Chapter 1791: Hell envoy's exclusive love appraiser (Part 40)

As soon as her voice fell, she looked up at the electric clock in front of her.

There were still ten minutes left.....

She couldn't help looking at the palm of her right hand, suddenly wanting to see his name there again.

With just a single grasp, she could have all of Du Jiu Sheng.

But she knew that this time she never wanted him to show up.

"Ah!" There was a scream that suddenly cut through her thoughts.

Two men wielding knives rushed in, hacking at a girl without any hesitation.

There was no desire for money or attraction, they just wanted stimulation.

She didn't know whether it was Jin Rong Feng affecting them or if they were evil people to begin with.

She only knew that knowing that she would be in danger and still having to come here wasn't good.

But this was something that she had to do.....

"Is it special bullying little kids?" Luo Qing Chen gave a shrug and her lips curled into a faint smile, "If you have the skills, come kill me!"

This voice filled with mocking and eyes filled with disdain.....

When the kids heard this, they all rushed over to her. Since it wasn't time to end class yet, there was no one else at this kindergarten.

The two perverted killers looked at each other before raising their knives to rush in her direction.

She just gave a cold snort and jumped out, landing firmly behind them as the sword in her hand hit their wrists.

The other side cried out and they dropped their knives.

"Humph, amateurs." In an instant, Luo Qing Chen's right elbow had hit their necks.

There was the sound of bone breaking before they cried out in pain, then the two fierce looking perverts had pale faces as sweat dripped down them.

"Pa, pa, pa, pa, pa, pa." There was a wave of applause.

The children behind her kept applauding while saying in their young voice, "Go, big sister! Big sister is great!"

Seeing their innocent smiles, Luo Qing Chen revealed a happy smile.

It turned out that being a good person to the end felt like this. So the phrase holding a rose and having the scent on your hand all day actually made sense.

There was a cold wind as a rotten smell suddenly filled the air.

The children stood behind her, not moving at all.

Luo Qing Chen looked at the kindergarten teacher standing far away, unwilling to come over, she knitted her brows. She beat up the perverts with her hands again before turning to the children, "Quickly, go in the classroom. Don't come out no matter what happens, understand?"

"Is big sister going to fight the final boss?" The little boy who spoke her earlier said with a look that had no fear, "Big sister, you can do it! I'll support you in fighting the boss, you will definitely succeed!"

"We will support you, big sister is the incarnation of justice!"

"Xiu, xiu, xiu, this was just too handsome just now. Big sister, teach me how to do it after you beat that boss, I want to show Xiao Mei in the class next door."

.....

Hearing the voices of these children in her ears, she felt happy.

There were some worldviews that couldn't help changing.

She suddenly understood why the protagonist would sacrifice themselves to save people, it was because this kind of praise warmed the heart like this.

Chapter 1792: Hell envoy's exclusive love appraiser (Part 41)

"Luo Qing Chen.....Long time no see." Jin Rong Feng was in a wine red coat and looked at her triumphantly, "Did you miss me?"

Luo Qing Chen didn't say anything as she tightly held the sword in her right hand and narrowed her eyes to look at Jin Rong Feng.

Even if it was like smashing an egg on a rock, she definitely wouldn't give up!

"Why aren't you saying anything? I think that there's someone else who you haven't seen for even longer, right!" When Jin Rong Feng's voice fell, there was someone who slowly walked out from behind him.

This person wasn't a stranger to the previous host or Luo Qing Chen, but she was different this time.

Liu Qi Duo.....her colleague. She never understood why she had seen that kind of gaze from Liu Qi Duo in the previous host's memories, only now did she know, but the time for that wasn't now.

At this moment, the Liu Qi Duo standing in front of her had eyes that were much more indifferent and determined compared to normal people.

She wasn't the Liu Qi Duo of this world, but rather the one that had drowned in the pond six hundred years ago.

She had finally.....appeared.

"Long time no see, your highness?" Liu Qi Duo's red lips curled and there was a strong fragrance of perfume that came from her.

It seemed like it was covering up a certain smell, but if one took another sniff, their stomach would churn.

"Big sister....."

"All of you go, quickly!"

Her voice sank and her right hand tightened as she entered a state of high concentration.

The kids looked at each other and looked at her before running into the classroom.

At the same time, Jin Rong Feng raised his right hand and created a dark red glowing barrier around them.

The people outside the barrier could only see them standing there, but they couldn't see them move.

Luo Qing Chen felt a dangerous power around her, but she didn't panic.

When she saw that there wasn't a single child around that she looked up to say, "Un humph? Whether you win or lose, I have the same words. If you can make a move, then don't say goodbye."

"Ha, ha, ha, ha, ha." Liu Qi Duo who had had a dark look couldn't help laughing into the sky, "You're much more arrogant compared to six hundred years ago! Do you know that if I want to kill you now, it's as simple as squashing an ant?"

"It's a pity that you were killed by someone like an ant six hundred years ago." Luo Qing Chen narrowed her cold eyes and there wasn't a single bit of warmth in her voice.

There were some things that she wasn't willing to explain, but she didn't want to be wronged by others.

It was what it was and it wasn't what it wasn't.

"You....." Liu Qi Duo didn't hear the meaning in her words and gritted her teeth, "Seeking death!"

She teleported in front of Luo Qing Chen and reached her hand out to cut her head off.

But Luo Qing Chen reacted faster than her. At the same time, she dodged to the side and avoided her attack.

"A vengeful spirit that's lived six hundred years only has this bit of ability?" Luo Qing Chen gave a shrug. Although she was very focused, her face was as calm as ever, not revealing a trace of panic.

As the saying went, people who lost couldn't act that way, that was how she felt right now.

The angrier the other side was, the more flaws there were when they attacked. Although Liu Qi Duo attacked several times faster than normal people, that didn't mean that she couldn't determine her actions from her body movements.

In matches between experts, they won through their perception.

"Ah!" She angrily roared out as she attacked Luo Qing Chen again.

In the blink of an eye, she raised the sword in her hand and stabbed out in a certain direction.

Without missing, she stabbed right into her arm.

#### Chapter 1793: Hell envoy's exclusive love appraiser (Part 42)

Jin Rong Feng saw this and flew over to grab Liu Qi Duo. He suddenly waved his right hand and a powerful dark glow flew out in Luo Qing Chen's direction.

She narrowed her eyes and took two steps to the side, dodging Jin Rong Feng's attack by the slightest margin.

It had to be said, Jin Rong Feng was stronger than Liu Qi Duo. They were both six hundred year old vengeful ghosts, but Liu Qi Duo was only a bit stronger than normal people, while Jin Rong Feng.....

The fifty eight lives of the Jin Family, not receiving the love he wanted, and having the person who loved him die because of him, had made him a very powerful ghost.

"Not bad, you have some skills." Jin Rong Feng softly held Liu Qi Duo as his right hand swept over the wound on her arm.

The sword wound quickly healed. Although it didn't completely heal it was already at a state that would take normal people ten days to reach.

"Stop wasting words." She slowly raised her sword and looked at Jin Rong Feng with a decisive look, "If you want to kill me, hurry up, you know that I don't have that much time."

Jin Rong Feng could do it instantly if he wanted to kill her and if he only wanted to hurt her, Du Jiu Sheng would quickly arrive.

This was something that Luo Qing Chen knew, so Jin Rong Feng was naturally aware of this as well.

But he never thought that Liu Qi Duo would lose to Luo Qing Chen. Her actions were incredible, they weren't like that of a normal person at all.....

Not to mention that what she said had made him fall into deep thought. She said that someone else caused Liu Qi Duo's death and not her.....

"What are you doing? You're not making a move?" Liu Qi Duo saw that Jin Rong Feng was in a daze and a trace of anger appeared in her eyes as she turned to him, "What are you hesitating for?"

"Sorry." Jin Rong Feng narrowed his eyes and his red lips curled into a strange smile, "I was just thinking about how to let her die!"

As soon as his voice fell, Jin Rong Feng turned into black smoke and surrounded her.

Luo Qing Chen felt herself start to suffocate as her mind turned back, not even having a chance to resist.....

Because she couldn't see where Jin Rong Feng was with her eyes, there was only a black smoke that had completely surrounded her.

She felt her neck tighten as an ice cold hand grabbed her. She knew that she was using all her strength.....

If she even had a bit of powers, she could instantly kill Jin Rong Feng, but it was too bad that she had nothing.....

Even the sword in her right hand couldn't do anything against Jin Rong Feng.

"You think that you can fight us with a broken sword you bought at the market?" Jin Rong Feng's taunting voice coldly rang in her ears, "You were this confident six hundred years ago, but this isn't called confident.....it's called stupid."

Luo Qing Chen couldn't respond, but she silently said in her heart: My Phoenix Dance Sword isn't something a ghost like you can take.

When Luo Qing Chen was about to meet death, she heard a 'xiu' sound as the black smoke around her disappeared without a trace.

The temperature dropped by ten degrees and the clear sky was suddenly covered in dark clouds.

Snow filled the air.

Luo Qing Chen was stunned. There wasn't Du Jiu Sheng's name on her right palm. It wasn't until it was minus twenty degrees that there was a faint glow that appeared on her hand.

And that familiar and unfamiliar.....Sheng.

#### Chapter 1794: Hell envoy's exclusive love appraiser (Part 43)

Not only Luo Qing Chen, even Jin Rong Feng was stunned.

In order to prevent Du Jiu Sheng from appearing, he had used fifty eight lives to contain Luo Qing Chen and divined that Du Jiu Sheng wouldn't appear.

It seemed like in the end.....he still appeared.

The moment Du Jiu Sheng broke Jin Rong Feng's barrier, there was a blue light that came from his hand as he firmly stood by her side.

"You.....How is this possible?" Jin Rong Feng's eyes had a bit of surprise and a bit of pain behind that surprise.

Du Jiu Sheng slowly took Luo Qing Chen's hand as a pair of deep eyes with a blue sparkle looked at her, so deep that she couldn't see the bottom.

This scene was different from what she had predicted.....

How was it like this, how was this possible?

"Are you alright?" He didn't reply to Jin Rong Feng and turned to take a deep look at Luo Qing Chen with worry in his eyes.

If it wasn't for the slight sensation that he had gotten from the Evil Breaking Jade, he never would have known that Luo Qing Chen went to face Jin Rong Feng alone.

No one in this world knew that while his right hand was tightly holding her hand, he could feel them trembling.

He was very afraid, he was truly afraid.....

This was a kind of fear that passed through time and space. He was afraid that he couldn't protect her and she would leave him like this.

Perhaps at that moment, Du Jiu Sheng realized how much he loved her.

"Why.....Why are you always protecting her!" Jin Rong Feng clutched his chest as his expression twisted in pain.

Liu Qi Duo standing beside him couldn't help giving a self deprecating laugh, "Nothing has changed in the end, I'm still an outsider, aren't I?"

She could never enter the world of the three of them.

Whether it was love.....or hate.....

"It's right for me to protect the one I love." He looked up with ice cold eyes.

There was nothing but coldness in those eyes. Even Luo Qing Chen standing beside him could clearly feel the anger and coldness in Du Jiu Sheng's heart.

"The one you love..... He, he, he, he.....Ha, ha, ha, ha....." He laughed like a madman. His eyes turned bloodshot and he gritted his teeth as he said, "How can you protect such an unreasonable person?"

Luo Qing Chen.....How vicious of a woman she was. She had the whole world six hundred years ago and still wasn't satisfied.

Not only did she kill Liu Qi Duo, she killed the fifty eight people of his family.....

Such a vicious person, how could she get his love? This kind of taint, it tarnished his love.

"This is my matter, there's no need for a ghost like you to question it." Du Jiu Sheng gave a snort before narrowing his eyes, "The order will come in three days, if you and Liu Qi Duo aren't planning on coming to the underworld with me, then it won't be me who will come looking for you next time."

Du Jiu Sheng's voice was very cold. There wasn't any emotion in it, just an ice cold chill.

Jin Rong Feng was stunned because Du Jiu Sheng's words had included Liu Qi Duo.

He had already caused her to wander this world for six hundred years, he couldn't let her permanently disappear from this world!

But.....But he had to make Luo Qing Chen die.....

No, he didn't care! He couldn't care that much, he only had a single belief in his mind.

No matter what the price, Luo Qing Chen must die.

"In three days, I will definitely kill her, I will use everything I have to kill her!" Jin Rong Feng glared at Luo Qing Chen with eyes filled with hatred.

But then what happened next.....

Du Jiu Sheng's ice cold voice slowly said, "If you want to kill her, you will have to go over my dead body."

Chapter 1795: Hell envoy's exclusive love appraiser (Part 44)

She never thought that such a cold person like Du Jiu Sheng would say such touching words.

But this had made her become even more worried.

After all, he had found out and in the end, he had saved her.

Jin Rong Feng was unwilling as he left as he was filled with endless hatred, but he couldn't kill Luo Qing Chen in front of Du Jiu Sheng.

And he still desperately tried to protect her just like six hundred years ago.....

On the way back, there was snow that filled the air and the temperature didn't rise because of her safe return, but rather kept dropping.

Luo Qing Chen knew that Du Jiu Sheng wasn't happy.

Even with his left hand tightly holding her right hand, he still wasn't happy.....

The pure white snow fell onto her hair, her clothes, and her lashes. With a light flick, the snow fell down.

Actually, it was very quiet. She felt that if she kept walking in the snow, her head would be completely white.

"Ke, ke." She cleared her throat and turned to him, "That, master, I.....Wu....."

Before she finished, she was pulled into a warm embrace.

Du Jiu Sheng had suddenly grabbed her waist and the fluffy coat was tightly wrapped around her. He narrowed his eyes to look into her clear eyes and kissed her without any thoughts.

Luo Qing Chen couldn't react and when his lips came, it had a heat that took away all her thoughts.

All the flowers and trees in a ten kilometers range around them started blooming, but it was still snowing and the temperature didn't increase.

The petals mixed with the snow, dancing in the air, looking incredibly beautiful.

"I....."

Seizing a gap, Luo Qing Chen wanted to say something, but his kiss had destroyed all her words.

He didn't want to let her talk, resist, or leave.....

But didn't she tell him even when she knew that there was such a dangerous thing?

Could it be that he wasn't worth it in her mind? Could it be that she didn't think that he had the ability to protect her and wanted to face the danger alone?

He really wanted to keep kissing her like this, using this silent and domineering method to tell her that he could protect her.

As long as he wasn't dead, he definitely wouldn't let her be in any danger!

Without knowing how long passed, he finally slowly let her go. Those deep eyes had a faint sparkle as they looked at her and he narrowed his eyes as he gave a sigh, "Why didn't you tell me?"

Luo Qing Chen pursed her lips and didn't say a thing. She was a bit aggrieved, a kind of aggrievement that couldn't be described.....

Du Jiu Sheng never would have known that if Luo Qing Chen had a chance to live a happy life with him in this world.

No matter how many difficulties there were, she would grit her teeth and walk down that path.

But she was afraid, more afraid than anyone. She had all these memories, the beautiful ones, the happy ones, the painful ones, the sad ones.....

"Because you don't understand....." She took a deep breath and bit her lip as she looked up at him, "We can't.....like each other."

When Du Jiu Sheng heard this, there was a cold smile that appeared on his lips and he kissed her without any hesitation.

This time, it was just a gentle touch with a sparkle in his deep eyes, "What you say doesn't count because I've already fallen in love with you."

Chapter 1796: Hell envoy's exclusive love appraiser (Part 45)

At that moment, Luo Qing Chen's mind exploded and turned blank.

Like this, Du Jiu Sheng, surrounded by snow and petals had confessed to her.

This open confession, word for word, filled with sincerity.

"You....." She pursed her lips and had a smile that was hard to hide as she said, "What did you just say?"

There were some things that needed to be heard again because that way when she thought about it, she wouldn't be able to stop her lips from rising.

Du Jiu Sheng saw her happy expression and couldn't help wanting to say more.

When he fell in love with her, how much he loved her, how that love had turned him into what he was now.

He raised his right hand and took a petal from her hair before patting her head, "I love you, Luo Qing Chen."

A short six words felt like thousands of years had passed for her.

The last time he had told her that he loved her, she could remember it was long as she closed her eyes.

Surrounded by gunfire, how he used his power to turn his blood into ice and how he had said he loved her.....

Going around, it was like everything had returned to the beginning.

He was still that Du Jiu Sheng and she was still that Luo Qing Chen, nothing had changed.

The only thing that changed.....was that she wouldn't let that sad ending happen again.

"I also love you, Du Jiu Sheng." She stood on her tiptoes and placed a kiss on his cheek, "But I don't need your protection."

"That is why even though you had clearly seen your death that you weren't willing to tell me?" He couldn't help feeling a bit annoyed as a helpless smile appeared on his lips, "You think that I can't protect you?"

"No." She shook her head and stroked his face with her right hand, "I know that you will do everything you can to protect me until you use your final bit of strength, the final bit of your life....."

After saying this, her voice became a bit choked up, but she still looked in his eyes and continued.

"I don't want you to lose your life again to protect me."

Du Jiu Sheng wouldn't understand, he wouldn't understand because he didn't have the memories. If he died because of her every time, it was better that they don't meet.

He looked at her in a daze and seeing her slightly knit brows, he could see that she was a bit worried.

His heart strangely hurt.....

For a long time, he didn't say anything. Luo Qing Chen hesitantly asked, "Do you not understand?"

It should be that he didn't understand! After all, he only had the memories of this world and he didn't know a thing about what happened in the two other worlds.

The fact that he couldn't understand.....was very normal.

But his eyes that were as deep as the seas had a pampering look as he looked at her, "I understand."

"You....."

"But what about it?" Du Jiu Sheng gave a chuckle and his slender fingers slid across her face, "It's already too late."

Since the day they met, it was all too late.

He didn't want to admit that there was the existence of love at first sight, but it had deeply rooted in his heart.

“What do you mean it’s too late?” Luo Qing Chen knitted her brows, as if she didn’t understand and as if she didn’t want to understand.

“Un humph.” He gave a soft snort as he narrowed his eyes and came beside her ear to say, “Because I love you so much that even if I lose my life, I will definitely protect you.”

#### Chapter 1797: Hell envoy’s exclusive love appraiser (Part 46)

This was probably the most beautiful loving words she had heard in this life.

She didn’t even know how to respond or refute it.

Du Jiu Sheng’s words had already said everything.

She didn’t even need to think at all to know that no matter which Du Jiu Sheng it was, he had an obsession that normal people didn’t.

And this time, he directly told her this obsession.

This kind of heart throbbing.....

—

It was already half past eight when they returned to the library. Lan Fan had been waiting in the hall for them and of course there was Hong Yue with a dark look on her face.

“You’re finally back! Are you alright!” He looked at Luo Qing Chen with a bit of worry. After all, after being together for a while now, they had developed some feelings.

Luo Qing Chen shook her head, “I’m fine.”

“Of course you’re fine, do you know what price Jiu Sheng paid to find you?” Hong Yue crossed her arms as she coldly looked at her, “You’re fine, you aren’t injured at all.

“Hong Yue.”

“Jiu Sheng!” Hong Yue but her lip as she looked at him, “I am doing this for your good, I really am.....”

“Hell envoy Yue Hong Er.” Du Jiu Sheng even called out her previous life’s name as his eyes turned ice cold.

Hong Yue was surprised as she was frozen in place. It had been close to two hundred years since someone called her that. Ming Si had told her before that there were crimes associated to this name, so she could change her name after becoming an envoy of hell.

She had already forgotten her past memories and didn’t know what crimes there were.

But since Ming Si had said it, she had casually changed her name.

After all, it didn’t matter if she had a name as an envoy of hell.....

But now, Du Jiu Sheng had called her by her name in such a strict and unfamiliar manner.

“Starting today, you will be following Fur God in the western district.” Du Jiu Sheng’s eyes were a bit cold as he looked at her, “I have already talked to Ming Si about this, you don’t need to come to the library starting tomorrow.”

There was no discussion at all, they had broken their.....friendship of the last several hundred years just like this.

“You don’t want.....me?” Hong Yue was clearly very hurt as tears filled her eyes.

Why? She had been with him all these years, but she couldn’t compare to Luo Qing Chen who he knew only for a year.

Could it be that it was only because she was his love tribulation?

“I never had friends or a lover.” His tone was cold without a trace of emotion as he said, “We were only colleagues, I think you know this better than me.”

“But the you now has.....has friends!” Hong Yue wasn’t willing as she patted her chest, “Are we still not friends?”

“No.” Du Jiu Sheng didn’t think as he instantly replied, “I still have no friends, but I have a lover.”

“What?”

“Ah! Big brother, you.....you have.....a lover?”

It wasn’t only Hong Yue who was surprised, Lan Fan was also surprised!

This person who loved gossip the most actually didn’t know that he had a lover!

Lan Fan looked at Du Jiu Sheng before looking at Luo Qing Chen. He couldn’t help giving her a thumbs up as he thought: She really is the number one love appraiser, she got this big ice mountain’s heart in just a few days!

“Un.” He softly replied before turning over, as those ice cold eyes had filled with gentleness and pampering.

He looked into Luo Qing Chen’s eyes and quickly gave her a kiss. Then his lips curled into a faint smile as he said, “My lover.”

### **Chapter 1798: Hell envoy’s exclusive love appraiser (Part 47)**

The moon in the night sky was bright and round, as if everything had gone back to the beginning.

Fate was not something that could be avoided just because you want. Luo Qing Chen had been thinking for a long time after Hong Yue left.

Whether it was her guess or when Du Jiu Sheng said Hong Yue’s name, she should have been the previous host’s maid six hundred years ago.

But she didn't say anything for one reason, rebirth was the reincarnation of fate, everything would return to the dust.

No matter what sins she committed in her past life, since the underworld and Ming Si had been willing to forgive her, she didn't have any rights to reveal the sins of her past life.

But in other words, it should mean that the person who was innocent was the previous host from six hundred years ago.

After all, she didn't do anything, but she was subject to this strange curse over the past hundred years.

Actually, this was the most unfair thing.....

In her mixed thoughts, she drifted off to sleep.

The next morning, there was a special guest that came to the library, a very special guest.

This was Luo Qing Chen's first time seeing Ming Si, this man who was as gentle as jade. He was a sharp contrast compared to Du Jiu Sheng, who was also from the underworld, but he looked much more friendly than him.

"This must be miss Luo Qing Chen!" Ming Si's lips curled as he revealed a faint smile.

Luo Qing Chen could clearly feel that there wasn't any danger in this smile, but Du Jiu Sheng didn't hesitate as he stood in front of her and said to Ming Si, "Sir Ming, Qing Chen, she....."

Ming Si saw how nervous Du Jiu Sheng was and waved his hand, "I won't hurt her, our relationship is much deeper than you can imagine."

Luo Qing Chen narrowed her eyes. Although she didn't understand what Ming Si meant, at least the words 'won't hurt her' were true.

But Du Jiu Sheng didn't move to the side.

"It's fine." Luo Qing Chen softly pulled on his sleeve, "If sir Ming wanted to hurt me, it would be very difficult for master to protect me."

"No, no, no." Ming Si revealed a faint smile as he looked at her, "The person that Jiu Sheng wants to protect, there is no one in this world who can take her away."

"I wonder what sir Ming has come here today for?" Du Jiu Sheng narrowed his eyes as he gradually dropped his initial guard.

Ming Si's words never went against his words. Since he said he wouldn't hurt Luo Qing Chen, then he wouldn't hurt her.

Only, he didn't know why he felt nervous. So loving a person meant that you could lose all your senses and the only important mission in your life was her safety.

"Of course I came to bring you good news." Ming Si took out two black signs from his pocket, "Jin Rong Feng and Liu Qi Duo's signs have been taken down."

Du Jiu Sheng was surprised before quickly coming forward to take it as a sparkle appeared in those deep eyes, "The signs are finally here."

"But I must tell you, they are six hundred year old vengeful spirits, so if they fight to the end, even I won't be able to stop them." Ming Si then said, "But the good news is that once this sign is taken down, they can stay in this world for no more than seven days."

"I know this." Du Jiu Sheng knitted his brows, "But I know that in these seven days, it will be the strongest time for them as vengeful spirits."

"As your boss, I hope that you will take care of yourself." Ming Si gave a chuckle, "As a brother for several hundred years, protect yourself and your disciple."

"Sir Ming....." Du Jiu Sheng slightly knitted his brows before giving a nod, "Thank you."

#### Chapter 1799: Hell envoy's exclusive love appraiser (Part 48)

"Just to be on the safe side, how about we have a wedding between an envoy of hell and a human?" Ming Si looked up with eyes as deep as ink, with a bit of warmth in them.

Everyone was surprised, never thinking that Ming Si would say something like this.

After all, there was the way that he had taught each hell envoy to pass their love tribulation and he never pushed them towards it.

Du Jiu Sheng didn't know what he meant by this, but Luo Qing Chen could see a different meaning in his eyes.

Actually, she didn't like seeing these eyes.

"Is it.....really possible?" Du Jiu Sheng's voice that had always been calm finally had ripples in them.

This was his first time being uncertain because he deeply knew that as a hell envoy, he wasn't qualified to have love.

Even if he yearned for it in his heart.

"Yes." Ming Si nodded, "I can even be your witness."

"Alright, thank you." Du Jiu Sheng turned to Luo Qing Chen, "Before this, I still have to ask miss Luo if she's willing to marry a hell envoy who was everything and nothing at all."

"Wa." Lan Fan standing on the side looked at Du Jiu Sheng with a smile as he said, "Big brother, so you knew how to flirt!"

"He can say more than you can imagine." Luo Qing Chen pursed her lips and looked into his deep as ink eyes with a faint smile, "No matter what happens in the future, you will have me."

"Fool." Du Jiu Sheng raised his right hand and lovingly patted her head, "This love tribulation thing.....really is good."

Ming Si gave a happy nod as he looked at them, "It's better to strike the iron while it's hot. Since I'm here, I can give you a marriage certificate."

"Alright, it's a blessing to have sir Ming hold a wedding for me and Jiu Sheng." Luo Qing Chen pursed her lips and said, "After all, you are master's most respected person for the past six hundred years."

"He, he." He looked up and revealed a hard to hide smile, "Good."

—

Du Jiu Sheng and her wedding was even more 'grand' than expected because most people that came weren't human.

At most of the guest tables, 90% of them were hell envoys. They had smiles as they attended in formal attire.

The wedding dress fell over the land and the sky was filled with prosperity.

Everything in S City was revived and countless flowers bloomed, filling the sky with petals.

"Are you willing to marry mister Du Jiu Sheng, for better, for worse, for richer, for poor?"

"I do."

"Are you willing to marry miss Luo Qing Chen, forever staying by her side, loving her and protecting her?"

"I will always be with her and protect her from any worries."

He looked at her with gentle eyes, as if he was staring at a treasure, not looking away for a while.

"Woah." The brothers under the stage kept shouting, "Big brother Jiu Sheng, I never thought that you would get girls like this! You're just too professional at getting girls!"

"Right, right, this is my first time attending a wedding since becoming a hell envoy, this is simply too handsome!"

Ming Si looked at them and revealed a faint smile, "The newlywed can now exchange rings and then....."

Before he finished, the people under the stage chanted in unison, "Kiss! Kiss! Kiss!"

There was only one person who didn't say a thing.....She stood in the darkest corner drinking glass after glass of wine, feeling like her heart was being pulled apart.

Chapter 1800: Hell envoy's exclusive love appraiser (Part 49)

Du Jiu Sheng married Luo Qing Chen like this and with Ming Si's preparations, all their close friends and family were invited to witness their love.

Based on what? Based on what? Based on what?

She wasn't willing, she truly wasn't willing.....

Being together for hundreds of years, each lonely day spent in the same study.

Receiving each dead person, perhaps they might be good or kind.

Seeing these people come and go, as the flowers bloom and fell, there was an indescribable feeling.

It was a kind of.....irreplaceable companionship.

But this kind of irreplaceable feeling was only for her and not Du Jiu Sheng.

When he knew that his love tribulation would appear, he went to find Ming Si and said: I never believed in this and I would never fall in love with anyone.

But when Luo Qing Chen appeared in the library, he had changed.

Moreover, it was a random change. The deepest impression was the blooming cherry blossoms on his desk.

Although his expression was calm, he still gave her that folder.

It should have started at that time.....Du Jiu Sheng already completely belonged to another person and wasn't her.....companion.

She didn't know how much she drank, but Hong Yue swayed through the hall. There was a cold wind that helped relieve her aching head.

It wasn't the wine, but the person itself.....

"Miss Hong Yue, please wait."

There was an enchanting voice from behind her. There was a deep smile on those red lips as those eyes looked at her back, "I can feel a strong hatred from you, is it from love?"

Hong Yue narrowed her eyes and suddenly turned around with a dark red glow on the ring on her right hand.

She just gave a cold snort, "A mere spirit actually appears in front of a hell envoy, you really don't want to live."

"Ha, ha, ha, ha, ha, ha!" Jin Rong Feng broke out in laughter, "The sign of the underworld has already come down, your Ming Si can't even do anything to me. I still have seven days, I can help you kill your love rival at my most powerful time, could it be that this isn't exciting for you?"

His tone was a little provoking and his eyes were blood red. He was also gradually releasing a rotten scent that couldn't be hidden no matter how much perfume he used.

But even so, Hong Yue still hesitated looking at this disgusting Jin Rong Feng.

She knew in her heart that she wanted Luo Qing Chen to disappear forever from this world, she wanted her.....to die.....

That kind of terrifying thought kept appearing in her mind, that kind of desire.

“What do you want me to do?” She gritted her teeth and slowly lowered her right hand, as that ring that was like a god suddenly stopped glowing.

As a hell envoy, she wanted to cooperate with a spirit.

It wasn't just a spirit, it was a vengeful spirit.

“It's very simple.” Jin Rong Feng gave a shrug, “Luo Qing Chen has already been hit with my Resentful Soul Curse. As long as you help me put something in her room, I will be able to effortlessly kill her.”

As soon as his voice fell, he took out a black bead from his pocket and put it in her hand, “This is the bead condensed from my soul, I can absorb all her essence in just a few hours with it.”

“Essence orb.....” Hong Yue knitted her brows as her hand trembled while accepting the bead from Jin Rong Feng, feeling a bit nervous.

But even if she was nervous, she already had her answer in her heart.

She loved Du Jiu Sheng, she wanted to kill Luo Qing Chen.....
