

Pure Girl 591

Episode 591

I don't know if this is good...Still not good!?

"Sir, please."

"I should." royal proud day sent yaoyao back to the black dragon room, he left.

The black dragon closes the door: "woman, where have you been?What sudden madness?"

Hang low, do not say a word, she light way: "sorry, black always, make you worry."

"Just know I'm worried!Now, go to bed!"

"Wait..."A face of difficult to raise his head, yaoyao forced out a bitter smile: "black, black total, can you...Turn around?"

"Turn around?Confused, the sauropods turned and charged her with their backs.

Just then, yaoyao suddenly leaned her head on his back..."Wow..."And began to cry.

In a flash, the black pupils of the dragon dilate: "yaoyao, royal proud day he..."

"With, with him...No, shut.No, not him...Mr. Black, please don't ask!"

At the sound of her broken explanation, the black dragon's worried expression gradually changed into a touch of sadness.

Standing there in silence, letting her cry on her back.

She seems to be in front of the royal proud day did not shed tears have accumulated to the moment, even more than just tears.

Just the tears, after all...Why?!O...Good at...

A wall between...

Send yaoyao back to the hotel room, royal proud day has been standing in the doorway.

Inside the door he could still hear sobs.

Well, it seems that this little thing would rather cry in front of the black dragon than in front of him.

Hands, took out the phone...

"Hello, Mr. Royal.

May I ask what I want to say?"

The double pupil that does not see bottom one flash: "check the wind Chen yi of wind family group for me what is doing recently!"

"Is..."

The next morning...

Yaoyao walked out of the bedroom with a pair of panda eyes.

Yesterday...

Sweat, how embarrassing!

Even though the dragon didn't ask anything in the end, she still felt that she...What a shame!! cried on their backs for an hour.

Really, no more drinking next time. It is to believe Chen yi, but it seems to become sentimental under the effect of alcohol. How puzzling!

The more yaoyao thought about what happened last night, the more ashamed she felt.

Open the bathroom door...

"Good morning." Inside the bathroom, the black dragon stood in front of the toilet, with his back to him, greeting her with one hand, and with the other...

Er...

White small face suddenly a layer of red: "yes, sorry, I didn't know you in..." Shut the bathroom door with a bang.

Oooo...

More and more humiliating. Though..

....Black dragon is a comrade, but also a man! Depressed ah!

"Hey, woman, I'm out of the bathroom. Go ahead." The sauroposaurus approached her as if nothing had happened.

"Oh, oh..." She smiled awkwardly and slipped into the bathroom.

After cleaning up, yaoyao went back to her bedroom and soon left the room with a suitcase.

"Woman, where are you going with your suitcase?"

"I'm going to the chamber of commerce President's room and send him the papers."

The sight of the black dragon... He walked quickly up to her and asked, "how much information is this? Use a suitcase."

"Oh, half a suitcase."

"Huh?" Black yan dragon eyes a turn: "it should be said that the business alliance's evaluation does not need us to submit so much information, just give them this year's company performance table on the line?"

"In here..." After a pause, she said thoughtfully, "there are documents to report the performance of bosson group..."

On the other side...

"Mr. Royal, we have done what you asked us to do." early in the morning, the royal proud day sent to investigate the wind Chen yi men returned to the phone.

"So soon?"

"Ha ha, we check, that person in the last few days has been in phuket with a mysterious woman and ouyang group master ouyang zixuan holiday. Yesterday, they just came back from Thailand and asked me to take some photos. I wonder if they are what you need. The photos have been sent to your email."

Spending a holiday in phuket with a mysterious woman? Deep see bottom of eyes shine: "good, I know." Royal proud day to open the laptop, quickly entered the password of the mailbox.

When he saw a picture in the mailbox, his deep eyes were covered with a bleak luster!

In the photo, basically all are xie zhiqing and the wind Chen yi across together, presenting a very intimate appearance. Which also do not have, they are living in xie zhi qing villa bed photo.

Junmei's face became more and more gloomy. He narrowed his eyes and picked up the phone... "Snow pupil, are you in the company?"

"In, what matter, proud day?"

"Book me a ticket to my country right away. The sooner the better!"

On the other side of the phone mo snow pupil this listen: "proud day, tomorrow is the chamber of commerce alliance official evaluation day, you come back at this time now?!"

"I have urgent matter to return to China to deal with once, you book the ticket!"

"Yes, I see. By the way, it seems that I have something urgent to ask you, you and so on." Mo snow pupil into the cold war office, the phone submitted to the past.

"The proud day. I just got a call from the chairman of the China chamber of commerce federation. He said that lo yaoyao of the wind group had just sent him a whistleblower's book containing more than 100 articles that revealed that my bosen data were in doubt. Deal with this matter quickly."

Yaoyao will choose in the chamber of commerce alliance evaluation day start work, is already the royal proud day expected things. "There's nothing to deal with, so be it."

"The proud day! As you know, the chamber of commerce federation assessment is crucial to our performance at bosson this year!"

"I know, it doesn't matter."

Cold from war will know to get the royal proud day such an answer, he helpless frowned: "now Luo Yaoyao is someone else's wife, you have to be happy to coax her, sacrifice their own years of hard work??"

"Tell me, Berson's assets now?" Royal proud day suddenly become serious.

"In megabytes!"

"Good. I now even if Yaoyao attacks Bosen every day, Bosen's current assets can withstand at least three years! Just tell her to attack, and she'll be happy..."

"The proud! Well, whatever you want..." Words, cold war quickly hung up the phone.

Chamber of commerce union day.

The venue was chosen at the conference hall in Tokyo.

This is the first time for Chinese business leaders to make a collective appearance abroad.

"Excuse me, is that miss law?"7. Eight Japanese journalists intercepted yaoyao.

She smiled and nodded.

"A few days ago, the federation of Chambers of commerce of China and Japan launched individual ranking competition for the first time;And for the first time.It is said that you got the first place in the ranking competition, and also accused me * Japanese business leaders of cheating, is that right?"

.

Episode 592

"Miss law.In spite of complete statistics, there are only five world-class senior lawyers in the world.Only five of the special groups with iqs above 200 were included.Do you think you're the best in the world now?"

"Miss Luo, it is said that you are the representative of Fengshi Group, the first enterprise in China. In addition, according to our investigation, you are the wife of the current President of Fengshi Group. Is that right?"

Faced with reporters' questions one by one, Yao Yao could not answer, except for the last question, almost every question is a trap. Presumably, the Japanese media should be very dissatisfied with her disclosure of cheating, so they want to use this kind of interview to trap themselves in the fire.

"Sorry, ladies and gentlemen, the meeting will begin immediately. If there are any questions, can you come and visit me again when the meeting is over?" With that, she quickly fought her way out of the crowd of reporters and headed straight for the conference hall.

Seating arrangements for meetings still depend on the incumbent's ranking.

She sits in the first place, next to the royal proud day of Bosen, followed by the black dragon of Bolai Group.

Until the meeting began, the royal proud day seat is always empty.

"Why hasn't the royal governor come yet?" Sitting in the second row of a manager curiously opened.

Xia Renliang smiled back: "Yesterday, the royal general because of temporary business, so booked the ticket back to China."

"Coming home at this point? Well, at least we'll have to send someone over. Isn't that a total defiance of the chamber of commerce? Will you be punished?"

"I don't know. But given the general political background of the royal family, even the chairman of the federation of Chambers of commerce would be somewhat in awe of him."

Royal proud day will be so anxious to go back because of what? Yaoyao gazed thoughtfully ahead.

Had he received the news of his accusation against bosson, and gone back to China to think of a solution?

Given his general political background, even the chairman of the federation of Chambers of commerce would be somewhat in awe of him.'

If the chairman of the federation of Chambers of commerce really will take into account the political background of the royal proud day, will certainly tell him about his report.

If so...

With the intelligence quotient of royal proud day, can come up with the solution with the fastest speed absolutely. After all, many of the evidence found by senior qilian had fatal flaws.

Forget it! Tube he? Anyway, her goal was just to push bosson group into second place.

"The 16th sector, China chamber of commerce federation now begins!"As the moderator's words fell, the President of the chamber of commerce federation ran onto the stage to deliver a speech.

Then, it is to read out the performance report of each enterprise in this year;And these days, 50 old total communication, some experience that summarizes to share.

Almost two hours later.

..

The high point of the chamber of commerce alliance came.

"Now, let me read out the assessment results of this chamber of commerce alliance."The host in order to create a tense atmosphere, deliberately pause, smile to see the eyes under the stage: "oh, I from the third start read it."

"The third place winner in the federation of Chambers of commerce's total value assessment is... Is... Ouyang group!"

"Ouyang group?!"Everyone was surprised to see sitting in the first row of ouyang chairman."Congratulations, ouyang chairman, the ranking ahead of two!"

You know, the chamber of commerce alliance evaluation of the top three is crucial, the ranking of a rise in the total value of the enterprise increase do not know how many percentage points, not to mention the ouyang group this suddenly also improved two?!Straight into the top three most important!

No doubt, is really to be congratulated on things!

Wait for the result of yaoyao face some solidify, ouyang group is now the third, if bosen second, the first words of the wind...

His eyes turned to the black phrygianth, a bit apart.

Baolai group is not to lower the ranking?! How to do? This will certainly have a great impact on baolai group!

But he didn't look nervous at all. Wasn't he worried?!

"Next, I go on to announce that I have won the second place in the total value of enterprises assessed by the federation of Chambers of commerce. The second place is..

.Bolai group!"

At the moment of 'hum', yaoyao's brain suddenly fell into a void.

Bolai group second? Will it be the second bolai group?

This won't, royal proud naive thought of what countermeasures, the wind to do down?!

"Black total, this time, you really want to invite everybody good big eat!" A manager in the crowd suddenly made fun of the black dragon.

He turned and smiled. "what?"

"Oh, in those days, when your father was in charge of baolai group, the highest ranking was always the third. Since baolai group was taken over by you, many people in the industry are predicting that baolai group may fall outside the top five this time, did not expect to break the historical ranking record of baolai group this time. Oh, what a slap in the face for your power."

What this person said is a true truth, from the early days of the chamber of commerce alliance to now, baolai group has been walking in the ranks of the top five, but has not broken through the third position.

Mr Kurotoru, a rising star in business with no previous experience, took over as chairman and chief executive, and was uniformly unpopular. Even when he just took over the baolai group, baolai's stock once fell, but he turned the tide with all his strength, which stabilized the situation.

This time baolai group suddenly ranked second, no doubt can stabilize the heart of the army, to determine the position of the black dragon chairman. And can also call the outside world for a time to the image of bolai repositioning. I'm afraid the biggest winner today is the black dragon!

"The third position is ouyang group; The second position is bolai, the first... Will be... Bosson or the wind?!" I don't know who said such a word, we just remembered.

..There is only one place left in the top three!

All eyes turned to yaoyao in the front row.

This will undoubtedly become today's biggest suspense.

"How about a prediction, will the first place be the wind, or bosson?"

"I think bosson has a better chance. This year, the general assembly has been leading the charge, with direct access to the state council. As for the wind, although has been occupying the top position, but after all this year has occurred personnel turmoil, coupled with the departure of vice President wind Chen rui; Feng Chen yi, 22, will certainly shake the corporate image when he takes over as President."

"Well, that makes sense. I think it could be bosson. The wind this time also too miserable point, fell directly out of the top three, it seems that the current President wind Chen yi still have to endure a few years!"

Everyone began to speculate, heard the analysis of those people, yaoyao more and more uneasy.

If the wind really fell out of the top three, the board of directors of all people will certainly spearhead to Chen yi.

He had just taken over as President, and it would have been bad for his future management.

Tight tight small face more dark, she slowly clenched a small fist, cold sweat along the forehead constantly flowing...

"It's all right."The sauroposaurus seemed to see her uneasiness and gave her a soothing smile..

Episode 593

Forget it!Listen to the results!It's no use worrying!

"Finally, I'm going to reveal the biggest mystery of the day.I just heard a lot of people in the audience are speculating whether the wind group will get the first place or the bosson group will get the first place.I'm curious about that, too."The host opened the envelope with a smile, revealing a mystifying expression: "wow, it was him!"

The crowd in the audience held their breath, quietly listening to who will be the first!

"The number one spot in the federation of Chambers of commerce's total value assessment is...It's the wind group!"

'wow...'the audience, immediately spread an uproar.

Yaoyao was stunned, too. What about bosson?Where does bosson rank?!

"All right, top three.The rest of the rankings will be on the big screen right away."The host pointed to a large screen suspended in the middle of the stage.

At this point, the big screen announced all the rankings in a flash.

Yaoyao stared at the results one by one...

First: the wind group.

Second place: bolai group.

Third place: ouyang group.

Fourth: trands group.

Fifth: bluestone international.

Sixth: bosson...Group.

How did that happen?How did that happen?How could bosson not even make the top five?!Royal proud day have no way to think?Or did the President of the federation of Chambers of commerce not tell him to blow his own whistle?!

To her surprise, yaoyao thought she would be very happy to see bosen's ranking drop, but...Instead of feeling happy, she felt suffocated, as if something had blocked her chest, and could not breathe!1

"Well, once this year's list is released, it's back to the 'big three' era.Feng shi, bao lai, ou Yang, how familiar the name."

"Yes, but things have changed. In addition to the ouyang chairman of ouyang group, the leaders of the other two groups have all changed."

"This is a young people's world, we are all old.I believe in the next few years, the first few may be less than 30 young leaders also perhaps..."

At the end of the meeting, it may be said that a few laughter and a few sorrow. We chat, while out of the venue.

"All know the wind the first, return not happy yao?" With his hands in his pockets, he walked beside yaoyao.

She paused and forced a smile. "pleased, pleased. Hehe, firmly in the first place. It is also helpful for Chen yi, who has just taken office."

"Yeah..

.Above all... Bosson group as you wish... You didn't even make the top five, did you?!" As he spoke, the black eyes flashed a sly gleam.

Her steps jerked to the spot.

No, not as she wished. She didn't want bosson to be out of the top five. No! Never thought of it that way.

Bosen is the painstaking efforts of the royal proud day, is his hand to build up the empire. Being knocked out of the top five is the same thing as...

No! No! Be like oneself wish, be like oneself wish, bosen group decline more severe, oneself should be more happy just right, be not? In this way, I can avenge my mother immediately.

But... But...

No buts. What buts?

His purpose is not to avenge his mother, now everything is in accordance with the plan in order to carry out ah.

"Painful?"

Suddenly on the black fire dragon as if to see all the eyes, she vacantly asked: "what?"

"Oh, when the organizers announced the wind is the first place, you are not happy, more is surprised. And when you see bosson fall to sixth place, you get a pained look on your face!" All the way through the meeting, he watched her expression change little by little.

Her every reaction was a surprise to the black dragon!

As, a few days ago, royal pride day in the siege, she worried to go back to save him, the same accident!

Black dragon know royal proud day killed yaoyao's mother, also know she is all the way to royal proud day revenge. But....

..Every time she wins, she doesn't show any joy!It can even be described as painful.Why is that?

He's curious!

"No.Mr. Black, you might be wrong.I was a little surprised that bosson came in sixth, but I was happy.Ha ha....."Yaoyao covered up all the truth, but revealed is false.

"Maybe."With a strange smile, the dragon strode forward.

Oh, already know black total idea exquisite, even if oneself in how deny, how can he not see again...What are you thinking about?

But that reaction was out of her control!Perhaps, the mood at that moment is the most real bar.Yaoyao was surprised at this...

The ten-day meeting of the Japan business federation was finally concluded.

On the return flight, most people's seats are the same as when they arrived.Only a few locations have changed.

At the very least, yaoyao still sits in the front row near the window, but...

Next to her, the man she had never wanted to be next to, was the black dragon.

Plain light eyes gradually toward the small window of the plane, looking at the endless clouds, yaoyao supported her chin with one hand, sad smile.

Royal proud day, this bureau, you are deliberately let me...Isn't it?

China, airport.

"They're coming! Hundreds of reporters stood by the door of the VIP aisle and swarmed to the exit when they saw the bosses coming out of the exit to attend the business alliance meeting.

"Mr. Guo, it is reported that your company's ranking has been improved by 2..."

"Mr. Sun, your position in this single ranking..."

"Ouyang chairman, first of all, congratulations on your ouyang group's promotion to the third place. Do you have anything to say?"

"Black always!Black always!We've seen the league table of business associations.You have only been in charge of baolai group for two years, and your company has been promoted to the second place in the ranking. Do you have any new plans for the future development of baolai group?"

Almost every boss is surrounded by five or six reporters.They patiently answer the reporter's questions, one by one doing exclusive interviews.

Only around yao yao's side of the reporter fully 20 people, her head is dizzy...

"Mrs. Wind, you are a double champion representing the general manager at the business alliance meeting.On the one hand, the first place in the individual ranking;On the other hand again for the wind won the first throne.We carefully counted, since the establishment of the chamber of commerce alliance to now more than 10 years, the wind has won a total of eight first.Do you have anything to say to that?"

"Ha ha, since you statistics so detailed, I think I don't need to say what?Feng shi can get the first position, can only be said to deserve.Besides, feng shi won the first prize this time, which had nothing to do with me.It's all the work of my husband, the wind."Yaoyao's face with a faint smile, that look quite a bit of a lady's taste.

.

"I heard that during the individual ranking competition, all of my Chinese team members, except you, were behind the 20th place. But because you found out that the Japanese side had an aversion to cheating, you got justice for the Chinese side, didn't you?"

"As you know, I trained as a lawyer. The professional ethics of a lawyer is to root out all darkness and maintain justice and fairness. That's my job."

"In addition, Ms. Law, the bosson group, which had been tied for the top spot with the wind group, fell outside the top five. What do you think caused bosson to drop so many places?"

In interviews with reporters, yaoyao had a hunch that reporters would ask about bosson. But she still seems unable to answer the question head on: "sorry, I don't comment on other people's companies."

"It is learned that you used to be a lawyer representing the chairman and CEO of bosen group and the royal trustee. Prove that you used to be an employee of bossen group. You should know bossen group very well."

"Mrs. Wind! Mrs. Wind! We have also received information that the day before the business alliance meeting opened, you submitted to the President of the chamber of commerce a complaint about bosson's performance, right? So, bosen group will fall to the sixth place of the ranking, is it related to you?"

"I'm sorry. Again, I won't answer any questions about other companies." Yaoyao looked at the time with a feeling that she was about to break down. "excuse me, reporters," she said. "I have other fish to fry. If you still have any questions, you can go to feng's public relations department to communicate. That's it. Let's call it a day." The words fell, she quickly fought out of the reporters surrounded.

She chose to remain silent, though, as reporters followed her around asking questions.

However, this trip to Japan, many people have remembered many names. But...I believe that the most clear memory of them is the name Luo Yaoyao!

From the moment of his marriage with Feng Chenyi, Cinderella, gold digger, marry into a rich and powerful family, and so on, all the bad labels on Yaoyao's body.

But this moment...

She is proving herself to the rest of Asia, with an IQ of more than 200 and a world-class qualification as a senior lawyer. Wise, calm, decisive, magnificent, no one can marry into the rich and powerful female draw equal sign!

Finally got rid of those difficult reporters, Yaoyao walked quickly to waiting area.

Do you want to call Chenyi?

Forget it, take a taxi home by yourself...

I was about to grab the taxi. The black dragon's car parked slowly in front of her, the black window rolled down, he smiled and said: "Mrs. Wind, you don't wait for Chen yi?"

"Ah? I didn't tell Chen what time my plane was."

"Huh?" Black yan dragon's inky eye pupil a turn: "that he didn't call you say to meet your affair?"

"No!

In a flash, hanging on the face of the black dragon smile is frozen, clearly in the plane before he has sent information to the wind Chen yi yaoyao flight time, wind Chen yi is not conscience to even to the airport to pick up his wife are too lazy to come?

"Mrs. Wind, I'll take you back."

"Will it be too much trouble?"

"What's the trouble? Drop by!"

"Thank you very much, Mr.

Black. "Yaoyao is happy to get on the black dragon's car.

The car slowly drove away from the airport, in the face of the yao yao can not see any because the wind Chen yi did not come to meet their loss and loneliness.

On the contrary, the whole black dragon with a face, he wanted to, if the wind Chen yi received information, deliberately not to, he must give that guy a punch!

'the bell...The bell bell...'

Hearing yaoyao's cell phone ring, the black dragon finally has a trace of laughter.

She looked at the caller id. Was it my father-in-law?"Father-in-law, what is it?"

"Yaoyao, have you returned to China?"Inside the phone, the tone of wind xiao is some serious.

What happened?How does the father-in-law's tone sound wrong?"Well, just back."

"Well..."

Hearing the words of the wind in the phone, I held the phone in yaoyao's hand and dropped it from my hand...

"What's the matter? The rosauron on the side immediately sensed something was wrong.

She looked at the dragon, her large, watery eyes looking hollow. Chen escape... Gone!"

The wind home.

"Grandfather! My father-in-law!" Taking the black dragon car, the first time arrived at the wind house. Yaoyao ran in.

"Uncle wind, what's going on?"

Sitting on the sofa of the wind xiao heavy sigh: "the thing happened in this morning, Chen yi drive to the company, someone in the road to stop his car down, after, rushed out of a group of masked people took Chen yi away."

Kidnapping?!

Yaoyao poured out her anger, her face at a loss.

Seeing this, the black dragon asked coldly: "uncle wind, how do you know this matter?"

"It is...Is..."The look in the eye of wind xiao is some embarrassed, then pointed to a figure that stands not far away: "this young lady says!"

Follow the direction of the wind xiao finger looked, they just noticed quietly standing not far away xie zhiqing!

Black dragon that inky pupil instant dilate, subconsciously looked at the yao yao...

Chen yi was kidnapped in the morning, when driving to the company...That is to say, Chen yi goes to work in the morning that period of time is kidnapped?Why...He will go to work in the morning with xie zhiqing...The company?!

Well, perhaps...By the way received xie zhiqing?Or...

What other reasons?

"Miss xie."Yaoyao face expressionless walked to xie zhiqing in front of: "can you say the specific details?"

Xie zhiqing hung down his head, the corner of his eyes still hanging a few drops of tears: "I, I got up this morning and Chen yi went to the company together. Then met those masked people, they captured the Chen yi, and said...Don't call the police. So, I, I can only hurry over to tell uncle wind this matter."

Today?

After getting up?!

Xie zhiqing is to imply that she slept with the wind yesterday?!

She is really a blatant mistress. Oh...

Heart cold smile, she now just want to know who kidnapped the wind Chen yi, no time to pay attention to other. "Oh, miss xie, I'm sorry to bother you. It's already afternoon. I'm sorry to have kept you so long."

"I should."

"I'll send you away."

"No. I'll see the young lady off." Black inflammation dragon stood up, a few steps went to the front of xie zhiqing: "miss xie, please..."

Xie zhiqing looked at the eyes of an innocent black dragon, and looked at the yao yao: "oh, yes, miss luo. last night when Chen yi received a call from a man called royal pride day, then went out. There was something wrong with his face when he came back."

"Royal proud day to Chen yi called?!" Has been silent wind xiao gloomy opened the mouth: "must be the royal proud day to do! 80% is related to the ranking of the chamber of commerce alliance, he must know the wind against his things, so desperate kidnapped Chen yi! Well, it's a dirty trick to a man of that sort!".

Episode 595

Listen to the wind xiao sentence abuse royal proud day.

Yaoyao pressed her lips in embarrassment, no... Royal proud day is not black path origin, he is the son of qi lian prime minister! He has a higher birth than anyone else. Above all... "Father-in-law, with the character of royal pride, is not to do such a dirty thing as kidnapping, certainly not he kidnapped Chen Yi!" Must not be, with the ability of royal pride day, want to flip the ranking does not have to use kidnapping such dirty means, he can use his mind to reverse all the situation, is to see him willing to... Still not willing!

"Miss law, why do you defend the man called yu ao tian so much? I vaguely remember before the news reported miss luo you once to royal proud day when the lover, is it true?" Xie zhiqing pretended to be a naive face opened the mouth.

Imagine the power of her words!

Almost everything in the house looked down upon yaoyao...

Ha, ha...

What does xie zhiqing want to do? Is her every move as precise as this? If she is not careful, she will fall into her already good chess game.

Sure enough! She is a very strong opponent.

"I don't think he did either. The general royal is very open and aboveboard. It is Miss Xie you, is the last contact with Chen Yi, I can... Dare to assume, it is possible that you collude with those kidnappers, kidnapped Chen Yi, in the tip to us?!"

Black inflammation dragon face staring at Xie Zhiqing expressionless, but his words of lethality than Xie Zhiqing just that words even more severe!

Not only did he succeed in taking everyone's attention away from Yaoyao. And, now Xie Zhiqing like really became the biggest suspect!

"Black total, I love Chen Yi so much, how can call a person to kidnap him? You know... How sad was I when Chen Yi was kidnapped? I wish the kidnappers would have taken me with them, but it seems they wanted me to..." Xie Zhiqing said, said, wronged cried.

The only reaction of the sauroposaurus was... This woman! Really means too high clear!

"Miss xie, I just casually said, you don't have to react so strongly, come, I send you to leave." Black yanlong pinched Xie zhiqing's arm, almost with drag, pulled her out of the wind home.

"Black... Black total, very painful!"

The black dragon ignored her and shoved her into the car. Sat on the car: "old zhang, drive!"

"Yes, master!"

As the car began to move, the handsome face of the black dragon suddenly became very gloomy. "listen up.

You bitch! If you later in dare to entangle Chen Yi, I must call you alive not dead!"

Xie zhiqing wronged rise of the mouth: "I with Chen Yi is like each other, why do you want to break up me so cruelly with him?"

"Oh. I feel sick when I hear you talk! You are to use this kind of sweetly sweet spirit to confuse Chen yi of?!"

"Black total, don't say of so bad listen to...It's Chen Yi who likes me."Xie zhiqing provoked the hook lip corner.Next second, that watery big eyes a turn: "is black total you... Why are you always so protective of Mrs. Wind?You are Chen yi's good friend, aren't you?You see son xuan, so the maintenance of Chen Yi. You should learn from zixuan."

For Ouyang Zi Xuan, black inflammation dragon don't want to do more evaluation, he does not deny, ouyang zixuan treat him with the wind Chen yi are very good, but the guy is a playboy nature don't say, also extremely regardless of black and white.There is no right or wrong in the eyes.

"Words... Black total ya, you should not... "She smile of narrow eyes, a word a way: "like windward wife?!"

In a flash, the black eyes of the dragon again on a dark luster, he grimly caught xie zhiqing's long hair:
"cheap woman, you had better use less in front of me you provoke the move, with my relationship with
Chen yi, he will not pay attention to your words!"

"Pain..."Xie zhi fine sad frown.

The black dragon released its grip.

She wronged arranged his long hair, murmured: "Chen yi so cherish you this friend, of course will not
believe my words.But... You like the wife of the friend, be worthy of Chen yi to your trust?"

Inky pupils dilate: "Lao zhang, stop!"

The car stopped dead in its tracks.

"Get out!" he growled darkly.

Xie zhiqing looked at him innocently, opened the door, quickly walked down the car.

"Ah..." Looking at the car disappearing in her line of sight, she couldn't help raising a weird smile: "black dragon, you are really a nuisance. Hopefully this time... You can slowly away from luo yaoyao!"

The car.

'Chen yi so cherish you this friend, of course will not believe my words. But... You like the friend's wife, is worthy of the Chen yi to your trust?'

Xie zhiqing words simply like a nightmare, over and over again tormented the brain of the black dragon.

He clenched his fist, his fist... It smashed against the window.

The glass broke into a spider's web, and the stinging blood slowly spread along the web.

He looked so miserable.

It's unacceptable. He can't accept betraying his friends. Even the betrayal of the heart, persistent black dragon can not tolerate.

If really asked him to choose, he can not meet with yaoyao again in this life, also can not accept the betrayal of friends in the heart!

There is no doubt that...

Black dragon although has been careful in the careful escape of xie zhiqing set a trick to sow discord, but still unknowingly fell into the puzzle of her cloth.

Or perhaps.

..

This is the work of the heart demon. Because of... He was xie zhiqing said everything, will be unusual mind this matter!

The feng family mansion.

'I, I got up with Chen yi this morning and went to the company together.'

'I love Chen yi so much...'

'you know...How sad was I when Chen yi was kidnapped?'

After xie zhiqing left, almost all of yaoyao's mind is her provocative smile, showing off.

In fact, she really wanted to give xie zhiqing a slap, but...Xie zhiqing performance is so along with the water, so innocent, if really play down, everyone will feel that he is a shrew, right?!

This, perhaps is xie zhi qing's brilliant place! Just that pure, innocent face, innocent, pure eyes are enough to get a lot of others in the invisible sympathy points, it is impossible to start.

Forget it! Don't want to!

Now, or think about how to save Chen yi.

Who could have kidnapped Chen yi? What would be the purpose?

The wind home, that huge sitting room into a quiet. Feng xiao and yaoyao sat on the sofa with a worried face.

At this time, LAN ling pestered LAN nipei slowly came down from the second floor: "Sir, you have not eaten for a day, eat something first. I believe Chen yi ji people have their own natural appearance, will be all right."

"It is, father-in-law, two younger brother so skill, will come back safely."

Yaoyao coldly swept the eyes in the comfort of father-in-law LAN ni pei and LAN ling, she can even see the two people in the eyes of the smile.

.

Episode 596

Hypocrite! Estimate their in the mind already the hope of thousand times Chen yi died?

'bell, bell... A rapid telephone call came. The wind seemed to be like a presentiment of something, quickly pick up: "hello?"

"Yes, I am the wind!"

"What? A billion euros? Now I wind where have so much working capital to you?"

"Hey... A: hello!?"

"Grandfather! Was it the kidnappers calling?!" Yaoyao quickly gathered around the wind xiao.

He hung up the phone with a grim face and nodded feebly: "the kidnappers asked me for a ransom of 1 billion euros. Kill her!"

A billion euros?

Yes, the market value of feng shi can almost be calculated by trillion, but the company's liquid capital may not even 500 million euros, and tomorrow, how possible!

Yaoyao sat on the sofa, staring at a place.

The kidnappers were too generous, asking for 1 billion euros, or at least 5 billion yuan.

Now what?Where do I get the money right away?!

In the living room, once again fell into a quiet, the wind xiao face of a embarrassed clenched fist head:
"yaoyao, you now go to the company, find the accounting department manager under the current hand
of the wind how many working capital altogether.If it cannot raise 2-1 billion, sell its futures and
shares.If not, the market will open tomorrow morning, the wind will... Do winding-up."

"Qing...Disk..."Which means that the wind...Declare bankruptcy!?

But no way, now the only way to save Chen yi is only...The case."I, I see...My father-in-law."Yaoyao just
got up to leave.

Lanyi stopped her."Wait!Anxious eyes quickly looked at the wind: "Sir, are you crazy?Feng shi is your
hand to establish, how can you say liquidation liquidation?!Isn't that equivalent to declaring
bankruptcy?!How should public opinion say, how should appraise, besides, after you are sure to give
money to kidnappers, those kidnappers will put Chen yi?"

"Shut up!Wind xiao a low roar, frighten the words of LAN nipei: "don't try how to know?Besides, I have
only one son, Chen yi. I don't allow him to make any mistakes!"

"Sir?What is it that you have only one son, Chen yi?That I Chen rui what?"Lannipei also regardless of
what image, a face of sadness said: "from small to large, you only spoil Chen yi a person, this I
understand.Because wayan left early.

You pity Chen yi.But..."

"But when Chen yi became an adult, you still preferred him and never looked at our son. Chen rui also calculated for the wind, now what kind of results? Did you ever manage him?! You can sacrifice everything for Chen yi now, sacrifice this family. But have you forgotten that you have a son and a daughter?! What about them? Chen rui how to do? Can do? What about their future?!" LAN nipei hysterical roar, she clearly know, once the wind wind up, they are all afraid to drink the northwest wind in the future.

"Shut up! The wind blows up the hand, up is a slap in the face: "this has nothing to do with you. You go back to your room. If you are afraid to suffer, you can now take Chen rui out of the wind house!"

"Ah, yes... Good ah... The wind blows, you really burn Bridges. At the beginning, when you feng shi faced the catastrophe, it was me, it was me! Use all the power of my mother's family to save the wind. I don't mind you have a wife, don't mind you have a family, has been with you for so many years, until Chen rui how old, I can take him to recognize you this father, you now but instead call me to roll?! Line!" Crying, lanyi ran up to the second floor.

LAN ling saw this, hurried to catch up with the past: "mother-in-law, mother-in-law..."

"Go and do your business, yaoyao." The wind is like just what did not happen like, face expressionless said.

"Got it." She nodded and quickly left the house.

Recall just one act act, lannipei is also a bad repay, she was forced to die the mother of Chen yashi, now this land is also a matter of course.

But my father-in-law's performance.

..

He really love, love Chen yi. But... Chen yi seems to have never received father-in-law's feelings. Maybe...

Because Chen yi can't let go of the fact that his father-in-law betrayed his mother. Even if with how much money to make up, even if with how much love to fill, but also can't change back to Chen yi mother's life, isn't it?

But, after all, blood is thicker than water, Chen yi really should try to let go of his father-in-law's grudge after this matter is over...

According to the order of the wind xiao, yaoyao went to the accounting meeting of the wind family, all the accountants are clearing the current assets that the wind family can use now, a total of only more than 400 million euros, including the futures and the floating stock is only 600 million euros.

Is liquidation really the way to go? Once the wind up really, then the standing of the strongest enterprise wind group in the world... It doesn't exist!

"Father - in - law, the accounting department's account statement, you have a look." Wait to get the list, yaoyao and non-stop back to the wind house.

Wind xiao took over the folder roughly glanced at: "still poor...Four hundred million euros...

"

"Gong, gong, what now?"Yaoyao looks embarrassed as she waits for her father-in-law to give her final instructions.

He closed his eyes and took a long breath. "tell the accounting department to prepare the liquidation. Oh, never mind.Bring it back again!"

The wind's.A company that has operated for more than ten years.At first, he made his fortune by a small processing plant. At that time, he was the father of feng xiao, the grandfather of feng Chen yi.

Until the wind took over, the company gradually into the formal, began to become a cross-listed enterprises.

In 30 years ago, the wind family also faced a disaster, it is LAN nipei to help the wind shaw through the difficulties, just make the wind family has been standing still today.

It can be said that the wind group is a benchmark of The Times, is an imperial dynasty built by three generations.

I believe that no one would have thought, just the 8th time to obtain the group's total ranking first wind, in the next day will face the crisis of bankruptcy!

But I can't help it, for the wind...Nothing is more important than the life of a son!

Yaoyao picked up the phone and dialed the accounting department slowly...

Chen yi, if you know, father-in-law to save you, and abandoned the whole company, you will be moved?Or will it...Remorse?

"Uncle wind!

Just when the phone just dialed the moment, ouyang zixuan with xie zhi fine dusty arrived at the wind home.

"Zi xuan, how is it going?"The wind anxiously stood up and met ouyang zixuan in person.

"Uncle, I have sent people to check the place has been checked, almost all in the line of gangway did not kidnap Chen yi.This shows, the person that kidnaps Chen yi may be a few stowaway do!".

Episode 597

It's impossible...

Yaoyao put down the hands, not through the phone, if Ouyang Zi Xuan looked through the whole underworld, prove that they did not kidnap Chen Yi, will not be a stowaway.

How can those stowaways so Qiao found the whereabouts of Chen Yi, know his identity? And the lion dares to open a big mouth to one billion euros, the main is...With Chen Yi's skill, to deal with some simple stowaway is not a problem.

The person that abducts Chen Yi, absolutely impossible is stowaway!

"Mr. Ouyang..."Yaoyao got up and went to Ouyang Zi Xuan. "have you checked the Mafia organizations abroad? Could they have done it?"

"I've wondered if it could have been the big boys from the golden triangle, but I've tracked them down and there's no record of them coming in or out of the country these days. Of course..."Ouyang Zi Xuan paused: "I haven't checked...Royal dragon society."

"Why didn't you ask inside the royal dragon society? Royal proud day most suspect!"Said the wind excitedly.

Ouyang Zi Xuan sighed helplessly: "uncle, royal dragon club internal management is very tight, to want to set out from them what mouth is impossible. Moreover, the Mafia in the country today, my mother's society and the royal dragon society belong to the same level, once we put our tentacles into the royal dragon society, it is tantamount to starting a gang war."

On the road, the Xuanwu gang is the leading association, the influence is conceivable, the status is unshaken.

But since the royal proud day royal dragon society moved to China, two years ago three gangs, status has been forced Xuanwu help. So, this time the Xuanwu help can only start from the lower status of the gang, but can not send out doubts to the royal dragon society.

Quietly standing on the side of the yoyo thoughtfully lowered his eyes...

'it must be the royal pride of heaven!80% is related to the ranking of the chamber of commerce alliance, he must know the wind against his things, so desperate kidnapped Chen Yi!'

Royal proud day, will be you kidnapped Chen Yi? Could you have done it?

Now Ouyang Zi Xuan so certainly is not another gang stem; It was certainly not the work of gangsters from other countries. Does it seem that you are the only spearhead left?

And...Coincidentally, this happened just after the chamber of commerce.

I know you're not a man to do such a dirty thing, but...I really can't think again, who still can kidnap Chen Yi!

"Father - in - law, otherwise you temporarily don't order liquidation."

"Why?"

"I want to go to Boston and talk to the royal master. I believe this has nothing to do with the royal dragon society. But, with the ability of the royal dragon society may also be able to find the whereabouts of the next Chen Yi for us?" "Yes, no matter this matter is not the royal proud day to do, she must go to the royal dragon club."

He did it! That she was blind; Is not him to do, also can cancel everybody to royal proud day character suspicion!

"Come on, Yahoo! Even if he is not royal proud of the day, he knew that Chen Yi was kidnapped, can go without stone. Still, help us find together Chen Yi?!" "Can see, the wind to the royal proud day extremely its prejudice."

"Will. My father-in-law..."

Royal always... Will help us find Chen Yi. "He can unconditionally accept the commission of Chen Yi, to ensure that he got the first place in the chamber of commerce alliance, from this can be seen, royal proud day and Chen Yi is really between the existence of a subtle relationship between friends and enemies."

"Whatever!" "Even if the wind is not willing, but also does not want to miss any can save the song of hope."

"Well. Father-in-law, if I don't come back by eight o'clock tomorrow morning, please inform the accounting department to go through the liquidation procedures."

"Huh?" Wind xiao a confused look to Yao Yao.

She did not know how to explain it to her father-in-law. It was very likely that she would go to the royal dragon society and pay for it herself. Of course, it may come back without incident. It depends...

Royal proud day at that time of mood is how!

Out of the winding house.

The driver was already waiting at the door, and when Yao Yao was about to get on the bus...

"Miss law." Xie zhiqing quickly chased out.

Her face expressionless staring at his walk Xie zhiqing: "what matters?"

"You at this time to find the general royal, and said that may not return overnight, this is not to want to take advantage of the time when Chen Yi was kidnapped, to find the next home, return to the embrace of the general royal go?"

Ah, Xie zhiqing these words say.....That's bad."Rest assured, miss Xie, how also have to solve you first, I am looking for the next home is not? Even if finally I with Chen Yi make to the end of the divorce, I will not....

..You got him. Tut, maybe when Chen Yi escaped this one, I have to find him some small four, small five, small six, what do you think? Miss Xie."

"That's a good idea. Save only we "play" strange boring."

"Oh, yeah. It's settled!"Yaoyao smiled and stepped into the car.

There was an element of jest in what she had just said, but not entirely in jest!

If the facts prove that Chen Yi has an affair with Xie zhiqing, then she will not call Xie zhiqing to death from his hands, take away his man! Would rather, leave another woman finally, also won't call Xie zhiqing to get absolutely!

Hands took out the phone...

"What is it?"

Hearing the familiar voice on the phone, Yao Yao suddenly fell into silence. Almost half a minute later, she said quietly, "I...I'm on my way to Boston...Where are you?"

"Royal dragon society."

"Wait for me..." Quickly hung up the phone.

This call is to the royal proud day. The communication between them is so simple now. It does not mean that they are more and more unfamiliar with each other, but it means that...There was a growing rapport between them.

Without too much guff, to the point, he understood her purpose; And she knew he couldn't miss her..

.

After about 20 minutes, the car arrived at the back door of bosen. Yaoyao walked down the underground passage one by one.

What stood in the way was a heavy iron gate. Knock, knock, knock, tap on the door.

"Is it miss law?"

"Is....."

"Creak," she said. The gate opened and a man in a suit bowed to her with a smile. "miss you, Mr. Yu is waiting for you."

Since she went to Japan to study abroad, yahoo has known the name of the imperial dragon club. She knew the name of the imperial dragon club very well when she met it two years ago and came into contact with it two years later. But today is the first official step into the royal dragon club in China.

Although, the entrance door is very shabby, the inner world.

On the first floor was what looked like a very old warehouse, with a musty smell and a faint smell of blood. Everybody knows...Royal pride day should not be less here to execute the living. This is his underground slaughterhouse.

Taking the elevator to the second floor underground, the elevator door opened, the whole dark color all become bright. Just like the normal corporate decor you see on TV. Inside for guan eye, put in the middle of a different kind of domineering teacher's chair. There are also a few more than 10, 20 royal proud day men are fighting.

.

Episode 598

The man leading the way took yaoyao to a room in the corner of the second floor, 'knock, knock, knock' knocked on the door, pushed it open..."Mr. King, here comes miss law."

This is an ordinary office suite. Royal proud day sits on the sofa, double foot leisurely put on a swivel chair, put wave a hand: "go out."

"Yes, Sir."The man left with the door closed.

Royal proud day sideways, looking at the door of the motionless yaoyao, mouth slowly raised a touch of evil four smiles: "really did not expect, you can find here?"

When he told her he was in the imperial dragon club, she hung up. Thinking, I never brought this little thing to the royal dragon club, nor told her where the royal dragon club, she can find it?

Did not expect, this small thing oneself sought, this how many call royal proud day some accident.

"More, more dangerous places...The safer it is. When I was with you, you used to run down to Boston's basement now and then. Can you come here and have a party?"

"Ah..."He smiled helplessly. Quite admire the insight of this little thing, obviously every day there are countless assistants with him do not know this basement is the royal dragon club base, this little thing but guess. I don't know when she found out, but she has a knack for playing dumb.

He wanted to know how many secrets Yao Yao kept from her heart.?

"What does Mrs. Wind want with me?"

"Chen Yi he..."

Before Yao Yao could finish speaking, the royal pride of the day kicked the swiveling chair with her legs in front of her.

Sit down, she took a deep breath, slowly raised the eyes on his deep eyes: "Chen Yi was kidnapped this morning, you know?"

"Huh? So? Want to seek my help, still want to want to ask me, be the wind Chen Yi that I kidnap?"

Silence.

She lowered her head, small hands tight clenched a fist, light way: "is...You.....Did you?"The voice was so small that she could not hear it.

"Do you think...Is it?"Royal proud day to throw back the problem.

She still hung her head and did not dare look into his eyes, his expression, for she was afraid, to see him exasperated by this impudent suspicion of her own. Obviously, I don't think he did it!"Yes, no..

.I want your answer!"Raising her head, a ray of supplication appeared in her watery eyes. She wanted to hear it.'

It's a pity that...

"What is possible? What is impossible?"He and she once again engaged in tai chi.

Shook a clenched fist head: "Ouyang Zi Xuan check, no matter domestic or foreign underworld have no kidnapping Chen Yi of suspicion, but he can not spy on your royal dragon club action.So...That's what's possible; As for the impossibility..."Silence.

No possibility is, she will always believe that the royal proud day will not use such shameless means to deal with Chen Yi!

But how?

Act as you trust him?

Don't want to...

Between them, they already do not need such trust!

"I heard that you called Chen Yi last night and called him out, right?!" Quickly changed the subject.

Royal proud day's eye flashes, the evil smile of shrug shoulders: "right. Just to let him know in advance that I'm...Kidnap him!"

"Royal proud day! She excitedly stood up from her seat. "are you kidding? Seriously?!"

"Do you think...Am I joking?"

What did you do? Did he really do it?! Eyes full of lost light: "royal proud day, how can you be so mean? Kui I also...Kui I still.

.."

"What do you owe me?"

Kui I still so believe you; So defend you in front of father-in-law!"You immediately put Chen Yi!"

"Give me a reason."Royal proud day one hand on the back of the sofa, handsome face is still hanging with a touch of evil four smiles.

Her anger shot into her head: "do you care about money? If you care about money so much, you don't have to start a company at all, and still do your dirty work, it's much easier than starting a company to make money. You kidnapped Chen Yi is nothing more than to money, money to you royal proud day, what?!"

"The money. It's nothing to me. But the money...Just can force wind's bankruptcy, isn't it?"

Looking at his dark and cold eyes, Yao Yao's heart suddenly fell to the bottom of the valley."Is that what you want? Because of my whistleblowing, your boss is in sixth place, so you fight back with this narrow means?"

"How? Why not?"

When the royal proud day to give a positive answer to that moment, she looked at his eyes gradually become strange.

I can't believe it...I can't believe it. Is this the royal pride I know?!

He was so capable, so intelligent, so fascinating. Now...To kidnap such a deflected goal to defeat the opponent?

God, I don't know...When the league of Chambers of commerce's ranking was published, why should I worry about Boston's slide?? How stupid!

"You put Chen Yi, is my report you, can come at me!"

"Royal proud day, you are not very fierce, can use open and aboveboard means to fight with the wind!"

"You quickly put the Chen Yi!"

"Let him go! Yaoyao out of control in his office in the spill picked up the things on the desk kept throwing to the ground....."

'pa, pa, pa' office came from the sound of countless things broken, is resting in the hall of those royal dragon club younger brothers this listens, can not help but point to the direction of the office curiously: "the eldest room what situation ah? Would you like to come and see it?"

"Look what.

Estimated that.....Probably our eldest son is' coaxing 'the kids."This man is the one who understands the relationship between yuaotian and yaoyao. But those who do not understand the younger brothers are full of fog.....

Inside the office.

Royal proud day is like watching a play, one hand to support the chin, looking at the Yao Yao in that a person to speak from the 'performance'.

The things on the desk were all smashed by her, and her angry eyes kept looking for other things to drop in the office.

"Small thing, you are now true more learn more bastard, have learned to smash things?"Finally, after a long silence, royal pride day not slow not urgent open mouth.

"You mind me! Do you want to put it or not?!"

"Think I let him go?"Sitting up straight, he smiled and clasped his hands in front of him.

When Yao Yao saw the hope coming, she nodded her head violently.

"Well, if you like, Mrs. Wind...Accompany me to sleep one night, I put the wind Chen Yi, how?!"

"Shua" moment, Yao Yao's angry face immediately cold down, her chest because of anger constantly rising and falling. Did not expect, royal proud day how to become now this kind of despicable appearance?!"You...".

Episode 599

The door in the back room of the office suite opens as yaoyao begins to swear. "Master royal, you are almost finished, knowing that I am in the room, and openly molesting my wife?"

Behind him came a familiar voice...

Yaoyao's pupils dilate instantly and she looks back incredibly...

I saw! Wind Chen yi hands in front of the body, half leaning on the door frame, is smiling at them.

This... What's going on here?

She was stunned. She was stunned.

"Aren't you sleeping in the back room? Why are you awake?" Royal proud day smile of inquiry.

Wind Chen yi slowly sat beside him: "my wife hit the sound of things hit so big, I have to sleep more dead, can not wake up?" "Said, he lazy stretched a lazy waist, repeatedly played two yawns.

"So it is. But when did this little thing learn to smash things? You gave it to her?"

"Why am I teaching her to smash things? Who knows who to learn from. I did notice that she was in the habit of swearing recently. You taught me that, didn't you?"

Royal proud day carefully considered: "hiss... It seems to have something to do with me."

Listening to the two people like Lao general dialogue, silly standing there yaoyao, the face is almost drooping to the ground.

Be... Played!

Being played by a bad man is a kind of sorrow; Being played by two bad guys is the worst of the worst.

Royal proud day! The wind Chen escape! If she could, she would die with them now!

"Well, you... Can you be a little more responsible and explain it to me?!"

Hear the voice of yaoyao, royal proud day with the wind Chen yi side head looked in the past, their eyes clearly reflected a...' oh?Yaoyao is still standing here.

She wanted to gouge out their eyes at their reaction!

"I have been kidnapped. The Lord has kidnapped me. That's the explanation."Feng Chen yi said with a smile.

Yaoyao's whole face collapsed. "I shouldn't have come here today!More shouldn't worry about your feng Chen yi!"And she turned to leave.

See yourself may play some too much, the wind Chen yi quickly chase forward: "well, see you that small temperament.I'll explain it to you, won't I?"

"Say!"Between the lips, cold spit out a word, yaoyao face expressionless waiting for the context of this matter...

In fact, the beginning and end of this matter have to go back to that day at the annual meeting of the wind family.

Wind Chen rui found the royal proud day, want to work with him to deal with the wind Chen yi.

Wind Chen rui wishful thinking played very loud, he did not know royal proud day hostile to himself, but now, he can only see the needle.

As we all know, the domestic Mafia forces divided the world, one is the royal dragon society; On one side is the xuanwu gang. A well does not run into a river.

If the wind Chen rui find any Mafia forces, are likely to be ouyang zixuan found out, his action.Only can rely on the royal proud day of the force.

A few days after the wind annual meeting, the wind Chen rui again contacted the royal proud day, and explained his plan.

That's...

Kidnap feng Chen yi! Forced the wind into liquidation.This matter, even the wind Chen rui own mother LAN ni pei do not know.

As for the profits, the wind Chen rui take half, the rest left to royal proud day.

So...

Royal proud day with the general in yesterday contacted the wind Chen yi, the wind Chen rui plan told him.

Two people agreed, will work together to eradicate the wind Chen rui this shameless person!

Listen to the wind Chen yi narrative, yaoyao really listen to silly...

The two people...Too... Shameless!Feng Chen rui really good poor ah, how to meet these two... 'asshole' man!

Ha, ha, ha.

..

Heart secretly smile, her big eyes can not help but steal eyes sitting on the sofa royal proud day.

I knew he wouldn't do such a dirty thing if I saw him right.

It seems that he also guessed right, no matter how to say, is indeed the royal proud day 'kidnapped' Chen yi;This thing also really can't be called royal proud day stem!

Ha! Ha!

Feeling inexplicably become good.

Just then...

'knock, knock, knock, knock' came the sound of rapid knock on the door, a man quickly open the door of the office: "royal Sir, not good. There are a lot of police outside trying to break into our royal dragon club!"

Yaoyao's pupils dilated instantly, and she looked quickly at the sullen imperial sky. "not me! I didn't bring the police." She knew there would be a lot of skeletons in the closet of the royal dragon society. If the police come, it will be against the royal pride.

"Nervous what, I believe you." Royal proud day light smile, or that sentence...

His confidence in her now; Just as she trusted him...

"Go, tell the men under your hands to keep all the weapons safe. Then open the gate and call the police in."

"Yes, boss!

Sure enough, she knew there must be a lot of things in the royal dragon society that can't be called the police to know!

"Yaoyao, did my father call the police?"

"No, my father-in-law didn't call the police when I came out."

"Your father should have not called the police, even if the police can not find the royal dragon society in the end where." Royal proud day smile patted the wind Chen yi's shoulder.

'even if the police, the police can't find the royal dragon club where? Remembering this sentence, yaoyao frowned in confusion.

Indeed, the more dangerous the place is the more safe, so want to govern karui day in death, how can not break down the royal dragon club early.

Then why did the police come?

Could it be..

My heart sank, and yaoyao quickly got up from her chair. "it's me, isn't it? Those police are following me, just to find the royal dragon club, right?!"

It must be. She must have brought the police, but obviously no one called the police, why would the police follow him?!

"It's none of your business. Royal proud day don't mind the swing of the hand.

The more he is like this, the more yaoyao's heart is uncomfortable, now, she really does not need his comfort; His understanding; There's no need to do that. Isn't it nice to show your position?! They, now... The enemy!

"Royal master, those police may be to 'save me', how about I show up." Wind Chen yi slowly stood up, will go out.

Royal proud day of smile of pull his arm: "you this time appear, feng Chen rui can escape a bullet again. No need, I can do it!"

"But general royal, with your present identity, it seems not very good to appear in the royal dragon society?"

"It doesn't matter." Royal proud day don't mind of shrug shoulders.

Quietly standing on the side of the yao yao, looking at their care for each other, for each other's sake, like a pair of close friends. It's amazing.

They are clearly rivals in business; They are not meant to be unbreakable friends in any way. But, imperceptibly, they had many difficulties together.

Maybe...

This is the man!

Maybe...

This is their endless heart!

Or perhaps...

It is because they have the disposition to know when they are friends; Know when each other is the enemy, will have today such a high achievement; Such a feat?

.

Episode 600

If this changed between women and women, I'm afraid it is difficult to achieve their appearance...

"None of you need show yourselves!" Yaoyao opened her mouth with a smile and patted her chest confidently. "Just give it all to me. I can handle it!" With that, she pulled the office door open.

Standing at the entrance of the hall, patiently welcoming the arrival of 'guests'!

Less than half a minute later, a large number of plainclothes police entered the hall.

When one of their leaders saw yaoyao, his eyes flashed.

When yaoyao saw him, she was also slightly shocked. The man with glasses looked familiar... Who is he?!

She thought she had a very good memory, but she was born face-blind, and it killed her to remember faces.

"Well, didn't you know lawyer law was here?" The middle-aged man in glasses took the lead.

If they had, how else could the man sound as if he knew himself?

PSST...

Where in the world have you seen this man?

Effort, in the effort of memory.

With a rush!

Finally she remembered: "pay the secretary!" Right! This wears the middle-aged man of the glasses once to appear in the royal proud day to run for a political representative's election convention, he is.....Carrie Tsang's secretary!

"Ha ha, so long see, did not think law lawyer still can recognize me." Secretary Fu smiled a sly smile and politely shook Yaoyao's hand. "I saw the interview this afternoon. Lawyer Law says he is the lawyer who eradicates darkness and upholds justice. How oneself instead appeared in Gangland's hall?"

Yaoyao puzzled leng leng god: "the underworld of the mouth?" Smiling hands in front of the body: "pay secretary, you had better not disorderly talk, careful I can sue you slander, here is clearly the basement of the Bosen group. How can it be Gangland?!"

Royal proud day, this should be the purpose that you build royal dragon society in bosen group underground?

When someone comes to search, it's safe to say it's just an ordinary basement. O...

"Ha ha, here is the base that is bosen group after all, still royal dragon society, I don't want to do useless talk with law lawyer you more. I received a tip, it is said, the wind home two young master was kidnapped here. So... I want to search now!" "Said, secretary fu waved his hand, those accompanying personnel will be searched.

"No searching!" Yaoyao stopped everyone in their tracks with a scream.

What went wrong?

When he decided to come to the royal dragon club to find royal proud day can not be sure, he kidnapped Chen yi. Why pay a secretary to be so sure?

Don't... The meaning of drunken weng not wine?!

That is to say, if Chen yi here is "the best", so can determine a bosen group kidnapping charges; If not... They can also use the search to royal pride day set other charges.

Is that what it means?!

Carrie tsang, what a... A cunning snake!

Thinking of this, she gave a sly smile: "pay secretary, thank the government for my husband's concern. But here I am, my husband was not kidnapped, can I not know?!"

"Ha, ha, ha, perhaps the common people have been simple thought that Luo lawyer you are the acting attorney of the royal director. Can also have a lot of people all know, you once was the lover that royal director keeps! Can't prepare, you collude with royal director to conspire together to kidnap your husband this time?" Secretary Fu said this word, only to find that Yaoyao is holding up the phone to their own. "What are you doing, Mr.

Law?"

"Recording, of course. Secretary, go on. It doesn't matter what you say, just say it. When you are satisfied, I will send this recording to the court of justice of the world, charging you with contempt for the high counsel of the world; I believe, royal director there, also won't let you off easily!" "She said with a smile.

Secretary Fu's face suddenly fell down: "oh. A lawyer is a lawyer. But, Mr. Law, we're going to search now!"

"Search? Yaoyao closed her cell phone and said, "secretary, what are you searching for?"

"Is law's memory that bad?I am not just finished, to search to see, your husband wind is not always kidnapped to so?"

"Oh, yes.I almost forgot.But..." The corners of her mouth crooked a sly smile, her hands slowly embrace in front of the body: "search, must have a warrant?Without a warrant, if you move, I'll Sue you for trespassing!"

Fu secretary's brows tightly knit: "search warrant, I can give you in a while!"

Sure enough!

They really do not have a search warrant, so it can be seen that someone is tracking themselves, they found the royal dragon club base!So there was no time for them to get a warrant!

"No!You can't search this place without a warrant!"

"Mr. Law, don't you care about your husband's life?"Secretary fu narrowed her eyes and stepped forward to meet her.

"Oh, ridiculous!How ridiculous!No one ever called the police about my husband being kidnapped. Are you bringing someone here now to get my husband killed right now?!"

She did not regress, but stepped forward and stood very close to the secretary fu." I now give you two choices!Get the hell out of here right now, get your search warrant, come back! 2. You search by force, waiting for me to bring charges against you in court.When the time comes, you'll all have to keep my bowl with me!"Domineering words fell.

Those with secretary fu came to see this plainclothes police, nervous came to his side: "secretary fu, not as we..

."

Secretary fu raised her head and stopped the man. "Mr. Law, didn't you leave bosson for feng shi?Why are you working for bosson again?"

"Can you manage where I want to go and pay the secretary?Don't say I work for bosson.If you mess with me, I'll work for anyone you turn on. Don't believe me...We'll see.You see, it's your little secretary of the deputy prime minister, or my lawyer!"

Secretary fu was obviously angry with yao yao's words: "luo yaoyao, don't be too arrogant.In the legal world, your position is really unrivalled.But remember, I am a government official!How dare you talk to me like that?"

Looking at his angry appearance, yaoyao tilted her head with a smile and pressed the phone gently...'ha, ha, ha, perhaps the common people have been simple thought law lawyer you are royal director...'

I played back what I had just recorded."Secretary, with this recording, don't say I despise you.If I scold your forefathers now, how can you blame me?"

"Good!Very good!" The eyes of secretary Fu are suffused with blood silk, angry of turn round: "close team!" Took everyone and left.
