

Pure Girl 581

Episode 581

Unbearable eyes glanced at the clothes hanging by the fire, and I didn't know if those clothes were dry. I knew that before Mr. He left, he could take the clothes to his side to bake.

He looked at Yu Aotian, who rested on the stone wall, and looked at the clothes not far from him.

I wonder if this guy is asleep?

She narrowed her eyes, she smiled strangely, then picked up a small stone and threw it out tentatively.

'Patter, Patter, Patter' The sound of the stones rolling down made a crisp sound, and Yu Aotian still sat there with her eyes closed.

In order to be safe, she picked up a stone and did just what she did.

Oh oh!

It seems that Ao Tian has fallen asleep.

Get up ...

Hiss ...

He is numb to death!

Damn it!

She pressed the pain from her limbs, wrapped herself firmly in her coat, and walked slowly towards the clothes hanging by the fire.

It seems that is not completely dry, but it doesn't matter, it can be worn.

Raised my hand, just about to take off those clothes ...

Who knows, a flying insect about 3cm in size suddenly landed on the back of her hand, slowly crawling into the cuff.

Sah, ha, ha, ha ... no, yeah?

The perspiration of the whole body exploded, and Yaoyao fluttered like crazy: "Help! Help!" He twisted randomly and did not stand still, and the whole person fell beside Yu Aotian.

"Baby, you have been staring at me, just to wait for me to fall asleep, attack me?" Yu Aotian smiled at Yao Yao beside him.

Now she can't bother to fight with him, she just feels that the flying insect is crawling on herself, crawling, both disgusting and uncomfortable.

"Help ... help me."

"Sorry, baby. I can't help you. In case I move, you will think what I want to do to you."

I looked at his face with a faint evil smile, and Yao Yao's anger didn't come out. At this time, he was proud to be a gentleman?

!!

"It doesn't matter, it was an accident."

"That wouldn't work, you should handle it yourself."

If she can deal with it long ago, she will be most afraid of flying insects.

God!

"I beg you, please? I beg you! I beg you! Help me. Please!"

Seeing her pitiful look, Yu Aotian's bottomless eyes turned: "Baby, you begged me?"

Until now, Yaoyao has reacted. The guy in the relationship has been pretending to sleep, from the moment she got up and took the clothes, until the worms flew onto the back of her hands, he knew it!

Otherwise, how could you know what to ask him for help?

!!

"Hurry up, okay ?!" shouted impatiently.

The face of Xie Jun sank immediately, and he looked motionless forward.

"Hey, Royal Sky, what do you want?"

"Is this how you beg?"

Every time!

This is always the case!

As long as she loses her temper, he can always take her for a moment.

I noticed that the flying insect was crawling and crawling. Her whole body was dead. She clenched her fist and begged, "Please, please help me get rid of the bugs on my body!"

After hearing this, Yu Aotian crouched in front of her, and slowly said, "Where is the bug now?"

"I, I don't know ..." I felt that there were insects crawling all over the body.

"Undressed!"

"Get off ?!" Don't need it?

!!

"Yes, it may be on your shoulders." Yeah, it's a little itchy there, it should be in that position.

"On my shoulders ..." Yu Aotian thought for a moment, and slowly turned her finger over the blazer on her body.

"What are you doing ?!" Yao Yao keenly held his hand.

"Of course it was the bug."

"You just pinch it across your clothes!"

"Oh baby, don't you even know a little common sense? I don't know what worms got in now, I can pinch it, you can make sure that it won't bite you before I pinch it ?!"

"

Oh, yes!

In case that bug is poisonous, it's troublesome.

She bit her lower lip in an embarrassment: "Then, then you, get involved quickly." She closed her eyes shyly.

Tong Yu Aotian ran his hand slowly into the bottom of the suit jacket.

The warm palm is moving, intentionally or unintentionally ...

Qi Yaoyao closed her eyes and drew in the air, her tight pores opened slightly.

There was a squeaking noise between her lips, and her willow frowned, and her fists clenched tightly:
"No, not here."

å...

"Oh? Isn't this ... a bug?"

There was a strong shudder, and Yaoyao bit his corner of her lips and opened her eyes sharply.

"You, are you ... deliberately right ?!"

"Oh ..." Yu Aotian smiled lightly: "Baby, didn't you ask me?"

"I, I told you to take the worm out, not you ... you ... this!" Her eyes were full of resentment, she wanted to blame Yu Aotian's pulp, but what, this is indeed herself

Begging!

"Oh, that's it. Bugs, crawling along your cuffs just now. But ..." Someone came in while they were ...

"You should have more bugs crawling in your heart ?!"

There was a rush of electric current, and a wonderful sound came out of her mouth.

"Yao Aotian, you, you are too much!" Both hands dragged his hand.

Pu Yutian narrowed his eyes with a wicked smile, ironically shaking her bright fingers in front of her eyes, and then, leaning closer to her ears, said ambiguously, "Do you need me to satisfy?"

It is undeniable that since she was taken away by Yu Aotian for the first time, she has deeply experienced the taste of being a woman.

Regardless of body and mind, great changes have taken place, those involuntary reactions.

I bit the corner of her lower lip hard, and she hated herself very much.

Pushing him away, he quickly took off the clothes hanging on the side. Regardless of Yu Aotian's eyes, she put the wet clothes back on him, sitting back coldly.

Back to where it was!

I ca n't go on like this, he really knows all her secrets, what she likes and what he thinks, he seems to know everything.

She may have become a transparent person before this man.

This feeling is really ... terrible!

The dark cave, the faint fire, the two sat silently not far from each other.

The faint firelight reflected their thoughtful faces, as if they were thinking about each other.

I do n't know how long after ...

"Woman, wake up! Hey, get up!"

Qi Yaoyao faintly heard someone calling himself, slowly opened his sleepy eyes, only to find that the sky was already on.

Fainted, she even fell asleep?

Asleep heartlessly?

!!

"Mr. Hei." Sitting up blankly, wiped the saliva in the corner of his mouth subconsciously.

"Is it dawn?"

"Oh, you can sleep so well anywhere, really!" The two men were forced hard, and they took turns to stand all night, and basically no one slept.

"Let's go."

She left this cave, and Yaoyao seemed to be immersed in drowsiness. At a glance, she knew she hadn't got enough sleep.

Yawning in succession, he walked as if he had stepped on cotton, and he was top-heavy.

I do not know how long, they seem to return to the battlefield that was previously attacked.

Episode 582

The ground was covered with blood, but the bodies were gone.

"Last night was so quiet, I thought there might be no killer, but now it seems..."The dragon squinted thoughtfully.

Royal proud day micro frown: "hurry to leave this competition field!"

"Well!"They took yaoyao's arm one by one and walked quickly along the direction of the sun.

Be aware that if a member of the business federation, or any other competitor, finds the bodies, the competition will be terminated.Now the game goes on and the body is gone.This shows that it must be the accomplices of the killers who cleaned up the scene, they should still be ready to carry out the second assassination.

Yaoyao, who had been dragged along, panted and looked at the royal pride at his side. "the target of those killers is you, right?!"

'what if there are others?'

'all kill!'vaguely remembering the conversations of the killers, if nothing else, what they call 'others' should be themselves and the black dragon?!

"Well." Royal proud day of indifference nodded, steps suddenly stopped.

"Your enemy is really many, where people want you to die!"

"How?" He shrugged. "if you don't count, there's only one left now, right?"

Only...The rest...A?! Suddenly on the royal proud day that deep bottomless eyes, he refers to the 'one' is...Carrie tsang?!

Are those killers from the deputy prime minister?! How much he wanted to royal proud day to die, as long as seize the opportunity as if he would immediately start!

When thinking, royal proud day suddenly picked her up.

"What are you doing?!"

Regardless of yaoyao's question, he quickly held her in the arms of the black dragon: "last night when I went out for a night patrol, I surveyed the terrain. If you take yaoyao to the east, it is estimated that there are still 4 kilometers to go, that is the exit!"

"Master, you..."Halfway through the speech, the black dragon heard a mass of footsteps approaching them.This shows, royal proud day just stopped, probably early detection of the enemy's attack."There seem to be more people than last time!Did you manage?"

"It doesn't matter."He shook his head easily, but the next second, the deep eyes but across a touch of subtle luster: "you don't forget the things that Chen yi confessed on the line!"

Chen yi confessed things?!Black dragon pupil is full of incredible, he is a friend of the wind Chen yi, the wind Chen yi confessed things he will certainly complete the liver brain tu ground, can royal proud day for what?

To put it more clearly, they are 'competitors' in every respect, aren't they?

Want to take, the black dragon secretly smile, royal proud naive is a man worthy of calling people to respect!"I know!The total.

Go ahead."Turn around, according to the royal proud day to guide the road, he held the yao yao to run quickly.

That pair of watery eyes looking at the royal proud day a little away from their own line of sight, she has confusion also has no doubt.

What did Chen yi tell them?!

Gradually, the blurred line of sight suddenly out of countless dark shadows, yaoyao suddenly gasped, originally, they just referred to the dialogue is a killer siege them again?!

Those dark shadow will royal proud day around in the center, roughly a calculation, no less than 30 people.

"Black always!Black always!Stop it!Royal proud day a person can't deal with!"She grabbed the black dragon's clothes.

He did not look back, still silent running forward.

In a short while, those black people and royal proud day all disappeared from her sight!"Black total, we hurry back, a lot of killer!"

"Black always!Such royal pride will be killed!"

"Black total!"Urgent entreaty can not stop the footsteps of the black dragon, she forced to bite the lower lip corner, cold way: "put me down, I want to go back!"

"Go back?What can you do to help him?"The black dragon finally responded.

"I know I can't help him, but...We just ran away like this, it's really out of line!"

Suddenly, the rapid forward steps of the black dragon finally stopped, he stood still and watched her worried face. "You're not... Do you want him dead?"

My heart shivered slightly.

Yes, she has been longing for royal pride to die? Why, why was she so worried when she saw him under siege?!

"I..." Trying to explain something to the black dragon but finding no reason to do so; Want to give yourself a reason to worry about royal pride but also can not find the answer.

Everything is involuntary; It's all subconscious. No reason! Just obeying his own inner voice.

..

"If the royal master is right, there should be two kilometers to the finish line. Can you do it yourself?" Instead of continuing to embarrass her, he slowly lowered her from his arms.

"Well! You can. But..."

"No buts. You'll only add to our troubles if you come back with me." The black dragon's words hit the nail on the head.

She helplessly shook a fist: "that black total, you careful! Besides, what did Chen yi entrust to you?"

"He told us to make sure you got the first place, no matter what! So..." The sauroposeidon bent over her, keeping her level. "this time, you'll be first no matter what! Otherwise, I and the royal general in front of Chen yi is a person who has broken his word, understand?"

"Ming... White!" Maybe she's just a drag in terms of force, but..

.She'll get the first one! The little hand clutched his big hand. "the black master must promise me to come back safe and well! You can?!"

"If you can keep your promise, I can!" The words fell, he turned and quickly disappeared in her sight.

The little hands clenched their fists. Although, she does not know why the wind Chen yi will entrust these two people to keep themselves to get the first, but, in order to with the promise between the black dragon, she also must! Must have! Get the first place this time!

Running at a quick pace toward the east, a huge iron gate appeared before her in about 20 minutes.

The moment I opened the iron gate, I was greeted by a dazzling beam of light and deafening applause.

Gradually accustomed to the glare of light, she realized that she was standing in the middle of a Roman arena similar to a Roman arena.

In the stands, there were countless spectators. There were also a few contestants standing in the field.

"Wow, congratulations, miss law, you're the 10th Chinese to make it to the final round!" The Japanese host excitedly held yaoyao's hand.

She looked blankly at the rest of the field.

In the two areas, the flags of the Japanese side and the Chinese side are displayed. She ambled to the area with the Chinese flag.

"Mrs. Wind."

"Mrs. Wind." Three or two people came up and said hello to yaoyao.

Episode 583

She nodded politely to them, out of sight can not help but glance to the Japanese side of the area where the contestants sit: "what's going on? How did the Japanese competitors arrive at so many people?" Counting, at least 30 Japanese have arrived.

"Yeah, I'm curious too. In the first race, I was the 48th to reach the finish line. I also pay special attention to the big screen. More than 90 percent of the top 20 are Chinese. I don't know what happened in the second round. We on the Chinese side are obviously way behind."

They had been attacked, so it was no surprise that they delayed their arrival. What about the rest? You can't have been attacked, can you?" Guo zong, I want to ask you, you in the second round of the game midway, did not find anything strange?"

'what strange thing?

Looks like the rest of us really didn't meet the killer. That is to say, those assassins are likely to be sent to deal with the royal proud day. "No, nothing. I was just asking."

"Wow, another runner at the finish line!" The host's words had just fallen.

A Chinese boss walked into the Chinese rest zone with a gloomy face.

"Old liu, what's the matter? That pale?" A few people of doubt walked to the man's side.

The man's cold narrowed his eyes, slowly took out a piece of paper from his pocket: "you see, what is this!"

All around the curious look... "Is this?! Isn't this the map for the second round? Lao liu, where did you get it?"

"Picked it up on the ground! It's probably the Japanese business federation who cheated with the competitors and gave them all the maps for the second round. That's why the little devils got to the finish line so fast!"

In that case, it's not surprising that so many Japanese runners made it to the finish line!

"Ya of, small devil people how so boring? That's cheating, too? Now what? The third round is no better? I cheated in the second round. I'm afraid I'll cheat in the third round, too.!" "You look at me, I look at you, I know that even if you go to the third round of the race will not have a good result."

"Come on! At this time, yaoyao, who had been silent, suddenly said, "except for this map, we have no way to prove that it was lost by the Japanese contestants. Maybe they will even beat it down. They may also be said that our Chinese enterprise managers have no courage, deliberately withdraw. So, we have to compete!"

"Mrs. Wind. You have a point there, but it's true. If we're wiped out. It will definitely hit China's economy!"

All the people who can participate in this competition are the managers of the top 50 Chinese enterprises.

Everyone's ability is natural needless to say, compared with these rich vision and experience of the enterprise manager, yaoyao is inferior. She didn't even think it would affect China's economy. But...

She had something they didn't have!

"You guys, with your skills and experience, I'm not even one tenth as good as you. After all, I've never managed a business, and I've never led a company. However, in the name of the wind group, I would like to assure you that if you take part in the competition and do your best, it will do you no harm!"

"I'm in." No doubt the first to support yaoyao must be xia renliang!

But after all, he just took over the blue international not long, in the business position is not so strong persuasion and influence.

People still have doubts about what yaoyao said. Even if she bet on the reputation of windward, it seems to be useless, because her position is too low, just the wife of the President of the wind group!

At this moment, the whole journey and yaoyao has never had the intersection of ouyang group chairman smile opened the mouth. "Me too."

"Ouyang chairman you....." People incredible to see the business of the Tarzan beidou.

Want to know, had the support of President of ouyang group, the situation can be different, no matter be in do elder or younger generation, which dare not give him face?!

"Since ouyang chairman participates, that I accompany!" Everyone immediately agreed to participate in the competition.

"Uncle ouyang, thank you for your trust in me.

"

"Oh, little girl, I just trust the old wind!"

"My father-in-law?!"

"Well. Your father-in-law always praises you in front of me. Even that old fogey admires you so much. You must have great powers." Ouyang uncle amiable smile.

He was once one of the three 'business leaders', together with feng xiao and the father of the black dragon. A few decades back, these three men had the influence of global superstars in business, drawing admiration wherever they went. The three became close friends. Therefore, their children black dragon, wind Chen yi, ouyang zixuan relationship will be so good.

Just the passage of time, the father of the black dragon died; Feng xiao retires. This once so-called the light of title of 3 big business leader just can fade gradually, if not ouyang zixuan careless business, only afraid ouyang chairman also can choose to retire.

"Ha ha. I never thought my father-in-law would mention me to you." Yaoyao smiled sheepishly.

In daily life, the wind is always very serious, she always thought her father-in-law very hate themselves, now hear ouyang uncle said so, her heart inexplicable some warm.

Almost three hours later, the Japanese team had almost arrived. On the Chinese side, half of them are there.

In accordance with the previous rules of the game, whichever team is the first to gather the number of players, the next round of the game will be started. As for those who did not arrive at the venue of the game is an automatic waiver!

"Good. Now all the Japanese personnel have arrived.

Although the number of Chinese participants is only 28, according to the comparison rules, the third round will continue! Please business leaders do a preparation." As the words of the host fell, the staff moved the props slowly on the stage.

In the stands, there were loud cheers and shouts. The Japanese spectators of qingyishui began to cheer for the competitors from their own country.

"Oh, it's only cheating. And face refueling, really shameless!" The mood among the Chinese competitors has grown testy.

"Oh.Only 28 people from your side?"At this time, is the rest area of the bird mountain President walked slowly in front of the yaoyao.

She looked up and down the bird mountain a look: "this time waiting bird mountain President to come here, is to prove to us that all the Japanese participants present?"

"Oh.That's just the way it is, even if you have a big mouth.But failure is failure!The strength of the Chinese is really not good, just like what the Chinese make, in any country are rubbish!"

His fist!Her little face was suddenly white with anger.

"According to this year's GDP, China is already more than 20 percent higher than Japan.I also admit that China's processing industry is not careful enough, however, there are still countless countries to China's factory processing.So you need Chinese labor.Let me be clear. If China refuses to become the world's OEM, it will not be China that loses."A smiling Chinese business executive approached bird hill..

Episode 584

"Yes. According to the industrial volume this year, the total index of Japan is less than half that of China.I don't know if you, President of bird mountain, are the CEO of lixin group.If so, I have received news that your company has been begging our bosen group in China to cooperate on an electronic product.You so slander our Chinese side, bossen's royal general soon know, he will cooperate with you?!"Another corporate chief suddenly spoke up.

Yaoyao knows very well that compared with the elites in the industry, she really is nothing.Because they can use a very professional perspective to defeat bird mountain's provocation, she can not.

At this moment, she really saw the excellent quality of China's top 50 enterprise managers, as well as the face of everything can be calm attitude. To be able to participate in the game with them is really a great blessing in her life!

"I believe that the royal league will not be so small as to refuse to cooperate with bdo because of one match. In addition, what I said today is only for the game, nothing else. As it turns out, your Chinese competitors are really weak, aren't they?!"

"You're obviously..." When one of the Chinese executives was about to expose the cheating.

Yaoyao hurried to intercept, she is a student of law, this time who said the Japanese cheating, may immediately lead to an official, there is no need to.

Her cold eyes turned to the screaming bird hill, and she picked up a smile and said, "President bird hill, you can bark here and we will know who is the stronger!"

"Ha, ha, ha." "Bird mountain disdainful smile:" you Chinese participants a total of 28 people, even if I * Japanese everyone's score is lower, the average score will be higher than your right?!"

28 PK50 is really a loss. If it had to be an average score, even if everyone in China got full marks, they might not be as good as the Japanese. But..." Is it? President of birdhill, let's wait and see!"

"Good. The playing field has been set up. All players please take their seats according to the names on the table!" The host's words fell.

Everyone looked quickly at the newly constructed playing field.

The original stage, with a small table, like the examination room in primary school. There was a pen and an examination paper on each table, and one by one everyone sat down.

"Mrs. Wind, I vaguely remember that you are with the royal master and the black master. What about them?"

After the man's inquisitive inquiry, yaoyao looked anxiously toward the entrance of the competition venue.

Yeah!

They? I don't know... Are they off the hook??

Black total, you must not forget with my agreement!

"The game.

..Start!" As the host of a language fell, everyone opened the papers, to meet the third round of the IQ test...

On the other side...

The quiet forest, the sun through the slit sprinkled on the artificial land.

The clear river just turned into a river of blood in an instant.

Bodies lay in heaps. The two men who stood on top of the heap of corpses stood as proud as Kings!

"Master, you really can fight!" With a cold smile, the black dragon dropped the sword that was still bleeding in his hands and sat down helplessly against the trunk of the tree.

"I was in that atmosphere. If I couldn't fight, I couldn't survive. It is your skill that surprises me." The royal proud day also hand in the samurai sword threw out, sat down beside the black dragon, and wiped the blood was splashed on the face.

"My skill with Chen yi and son xuan compared to the difference, just because 2 years ago was kidnapped, just suddenly diligent." The first thing this group of rich children born with the golden key must learn is how not to be kidnapped. But at that time the black dragon's mind is all in costume design, also neglect training. That happened two years ago, and he had to work on his fitness.

"Oh. Mr. Black, I'm curious why you suddenly came back to help me.

"Deep bottomless eyes a turn, he evil smile to see the black dragon: "logically speaking, we do not seem to have any friendship?"

"I have to say that I respect you as a person, so I came back to help you. Do you believe me?"

Royal pride day smiling without a word, is waiting patiently for his next words.

"Of course...That's one thing.The main thing is..."With his dark eyes fixed on the road ahead, he said quietly, "I don't want her to worry about you."

"Her? Yaoyao?"

"Do you think anyone else will worry about you?"

"Ah..."Circle with the black dragon contact, the evaluation of the person is very straightforward, now royal proud day is to receive his straightforward.Perhaps, because he is too young."I only know black total you to Chen yi very speak loyalty, did not expect you to the wind of the words, is also a request."

"Mr. Yu, you can't have missed what I did to yaoyao last night, can you?"Inky eyes on his deep eyes, black dragon cold narrow eyes: "I can understand for, you are put with understand play silly?!"

This sentence, no doubt, is like to declare to the royal proud day, 'I am interested in yaoyao, so I will answer her every request'.

But, his gentleman is magnanimous, and yesterday under that kind of circumstance of timely close hand, make royal proud day very appreciate! If there were more opportunities, he would like to make the friend of the black dragon!

"Let's go, Mr. Black." That brings us to a quick conclusion.

"To the third round?"

Royal proud day looked over the eyes of the black inflammation of the dragon covered with blood, and looked at the blood covered with their own: "we so in the past, will cause turmoil.

"

"Where to?"

"Somewhere to eat, take a shower, change clothes. After that, just go back and watch the results."

"Huh?" The eyes of the black dragon turn, quickly stand up: "good idea!" With the royal proud day hook shoulder to shoulder with the back left this is full of bloody smell of the forest...

Third round live...

"Hand it in! Only five minutes into the third round, yaoyao raised her hand to signal the end of the exam.

In the stands, there was an instant commotion...

"Is it a waiver?"

"Perhaps, otherwise why so soon?!"

Even the chairman of the Chinese chamber of commerce federation sitting at the viewing table; And the chairman of the federation of Japanese Chambers of commerce.

The host took yaoyao's test paper and handed it to the guest.

She slowly sat back in the dugout and watched the other runners.

Soon there was a great deal of noise in the guest seats. "All right!?" Those who read the papers handed yaoyao's papers one by one. No matter how they were selected, they could not find any loopholes.

"It's amazing. It's only five minutes and all the questions are correct. Cheating?!" The chairman of Japan's federation of Chambers of commerce asked.

Episode 585

The Chinese chamber of commerce federation President's face immediately fell down: "even if it is cheating, also impossible to answer so complete?"

"Well, they're all taken from the carromen standards. There are more than 80 IQ questions, there are 100 IQ questions, there are 150 questions, there are 200 questions. How did she get them all right?! No, I want this girl reviewed!" Obviously, the chairman of the Japanese alliance for yaoyao's full score is very unacceptable.

"If you want to review again, also wait for all candidates after the competition.

In desperation, Japan's chamber of commerce federation chairman had to temporarily suppress this tone.

Soon all the contestants handed in their papers. The guests sitting on the rostrum are reading the examination papers carefully.

Chinese and Japanese athletes have returned to the rest zone.

"Well, it looks as if the result of the match will be disastrous!"

"The questions...Tut, I vaguely think I saw it on an IQ test."

"That's why I say the odds are against us. Look at those japs. They all have their reasons." People have looked at the Japanese rest area, the President of the enterprise everyone's face is wearing a relaxed smile.

"Mrs. Wind, you really said to those people, abstained?" As this person's question, we happened to see the same to yaoyao.

She gave an embarrassed smile and shook her head. "no. Those questions...I have a...Came up..."

"Oh?" Everyone you look at me, I look at you, a face of blank.

The next second, the host announced loudly, "the result of the game is known. Now look at the big screen!"

There are 78 participants in total, with 78 valid papers. The big screen is ranking them according to their scores. Obviously, the first one in sight is full mark yaoyao!

"Well..." There was a sigh from the stands, as well as from the lounge.

The Japanese contestants stood up and looked at yaoyao.

Under the gaze of countless eyes, she hung her head in embarrassment, early know...I didn't get all the answers right on the paper just now.Sweat...

The next ranking, from the second place to the fortieth, was dominated by Japanese participants, with a maximum score of only 70.From the 41st place, the names of the Chinese competitors began to appear, but the score was only 60.

"The average score for the Japanese side is 65, for a total of 3,467;The total average score of the Chinese team is 57 points, and the total score is 1,488 points.The Japanese team won a great victory!"The host excitedly announced the result.

There were cheers and capers from the stands.

A few Japanese with a victory smile came to the Chinese rest area: "concession.This is the first competition between our two countries. I hope it will happen again."

"Ha ha.We look forward to the fair play!"A Chinese boss almost gnashed his teeth out of this sentence.

"Well, the exciting moment is coming.Now we are going to announce the final result of the individual ranking!"

The scene suddenly fell into silence. The host faces the big screen, waiting for the big screen to announce the results.

Chinese rest area of a lot of manager already some sit restless: "really should abstained in the third round, if according to the three rounds of results ranking words. Most of us are off duty."

"Yes. What a shame!" For these highly educated and highly qualified bosses, they don't blame yaoyao for insisting that they stick to the third round.

But yaoyao knew that if they didn't blame herself, she would still be responsible for the third round! If these manager choose to abstain, do not have to participate in the ranking game, also do not have to follow the disgrace.

However, never mind, the situation will turn! It's bound to turn.

Yaoyao sat on the rest chair as steady as mount tai, closing her eyes slowly...

"Oh! The rankings have been updated! According to the results of the three rounds of the competition, the first prize is... China's feng group representative miss lu yaoyao!"

The big screen showed that her three results, except for the second, almost all of them were impressive.

The first round of 15 minutes out of the maze;The third round of full marks to answer the exam paper, no doubt in proof of her genius in fact!

"Coming in second is...Japan's lixin group President, Mr.

"In third place is...Matsuda group President, matsuda aoyama!"When the winner of the third place is announced, the rankings of all contestants are revealed.

"Yaoyao, congratulations, you won the first prize."Xia renliang smiled and sat beside her.

Suddenly opened his eyes, she slightly to the summer renliang smiled.

Subsequently, a lot of enterprise manager admire to see to her: "the strength of the wind, really call us surprise."There was no complaint, no blame.

Even if all the Japanese cheating, have not been able to compete with yaoyao, they admire from the bottom of their hearts!

"Ha ha, these examination questions, in fact, and each business manager's ability has nothing to do with, just a simple test of intelligence.But I know this ranking must be important to everyone.

Now!!'ll go and ask for it!"With this magnificent words of yaoyao fall.

We do not understand so stunned god, beg, how to beg?!They even forgot that before the game, yaoyao to the reputation of the wind group to bet on the oath!

Yaoyao, who had been as steady as mount tai, stood up slowly and walked to the center of the stage.

At the same time, Japan's koyama also walked to the center of the stage.

"Chairman, I..."

"Chairman..."They spoke at about the same time.

Oh, she would like to see what the bird mountain interface wants to do!"After you, President bird hill..."

Bird mountain is also not polite, facing the rostrade, cold way: "chairman, I suspect that the representative of the Chinese party's wind group miss luo yaoyao cheating in the third round of the examination, I ask to cancel her qualification."

Is that right?All of them in Japan are cheating and have the cheek to call her cheating?!

Instantly, there was a gasp from the stands;Sitting in the rest area, the Chinese managers all showed angry expressions.

"Los miss, in fact for the challenges from the bird, President of mountain, it was also my question, the third round of exams, a total of 30, fifty percent of the content is IQ test more than 80 questions, the others are IQ test more than 100 topics, even have more than 200 questions, you why can you use such a short time to finish writing papers, and all right?!"The chairman of the federation of Japanese Chambers of commerce spoke gravely.

Yaoyao now finally understands why the highest score of the Japanese team is only 70 points when they already know the answer.

Also on!After all, there are only five people in the world with an IQ of more than 200, except those like the royal pride.

If all of these people get 100 points, the world will be suspicious.It will be enough to prove that the Japanese side cheated without anyone blowing the whistle.I have to say, the chairman of the federation of Japanese Chambers of commerce is shrewd in his calculation.

.

Episode 586

Can the question, they Japanese side does not have intelligence quotient 200 above person, does not allow others to have?!

"Dear chairman of the federation of Chambers of commerce of Japan, before I answer your question, may I ask if you are suspected of cheating, will you be disqualified?"

"Yes, miss law."

"That's good. Now let me answer your question. To tell you the truth, if you must accuse me of cheating, I confess..."

'well...' from the stands, and from below, came a shrill voice of disdain. "Look, I'll just say they Chinese are cheating. What a poor thing!"

"Yes, that's outrageous."

The Japanese President waved his hand and motioned for silence: "miss Luo, if you admit it, then..."

"Just a moment, your excellency, I have not finished." Yaoyao stopped the Japanese President with a smile and continued, "the reason I said I cheated is because all the questions with an IQ above 100 were written by me and Lord Caro. Of course I can answer all the questions in five minutes!"

Whisk! A moment! The scene became silent, as if a pin could be heard.

Bird mountain interface two incredible to see standing beside their own luoyao. The rest looked at her, too!

"Are you... Carrumen premium member?! Intelligence quotient (IQ) in... Above 200?!" In calormen, anyone with an IQ above 200 is eligible to participate in the formulation of a topic.

When yaoyao just received the examination paper, her first reaction was... These tests measure IQ scores above 100... It was so coincidental that it came from her. The other ones, they're all by the hand of the caro man.

She nodded slightly. "yes."

'wow... There was an uproar on the platform.

The guests at the guest table were stupid. The President of the Chinese chamber of commerce smiled at the Japanese President. "that's not cheating, is it? Even if you ask other questions, I believe that for a genius with an IQ of more than 200, he could have answered the paper with full marks."

"Yes... It's not cheating." Japanese chamber of commerce President a face stiff shook his head, he simply did not know what to say, how so coincidentally, this competition personnel will have IQ 200 + people to participate?! I thought... First place will go to their Japanese team.

"Well, if you don't count my cheating, I have a question for the presidents of the Chambers of commerce in both countries."

The President of Chinese chamber of commerce smiled: "miss lu, please go ahead!"

"Now, I personally suspect that all the Japanese participants are suspected of cheating, and ask for a public review of them!"

"Don't talk nonsense, little girl, lest I Sue you for libel!"< / p > < p > bird mountain interface with a gloomy face opened the mouth.

In addition, those Japanese contestants also stare angrily at yaoyao.Watching the seat is a burst of contempt.

"Mrs. Wind is really dare to speak out, just now did not ask me to say, and now she exposed those Japanese devils cheating in front of so many people?!"A Chinese manager both helpless and praise of the said.

At this time, ouyang group chairman, subtle smile: "alas, she said can, you say...Not so!"

"Huh?Chairman ouyang, what do you mean by that?"

"Well, after a while...You'll see!"

"Miss law, you should be clear, this is the assessment of the chamber of commerce federation, not your company, nor your game, although you have the right to question, but, we will not because of your word to carry out. The President of the Japanese chamber of commerce gave yaoyao a negative answer.

"No. Dear chairman of the federation of Japanese Chambers of commerce, you must do as I ask!" Yaoyao smiled, her big, watery eyes filled with a light that could not be denied.

"That's enough! Miss law, I can read you at a young age and ignore your remarks. However, I * Japanese participants will have the right to Sue you for defamation!" Said, Japan chamber of commerce federation chairman is about to get up and leave!

"I ask you again, Mr. President, are you sure you won't do what I tell you?!" Yaoyao's voice grew cold.

The Japanese President stopped and slowly shook his fist: "Chinese President, now I propose to ban the wind group for three trading days as punishment!"

The Chinese President listened: "miss lu!" His eyes are telling yaoyao, if she continues to make, will bring a lot of trouble to the wind, even if he is unable to save the wind.

"All right. Japanese President, you can expect to receive my lawyer's letter. I will take your chamber of commerce to the United Nations for injustice plus contempt of a world-class lawyer. At your own risk!" With that, she turned to leave.

"Wait!Wait..."In looking at the Japanese President's face, you are scared blue: "you, you are...World-class lawyer?!"

Almost everyone who knew the world's top lawyers was dumbstruck, except the ordinary people in the stands.

"Yes."

"Well, then you have no right...Have no right to...Review the game at will?"The Japanese chairman's voice is getting smaller and smaller.

"Well, it seems that you still don't know much about world-class lawyers. Don't you know that I have the right to open and review any competition?"

"Yes, is that so?"

"Ha ha, if you have doubt word, please feel free to reject my proposal, big deal, we world court see you!"A sly smile across the corners of the mouth, yaoyao's expression at the moment looks so daunting.

The Japanese President sitting in the guest seat had to.

.. "Follow miss Luo's words, we will review all our Japanese competitors! But... Miss Luo, exam questions?!"

"Easy! According to the results of the third round. Someone with a score of 70 should have an IQ of around 120; People who score above 60 should have an IQ of around 100. Then I will, according to each person's intelligence quotient, give a corresponding intelligence quotient question. If they answer correctly, it will prove that they did not cheat. If the answer is wrong, it is enough to prove that they cheated! So... They will also be disqualified from the competition!"

Under such circumstances, no one dares to refuse whatever request Yao Yao makes.

No doubt, after the new round of audit, all the Japanese competitors exposed their faults and were disqualified!

"You... The new report card will be updated soon. Please... Stay calm." The voice of the host is not so passionate, looking at the audience in the stands, as well as the Japanese rest area, a dejected contestant. The contrast is striking.

"Mrs. Wind, I didn't expect you to be so thoughtful at such a young age." Chinese side rest area each old total one to her admire of picked up the thumb.

Now, they finally understand why Yao Yao encourages them to compete and asks them to do their best.

.

Episode 587

If, a moment earlier, she had shown herself to be a world-class lawyer and challenged the conference, how would it verify that those people had cheated in the second round?

It seems impossible to verify. Only the third round is the best time to test, and it so happens that yaoyao is also a member of the karolmen, more qualified to set questions for those contestants.

If, after the game, she raised doubts, then the exam results have not been issued, it is unlikely that the Japanese will play any new tricks.

Only this moment!

When the result is announced, yaoyao directly attacks, the Japanese team will be disqualified. So... All rankings will belong to China!

This move, it can be said is malicious, and the bottom of the fire, but also play the family a unprepared!

The big screen results finally refresh!

From first to 50th, even those who did not participate were included in the ranking. All by the Chinese participants, and the Japanese participants are all 0 points!

This chamber of commerce alliance PK, it can be said is to win the hearts and minds too soon!

"Ouyang chairman, you are also really wily, I am afraid that you just began to support Mrs. Wind, you already know that Mrs. Wind is a world-class senior lawyer?" A manager smile sitting beside the ouyang chairman.

He nodded slyly. "it was old feng who told me. He said his daughter-in-law was a world-class senior lawyer. So, I just thought, presumably she advised you to compete, is going to make the final move!"

"You are also true, early tell everybody here we have a world-class senior lawyer not to die, so everybody also need not worry about what."

"Well, if we had, wouldn't it be very interesting if we'd won?"

"Chairman ouyang, you...Indeed!"

I have to say, the business elite is the business elite, perhaps other people, to the end do not understand yaoyao's foresight. However, when they know yaoyao's occupation that moment, they have all guessed her stratagem!

"President bird hill, did I say that? Even if all of you come to the race and get zero points, it's meaningless!" Yaoyao hands in front of the body, a smile to just walk in front of the bird mountain interface.

"Say, how much will come to my business! I can give you an astronomical figure if you want to come!" Again, companies, no matter how powerful, are hungry for world-class lawyers. < / p > < p > although the bird mountain still care about yaoyao canceled their qualification, but he would rather put down all the grievances, to the talent can not be seen.

"Come on, President bird hill. Miss law will attend the chamber of commerce alliance for the wind group, because she is the wife of the President of the wind group wind Chen yi, even if you give your company to her, she can not work for you. A Chinese manager smiled and patted the bird mountain interface two shoulders.

His face darkened in an instant. "well, just pretend I didn't say anything. But...

Miss law should be careful when she travels in Japan these days. "The words fell, he quickly disappeared in front of the public.

"The bird mountain interface two, is clearly bear a grudge against the wind Mrs. You exposed them, only afraid these Japanese business owners have a grudge against you. I think, Mrs. Wind, you'd better go home as soon as possible."

"Ha ha, it doesn't matter of guo zong, big deal I don't go out just."

"Well, be careful."

"Well, thank you for asking." Yaoyao smiled politely and quickly threw her light into the audience.

A few lunges, she faces the audience and gives a thumbs up!

At the same time, the black dragon in the audience smiled back and gave her a thumbs up...

Early in the dialogue with the Japanese President, she saw sitting in the audience seat of the black dragon and royal proud day.

"What's the meaning?" Royal proud day slowly opened the mouth.

He turned his head. "before I go looking for you, I made an agreement with this woman that I would come back safely and she would get the first prize."

There is no doubt that the black dragon has fulfilled his promise, and so has yaoyao.

Took back the thumbs, her eyes with a smile gradually turned to the position beside the black dragon..

....

If, royal proud day to participate in the competition!

If, Chen yi did not entrust royal proud day to keep their first!

Believe, with his intelligence quotient and ability, this first place must be his right?!

But...

Chen yi called himself to take the first in the end what purpose? Obviously, this first for her this is not a business manager, have no meaning!

Before evening, the chamber of commerce sent all the competitors back to the hotel.

All the bosses of Chinese companies went to a private club to celebrate.

"Seriously, normally, we're competitors in business. But this time, we are Allies, I have to say, we won really beautiful! What a wicked thing to do for our country!"

"Ha ha, if there is no wind wife, this time, we only afraid is to have gas, also have no place spread?" Everyone at the table looked at yaoyao.

She quickly put a hand: "everybody don't say so, everybody has everybody's duty, my profession just happens to be a lawyer, this is my duty."

"Ha ha ha, Mrs. Wind this is really modest, you can get the first, has proved your strength.

Yaoyao didn't know what to say. "actually, I'm lucky.If those three rounds were all about business management and all the technical stuff, I don't think I would have won first place."

Again, she always thought she was nothing compared to the other 49.It's just that she was born with a very high IQ and a world-class qualification as a senior lawyer.

She can't swing anything.

"Royal general, the industry has been appraising you cherish ability such as life, as far as I know, Mrs. Wind seems to have acted as an attorney for you before, how did you let such a rare talent pass?"Also do not know who, the language peak turned to royal proud day.

Her reaction is sensitive of hang down a head, for oneself with royal proud day of the past... I really don't want to be mentioned again.

Royal proud day of Confucianism elegant smile: "the wind wife wants to marry the wind total, difficult way I return ability block not to become yao?"

"Well.To tell you the truth, almost all of us in the secretary's office have bright eyes when we see the general.I also think that no one can resist the general charm of the royal.Now it turns out that...I don't think you have enough charm."

"Old xiao, don't be joking. Ask Mrs. Wind to try it with the royal terminal!" With that, a boss beside yaoyao grabbed her arm, and then pushed her to the side of the royal pride: "look, Mrs. Wind is standing beside the royal chief, who's first reaction will be to keep and be kept, even together, also do not match!"

Oh, no need to test what, he was indeed the royal proud day by the lover! Small hands, slightly clenched a fist, her face ugly hanging head.

.

Episode 588

Royal proud day aware of her inner unbearable, like a reassuring hug on her waist, smiling at the people: "listen to you this meaning, is to say that I look like the wind Mrs.!"

"Er..." Everyone looked at me, I looked at you, then laughed: "royal always you really can joke ah."

He slowly released the hand around her waist and patted her on the back. "go back."

Gentle smile, eyes of the spoil.

Yaoyao would rather think that she was wrong about all this, or that she was too sentimental. And I don't want to get the attitude he has for himself.

He returned to his seat in silence. The whole time, we talked and laughed, she just bowed her head and ate by herself.

After a while, everyone turned to KTV, yaoyao could not get rid of countless times, had to brave the scalp.

"Well, what's the matter with you? The black President, who never participates in such an occasion, participates?"

It was really a rare thing for the black dragon to come to the KTV voluntarily. How many times they invited him to come out and play, his answer was always 'NO'. Visible, he has how persistent.

"I'm afraid you bully Mrs. Wind, of course you have to come!"

"Huh? What's going on here?" People do not understand so you look at me, I look at you.

At this time, ouyang chairman of the smile opened the mouth: "yan long, Chen yi, with my family xuan, three people since childhood is a good friend. Mrs. Wind is Chen yi's wife, and yanlong will certainly take good care of her."

"Oh, I see. Still think usually the wind always bullies us in the business field, this time while he is not in, we take out anger with Mrs. Wind, it seems to be no play. Ha ha ha." No doubt it was all a joke.

"Come, come, come. Let's have a good time together today." With this sentence fell, the waiter brought ten bottles of foreign wine, twenty cases of bottles of wine. Visible, this group old total is the rhythm that wants to play a life!

Everyone is throwing sieves and drinking.

Yaoyao pushed the black dragon, who sat beside her, mysteriously. "let's sing a song."

"Sing it yourself."

"Huh?" Her big eyes full of water a turn: "should not black total your song voice, very frighten?"

Black inflammation dragon helplessly rolled up a white eye, got up and went to the point of the table: "" roof" can sing?

"Be!"

They each took a microphone, as the melody sounded, the black dragon began to sing the first sentence: "can't sleep at night to hum the mood into a song, had to go to the roof to find another dream."

Wow...Wow...Wow, how can black always sing so well?!

Yaoyao heard stay, wait to return to god, she has missed their melody, fortunately immediately find, otherwise she lost adults!

"Well, we old fellows can't play well for young people. Come to KTV, either find a woman or drink. Who knows how to sing?" Sitting on the sofa drink of old total people sigh of shake head.

"Yes, now is the world of young people, black total, total wind, so young inherited the group, in our era where feeling?"

"Tut, no wonder people always don't play with our old things, love people are tired of us being eliminated from the world. Now, sitting on the sofa of the estimation is the person that is about to be eliminated by the world?"

"Huh? Am I old, too, as you say?" Has been silent royal proud day evil smile opened the mouth.

You look at me, I look at you, helpless smile: "royal general, your age should belong to the young, but your maturity and calm, really do not dare to think you are less than 30 years old.

These enterprise manager, in the wind Chen yi, black dragon, and summer renliang, can take them as the next generation to look at, only to see the royal proud day, they will always put the very deep and mature man as peers to look at.

It has to be said that the appearance and age of the royal proud day and his personality is inversely proportional, which is why so many old people in the market are very afraid of him.

"Black always, you are good."The end of a song, yaoyao praise of the open mouth, raised a thumb to the black dragon.

"Let's sing a chorus, shall we?"

"It doesn't matter."

One song after another, almost became the concert of black dragon and yaoyao.They look so out of place with the business manager sitting on the sofa.

But the atmosphere around these two people is extremely harmonious.Perhaps, because there is no age gap between them.

"Where?"See yaoyao suddenly got up, black dragon curious asked.

"I'm going to the bathroom."

"I'll stay with you."

"Er..."This feeling is not bad, she seems to be more than a bestie.

They talked and laughed and went to the bathroom.

In the bathroom door position, standing two figures, one is royal proud day, another is a charming beautiful woman, the woman ambiguous hand put on his shoulder, two people seem to be talking about what.

"Ah, royal total return true have charm really, always have beauty to send to come voluntarily."The black fire dragon side forward, side praise of say.

"He has never wanted a woman!"Yaoyao has the best say in this.

The appearance of royal proud day is really very, very perfect, is basically 360 degrees without dead Angle handsome boy, from which point of view in the past are impeccable.Of course, the appearance of feng Chen yi and black dragon is not worse than him.

But when the three of them stand together, maybe 50 percent of the women will choose to be proud.

Mainly, his body seems to send out the hormone that seduce female specially like, make the woman cannot help but fall in love with him, and once fall in love is extricate oneself hard, with smoked poppy general.

Obviously everyone knows that opium poppy is a drug, but many people can not help but to smoke. Why is that? No one knows.

As for yaoyao, it is found that the royal proud day is both dangerous, and people once fell in love with the man can not extricate themselves, so keep resisting.

"Are you free to-night, Sir? I want to make a friend with you." The Japanese woman is obsessed with looking at the royal proud day.

He evil evil of a smile, the elegant pushed away the woman to put on his shoulder of the hand: "sorry, I already have a child."

"Oh?" The woman seemed to wake up in a dream, eyes wide open, but the next second... "I don't mind."

At this moment, the royal proud day of a flash of light, a cuddle from his side just passing yaoyao: "honey, there is an aunt want to be your stepmother, do you agree?"

Yaoyao is stupid.

The woman you hit on was stupid, too.

The black phrenosaurus, standing there, laughed.

"Are your children that old?"The woman seemed to come to her senses with a look of disappointment.
"sorry to bother you."Turn around and leave.

Yaoyao also suddenly back to god, a push away his arm on his shoulder hand, angrily stare at him: "you, you!"Calm!Calm down! If you're in a hurry, you'll fall for this son of a bitch!

.

Episode 589

Excited mood instant cooling, she put her hands in front of the body, smiled sarcastically: "royal general, really rare ah, have a woman to send to unexpectedly don't want?"

"In your heart, I what woman all or?"

She glanced at the back of the woman who left: "that type, isn't that one you like?"Tall, temperamental, beautiful, and charming.Can match with royal proud day is this kind of goddess level.

"Huh?Doesn't Mrs. Wind know I've changed my taste recently?I prefer wind wife you this one of!"

"Shua" of a sudden, her face immediately fell down: "psycho!She turned and ran quickly into the ladies' room.

"Master royal, it is becoming more and more apparent that you are flirting with my friend's wife.Black fire dragon hands into the pocket, smile came to the royal proud day side.

"Don't you think it's funny how angry she looks?"

"Yes...Very interesting.Ha....."This, the black phrynychus agreed with both hands, this woman seems to have a natural long let people want to bully her face, the more angry she looks, the more lovely;If she cried, it would be very exciting to think about.

"Handsome boy, do you have a minute?"At this point, two Japanese women came to them with a smile.

The two men looked at each other, and then there was a tacit understanding to take each other's hands, to the two women shook: "you say, we have time?"

As soon as the two women saw the scene, their faces turned blue and they ran away...

Standing in the bathroom, yaoyao looked at the time.Now Japanese time just early morning, Chinese time is 11 o'clock in the evening, also do not know Chen yi sleep?

Took out the phone, she smiled to call the past.....

"Du...Du.....Du.....The phone rang for a short time and was immediately connected.

But before yaoyao could speak, the person on the other side of the phone said, "miss luo?Chen yi is taking a bath, while I call him back to you in the past?"

Xie Zhiqing!

Is xie zhiqing!

'boom, boom, boom...'heart suddenly accelerated beat, she face pale hung up the phone.

No need to return the call. No need.If he did come back, she would...

Crazy!!!!

I would rather believe that this is just the means of xie zhiqing, also do not want to believe.....

Something really happened between them that shouldn't have happened.

Is it an escape?

Maybe...

No, also not escape, Chen yi with xie zhiqing must be nothing, yes!It's nothing!

He ran out of the bathroom.

"Hello, woman!What are you running for?"He grabbed her arm.

"Ah?Sorry, I didn't see you."

"Are you blind?I was standing in the doorway, and you said you didn't see me?"

"Excuse me, excuse me, Mr. Black, I really didn't see you. Let's hurry back to the box."Yaoyao tried to calm her emotions, trying to pretend that nothing had happened, together with the black dragon back to the box.

"Mrs. Wind, don't just sing. Come and have a drink with us.Black always is also, also come together."

"No, I..."When the black dragon was about to say no.

Yaoyao frankly picked up the glass: "good ah."Before anyone could persuade her to drink, she drank up a glass of foreign wine by herself.

"Wow, Mrs. Wind is so forthright!Admire!Admire, have a cup again."

"Good."She filled the whole glass with goo-dong, goo-dong, and was about to drink it all in one gulp.

The black inflammation dragon snatched past: "wind madam, can't drink, don't drink!"

"Who said I couldn't drink it?"

"I say, Mr. Black, you are wrong.Even if you are the general friend of the wind, also don't take so protect the wind wife of."

"So, you don't be difficult for wind wife, I accompany you to drink.

"Wait for the royal proud day this opening.

Everyone immediately fell back three points: "general royal, how much can you drink we have not seen? Why have you joined the army to keep the winewoman away?"

"You know, Mrs. Wind used to represent me as a lawyer. She is one of my former employees. Anyway today, who is following the trend of the wife to drink, is not to give me royal proud of the face of the day!" Suddenly, the royal proud day that evil smile of the face instantly fell down.

All people inexplicably feel an invisible domineering in the suppression of them. "Ha, ha, ha, it seems we really can't bully Mrs. Wind today. Soon both the royal and the black master should be anxious with us."

"Yes, yes..."

Standing there with a blank expression, yaoyao only saw their mouths moving, but seemed unable to hear what they were saying.

The brain is buzzing with pain. She turned her head, pulled the door open, and ran out.

By the time the sauroposaurus responded, she was nowhere to be seen.

"Damn it! Constantly looking for yaoyao in the KTV, after asking, someone said to see yaoyao left the KTV. He hurriedly anxiously ran out to look for: "yaoyao! Luo yaoyao!"

"Black total." After a while, royal proud day also excuse to chase out.

"The prince."

"Haven't you found it yet?"

"No." The sauroposaurus shook his head anxiously.

"It doesn't matter. I've had people secretly protecting her since I came back from Osaka. You go back to the hotel and wait for her. She should be all right."

"To protect her in secret?" Black yan dragon that inky eyes flash: "royal always worry about those who lose the game of the Japanese manager hurt her?"

"Well."

"Ah..." Black dragon helpless smile, do not know what to say good, royal proud day always consider things so thoughtful, everything in the best interests of yaoyao first, these... Why can't his friend feng Chen yi do it now?!

He believes that before the wind Chen yi must do better than royal proud days.

But now...Alas..."I'll go back to the hotel and wait for her."

On the other side...

After leaving the KTV, yaoyao kept walking along the road. Her "buzzing" brain seemed much better after being blown by the breeze.

"Whew, how comfortable..." Looking at the beautiful scenery beside the street, she inexplicably remembered the period of communication with the wind Chen yi.

At that time, they would occasionally come out to play together before dating. He drove the car, and she sat in the passenger driver's seat and watched his handsome face obsessively.

After dating, she only dates once a week, but every time she indulges in happiness.

Although, that damned man is not particularly fond of love talk; Although, that damned man always has a cold face.

"If only we could go back?" She really miss that period of time on campus, although the ending is not so good, but the process is really unforgettable. Especially the surrounding area of purity.

Even from the small three, as if xie zhi qing is much simpler.

But now...

"Chen yi, you will resist the temptation, right? You will! I believe you..." Quietly lie on the railing of the bridge, her eyes are so firm, but the heart... But there were waves of uneasiness.

.

Episode 590

"Lo yaoyao?!" Suddenly, a male voice came to my ears.

She unconsciously turn head, see, in front of a dozen people stand. The sixth sense told her... These people are looking for trouble! "You got the wrong person."

"Can't admit it?" The man looked at the picture in his hand and then at yaoyao's face.

Seeing this, she took to her heels and ran...

"Catch her! Behind him came the voice of the man ordering.

Under the influence of alcohol, her legs are somehow soft, and even the road ahead seems to be twisted.

Depressed, early know not to drink!

Running, running ahead inexplicably appeared a row of figure.

Won't you? Front and back?!

She stood still and looked at the people running behind her and the figure approaching in front of her.
OH, MY GOD, this is the end!

Standing in the same place, she still chose to go without a fight.

When yaoyao chose to give up, the front of her constantly approaching figure, a "shua, shua, shua" ran from her side in the past, straight to the group of people chasing her in the past.

Eh?

Is she right? What the heck?

Surprised to turn around, the group from her side past a figure, seize those who chase her, up is a heavy blow.

"I'm sorry, I'm sorry, we didn't know this woman was from your royal dragon club, please, please, please!" Although, royal proud day has left Japan for 2 years, can royal dragon club's reputation has not drowned in Japan, hear "royal dragon club" these three words, all people will still tremble, scared shit.

"Royal dragon society?" Originally that group of people is royal proud day sent to the people?!

"They didn't hurt you, miss law?"

Looking back, a Japanese man was smiling at her. "No..." Look at the man wearing the suit on the show "royal" word, it seems that he is also the royal dragon club.

"Oh, that's good. If you get hurt, I think boss royal will punish us."

"You... How did you know I was attacked?"

"It was the Lord king who told us to protect you in secret. You can rest assured that we have already greeted all the yakuza in Japan. You will be very safe when you travel in Japan in the future."

"HMM... Thank you... Thanks....." Yaoyao's smile is very reluctant, she is more do not know what mood to use to respond... Royal proud day to their own this kindness.

"Miss law, you know it's not very convenient for boss royal to be present on such an occasion, but he's waiting for you in the car. Please come with me." Said the man, turning to go.

"Wait...I won't go. Can you thank the governor for me?" Do not want to past, do not want to face royal proud day, if she saw royal proud day with this mood now, will be out of control!

"Miss law, it would be very difficult for me. You should know something about...The old prince's temper..." The man looked at yaoyao in supplication.

In desperation, she had to be led by a man, to a parked in the nearby next to a senior car.

"Get in the car." The door opened, royal proud day sat in the back seat.

She stood outside the car, looking at him in silence.

His dark eyes flashed and he yanked her into the car.

The driver in the front seat got off the bus with great sense. With the man who led yaoyao to the car to maintain a distance of about ten meters.

Inside, there was silence.

Yaoyao sat beside him without expression, saying nothing. So it is with royal pride.

The shadow of the tree outside the window floated, looking so lonely and sad.

The atmosphere in the car also seems to become secluded and cold because of the desolate night.

"Happened...What's the matter?" Royal proud day of cold open mouth.

She unconsciously rushed her head out of the window, her little hands clutching the door handle. Don't ask! Don't ask!

Women are like this, if no one asked, any kind of sadness seems to be able to fight down, but once someone asked will not help but cry loudly.

Adam's apple rolls, she sobs of pharynx, light reply: "have no, what also did not happen."

Suddenly, royal proud day a turn around her body: "that you cry what?!"

Tears, in the eyes of the dozen roll. But as he asked the fall, a drop of tears like pearls like the general rolling. "No reason, want to cry, cry.

"

Still trying to be brave, still trying to talk tough.

But she has no choice, she can tell her feelings at the moment in front of any man, but can not tell all the truth in front of the royal proud day.

I'm really scared... Will fall uncontrollably into his arms; I'm really scared... There will be irreversible scenes.

This man, is her mother to kill the enemy; This man, is the ruthless capture of her first man; This man is the one who killed her.

Yes, that's it, that's the only way she can keep her sanity!

Although, yaoyao keeps avoiding something; But... Royal proud day but a will her into the arms.

When she felt the firm, reliable and warm embrace, her dark pupils dilated, her hands instinctively wanted to hold him back, but...

As she was about to fall, her hands froze in the air...

No, it's not! You can't do that!

The hands that stayed in the air gradually formed a pair of small fists: "let go!" Diluting the tears in the nasal cavity, her eyes were suddenly occupied by indifference.

Royal proud day slowly released her petite body, when she saw the tears in the eyes, as well as the patient face, he that deep not bottom of the eyes again on a touch of light cherish...

He wanted to tell her that if she wasn't happy, she would cry. Just say it. But he knew that this sometimes stubborn little thing, pretending to be strong, would not speak! At the very least... Not to tell him!

Her white little face was caressed with the warm palm of her hand, and her fingers ran lightly against the drops of tears in her cheeks.

Drooping eyelids...

Her jelly-like lips were reflected in his sight, and her handsome face involuntarily moved towards her.

Don't! Yaoyao seems to have a hunch what will happen next, she is not afraid of the royal proud day will force to kiss yourself, only afraid of their own weakness...Refuse this kiss!

Suddenly, when their lips are about to touch that moment, the royal proud day suddenly stopped his forward action...

'I'm sorry, just for yaoyao. I admit that all this is caused by my selfishness, I have not considered any feelings of yaoyao, nor whether these actions will cause her pain. But... From today on... I quit!'

'I quit...'

Deep eyes dark down, he let go holding her cheek hands: "black always waiting for you in the hotel, I send you back." He lowered the window and waved to his men.

Yaoyao's heart fell into her throat. Fortunately... No... Happen!

The driver and the man with yaoyao quickly got back into the car and started it.

All the way without a word, they have a heart.

Yaoyao can feel, since coming back from the country of aslan, the royal pride of the convergence of many, many. Not to touch her, not to hurt her; There seemed to be nothing she could do to increase her hatred for him, except to abort the child. .
