Without waiting for Yu Ao Tian to answer, The Elder has already held his arm: "Quickly! Follow me!"

The Elder alike soulless dragging them to her own house, hurried she closed the door.

"Elder, what was happened?"

"There is no time to explain it. Both of you faster hide inside here, remember no matter what sound you heard don't go out, understand?" After said the Elder opened a big water barrel.

Yu Ao Tian and Yao Yao were doing as the Elder said, they hiding inside.

And then the Elder hurried close the big water barrel.

Actually what was happened? Were those villains looking for them? Impossible, Yao Yao clearly could see the fear showed from the Elder's eyes were more than when she looked at the villain before, it was different.

Actually what made the Elder so terrifying, which made the village turned to be deathly piece of land?

Still thinking.

Suddenly....

"Hey!"

At the moment when Yao Yao wanted to vent her anger, Yu Ao Tian hurrying whispered: "Sst, Bao Bei, The Elder asked us not to let out a sound, have you forgotten?"

Who did he mean? At the moment when she could not let out a sound, he was not behave doing as he wished.

She creased her forehead, hurried she stopped his hand.

In the darkness inside the big water barrel, she tried to stop his ruthless hand, but....

She sensed of numbing feeling, she bite her lips. "En..." her lips still leaking out the 'moan' sound.

Yu Ao Tian devilishly smiled....

Her back was sticking onto his....

"So sensitive." One of Yu Ao Tian's hands held onto her S waist, kissed it.

The fire flared up as if going to burn anything, "Enough! Uh, uh...en... stop it!"

"Bao Bei, your breathing is so rough, could it be....

"

"No!" now she only has one hand to move! "Stop it!"

Yu Ao Tian curved upward his lips....

"En ah..."

Took this opportunity....

Her smooth white face flustered, she absolutely could not resist, such disappointed toward herself.  
"Enough!"

"Dislike it?"

"Dislike!"

"Hah?" Yu Ao Tian laughed, but this man kept on continuing his bad....

"Uh...." Yao Yao covered her mouth, her petite body involuntary arch forward: "Don't, don't!"

Yu Ao Tian ignored her begging.

At sudden Yao Yao's head turned into empty....

"Bao Bei..." as if being influenced by Yao Yao, Yu Ao Tian breathing started to rush.

The water barrel was not really big, the air suddenly became thin, Yao Yao gradually lost control.  
"Uh....En, en..." A nice voice could not help but let out moaning sounds.

It was provoking Yu Ao Tian even more.

Her muddle-head big brain finally gained her rational: "Don't! No! Don't!" her small hand was beating on his chest, constantly kept shaking.

"Bao Bei, I can't endure it anymore."

"Don't!"

At that sudden, tears beyond her control burst out from her pair of eyes. Why? Why it turned to be this?

"Oh..." Yu Ao Tian could not help himself to let out a pleased sound.

Her nose issued out few scornful sounds, she lowered her head, leaning on the man's shoulder, her tears just rolled off.

Hah, this really strange, was this woman still herself?

It felt as if her soul bit by bit leaving her body, she coldly saw, feeling this was so ridiculous.

It was clearly this person still herself, but why, at the time she enjoying this thing, her heart felt tormenting?

That pair of confused eyes dimmed, her small hands curled up into fist: "Comfortable...."

"Hah?" Yu Ao Tian as if gotten a new attack, hurrying he asked: "Bao Bei, what did you say just now?"

"En... Comfortable..

. Chen Yi!"

An initially the pair of eyes which filled with desire once he heard what Yao Yao said an instantaneously it dimmed out: "What did you call me?" that voice which asked her vibrating incomparable fears, Yu Ao Tian immediately stopped his movement, quietly waiting for her to give an answer.

"Called Chen Yi, so what?" Yao Yao curved up her lips, that face which showed strange smile slowly came closer to him and whispered: "Since it started, I was thinking about Chen Yi!"

An instantaneously, Yu Ao Tian pair of eyes flared up with anger, pair of his hand tightly hugging onto her waist: "Little Thing, now I want you to know, who I am!"

"En!" it was tear-like pain but her lips that seaming tightly didn't want to call Yu Ao Tian this name: "Is, Feng.... Chen.... Yi!"

For once again pair of hand grabbed tightly the petite body. "Who!"

"Chen... uh!" without waiting her to call out the complete name, her forehead has let out bead of cold sweat.

"Call my name!"

"Chen Yi!"

"Call my name!"

"Chen Yi!"

The fragile her as if gradually to wither, other than pain, she has not been able to feel anything, she almost fainted.

Every times she called out Chen Yi names, that name alike a needle that pierce deeply into Yu Ao Tian's heart.

Yao Yao stubbornness has made this man lose all his patience, heartlessly he pushed her away....

Thump' a sound, that body which felt alike shattered hit to the outline wall of the water barrel, but Yao Yao's lips slightest curved upward. Won over! It seemed that what Hei Yan Long ever told her was right, more she showed off how lovely-dovely she with Feng Chen Yi, this devil would be emotionally abused!

There was a deathly silent inside the dark of water drum, at this moment, both of them were not looking at each other expression, moreover could not feel each other moods.

But.....

## Episode 472

13 years ago, how could the 15 years old Yu Ao Tian who was the son of the high level politician's eldest son to adapt and became the scoundrel who wandering in the street?

She still remembered the time when she followed Long Ye and others having a meal, everyone was talking about the process first time they encountered Yu Ao Tian, and also vaguely talked about the society starting from the most bottom when they gotten into Yu Long group, also the hardship that they encountered.

But, she believed whatever they said were only the superficial things, from the scars in Yu Ao Tian's back she could confirm that the process from the start to the end it was actually hard and bloody.

During that time she could not make any connection between Yu Ao Tian and also the eldest son of the Prime Minister (Former Prime Minister Qi Lian), but now after the series....

She gradually can understand the reasons and steps that taken by Yu Ao Tian in order to revenge on behalf his father!

After all, he has sacrificed too much for his path to go into the politic world, he has really sacrificed too much.

Once Yao Yao thought about this she could not help herself but to feel ache in her heart.

This is the thing that she unwilling to dig out, this is the reason why she unwilling to face Yu Ao Tian, She really hate herself who understood everything and then her heart goes to soften. But.....

Even though Yu Ao Tian had made many sacrificing in his past, he was innocent. Then how about her mother?

Didn't her mother also innocent?

Stood up, Yao Yao heaved a sigh, raised her head, looked at the piercing sun light. It's time for her to get back.... It seemed, there would not be any ship coming to pick her up!

These three days, she was constantly sitting in the seashore and waiting for the ship which going to pick her.

Perhaps this called as optimism, or perhaps this called as the reason she willing to live, she constantly telling herself, Yu Ao Tian has already succeed leaving this isolated island, he has succeed gotten back to China, he has already told Feng Chen Yi, regarding the matter she is still in this isolated island.

But.

Even though Elder has already left, but her sons have returned, as for Yao Yao finally she could feel the burden of guilty sense in her heart lessen!

"Little Girl, both of us are coming back safe and sound, all is thanking to your husband. If not because of him, perhaps both of us.... Have already died."

Thump'.

Episode 473

Inside the first jeep, Yu Ao Tian was sitting there!

Ha, ha.... Still alive?

There was unspeakable excitement in her heart, but her rationale was suppressed her excitement emotion.

Where were those military officers going to take Yu Ao Tian? Would they, sending him back?

Of course, this was the thing that Yao Yao hope for, but her sixth sense told her those military officers would not that kind!

As the result Yao Yao was placing herself on the grass, so that she could easily following the jeep's track.

Those two jeeps were moving to uphill, if they were really wanting to send back Yu Ao Tian, they must be went to downhill heading to port, but not up to mountain, except if they have a helicopter.

She was pondering, suddenly Yao Yao seen something off with the first jeep, it constantly turning right and left (swinging).

"Hah, Yu Ao Tian is racking!" She showed strange smile, faster she went out from the grass....

"Mr. Yu, if you are intending to resist, then we are going to make a shot!" One of the military officers inside the first jeep was speaking fluent English, and intended to took out the gun from his pocket.

Yu Ao Tian bottomless eyes dimmed and his hands were handcuff, his raised his foot and then kicked that person's arm, followed his body turned, from his left and right, two people were fighting him.

Although few of them were tall and strong still they were not a match for him.

Stood up, pair of his hand has already hooked the driver's neck.

The driver felt pain and then moved the steering wheel, and finally he gave up and chose to brake.

Because of the force, Yu Ao Tian was almost flew out from the inside jeep, he groaned a sound, quickly he kicked open one of the British man and then rushed out from the jeep.

"Don't move!" At this moment, followed by the behind jeep few people were getting down, they picked up their gun and then pointed it right behind Yu Ao Tian's head.

"Ah." His mouth is curved upward showed his devilish smile, he slowly turned.

"Raise up both of your hand!" Few of expressionless foreigners gave command.

Yu Ao Tian was raising pair of his hand up according to the command.

One of the foreigners was walking closer to his distance.

Just at the moment when the foreigner was still in few meters from Yu Ao Tian, as seen pair of his bottomless eyes dimmed, when there was a one step.....

As seen, a fish spear was flying out from the grass, it wasn't only hit one but few military officers.

Yu Ao Tian was taking this opportunity, with one kick he kicked the officer who closest to him. His bottomless eyes were looking to the grass direction.

At the moment when he spotted that petite figure was breathing so rough, his mouth was curved upward and made a charming smile: "You are still coming."

Still? Coming?

It seemed that, Yao Yao guessing wasn't wrong, Yu Ao Tian was really not expecting her to come here, so that before they separated he was saying that words!

After stabilized her breathing, she slowly walking out from the grass, didn't take it seriously she titled-side her head: "Just in case if you are running away by yourself and then not telling anyone that I am still in this island what should I do?"

"Hah. Then you must peacefully living in this place and becoming that Old man's wife."

"If I could not become your Mother in Law, I don't want to marry him."

Bantering, it was relaxing and also humorous conversation between two of them as if chasing away the haze inside of their hearts for moment.

As Yao Yao guessed, that day Yu Ao Tian could act such heartless and cold toward Yao Yao must because he didn't want this Little Thing to follow him and get involved sneaking into this dangerous secret military base.

It seemed....

His effort actually was so useless.

He caught a glimpse of those few of military officers who being hit with fish spear by Yao Yao that was standing up, Yu Ao Tian alike an arrow dashed in front of her, pulled her into his embrace, joking said: "When you was still in school, you must be played dart and gun very well, am I right? The hit rate is quite high."

Being praised, Yao Yao is so satisfied smiled: "That's right, when I was in school my sport subject was quite good."

Hah, he just realized this Little Thing was getting more and more shameless, at one pulled he tossed her inside the military jeep. Faster Yu Ao Tian drove the jeep: "Bao Bei, find me the guy who have the key to unlock."..

Her eyes cast on Yu Ao Tian's wrist which being handcuffs, she quickly nodded her head, hurried she rummaged the dashboard to find it. "Got it!"translate by

thump, thump, thump...' just at this moment, the jeep behind was chasing and fired the gun.

Quickly Yao Yao saw from the rear mirror. Just realized, didn't know since when there were four military jeeps which has been chasing.

And at the same time, the handcuff in Yu Ao Tian's hand has unlock, he took over to control the steering wheel and at same time he pulled Yao Yao to sit on his lap.

Regarding this position, for somewhat it embarrassed, finally she could understand the difficulty of Yu Ao Tian.

"Yu Ao Tian, during this few days you stayed in the military base, did you know what their purposed? Why must they capture those villagers?"

"Used for experiments."

"For experiment?" Yao Yao dumbstruck, to be puzzled she asked: "Human experiments?"

"That's right." The first day when Yu Ao Tian secretly infiltrated to this secret military base, it was because he wanted to know the function of the military base. And then he also found out, this military base has done many new poisonous gas experiments, and then those innocent villagers were used to be the experiment.

"My God, since the second world war I never hear any of country daring to use human experiment, didn't United Nations not allowed this kind of thing happened?"

"Hah." Yu Ao Tian smile with disdain, lowered his head, looked at Yao Yao who lying on his lap: "You have seen so many military books, then have you read about 'Black Army' this one?"

This.... She had heard it before.

The black army is belonged to those who intend to develop high-level political leadership, it is out from United Nations control scope, all is secretly carried out the research and also manufacturing. "Then do you know which country this black military base belong to?"

"Hah... our country!" He coldly said these words.

An instantaneously Yao Yao's eyes are glared wide: "Impossible! Those military officers were obviously foreigners!"

"So what if they were foreigners? Couldn't my country's leader cooperate with other country to have this military force?"

thump thump thump' her heart skip beat, if it was really like what Yu Ao Tian said, then if one of the country leader and the other country's leader cooperate to have this military force, if it not being stopped there would be happened third world war!

"Who will.... Who will be such audacious?" her brows tightly twisted, Yao Yao anxiously asked.

Then....

“Yu Ao Tian, do you still want to pretend? Your father isn't someone ambitious! Your father have intended to start a coup, being found out by government, being sentence to death, all were his deed! What is yours right to revenge, all were the things that your father supposed to end up! His deeds!”

She once had said something too excessive toward Yu Ao Tian! this belongs to

No wonder, that time he was so angered, no wonder his reaction was so emotional.

Imagining that, if other people were humiliating her parent, perhaps the reaction that she showed must be hundred times more than Yu Ao Tian.

“thump thump...” a jangle gunfire hitting the car's rear windshield.

Quickly Yu Ao Tian pulled Yao Yao and pressed her down to his laps, at sudden he accelerating.

Lying on his knees, Yao Yao buried down her head, there is no expression on her face.

She really wanted to tell herself, Yu Ao Tian did mistake, Yu Ao Tian was lying, to be truth it was his father who was intending to coup, but being found out by the Vice Minister Zeng so that being sentence to death, but....

But the words which said by the villagers were more than enough to confirm about what was happened 13 years ago due to the mutiny, it was done by Zeng Kai Rui!

Because, the villagers said that, the island's military base is built.... 13 years ago....

“sst...” a sound, the speeding car suddenly stopped.

"What happen?" Yao Yao curiously turned her body, she looked at Yu Ao Tian.

"We...." Lowered his eyes: "We don't have way to go!" after said, his bottomless eyes closed, he held Yao Yao and getting down from the car.

At this moment, Yao Yao just realized, at their in front was actually a cliff, while at their back was countless handheld machine gun soldiers!

"Hah, really never thought that, this scenery regarding 13 years ago is repeating again!" Yu Ao Tian was looking at one by one that fierce soldiers, he laughed mockery. His pair of bottomless eyes slowly looked at The Little Thing who is in his embraced. "Scared of death?"

She didn't understand what Yu Ao Tian said before, but that sentence, she absolutely cleared: "Not scare!" she spoke firmly.

With pampering attitude he stroking Yao Yao's head, slowly he walked to the edge of cliff: "Yao Yao, 13 years ago with this kind of situation you had created a miracle for me; 13 years later with the same situation, I believe.... You are still same like before going to create new miracle for me!" after said, he glanced at those military officers in front of his eyes who are prepared to make shot, tightly he hugged Yao Yao, jumped down from the cliff....

"Mr. Feng, just now the soldier made a report, they have found traces of life on the island within ten miles radius in sea, according to the drift of the water and the coordinates that given by Mr.

Bartholomew, Mr. Yu and also your wife perhaps drift to that mysterious island."

Feng Chen Yi who is resting inside the cabin, once he heard Colonel Drew reported, alike an arrow he set off a quilt and then rushed out.

"General Manager Feng! Huh... General Manager Feng." As Lisa seen, she also followed at his back.

Feng Chen Yi picked up the telescope, following the coordinates that given by Colonel Drew, not far from there's really a village households.

At this aimless vast oceans, Feng Chen Yi has been drifting for about ten days. They have been stopped at countless nameless islands, also again and again filled with hope, and now, he only hopes this opportunity would not be alike as before an empty.

"General Manager Feng, your clothes." Followed at his back Lisa handed over a coat to Feng Chen Yi.

He took the coat and wearing it, due to the medicine effect, his high fever has turned to be mild-fever, but his body hasn't recovered yet. That good looking face still same as white as paper, his gray beard slightly long and looked so exhausted.

Not long after that, the ship arrived at the shore, Feng Chen Yi was the first who boarded to this unknown mysterious island.

"Mr. Feng, now we are not sure which races of human being that living in this mysterious island, so that, It still better for you if walking from the behind side.

"

"Thank you, Colonel Drew, it's okay." Before, he ever said, no matter what difficulties Yao Yao going to face, he would be the first man who going to stay beside her, but now.... When Yao Yao went missing due to the air-crash he could not stay beside her, it has been about ten days since the incident, he still this aimlessly looking for her, could not fulfill his promise, for Feng Chen Yi this is kind of disturbance.

"Colonel Drew, there is a Chinese Ship that moving closer to the shore." One of the soldiers nervously made a report in front of them.

All eyes are turned to the ships that had been raising China's flag.

Followed by the ship that getting close, Feng Chen Yi could see clearly the person who standing in the ship's bow is Long Ye, believed that Long Ye also spotted Feng Chen Yi.

"Mr. Feng, are they your men?" Colonel Drew curiously asked.

Feng Chen Yi nodding his head, slowly walking back to the seashore: "Vice CEO."

Long Ye's ship getting closer to the seashore, faster he walked down from the deck and then shaking hand with Feng Chen Yi: "General Manager Feng, how is the situation in here?"

"It still hasn't any sign yet, it seemed you also could not get any sign too?"

"En." Long Ye seriously nodding his head, eyes slowly looked at the village that not far away: "Here, have you searched it before?"

"To be just about to search, this... perhaps the only hope!" .

#### Episode 476

For these two toward friend, toward lover, there is incomparable longing for them, they clearly know how it taste regarding this only hope actually! .wordpress

This vast ocean of seashore seemed no boundless, the unknown species of fish is numerous, Yao Yao and Yu Ao Tian only left flesh and blood, if they could survive then it is a blessing; death, in fact it is reasonable. This logic everyone knows it, they also know it. But because they toward friend, toward lover never leave each other then they are persisting to keep searching until now.

Long Ye and Feng Chen Yi are bringing few men to enter the village, at the time when the villagers saw them, most them were choosing to avoid them.

"Everyone, you guys do not to be afraid, we don't have any intention to harm you guys, we are only coming to look for two persons who were air-crash victims." Colonel Drew seeing those villagers were little bit lost control choosing to comfort them.

Those few villagers who were avoiding them still hiding didn't show their shadow, they were afraid to get into trouble.

Colonel Drew really didn't have way, he only could ask one of his men: "You guys take out the pictures, ask door to door. Remember to be polite."

"Yes!" The soldiers are separately moving.

Feng Chen Yi and Long Ye were standing at their place patiently waiting.

Not long after that, one of the soldiers hurried running and reported: "Colonel! There are two brothers who ever met persons in the picture."

Just at that moment, two expressionless men as if grasping an opportunity, followed the soldier rushing to that two brother's house.

"Mr, you said that you have ever seen these people in the picture before, was it true?" Feng Chen Yi emotionally asked.

Perhaps because his emotion has influenced these two brothers, both of them nervously stepping back: "You guys..... who are you?"

"Mr, you don't need to be afraid, the woman in this picture is my wife. Currently she has been gone missing about ten days with this man who is in the picture, after they disappeared, we are coming here to rescue them.

"

That two brothers after they heard it, hesitated both of them exchanging their glances: "You, say, you are that little girl's husband?"

"That's right!"

"Impossible! That little girl's husband is that man who in the picture, who you guys actually!"

ꠓthump' at the moment when Feng Chen Yi heard it, his heart sank, he is looking at two pictures in his hand, hah... were they getting along as husband and wife for these days?

Unhesitatingly his heart felt sour, but Feng Chen Yi still kept his rational, he understood his priority for now on. "You guys don't need to think too much, we are not coming here to harm them, we are really their friends."

"That's right." At this moment Long Ye who stood at beside more or less he understood the circumstances, hurried he opened his mouth: "This Mr is really that picture woman's husband, while the man in the picture is my family member, I think both of them didn't want to get into trouble so that they were said that they are husband and wife."

Long Ye is always Yu Long Group and also Berson Group negotiator, he is born naturally to have one charming and trusty face, especially his friendly smiling face which able to disappear that two brothers nervousness. "This is? But... they.... Have captured by the demon!"

"Demon?" Long Ye and Feng Chen Yi with disbelief expression changing their glances, both of them are not believed in this world there is something called as demon.

These two brothers are so patience to tell them what was happening for these few days to Feng Chen Yi and Long Ye.

"General Manager Feng, what do you think about this matter?" After leaving these two brothers' house, both of them are showing deathly pale expression.

It always happen to be this way, every time there is a hope then it going to be vanish; now both of them could certain that Yao Yao and Yu Ao Tian indeed ever stayed in this island before, but who knew that these two brothers were telling them that Yu Ao Tian has been disappearing for six days; and three days ago Yao Yao in order to save Yu Ao Tian she was going to the demon's lair, since then both of them never come back anymore. .

This, feeling both of Feng Chen Yi and Long Ye are cleared! this .wordpress

"Hah, is in this world really existing demon? 80% it must be any country's military base." owned by

"I do think so.

" Moreover, Long Ye vaguely could sense this military base should be belonged to Zeng Kai Rui 'Black Military'!

Two of them were fallen into deep silent, as if there were many thought appeared.

Logically to say, if there was x country's military officer caught them, they supposed to contact with the Government of the country to return them, but until now there is no news about them, then could it be....

"Vice CEO Long, do you believe that Yu Ao Tian is someone could die young?" .wordpress

"Hah, I don't believe Yu Ao Tian is someone going to die young."

"Me too." Feng Chen Yi shrugging his shoulders, his cold pair of eyes slowly looking at the boundless vast ocean: "I also don't believe that Yao Yao going to leave me alone." Retracting his eyesight, he coldly said: "I have decided to go to that military base!"

"Uh hu, This is also what I thought. But..." He glanced at Colonel Drew who stood not far from them: "This matter is involving many political issues among the countries. I believe that Colonel Drew will be not going to go with us."

"It's okay. I can go by myself." After said, Feng Chen Yi prepared to leave.

Long Ye quite admiring the boldness and courage shown by Feng Chen Yi, it can be seen that this cold as thousand years iceberg man really loves Yao Yao. "General Manager Feng, even though there is no Colonel Drew, did you forget that, I still have Yu Long Group's men, if the other party isn't have impressive manpower, ours 'family member' still being able to take care of them!"..

"Haha, then trouble you Vice CEO Long."

"It supposed."

Both of them were asking the Demon's lair to the two brothers and then they brought about ten men of Yu Long Group to pass over mountains to the village exit heading to the demon's lair!

After they arrived to the destination, outside there was no one, simply to say the quietness was little bit scary.

A group of men are boldly walking in front of the entrance, it is only a huge manufacturing plant caught by eyes.

Walking to the manufacturing plant inside, high-tech manufacturing machine still running, but there could not find any of shadows. .wordpress

"Mr. Long, we have searched and checked inside the manufacture, there is no one. It was only few of death body, moreover we have checked none of them neither Mr. Yu nor Miss Luo."

"Hah, they withdraw quite fast, it seems here really Zeng Kai Rui's 'Black Military Force'." Long Ye cunningly smiling, his body is leaning on handrail while his eyes gazing at the running machine. Being able to find Zeng Kai Rui's secret military base is a bonus, but to find out Yu Ao Tian is the priority.

Searching, it seems that once again caught in a deadlock. Feng Chen Yi who is standing beside narrowed his eyes, his eyes are wildly searching.

Suddenly, the pair of his cold eyes locked at one big pillar, hurried he looked over....

The pillar is tied with bomb, the monitor clearly display there still 15 minutes time: "Faster retreat!"

"Hah?" Long Ye confusedly looked at Feng Chen Yi.

"There is a bomb, faster retreat!" He said.

Long Ye's face dimmed, he brought out Yu Long's men who followed him and also Feng Chen Yi to get out and running away outside the manufacturing.

Once they stepped out from exit door way...

.

ꣳdor dor dor!' there was an explosion sound also followed by two or three attacks, the entire island into crumbling situation. Here are huge big dark clouds....

The other side. .

ꣳYu Ao Tian, now I can clearly feel, my life, you know it more than myself, can you tell everything to me since my life is nearing to end?'

ꣳSince you have forgotten everything, why must you recall it back, you just need to remember that I am the person who killed your mother, you just need to remember... come and find me for revenge it is enough...'

"Ah!" a screaming sound, Yao Yao suddenly wake up and sit straight, the first thing that caught by her eyes are room that not too big, she also felt a sense of vertigo.

Where is it?

She vaguely recalled Yu Ao Tian was hugging on her when both of them jumped from the cliff, and then they fell to ocean. The impact of that action gave her sudden dizziness.

But...

The moment when she jumped from the cliff, she didn't forget to ask Yu Ao Tian the things that she had forgotten before! But unfortunately, she didn't wait until that man gave her an answer....

☞Hah, really never thought that this scenery regarding 13 years ago is repeating again!

☞Yao Yao, 13 years ago with this kind of situation you had created a miracle for me; 13 years later with the same situation, I believe.

... You are still same like before going to create new miracle for me!'

It seemed, that six years when she got amnesia she indeed forgot many things; it seemed that, something must be happened between she and Yu Ao Tian in the past.

But why that man unwillingly to tell her? 13 years ago, actually what was happened between she and Yu Ao Tian?

Pondering, a strange smile across her mouth: "Hah, Yu Ao Tian, didn't you like to play ambiguity, it's okay, I will use my own ways to get back... 6 years ago memory!"

Despite of she always says that she didn't want to find back six years memory lost. But, there are too much puzzles she faced, her sixth sense told her, if she still avoiding that 6 years, perhaps she going to lose more, more important things....

"Miss, you wake up?" suddenly, the door room pushed open from outside, an Asian man who speaking English came in.

She looked that man from head to toe, from his aura he seemed not an ordinary man. "May I ask you, where is it?"

"This is Ya Si Lan (Aslan) country's maritime boundaries, I am colonel Ni Mo (Nemmo), you are at commanding squadron."

Ya Si...Lan Country?

Isn't this Feng Chen Yi's step mother and also his sister in law's country?

Regarding this mysterious country, when Yao Yao barging into China's government intranet to check the report, she found out that Prime Minister Qi Lian kidnapping Princess Lan Er Shan and it was completely complicated.

While this surname of Lan, it is only used by the Royal family, other people can't use it, the common thing is all the people who is using Lan surname is the Royalty relatives.

This is almost all that Yao Yao knows, but although she is curious about this country tradition, she never think after she has suffered a nearly fatal hardship and then drifting to this country.

"Colonel Nemo, How could I be at your military ship?"

"When we were having a patrol, we saw you were floating on the sea surface, hence we helped you."

Could it mean.... Yao Yao's eyes rolled, emotionally asked: "How about my friend?"

"Yours friend? We were only found you on the sea surface, and we were not found yours friend."

ꠓBzzz' suddenly her head blank, Yao Yao's face is turned to be pale, where's Yu Ao Tian? Where Yu Ao Tian gone? Didn't both of them were jumping together from the edge of cliff, but why at last Yu Ao Tian was not being saved together with her?

ꠓHiks.... Hiks...' Yao Yao listless breathing roughly, hurried she begged: "Colonel, Colonel NeMo, I begging you.... Please ask your men to patrol and search my friend, perhaps he still floating on this sea surface!"

"Miss, toward your request, I do also hope that I can help you, but really sorry, our General is hurrying us to get back as soon, please forgive my powerless."

She knew, her request actually impolite, Colonel NeMo has helped her, she should be deeply grateful.

But....

Speak frankly she really could not ignore the fact Yu Ao Tian gone missing without doing anything.

"Colonel Nemo, you listen to me, that friend of mine is Chinese Government Elite Officer, no matter what you must ask your men to save and search for him!"

"What?" Once Colonel NeMo heard it, immediately he frowned: "You say, that friend of yours is Chinese Government Elite Officer? Could he be..... Director of State Council Yu Ao Tian?"

Ha! Colonel NeMo knew! "That's right, it is him! How could you know him?"

"Now the entire world are joining and form rescuing teams. But really sorry, still I can't do anything to rescue him." Ne Mo lowered his head to express his helpless.

There are thick confusing gleam in Yao Yao's eyes: "Why? Does it if one party has trouble then the rest would help? Why you from Ya Si Lan country does not care when you know the Director of State Council gone missing?"

"You don't ask me the reason first.

Now I want to ask you a question, are you Chinese?"

"Yes!"

Once Ne Mo heard it, immediately his facial expression changed to be so stern and serious, because they are keep on using English to communicate, so he thought Yao Yao is Japanese. "Miss, I sincerely advise you, if you don't want to be executed immediately at the moment arrive in the port, just don't admit yourself as Chinese!"

"Wh... why? Doesn't Ya Si Lan country and Chinese Government always have good relationship?" This was also the data that she read after she checked on Ya Si Lan country, the reason is, there are many Chinese people descendant in Ya Si Lan country, so that the relationship always good.

"Miss, regarding the relationship between my country (Ya Si Lan) and Chinese Government I won't say too much. But, one thing that I can assure and say to you, ours Great General Bing Ye hates Chinese people the most!"

Episode 479

Her white face strangely showed slightest fear expression, also didn't know why, at the moment when Yao Yao heard Bing Ye this name suddenly her heart felt so restless.

“knock knock knock”

"Colonel NeMo!" A person who wear army uniform faster walking inside, with straight body and gave a salute: "It left about three minutes before the warship arrives to port, Great General Bing Ye has been waiting in port and preparing to do an inspection!"

"Yes!"

After NeMo has deployed everything, quickly he looked at Yao Yao: "Come with me to the front deck."

"En..." She followed Colonel NeMo to the front deck.

The first thing that entered Yao Yao's eyes were soldiers who wearing complete attribute, they were standing and lining straight. Facing to the arrival port.

As followed their vision line, there were even more soldiers who are neatly standing at the port welcoming them.

When the warship was getting closer to the port, slowly putting down the ladder, NeMo was walking to the forefront, while Yao Yao is crept followed behind him.

"Colonel NeMo!" It is a deafening voice flown, the soldiers in the port uniform giving a military salute.

Suddenly NeMo's footstep stopped, at this time, the soldiers that welcoming wide open the path.

As seen, someone who was wearing military white uniform slowly walking closer to them.

From far away she saw, this man has same height with Yu Ao Tian at least he is 190cm something, that white military uniform seemed to be fit him very well with his figure, it was very obvious that he was different with others, by that way he looked to have real tone.

From among of hundred soldiers as it at one glance could be seen that he has very different position. This, perhaps what people called as aura. Doesn't Yu Ao Tian also like this? He will always look so outstanding no matter where he is.

But as the man getting closer, subconsciously Yao Yao would be stepping back one step, and her body strangely shivering.

This man has white skin tone, he has clear face, he has high nose and also moderate thick lips.

Unexpectedly this man pair of amber color eyes is the most terrified Yao Yao, simply to say almost as cold as an eagle's eyes, sharp and there is no slightest feeling or warmness.

And the scariest from this man is the danger aura which radiating from his body, cold, and not friendly.

Moreover the cold aura that he shows is not similar with Han Li Shang's.

At least she still can feel little bit warmness from Han Li Shang, but in this man, she can't see any slightest of warmness, as if he does not belong to this world. Perhaps gloomy and cold, these words slightly can describe about his character.

He is really.... Such scary man!

"Great General Bing Ye!" just at this time, Colonel NeMo kneeling with one knee, respectfully bending down his body in front of this man.

At the moment she looked all the soldiers, from the warships until at the arrival port, all of them are kneeling with one knee.

So, this man who radiating danger aura is the person who called as Great General Bing Ye!

Yao Yao restless looking left and right.

At this moment, that pair of amber color eyes slowly looking at her.

Oh....

Yao Yao who lost her gasped, subconsciously she lowering her head. But she is not noticed....

At the moment when Bing Ye saw her, there was a startled and also shocked gleam in his eyesight!

"Colonel NeMo, she.

At the time when Yao Yao heard his speaking tone, Yao Yao little face changed to be dimmed, faster she raised her head and looked at that man who does not have slightest expression in his handsome face.

This voice.....

It is.... It is so familiar sound!

As if this sound is so similar with the voice in her memory which as if coming from hell, it is a same voice which makes one hard to forget, that voice which can make one's shivering.

Why, why this Bing Ye's voice could be appeared all over again in her memories? Is it coincidence?  
Or.....

That pair of amber color eyes for once again looked at Yao Yao: "Chinese?"

She nervously gulping her saliva, hurried she shaking her head, she used her fluent Japanese to give him an answer: "In reply, in reply to Great General Bing Ye, I... I am a Japanese."

Bing Ye narrowed his eyes, suddenly turned his back.

At the time when Yao Yao wiping her sweats. Who knows, gradually Bing Ye who has been far away, spoke: "Colonel NeMo, bring that girl to my General Mansion!"

At same time Colonel NeMo and Yao Yao are exchanging their glances. "Yes... Yes.... Great General Bing Ye..."

"Sorry, I don't know. Before I did do some rescue which wasn't less alike this type of incident victims, but Great General Bing Ye never asked, this is first time he asked me, moreover he wanted me to bring you to General mansion. Just to let you know, Great General Bing Ye is someone clean freak, he never allows any woman to get into his General mansion!"

Weirdos clean freak? Could it mean that he cannot get close to any woman?

Then why he asked her to his mansion? Could it be, Bing Ye knew that she is a Chinese?

"Ne.... Colonel NeMo, can you tell me what kind of person Great General Bing Ye is, so that I understand how to face him later."

Colonel NeMo only can say this much to Yao Yao, after all the interaction between him and Bing Ye aren't much, in addition if there is an event there will be a short contact or else it remaining as business.

Sitting on the military car, Yao Yao is looking Ya Si Lan country's scenery through window, country appearance.

The strange is....

After all she feels so familiar.

"Colonial NeMo, is there the world trade center?"

NeMo looked the place where Yao Yao pointed, startled nodding his head: "How can you know? Have you ever come to our country before?"

Hah....

This is the most grief of hers, it is so obviously she never come to Ya Si Lan Country, but she is so familiar with its building. Why?

Heart, it feels a sense of restless, Yao Yao simply no longer seeing this wonderful country of Ya Si Lan.

Not long after that the car is slowly parked in front of Majestic Mansion.

Here, it is located not far from Ya Si Lan's palace, this Majestic building is Great General Bing Ye's Mansion!

Standing at outside, looking at this magnificent building, it really fits to Great General Bing Ye's character, all is so orderly, austere.
