## Chapter 13 Winning Miserably

The students on and off the court were all celebrating, and the noise was spreading across the campus, but Zhao Xiyuan and Li Xiu, who were studying in the class, were struggling. The news of Gao Xiaodong's goal was sent to their mobile phones immediately. The reputation of the strongest football team in Cheng No. 3 Middle School is very good, and the female students have also heard of it. Now they are behind Class 13, which makes them a little excited.

After struggling for about ten minutes, Li Xiudao: Xiyuan, let's go and have a look, we can't get angry with that fat man, we are for the honor of the class, you are the class monitor.

The sense of honor and pride quickly overwhelmed everything else. Zhao Xiyuan flicked her bangs on her forehead, put down her pen, and said, Go, you don't feel at ease learning anyway.

Li Xiu shaved her face, You can learn to feel at ease, don't think I don't know, you haven't learned it at all.

Nonsense. Zhao Xiyuan punched Li Xiu, got up and left the classroom.

When Zhao Xiyuan and Li Xiu came to the stadium, the second half of the game was at its most intense.

The monitor is here! The monitor is here!

Welcome Goddess! We must win today

The goddess of Class 13 is here!!

When the male students saw Zhao Xiyuan, they all started cheering. Among them were boys from other classes. Even in the whole school, Zhao Xiyuan was one of the most beauties. If you count all the talents and looks, no one in the three schools could match her.

Li Xiu excitedly said to Zhao Xiyuan: Wow, I only know your charm now.

Zhao Xiyuan's expression was normal, she just stood quietly on the sidelines watching the game.

Class 3 couldn't accept the situation of falling behind. They desperately launched an attack on Class 13. Class 13 only left Gao Xiaodong in front, and the others defended with all their strength, trying to keep the result of 1-0.

The ball is flying around the sky of Class 13 like a cannonball. People inside and outside the penalty area are turned upside down from time to time. Under the intensive defense of Class 13, it is difficult for Class 3 to find a space to shoot. They can only hit the ball into the penalty area to create chaos. Look Can fish in troubled waters.

Although there is no coach to direct, the tactics of class 3 are still correct. Playing intensive defense often depends on luck.

At 25 minutes into the second half, Class 3 got a chance. Liu Guangfei found an opening outside the penalty area and shot a long shot. Class 13's goalkeeper Lei couldn't react in time, but the ball bounced off the post. .

Originally, the physical fitness and morale of class 3 were declining, but this goal post aroused the courage and confidence of class 3 to equalize, and they then launched a wave of more fierce offensives.

The high school game was only 80 minutes long, and now 65 minutes have passed, and the physical fitness of class 3 can only support another 10 minutes at most. Sun Haitao, who has rich experience in this regard, yelled

loudly at his teammates, Hold on! , hold on for another ten minutes, and they're done.

It was obviously not easy to persevere at this time, Class 13 also consumed a lot of physical energy, when counterattacking, except for the long pass to find Gao Xiaodong, most of the people could no longer assist.

In the 73rd minute of the game, class 3 striker Yang Ming shot another goal post in the penalty area, and the situation of class 13 was in jeopardy.

Fortunately, there were female fans. Under the leadership of class monitor Zhao Xiyuan, the female students in class 13 began to applaud, shouting: Class 13, come on! Class 13 must win!

The female students can generate combat effectiveness. Their applause and cheers are like fueling the car. The legs of the team members of class 13, which were filled with lead, are full of strength again. Ban's offense.

Class 13 withstood Class 3's attack. When Class 3's offensive weakened, Sun Haitao, who had no assists in a game, went forward once. He and Wu Lei played a two-for-one match in the frontcourt. Lei passed the ball straight to Gao Xiaodong who was standing at the front of the penalty area. Two teammates took away the defenders.

Hold the grass! Is the squad leader here? You are so excited.

Sun Haitao gave Gao Xiaodong a middle finger.

Wu Lei patted Gao Xiaodong on the shoulder, Brother can only help you here.

Gao Xiaodong wanted to cry, but he was a little anxious just now, who wouldn't want to show it in front of people who look down on him? He exerted too much force and kicked the ball high. Here it comes again, what the hell affects Lao Tzu's goal.

There are six or seven minutes left in the game. Class 3 has no energy, but they are still clenching their teeth, hoping to equalize the score and maintain the reputation of the king. Class 13 also has no energy, but they are also struggling, and intensive defense is also risky. Yes, the ball was flying around in the penalty area, and accidentally lost the ball. Seeing that the opponent's attack was weak, several core players in class 13 thought carefully again, hoping to score another one to ensure the victory of the game.

After a brief exchange, Class 13 stopped defending, expanded the defensive range, and increased the number of counterattacks.

This is definitely a misjudgment of the situation by the players in class 13. This is also the disadvantage of not having a coach. They have forgotten that the strongest in class 3 is offense. Fortunately, the opponent hit two goalposts, as long as one is scored, the situation is completely different.

In the 89th minute of the game, when class 13 counterattacked, Liu Guangfei intercepted him in front of the penalty area. He took two steps forward, and Liu Guangfei counterattacked with a long pass to find his forward.

Sun Haitao from Class 13 made an assist and did not come back. Seeing the ball flying towards Yang Ming, the central defender and midfielder Song Dabo ran towards Yang Ming, leaving Li Heng in the air. Stop, and immediately formed a tendency to go to the meeting alone.

Class 13 goalkeeper Lei reacted quickly. Seeing Li Heng catch the ball unmarked, he rushed out of the small penalty area and rushed towards Li Heng.

Facing Yu Lei who was attacking, Li Heng took two steps, adjusted his step, and shot vigorously, as if he wanted to vent all his depression on this shot.

Yu Lei attacked very quickly. When Li Heng shot, he was only two meters away from Li Heng. However, facing such a fierce shot, whether to pounce or not to pounce is a question.

If you jump, it is easy to be kicked. If you don't jump, the ball must be scored.

It was too late and then too fast, Yu Lei didn't have time to react at all, he jumped directly at the ball that was about to fly.

No! The referee Zhou Mingde exclaimed.

Boom!

The ball hit Lei hard in the face, and then kicked Lei's raised chin.

The ball flew out, and Yu Lei fainted in the penalty area.

Li Heng exerted too much force, and he couldn't hold his feet back as hard as he could. From the severe pain in his feet, he knew that the goalkeeper was seriously injured. Seeing Yu Lei fainted, he was petrified.

Come on! Come on!

Sun Haitao and the guards were startled and frightened, and desperately yelled at their classmates to come and help.

Teacher Zhou Mingde came over and saw that Yu Lei's jaw was dislocated and his forehead was bleeding, and he shouted loudly: Find a car! Call the school doctor! Hurry up and send him to the hospital!

There were many people and strength, and two cars were quickly found, and the school doctor also arrived. Yu Lei was quickly sent to the municipal hospital for treatment.

There was only 1 minute left in the game. The goalkeeper of class 13 was injured. The referee also left.
