

Pure Girl 481

Episode 481

Inside the Mansion, there was a group of soldiers, at the moment when they saw Yao Yao entered the living room, they were looking her with strange eyesight.

From this it could be seen that, Bing Ye indeed is someone who has Obsessive Compulsive Disorder (neat freak), or else how could there a woman's shadow in this house.

"Miss, you just waiting the Great General Bing Ye in here. I take my leave first." NeMo brought Yao Yao to a room with elegant decoration.

She smiled and then nodded her head: "Colonel NeMo, I have troubled you. Others, thank you for your kindness by rescuing me."

"It's okay." After said, Colonel Nemo left.

She quietly standing inside the lobby, Yao Yao from time to time could see those soldiers that passing by were seeing her with surprised eyesight, could it be if she is the first woman who coming to Great General Mansion? After all they were looked so surprised!

"Great General Bing Ye."

"Great General Bing Ye." Suddenly, there were soldiers sound flown from corridor.

At sudden Yao Yao felt her heart jumped to her throat, was Bing Ye coming? How should she face him? Should she smile? Or expressionless?

Still in hesitation, Bing Ye with his single hand was holding his army cap and then with big stride he entered inner big lobby, a head brown hair with short haircut under the shining sun looked so interactive.

Yao Yao nervously staring at Bing Ye trying to measure him.

And then, since he entered the inner lobby, he looked askance, even when passing time with Yao Yao there was no expression. Until when he sat on his seat, he spoke Japanese language and asked: "How old are you?"

"Ah?" Once she heard Bing Ye's voice, Yao Yao's body streaming cold sweat. "Me, 19.... Years old."

"Can you speak English?"

"Can."

Perhaps Bing Ye dislikes to speak Japanese, directly he switched from Japanese to English: "Parent?"

"What do you mean?" Yao Yao not understood blinking her eyes.

"Where is yours parent?"

Hah? Bing Ye spoke such pathetic, but... how could there a person directly asked other people where was their parent? Didn't he feel strange? Didn't this no any difference by directly asking whether someone's parent still alive or death? "My parent has passed away."

At the moment when Yao Yao answered this question, Bing Ye's pair of amber color eye wider for few times. "When did they pass away? Are you really sure that you born in Japan? Do you really can guarantee that you are 19 years old?"

A man who is wordless suddenly 'bla bla' asking many questions, it really made Yao Yao little bit impatient, was Bing Ye doing family survey? Really such strange man. "My mom just passed away not long ago, my father has passed away long time ago. I am so sure that I born in Japan, moreover I am so certain that I am 19 years old." .

The short excitement that showed by Bing Ye suddenly dimmed down, his pair of amber color eye flashed: "I have informed the Japanese government, they will ask people to pick you."

Hah? This won't do, she is not a Japanese. "Great General Bing Ye, I, I can return to my country by myself."

"Do you have passport?"

Cold sweat, this she did not have it, even she had it, she also not dare to show it, forget it, just wait for the Japan government's men come and then she would follow them, when the time arrived, she would fly back to China.

Then how about Yu Ao Tian? Should she contact the China government to rescue Yu Ao Tian?

Yao Yao was haltingly thinking, but she didn't notice that Bing Ye's eyes wasn't leaving her face.

pa, pa'

"Man!" Bing Ye coldly clapping his hand.

Two soldiers were hurried coming over: "Great General Bing Ye, what's matter?"

"Bring her to the west wing's room and let her to change clothes."

"Hah?" Both of the soldiers are surprised exchanging their sights, nervously lowered their head:

"Under.... Understood. Miss..

. Miss, please follow us."

Ugh, changing clothes?

Yao Yao was lowering her head to see the torn clothes that she worn, she indeed needed to change her clothes. Never thought this Great General Bing Ye who looked so cold, heartless, could be this detail-oriented.

But, those two soldiers once they heard changing clothes, why were they nervous for?

She is so confused following those two soldiers heading to the west wing's room.

Those two soldiers were shivering when unlocked the door. "Miss, please. You can pick and wear whatever clothes you want to wear in inside."

"Understand." Big strides got into the room, the first thing that caught by Yao Yao's eyes were one adorable pink room, one princess bed with high arched curtain, a pile of dolls piled up in middle.

Opened up that huge closet, inside there are many cute and also beautiful clothes hanging.

There are few of clothes that seem to be baby clothes, there are also one to two years old clothes, whatever inside there are many clothes from many difference ages, but those clothes looked like to give little girl wears are old ones, perhaps it has worn before. But on contrary the clothes for adult are completely new.

Strange, isn't Bing Ye someone who has serious OCD? Why in his house there are girl wardrobe, girl's clothes? She thought Bing Ye was asking her to change into man's military clothes.

Could it be, Bing Ye strange OCD only for women, or else.... . .

Episode 482

He.... Likes girl?

Then wouldn't she enter to the tiger's den! or there won't be any updated post!

Nervously gulping her saliva, Yao Yao saw the worn out clothes in her body, she forced herself to pick one dress with princess model from the closet and then wear it.

Walking to the mirror, she turned around.... "Woah, this dress is so cute." Pastel pink color high skirt, the cute bubble sleeves which gave Royal extravagant vibes. Who bought it? The person really have good eyesight.

“knock knock knock’

"Miss, may I know have you done changing? Great General is asking you to return to lobby hall."

"Oh, Understood." Yao Yao smiled when walking out from the room. Stop to read from thieves

Two soldiers who were standing in front of the door, at one glance, pair of their eyes were immediately flashing: "Miss, you are really cute." reading from thieves only dies the translator motivation to carry on.

"Haha.

" She faintly smiled to that two soldiers and then following them to return to the lobby hall.

Bing Ye who was sitting on the master seat while drinking a tea. unless you want this project stopped

Two soldiers were bowing when entered: "Great General Bing Ye, that Miss has changed her clothes."

Bing Ye subconsciously raised his eyes, but at the moment when he saw Yao Yao who was standing in front of the door, the tea cup which in his hand “creak’ a sound fall into floor. He was dashing alike an arrow to Yao Yao in front.

That pair of expressionless eyes, that not warm amber color eyes as if regaining its warmth back, have a feeling, and without waiting for Yao Yao to gain herself, suddenly he has pulled her into his embraces.

At sudden, Yao Yao's pupils widen, at the moment when she wanted to push him away...

"I... I miss you so much!"

The gentle murmured as if a curse that stopped all Yao Yao movement, at this moment Bing Ye's hoarse voice seemed to have contagious power, as if expressing deepest longing of a man toward a beloved woman, it easily moved people.

But she knew, she is not the woman that Bing Ye longing for. "Great General Bing Ye, you... are mistaken."

"Hah." Bing Ye coldly humped one time, he unwillingly to release Yao Yao from his embrace. "Before the Japanese Government come and pick you, how about staying in my General Mansion, can you?" In that man voices there was a faint begging, that pair of amber color eyes still filled with thick longing gleam.

Cannot..

..

She cannot stay here!

From Bing Ye's gesture, this man must be had someone who looks like her that he has been longing for long time, perhaps his younger sister, or perhaps.... The woman that he loves the most!

Or else someone who said as heartless by Colonel Ne Mo and also a man that has severe OCD impossible at this moment seemed to be changed to be another person, moreover impossible to let her staying in General Mansion!

If the person is his younger sister, then it stills okay.

But if the person is the woman he loves the most, perhaps there will be a danger if she stay!

Shaking her head weakly.

The expression in Bing Ye's face suddenly disappeared: "Bring her to the west wing room!" spoke with that cold voice.

Two soldiers were exchanging their glances: "Yes!" one on her left and one of her right taking Yao Yao left the lobby hall.

Could this be called as detain?

It seemed that the cold and heartless characters are really fit Bing Ye, and then he...

Only towards that girl, he could show such longing side of expression.

"Free me! Free me!"

"Miss, you rest assured, as long as you are obediently and cooperate, ours Great General is absolutely won't do anything that going to harm you." Those two soldiers pushed Yao Yao to enter west wing room, and then they locked the door.

"Hey! Open the door! Open the door!" She was using all her strength to push the door room, but no one paid attention to her.

Obediently cooperate? What is called as obediently cooperate! Only

What Bing Ye has asked her, she has done as he wanted!

What the situation now!

She is pissed off sitting on the bed edge, quietly she looked around at that dreamy room, her eyes once again turned and looked to the closet which full of beautiful clothes.

If she is not mistaken this room, furthermore these clothes must be prepared by Bing Ye for that girl because of his yearning?

Wait wait! ..

Episode 483

Alike all of us, Yao Yao is guessing about the girl identity which 'seems to be cherish' by Bing Ye. Is that girl someone he loves? or is that girl his younger sister who has lost?

Yao Yao's eyes rolled, quickly she run to the closet in front, carefully she looked at every and each clothes.

There are few clothes in this closet which looks little bit old, also new ones, could it be that girl who yearning by Bing Ye was leaving him when she was small?

So that, the old clothes were the clothes that she ever worn before, while those adult's clothes were bought by Bing Ye in order to remember her? Bing Ye seems to be a considerate man.

But, from this it could be seen that....

Bing Ye cares about that girl.... Must be his younger sister right? And not the girl that he deeply in love!

Ha, isn't she thinking too much? .

It seemed... "I really want to obediently cooperate with Bing Ye, by this way, I can coax him to ask his men to search for Yu Ao Tian. Of course, no need ordering him 'must', as long as able to give me a communication equipment to contact the Chinese government it is more than enough!"

Once she thinks to this point, the worried expression that shown by Yao Yao before immediately gone, she was happily turning around, smiles when lying on the dreamy princess bed style....

The night is coming, Yao Yao boringly looking at the ceiling.

Huh, this bed room at the first sight it makes people palpitating with eagerness to do something, but after seeing it for while, it is giving little bit tired feeling.

'creak'

After heard the sound of big door being opened, Yao Yao suddenly stands up.

"Miss, General is calling you to have dinner." stop to read from thief!

Hehe, the opportunity is coming!

Yao Yao is following at the two soldiers back who picking her up, she asked in order to satisfy her curiosity: "Does your Great General has a serious OCD? Why is there gotten girl's room?"

Two soldiers are exchanging their glance, they are stayed silent.

Yao Yao unhappily frown, keeps on asking: "Could it be, that room is yours Great General's younger sister' room?"

"Hey! Miss, it is nonsense!" Both of the soldiers are halted their footstep, nervously stopped her. "Still the same sentences, you are only need to be obediently cooperate with our Great General, waiting until your government's men to pick you then it is okay. Other matters you better not to curious about, and also don't ask."

Sst...

People in General Mansion are weirdos, as if as there are matters regarding their Great General, all of them, they are showing such tensed and nervous gesture.

Didn't she just want to get little bit information about his younger sister. Why must be they acted so nervous?

☹This words are not allowing to talk drive!

Could it be that room isn't Bing Ye's younger sister's room? But logically due to those old clothes that worn before, that girl must be at her four or five year old not at there anymore, also it is impossible that girl is the girl that Bing Ye deeply in love?

Forget it, stop to guess it, better just wait and see, look for an opportunity.

Two soldiers are talking while showing the way, brought Yao Yao to big hall.

Bing Ye has changed his white military uniform to his casual clothes, but his back still that straight, as if no matter what kind of clothes he is wearing he can give the feeling of wearing military uniform aura, that good looking face is still that expressionless, really such scary man, just similar with zombie!

"Bing... Great General Bing Ye.

" Yao Yao is forcing herself to give him a smile, slowly walking in front of the dinner table.

Bing Ye coldly pointed at the seat across of him: "Sit."

Sitting, she is carefully picking her chopstick and then adding few of dishes that served in front of her eyes.

The atmosphere, it chills little bit, inside the room is so quiet as if a fallen needle can be heard.

Few soldiers that beside the table also shown a deadpan face standing at there.

Her nervous eyes are peeking a glance to Bing Ye's expression from time to time, he looks elegantly putting the dishes, his eyes are hanging down. If he is not moving and only quietly sitting at there, simply to say he looks like a carved statue. In her life time she has never seen such an expressionless man.

Suddenly, Bing Ye as if he is finding out that Yao Yao is stealing a glance at him, Yao Yao quickly lowered her head, nervously opened her mouth and put rice onto it.

At this time, Bing Ye is putting a dish to her bowl. "Eat more."

"Thank... thank you." By accidentally she caught sight of all the soldiers who near the table were showing surprised expression, from their expression, Yao Yao slightly can feel, this must be the first time for Bing Ye to add dish for girl. But, this dish not really added for her. ..

Episode 484

"General, your soup." The manservant is serving a bowl of soup for Bing Ye.

"Miss, your soup." Followed, he also handing over a bowl of soup for Yao Yao.

"Thank you." She intuitively used her left hand to accept it, but she forgot the injured in her left hand hasn't healed. "Ouch...." At a short period of time she felt such pain feeling, the bowl of the soup fell to her beautiful dress.

"Ah? Miss, Miss, are you okay?" The manservant anxiously asked her.

Yao Yao hinting that she is okay by shaking her head: "I'm okay."

And then...

Bing Ye pair of amber eyes is gleaming strong sight: "Get him out from here and then give him ten times army whip!"

"Yes." Two soldiers who are standing not far from there quickly walking closer to that manservant's side, one in right and left holding his arms.

"General! General, I beg you to let me off, I didn't do it by purpose, General."

At this moment, Yao Yao is completely dumbstruck, she really didn't know why Bing Ye wanted to punish that male maid, did it because that bowl of soup? But... it was she who didn't hold it steadily, so that the soup fell to hers. "Bing....

General Bing Ye, this is not his fault, it was me who didn't hold it steadily."

Bing Ye is completely not care about Yao Yao's words, faster he walking in front of her, he sized her up from head to toe looking at that dirty cloth. "Bring her back to room and change new clothes, immediately clean this clothes, if the dress can't wash clean, all of the people will get punishment!" his sharp eyes looking at Yao Yao, he coldly said: "Including you!"

Oh.

The cold air climbs to chest, looking at Bing Ye's pair of amber eyes that showed anger gleam, she really not understood.

Is this dress such treasure? Couldn't it be dirtied? Is it worth for everyone to get punishment?

It seems, it is not the matter about dirtied this treasure dress, but it is the matter of the previous owner of this dress is someone treasure in Bing Ye's heart! only

Back to room, Yao Yao is wearing the clothes that initially belonged to her before, even though it has been worn out, just borrowing the words that ever said by Hei Yan Long before, even a beggar, also not daring to wear those beautiful dresses inside the closet.

It is too dangerous!

☞Creak' the room door is opened from outside.

Yao Yao thought the soldiers of General Mansion, at the time when she wanted to ask, but at the moment when she turned, it is Bing Ye's expressionless face that caught by her eyes.

Uh....

The atmosphere feels chilly, she is nervously standing up from her chair: "Bing, General Bing Ye."

"Why are you wearing your initially clothes again?" He coldly asked.

She lowered her head, nervously she answered him: "I, I afraid to dirty... dirty those clothes."

"Dress it back!"

"Hah?" she raised her head, her eyes meet his pair of amber-color eyes, then she hurrying lowers her head again.

"I asked you to change back with those clothes in closet, do you understand?" Bing Ye alike an arrow rushed in front, at same time he grabbed her left arm.

"Uh..." Yao Yao felt hurt groaned.

Immediately Bing Ye sensed something wrong, coldly he released her hand, turned his back and then left. ..

Episode 485

Ugh? Yao Yao covered her left arm, after she saw Bing Ye disappeared from her eyesight, her face showed a confuse expression, what... was going on?

Just at the moment she showed her confused expression, few military doctors who are holding medicine boxes following Bing Ye come back to room.

They are not speaking much, rolled up Yao Yao's sleeves, carefully checking her left arm.

"Perhaps it is bone fracture."

"It seems that the condition." Two of the military doctors gave the answer in order to confirm Yao Yao's condition, in short time they are carrying out many differences thing to diagnosis and for treating her.

While Bing Ye still stayed with his cold expressionless sitting not far from there, monitoring everything.

In short time, the military doctors have done everything. "General, this Miss's left arm should be alright by now."

"En." Bing Ye coldly waving his hand.

The people inside the room are bowing respectably, then one by one of them are leaving the room.

But it gives Yao Yao such endless uncertainty, these few people were acting as if she was an air, they just treating her left arm but didn't tell her about her condition.

Did all of them, the soldiers that brought by Bing Ye? One by one of them didn't have feeling?

And then, the scariest is Bing Ye, it seemed just now when he was suddenly disappeared he found out that she got bone fracture so that he went looking for doctors.

Ha, he is really a man who does not like to speak much, the way he settled matter was so swift and decisive, come and gone as he wishes.

She coldly looking at Bing Ye who sitting not far from her.

Bing Ye is also coldly staring at her.

For long time, he stood up, he walked to front of the closet and then took one of dresses and tossed it to Yao Yao: "Wear it. After you done, call me!" he didn't give Yao Yao any chance to talk back, and then with big stride he stood in front of the door.

Until this minute, Bing Ye has not forgot to ask her wearing the clothes "that girl" left before! .

Forget it, later she should have be very carefully when wearing that clothes, who ask her has "a help" to beg from Bing Ye?

"General Bing Ye, I have done.

"

Once he heard Yao Yao's voice, Bing Ye turned his back and looked inside the room, this pair of amber color eyes were looking her from head to toe, an instantaneously that pair of cold eyes showed slightest warmth.

She has known thing going to be like this!

As long as she is wearing that girl's clothes she could coax Bing Ye happily! Fiuh...

That pinkish room strangely become quiet, Yao Yao stared Bing Ye, hasn't she been wearing the clothes left by that girl, why Bing Ye hasn't out?

"That... General Bing Ye, you..." , available at

"Can you play chess?"

Her words been cut, Yao Yao more or less feeling unhappy but she still politely smile asking him: "What kind of chess?"

"Go chess."

"En. I can."

👏clap, clap' Bing Ye clapping his hands.

As seen, two soldiers pushed the door and then coming in: "General, what is yours instruction?"

"Go, bring my chess here."

"Yes."

Ugh...

This Great General really do whatever he thought, he said want to play chess then playing chess, why didn't he ask her whether she willing or not playing with him? Yao Yao sitting on the bed edge secretly rolled her eyes.

In short time, two soldiers are bringing a set of Go chess to the room.

The chess stone is putting in chess base and produce crisp sound, Yao Yao and Bing Ye are sitting face to face, from time to time she is taking glance to this expressionless man.

Even when he is playing Go chess there is no expression shown in his face, but every moves of chess pieces are extraordinary gracefully.

After one round, Yao Yao smiles raised her head: "General, you win.

"

"Keep continuing." Coldly said these words, Bing Ye didn't look at Yao Yao, he only focusing to clear the chess base and then prepared to start second round.

"General, you win again."

This time, even if he keeps continuing these words Bing Ye has already lazy to say it, he cleared the chess board, he put one black stone in the Hoshi2 position. read only at

Cold sweat, Yao Yao felt her head is numbing when started to play for third round.

The next is fourth round, fifth round, the clock's pointer is slowly pointed to 12 in the middle of night.

Yao Yao upper and lower eyes almost closed together, but Bing Ye still didn't wave his hand, when will this man be going to stop? "General... I have played seven games with you, lost seven times, someone like me who is not skillful could not compete with you, how about we..."

"Waiting until you play to your utmost, then we will go to stop!" his eagle eyes raised, straight forwardly looking at Yao Yao pair of moist eyes.

Her eyes flickered, this man...

Episode 486

Can it be seen?

It is true that, since the first round of game Yao Yao didn't play seriously, she thought, if this man could win two rounds of game then he would feel satisfied. Who knows, she keeps on letting him win, then the games keep on continuing, let him win, then continue to the next game. Until Bing Ye is exposed her cunning ideas. It made Yao Yao knew that how foolish she was!

No matter what to say Bing Ye is also the Great General who supervising many generals, moreover he is 31 year old person, she is playing mind game with him how could she win over him. This is what called as cleverness may overreach itself.

"Hahaha.... Hahaha." She awkwardly smiles, lowering her head, her expression showed seriousness.

This round, Yao Yao is won by a small margin, nervously she glanced at Bing Ye.

Just realized, this man expression at this moment was exceptionally quiet.

Impossible, she has done as Bing Ye said which playing to her utmost, it seemed that won over him also wronged? Actually what he wanted, if win is wronged, lost is also wronged, could it be he wanted to play for the entire night?

At the moment when Yao Yao did not know what to do, who knows...Bing Ye cold expression changed, "fiuh..." heaved a long sigh, slowly lift his head, faintly said: "You are still like to act lazy."

Even though, the man still showing such cold expression, but that sharp pair of amber color eyes has faintly smiling flash.

She knew, it seemed this man is seeing her as.... 'that hers'. "General, I... am not 'her'."

"You are not a match to her!" Coldly said few words.

Yao Yao frown, endure! Endure! Now her mission is trying to please him, makes him happy, let him to say whatever he want. Keep silent lowering her head.

"Come." Suddenly Bing Ye stood up.

Still not waiting for Yao Yao to react, he faster goes out from inside room.

What is this Bing Ye thinking? What time is it, why he asked her to get out?

Yao Yao listlessly followed Bing Ye in his behind.

Not long after that, Bing Ye stopped his footstep, push opened the door room at the most end point of the corridor and then take big stride enters.

She also following him to get inside, however one by one the imitation topographic map caught by her eyes, this room must be the place where Bing Ye do the simulation, why is he bringing her to here?

"The land of Ya Si Lan country is not bigger than Japan, the military force also not as half better than Japanese, but it is one of the wealthiest country in the world, the EU countries are numerous times want to covet Ya Si Lan Country, do you know why.

.. they never declare war to Ya Si Lan country?"

Isn't Bing Ye conversation topic jump little bit too fast? From playing Go chess suddenly talk about International issues? "Because you have strong military force."

Bing Ye shook his head.

"Because yours people are smart."

Bing Ye shook his head again.

It was obviously written in the data, if Bing Ye rebuffered, then she... "I can't guess it."

Bing Ye turned his back and took a stick, he is pointing at the closest 3D topography map: "This is Ya Si Lan's topography map."

Overlooking the realistic terrain map, Yao Yao frowned: "Be surrounded by sea on all sides." A thought flashed: "Because Ya Si Lan country emphasizes training its navy army?"

"Not only that, it also its air force." Bing Ye put down his stick, his sharp eyes slowly looked at Yao Yao: "I ask you, if now there is a hundred of warship surrounded Ya Si Lan country from all directions, as the commander Chief, which position will you protect for the first time?"

"Ah?" wait... seem something is fishy? "Bing... General Bing Ye, I... I don't understand military matter."

"It's okay, you just thought it a like playing chess with me just now, attacking the black pieces; protect the white pieces, you only have one chance to keep your Hoshi position in order to reverse the situation?"

"General, General, the matter of military is different with playing chess, if you are asking me the pieces will keep which Hoshi position, my answer is keeping the center of Hoshi position. But regarding the military matter, I really don't know what to keep."

"Do you think, where is the center of Hoshi position for Ya Si Lan country?"

Cold sweat, it seems that Great General Bing Ye didn't listen to her? She is saying hers, Bing Ye spoke his, really..

. type of frustrated man! Yao Yao secretly gritting her teeth, followed by hand that picked the stick and then pointed to the east position: "Protect here!"

"Reason."

"According General what you said before, Ya Si Lan country is heavily relying to its air force and also navy force. Although the ocean area has been surrounded by others, then must be protected the air force. East position is Ya Si Lan country's air force military base, so that, south, west and north, Ya Si Lan can lose those areas. The only area that could not lost is East position. By this way still can rely on air force to turned over the situation!"

Is it enough?

If she didn't give this man an answer he would not let her off, thus she only can give him this answer. Seeing at the expressionless Bing Ye, she quietly waiting Bing Ye to let her off, and let her to go to sleep.

Gradually, that expressionless face of Bing Ye changed colder, his amber color eyes turned: "Are you really born in Japan?"

Hah? Which part of her that being exposed? Why suddenly Bing Ye asked this matter?

It seemed no, there was nothing that exposing if she is a Chinese, could it be?

This Great General is someone who has mental illness?

Other than this reason, she really didn't have any reason, from playing chess and then asking the military matter; from the military matters to international issues, this kind of thoughts that keep on jumping without any signs, sorry, she really can't follow the way Bing Ye's thought of thing. "General... I ... I am so sleepy. Can, I go to sleep?"

"Let me ask you for once again, are you sure that you are really born in Japan? Then do you really sure about your age?"

Whether she was born in Japan or not, she isn't really sure of it. But her age... of course she can...

Wait! Suddenly Yao Yao thought of something.

Everything that she remembered all were said by her mother, she said currently she has already six years old, actually there was no real way to know. If not because Bing Ye brought up this topic, she really never questioned her age since she was a kid!

And then....

Bing Ye is repeating asking about her nationality and age, actually what his purposed is? "General, what do you want to ask?"

"Have you ever amnesia since you was a kid until now?" Irrelevant answer, but Bing Ye's pair of sharp eyes is filled with hope.

At this moment...

For once again she could feel Bing Ye's longing to 'that girl'.

She also understood, why for this entire night Bing Ye's topic could jump so fast. It must be....

Something related to that girl again? ONLY

"General, I am really born in Japan, 19 year old, moreover I never have amnesia before. I am so sorry, I really want to have a rest." This time, Yao Yao didn't give any chance for Bing Ye to ask her, she turned back and then she was about walking out from the military simulation room.

Heart 'thump thump' it appeared to have a dramatic up and down, Yao Yao footsteps are getting faster.

Why, why suddenly she feel nervous and also scare?

Why every questions that asked by Bing Ye felt such piercing?

Amnesia, age, nationality

Bing Ye is not hesitated looking for that girl that he yearning for, and then... why must she be the person who scared of it?

For the entire one night, Yao Yao continuously let her head in the empty-state, didn't want to think it, didn't want to know about her pass. .

Episode 487

Yu Ao Tian has awakened her desires to know about her past, but she only curious about the past life she had with Yu Ao Tian, moreover she didn't want to know too much about her past. However, Bing Ye has emerged alike a key that constantly gathering all the pieces of her memory that she didn't want to think of it....

"Bing Ye! You get out! If you are not getting out I will ask people to flat your General Mansion!"

Early in the morning, the sun just rise not long ago, there is such piercing sound echoing inside General Mansion.

Yao Yao is painfully rubbing her sleepy eyes, she barely remembered that she back to her room around 1 AM, and then about 6 Am she finally could sleep, as the result she is waking up, really frustrated.

Still in dizzy state she pulled open room door.

"Miss." Two guard soldiers standing in front of the door room bowing with respect when they see Yao Yao.

She yawning: "What is going on?"

"Oh, The Royal Highness Lan Nuo is coming to make noise again."

Lan Nuo? Surname Lan, could it be Ya Si Lan's royalty? Didn't know whether she and Lan Ling are coming from one family?

Curious, Yao Yao is secretly getting out from her room, hiding behind a large wooden pole she is peeking to the big doorway.

At the door outside, there are more than dozen soldier guard in front of the door, in front of them fifteen or sixteen year old little girl standing, she is shouting at them.

This little girl has a short hair cut, she has petite body posture with height is about 150 cm something make she looked so cute, she has pair of beautiful bright and big eyes. She also has high bridge nose and small cherry lips.

At first glance, Yao Yao even thought that she is having time-traveling. She felt the current little girl is really resemble that year of her when first time she met Feng Chen Yi. But, not only this girl has short hair cut, take detail looked, their facial features also different.

"Lan Nuo! You stop before going too far!"

Suddenly one shouted voice, scared Yao Yao to quiver, she slowly turned little bit her head.

As seen, the expressionless Bing Ye is coming over, while that little girl who showed anger expression showed her smile: "Bing Ye, finally you come out. Faster tell me, when will you become my personal guard?"

Was this Lan Nuo Highness coming and making fuss in here only to ask Bing Ye to be her personal guard?"

Just by one thought Yao Yao can guess that impossible for Bing Ye to agree, currently he is Great General, why must he demean himself to be a guard?

"Lan Nuo, this question I have answered you thousand times already, every months you will coming over and making a fuss, don't you feel it enough?"

"Humph, you are not feeling enough, why must I? I don't care! Now I want you to give me an answer, are you agreeing or not?" Standing in front of the door Lan Nuo looked impatiently twisted her body, she is giving a feeling as if little girl doing a coquettishly act, really adorable.

Bing Ye who is standing inside still showing cold expression, but didn't give any answer.

Episode 488

Lan Nuo took a glance, her mouth curved upward make a smile, arrogantly folding her pair of hand in front of her chest: "Humph, less than one year I will be 18 year old, by this way I will get my right for having heirs position, when the time is arrived if you want to refuse you will not be able to. Let me tell you, it is better from this time you obediently listen to me!"

Once Yao Yao heard it, watery eyes suddenly stared blank. This girl has already at hers 17 year old? She looks so young. But the way she speaking...

Obediently listened to me!

Who knows, but Bing Ye picks the towel with his hand and then wet it with water, cleaning his body.

Huh....
