Chapter 1101: Good night, sick big brother (Part 26)

She slept very well that night and when she woke up, Du Jiu Sheng was gone.

The sun came through the window and she could see the pink doll she was holding.

It was a doll that was as big as her with clear eyes, long lashes, slightly curled hair, and a princess lace dress.

"So, this is a birthday present?" Her eyes trembled as she whispered to herself.

Since it was the weekend, the alarm didn't sound. Looking at the clock on the wall, she found that it was almost noon.

She quickly washed up and came out wearing a moon white bathrobe.

When she was prepared to open her closet, there was a knock on her door.

"Big brother?" Her voice was normal, it wasn't as soft as before.

This 'act' had already come to an end.

Who had won or lost? It didn't seem clear.....

"Un, is it convenient?"

"Eh."

"Da, da."

When she was thinking of how to answer, Du Jiu Sheng already came in, dressed very formally. Luo Qing Chen tilted her head and her face couldn't help turning red.

He really was.....a dazzling kind of handsome.

"Are you thinking about what to wear?" His eyes went over her upper half and seeing her exquisite figure, he said with a faint smile, "This small, but your figure....."

"Hey, hey, hey, enough!" She felt the blush on her cheeks spread to the tip of her ears.

It was so fast that it couldn't be controlled.

Since last night, it was like Du Jiu Sheng took off his mask and no longer acted so fake.

Rather there was a very sultry tone.....Like he was teasing his girl.

"I never thought that our family's little sister Xiao Qing would be this shy!" Du Jiu Sheng slowly came forward and stood by her side, as he looked over her luxurious wardrobe.

"Big brother is helping me choose clothes?" Luo Qing Chen thought that since he was dressed this grand, there should be a place to go today.

"It really is a loli!" He muttered to himself as he took out a blue and pink winter dress from the closet.

He turned and pulled it over her starting at the head.

It was done with one smooth action, no pausing at all.

Luo Qing Chen was like the doll beside her, letting her 'master' dress her.

"I can wear it myself....." She said while touching her ear in embarrassment.

"Un....." Du Jiu Sheng replied before going past her shoulder and pulling the zipper up from behind.

"You.....really move quickly!" She muttered.

"Un....." Du Jiu Sheng replied. His right hand naturally picked up a hair dryer while pressing her down with the left hand.

She sat down on the bed.

Suddenly there was a feeling of being pampered that warmed the heart.

"What shampoo did you use?"

"OGX!" Luo Qing Chen could smell a strong cherry blossom scent.

"Un, un." This time his sounds were stretched out before he said, "Change it next time!"

"Why, you don't like cherry blossoms?" Luo Qing Chen slightly knit her brows, looking a bit confused.

After all, cherry blossoms had a light and good scent, it should be something welcome by all.

"Unless you want to go to bed instead of going out after I finish blowing your hair, you won't need to change....." His lips curled into a beautiful arc that swept away the girl in front of him.

Chapter 1102: Good night, sick big brother (Part 27)

"Change! Change! Change!" Luo Qing Chen immediately understood as she said, "I'll use the chocolate next time!"

Why did it feel like this sick youth was a bit of a black belly, he was thinking all kinds of random stuff!

"Good~" He leaned over and sealed it with a kiss, "Also change your lipstick! I'm afraid that I won't be able to stop myself from kissing you....."

"....." When Luo Qing Chen was kissed by him, her heart suddenly started beating fast, but she didn't forget to say, "I don't have lipstick on yet!"

Her lips were so red because of someone's 'bad behaviour' last night!

How could he not feel embarrassed saying this today. She felt like she didn't know how to describe it properly.

"Oh." He drew out his words, "It seems like I can't leave you in the future....."

As soon as his voice fell, he put down the hairdryer. His left hand took her waist and placed her on the doll as his right hand took her neck and he kissed her without warning.

These close kisses, he didn't want to leave them for even a second.....

"Du....." Luo Qing Chen wanted to say something, but her lips were covered by his again.

Other than making a few sounds, she couldn't say anything else.

Suddenly she felt that this youth was very sticky.

"You should be grateful I don't know what you're thinking....." He intentionally moved aside, "Otherwise we might both drop out just to stay at home....."

"Du Jiu Sheng! Can you be normal!" Luo Qing Chen said in an innocent voice, "I.....I am your little sister!"

"But, I want to kiss you!" He gave a shrug and there was a bit of an aggrieved look on his face that looked like it was carved from jade, "Very, very much....."

Now that he had discovered the abnormal love of the Du Family, this terrifying thought completely took his mind.

He wanted to be with her every second, not caring about others. He just wanted to hug and kiss her, it was like nothing else in this world mattered to him.

Including life, death, and himself.

"No!" Luo Qing Chen decisively shook her head, "My mom and uncle will be coming back soon. If we act like this in front of them, we might anger them to death."

"I don't care!"

He didn't care at all because with Luo Qing Chen, he had already forgiven that woman for intruding in their home.

But to make him care about their feelings.....Sorry, he couldn't do it!

"Du Jiu Sheng!" Luo Qing Chen turned and angrily pursed her lips.

"Alright! I surrender!" He didn't want to see her aggrieved look at all.

He took back the 'sorry, he couldn't do it!' from before and changed his words, "Then what do you want to say? I can't control myself from wanting to.....kiss you! I also want....."

"Ke, ke." Luo Qing Chen cleared her throat and cut off his words. She looked at him with a serious look, "You can 'mu mu ah' with me!"

"Ah?"

"Only when it's empty!" She pursed her lips when she said this to show what she meant.

"This....."

"You.....You're not willing!"

Of course he wasn't willing, but his actions were different from his thoughts.

He softly picked her up and revealed a pampering smile, "Alright! Mu mu ah!"

Chapter 1103: Good night, sick big brother (Part 28)

In the luxury Benz, she looked at Du Jiu Sheng with an inquisitive look, "Where are we going?"

Although she knew that they were attending a banquet, she really didn't have any good feelings towards 'Mi Tang' and the others.

"You'll know once you get there." Du Jiu Sheng raised his hand to softly pat her head as his lips curled.

This was his most favourite state, having the girl who moved his heart forever by his side.

The luxury Benz stopped in front of a restaurant and there were four people standing on the left and four people standing on the right, as if they were waiting for them.

"Princess, please get out." Du Jiu Sheng opened the door on her side and gently took her hand, leading her to the restaurant.

"Good afternoon mister Du."

"Good afternoon young miss Luo."

The voices of the waiters on the left and waitresses on the right sounded together.

Luo Qing Chen gave a chuckle, really feeling like a princess.

There was a faint lavender scent in the hall of the restaurants and there was classical music that met her ear, creating a beautiful atmosphere.

"Happy eighteenth birthday."

When Du Jiu Sheng's voice fell, the dim hall suddenly lit up.

There were only the two of them in this hall, there were no other customers.

This was the special coming of age ceremony he had prepared for her. There was a large white table in the center of the restaurant with colourful balloons all around, as well as a pure white piano on the platform.

This was simply a paradise of pink and white, full of the dreams of young girls.

"I kept thinking while setting this up that you might not like this style." Du Jiu Sheng shook his head with a bit of frustration as he said with a smile, "It's a pity that I don't know what you're thinking."

Luo Qing Chen sat in front of him and shook the alcohol on the table, "I like this 92 brandy!"

"As expected." He gave a chuckle as his lips curled into a beautiful smile, "Our little princess likes a dark style!"

"Un humph?" Luo Qing Chen looked up with a sparkle in her clear eyes, "Anything can be controlled!"

Darkness was her original personality, being cute was an act!

For her who had been the film empress two times, she was already someone experienced!

This kind of act was a small case for her!

If time could be frozen, she wished that this world could be frozen at this moment.

A place that belonged to the two of them, a world that belonged to the two of them.

“Ding ling.” There was a ring from a cell phone that broke this atmosphere.

She looked at the screen of her phone and she slightly knit her brows when she picked up.

“Xiao Qing, Xiao Qing.” Dai Xiao Pang’s anxious voice came from the phone.

Luo Qing Chen wanted to say something, but there was a sharp voice that rang out that belonged to the previous school flower, Mu Xi Nian.

“This little fatty said that you looked better than me during remedial class. I felt that she was very wrong, what do you think?”

There was a dark tone to Mu Xi Nian’s voice, Luo Qing Chen could naturally hear the sourness to her voice.

“I think that her words are very reasonable.” She narrowed her cold eyes and said, “Don’t you know what you look like in your heart?”

In terms of beauty, she did throw Mu Xi Nian behind by several streets, or it could be said that her beauty had already reached a peak that no one could match.

“You.....Luo Qing Chen, I’m telling you, the game is just beginning.....” Mu Xi Nian on the other side of the phone revealed a strange curl of her lips, “I have prepared only the first part of your ‘adult ceremony’.”

Chapter 1104: Good night, sick big brother (Part 29)

As soon as her voice fell, she hung up and there was the sound of a WeChat notification.

There were pictures that came from Dai Xiao Pang’s WeChat. She had a swollen face in the picture and her right eye was red from being beaten.

Her face was as swollen as a pig’s head, she should have been beaten.

Looking through the pictures, she finally saw a sentence from Mu Xi Nian: If you want to save her, come to the abandoned factory in the Southern Suburb Park’s north side. If you’re not here in an hour, she might not even keep this swollen face.

The Mu Family was in the light and the dark. Du Jiu Sheng and Mu Lan Feng were already at ends, so it wasn’t impossible for them to do anything ‘illegal’.

“Go, I’ll come with you.”

“Alright.”

“Ding ling.” There was another phone call.

This time it didn’t come from Luo Qing Chen’s phone, but rather Du Jiu Sheng’s.

It was from an unknown number. He narrowed his eyes and felt that something bad was happening.

There was a rough man's voice that came from the other end.

This voice was a bit familiar, no.....it was very familiar.

"Du Jiu Sheng, hello!" Mu Lan Feng gave a cold laugh, "It seems like your beautiful 'little sister' has received an invitation from our family's little sister. If.....I didn't invite you as well, wouldn't our Mu Family not have any bearing at all?"

"Un humph?" Du Jiu Sheng's eyes turned cold and there was a dangerous look in those deep eyes. His lips curled as he said, "Are you worthy of having bearing?"

"Du Jiu Sheng, I'm telling you, don't be too arrogant. I have your dad and your dad's woman in my hands, with an order from me, they'll be sent to see the king of hell, understand?" Mu Lan Feng was clearly a bit angry, as a bit of anger appeared in his voice.

It seems like Du Jie and Xie Wan came back early. They went abroad for a vacation, but it was also for a big deal.

Worth a billion.....

The boss of this deal wanted to work with the Mu Group, but they deviated this time and worked with the Du Group instead.

Mu San was filled with rage, so much that he fell into a sick bed.

Mu Lan Feng was very angry about this and had investigated when the Du Family's head would be back, so he went to the airport to bring them away.

"Then I have to thank you....." Du Jiu Sheng narrowed his eyes and a dangerous look appeared as he said in a cold voice, "After all, I have wanted to inherit the Du Group for a long time."

He wasn't lying about this, everyone in the business world knew that Du Jiu Sheng and Du Jie's relationship wasn't good.

Adding in the fact that his little sister had died in an accident, all the criticisms were aimed at Du Jie's new wife's daughter.

In this situation, the relationship between him and Du Jie should have been frozen.

But now things were different.....

"You.....Good.....Du Jiu Sheng! You just wait!" Mu Lan Feng angrily hung up the call.

He casually sent a few pictures to Du Jiu Sheng's WeChat. Mu Lan Feng wasn't as fierce, he didn't beat them like Mu Xi Nian beat Dai Xiao Pang.

They were just tied together and placed under a 'killing blade' while there was a time bomb beside them.

The location was in the opposite direction of where Dai Xiao Pang was held, it seemed like they were prepared.

"I'll have Yan Si take care of Xiao Pang....." Du Jiu Sheng narrowed his eyes and said, "Come with me to north ridge."

"Leng Yan Si....." Luo Qing Chen narrowed her eyes and shook her head in an unsettled manner, "Forget it, he might not be able to stop himself from being caught."

She didn't underestimate Leng Yan Si, since she had seen his reaction while in danger.

Falling off a cliff and getting impaled in the leg.....

Chapter 1105: Good night, sick big brother (Part 30)

"You're going alone?" Du Jiu Sheng looked at her with tightly knit brows, clearly not planning on letting her go alone.

"Un."

"No."

"Relax!"

"No."

"Du Jiu Sheng." She said in a coquettish voice, "Big brother, be assured! I never do things I'm not certain off."

She didn't have the system or powers, she didn't have exchange points, she didn't have anything.

But to deal with Mu Xi Nian, she just had to spend some time and the result wouldn't change.

Du Jiu Sheng narrowed his eyes. He wanted to reject her, but seeing her firm eyes, he felt like trusting her.

After all, he couldn't help trusting her unconditionally.....

"Alright! Xiao Nan and Xiao Bei will go with you."

Xiao Nan and Xiao Bei were bodyguards of the Du Family. They were strong and weren't small at all.

"No need." Luo Qing Chen shook her head, "It's not interesting with people's help."

"But I'm worried, don't you know!" Du Jiu Sheng tightly knit his brows as his eyes filled with worry.

He was very contradictory. He wanted to believe her, but his heart was stuck in his throat.

This feeling, he had never felt it before.

This was his first time feeling that he was different from others, yet he felt helpless.

"Big brother, I'm just going to scout. I'll wait for you and as for slapping face.....Oh, that's wrong, I'll wait for you to make a decision!" Luo Qing Chen made a face as her lips curled slightly!

Damn, she almost said everything in her heart.

In the end, Du Jiu Sheng could only compromise.

He really spoiled her to no end, he would rather have his own heart hang than to go against what she wanted to do.

So liking someone could reach this point, he never thought of this.

He felt that he was a male lead, but now he found that anything was fine as long as she was happy.

“Just hide outside and take a look, your phone will send your location.” Du Jiu Sheng picked her up from the chair and gave her a serious kiss, “Wait for me before doing anything.”

“Ok!” She gave an ok sign. She already couldn’t restrain the power in her, she wanted to fight!

But everything had their means.

When she was at the gate of the abandoned factory, she was already considering the physical condition of her body.

It wasn’t considered very good, but it wasn’t very bad. Her physique being maxed was a bit of a bug, since when she actually used it, there wasn’t the joy of having infinite strength.

But it was a bit worth the hundred points.

Her body was very light, it took her quite a bit of energy to jump over the wall before,

But she didn’t use that much strength to jump over this time.

There was sleet in the air and she was holding a pair of high tech binoculars as she looked into the factory.

Dai Xiao Pang was locked on the fourth floor and Mu Xi Nian was very confident, only bringing four large followers with her.

She pressed the red button on the binoculars and changed to ‘weapon scanning’ mode.

She didn’t see any guns and there were only large blades that were blunt, which wouldn’t be used to kill.

It wasn’t hard to deal with them, but Dai Xiao Pang’s situation didn’t seem good.

She narrowed her eyes and pressed the blue button before scanning Dai Xiao Pang.

There were many bruises all over her, with a bit of concussion and a bit of hemorrhagic shock, so the situation wasn’t good.

Chapter 1106: Good night, sick big brother (Part 31)

After all, it was best to send Dai Xiao Pang to the hospital as soon as possible. Otherwise once she entered shock, it would cause irreversible damage to her organs.

The furry snow boots were very soft stepping on the snow. Mu Xi Nian heard footsteps coming up the stairs and vigilantly turned back.

Luo Qing Chen had her hands in the pockets of her moon white coat. She was leaning on the decayed railing as she lazily looked at her, “Why do you seem more nervous than me?”

Mu Xi Nian was scared by her as her face turned a bit pale. Even with four large men in front of her, her lips couldn't help trembling.

Dai Xiao Pang tied to the chair seemed to have heard something and she looked up, but she couldn't say a thing.

"You.....You're alone?" Mu Xi Nian kept reaching her head out to look behind her, feeling unsettled.

Without knowing why, when she saw Luo Qing Chen come out alone looking relaxed, her heart was filled with prickles.

"To deal with, how many more do I need?" Luo Qing Chen took out a long whip from behind her as a dangerous aura came out.

The whip had been bought when she passed by a store, most people used it for decoration or stored them.

There were few people who used them to fight like her.....

But she was very good at using the whip. Although it didn't have the same spiritual energy of the Nine Sectioned Moon Whip, it felt quite good in her hand.

"Luo Qing Chen, you.....You think that you can save anyone with that broken whip? This really is a joke!" Mu Xi Nian crossed her hands and raised her head, releasing her aura.

After all, she had the upper hand now, she was qualified to be arrogant.

"Whether I can save people or not, how will I know without trying?" Luo Qing Chen gave a shrug before casually giving a yawn, "Quickly, come together!"

Mu Xi Nian felt a bit humiliated and her blood couldn't help boiling. She said to the four men, "Beat her to death, kill her for me!"

Du Jiu Sheng was the man she Mu Xi Nian liked, no one was allowed to take him!

Based on what could the person in front of her take her title as the school flower and the man she loved so much!

She! Wouldn't! Submit!

She would definitely make her beg for forgiveness under her foot!

"Yes! Young miss!" The four large men replied at the same time. They didn't even bother with their blades, they came towards her with bare hands.

"Overestimating yourselves." Luo Qing Chen narrowed her cold eyes and jumped out. She landed on the shoulders of one of the men and grabbing his neck with her feet, she threw him to the ground.

At the same time, the long whip in her hand danced around another man. The whip wrapped around his legs and with a pull, she threw him to the ground.

The two remaining men looked at each other blankly and couldn't help taking a step back. They went to pick up the blades they had left on the ground.

After all, they never thought that this girl who they thought they could easily beat had such terrifying strength and skill.

Luo Qing Chen pursed her lips and her breathing couldn't help becoming faster.

After all, without any abilities, it was a bit hard for her to deal with these large men alone.

But.....It was just a bit hard.

Because the result will never change.....

Chapter 1107: Good night, sick big brother (Part 32)

Mu Xi Nian looked at Luo Qing Chen with a bit of a panic. She was still standing there casually with the whip in her hand, having an aura different from normal people.

It was like a demon that came from the underworld, small in size, but with endless power.

"You.....What are you two standing there for! Kill her for me, I just don't believe it!" Mu Xi Nian tightly bit her lip as her eyes turned blood red. She said in a fierce tone, "School hunk Jiu Sheng is mine, you can go to the underworld if you think you can steal him from me!"

Luo Qing Chen's right hand tightened and her blood couldn't help boiling.

It should be because she said Du Jiu Sheng's name or the underworld.

Her cold eyes looked at her and with a flick of her right hand, one of the large blades cut across Mu Xi Nian's face.

In the blink of an eye, the large men couldn't react. There was a large cut on Mu Xi Nian's face and it was very shocking.

"Ah!" There was a pitiful cry that spread across the fourth floor.

Mu Xi Nian held her face with her hand while crying out as blood dripped through.

That feeling of blood lust entered her heart bit by bit.....

"Young miss....."

"Kill her for me, kill her, kill her!" Her eyes were red as she looked at Luo Qing Chen, there was only one thought in her mind.

She wanted her to die, to die right now, to die in front of her.

She wanted to step on her corpse, torment it again and again.

She wanted her to never see the sun of tomorrow again.

The Mu Family were the boss of a gang, so she had seen many people die and she had killed many fellows who didn't know good from bad.

But none of the kills in the past had the same hatred as today.

"Yes, young miss!"

The large men raised their blades and slashed at Luo Qing Chen without any hesitation.

Luo Qing Chen's eyes were cold as she made two actions while jumping back.

One: She kicked off with her feet, knocking the large men down before they could reach her.

Two: With a flick of her right hand, the whip grabbed Mu Xi Nian's neck.

She could feel the sweat on her forehead, this game was about to end!

"Ah.....Un....." Mu Xi Nian clearly never thought that Luo Qing Chen would suddenly attack her, she could feel the suffocation from her neck.

The blood from her cheek came down drop by drop as her eyes opened wide and her tongue was stretched out, making her look quite terrifying.

"Mu Xi Nian, even if you are capable, you should bring more people next time." Luo Qing Chen stepped over the four bodies as she walked over step by step. Her lips curled into a beautiful arc as she said, "Otherwise, you really might not be able to pay the losses."

"Luo Qing Chen, even if I die.....I won't let you go." Mu Xi Nian's hands tightly held the whip as she kept speaking.

She gave a cold snort and slowly raised her left hand. She ran the back of her hand on the wound on her face before giving a cold laugh, "I don't want you to let me go, after all, this isn't fun, is it?"

She flicked her right hand and Mu Xi Nian fell at her feet.

She didn't pay attention to her and dropped the whip as she moved to Dai Xiao Pang.

Dai Xiao Pang's body was a bit cold now and her forehead was very hot. It seemed like she couldn't hold on much longer and her infection was getting worse.

She called the ambulance when she came in, she just had to make sure that the ambulance got here.

"Ha, ha....." Mu Xi Nian on the ground suddenly broke out in laughter. Luo Qing Chen's high tech glasses suddenly flashed as she found something mechanical.

It was.....a pistol.

Chapter 1108: Good night, sick big brother (Part 33)

"How about it, you never expected it, right!" Mu Xi Nian pointed the gun at her, "My big brother cares more about me than your big brother does about you."

The red flashing light was on the other side. There was a distance of three hundred fifty yards, with the other side holding a M14 or a M16 pistol.

At this distance, it shouldn't be a professional sniper. They were using an eight times scope or they wouldn't be able to see in here.

"A sniper of three hundred and fifty yards, it's hard to say if they can even hit me." She gave a cold snort as her eyes turned cold.

She never thought that Mu Lan Feng would arrange a sniper to deal with her.

It seemed like he really took care of his little sister.

“Ha, ha, ha.” Mu Xi Nian gave a shrug, “And here I thought that you were smart, you can’t understand the meaning in my words.”

She slowly raised her right hand and wiped the blood dripping from her face, “You think Du Jiu Sheng really cares about you? Everyone in the circle knows that you killed his little sister, don’t you know that?”

It had to be said, Mu Xi Nian’s words were the only words that could influence her emotions.

“Whether I murdered Du Ling Er or not, it’s not for you to judge!” She slowly leaned over and directly took her by the throat, “You should be worried about if the person in the tower on the other side can hit me or not.”

“Luo Qing Chen, you really are something!” She gave a fearless smile, “My big brother will protect me when I’m in danger, but you think your big brother will come for you?”

Luo Qing Chen knew that Du Jiu Sheng was her weakness. When he was mentioned, her heart would always tremble.

“To deal with you, he doesn’t need to come!”

“Ha, ha, ha!” Mu Xi Nian’s laughter became more wild. She raised her middle finger and said, “You really are pitiful, he doesn’t love you at all. There’s no love of a big brother, there’s no love between men and women. He is just treating you well to pave the way for his revenge, you fool!”

“Peng!” When Mu Xi Nian’s voice fell, the sniper on the other side shot in her direction.

The bullet passed by her ear with ten centimeters to spare.

Luo Qing Chen bit her lip and raised Mu Xi Nian up with her right hand. Her left hand pulled Dai Xiao Pang as she went to a blind spot step by step.

Without a gun to fight back, in order to protect Dai Xiao Pang, she had to use Mu Xi Nian as a shield.

As expected, the other side wasn’t shooting.....

She had to wait, wait for the ambulance, wait for.....Du Jiu Sheng to come.

But would he really come?

At that moment, she really had been influenced by Mu Xi Nian.

It was unknown whether Du Jiu Sheng would come for her or not!

That youth was good to her, taking care of everything, but was it really just for revenge like Mu Xi Nian said?

The Pandora’s Box in her heart was rattled as the seeds of dissent had been sown already.

Weren't they just acting in the beginning? Now he had the chance to use someone else's hand to kill her.

Wasn't that what he really wanted.....

She couldn't tell the truth at this moment. But even so, she only had love and never hate for that youth.

"Mu Xi Nian, I really pity you." When she sorted out her thoughts, her eyes relaxed, "After all, you don't even have the right to have him treat you well."

Chapter 1109: Good night, sick big brother (Part 34)

If it was the 'initial hatred' that drew a red line between them, then at least she was the only person in this world qualified to have Du Jiu Sheng treat her well.

Whether! It! Was! True! Or! Not!

"You.....really don't know how to give up!" Mu Xi Nian gritted her teeth, "Who do you think Du Jiu Sheng is, do you really think my big brother can keep him for this long?"

"Ping pa." There seemed to be a shattering sound in her heart somewhere.

Luo Qing Chen closed her eyes and revealed a bitter smile, "I believe in him."

A while ago, in a certain world, she had said to him with a smile, "I am your fan!"

And then she had instigated a rebellion and became a part of the commander's army.

He had unconditionally trusted her then.....

Now that life had passed and time had reversed.

This time she should also choose to trust him unconditionally.....

At the same time, there was a large traffic jam on the way to the abandoned factory.

The driver's seat of a luxury Benz was already vacated and there was a young man rushing across the highway.

"Wait for me, wait for me. I'll save you, wait for me....."

He repeated this again and again in his heart, hoping that he could reach the person he cared about the most as soon as possible.

Mu Lan Feng was easy to take care of, but this time he was very smart, thinking of a way to block the highway.

But he had his legs and he had strength, so he could run.

There was the sound of the ambulance in his ears, he could guess that she was the one who called it.

But when he ran to the factory, there was the sound of a gun being shot that rang in his ears.

His heart suddenly trembled as his fingers couldn't help shaking.

“Luo Qing Chen!” A voice as cold as water filled the entire factory, with a bit of worry and fear.

She was standing in a blind spot. Although the second bullet had been shot very accurately, it was several centimeters off from a fatal area.

The bullet slid across her neck and created a line of blood. The bright red blood dripped down the snow white neck, but she heard someone calling her name at that moment.

It was like a dazzling light in the night that shined through her life.

“No.....Impossible.....How could it be possible!” Mu Xi Nian desperately shook her head in disbelief.

Didn't Du Jiu Sheng come back for revenge? Wasn't how he treated Luo Qing Chen all part of an act?

Why, why was he here? Her big brother had put thorns the entire way, why did he break through those thorns?

It was to.....save her?

Did he.....really fall in love with her?

“I'm here!” She showed her head from the blind spot and showed her position to Du Jiu Sheng.

But the sniper had been agitated and desperately shot in her direction.

“Peng, peng, peng, peng, peng.” Several shots hit the decaying railing.

Mu Xi Nian shouted, “Kill the girl in the chair for me!”

As soon as her voice fell, she charged at Dai Xiao Pang and pushed her out of the blind spot.

The eight times scope turned to Dai Xiao Pang. Luo Qing Chen's eyes turned cold and she blocked Dai Xiao Pang to ensure she wouldn't receive any fatal wounds.

“Xiu.” The temperature around them dropped.

The rain and snow condensed into ice, attacking in two directions.

One was aimed at the sniper and the other was aimed at Mu Xi Nian.

The icicles pierced their hearts and before Luo Qing Chen could react, Mu Xi Nian fell at her feet.

Chapter 1110: Good night, sick big brother (Part 35)

Luo Qing Chen was surprised as she was frozen in place. Mu Xi Nian's blood splashed on her white cheeks.

Looking over, the snow and rain around came to form a sharp icicle bit by bit before landing with a crash.

She pursed her lips and said, “Du.....Du Jiu Sheng.....”

A big and warm hand took her and she staggered back into a hot embrace.

This familiar scent with a bit of trembling. He closed his hands and tightly hugged her. A warm breath fell onto her neck as he whispered, "Little princess, you scared me to death....."

All of sudden, the taboos of his life suddenly wasn't worth a thing.

At that moment, he knew why Du Jiu gave up his abilities to protect Xia Wan.

There were some love that couldn't be taken back. Whether it was one's abilities or one's life, they weren't worth a thing.

The Du Family's ability had been passed from generation to generation.

Du Jiu's ability is turning light into flames, he could turn any light with heat into flames.

That year, he had just met Xia Wan and he fell into a love that he couldn't escape from.

That year, his life became more and more smooth as he offended many people in the light and dark.

Those people worked together to kidnap Xia Wan and were planning on killing her. It was also that year that Du Jiu used his fire powers to kill all the people who kidnapped Xia Wan.

For the Du Family with special skills, they had a physique different from others. They could use their powers to do anything, other than killing people.

Once they used their powers to kill someone, the thousand year old curse would activate.

At that time, they wouldn't be able to use their abilities. If they tried using their abilities after killing someone, the consequences would be disastrous.

At that time, after Du Jie, Du Jiu Sheng also used his ability to kill someone.

"Big brother....."

"Un, I'm here."

"Du Jiu Sheng....."

"Un, I'm here, I'm here. Don't be afraid, I will always be there if you call me."

At this moment, Mu Xi Nian's corpse was still by her feet, but in this strange scene, it didn't affect mister Du Jiu Sheng's love at all.

"You seem more afraid than me....." She gave a chuckle as she rubbed her face against his hand, "What to do with them?"

"Relax, leave them to me." Du Jiu Sheng's voice was very soft, but his hand holding her wrist didn't relax at all.

In his eyes, being able to hold her now was the greatest satisfaction.

Actually, this matter wasn't solved by Du Jiu Sheng alone. It was his first time working with Du Jie and playing deception.

When these two with explosive IQ came together, it wasn't difficult at all to deceive everyone.

It's just that in the past two days, Du Jiu Sheng had been sticking to her in the past two days, so close that Xia Wan was a bit worried about it.

"Husband, Xiao Sheng towards Xiao Qing....." Xia Wan knit her brows with a bit of worry, "For Ling Er, would he still....."

"Impossible." Du Jiu gently took her by the shoulders and firmly, "He used his powers to kill someone for Xiao Qing, do you know what that means?"

Xia Wan was surprised. What happened twenty years ago appeared in front of her eyes.

A bunch of high up people had taken a normal person like her who was only twenty years old

"He is the same as you, he can't use his powers anymore?"

"It isn't impossible....." Du Jie knit his brows and there was a sparkle in his deep eyes, "It's just that he can't take the consequences....."
