Chapter 511: Power user military commander Du Jiu Sheng's side story (Part 1)

My name is Du Jiu Sheng, walking the life of reincarnation, monarch of nine lives.

When I was a child, I followed my master to cultivate my power and I wholeheartedly wanted to inherit his mantle.

Becoming the most special person in the world.

But I never thought that the appearance of Zhi Qing would change the fate of the three of us.

She was very delicate, looking very shy whenever she saw me and always happily smiling when she saw Murong Xi.

I thought that I was usually too serious, so I had mulled over this for a bit.

But I learned later that this was not the case.

According to Zhi Qing, she didn't dare speak because she was afraid of making a mistake.....

Because she loved me.

I only replied with five words back then: Sorry, I don't like you.....

I didn't know the consequences of those five words, I only knew that I wasn't interested in this thing.

Rejection seemed like the best method.

But I never thought that Zhi Qing wouldn't be able to get over her illness because of this.....

Her body was weak to begin with, so she might have lasted a few years even with proper rest. Now that she had been rejected by me, her limit came.

I knew that Murong Xi hated me very much, but I couldn't do anything to handle this hatred.

Because you can't force love if there is no love.....

Murong Xi used every method he could to save her, but nothing was useful.

I vaguely remembered one night that he kneeled down in front of me, asking me to marry Zhi Qing.

I told him then that I couldn't marry her and I didn't love anyone.

I could even see my senior brother's despair in his eyes.

But I really couldn't force myself to do this, this wasn't fair for Zhi Qing.

I believed that she also didn't want this kind of sympathy.

My senior brother went to master for the Destiny Life Map, but master profusely refused.

Life ends and rebirth grows.....

This was using one's life to exchange for another person's life and it couldn't last that long.
Master wasn't willing to let Murong Xi do this stupid thing, so he didn't agree to his request.

I never thought that Murong Xi would actually attack master for the Destiny Life Map.

Later I thought that his heart demon was definitely connected to me.

But I felt that love was just a trivial thing.

It couldn't compare to cultivating one's power.

Until I met Luo Qing Chen.....

Un, silly Xiao Qing.

But the moment I saw her in the corridor, I remembered what Murong Xi had said to me before.

I felt it was quite funny at that time, thinking that I would never understand what it meant in my entire life.

(The moment you first see her, you will find that everything in your heart is worthless.....including your life.)

At a certain moment three years later, I suddenly understood what my senior brother said and understood why he was so filled with hatred.

Love at first sight came too fast, so fast that I couldn't wait to save her.

Murong Xi's number one agent Luo Qing Chen, I had long heard this name.

I only never thought that her eyes would be this clear. I thought that the eyes of assassins would be filled with cold arrogance.

But she was different.

When I gave her ten seconds, she calmly thought for a while in front of me.

Finally she pursed her lips into a smile and said that she was my fan!

I really wanted to laugh. This kind of serious lie, she could actually say it without laughing!

Alright! What was funnier was myself! Because I really loved the way she said this in my heart!

Un, fan.....

I really liked this!

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 512: Power user military commander Du Jiu Sheng's side story (Part 2)

Me bringing her home was a very.....decisive thing to do!

This was because I wanted to know if I could become that kind of person Murong Xi described.

As expected, it seemed to be like this!

I liked keeping her by my side, following behind me as a fan as she described it.

It wasn't as the shadow organization's number one agent, but she seemed to be quite interested in dangerous things.

Sniping and defusing bombs, each one covered in me in cold sweat as I stood behind her.

In the end, I decided that I would use my power to protect her.....

After all, I began to feel fear.....

I was filled with disdain for this Luo Zi Jun because I had researched her before.

She had once taken seven bullets for this little sister.

And this so-called little sister wanted her to die.

This ambitious person broke into my manor, she really didn't want to keep living.

No, I didn't plan on letting her leave alive.

But it was a pity that Zuo Yu Chen came in the middle and saved her.

Then I thought that Luo Zi Jun had died that night, perhaps we wouldn't have reached that state of desperation later.

I always knew that Murong Xi and I would fight until both sides were wounded.

I wouldn't lose, but I couldn't kill him.

But others could kill me, like Zuo Yu Chen or Luo Zi Jun.....

When facing Zuo Yu Chen, she used a self harm method to force the other side to reveal their flaws and quickly end the battle.

But we were still lacking in the end. When I watched her falling into my arms, I suddenly knew why my senior brother had Zhi Qing as his heart demon.

This was because I felt I would have the same soon.

In front of the Life Continuation Pool, I knew that I had to use the Destiny Life Map to let her leave safely.

Because even if my willpower was firm, without muscles and blood vessels, it was impossible for me to carry her out of the Life Continuation Pool.

I had to rely on the power of the Destiny Life Map to let her leave this place.

At that moment, my heart was very calm.

I knew why Murong Xi had been so desperate before, it was because he didn't even have a chance to save Zhi Qing.

If I was him, perhaps I would have done the same thing.

But it was a good thing that I still had a chance.

She was very light, like I could easily carry her on my back. I could feel her shallow breathing as she leaned on my neck.

So warm, so comforting.....

This feeling made me forget the pain in my feet and I just felt that it was good carrying her like this.....

If there was an afterlife and if I was still Du Jiu Sheng, could I have a chance to love her again.....

Because in this life, I didn't have a chance to be with her before I had to say goodbye.

When I carried her out of the Life Continuation Pool, I let out a long sigh deep down.

It seemed like I had become old, I wasn't that handsome and I had become ugly.

I suddenly didn't want her to see me like this, but I already didn't have any strength....

She used all her might to hug me as she cried. The warm tears fell onto my face drop by drop, feeling so hot.

I didn't want to see her like this because I felt like I had hurt her. I wanted to hold her in my embrace, but I couldn't do it.....

Softly closing my eyes, the short days we spent together appeared in front of my eyes.

Although it was very short, it filled the blanks in my life I had about love.

Thank you before walking this path with me, I'm sorry I'm selfishly throwing you away.....

In the past, the trees were in full bloom.

But now the trees were dead.

Whether it was the past life or this life.

This should be the final ending between me and her.....

Chapter 513: Little theater side story

In the Chaos Space, the bronze was smokey and was somewhat different today.

[Hello, master!] The system said in a respectful voice without any of the fun from before.

"Un." He softly replied in a cool voice.

[Master, please don't be sad!]

"Un." He replied with the same cool voice!

[Does master want to participate in the ten question session?] The system was a bit crazy, but it was also very afraid!

“Ask!” He said with a soft laugh, “What am I afraid of?”

[Yes! You will destroy the system!] The system honestly replied!

“I won’t for now!”

[Then let’s give the warmest, warmest applause to welcome the tenth world’s Du Jiu Sheng! The ten question session will begin now!]

[“First question: What did you feel when you first saw the host!”]

“Looks good and not a bad figure.”

[“That is natural! This high stat panel was all because of the system!”]

“Stop boasting.....”

[“Alright, master!”]

[“Second question: Why did you like her?”]

“Love at first sight, losing my heart at second sight, and love and death at third sight!”

[Ke, ke, is there a need to be so romantic? The host can’t hear this.”] The system made a face with its non-existent face.

[“Third question: Did you understand what your senior brother felt afterwards?”]

“I did, but I couldn’t accept it. I was different from him, he did whatever he wanted for his goal, but I couldn’t kill my master for what I wanted.”

[“Fourth question: Why didn’t you tell her the use of the Destiny Life Map?”]

“There was no meaning. If she knew, I wouldn’t have been able to save her.”

[“Fifth question: What was the most shocking thing she did?”]

“At the Magpie Bridge during the Qixi Festival. She asked me if I was willing to die with her. My heart was stunned in that moment, I was more nervous than any other time.”

[“Ah! The system also feels the host was quite handsome! But....the system couldn’t appear!”]

[“Sixth question: Who do you hate the most in this world?”]

“Luo Zi Jun. I felt pain for her since she did all those things for her sister, but not a single one was worth it. I’m not willing to share her love, no one is worthy of her.”

[“Ze, ze, ze, so handsome! There is the feeling of an overbearing director!”]

“.....”

["Seventh question: Why did you reject Zhi Qing so decisively back then? This system feels that no one can reject a girl this decisively."]

"Because I never believed that love existed in this world. I always felt that this thing was fleeting, it didn't give the same sense of security as powers." He continued with a smile of self ridicule, "But it turns out I was wrong."

["Eighth question: When did you think that she was the cutest?"]

"When the glass shattered and she opened her eyes as she happily drank the orange juice....."

[The system doesn't understand master's thoughts!"]

"Un humph?"

["The system's meaning is that the system's brain is too lacking compared to master's!"]

"Un....."

["Ninth question: In front of the Life Continuation Pool, were you afraid?"]

"Yes." He almost blurted it out, "I was afraid that the Destiny Life Map's power wasn't enough for me to carry her through the Life Continuation Pool, I was afraid I couldn't save her....."

["During small theaters, the system never needs to eat anything!"]

["Tenth question: Say something to the host! This is her first time experiencing this kind of world, not growing old together....."]

"Wait for me, see you in the twentieth world!"

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 10/100]

Chapter 514: Waste concubine daughter's counterattack (Part 1)

"Du Jiu Sheng!" When she opened her eyes, she was already back in the Chaos Space.

There was the misted over bronze mirror in front of her. She didn't know when she came back, she just knew that everything turned dark while she was crying and she was back.

Perhaps this was the so-called dying of heartbreak.....

Why did he have to save her. If he didn't save her, perhaps they could have been together a bit longer.

At least she could have told him what was in her heart.

But now she didn't haven't a chance.....

[Welcome back to the host. The host doesn't need to be too hurt.....] The system knew that she hadn't experienced this kind of world before, so she must be feeling sad.

"Why....." She looked up as she felt the lingering pain in her heart.

She didn't know why there was this kind of ending and why there would be this kind of world.

She tried hard to finish everything, but the ending was this sad.

But when she remembered the bones under Du Jiu Sheng's thighs, her heart trembled as it filled with pain.

[This is reincarnation and the fate of the host.]

It was her first time feeling the system speak with emotion. She didn't understand it and didn't want to understand.

Fate, what fate.....

[Does the host need to rest?]

"Yes." She softly replied as she fell down on the bed to the side.

Her dreams all night were about what he said to her by the Life Continuation Pool.

She couldn't forget no matter how hard she tried, he always liked to call her silly Xiao Qing.....

Even if she knew that they were all the same person, she almost didn't have the courage to keep going.

[The host can exchange for a Calm Mind Pill which can help deal with your emotions.]

She sat up and softly wiped the tear from the corner of her eye, "Alright."

[Ding, 500 exchange points has been taken. Successfully exchanged for one Calm Mind Pill.]

She closed her eyes and ate the pill without any hesitation.

When she opened her eyes, all her complicated emotions disappeared. But the bottom of her heart was still empty like she had lost something.

She took a deep breath before saying in a kind of trance, "Is the next world also a special world?"

[No, the host will have the system and exchange points.]

"Un." She nodded as she said with a calm expression, "Begin!"

[The following is a summary of the previous mission. Host, please properly look over it.]

“There’s so many supporting female leads, it doesn’t seem like a good place.” The Calm Mind Pill really had an amazing effect, there were many beautiful things in her mind that overwhelmed the sadness.

They would still meet in the future, she couldn’t waste time here.

[Is the host prepared to receive the previous host’s memories?]

“Un, bring it!”

[Currently importing wild memories, host please.....This is bad, there seems to be a mistake.....]

“Aiya, it really hurts!”

Chapter 515: Waste concubine daughter’s counterattack (Part 2)

“Give her thirty beatings, I want to see if you dare steal in the future!”

“Peng, peng, peng!”

She was accepting the previous host’s memories while being beaten in the scorching sun!

God damn, did the system have a grudge against her?

The pain continued as the memories were imported.

How tragic of a story this was, so tragic that she even felt pain at the previous host’s destiny.

The previous host was the Luo Family’s third daughter, born to a concubine.

Forget being born to a concubine, she was born to a Luo Manor maid.

A sparrow was still a sparrow, even if she flew up, she was still a sparrow.

Although she was known as the third madame, she walked on thin ice in the Luo Manor.

In the end, she was killed by the first madame and the second madame!

The previous host's mother died in June, she was filled with two wines mixed with poison and died in her room.

There were snowflakes fluttering in the sky on that night. She stood behind the curtain as she watched her two aunts smile.

Her mother was lying on the ground with dead eyes as her body kept twitching in pain.

The previous host's father was called Luo Yi, he was the minister of civil affairs in court with a doubtful personality.

When her mother died, the previous host's father didn't investigate and rushed to drown himself in wine.

After all, the Luo Family's first madame was the number one talent of the capital, with skills and appearance.

The Luo Family's second madame was a county owner, having money and power.

They both had a child who were boys, but since they were boys, naturally they were more important.

Moreover, her mother was not someone with talent, appearance, wealth, or influence.

However, the death of the previous host wasn't related to the Luo Family, rather it was related to the supporting male lead Ning Wen Zhen.

The current South Pacifying King, the most favourite son of the emperor.

She met Ning Wen Zhen for the first time when she was being beaten, Ning Wen Zhen had saved her from her two big brothers.

At that time, he was the most distinguished guest of the Luo Manor.

If her sixteen years of pain could be exchanged for Ning Wen Chen's love, the previous host was willing.

But the ending was too different, Ning Wen Zhen only ever loved a single person.

The daughter of the imperial tutor manor, Duan Yu Meng.

But the one Duan Yu Meng loved wasn't him. Everyone was humble when they met the person they liked.

But in the end, no one received any response.

The previous host knew that she wasn't qualified, so she never forcefully chased.

As for when the previous host died, Luo Yi wanted to compete with the imperial tutor to climb the large tree known as the South Pacifying King, so he gave the previous host to the South Pacifying King as a concubine.

But the South Pacifying King didn't spare her a single glance and sent her off the next day.

In Ning Wen Chen's eyes, he didn't owe the previous host anything.

She looked good, but it only ended like this.

But it had to be known that after being sent back to the Luo Manor with divorce papers, the previous host's life became even worse.

Her two big sisters laughed at her and beat her.

Her two big brothers bullied her and ravaged her.

In the end, after being shamed again and again, she tragically passed away.

Her body was covered in blood when she died and she was being played with by her big brother of the same father and a different mother.

She wanted to cry, but she couldn't make a sound.

Everyone knew that she couldn't even compare to a maid and was someone who could be freely bullied.

From the high first madame of the Luo Manor to the lowest horse groom, they could all bully her.

And she couldn't resist at all....

Her heart was filled with regret when she died. If she had another chance, she would never give the love in her heart to a man who had never looked at her once.

No matter how handsome, how cool, and how charming that person was.

If he didn't love her, he was nothing.

Chapter 516: Waste concubine daughter's counterattack (Part 3)

"Trash!" Luo Qing Chen roared in a low voice as her eyes went bloodshot!

"Big sister, look at how she's not saying anything even after being beaten, this thief really knows how to take her punishment!" The second madame miss Chen looked at the first madame miss Liu with a smile in her eyes.

"Damn! I can't take this!" After Luo Qing Chen finished accepting the memories of the previous host, she couldn't take these two idiots anymore!

[The host needs to be patient!]

"I can't take it anymore!"

As soon as her voice fell, she suddenly turned and felt the pain in her butt. She pointed at them and roared out, "Thief, thief, thief, thief, your head!"

To be fair, she didn't even know what this world's male lead looked like, she couldn't just expect the male lead to come save her!

In this situation, the best move was to stop being beaten!

Anyway she would be beaten anyway, why would she endure?

"Bold Luo Qing Chen, you actually dare resist!" The first madame miss Liu pointed at her and said, "I think that you're tired of living!"

"What does it matter to you, I want to see Luo Yi." Her cold eyes narrowed and there wasn't any warmth in her voice.

System, system, is there a stun baton?

[Ding, 100 exchange points has been taken. Successfully exchanged for one stun baton (Can only be used in this world).]

"You two, why aren't you catching this waste for me yet?" Miss Liu roared out at the two who had been beating her.

After that, Luo Qing Chen took out the stun baton from behind her and hit the person charging at her.

That person fell to the ground and she kicked him without any hesitation. She hit the other person charging at her in the head.

He was hit by the stun baton and his body began to shake in a strange manner.

Miss Liu and miss Chen were both shocked when they saw this. They moved back while saying in a trembling voice, "You....Luo.....Luo Qing Chen, you.....dare resist!"

When she had nowhere to vent the anger from the last world, she was beaten in the butt as soon as she arrived in this world!

Who could endure this!

She flew out and grabbed the first madame miss Liu's skirt. She held her neck with her left hand as the stun baton in her right hand made 'zi, zi' sounds.

Miss Liu never thought that Luo Qing Chen would dare resist. She almost went hoarse from shouting, "You....Do you no longer want to live....I will make you die.....in a very ugly manner....."

"Don't you have the conscience of a hostage at all?" Luo Qing Chen gave a cold snort before saying with a faint smile, "You're certain I will die before you?"

As soon as her voice fell, her stun baton came closer.

Miss Liu's face turned white in fear and she couldn't help trembling as she said, "Don't hurt me.....You.....What do you want?"

“I’ve already said it very clearly!” Her eyes were incomparably cold as she narrowed them and said, “I want to see Luo Yi.”

She didn’t call him dad or lord Luo, she just called him by his name.

This was because she didn’t feel this man was worth being called dad.

Miss Liu swallowed a mouthful of saliva before nodding to miss Chen. Miss Chen turned to run as she shouted, “Luo Qing Chen has committed murder, Luo Qing Chen has committed murder.....”

“Ke, ke.....” She gave a cold snort before clearing her throat and saying to her hostage, “She said I committed murder, so if I don’t kill someone, isn’t this lying to others?”

“You....Don’t do anything.....” Miss Liu heard this and even her lips turned white in fear. She bit her lip and said, “Let’s talk this out, although we haven’t been good to you.....we didn’t take your life.....A person.....needs, needs, needs to have a conscience!”

.....

Damn! A person with such a vengeful heart was telling her that a person needs a conscience!

Didn’t her conscience hurt?

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 517: Waste concubine daughter’s counterattack (Part 4)

Luo Qing Chen was too lazy to waste words with her. The previous host’s mother’s grudge had to be returned, but it was not now.

Not long after, Luo Yi brought the Luo Manor’s guards to this yard.

“Evil creature, you dare hold the first madame hostage! What do you want to do!” Luo Yi was filled with rage. Behind him were the two daughters and the two young masters who looked at Luo Qing Chen with faces of rage.

They wished they could tear her apart.

“Let’s talk alone?” She narrowed her eyes and a dangerous smile appeared on her lips, “Just you and me.”

“I have nothing to talk about with you.” Luo Yi spread his hands, clearly he couldn’t keep his face.

“Oh?” Her eyes turned cold as she said in a cold voice, “Then say goodbye to your first madame!”

After saying this, she pressed the switch of the stun baton and the blue electricity appeared again.

They didn’t know what this was, but it looked quite terrifying!

“Lord.....save me.....” Miss Liu’ eyes were filled with fear. She was a bit worried that Luo Yi might not be able to save her life.

It had to be known, her life was much more valuable than Luo Qing Chen who was just trash.

“Ke.....” Luo Yi looked at miss Liu before saying with a snort, “Alright, I’ll agree with you. You can’t play any tricks!”

“I think that sir Luo Yi should keep his word.” She raised a brow and said, “Not to mention, I’m not scared of you even if you don’t.”

After saying this, her right hand slowly opened and the stun baton entered her storage space. Her left hand pushed miss Chen as her eyes turned ice cold.

“Someone, quickly, quickly.....Quickly catch her!” After miss Liu escaped Luo Qing Chen’s grasp, she excitedly jumped out. She grabbed her nose and said, “See how I kill you, you little concubine’s daughter!”

“Stop!” Luo Yi rolled his eyes at miss Liu before looking back at Luo Qing Chen. He slowly said in a deep voice, “Do I, Luo Yi not keep my word?”

Luo Qing Chen narrowed her eyes and her lips revealed a faint smile.

She didn’t know that on the roof, there was someone who was happily watching everything happen in the Luo Manor.

There was an evil charm to his eyes, so beautiful that it seemed to glow.

Inside the study.

Luo Qing Chen had never been here before, the previous host had only gone to three places in the Luo Manor.

The laundry room, the firewood shed, and the trash room.

Her destiny in the Luo Manor was really worse than a servant.

“I still have things to do, so keep it short.” Luo Yi was clearly very impatient. He never thought that Luo Qing Chen would want to meet him and he clearly never thought that she would hold the first madame hostage to meet him.

“I can help with the matter that sir Luo Yi has been worried about the most recently.” She casually sat down and poured herself a cup of tea. She took a sip before saying, “Right now the powers in the royal court are heavily divided, how can an official like you fight against the imperial tutor without any power?”

After a while, Luo Yi took a deep breath before sitting down and saying, “Keep talking.”

“The imperial tutor has Duan Yu Meng, what do you have?” She gave a cold laugh, “If you rely on those two idiot daughters, the Luo Family might as well build a coffin for itself.”

“You.....” He suddenly slapped the table, but his anger went down again.

He naturally understood his two daughters. They were so arrogant that they put no one in their eyes, it was just like their mothers.

“It’ll be the women’s competition in a few days, the annual imperial palace banquet. Bring me to the palace and I’ll help you pull in a few new forces.” Her lips curled into a faint smile as she said, “For example, the crown prince.”

Quick Transmigration Female Lead: Male God, Never Stopping

Chapter 518: Waste concubine daughter’s counterattack (Part 5)

Luo Qing Chen didn’t know who the crown prince was because the previous host had never seen the crown prince.

The reason why she said this to Luo Yi was because the South Pacifying King’s forces had collapsed before the previous host died.

The one who did it was the crown prince.

“Just depending on you?” Luo Yi raised a brow. He had a look of ridicule in his eyes, but he thought about Luo Qing Chen’s words.

Because during the matter with miss Liu, her face had been calm the entire time.

Adding the fact that she pulled that strange thing out of thin air, could it be that she was using magic?

“Un humph?” Luo Qing Chen said with a cold snort, “You don’t know in your heart already?”

Luo Yi knit his brows. It didn’t matter why this daughter of his became this strong, but seeing her confident gaze, perhaps she really could help him.

“Alright.” Luo Yi gave a nod as he looked at her and said, “For the competition tomorrow, you can come with me to the palace.”

Luo Qing Chen gave a cold snort as she rose and said, “Right, don’t let those wives, sons, or daughters of yours bother me. I want to properly rest for a few days.”

After saying this, she didn’t even look back as she turned to leave.

When she opened the door, she saw miss Liu and miss Chen who were at the door listening to their conversation with their sons and daughters behind them.

“It really is funny.” Luo Qing Chen gave a shrug before crossing her hands to look at them and say, “If you can even hear the conversation inside the study, you really have incredible ears.”

“You.....” Miss Liu took two steps back and made sure to keep distance with her as she said to the servant behind her, “Quickly, help me catch this slut. You dare take this madame hostage, who gave you the guts?”

The two servants looked at each other before taking a step back. After all, the two servants beaten by her still hadn’t woken up yet. The doctor didn’t know what the cause of injury was and didn’t know when they would wake up.

So naturally they were very afraid.....

“Why aren’t you going!” Miss Liu angrily kicked their legs and said, “Do you even want to be paid?”

The two gritted their teeth, charging forward to grab Luo Qing Chen for their jobs.

The door to the study opened once again.

Luo Yi came out with crossed hands and he said with a frown, "What are you doing all this for? Luo Qing Chen will be heading into the palace with me in three days. During this time, whoever disturbs her will suffer the family laws!"

After saying this, he looked at Luo Qing Chen before leaving with a flick of his sleeve.

Miss Liu's face turned green from rage and the two daughters had wide open eyes.

Luo Si Zhao and Luo Xin Yue fought over the right to go to the competition, but they never thought that their father had given this quota to Luo Qing Chen.

They simply couldn't believe it. She was just a concubine's daughter with a dead mom, based on what could she go?

"Have you seen enough?" She walked forward with a cold snort and everyone took steps back in a daze.

"Luo Qing Chen, don't be so arrogant." Miss Liu gritted her teeth and said, "If you come back from the competition after being ignored, you won't be able to keep your life."

"Un humph?" A cold look flashed in her eyes as she looked at the person in front of her and said, "You can be assured, if I die, I will definitely drag you down with me!"

After saying this, she flicked her sleeve and walked off.

She left behind people with looks of disbelief on their faces.

When did Luo Qing Chen suddenly.....change.....and she became this arrogant and unreasonable.....

Chapter 519: Waste concubine daughter's counterattack (Part 6)

Calculating the days, tomorrow would be the death anniversary of the previous host's mother.

Although she had nothing to do with this poor girl, since she was using the previous host's body.

She should do something for her.....

The previous host's mother was not buried in the Luo Family's grave, rather she was buried in a mass grave on an abandoned hill.

The sky was very dark, but she was very calm.

She had several buns and a stack of paper money in her hand. She walked into the night wind and headed towards the mass grave.

"Keng qiang." When she was on the way, she heard the sounds of fighting in front of her.

?! She came to visit the grave of the original host's mother and she met someone fighting, was her luck really that bad!

Luo Qing Chen's expression changed and her reaction was——

Run!

There was the smell of blood in the air and she never thought that she would run into a person as she ran in a panic.

That person softly pulled her into his embrace to stop her from falling.

She was a bit surprised as she looked up at that face that seemed to be carved from jade. He had two rare dark brown eyes that were sparkling. Even by casually standing there, he had a dignified aura like he was the ruler of the world as he looked down at her.

Before she could react, that person grabbed her hand and pulled her forward.

Luo Qing Chen cried out in her heart: What are you bringing this treasure for? They don't want to kill this treasure, alright? Wouldn't you run slower if you were carrying this treasure? Did your brain get hit by a car?

Un, this was only in her heart.

After all, the only thing she said was, "Run to the right, there is a river to the left once you get out of the forest."

She was familiar with the path to the mass grave since the previous host had walked this path countless times in her memories, so it was deeply imprinted.

But those secret guards kept shooting arrows and they hit the man in his shoulder.

He quickly grabbed Luo Qing Chen's head and pushed her down.

But what he didn't know was that the previous host's body couldn't swim.

Luo Qing Chen struggled to surface, but being pressed down by that man, her eyes began to blur from a loss of oxygen.

That person only then realized that the girl didn't know how to swim and quickly pulled her up.

A pair of cool lips pressed on her soft lips. The instant she woke up, what entered her eyes was a pair of long lashes and blood that kept pouring out.

Without knowing how long it took, when she swam to the shore, she used all her strength.

The man lying beside her had a very pale face, he should be in a state of shock from his severe blood loss.

Luo Qing Chen didn't have time to think as she dragged him onto the shore before carefully looking over his body.

The arrow was poisoned and had pierced his shoulder.

What to do? System, system, what should I do?

[The host needs to first pull out the arrow and then suck out the poisoned blood before exchanging for hemostatic powder from the system.]

Pull the arrow.....that was fine! Sucking poison.....will I get poisoned!

[Yes! It's a good thing that it is a common poison! The system also has the antidote for this common poison, so you can exchange for the antidote.]

Alright, you talk too much!

Luo Qing Chen wrapped her sleeve around the arrow and tightly gripped it. When she was about to pull out the arrow, the man's cool hands grabbed her wrist and he softly said, "What is your name?"

??? Was there a problem with this person! Asking a person's name on the brink of death?

"Ha, ha, ha." She quickly gave an awkward laugh before saying to him, "I'll tell you if you can stay alive!"

After she said this, her hands used all their strength to pull out the arrow.

In that moment, the other side's blood splashed all over her and she almost couldn't open her eyes.

She didn't have time to think, she just looked at the black wound and went down to suck!

In an instant, a bitter and bloody taste filled her mouth. She could only carefully spit out the blood.

Focus on sucking blood, the more blood the better!

[Host, stop sucking, there's no more poison! His blood is being taken by you!]

Oh, oh!

Only then did Luo Qing Chen react. She felt a bit dizzy, which should be the effect of the poison.

System, exchange for those two things.

[Ding, 100 exchange points has been taken. Successfully exchanged for hemostatic powder.]

[Ding, 100 exchange points has been taken. Successfully exchanged for antidote.]

Luo Qing Chen drank the antidote while casually placing the hemostatic powder on the man's wound.

The system's medicine really was good, once it was put on, the blood stopped flowing.

He slightly knit his brows as his face became a bit paler.....

System, can you give me bandages?

[Ding, the kind system gifts two bandages to the host.]

Luo Qing Chen revealed a helpless look as she rolled her eyes at the non-existent system.

She first used the bandage to wrap up his wound before pouring the rest of the antidote in his mouth.

But she never thought that the antidote would keep flowing out.

Again and again.....

It would all be wasted soon!

She knit her brows and called the system.

System, can you give me a spoon?

[No! The system just received an eye roll, so its mood isn't good right now!]

Scram!

Luo Qing Chen leaned against a tree and slowly placed the man's head on her stomach.

Her right hand firmly grasped his mouth and she planned on trying again!

She never thought that the antidote would flow out again!

Luo Qing Chen felt anxious. She saw that there wasn't much antidote left, so she drank it all down.

Then she pressed down on his lips!

No, it wasn't called a kiss when it was an emergency, it was artificial respiration in modern times!

She was saving someone, nothing mattered when it came to someone's life, everything else was trivial!

Back in the water, he had saved her life, so she should return it!

Thinking like this, she had nothing else in her mind as she used her mouth to deliver the antidote.

The effects were quite great and not a single drop spilled out.

But when she looked up, she met the man's brown eyes.

She felt her heart skip a beat and she unconsciously covered his eyes.

He raised his hand and grabbed her wrist.

Luo Qing Chen thought that he would do something else, but she never thought that he wouldn't move at all!

Her palm was still covering his eyes and her wrist was being tightly held by him.

The night wind was quite cold. She closed her eyes and felt a bit tired.....

When she woke up the next day, there was no one else around her. That person was gone.

She didn't know when he left, she just knew that he placed her coat over her.

There was still his blood on the coat, but the material was quite warm.

She stood up and found that there was an extra clear jade bracelet on her right hand.

Whether it was the colour or the transparency, it was all top grade!

Could it be that this was to thank her for saving his life?

Un! Luo Qing Chen thought about it and thought it should be, right?

How was him being assassinated related to her, she had almost lost her precious life like that!

Before the scum were punished, how could she die?
