

## Pure Girl 511

### Episode 511

A mystery is going to reveal soon, we know it will be happened, right? At same time, one of the heart-broken moment is heading. Be prepared....

IF you like A Naive Short Tempered Girl, this works, stop to read it from thieves! You should read it from the original host ^^ okay?

"Hah, not long ago I had heard that you were missing in Ya Si Lan country, moreover he was the person who saved you and even let you to stay in General's mansion, wasn't it?"

"En....."

"How is it? Isn't our Ya Si Lan country such magnificent? You should have known, Mother in law's mother is the current queen's sister; while my father is the current queen's nephew. If want to mention, the next heiress of Royal Highness Lan Nuo who should have called me as Big Sister." Said Lan Ling arrogantly.

Yao Yao secretly heaved a sigh.

Everyone who listened to this must have known that Lan Ling was boasting. Was she trying to underestimate her that she didn't know about Ya Si Lan's royalty?

In Ya Si Lan country, it is only queen's bloodline who has the highest position, the next important is Queen's female siblings, others the queen's male siblings are absolutely low in Ya Si Lan's country.

Saying such, Lan Nuo will call Lan Ling sister! This is completely impossible, not to mention the relationship between Lan Ling and Lan Nuo, although Lan Nuo's biological parent is still there, they must bow down their head at the time they greet Lan Nuo.

This is host by

The position of Ya Si Lan Queen and her heiress are extremely high! "Hah, hahaha, Big sister in law is awesome."

"That's right!" Lan Ling was proudly folding her pair of hand, her eyes unintentionally glanced not far away: "General Bing Ye! Why are you coming out?"

Bing Ye expressionless nodding his head toward Lan Ling, and then his pair of amber color eyes were slowly looking at Yao Yao. "Mrs. Feng, can I speak a moment with you!"

"General Bing Ye, are you talking with me right now?" Lan Ling happily asked.

Bing Ye's eyes still stared at Yao Yao.

She took a deep breath, slowly stood up, and then followed Bing Ye walking out from the flower garden.

And then looking at Lan Ling awkward expression, her expression looked alike as if it has almost dropped down to ground already!

"General Bing Ye, May I know what's matter?" outside the flower garden entrance, Yao Yao spoke.

Bing Ye narrowed his eyes, expressionlessly said: "Luo Tian Ming, is he yours father?"

ꠄthud thud' suddenly her heart thudding, why suddenly Bing Ye asking her about this question? Haven't he given up to search ꠄthat her' on her? "Right!"

Just at moment, Bing Ye rolled his amber color eyes, suddenly grabbed her arm: "Do you sure, he is your biological father?"

"General Bing Ye, you ask this question isn't it little bit impolite? My own father how could I am not sure he is my biological father?"

"Okay, very good! Then... now let me tell you.

.." Bing Ye bent down his body in order to have same height with her and told her, that good looking face gradually dimmed: "14 years ago he was the person who kidnapping ②my life'!"

Hu....hu....

Heart beats even beating strongly, her brain also followed to be numbed, Yao Yao nervously biting her lips, pretending to be composed: "So what? 13 years ago he has passed away, now general Bing Ye said this to me, are you coming to revenge toward me?"

"Mrs. Feng, it seems that you have something that you hide from me!"

Now Yao Yao could certain that Bing Ye observation ability isn't same with ordinary people, she narrowed her eyes. "General Bing Ye, there is nothing that I want to hide from you. How about, let's us not to beat a bush, you are keep on questioning my background, could it be you are suspicious that I am that person you are searching for? Now, I can certainly to tell give you an answer, I! am absolutely not!"

Bing Ye, I beg you, hurry go away.

I like the current life, I like everything about current life, I don't want to look for my past life.

Perhaps I am really that person who you are searching for, but... I am sorry, I could not help you out also I don't want to change my current life. Please don't... come and disturb my life anymore!

Small hands curled into fists, she stubbornly and steady turned back, at the moment moved one step.....

Episode 512

I've fulfilled my promise to post three posts A Naive Short Tempered Girl within this week. Apparently the plot of this getting interest in which the novel has gone as far to the point Luo Yao Yao aka Lan Duo's ②identity' is revealed. Bing Ye, not only his doubt gone but it can say that Bing Ye has 100% sure Yao Yao

must be Lan Duo, the girl whom he has been looking for more than 10 years. Then what about Yao Yao? Yu Ao Tian? Feng Chen Yi?

"Lan Duo!" a roared voice, the next second a wide shoulder has wrapped her into his embrace.

Hu....

Huhu....

A quick breathing from nose, in hale, Yao Yao's eyes stare blankly with wide opened eyes, her body being hugged by Bing Ye is turned to be stiffen, until... she forgot how to turn him down!

☑My majestic Lan Duo, the right way to hold gun is this way. Pull the trigger and attack the enemy at once. You are not allowed to give your enemy chance to attack you back. Understood?'

☑My Majestic Lan Duo, later in the future you are going to take the highest position to lead Aslan Country, you are born as a successor, then the things that you must face in the future would be more than those princes, princess and also must do 100 times tougher training!!'

☑My Majestic Lan Duo, kill this useless servant! He is not deserved to serve you, kill him! My Majestic Lan Duo! Kill him!'

Again and again that voices repeated in her head as if a voice that came from hell, again and again memories kept on calling that stranger name.

Just at this moment, in reality there was someone who suddenly called out, an unprecedented fear suddenly arouse, Yao Yao's body suddenly shivering.

Episode 513

That's right!

It must be mistaken! Although it is not a mistake, still a mistake!

She likes Luo Yao Yao this identity, like so much this identity, her father is Luo Tian Ming; her mother is Deng Hui Hong; her husband is Feng Chen Yi, these are things that not going to be changed, no one could change it. "Hah, if I am really Lan Duo, then the future... I really don't know how to go on."

"Hah?"

"You think, Princess Lan Shan and Prince consort Ao Ni Ken were killed by Zeng Kai Rui, then one of the person who joined was your adopted father. If you are Lan Duo, it is not only I need to revenge with Yu Ao Tian; also revenge to Zeng Kai Rui, moreover I must hate my adopted father Luo Tian Ming. Really tired..."

"Indeed it is tired. But no matter what...." Feng Chen Yi's pair of eyes flashed, dearly pinching her chin: "No matter who you are, no matter where to go, I... I will still be your husband!"

It was so clearly the word spoken by him sound such bossy, but Yao Yao has such strange secure feeling. It seems that she really likes such simple life.... "I am who I am, I will not go anywhere. I am Feng Chen Yi's wife Luo Yao Yao, I won't change as well no one can change too!"

"Hah..." a faint smile across his mouth, Feng Chen Yi hugged her tightly. But... that pair of cold eyes flashed sharply...

Feng's family dining room, everyone is having lunch elegantly.

The person who sat on the master's seat was Feng Xiao who put down his chopstick, and then others followed him.

"I have important thing to announce."

"Father, what's matter that seems so serious?" Feng Chen Rui curiously asked.

As seen, Feng Xiao's eyes looked down, for while... slowly said: "I decided to raise Feng Chen Yi's position in Feng Group as Interim CEO, moreover 40% shares that I have in Feng Group, half is under his name."

"Father! Why suddenly you are...

"

"Chen Rui, you don't need to say anything." Feng Xiao stopped Feng Chen Rui to speak, smiled and then patted his hand: "You are Big Brother, later you must help your younger brother, understand?"

"Father! Understood!" Feng Chen Rui unsatisfied curled his hand into fist, if not because Feng Xiao sat on the dining table, he really wanted to flip the table!

"Hahaha.... Hahahaha..." since went out from Feng's family house Yao Yao kept on laughing as if she has taken a laugh medicine, could not stop to laugh. Until they arrived at their own small house, she was acting overly by rolling on the sofa while laughing.

"My beloved, what is getting into you?"

Seeing with indifference eyesight Feng Chen Yi stood beside sofa, Yao Yao unstoppable using her hand to pat the sofa back: "Was you blind before? Didn't you see when father in law said that he wanted to raise your position as interim CEO, Feng Chen Rui, [family] expression? It was so funny! Hahaahha..."

"Huh..." Feng Chen Yi let out long sigh, loosen his necktie on his neck, stretched out his hand and then gently hit her butt: "You don't know, this time the real battle is starting?"

Yao Yao straighten her body, giving place for Feng Chen Yi to seat, with disdain waving her hand: "Start just let it starts, I believe due to your strength to against that dummy Feng Chen Rui is more than sufficient!"

"Hah, is it really that easy? If it is really that easy, why that time I still joining hand with Yu Ao Tian to discard him."

Ugh!

That's right! That time it was only Feng Chen Yi's project from Feng Group that partnering with Berson Group, so that he wanted to borrow Yu Ao Tian's hand to cut off Feng Chen Rui? "Ssst...from these time interaction, Feng Chen Rui strength wasn't any better than yours, why you still need... ask Yu Ao Tian to cut him off?"

"Huh... it was because my grandfather."

"Your grandfather?"

"When my grandfather was still alive, he was not only gave me 20% of Feng Group shares, also gave me a will, absolutely not allow me to do any 'harm to brother' this thing."

So this is the case! No wonder, Feng Chen Yi didn't really fight against Feng Chen Rui, furthermore he still needed to use Yu Ao Tian to discard him. "You are cunning, aren't you? You know that you could not do it, you ask other to do it."

But if... Feng Chen Rui really have upper hand then what to do?"

"By this way then... I can attack him openly!"

Seeing that cunning smile on Feng Chen Yi's face, as if Yao Yao has reacted for something: "Wo Kao! No wonder you are always say that you don't really mind about the CEO position, but always fight with Feng Chen Rui, could it be... are you waiting for taking the CEO position from Feng Chen Rui in order to force him to take move, then you can openly attack him?"

Feng Chen Yi admitted by nodding his head.

Yao Yao acted mischievous by poke his head: "You are such bad! So that you have ulterior motive! You are really bad boy!"

"Hah, aren't you embarrassed saying me? You even could see my purpose, it seems that... you this little girl also not up to any good?"

"Who said? I am one hundred percent good person!"

"Good woman would speak dirty words?" Feng Chen Yi pinched her nose.

"Uh, it hurt! Really hurt." She unhappily hit his arm, her face showed unhappy expression touching her reddened nose: "I just go as the flow."

"Go as the flow? Before you were never spoke dirty words. You this little rascal, really learn be bad. It seems that I need to give you good lesson." After said, Feng Chen Yi pushed down Yao Yao to sofa.

"Don't ah!" her small hand hit his chest.

Feng Chen Yi suddenly grabbed her wrist, his cold eyes gradually has a luster gleam.

Perhaps because attracting by his eyes, or perhaps because of the atmosphere that gradually precipitated, Yao Yao gently caressing his bang, unexpectedly she followed his rhythm....

But just at this moment...

.

☞Ding Dong Ding Dong'

The bell ring was breaking this beautiful atmosphere, Yao Yao anxiously almost falling down from sofa.

"Don't know who such blind with the situation!" Feng Chen Yi hatefully said, quickly he walked to the front door, with his gloomy face opened the door.

"General Manager Feng, hello."

Heh? Listened to this familiar voice, faster Yao Yao looked at the door direction, Xie Zhi Qing? She was panicking didn't care with the room, hurried she hiding inside bedroom.

"You are?"

"I am your intern assistant, Xie Zhi Qing. It was Sister Lisa who gave me your address. Due to the fax that sent by Amy International (Ai Mi Guo Ji), there is an urgent document which need your signature. Then I just hurrying to find you." Xie Zhi Qing smiled sweetly, handed over the document to Feng Chen Yi's hand.

He coldly took that document, opened it. "Pen."

"Ah? Pen.... I don't bring any." Xie Zhi Qing helplessly scratching her head, pathetically opened her mouth.

But simply, Feng Chen Yi didn't even look at her not even a glance: "Wait for me." Cold words, he took that document hurried heading to living room.

Then realized, Yao Yao has already disappeared.

His eyes looking left and right, seeing Yao Yao who standing inside bedroom, he helplessly shaking his head.

After sign it, hurried back to front door, Feng Chen Yi coldly handed over the document back to Xie Zhi Qing. Just at the moment closed door....

## Episode 514

"Hey...President Feng." Xie Yuqing whispered his hand against the door, and pointed his face to his knees: "I just accidentally fell when I came to send you documents. Do you have a medicine box at home?"

"Sorry, I don't have a family. Go see a doctor yourself."

"Hey." Xie Yuqing was unhappy and flattened her mouth. The next second, she pleaded with the arm of Feng Chenyi: "The wind always asks me to wash the wound first. Is it going to get infected?" "

Obviously, Feng Chenyi was very dissatisfied with Xie Yuqing's spoiled, and the cold scorpion swept his eyes and grabbed his arm's hand, and opened it coldly. "come in."

"Thank you, Feng Zong." Xie Yuqing limped into the living room, she looked around the room, curiously stunned her head: "Hey, wind, your wife is not at home?"

The chilly scorpion flashed. He took a bag of wet tissue from the drawer and subconsciously glanced at the empty room: "I was there, now... I don't know where she is hiding!"

"Hey? The wind is so weird."

"Well. Her brain is occasionally a bit...showy." The cold squatting consciousness stunned the direction of the house, and the wind and cold cold handed the wet tissue to Xie Yuqing's hand.

"Thank you." She smiled sweetly, raised her feet, slowly... slowly... she lost the stockings worn on the injured leg.

Standing in the wind and not far away, this is: "What are you doing?!"

"I, I... my knee is hurt.

If I don't take off my stockings, how can I deal with the wounds?"

Looking at Xie Yuqing's innocent and cute look, Feng Chenyi blinked coldly: "This way, I still have to deal with the business, you leave after cleaning the wound." Then he turned into the back room. One pulls the sliding door that blocks the living room and the back room.

Angrily went to the front of the cabinet, he opened the door of the cabinet, and sure enough, Yao Yao really hid inside. Reaching out, coldly took her out of the closet.

Yaoyao was nervous and gestured a 'no' gesture.

"What are you?! The trick is husband and wife, what are you hiding?!"

"I, I know her!" Yao Yao lowered his voice.

The hands of the wind and the air are in the waist: "What happened to you?"

"I still want to stay in the company. If the relationship between the two is spread out, how bad is it?!"

"Oh." Feng Chenyi took a sigh of relief, helplessly turned up a white eye, his little wife is sensible when it is sensible, not sensible when it is sensible! Desperate!

"Speaking, isn't there a medicine box for your family? Why don't you give it to Xie Yuqing?" Yaoyao was very curious from just now. The little girl was pitiful to your doorstep, but Feng Chenyi refused to be thousands of miles away. It seems to be some...

"Then, do you think that I should give her medicine when I gave you medicine on my face? In case, she left a wound in the wound, I told her, it doesn't matter, no one marries her, I will Is she? Is it?!"

Looking at the ironic smile of Feng Chenyi hanging on his face, Yaoyao frowned slightly: "Then you don't have to be so good to her."

Feng Chenyi now has a kind of impulse to kill her. He is just a joke. Who knows that she really considered it seriously? !

“kacha’ At this moment, the door closed suddenly in the living room.

Feng Chenyi pulls open the sliding door.

Yaoyao tentatively looked into the living room and found that Xie Yuqing had left, she dared to raise her voice: "Chen Yi, don't you think that Xie Yuqing is very similar to when I used to go to school? It is a little confused. Still old. Love wrestling."

"Oh..."

I don't think so." Feng Chenyi sat on the sofa with no expression.

She ran to his back and hugged his neck with his hands: "Why?"

"Because..." The cold scorpion flashed, and Feng Chenyi slowly picked up the stockings left by Xie Yuqing from the sofa: "She can be more than you at that time..."

The next day.

Sitting in the IT department office, Yaoyao has been staying.

The stockings left by Xie Yuqing are really deliberate! Obviously it was meant to deliberately show the “wind lady’. If she was not in that room at the time, Feng Chenyi did not find the stockings.

According to the normal theory, the “wind lady’ came home and saw a female stocking on the sofa. The result would be unimaginable!

She really didn't think that Xie Yuqing, who seemed to be harmless, would be such a person. No wonder... those female colleagues were crowding her at the time of the elevator!

"Hey, what's going on today?!"

"I don't know, many high-level executives seem to have taken time off, and it is said that the holidays are as long as a month."

Listening to the voices of colleagues whispering, Yaoyao probed his brain and said: "How do you know?"

"I also listened to other departments to say so. It's weird. I have to take time off at the same time and take a month off at the same time. How does Feng's work? Isn't that a joke?"

Yes, it's a joke!

Yesterday, the father-in-law just took Chen Yi to the position of the acting agent. Today, the guy from Feng Chenrui started to make trouble with Chen Yi?

Asshole, those who take time off are definitely the people of Fengchen Rui!

I don't know how Chen Yi will solve this problem.

If the solution is not good, I really let them take time off. Then, as these staff said, Feng will not run!

In other words...

Chen Yi has just become the acting president, Feng's share price will fall, the outside world is bound to be unwilling to Chen Yi for a while. The father-in-law will also feel that Chen Yi has no ability, and will cancel the position of the president of Chen Yi at that time!

Hey, that wind is a true grandson!

"Not good! Not good... I heard from the secretary that the people in the president's office seemed to be fighting."

Upon hearing this, Yaoyao almost directly entered the floor of the president's office like a rocket.

The 电梯 elevator door opened, and there were many people on the third floor and three floors outside the president's office. Yaoyao squeezed in from the wall, and it came to the door.

I saw that there were more than a dozen middle-aged men and women in suits in the office. They were all high-level members of Feng. There are deputy general managers and departmental executives, and everyone is glaring at Lisa. "When is the wind always coming back?!"

"Everyone, I have already said that Feng has just gone out and negotiated a contract with Billy Group, so I will not come back so soon?!"

"What does that mean?" The excuse letter from the middle of a middle-aged man's angry hand is still on the desk: "The wind always gave us a letter of expulsion, and it disappeared. Didn't he think it should be given?" Do we have an explanation?!"

Uh? The original method adopted by Chen Yi is to expel them? Really a good idea! Kill a hundred? Oh, who will dare to sell for Feng Chen Rui after watching them.

I have to say that Feng Chenyi's move is simply fast, accurate, and embarrassing, directly holding the enemy's pulse. Yaoyao smiled secretly and continued to watch the good show.

"You, you are useless here, and the wind is definitely not there. It is better to wait for him to come back and talk." Lisa explained helplessly to everyone..

Episode 515

Give us an explanation!

But everyone is still an unrelenting attitude: "I didn't have the patience to wait for him to come back and say, you call him right away and ask him to come back and give us an explanation!"

Cut, Yaoyao did not believe it, if they really shouted back to the wind, they dare to call it? Just know that bullying Lisa!

"Sorry, the wind is always dealing with business, I have no right to bother him."

"We can now understand that the wind is always a shrinking turtle? Do not dare to do it, we will hide when we fire, it is not a man!"

I don't know who said such a sentence, and completely angered Yaoyao who was watching the show. "Does the wind always have to hide from you? If you fired you, you will be fired. You will not be tempted to make you feel very affectionate!" She hugged her hands in front of her and walked coldly into the office. .

Lisa was just screaming, she hurried to stop Lisa's movements and shook her head slightly.

"Who are you?!" Several companies looked up and down Yaoyao.

She squinted her eyes and bully: "I am qualified to ask if I am?! Lisa, call the security guard and drag the people who are good at the company to me!"

"Yes."

"Do you dare to call the security guard to try?!" One of the men rushed to the front of Yaoyao.

She looked up and down the man who was higher than herself, and provoked her lips with disdain: "I can understand that you are threatening me?"

"What is a threat? Let's have the ability to say it in accordance with the law."

"Yes! According to the "Labor Law", what is the reason for expelling us?"

"Yes....."

Listening to the talkative voice, Yaoyao turned and shot the table hard: "Don't tell me about the law, the law, I know better than you! According to Article 143 of the Labor Law, Chapter 4, the company has The right to terminate the labor relationship with the employee at any time. In accordance with Article 179 of the Labor Law, Chapter 6, employees who are innocently terminated can enjoy three times the compensation."

Listening to her skillful recited Labor Law, many people standing in the office are dumbfounded. "Then, then you will... you have to pay compensation."

"Oh, it's ridiculous! Listen to what you mean. Do you think that the wind will always fire you, will not compensate you for your losses?" Yaoyao hugged his hands in front of him, half relying on his desk, smiling coldly. Get up: "Isn't it money? Rest assured, don't say that the wind's assets don't compensate you for ten people. That's it..." His eyes turned to people who were watching the crowd: "There are ten times more, we are all winds." Accompanied. But... what about you?"

She paused and satirically looked at a dozen people standing in front of her eyes: "From the age point of view, you should all be thirty or forty years old? Have a wife and a child, oh, this time was fired. It's really pitiful."

"Miss, please rest assured that with our ability, we may go to other companies and have more achievements than now."

"What?! I didn't get it wrong?" Yao Yao's pretendingly opened mouth: "You were expelled by Fengshi! Expelled by the first domestic company. Do you think other companies dare to ask you? Of course... ."

..you can also go to foreign companies. But as far as I know... foreign companies have never been to accommodate older people."

Looking at Yaoyao's arrogant and ironic look, many people were mad at her. can.....

They are not fools. Every word that Yao Yao said is on the cutting edge. How can they not know what will happen after leaving the wind? !

"I... I decided... I decided to cancel the holiday."

"I am also... I think so, I will cancel the holiday." After a long silence, four or five people laughed and filled with silly smiles.

Yaoyao, who relied on his desk, raised his eyes: "Oh." Ironic snorted.

"Inside... This lady, although I don't know who you are, but... I believe that Miss Lisa can listen to your command and see that your identity is really different. I don't know, can you follow suit? Always say, we canceled the holiday?" A middle-aged man went to Yaoyao in contempt.

She raised her eyebrows: "Cancel the holiday?" Sitting slowly in the office chair of Feng Chenyi, the body leaned slightly on the back of the chair: "But... you still have to be fired!" The words fell, Lisa standing beside her could not help but be shocked.

Lisa thought that Mrs. Wind would have just finished his hand until now. Didn't he think that he would do things so absolutely? !

"Hey, don't be too deceived. How do we say that we are also old employees of Fengshi? Don't you think that you are so ruthless?!"

"Oh, do you talk to me?" Yaoyao turned his eyes blankly and stood up fiercely. He said: "When you are jointly taking leave, have you ever thought about Feng?! When you ran to the office When I was in this

trouble, did I ever think about Fengshi?! Now I turned my head and talked to me?! I tell you... you have to blame, you blame your stupidity!"

"you!"

"Isn't it? Now, who is the master of Fengshi? Are you stupid enough to join the 'second child' to deal with the 'boss'? You said... Are you deserving of it, huh?!" The cold smile disappeared, her little hand A wave: "Lisa, give me a call to the security guard and get rid of them!"

"Wind..."

wind lady." Lisa trembled to the side of Yaoyao and whispered: "Poor... almost finished, they have canceled the holiday, and the purpose of the wind has also reached, you...you don't have to Got it out."

The sly brain seems to have suddenly returned to God, and Yaoyao's scorpion, which is full of haze, has restored the purity of the past...

Looking at the face full of fear in front of her eyes, the looming reflection in front of her eyes showed a scene of disharmony...

☞Landos His Royal Highness! I beg you, beg you, forgive us. In front of the magnificent hall, several men dressed in military officers kept asking for help.

On the throne of the main hall, sitting on a little girl dressed in a royal family, but the face of the little girl is so vague, but the voice is so clear. ☞Oh, if you dare to oppose me, you should know what will happen to you! The cold tone is not a child of a few years old, but it is indeed from the mouth of a girl.

☞We didn't, we never intended to rebel against you, His Royal Highness. 'Several officers in front of the temple kept licking their heads.

The girl smiled disdainfully: ☞Is it wrong? Well, since I made a mistake, it's better... I'm going to be wrong! '

☞His Royal Orchid, His Royal Highness, what do you mean by this? '

☞What do you mean? Don't understand? That is to say, I don't allow people who have anti-l's to exist, even if I am wrong, I won't let go! '

☞blue...'

☞Okay, don't ask for this little bastard! 'An officer who was lying on the ground suddenly stood up in anger: 'Lando, do you know why we will against you, because your heart is so hot, only 4 years old, you have already killed countless, to your succession to the throne On that day, I don't know how many people will die in your enchanting hand! '.

Episode 516

☞Hah, hahaha... yell, let's scream, and only the losers will mourn like a funeral dog. ☞The girl laughed loudly and waved her hand: ☞Come, let me drag them out to shave! '

☞Lando, you will get retribution one day sooner or later. Those souls that have been executed by you will entangle you day and night, so that you will never get peace. Lan Duo, you enchanting, you little bastard! '

The blurred picture cut off, Yao Yao paled and swallowed.

what happened? !

How can my mind reflect such a picture?

That girl is terrible...

Is she a blue flower? ! Do not! It must not be Lan Duo. How can a little girl who is only a few years old might do so cruel? !

But why...

Why is there such a picture produced? !

And...

At the very moment, when those people intended to take back the leave letter, the first reaction in their heart was...

Those who intend to rebel should...not give them any way to live.

'thumping', the sullen fall sat in the office chair, Yao Yao suddenly felt that he had become stranger, and even he did not know himself.

As for the little girl in the vague picture, she really wants to see the little girl, but it is in a fuzzy state. But her voice...

This is the first time Yaoyao heard the sound of Lan Duo in his mind, but it is even more fearful than the sound of the ice night.

Impossible, like the heart of the girl who is so hot, how... will it be... myself? !

No, no, she must not be Lando, it must not!

Everyone, look at me, I look at your Yaoyao looking at the look. Just a high-ranking one, for the sake of being indecent, it seems like a simple little girl at once, those people do not understand, what is wrong with this? !

"Hey, brother and sister, the office of the president of the relationship has always been where you are?"

The sound of Feng Chen Rui instantly pulled back the Yaozhi's mind.

"It turns out that she is... wind lady?!" The person standing in the office seemed to realize. "No wonder she will understand the law so much!"

"Hey, hey, I heard..

. The wind's wife has more than 200 IQs, and it's also a bad role." One of them whispered to the person beside him.

The man slammed his head nervously.

"Wind...wind deputy general." It may have been disturbed by the disharmonious picture just now. Yaoyao stood up in disarray, and even his speech became stuttered.

"Sister, what's the matter? I heard your voice from outside the house? Don't tell me, you are now managing the president's job?"

Yaoyao's soul is not silent and remains silent.

At this time, one of the people in the office went to the front of Feng Chenrui: "The wind deputy general, now the wind has to fire us, what can we do? At the beginning, you didn't say that, we didn't plan to make trouble. To leave the company."

"What does this have to do with me? It is the wind that always fires you, not me." Feng Chen Ruisheng is afraid that these people will betray themselves, so he hastened to cross the river to dismantle the bridge.

"The vice president of the wind, can't say that. We are not for you..."

"Don't talk nonsense!" Feng Chenrui quickly cut off the man's words, and stunned his eyes. "If you are really afraid of being fired, will it be impossible to cancel the holiday directly?"

"Yeah, we are going to cancel the holiday, but Mrs. Wind is still insisting on expelling us?"

"Joke!" Feng Chen Rui looked incredulously to Yaoyao who was silent: "When did we wind up to be a woman to be the master?"

Yaoyao didn't think about it, didn't think about it! When I first heard them, I wanted to come out and teach them, and who knows the result... It became like this.

Powerlessly looked up, she looked at Lisa with a gaze: "Trouble you, Miss Lisa, give you a call, please? Ask him, what should I do?"

Looking at Yaoyao, who is full of kindness, Lisa blinks in amazement. She really doubts that the windy wife who is just like the wind and the wind is like a little white rabbit. Is it a person? ! "Oh, oh..."

Ok, okay."

"Wind always, now the group of people who were expelled from you decided to cancel the holiday." Lisa ran to the corner and called.

On the other side of the phone, Feng Chenyi frowned and frowned: "They will react so quickly?" He thought that the group of Feng Yurui's party feathers had to stay for three days to understand, who knows how to cancel so soon. Holiday? !

"Yes...maybe because of the wind lady."

"Yao Yao? What happened to Yaoyao?!"

Lisa stunned Yaoyao, who was not far away, and described the things that had just happened with Feng Chenyi from beginning to end...

After listening to this, Feng Chenyi couldn't help but reveal a smug smile: "Oh. It's really her!" The next second, he's sinking: "Lisa... According to Yao Yao's meaning, the decision to expel is still going on!"

"Ah?! Wind always, you are not saying that if they take back..."

"Hey... Different times in the past, Yaoyao opened up a 'bright road' for me. Wouldn't it be a waste of her mind if I don't want to rob it? Tell them if they are willing to pay a 20% pay cut automatically. I will agree to withdraw the expulsion decision!"

Lisa found out that the couple was really enough... 'blackmail'!

Undoubtedly, Yaoyao has no intention of forcing the group of people who have made troubles. Now, Feng Chenyi has issued this decision. Those who have been forced to die by Yaoyao will definitely agree.

"I, I know, the wind is always..."

Hanging up the phone, Lisa smiled and nodded to everyone: "Everyone, the wind always said that if you are willing to automatically reduce the salary by 20%, you will cancel the expulsion decision."

"How can this be like this?!" The emotions of those people immediately became excited.

Yaoyao sighed slightly, faintly said: "You have to blame, you blame the people you collectively ask for leave..." The words fell, her cold eyes blinked and Chen Rui quickly walked out of the room.

Since ancient times, the subordinates who intend to follow the risers will not have any good end.

Those who may provoke rebellion will be safe, but those who follow will be ruthlessly sacrificed.

It is so ancient, and so is modern. This is true in politics and in business.

Ah.

Lan Duo, what about you? Are you born to be a sultry, indiscriminate killing, or are you forced to helpless?

Unexplained whispering, Yaoyao only felt that the whole person was dizzy in front of him...

Inside the hospital.

The pungent smell of disinfectant water came in, and Yaoyao, lying on the examination bed, frowned and painfully opened her eyes. She 'wow' and spit out everything she ate today.

"Mr. Wind, are you okay?"

Looking at Lisa standing beside her, she stunned God: "Miss Lisa? This is...?"

"Oh, wind lady, you just fainted at the door of the office. Now it is a hospital."

Episode 517

"Oh..." No wonder, she felt that she was still in the company for a second, and she ran to this place in the next second. It turned out to be fainting. Restlessly lying back to the hospital bed.

Lisa, standing next to her, sat down with a smile: "Oh, wind, too, you are really, and you don't pay too much attention to your body. It must be a mother. How can you do it?"

What? What is Lisa saying? Shui Ling's nephew went to the boss, and she turned her head and looked at Lisa with a panic: "You said...what...when, when is mom?"

"Well? Mrs. Wind, you still don't know? The doctor said that you are pregnant, because too much stress will lead to pregnancy anemia."

‘dengdeng’

The heart, as if it was stabbed by something; the blood of the whole body solidified at a moment, and the brain ‘‘‘’ continued to echo, as if it were to be blown up.

Pregnant... pregnant? !

When... Mom? !

How could this be? How could this be? !

She has never been a real couple who has been with Feng Chenyi for a day, then the child in this belly is...

Stiff from the bed, her little hand trembled on her belly. This child is... is a proud day! It is Yu Aotian!

The rapid breathing spit out and inhaled along her nose; spit out, inhale, and the stagnant heart also hurriedly jumped ç °, ç °, ç °. Yaoyao licked his mouth with one hand, and the tearful tears continued to turn around in his eyes.

Lisa at the side suddenly noticed that Yaoyao's reaction was not quite right. He quickly asked about it: "Mr. Wind, are you okay? Are you okay?!"

The ‘buzzing’ sounded in the ear, I couldn't hear what Lisa was saying. She squinted and looked at Lisa's mouth and tried to know what Lisa was saying.

But the next second...

The discomfort of a river crashing into the sea came, Yao Yao side turned around, constantly spitting the things inside the stomach...

Lisa saw this anxiously shouting over the doctor and treating it for Yaoyao.

Looking at the crowd flowing in front of her eyes, her world seems to be incompatible with these people. They are in one space, she lives in another space.

After a long time, the doctors gradually left. Lisa confirmed that Yaoyao had a long sigh of relief afterwards: "Mr. Wind, your reaction is too big. Just pregnant, you should be happy, you will be right away.

I want to be a mother."

Ah.....

Hehehe...

Lisa thought she was reacting because she was too surprised? If the child is Chen Yi, she will of course be happy, after all, this child will be born reasonably. unfortunately.....

This world will not accommodate this child, even she can not pass her own!

It's ironic to have a child who killed the mother and the enemy! irony!

"Oh, I really want to know that the wind always knows what reaction you will have after pregnancy, will it be the same as you?"

Chen Yi...

When I heard Lisa mentioning the wind and the moment, Yao Yao's face instantly became pale! White!

Do not! Can't call Chen Yi know; can't tell him to know!

Yu Aotian has been sandwiched between them for too long, too long, if the news is known as Chen Yi, then their home is likely to be completely scattered at this moment! "Lisa... Miss Lisa, haven't you said to Chen Yi?"

"Hey, I just called the wind, but it was turned off. I might be talking about things. I am giving him one for a while."

"No! Don't..." Yao Yao grabbed Lisa's arm nervously.

"Hmm?! Wind Lady..."

"Are you this?!"

I noticed that my reaction was too excited. Yao Yao swallowed nervously and barely squeezed out a smile: "I still tell him about it."

"Oh, it's right. It's really up to you, this wife, it's my business! It's all about me. Hehe."

"Inside, Lisa... you have to go back and go. I will call the servant at home to pick me up."

"That's okay. Mrs. Wind, then I will go first."

Looking at the back of Lisa's departure, when she confirmed that she had indeed left, Yao Yao was unable to lie back on the bed and stared at the ceiling.

Child... child...

The little hand couldn't help but put on her belly. She slammed her clothes and rushed to the doctor's office like crazy. "Doctor, doctor!"

"You are... Oh, I remember, you are the anemia pregnant woman just sent?"

"No! Yes, it is me! Doctor." Sitting in the chair, she anxiously asked: "Do you really confirm that I am pregnant?" It may be misdiagnosed, right! May be misdiagnosed!

"Of course, you are too careless? How long have you not seen the moon?"

During this time, things kept happening, and it was the broken things of the husband's family. It was difficult to fly the opportunity. She simply ignored the things of the moon. Thinking about it, the big aunt seems to have not come for a long time. "Doctor, but I have no signs of pregnancy and no signs of vomiting. Can you check it out, am I really pregnant?"

"Miss, look at your age should not be big? Not every pregnant woman will have a pregnancy.

Maybe because you are too young, there will be no reaction at all. You are so nervous, it will not be unmarried first pregnancy? "

If it is unmarried, it is simple! How to do? How to do? "Doctor, I don't want you to say that I am indeed married. However, my husband doesn't like children very much. Can I kill this child?"

"Don't break it!! This is your first child. It is too hurt to be killed directly. If you really want to shed this child, then ask your husband to come with you and ask him to sign a word." The flow of people."

Holding the inspection report, Yaoyao went out of the doctor's office.

Looking at the confirmation message given above in the report, she fell helplessly on the ground.

The old innocence is like teasing people. There are so many parents who want to have children. She has experienced the death of the plane and has not shed this unborn child!

Every time this is the case, every time it is like this. Whenever I make up my mind to insist on this marriage, there will always be another thing that ruins everything and everything. Why is God not allowed her to establish a family? Establish a faint life? !

What should we do now? What should I do with this child? !

Who can come to save her! Who can help her!

"Two?"

Suddenly, a familiar voice came. Yaoyao's heart was tight and he raised his head subconsciously.

The figure of Feng Xingxin instantly caught into her eyes, and there was also... Qilian proud cloud!

It's so smart...

Oh, it's so good! Chen Yi's younger sister and Yu Aotian's younger brother, actually appeared together in this? ! God, is this going to give her a big irony? !

She quickly hid the inspection report behind her and quickly stood up: "You, how are you here?"

The wind was so happy that the smile turned and said: "So how are you here?"

"I...I..." Yaoyao barely squeezed out a natural smile: "I am a little uncomfortable, just take a look...".

## Episode 518

"Well, then I am also uncomfortable, so... just take a look." Feng Xing's dawn looked around: "My second brother? He did not accompany you?"

"Chen, Chen Yi... He, he just had to go ahead in advance."

"Oh."

"Ke Xin. You should go to see a doctor first. I will first... I will go first." Yao Yao twitched his mouth, but before they could reflect the wind, they quickly disappeared in front of them.

"It's weird, I don't want to see a gynecology, why are you nervous?" Looking at the back of Yaoyao's lost soul, the wind couldn't understand the Qilian proud cloud.

His melancholy voice flashed and smiled: "Maybe... shy."

"Well! You said that I saw that I also appeared here, will you tell me my second brother? However, the character of my second brother should not be said to the old man of my family." Xin is more assured. After all, it's a good show for everyone, a famous name, and it's not very glorious to run gynecology at a young age. "Aoyun, if the doctor checks that I am pregnant after a while, what should I do?!"

"Remove." Two words, Qilian Aoyun did not hesitate to hesitate.

The windy face suddenly sank: "If I am pregnant, I will not want this child. But this sentence is spoken from your mouth, I am really upset!"

"Can be sweet, you, go to the doctor's office to sit at the door, I will help you register."

See Qilian Aoyun deliberately opened the topic, the windy anger is climbing up: "Hey, Qilian proud cloud, what do you mean? Avoid it?"

"Can be sweet, I don't want to quarrel with you!" If the cold ice falls, then even the proud cloud will turn away.

Feng Kexin hated her fists. From birth to the present, she has been favored by the stars, but since she was with Qilian, she always felt that she had lost herself. There is no place at all. This feeling is really... annoying! "damn it!"

In a hurry to get out of the hospital door, Yao Yao's hasty pace finally stopped.

How to do? Lisa is the first to settle down, what about the Xinxin side? If she and Chen Yi said to see themselves here, what would Chen Yi think?

But...

Kexin has been living in school for a long time.

If you don't go home for three months, should you have no problem?

Wait until the child is solved, even if Chen Yi knows...

Ah.

He can't completely ignore it!

wrong! It's really a big mistake. This marriage is a mistake from the beginning. It is already a mistake to take away from the wedding scene by Yu Aotian. It should not be carried on. I really should not continue this unclean marriage.

But...

She couldn't forget that when she refused to marry the marriage, Feng Chenyi insisted on it. I am afraid, even if she refuses to die, she will tie her to marriage if she is tied to the character of Feng Chenyi. !

Suddenly down the head, Yao Yao once again fell into despair.

at this time.....

The report in her hand was suddenly taken away. She looked up nervously and saw that Qilian proudly smiled and slowly opened the report...

"Give! Give me!" Subconsciously want to snatch.

Qilian Aoyun turned around and blocked her behind her: "You are pregnant!" Closing the report, he turned his expressionlessly: "My brother's child?!"

The body was stiff in place, and her eyes trembled and flickered: "No, no.

It is Chen, Chen Yi's child."

"Oh, it's really a child of Feng Chenyi. Why did you want to take up the report so nervously when you saw it? If you are a child of Feng Chenyi, why are you so scared now?"

Is her performance too obvious? Since Qilian Aoyun has seen it, then... Fengjiaxin will also see it? Do not! It shouldn't be... If you look at the character of the wind, you will definitely call Chen Yi right away.

Probably, is Qilian Aoyun inherited the excellent insight of Yu Aotian?

Silently standing in front of Qilian Aoyun, slowly lowered his head.

Qilian Aoyun saw this report returned to her hand, and the smile on her face gradually closed up: "How do you want to solve it?"

"Beat it!" There was no hesitation in the tone. When she learned that she was pregnant, she had already decided that she should never call this child born!

"Don't you talk to my brother?"

Discussion? It's ridiculous, Yu Aotian is who she is, she wants to discuss with Yu Aotian? The bastard just buried a sinful seed in his stomach! "No need!"

"That's it, if you need my help, just call me. Can you get the consent of the man to sign the boy?"

Correct!

Yes!

She can find another man instead of Feng Chenyi to sign the consent form. The desperate look suddenly turned around, Yao Yao quickly nodded his head: "Thank you, thank you."

"Oh." Qi Lianaoyun snorted and waved his hand: "You are welcome. You can indirectly kill the children of Yu Aotian, I am very happy to help." The melancholy eyes are mixed with a cold luster. The deep hatred is self-evident.

Seeing his expression, Yao Yao couldn't help but breathe a sigh of relief.

From the past, I was very curious. What kind of festivals did Qilian Aoyun and Yu Aotian have? Will it cause him to hate a brother who thinks for himself?

But now, this is not something she cares about, the feelings between their brothers, and all the things related to Yu Aotian, she doesn't want to know!

"Go ahead. Wait for your call at any time." Qilian proudly smiled and turned and disappeared in front of her eyes...

In the corner of the coffee shop, Yaoyao sits opposite the palace Xiaoman.

Shortly after she left the hospital, she received a call from Gong Xiaoman, who agreed to meet at this location. However, it has been almost half an hour since I was seated. They have been silent all the time, as if they were worried.

"Xiaoman, you suddenly called me, is there something happening?" Yaoyao took the lead in breaking the silence and saw Gong Xiaoman's face-to-face look. She felt that Gong Xiaoman needed someone else's guidance.

"You don't even say on the phone, just want to find me? Or you can talk about it first."

"Oh, let me talk about it first."

"Don't be humbly with me. You have met something that is so difficult to fly. Is there a lot of words you want to tell me?"

Yes, there are a lot of words that I want to share with my friends. It can be seen that at the moment of Gong Xiaoman, it seems that all the words have become pale. "Little Man, or... you can talk about it first."

See Yao Yao insisted on this, Gong Xiaoman helplessly smiled, they have known for so many years, she naturally knows how stubborn girl Yaoyao is.

Hanging his head, Gong Xiaoman noisily stirred the ridicule in his hand and slowly said: "I am going back to Japan."

As if, at this moment, they are doomed to their tangled future.

If she did not apply for the elevator lady at the time, it seems that she would still meet with Feng Chenyi after two years. Then, he was constantly redeeming for the betrayal of the year, she continued to torture him, and finally he was impressed by a little bit, and returned to the present situation...

Everything seems to be so smooth, so calm, just like the average male and female love.

It is a pity that there is nothing in this world. If her life is destined to have an extravagant appearance, it is doomed to be so rough and so extraordinary.

Think about it...

If she is really blue, does it mean...

"Lando, you will get retribution one day sooner or later. Those souls that have been executed by you will entangle you day and night, so that you will never get peace. Lan Duo, you enchanting, you little bastard!"

When she was a child, she really killed too much. Now she finally got the retribution? ! Then Yu Aotian is his own retribution!

The 'elevator' arrived at the president's office.

In front of the door, the secretary sitting is still a beautiful Miss Mo, but unfortunately, the person in charge in the door is no longer Yu Aotian!

"Miss Mo, I am sorry to take the liberty to interrupt. I want to find a cold."

Mo Xueyan raised his eyes coldly: "Mr. Wind, is there an appointment?!"

"No. Miss Mo, if you can, can you talk to the cold, I am coming for the sake of Gong Xiaoman?"

Mo Xueying heard that she did not release her simple martyrdom and cold communication.

Yaoyao pushed the door of the president's office and walked quickly to the desk at the cold: "Hot."

"Mr.

Wind, let me talk about it." The cold all over the place looked down at the documents in his hand and did not look at her.

I took a sigh of relief: "Little Man, I have to go to Japan to get married."

The hand that slammed through the file suddenly stopped, but the next second, he resumed the action: "Oh."

"Oh." Yaoyao was a smile again, and did not feel desperate because of the cold reaction, but felt that this man is actually affectionate, otherwise he hates himself so much that he is reporting for the event of Gong Xiaoman. Why do you allow yourself to enter his office?

Just...

Cold is really a man who does not express feelings.

Pulling out the chair at the desk, Yaoyao squinted at the lower lip corner: "I have never been clear about you and Xiaoman. It is today that she told me everything about you. I believe... If she is not desperate, she will not tell me so much. I admit..."

The drooping eyelids: "The feeling that Xiaoman gives people the first look is the kind of girl who is very open and very open. Even when I first met her, she felt that she was not a good girl. But with the contact, I found the guy. It is simply to apply a layer of protective color to my body. Deliberate

performance is very open, men and women do not care about it, and always look like a madman. In fact, she is simply a mature and conservative girl, as for seeing When it comes to men, she is completely idle and bored, and she always shows a lot of idiots.

"

"Hot, maybe, there is something you don't know. Xiaoman has never given any boyfriend. You are the first man to call her heart."

Han Yuyi has been staring at the eyes of the document, and quickly looked at Yaoyao, but immediately hanged down. "Oh."

"Oh, she dares to dare to do it, she likes it, she will not hide it, she would rather do it. It doesn't matter. She said that a woman's arrogance will only mean that she misses a man he really likes; but on the contrary, if he does his best Grab, even if there is no result, it doesn't matter."

Yaoyao has always admired the straightforwardness of Gong Xiaoman, and perhaps she changed her, she will not have the courage to go after the man who likes it. But Gong Xiaoman did it. What kind of courage is this?

"Until today, when Xiaoman came to me, the most words I told him was that she never regretted it, and she had no regrets. She could marry Japan without concern."

"I have already given her money." The cold silence that has been silent has finally opened his mouth.

Yaoyao's shallow smile shook his head slightly: "It's useless. I also proposed to help her solve the family's debt today, but she refused. In fact, I think Xiaoman is a bit silly, first to solve the debt than what Not strong? If there is no result, there will be no result. Why do you have to squander your life in the hands of a man who doesn't love. But..." Standing up, Yaoyao took a long breath: "Think carefully, this is A symbol of a woman's heart and death. The heart, already dead, will not have to worry so much; the heart, already desperate, will not wait for the emergence of a miracle. Even if we try to turn it all, her heart It's all dead.

It's meaningless how we are going to save her."

Pushing the chair back to the desk, Yaoyao bowed slightly: "Hot, I'm sorry to bother you for so long."

"Wait!" The cold handed down the documents in his hand, and looked coldly at Yaoyao: "Mr. Wind, what is the purpose of coming to you today?!"

"Purtion?" She stunned her mouth. "In fact, I don't know what I am doing today. But I always feel that if I don't come today, Xiaoman's pay is like... equivalent to '0', huh, huh, most At least I have to tell you that your money, Xiaoman does not want it?" The words fell, she walked out of the cold office with a smile.

I don't know why, Mingmeng Xiaoman's ending with the cold is quite tragic, but Yao Yao feels that Xiaoman is very happy.

At the very least, she loves a man deeply; at the very least, her life is not that complicated.

Love you, longing to be with you; you don't love me, I am far away from you. It is so simple. Even if you can't get it, the process is exciting.

But that's it, it's a luxury for Yaoyao.

But it's all right, at least she was beautiful and easy when she was with the wind.

The 电梯 elevator arrived on the first floor.

Yaoyao sucked the deep tears in the nasal cavity and just stepped out of the elevator...

"Yu, the case of the Weir Group has been stagnant for a few days. Do you want to transfer to the public relations department for public relations?"

## Episode 520

"Yu, I sent an email to Ai Lusha yesterday, I want to see the samples from the production department. Do you think we will reply to them?" The high-volume high-level team is following the work behind the arrogant body and reporting to the elevator. The direction is coming.

Yaoyao stood in the footsteps and looked at the familiar figure that was constantly approaching himself. Her little hand couldn't help but climb her stomach.

Isn't it a matter of forgetting children?

Doesn't it mean that nothing happened for the time being?

Why, when you see Yu Aotian, the mood will have a violent ups and downs? Is it so uncomfortable in my heart? !

because of him.....

Is this the father of this child? !

If they were previously a parallel line with no possible intersections, then they were an inseparable combination at this moment.

Child!

This crystallization buried in the Yaoyao's abdomen, tightly connecting them together, wanting to have nothing happened before is simply impossible!

The little hand on the stomach lifted the clothes tightly, and while the attention of Yu Aotian was working, she did not look too far and chose another direction to step out of the elevator...

"You go to another elevator." Yu Aotian said with a blank expression.

The high-rises of those companies looked at each other with a fog: "What?"

"Can't you understand?!" The bottomless eyes are sinking.

Those high-level nervous nodded: "Ming, understand, Yu Zong." Hurry and ran to another elevator.

Subsequently, Yu Aotian patted the elevator lady who was operating the elevator and signaled her to leave.

In the next second, his bottomless scorpion slowly slammed into a small figure that gradually disappeared...

Who said he didn't see her? ! Maybe when Yaoyao has not seen Yu Aotian, Yu Aotian has already found Yaoyao in the elevator!

A lunge rushed behind her, her big hand slammed her arm.

Still not waiting for Yaoyao to react, she was pulled into the elevator by Yu Aotian!

☒Pumping, plopping' heart fluttered and pulsing, and the small body retreats toward the corner of the elevator. Yaoyao's twinkling eyes are full of uneasiness and uneasiness.

☒Dangdang', Yu Aotian pressed the forced close button of the elevator.

"What are you doing?!" She screamed subconsciously, and the inexplicable fear rose again.

"Baby, you suddenly appeared in Bossen, is there any purpose? Or how do you see me turn around and run?" Yu Aotian's double-deep scorpion looked up and down her.

Yaoyao subconsciously covered his lower abdomen with his hands, for fear that he would see what it was.

Yes, the ridiculous thing is that she was only pregnant for 3 months, even she did not find out, how can Yu Aotian see it? Obviously it is 'being a guilty conscience.'

Is it afraid that he knows that his child is pregnant with his child? If he knows... what will happen? !

Oh, forget it, this thought will be over, she will not call this killing mother to know that she is pregnant with his child!

Tightly grabbed the clothes, Yao Yao sighed with relief, and the tight emotions slowly relaxed, and also put down the hand on the lower abdomen: "Yu, what can I do to Bosen?" You are not afraid of what documents I am stealing? Hey, at a glance, you know, I can't take you 'something' from Bosen."

"Well?" Yu Ao Tian Xiao Xie smiled and slowly approached her.

Yaoyao's small face immediately sank: "Yu, what else do you have? If nothing, I want to..." A step, just to the elevator operation button.

Yu Aotian took her arm and took her into her arms: "Hey, baby, what if you hide the things in your clothes?"

Looking at the man's sly smile on his face, she knows that Yu Aotian wants to... it is broken! "Yu, are you deliberately looking for it?!"

"What do you say?" Bend down and keep the same height as her. The face of Zhang Xiejun slowly went to her: "Baby, you tried, in the elevator...do?"

'Yes, Yaoyao, have you tried in the elevator..

.do you? '

This is the first time they talked together in the elevator for the first time in two years. The ridiculous thing is... this is exactly the elevator.

What does Yu Aotian want to do now?

Want to evoke their previous memories?

But this man doesn't know at all, the memories of that time are a nightmare for her!

Gazing at the sexy lips that slowly approached him, Yao Yao blinked and grabbed his mouth... "Yu Aotian! Are you enjoying the crazy sense of achievement for you? You are I am very happy, one woman is pregnant for you, are you acting to knock out the children in their stomachs one by one?!"

Suddenly, Yu Aotian's smirk's look was a little solid. He blinked coldly and took a small hand that she had licked on her lips. It said: "Small things! You said this to me at this time. Any intentions?!"

Intention? What is the intention? She doesn't know why she said these words, but her mouth is not controlled by the brain. "Do you dare to do it, are you afraid of me? Yu Aotian, you will not have so many women aborted because of you."

"I didn't ask them to give birth to my children!"

"Hah, hahaha, don't you think your words are very strange? You didn't ask them to have children, where did their children come from?! Yes, maybe, they are guilty of their own, stealing your child. But you are royal Aotian, since you have not thought about responsibility, you should not have a relationship with them!"

This is the first time that Yu Aotian feels that this little thing is so unreasonable. Perhaps, in her eyes, he is such an irresponsible man, but for her, in the later period, he did not do enough? ? ! "Little things, that's something between me and other women, understand?!"

Understand, she understands what Yu Aotian wants to say to herself, but how is it just between him and other women? !

If he is not arbitrarily responsible and irresponsible, how can he have his child? !

The little hand slightly gripped a fist, Yao Yao bite hard after the bad teeth: "Yu, I know that you have no right to participate in your business, then I hope you understand that the woman you are holding is someone else's wife! I Already have my family, please! Don't come to destroy my family, do you understand?!"

Yu Aotian glanced at her hand and grabbed her arm.

Yaoyao skillfully started the elevator and disappeared in front of his eyes.

☒other wife.

,

☒I already have my family. '

☒Don't destroy my family! '

Three heavy words are entangled in the ear of Yu Aotian. If it is not that she uses such a tone, such an attitude to explain everything, perhaps, he has never been so confronted, she... is already windy Wife! or.....

He...

I have been escaping from this fact...

The private clubhouse where the drunken fans are smouldering with smoke, several industry screaming at the woman in her arms, smiled and raised the cup in her hand: "Wind always, congratulations to you, the top leader of the wind. I said at the time, Wind is yours sooner or later!".
