### Chapter 1821: Killer wife of King Nan Chao (Part 2)

After accepting the memories of the previous host, Luo Qing Chen for the first time felt that being born obsessed was a terrifying thing.

The previous host entered the palace at the age of nine and became the supporting male lead, Mu Han Che's maid. The supporting female lead Mu Han Che was King Mu's third son, so he had a lowly status.

The previous host didn't care back then, she just felt that after wandering for four years, she finally had a home.

She didn't have any memories before the age of five and it wasn't until long after that she learned that these memories disappeared because of a strange poison.

This was a three part split world. The Mu Country was the weakest of the three countries, so King Mu worked hard for many years before falling to illness.

King Mu had three wives, the queen gave birth to a child, another concubine had a daughter, and Mu Han Che had the lowest status.

Because his mother was nothing more than a singer, an occupation that was considered shameless in this world.

Even if she didn't sell her body, the people in the palace still looked down on her. There would always be people who said that Mu Han Che's birth was an accident.

It wasn't that King Mu wanted to give birth to him, but because his mother gave birth too easily.

The previous host was led into the palace by the eunuch who took care of Mu Han Che. When she first met Mu Han Che, she was only fifteen years old.

He was dressed in dark clothes and there was a bit of unclear gloominess in his eyes. Those eyes didn't seem like the eyes a fifteen year old young man should have.

"You will be called Xiao Qing and you can call me young master."

"Yes, young master."

Mu Han Che looked at the eunuch with a meaningful gaze who gave a slight nod.

Luo Qing Chen was put in a side wing after entering the palace. After all, he had no position in the palace, not to mention a small maid like her.

When she had a swollen face one night from being bullied, Mu Han Che used his black handkerchief to wipe the blood from the corner of her mouth, "Only when you become strong will people not bully you."

"Young master....."

"Become my secret guard, I will have an expert teach you martial arts."

The previous host didn't understand what Mu Han Che meant then, she just nodded right away.

Actually, Mu Han Che never would have known that whether it was as a secret guard or as something else, as long as he said anything, the previous host was willing to do it for him.

The previous host was no longer Mu Han Che's personal maid and she was taken to a secret room in the palace by the eunuch.

There were thirty people inside and they all had scars on their bodies. There was also the scent of blood that filled this room.

The previous host felt her stomach churn. Everyone looked at her with cold gazes, without a single bit of emotion in their eyes.

"You will be training here from this day forth. The young master wanted me to tell you that you have to grit your teeth in determination to keep living." The eunuch said these final words in a soft voice beside her ear.

It was probably because of this that no matter how hard it was for the previous host, she gritted her teeth and survived.

After three years, there were only seven left of the over thirty people.

They didn't kill each other, but the people who died couldn't take the inhuman abuse and collapsed.

The remaining seven had gripped their fists, they were all unique.

The most exceptional among them was the previous host, but the two best people other than the previous host were Song Le and Chi Mo.

They were the most powerful three swords among the secret guards, born to die for Mu Han Che and kept performing unseen tasks.

The previous host understood, but she enjoyed the hardships.....

### **Chapter 1822: Killer wife of King Nan Chao (Part 3)**

They had gone through life and death many times and each time they came back, Mu Han Che just gave them a nod and told them to apply their own medicine.

The previous host never knew why this person could be this indifferent. Their group had died for him, but he didn't give a certain word of affirmation.

He was indifferent like a piece of thousand year old ice, letting no one approach him.

But the youthful previous host didn't believe this. On a day where the sky was filled with snow, she went to Mu Han Che's bedroom from the secret room.

There seemed to be a charcoal fire there and she could feel a bit of warmth on her feet standing at the door.

When she wanted to knock on the door, the door suddenly opened.

She moved very quickly and hid in the bushes by the door.

When she saw this scene, there were no words to describe the pain in her heart.

She saw the cold Mu Han Zhe gently holding a girl. She was wearing a creamy white dress with a butterfly pattern, with a silver plated hairpin inlaid with an emerald in her hair. She seemed noble and glamorous.....

And she was wearing a simple and patched up dark robe and she didn't have any makeup on.

Compared to the girl beside Mu Han Che, she was that lowly and.....small.....

The previous host stood there and watched everything happening as her heart died.

It turned out that she liked and admired Mu Han Che this much, but she was never willing to admit it.

When the eunuch sent that girl away, Mu Han Che looked up in her direction, "Come out."

His voice was very cold, just like ice, shaking her soul.

The previous host slowly came out and fell down on the ground covered in the snow as she bowed down, "Greetings, young master."

"Un." Mu Han Che gave a slight nod and said, "Come in with me."

If it was said that the previous host had a bitter unrequited love and worship before, this was the only night that she spent with Mu Han Che in the same room. He took the wine and gave it to her.

Without knowing why, the previous host who normally feared him didn't refuse this time. She just opened it and drank it all down.

Mu Han Che narrowed his eyes as he looked at her, with a bit of a sparkle in his eyes.

He narrowed his eyes as he looked into her clear eyes. With a bit of flush, he raised his right hand to raise her chin and placed a kiss.

It was this kiss that made the previous host walk the wrong path in the end.

According to Song Le, it was Mu Han Che who sent her back to the secret room last night. She asked if she would become a phoenix and the previous host couldn't help smiling when she heard this.

But Chi Mo's expression wasn't good. He seriously told the previous host that Mu Han Che wasn't as she imagined.

He could pay any price to get what he wanted.

As his secret guards, they were only his pawns.

The previous host had angrily refuted him and angrily broken off their friendship.

The border of life and death.....

It was because she wasn't willing to hear other people talk badly about Mu Han Che.

But facts proved that Chi Mo was right because three days later, Mu Han Che announced the date of his wedding. The other side of the wedding was the girl that she had seen the other day.

She was the Yu Country's princess named Yu Jin Er.

The previous engagement between the two countries was for Mu Han Che's older brother, Mu Chao Yang, but Yu Jin Er had changed her mind and insisted on marrying Mu Han Che.

#### Chapter 1823: Killer wife of King Nan Chao (Part 4)

Since the Yu Country was stronger than the Mu Country, even if King Mu wanted her to be betrothed to his son Mu Chao Yang, he couldn't do a thing.

Yu Jin Er was the beloved daughter of King Yu, so whether it was in the Yu Country or the Mu Country, no one dared to go against her wishes.

A month later, Mu Han Che married Yu Jin Er. In the eyes of others, they were a good match.

Only the previous host was alone in the secret room, crying her eyes out.

There was only Song Le and Chi Mo who were by her side.....

Chi Mo couldn't stand seeing her in pain like this and said, "Let's leave here, just the three of us and wander the world!"

Song Le nodded without any hesitation. The previous host looked at them and decided to leave this painful place.

She decided to live a normal life from now on, having nothing to do with the royal palace or Mu Han Che.

But they didn't know that they were found by Mu Han Che three days after escaping. He stood on the high platform looking at Luo Qing Chen who was being protected by Song Le and Chi Mo, with a bit of worry in his deep eyes.

Then he coldly looked at them and softly said, "I'll give you a chance, only one can live."

His secret guard had chosen to flee, if he were to find out, they would definitely lose their lives.

But he gave them a choice this time, only one out of the three would live.

This was a desperate choice, it wasn't a chance at all.

At that moment, Song Le and Chi Mo stood up in front of her at the same time with determined looks.

For them, the previous host was their little girl and they could use their lives to protect her.

Chi Mo took another step forward and put Song Le behind him as he looked up at Mu Han Che, "Let them go, alright? Everything was my idea. I ask young master.....to kill me!"

"Of course I will kill you." Mu Han Che narrowed his eyes as a cold glow appeared in them, "You think that I can't tell what you're thinking?"

Every time he was with Luo Qing Chen, every time he made her laugh, there was a different feeling in his heart.

He hated Chi Mo, hated him from the bottom of his heart. He didn't know why, but this feeling kept sprouting from the bottom of his heart.

"It's good that you know, it's too bad that I can't get it." Chi Mo lowered his head, speaking with the strength of a man as endless loneliness filled his voice.

Even if he was a secret guard, he didn't back down when he was in front of them.

Until there was an arrow that pierced through his heart, then he fell down. The previous host and Song Le called out and held Chi Mo in their arms as they shook their heads while muttering, "No.....no....."

In the end, Chi Mo still closed his eyes. Before dying, he looked right into Luo Qing Chen's eyes and said, "I like you very much, I really do.....It's a pity that....."

Song Le broke out in tears and kept shouting, "Chi Mo, Chi Mo, Chi Mo....."

Actually, she knew that Chi Mo liked the previous host, but she couldn't stop herself from liking Chi Mo. For her, it was enough to watch something she liked from afar.

She could protect Chi Mo and the previous host.

When the two of them collapsed, Mu Han Che narrowed his eyes and looked at her, "I'll give you a chance. Marry into the Nan Chao Country and make Nan Yi Sheng fall in love with you before killing him, that will be your final task. After you finish it, you can take Song Le and leave."

"Don't agree to him....." Song Le tightly held her hand and said, "I'm not afraid of death."

The previous host took a deep breath before looking at Mu Han Che, "I agree."

#### Chapter 1824: Killer wife of King Nan Chao (Part 5)

With this burden, the previous host left the Mu Country and headed to the Nan Chao Country in plain clothes.

Song Le was detained in the Mu Country by Mu Han Che because there was a strange uneasy feeling that he had. He always felt that the previous host would disappear forever.

After all, the crown prince of the Nan Chao Country, Nan Yi Sheng was a man with a peerless appearance.

Although he had never seen him, he was worried that the previous host wouldn't return.

Song Le was the final card in his hand. Mu Han Che was very clear that as long as Song Le was in his hand, Luo Qing Chen would return.

The day they parted, Song Le reluctantly looked at her and kept saying, "Live, live, live."

She gave a slight nod and revealed a faint smile.

Song Le was completely right, the most important thing for killers like them was to live.

Because only by living could they complete their task and have value.

The road to the Nan Chao Country was very long, it took half a month of bumpy roads before reaching the royal palace.

When the previous host first saw Nan Yi Sheng, she did feel shocked.

He was as gentle as a spring breeze and the slight curl of his lips was incredibly beautiful.

But her mission was to kill him.....

The previous host used her beauty to enter the Nan Chao Country's royal palace and thought of a way to become the maid of Nan Yi Sheng's palace.

He had a good temper with everyone, but there was a faint emotion in that good temper.

It was like he had a bit of difference when he looked at the entire world.

She used many forceful ways, using an encounter in the garden or accidentally cutting her hand with the broken teacup to catch Nan Yi Sheng's attention.

It was a pity.....that not a single one worked.

Until the sons of King Nan Chao competed. The weak Nan Yi Sheng wasn't planning on participating, but his brave third brother forced him to participate. He said that the crown prince would be the future king of the Nan Chao Country who would unite the country, but if he couldn't even protect the country, he would be letting down his responsibilities to the Nan Chao Country.

King Nan Chao heard this and said with a nod, "Let it go to the end".

The two sides met in battle and Nan Yi Sheng wasn't Nan Yi Yong's match, being defeated in a few moves.

Nan Yi Yong didn't stop there, stabbing out at his heart.

The previous host.....saved him.

It was only at that moment that Nan Yi Sheng noticed the previous host and was surprised.

The ending of the story was very short in the previous host's memories. She used this chance to become Nan Yi Sheng's personal maid, feeding him poison bit by bit before killing him.

Actually, the previous host always hesitated, so she used less than half of the dose that Mu Han Che had told her to use, but Nan Yi Sheng's body still collapsed very quickly.

Although he didn't love her, it still took him three months to die.

On the day Nan Yi Sheng died, the previous host didn't go see him and silently left the royal palace.

The person she owed the most in this life was Chi Mo and the person she wronged the most was Nan Yi Sheng.

Because since she had been seriously injured for him, he hadn't treated her badly. Although there wasn't love between them, Nan Yi Sheng had done enough for the 'master and servant relationship' between them.

But even so, he couldn't change the previous host's mind.

Because she loved Mu Han Che. Even if Mu Han Che was cold and cruel to her, she still loved him.....

#### Chapter 1825: Killer wife of King Nan Chao (Part 6)

The previous host didn't go back to the Mu Country after finishing the mission and wandered alone to many other places before finally dying three years later.

Before she died, she thought of Song Le, Chi Mo, Nan Yi Sheng, but she didn't think of Mu Han Che.

He seemed to have disappeared from her memories, suddenly becoming blank.....

Un, she regretted it.

This kind of love was doomed to fail since the beginning, but she had fallen because of one kiss.

It should be this obsession that came to the bronze mirror and caused the appearance of Luo Qing Chen.

When she appeared, it was the day the horse carriage arrived in the Nan Chao Country.

[Has the host sorted out the memories?] The system thought that it had already been three hours, did the host wander around in another world?

Ah! She was suddenly a bit scared by someone talking in her ear. Isn't this an A rank mission? Let me think about it.

[System notification: The male lead didn't die in the previous host's world.]

?

What does that mean? He didn't die?

[Yes. The host should slowly unlock that reason!]

Luo Qing Chen felt an urge to beat the system when she heard this, but she endured it!

Since coming to this world, everything seemed to be based on the story. She would take care of the system later!

First, let's not talk about the Mu Country's affairs. What kind of personality did this crown prince of the Nan Chao Country, Nan Yi Sheng have?

He didn't have a consort or a concubine in the previous host's memories. Even though she got hurt for him, she was only made a first class maid and was taken care of.

Seeing the bustling streets, Luo Qing Chen couldn't help shaking her head and muttering, "It really is worthy of an A rank mission, even the male lead's personality is hard to figure out!"

Luo Qing Chen didn't have time to think. She stayed in an inn for the night and followed the path of the previous host the next day, going to become a palace girl.

The previous host looked very good, with eyes that were as clear as stars and a cute pair of light dimples.

This look had instantly taken the official and she entered the palace in the afternoon, becoming the maid of the Supreme Harmony Hall.

The Supreme Harmony Hall was where the current king of the Nan Chao Kingdom lived!

Standing at the gate of the Supreme Harmony Hall, Luo Qing Chen slightly knitted her brows.

As expected, when she came to this world, there were many things that changed.

She vaguely remembered that in the previous host's memories, she had been assigned to the kitchen when she entered the palace and had been assigned to help the imperial chef.

But now she had directly become a palace girl.

She felt.....a bit unsettled.

"This is where you will work from now on. Remember to talk less and do more, be careful of your words and actions." The official looked at her and warned her like every palace girl before her.

But she didn't forget to add, "Opportunities are for those who are prepared."

Luo Qing Chen immediately understood the meaning of this. She narrowed her eyes and looked at her with a faint smile, "Qing Chen understands."

She was surprised when she had said this. In the previous host's memories, Mu Han Che had told her that her name was Xiao Chen.

But the bronze mirror had shown the words 'Luo Qing Chen'.

Could it be that this name was related to the identity of the previous host that Mu Han Che hid it?

She felt a light bulb suddenly come on in her head.

She had to compliment herself from the bottom of her heart, she was so smart and had sneaky ideas.....

Chapter 1826: Killer wife of King Nan Chao (Part 7)

[Can the host act more normally? This is an A rank mission.]

Alright, excuse me!

The first few days of entering the palace was peaceful because she never even saw Nan Yi Sheng's face.

She would have basic training with a few palace girls who had just entered the palace. The official in charge would come back to look at everyone from time to time and each time her eyes couldn't help falling on Luo Qing Chen.

She always felt that there was something indescribable in her eyes.

Luo Qing Chen felt that the palace girls she stayed with for a few days were quite good. Most of them came from poor families, but they looked good, some of them looked even better than the brothel girls.

But fate was the difference in the end.....

“Did you hear? King Nan Chao is looking for a consort and concubines for the crown prince!” Qiu Ju said with a look of pretend disappointment, “I really envy those noble people.”

“Right, right! The crown prince really is gentle, completely different from his third highness!”

“Shh, are you crazy? You’re actually saying things about his highness, do you still even want your head!”

Dong’er pursed her lips and looked at Luo Qing Chen, “Xiao Chen, don’t you think I’m right!”

The previous host didn’t know that she was called ‘Luo Qing Chen’, so she interacted with everyone as ‘Xiao Chen’ at first!

“Shh.” Luo Qing Chen put her index finger to her lips and looked at Qiu Ju, “You really can’t say such things.”

“Alright!” Qiu Ju said with a bit of an aggrieved look, “I won’t talk randomly from now on!”

That night, Luo Qing Chen didn’t sleep that well. Her mind was filled with thoughts, like her mission was frozen.

It seemed like she had fallen into the same dilemma as the previous host, she had no way to approach Nan Yi Sheng!

Could it be that she had be heavily injured for him?

But.....she was a bit afraid!

—

Since Luo Qing Chen had been considering this all night, she was a bit tired the next morning.

But when she followed a group of maids to the Approaching Heaven Hall, she suddenly woke up.

What entered her eyes was a large palace and there were four crystal beads that came from the ground. The bead was covered in a cold white glow and it created a five elemental array in the center!

Because of her humble status, Luo Qing Chen as a maid stood far away, but she was still amazed at this distance.

“What is this?” Qiu Ju who was always the most talkative asked from the side.

The minister glared at her when she said this.

Qiu Ju’s face turned pale in fright and she almost fainted.

Actually, Luo Qing Chen was also scared by this glare and she couldn’t help feeling a cold sweat for Qiu Ju.

“Today is the crown prince’s concubine selection ceremony. Our Nan Chao Kingdom are friends with the witches of Heavenly Snow Peak, therefore we must receive the blessing of the Heavenly Spiritual Flower Array before we can select the concubines.” King Nan Zhao finished his speech and knelt down. Following this, everyone else also knelt down.

Luo Qing Chen narrowed her eyes as she kept looking for Nan Yi Sheng, finally finding him in a conspicuous place.

He was wearing a moon white robe which fluttered in the wind. His face was as calm as water, with eyes that seemed like they could see through the entire world.

“Now we invite the witch race’s spiritual woman, aunt Luo Xin.” There was a eunuch’s voice that rang out.

The people created a path and there was a woman wearing a long phoenix dress that slowly came forward.

She looked quite young, looking to be around seventeen or eighteen, so why did the eunuch call her an aunt?

#### Chapter 1827: Killer wife of King Nan Chao (Part 8)

Luo Xin crossed her hands and created a heart shape. There were transparent butterflies around her wrists as the sacred water lakes around the Approaching Heaven Hall suddenly started forming vortexes.

This scene was like a waterfall flowing in the sky, it really was spectacular.

“Reporting to King Nan, there is a princess destined for the crown prince in this hall, but since our witch race has lost our sacred girl seven years ago, the astrolabe isn’t stable and we can’t accurately calculate who this person is.” Luo Xin lowered her head with a bit of guilt, “I ask King Nan to forgive me!”

“Aunt, what are you saying!” King Nan looked at her with a grateful look, “Aunt being able to do this much is already enough.”

As soon as his voice fell, he looked at the beautiful harem girls and said, “Send down the isolation order. All the harem girls will enter the Starlight Hall tonight and the crown prince will choose from them.”

Nan Yi Sheng’s eyes were indifferent from the beginning, not showing any signs.

But as he was about to turn around, he seemed to have noticed something. His dark as ink eyes looked in Luo Qing Chen’s direction.

His eyes met with her eyes.

She suddenly felt her heart skip a beat and there was a special nervousness.

It was like silently paying attention to a youth and then he looked back to meet her gaze.

Luo Qing Chen had this kind of feeling.

Nan Yi Sheng’s beautiful eyes narrowed as he looked in Luo Qing Chen’s direction for a while.

Only when he was the only one left did he finally look away.

Why did that maid's eyes look so familiar? It was like seeing her made his heart skip for ten thousand years.

This kind of feeling was something he had never felt since he had been born.

It was like those eyes had the power to pass through time and space to shine through his life.

Without any warning.....

—

Luo Qing Chen stood there for a long time before coming back to her senses. Dong'er on the side pulled at her hand, "You're still looking, it's time to go."

"Un." She said with a nod, "Yi, where's Qiu Ju?"

"She was called away." Dong'er knitted her brows, "I don't know if she'll be punished."

"Her mouth did slip just now." Luo Qing Chen knitted her brows, "In that situation, Qiu Ju shouldn't have said anything....."

This girl, she didn't take what they said last night to heart.

She would probably be hit with the board this time.

But Luo Qing Chen and Dong'er never thought that.....Qiu Ju wouldn't be simply hit.

Because she didn't show up even when dinner came.

Dong'er's big sister was a maid before and she left her some contacts before entering the palace.

Luo Qing Chen had her secretly ask around. It wouldn't be bad if she was just locked up.

However.....

"This is bad, this is bad!" Dong'er rushed into the room and looked at Luo Qing Chen, "Qiu Ju.....Qiu Ju has been locked in the dungeon."

"What do you mean by that?"

"She ruined the sacred ceremony, so she must sacrifice all her blood to the witches." Dong'er was crying as she looked at Luo Qing Chen helplessly, "What to do, what to do? Xiao Chen, what should we do?"

Luo Qing Chen bit her lip when she heard this. She looked around and saw that all the other maids other than Dong'er had silently taken a step back when they heard this.

She didn't blame them since the most important thing in the palace was protecting yourself.

"I'll go find the crown prince." Luo Qing Chen looked at Dong'er, "Go and hide at the door to the dungeon, pay attention to anything that happens."

## Chapter 1828: Killer wife of King Nan Chao (Part 9)

Luo Qing Chen came to Nan Yi Sheng's Starlight Hall through an alley. There were a row of harem girls standing at the door, as if they were waiting to see him.

System, I need a set of black clothes.

[Ding, 500 exchange points has been taken. Successfully exchanged for a set of black clothes.]

?

Why are these clothes so expensive?

[Because the host is too strong right now and can't use many things in the store, so the store is empty now.]

Scram! Give me two chocolate chips!

[Ding, the kind system has given the host a bag of chocolate chips!]

Luo Qing Chen felt that the system was a bit warm. She knew why and knew that the system was teasing her.

After all, the previous world was a special world and most of the new worlds after that were calm worlds without many ups and downs.

After changing into the black clothes, she entered through the side entrance. With her skills, the guards weren't able to notice her as she entered the main hall.

Actually, she wanted to use her 'beauty' to make Nan Yi Sheng help her save Qiu Ju, but it shouldn't be possible with her 0% affection.

So.....

Kidnapping was the best way!

After all, in the memories of the previous host, although Nan Yi Sheng had a peerless appearance, his strength wasn't that good.....

Luo Qing Chen stood behind the curtain and softly picked up a stone before throwing it at the candle.

The entire room fell into darkness.

Nan Yi Sheng's eyes had a sharp glow in them and there was a ghost of a smile on his lips.

Luo Qing Chen quickly came to his side and picked up the knife from the table which she put at Nan Yi Sheng's neck, "Don't move."

The other side was surprised. There was a sparkle in his eyes and when he wanted to speak, there was a chocolate chip that was placed into his lips.

"Help me save someone and I'll give you the antidote." Luo Qing Chen was very direct since Qiu Ju shouldn't have had much time.

Nan Yi Sheng looked down at her white as snow hand and said, "Your knife is backwards....."

Luo Qing Chen heard this and quickly turned the blade around before saying with gritted teeth, "You.....Stop wasting words! That.....this poison is very strong and it will reach your heart through your blood!"

"Your highness, did something happen?" The eunuch at the door saw that the hall fell silent and asked, "Do you need this servant to get a lamp for you?"

"No need." Nan Yi Sheng's cold voice slowly rang out through the hall.

He turned and looked behind him at Luo Qing Chen, "But you haven't said what you want me to do yet?"

"Ke, ke." Luo Qing Chen cleared her throat, "Help me save a maid."

"A.....maid?"

This time Nan Yi Sheng's calm eyes revealed a trace of surprise. After all, using this kind of method to hold him hostage, it was just to save a maid.

Nan Yi Sheng followed Luo Qing Chen out the back door to the prison.

Because they took an alley, no one found them even though it was late.

When they came to the prison, after Dong'er saw Nan Yi Sheng, she was stunned.

"You.....You really....." She was a bit speechless and couldn't say what she wanted to say.

"Let's go in first!" Nan Yi Sheng's expression didn't change as he looked at Luo Qing Chen in her black clothes, "Miss assassin should be more anxious!"

#### Chapter 1829: Killer wife of King Nan Chao (Part 10)

"That's reasonable!" Luo Qing Chen gave a serious nod to Nan Yi Sheng.

For some reason, seeing her in those dark clothes, when those clear eyes trembled, his heart strangely throbbed.

[Ding, affection has increased by ten. Mission completion rate is now 10%.]

This sudden increase in affection made Luo Qing Chen stare at Nan Yi Sheng with a new kind of understanding. He should be calm on the surface, but passionate deep down!

Otherwise, how could he have affection for an 'assassin'.

Luo Qing Chen had just finished and couldn't come back to her senses when Nan Yi Sheng was already walking towards the prison.

The two guards instantly gave a bow, "Greetings, your highness."

“Un.” He nodded and looked at the door with a renewed calm look, “Have minister Diao Shang release the maid.”

The two looked at each other before giving another bow, “Yes.”

As soon as their voices fell, Nan Yi Sheng turned back to Luo Qing Chen and Dong'er, “You two stand on the side first. Minister Diao Shang is someone who holds grudges.”

His voice was very calm, but there was a bit of concern in it.

Without knowing why, Luo Qing Chen liked this feeling, very much.....

After a while, minister Diao Shang came out of the prison with two old maids who were holding an unconscious Qiu Ju whose face was pale.

She saw Nan Yi Sheng and gave a bow before a different expression appeared in her eyes, “Your highness, were you asked to do this by others?”

“Whether I was or not is not up to you to ask.” Nan Yi Sheng gave a chuckle. His tone wasn't serious, but it made minister Diao Shang tremble.

She quickly gave a bow and said, “This servant doesn't dare.”

“This maid.....”

“Your highness, please be assured, there's no danger to her life.” Minister Diao Shang immediately replied, afraid of angering Nan Yi Sheng.

She knew better than anyone that the crown prince wasn't someone who could be bullied by his little brothers, he was just hiding his talons.

—

An hour later, Qiu Ju woke up in the maid quarters. Although she was very weak, Luo Qing Chen confirmed that her life wasn't in danger after taking her pulse.

She should have lost too much blood, which was why she had fainted.

“You, you, let's see if you dare to talk nonsense in the future!” Dong'er scolded her while feeding her medicine.

Qiu Ju heard this and her tears started to fall. Her voice was very weak as she said, “I won't, I won't.....I won't dare in the future.....”

Luo Qing Chen didn't blame her since Qiu Ju had suffered this time, so she wouldn't dare do it in the future.

At the end of this matter, Nan Yi Sheng didn't even say a thing about her holding him hostage.

He even.....didn't care about the chocolate chip she fed him.....

At the same time, in the Starlight Hall.

The eunuch lit a lamp and muttered, “Your highness seems to be in a good mood today.”

“Un.” He narrowed his eyes to look at the dagger on the table as the image of their parting appeared in his mind.

“I’ve already had the maids send the person you want back to the maid quarters. If miss assassin doesn’t have any other orders, I’ll be heading back first.” His eyes had a faint sparkle and his lips were curled in a faint smile as he looked into her clear eyes.

Her right hand suddenly grabbed his left hand and put the dagger in his hand, “Very good! It’s been hard on you!”

As soon as her voice fell, she grabbed Dong’er’s hand and ran off, not even looking back.....

#### Chapter 1830: Killer wife of King Nan Chao (Part 11)

He felt his usual white cheeks become a bit red and his usual calm heart raced a bit.

As he watched her run off, his heart bloomed.

“There is a maid called Xiao Chen.” Nan Yi Sheng placed his right hand on his cheek as a faint sparkle appeared in his eyes, “Bring her to the Starlight Palace tomorrow.”

The eunuch in charge was surprised before promising, “Yes.”

The next morning, minister Diao Shang came in as soon as the maids woke up. Everyone was surprised before giving bows.

“Ke, ke.” She cleared her throat as she looked at them, “Although you haven’t been assigned a hall since you’ve just entered the palace, you should know that that crown prince is choosing his consort and concubines, so the Starlight Palace doesn’t have enough people.”

“I want to go, I want to go!” One of the maids happily raised her hand, but minister Diao Shang glared at her.

She closed her mouth and lowered her head without daring to say a thing.

Minister Diao Shang was her aunt, but she didn’t show any favoritism.

It had to be known that when she entered the palace just to see the crown prince, but she had never gone to the Starlight Hall before.

“From this day forth, Qiu Ju, Dong’er, and Xiao Chen will be working in the Starlight Hall. When you get there, someone will tell you what to do.”

Luo Qing Chen and Dong’er looked at each other, they knew why they were suddenly being transferred to the Starlight Hall.

It seemed like what happened last night.....still wasn’t over.....

The three of them were silent as they headed to the Starlight Hall.

Luo Qing Chen as the instigator felt that her ‘hostage’ plan last night was the wrong move.

It should be because she had been with him for thirty worlds that she thought that she could use this plan since he was the male lead.

Actually, she was also making a bet since she was in a rush, so she could only make that bet.

Gambling on a once in a lifetime chance.....

The bet had succeeded, but it also.....seemed to have failed.

“Xiao Cehn, do you think it’s a blessing or a curse to go to the Starlight Hall!” Qiu Ju blinked and blinked again before looking at Luo Qing Chen, “Say.....how could you hold the crown prince hostage yesterday! That is.....a crime worthy of a beheading!”

Luo Qing Chen and Dong’er both covered Qiu Ju’s mouth at the same time.

“People won’t think you’re mute if you don’t talk!” Luo Qing Chen glared at her, thinking that this person really can’t be saved!

After a night of life and death, it was like she had forgotten everything!

Qiu Ju immediately made a gesture of sealing her mouth, indicating that she wouldn’t say anything else!

The maid quarters weren’t far from the Starlight Hall, but there were the halls of the harem girls. Luo Qing Chen didn’t forget to look at them, there really were quite a few beautiful girls.

But yesterday, Nan Yi Sheng didn’t seem to let a single one in.

When they came to the Starlight Hall, the eunuch in charge looked at them, “Which one of you is miss Xiao Chen, come in with this old servant.”

Luo Qing Chen slightly knitted her brows. As expected, Nan Yi Sheng had recognized her last night.

It seemed like the assassin clothes were completely useless! System, I want a refund!

[I’m sorry, the shop doesn’t refund used items because they are tainted!]

This treasure is a god!

[.....]

When she walked into the main hall, she took a deep breath. She had already thought of a way to take care of this.

Deny everything!
