### Episode 451

"Why must you marry a man whom you only met for one time?" Han Li Shang didn't understand asked.

She lowered her head, tears, 'drop' falling down to floor: "Actually I am always living in single parent family, even though my mother married my stepfather, but.... there were no feeling between them. My mother have her own life, while my stepfather also have his own life, not long ago my mother business failed, she owed sum of money, my stepfather because didn't want to share the burden choosing to divorce with my mother. Under helplessly circumstances.... My mother let me to marry a man who able to settle our difficulties."

This man, was the person who last time coming to Yao Yao's mother death ceremony, who was coming together with Gong Xiao Man's mother.

During that time, she even thought that man was a Host who being supported by her mother, who knew, he turned out to be her future husband.

Actually when she said Yao Yao as type of person who never wants to share hardship but like to share joyful, Gong Xiao Man indeed this type of person too.

"How much?"

"What?" Gong Xiao Man wiped her tears, slowly lifted her head up.

"The sum of money owed by your mother?"

"Forty Million."

"Forty Million, ah...." Han Li Shang sneered, quickly he took out bank note from his pocket, wrote down few words and then torn it, gave it to Gong Xiao Man's hand: "Total fifty million, forty million for paying the debt, the rest of ten million up to you how to settle it." he passing Gong Xiao Man's side, faster he left the room.

Staring at the bank note on her hand, for very long time, that crystal clear of tears falling and printed on her face, "Hah, Han Li Shang, am I really such not attractive? You are willing to give me money but unwilling to touch me?" murmured with confused, the bank note on her hand gradually turned to be pieces alike melting snow (torn into pieces).

Hand wielded, big pieces of snow falling from head, this perhaps as if 'white snow' which adding coldness inside her heart.

And then....

Gong Xiao Man didn't know, the reason why Han Li Shang didn't touch her, it was not because she didn't attractive, but because this man who seemed not to have feeling toward her actually is his biggest....consideration...

'Ring.... ring ring...'

Han Li Shang just walking out from hotel, his mobile phone rang. "Long Ye, what's matter, it was late night already?"

"Li Shang! Something happened.... the airplane which brought Ao Tian..

.. facing problem!!"

'thump'

As if a piece of big stone heavily pressed down his heart: "Have you asked people to search?"

"The government side had taken the action, the United States government, the other Feng Family also privately asked the rescue team to search, now how about us?"

"Asked all the Yu Long's men to make rescue team and then go to search too!" Due to Yu Ao Tian current status as Politician, the Yu Long's men could not make too much movement, so that they only could make faking themselves to be rescue team in order to do rescue and searching.

"Understood. I will go to.... make command."

Hung up the phone call, Han Li Shang cold face, his body slowly leaning onto the wall: "Ao Tian.... you better, nothing happened to you!!!"

Feng Mansion

At the front door, Hei Yan Long and Ou Yang Zi Xuan's cars are at same time stopped in front the big door, those two persons looked each other: "You?"

At sudden, alert something off, they are quickly rushed into Feng's Mansion.

"Young Master Hei, Young Master Ou Yang."

"Where is Uncle Feng?"

"Old Master is waiting both of you in living room."

Without waiting for the maid to lead the way, these two persons have already rushed to inner living room.

"Uncle, what is going on, why this late of night called both of us?"

"Fiuuh..." Feng Xiao sighed, the next moment, slowly said: "Like this, I just got phone called from Xander Company, their radar has lost contact and signal with Mr. Bartholomew's airplane, perhaps the airplane facing air-crash."..

Episode 452

Hei Yan Long knew, if Mr. Bartholomew's airplane wasn't missing, impossible for Feng Xiao suddenly called them out.

"Uncle, inside the airplane.... would be other people?"

Feng Xiao with difficulty expression looked at Hei Yan Long: "There is Berson Group Yu Ao Tian and also Mr. Bartholomew's assistant, two pilots, and also... also... Yao Yao..."

At sudden, Hei Yan Long feeling dizzy, stiffen sitting on the sofa.

Standing beside is Ou Yang Zi Xuan seeing Hei Yan Long who reacting weird really curious, but now he really didn't have time to question Hei Yan Long's strange reaction, more because.... "Uncle, have you said this matter to Chen Yi?"

"I really don't know how to tell him, so that I called both of you come here. I have called the Rescue team of Feng's family to do searching, while Chen Yi.... can both of you help me to hide it from him at moment?"

"Uncle? Why must hide it from him?" Hei Yan Long really not understood, Yao Yao is Chen Yi's wife, why at this time didn't tell Chen Yi if Yao Yao missing?

"I can feel that, Chen Yi really loves Yao Yao, even to let him know if Yao Yao went missing, it only going to make him sad, so that, there is no point to do so.

"

Hah...

No point to do so?

MF, if Feng Chen Yi does not sad then it is meaningless? At this moment, Hei Yan Long could feel human feeling such thin, a father only loves his son dearly, but such heartless toward daughter in law. "Uncle Feng, Yao Yao is missing, didn't this because of Feng Group? The reason how could she go to Mr. Bartholomew's airplane, didn't it because Feng Group's company in United States? How could you afraid Chen Yi going to sad and then didn't tell him the news Yao Yao is missing now?"

"Yan Long?" Furthermore Ou Yang Zi Xuan really not understanding with Hei Yan Long weird characters, it so obviously before he always priority Chen Yi more, but how could now he?

"Uncle, I will also try to ask my rescue team to search for Yao Yao's airplane that missing. But, as long as Chen Yi phones me, I afraid I could not hide it from him!" after said, Hei Yan Long stood up, politely bowed at Feng Xiao then turned and left.

"Huh, Yan Long? Yan Long!" Ou Yang Zi Xuan panic seeing Hei Yan Long's back getting further: "Uncle Feng, you don't mind Yan Long, there's time Yan Long bit weird. And that, I will help you to hide it. I take my leave first." He anxiously said and then hurried to catch up with Hei Yan Long. "Yan Long! Yan Long! You MF stopped there!"

The footstep stopped, Hei Yan Long expressionless looked at breathless Ou Yang Zi Xuan.

"What's matter with you? Yan Long? Did Uncle Feng say something wrong? Even though we tell Chen Yi, what can he do?"

"He doesn't need to do anything! As long as he secretly praying for Yao Yao safety then it will do, this is better than he does not do anything! By this way. I still can see that.

... he really loves Yao Yao!"

Looking at Hei Yan Long who showed pissed off expression, Ou Yang Zi Xuan bit panicking: "Yan Long, what's matter with you? Yan Long, Chen Yi is our best friend ah."

"So what?" Hei Yan Long sneered: "So that, we don't need to care whether Yao Yao live or die; so that, because we fear our best friend to be sad then we must not tell him, something happened to Yao Yao. You guess, after Chen Yi know it, would he hate? Or would he thank us? Zi Xuan, you never experienced, the pain because of left by the most important people in your life. When my parent's airplane went missing, I just found it out after three months regarding the news they left, that time I hate everyone! I hate those who kept the news from me!!"

Paused, he continued: "You say, if I asked Hei family rescue team can they search the airplane faster than government team? Perhaps the government would only use one month to search everything, but my Hei Family rescue team might searching for one year. But... I will use all my almighty to search for Yao Yao, this better than sitting in here waiting for news!!!"

He personally had experienced the suffering because of airplane incident which taken his beloved, that kind of pain...

Episode 453

That time, he was only at his eighteen years old, the member of Hei's family afraid he would be so sad then they hidden the matter for three months, because of this it brought Hei Yan Long to regret for his whole life.

He wasn't the first person who searched for his parent; he wasn't the first person who offered the prayer; also not the first person who bursting out the tears. After three months, this matter came to calm down, if he still crying, perhaps going to be seen alike dummy. Only by hiding behind of everyone, he secretly crying.

So that, this time, he wanted to make up for all his regret, whether for Chen Yi; whether for himself who looked Yao Yao highly. No matter what, he wanted to offer this strength.

Open the car door, sitting at the back seat, the car slowly moving and disappearing from Ou Yang Zi Xuan vision line.

At this moment, Ou Yang Zi Xuan vaguely could feel something off, but at same time.... he didn't know what was off. Just felt....

Hei Yan Long attitude toward Yao Yao....didn't it have.... over from an ordinary friend?

"CEO Hei, are you okay?" inside the car, the bodyguard concerned of him asked.

He silently waving his hand, pair of his hand tightly made fist, that pair of black eyes gradually looked outside through window, murmured: "Woman, you.... must live!!!"

China Government State of Council Office.

"Mr. Prime Minister, currently every media comes from many different country reported regarding the private airplane of Mr. Bartholomew which gone missing, and then the first reaction from every country which heard the news The Director of State council Mr. Yu missing was sending out the rescue teams, what is your opinion regarding this matter?"

Director Yu is the State Council officer who indispensable leader, so no matter what, we will do our best to mobilize rescue teams to look for the missing airplane in seaside searching whereabouts State of Council Director Yu."

"Mr.Prime Minister, US government had been sending out ten of their rescue teams, while the Japanese government had been sending out about forty small rescue teams, while the African government had been sending out about ten rescue teams, why the Chinese Government only sending about thirty rescue teams?"

At the moment when anonymously media asked this question, the spokesperson Prime Minister Qi obviously dumbstruck for moment. "Hehehehe, thirty rescue teams only first batch as starter rescue teams, soon we will going to have second batch of rescue teams. Please all the Medias calm down."

☞Bip...'

Han Li Shang coldly turned off the television, that cold pair of eyes emerged endless chills: "The outsider even could see the rescue teams which set off by the Chinese Government was so little. If the person who got missing was Zeng Kai Rui at least they might set one hundred rescue teams!"

"Today's the government power is on Zeng Kai Rui's hand, by this time he must be wished to kick Ao Tian vanish forever, being able to set thirty rescue teams also for passing off the sham as the genuine, afraid that thirty rescue teams that gone, didn't know to do what!" the person who sitting on the chair is Long Ye who with hatred made fist with his hands. The government side, absolutely could not rely on!

"Long Ye, actually that thirty rescue teams if really ordered for searching, this Zeng Kai Rui still counted treating Ao Tian not bad, but if these thirty rescue teams are...." at the moment Han Li Shang spoke to this point.

Immediately pair of Long Ye's eyes dimmed: "That's right! Damn it, if these thirty rescue teams are secretly to kill Ao Tian, then Ao Tian absolutely.... won't be come back!"

Words spoken to this point, quickly Han Li Shang stood.

"Li Shang, where are you going?"

"I will go to look for Ao Tian by myself, must find Ao Tian before Zeng Kai Rui's men!!!"

"Wait." Long Ye pulled Han Li Shang's arm: "Now Ao Tian is no longer at Berson as a head, if you are also going, impossible to left Berson at my hand let me to do it by myself."

It stills better I go to search for Ao Tian, you stay at Berson and taking good care of 'our' home!"

Han Li Shang carefully thinking of it, the current situation of domestic not stable also the outsider invasion, if Han Li Shang left, if Zeng Kai Rui secretly attacking Berson, afraid Long Ye would not be able defending it. "Alright!" he patted heavily Long Ye's shoulder: "Must! Take Ao Tian back!"

"Haha, Ao Tian is our family, he does not back, I.... won't back too!!!" one affirmed sentence, burst with endless emotions.

For Han Li Shang, Long Ye, Mo Xue Tong and others, the existence of Yu Ao Tian is the most important than anything, all of them are clearer than anyone! Alike one family, without the core heart (back bone), then.... this home.... would absolutely separated.....

Episode 456

On the blue sky, the clouds are gently moving and blown by the breezing wind.

The sounds of ocean waves are heard alike music, a dazzling golden light from an endless horizon as eyes staring

A few small crabs on the beach slowly climbing. They seemed to have encountered kind of obstacles, a petite figure is lying on the beach, then those few small crabs only could take detour.

Just at this time, that petite body slowly moving it's fingers, eyebrows creased and followed to move. The draped feeling because of the sea water constantly hitting on her petite body, but not passing her half body.

☒My Majestic Lan Duo, later in the future you are going to take the highest position to lead Ya Si Lan (Aslan) Country, you are born as a successor, then the things that you must face in the future would be more than those princes, princesses and also must do 100 times tougher training!!'

☒My Majestic Lan Duo, kill this useless servant! He is not deserved to serve you, kill him! My Majestic Lan Duo! Kill him!'

☒Don't... don't... don't...!!!'

"Argh!!!!!" horrified sound, suddenly petite body moving, opened eyes... "Huk, hukhuk...."(coughing sound)

Yao Yao constantly throwing out the sea water from her mouth.

"Hu.

... hu hu....." rough breathing, dumbfounded staring at everything in front of her eyes.

Beach? Sea water?

It took her effort to sit herself up. "Uh..." Arm! Arm hurt! She was clutching her left arm, painfully frowned, she could feel that her right shoulder might break.

Where is it? Staring at the vast ocean, Yao Yao trying hard to recall the reason she could be here.

Recalled! As if... the airplane gone missing from radar!

Inside the airplane there were Mr. Bartholomew, Yu Ao Tian, also Mr. Bartholomew's assistant, but unfortunately this assistant has died.

Then where the others? Where the others?

One hand is hugging onto two knees sitting on the beach, she expressionless touched her forehead to her knees.

☒My Majestic Lan Duo, later in the future you are going to take the highest position to lead Ya Si Lan (Aslan) Country, you are born as a successor, then the things that you must face in the future would be more than those princes, princesses and also must do 100 times tougher training!!'

☒My Majestic Lan Duo, kill this useless servant! He is not deserved to serve you, kill him! My Majestic Lan Duo! Kill him!'

"Uh.

" letting out cold air, quickly she lifted her head: "Why.... why flown these kinds of sound? Who is Lan Duo, actually who is Lan Duo?"

In her memory, the person she ever met, it could be recalled by memory, but the things happened, there was no Lan Duo this person, moreover that place as if like a hell that keeps on ordering her, the cold voice asking her to do thing.

But this is not the first time Lan Duo this person showing in her head, this kind of terrifying and also cold voice. What all these things actually?

Vaguely, again so vague. Hah, thinking carefully, since she met Yu Ao Tian, there were too many vague things happened in her life.

No!

Perhaps... it should be said.... if she never dated Feng Chen Yi, never experienced Feng Chen Yi cheating, perhaps she would not know Yu Ao Tian.

This....

Perhaps what called as fate!..

Episode 457

Six years ago, she didn't want to know what was happened to her; six years later, the incident of car explosion was the only memory she had. And then she only has such ordinary and simple life.

But since the day she went to Japan encountering Feng Chen Yi, hence her peaceful and simple life slowly broke....

The first thing was meeting that good looking underworld emperor, two years later meeting him again, suddenly Grandfather fell sick, became his lover, Mother being killed, and then married Feng Chen Yi, and then series on things, one by one happened.

And then, now this was the second time Lan Duo this person showed in her head!

Hah....

"Perhaps this is what called as fate, if one day really could not avoid it, then only able to facing it, there is no way, since this is what called as life. And now...." using her strength to stand up, she wiped clean the sands which stuck on her lower body, faintly smiled and said: "Better to think a way how to get out from this little island."

At the moment when she turned her body, backing the sea that moment, Yao Yao's body suddenly stiffen at hers original place.

Her moist and big eyes slowly blink, she gradually, gradually for once again staring that an endless blue sea.....

"Yu.... Yu.... Ao Tian!!!! Yu Ao Tian!!!!" her petite body quickly looked at the body which floating and getting further.

Must be Yu Ao Tian! Must be Yu Ao Tian!

When the sea water hasn't gone up to her neck level, she also has closed to that body's side.

He originated has good looking face but at this time so pale, a pair of pinkish lips also turned to be purple lips. "Yu Ao Tian, Yu Ao Tian!" Has he lost his conscious? Or?

Without think much, Yao Yao with her one hand pulled his body to the seaside. Her fingers are touching his neck whether there's still a pulse or not.

Such weak breathing, could be said almost not be able to feel.....

She placed her hand onto and in front of his chest, quickly she sitting and doing the emergency rescue. "Wake up! Wake up!" not long after that, she has worn out and sitting beside his body, constantly caught her breath.

So hungry. What time was the airplane missing? How could she so hungry, and what time now?.

Episode 458

In the island, not have any idea about time, Yao Yao didn't know that the time has been moving for two days since the airplane gone missing from the radar.

Helplessly eyesight staring at Yu Ao Tian's pale face, what to do? If not thinking any way out, he could be died!

Wait....

Wait wait!!

Stood up, could not control her body which taking small steps.

"Why must I help him out? Didn't he the person who killed mother? If he die, didn't this lighten my effort to kill him?" bad intention pop out in her mind, immediately Yao Yao's face showed strange smile: "Yu Ao Tian, I won't kill you, but I also won't help you, you die, it is Heaven will, if you live, we are continuing to fight!" at the moment when she turned her body....

☒Yu Ao Tian, didn't you understand ours stand of view? You are the person who killed my mother, you are my enemy! Even though you treat me well, there is no way to change the reality you are still my enemy!!!'

☒This is my debt toward you. And this is nothing about the hatred between you and me.... does not have any relation.'

☒Yu Ao Tian, the debt you owed me was you killed my mother, the debt you owed me was you raped me when I was in process of wedding. This two debts, I will use other ways to take it from you, but it would not be your life!!!'

☒Hah. Silly, the thing that I owed you.... it is my life.

...'

☒It is my life....'

Paused, the scene before the airplane went missing played on her head.....

Why he must have acting this way?

Actually what life debt he had owed her?

"Uh," perhaps due to the memory which should not be influenced; perhaps being tormented between evil and right, Yao Yao bitterly creased her forehead.

As said, didn't need to use Yu Ao Tian's hand to revenge; when the airplane went missing, if not because of him..... she has already been killed by those scattered things!

Footsteps beyond her control moving and walking to Yu Ao Tian beside. "Yu Ao Tian, from now on I will help you with my utmost, just think it as paying the debt to everything that you done to me in the airplane. But...

if you are not able to survive, I.... also don't have any way out!"

Her petite body hardly dragging his strong body to move forward, one broke hand, she only could use one hand strength, every one step as if taking her half life....

Dawn is replaced by dark of night.

This island turned to be more desolate and scarier during at night. Inspection for quite long time, this island only has a piece of tree shade, while around are rocks, but she didn't have way to take Yu Ao Tian up.

Taking an opportunity before sky has not completely dark, Yao Yao had plucked few of wild fruits. Now she really didn't care whether the fruit is toxic or not, being able to fill stomach was already not bad.

"Hey, Yu Ao Tian, you eat or not?" Lonely looked at that motionless body, she laughed foolishly. Never thought this man could be this 'well-behaved' at this time?

But the next second! "Yu Ao Tian! How long you want to keep on sleeping?" Tossing the fruit from her hand, she climbed to his chest to listen to his heart beat.

It getting weaker!

Her small hands panicking touched his body which gradually turned to be rigid. "Faster wake up! If you are not wake up, you really are going not to be woke up forever!"

Wait.....

Episode 459

Since from the seashore pulling Yu Ao Tian, she has not rested not even for moment, but she merely forgotten one most important thing!

Using all the strength from her single arm to flip his body.

Yao Yao was using her utmost strength to tearing his clothes which were in tatters.

"Oh...." at the moment when she saw the pieces of scars on Yu Ao Tian's back, Yao Yao could not help herself not to heave a sigh.

Even though two of them were missing at same time, but she forgot the fact that Yu Ao Tian had shield her with his body when the things scattered! It seemed this perhaps the reason why Yu Ao Tian still hasn't woke up because of these wounds!

If only injured because airplane went missing, his wound would not this severe, but now as seen... "Impossible it has been more than two days since the incident?" it could be said that, Yu Ao Tian has been two days didn't eat anything! The wound is exposed to the sea water?

By the bold speculation, Yao Yao didn't care of her weak body, didn't care of the darkness night, relying on her memory to the way from the place when she plucking the fruits.

With vague memory when she plucking the fruit, inside there were mixed up with mint flavor leaves. She never learned about herbal, but she only could give it a try, that leaves with cool sensation perhaps could treat Yu Ao Tian's wound.

Through the moonlight, she took few of leaves which smelled alike mint, smelled it.... "Ha, so that is it! Aiya.... ah!!!!" she trampled because of stone....

Yao Yao stunned for moment and she even have impulsiveness to laugh at herself, how could she being such unfortunate? One of her hand, its bone break, and now she even sprained one of her feet? Moreover this Yu Ao Tian alike half deathly person?

Woah, hahahahaha, both of them better to wait dying slowly!

Using her one feet she difficultly walked to Yu Ao Tian's place, she coldly stood beside him: "Hey, Yu Ao Tian, how about both of us to consider, consider, die together and settle at once. The debt you owed me clear, debt that I owed you also clear, how about it? Hey? Give me an answer?"

At this time, Yao Yao not even forgetting to let out her sense of humor, but.

....

No one would understand if not putting oneself onto her shoes, if not using this kind of attitude to face this kind of situation, when hitting on this thing it hard not to think negatively, she really afraid herself going to choose..... commit suicide!

After all, she didn't know how long she going to stay in the island, other whether Yu Ao Tian going to wake up or not, it would be going to be another case.....

That kind of fear and also helpless, never experienced no one would have understood it.

"Hey, you choose to have meal? Or choose to eat your medicine? Well, let's us have meal first." Yao Yao looked at the fruits which on her hand, and then she looked at Yu Ao Tian, she frowned.....

She put one mouthful fruit into her mouth and then she chewing until the juice out, slowly she got closer to his lips.

But at the moment when her lips touched his, the movement suddenly stopped.

But the next moment, she creased her forehead, she transferred the fruit's juice from her mouth to his mouth....

After few times back and forth, Yao Yao expressionless moved his body, she took few of minty leaves which she plucked then she chewing it and then applying it onto his wounds. Using that tatter clothes as bandage, wrapping all the wounds.

Her small hands are touching him closely to his most rigid body, lifted her eyes, she looking at the surrounding of darkness, then it was getting colder, if this kept on continuing, even though Yu Ao Tian didn't die because of his wounds then he might be tortured by coldness, must be frozen to death.

"Yu Ao Tian, this.... is the first time, and also the last one, after passing this night, no matter you live or die, the debt that I owed you, all are settled clear!!" coldly said, and then that cold eyes gradually dimmed.

She slowly, slowly taking off her clothes, dragging herself to his body, using her body temperature to warm him, she cuddling tightly his body which gradually turned to be rigid....

This night it was so tormenting, as for Yao Yao it wasn't only a physical damage but it more to emotionally abused.

She was constantly hypnotizing herself, this man not Yu Ao Tian, not Yu Ao Tian! As if by doing so.....

This kind of ambiguous process of rescuing then could be smoothly done.....

## Episode 460

Early in the morning, the blue ocean covered with thin fog. At the first glance, simple to say it was as beautiful as immortal scenery. There was a shallow layer of fog outline around of the shade with palm size, such alike immortal dream.

Gradually, the sun raising from that thin fog and getting rid that immortal scenery, and left deeply worrying weather.

"Ng...." the man was letting out such weak sound, and then he licked his lips.

Didn't know whether because of the sunshine, or because the body was recovering, his skin that as white snow gradually had trace of color.

Slowly opened his eyes, his bottomless eyes at the moment looked dull, he dumbfounded staring at sky, at the moment when he lifting his hand heavily touched a woman's body which laying on his top of body.

His eyes looked down....

.

"Yao...." weak and hoarse sound, that pair of dull eyes slightly have helpless traced.

Looking at his surrounding it only left one fruit, the sweet taste in his mouth, as well the warm body temperature which emitting from Yao Yao, in his mind flashing every words which she said from yesterday...

..

“Yu Ao Tian, this.... is the first time, and also the last one, after passing this night, no matter you live or die, the debt that I owed you, all are settled clear!!”

Hah.

.

Although he was losing his consciousness, he did not know why, every words which said by Yao Yao yesterday as if he had heard it; everything she has done as if he had seen it, it was so real.

"Little Thing, Little Thing." Yu Ao Tian weakly patting her head.

Not long after that, Yao Yao didn't show any response.

Perhaps she was too tired, Yu Ao Tian didn't bear to wake her up, so that he only lifted his head and staring at the sky, gently hugging that petite body which looked similar to child posture, and then watching pieces of clouds that drifting across his eyes.

Heart, composed.

This was the first time quietness in his thirteen years.

.

At sudden, he suddenly flashed a kind of impulsiveness wanted to stay in here forever. But, it was only a flashing through, he knew in the future there would be many, too many things that awaiting him....

After about half an hour silent.

Yu Ao Tian's face which showed relaxing expression gradually turned to be gloomy. "Yao Yao, Yao Yao! Yao Yao!!" bad premonition suddenly struck him, his hands hugging tightly onto her body, taking all his effort to support his body into sitting position.

Suddenly, a green color which glow in her small face caught by Yu Ao Tian's eyes, was she poisoned?
