the driver.

"CEO Han, there is a car that hit ours!" the driver is panicking make a report.

Han Li Shang glared, faster he looked at car outside, as seen there is one black car that blocking in front of their car. "Ao Tian?"

"Change the route, leave."

When Yu Ao Tian giving an order, there is another 'bang' sound, the car side also being hit.

"Bad intention to stop your election?" Long Ye creased his forehead, can't help himself to look at the outside of car.

Not long after that, two cars are hitting their car again, 'shuashuashua' (brushing sound) next there are few men who holding gun.

When Long Ye is going to take out his gun, Yu Ao Tian face dimmer, shaking his head. "Ask the people at back not to take out the gun! Just think a way to leave this place."

"Yes, chairman.

"The driver accepted the order, determined to choose reverse, going straight to the direction of the viaduct and run away.

But the people who are intending to attack them not have any intention to stop, they are keep on following.

'Bang! Bang! Bang!' they even keep on firing the car while Yu Ao Tian stills calmly sitting inside the car although there are few holes in car.

Yao Yao is scared hugged her head, she afraid to scream out, she is tightly biting her lips, so only let out humph sound.

Actually what is going on?

Why at this time those people are choosing to attack Yu Ao Tian, do they want to stop his election campaign? Actually why must they stopped his election at this event, didn't they know that he had already qualified as congress candidate?

"Bao Bei, don't be afraid." Yu Ao Tian is using his body to hug and cover her, he even showing her a faint smile to comfort.

This smile as if a fire during winter, burn, warm her heart. She only can feel her nose runny, from corner of eyes there is a trace of tears.

It's so obvious Yu Ao Tian is the one who most concerned about this election than anyone, isn't he? But at this time, he even have time to comfort her?

“Bang!” there is another hard attack. The car where Yu Ao Tian used has already changed shape.

"Chairman Yu, there are few car coming over, what to do?"

"Viaduct, go straight to the urban area."

"Yes."

"Don't!!! Don't!!!" Yao Yao has already calmed down herself, quickly said: "By this time is driving the car into urban area, perhaps they are really stopped. But if they aren't not stopping, Media will be so audacious keep on asking about this matter, the campaign has not been starting, but you must bear negative news, for you this is disadvantage, Ao Tian!!"

That's right!

The other party purpose must be wanted to fail the campaign, so that there is a possibility those people won't be stopped!

Yu Ao Tian silent and thought for moment, whispering: "Change the direction, faster change, go to suburban."

"But Chairman Yu, if we are going to suburban perhaps there won't much time left for the election."

For this congress election Yu Ao Tian has waited for many opportunities, but once missed out this one he needs to wait another 3 three years to join the election, during that time he has already 31 years old, in order to complete his dream does not know how many years must spend again.

But, if really make this kind of negative news, Yu Ao Tian perhaps won't be able to join in the next three years.

Waiting, perhaps is better than being deprived of the qualification?

"Go to suburban area!" for once again Yu Ao Tian repeated his command.

The driver who driving the car is helplessly nodding his head: "Yes, Chairman Yu." the car is faster change the route.

But the enemies keep on firing the gun, constantly attacking the car.

"Ah..

.." Yao Yao can't not bear her fear and screaming out, she is really afraid, this kind of scene she had watched many times in television, simply to say she feels as if she is experiencing a nightmare from hell.

"It's okay." for once again Yu Ao Tian is comforting her by showing her a smile.

Still a same word, he is not a type of man who have patience with a girl, moreover he hates the most girl who easy to be shocked. But he understands Yao Yao well, after all she only 19 years old little girl, dealing with this kind of thing actually difficult her.

"Ao Tian, you must know the purpose of those people right?" Yao Yao who still in fear asked.

Yu Ao Tian silent for moment, nodding his head.

"So after all their purpose is you. Well.... Let me get down from the car!!"

Yao Yao words, doubtless flared up all the people inside the car. Han Li Shang is angrily creasing his forehead, yelled at her: "By this time you want to get down from car, all of us will be killed by you!!"

“Bang bang bang....” there are few firing gun sound.

"Ah!!" Yao Yao is curled up her body, can't stop trembling: "They, their target are Yu Ao Tian, not me. Faster get me down from the car!!".

Episode 340

"You darn woman!" Han Li Shang vibrate strong gaze, quickly he takes out his gun.

"Li Shang!" Yu Ao Tian who silent for this time yelling to stop Han Li Shang movement. His bottomless eyes are slowly looking at Yao Yao.

Seeing her face that being scared to white pale, the terrifying eyes, he can feel that how scared she is.

Human, after all are selfish, sometimes in order to protect a self, won't be considered many things. He can understand Yao Yao action.

"Stopped the car."

"Chairman?"

"Stopped the car!!" Yu Ao Tian spoke louder.

The driver who is driving the car hatred creasing his forehead, slow down the speed of car.

"Long Qi, you go with Yao Yao."

"Ao Tian?" Han Li Shang really not understanding, a girl who trying to escape when facing difficulties, simply to say it needless for Yu Ao Tian to be thoughtful, right?

When the car stopped to the side that moment, Yu Ao Tian even protecting Yao Yao when the car door being opened: "Long Qi, you go with Yao Yao. I will cover both of you." after said, suddenly he takes out his gun from his pocket, firing his gun toward those men who keep on attacking them.

Inside the car Han Li Shang cannot stay still, impossible for him to look at Yu Ao Tian fight with all those people by himself, so that he followed his back get down from the car, cover up Yao Yao.

"Ao Tian, after you settle the trouble, remember to come to Parliament House!"

"Woman, are you still pretending to be good person in this time? If you are not make a noise get down from the car, perhaps we can make it into Parliament House now. Now waiting to settle all this group of people, perhaps the election had done, there is no difference whether to go or not?" Han Li Shang Gritting his teeth spoke.

She during this time does not have much time to give any explanation, her eyes are firmly looking at Yu Ao Tian: "Must come! You must come!!"

Perhaps being contagious by Yao Yao attitude, or perhaps because for her, Yu Ao Tian is slowly nodding his head: "En." covering Yao Yao and Long Qi when leaving.

When he certain that both of them are saved, Yu Ao Tian and his people are spending some time to fight with the killers and then they hurried come back to car inside.

"Ao Tian, is it worth?" Han Li Shang with his rough breathing, coldly asked him.

Yu Ao Tian keeps silent for while, his deep black eyes flashed: "This.... Is what I owed her."

The other side.....

“Hu.....hu...”

Long Qi and Yao Yao don't know how long they have been running, after ensuring there are no one chasing at their back, finally both of them are stopped their footstep.

Yao Yao entire body slumped between the fields, constantly she wiping the sweats from her forehead.

"Yao Yao, What are you doing?" Standing beside Yao Yao is Long Qi who eyes are in dazed.

She knows that her attitude now is looked so selfish, but.... "I believed Yu Ao Tian can come back safe and soundly. While me....I have my own mission to accomplish!"

When Yao Yao has gained herself, suddenly she heave a sigh of relief, quickly stand up: "Long Qi, if you are really wanted Yu Ao Tian's dream come true, I want you to do something, can you help?"

The Parliament House is located in center of the city, stately and magnificent, it has five floor style design building as the symbol of politician dignified. In the center of the building there is a magnificent statue, it even more give a vivid illustrating about the importance of the politic.

"Trouble you, driver." Yao Yao gets down from Taxi, standing in front of the big metal fence entrance of the Parliament House, she is looking everything with her serious eyesight.

She is checking on her time, it has been passing 20 minutes.

Hahaha, but it does not matter, she must! Absolutely! Fulfilled and make Yu Ao Tian's dream comes true.

This is not only for the first time in her life as lawyer, the main point; but because of Yu Ao Tian. She must help him to drag this time election campaign!

Yu Ao Tian, I believed you will be going to success. While you, will you also like myself who.... Believe on me?

She smiles faintly, takes a deep breathe, quickly walking inside the parliament big lobby....

Inside the huge hall, all seats are occupied, everyone is showing up serious and stern expression. This is Parliament House, this is the highest domestic politics place.

Yao Yao is taking one corner, quietly have her seat, taking a glance to all the people who joining this campaign.

....

Sitting.... Sitting at the second row, the person must be the head of officials? Does that person is the Head of finance secretary who having meal with her last time?

Haha, in this place is really look awesome, but privately (when come to personal matter), when his left and right were holding hostess, mocking his own wife as worn out house wife, indeed he changed to be alike another person.

Her eyes are keep on looking, the person who sitting on the first row....

Deputy.... Deputy Prime Minister.

Uh.....

Yao Yao is secretly taking a deep breathe, she is so rare to spot the country's top leader on the television, but never thought that she is so lucky today because able to sit under the same building with him, think carefully this is so remarkable, it so similar with daydreaming.

But...

. If Yu Ao Tian campaign is succeed, won't he also be an important politician to?

Hahahahaha....

So that in the future will Yu Ao Tian looked alike them, everyday is showing that kind of stiff expression, make his hair shinny, when he speaking will he also sound coldly?

Aish, thinking carefully it bit scary.

"The next candidate is Yu Ao Tian!"

Finally! Finally this time is arrived! Yu Ao Tian, I will bring your part too, fighting together!!!

Faster Yao Yao tidy her dresses, inhale the air, slowly walking to the podium....

"What is going on? Isn't the person Yu Ao Tian? How can turn to be a little girl?"

"That's right, what is going on?"

When Yao Yao walking to the podium, the audience in below are whispering.

When she was in school she had hosted small and big meeting, but facing with few of officials who sitting on below, actually she is so scared, her pair of leg keep on trembling, after all, all these people are those she often sees in the Television, as if the Gods in the sky, it's out of reach.

"Hello... Everyone." calm down! Calm down! Yao Yao, you must calm down, if this time you are not brave enough, you will be defeated! Her small hands are curled into tight fists, she used her strength to bite her lips, smiles, and said: "I am Mr. Yu Ao Tian's lawyer Luo Yao Yao. First, I would like to give deep apologize to every officials who are sitting in here." after said, she bends her body giving respect bow.

"This, what this mean?" one of the officials from the second row coldly spoke.

She lifts her head, and once again gives her smiles: "I just accepted Mr. Yu Ao Tian's phone call, because of something he had a delay on his way, perhaps he needs about half hour so that he can arrive at here, I hope all the officials are forgive Mr. Yu breach of etiquette.

"After all, even coming late?" from the stage below someone coldly said..
