

# RESTRICTED SUPERSTAR

## Chapter 2 The first mission

Gao Xiaodong's first thought after waking up was hunger. In Gao Xiaodong's view, the feeling of hunger is the most painful thing in the world. It's not that he doesn't have a heart to lose weight, but he still has a mouth for foodies. .

Gao Xiaodong got up quickly, this speed is of course compared to snails, he wanted to find something to eat, but suddenly thought of what happened last night, Gao Xiaodong stopped and shouted carefully, Superstar The way system?

I am here.

God, it's true, I'm going to be famous, I'm going to make a fortune. Gao Xiaodong couldn't help screaming again.

Yes, the Road to Superstar system can make you a football superstar, provided you have to complete the system's tasks. Synth said coldly.

Task? What task? When he woke up, Gao Xiaodong had forgotten what the system said yesterday.

Play an amateur-level official match within a week.

Playing an amateur game? System, look at my body... walking is a problem, can I play a game?

The system does not respond.

System, can you help me lose weight? I want to be as thin as a monkey.

The system still does not respond.

Gao Xiaodong was speechless, and murmured, Okay, it's better to rely on yourself instead of relying on the sky. This is an opportunity that God gave me, and I have to seize it.

...Bah! What a broken system, this requirement can't be fulfilled, I have to fight by myself.

Gao Xiaodong waved his arms as thick as an ordinary person's thighs and roared hysterically.

There will be rewards after completing the task.

Gao Xiaodong had just finished yelling when the system said coldly.

Reward! Great! What reward? Gao Xiaodong's fat face immediately revealed a bright smile.

The system stopped talking.

Fuck, if you have a question or not, what kind of system is it? It's not as good as Xiao Lizi's Baidu.

Under the temptation of becoming a superstar and reward, Gao Xiaodong for the first time restrained his desire to eat, ran to school, and asked some of his friends to discuss whether he could join their team to play football.

When Gao Xiaodong ran to the door of the classroom, he had already started the second class. Lao Chao, the head teacher with English, was giving a lecture. Seeing Gao Xiaodong standing at the door panting, a look of surprise flashed on Lao Chao's face. Tian didn't come to class, and Lao Chao couldn't control such a poor student, and he didn't want to control him. He beckoned to let Gao Xiaodong come in and continued his lectures by himself.

Gao Xiaodong was sitting in the last row of the classroom. Next to him was Yu Lei. Yu Lei was a very strong boy. He was a head taller than Gao Xiaodong,

but he was very slim and very small against Gao Xiaodong's background. The feeling of birds relying on people.

Fatty, why are you here? I still want to play games with you at night. Yu Lei asked in a low voice.

Gao Xiaodong said straight to the point: Lao Yu, I want to find you guys to play football.

What? You play football! Yu Lei was shocked to forget that this was a class, and the whole class could hear the voice.

The last row is the old and the young, the poor and the poor. The old Chao in this row basically takes the attitude of not asking, but the premise is that they can't disturb the order of the classroom. Yu Lei's words angered him, he patted the desk and pointed to the door. The outside said to Lei and Gao Xiaodong: I want to talk and go out.

Yu Lei and Gao Xiaodong hurriedly raised their heads and acted as if they were listening carefully.

Yu Lei and Gao Xiaodong gave Lao Chao enough face, and Lao Chao ignored them and continued to lecture.

After a while, Yu Lei lay down under the table again and whispered, Fatty, are you serious?

Gao Xiaodong said: Of course it's true, otherwise why would I come to school.

Yu Lei looked at Gao Xiaodong sympathetically, Do you want to play football or be kicked as a ball, can you run?

Gao Xiaodong said, You don't need to worry about this.

Yu Lei said: The key is that you can't play in any position.

Gao Xiaodong said, It's fine, as long as I can play.

Just go on the court, do a shit, if you go on the court, we will beat one less person.

Lao Yu, don't forget who taught you to play live games.

Okay, I will discuss with Wu Lei and Sun Haitao after class.

Okay, the same table is the same table, I recognize your brother.

If you admit it, just admit it, then I'm so embarrassed.

...

Yu Lei and Gao Xiaodong glanced at me and said a word, and the get out of class ended.

The head teacher Lao Chao left the classroom, and Yu Lei shouted: Big news! Big news! Gao Xiaodong wants to play football.

What? Yu Lei, you wouldn't fool people like that, would you?

Fuck! Absolutely fake news!

As far as Gao Xiaodong's body is concerned, if he can play football, I can play in the Chinese Super League.

Which team does he play with, the kindergarten team doesn't want him.

...

The boys in Class 13 burst into laughter and made fun of Gao Xiaodong.

Sun Haitao, captain of the thirteenth football team, said: Gao Xiaodong, it's not that you are not allowed to kick, but your body can kick? It's more than two hundred pounds. That's meat, not foam. What should I do if I'm exhausted?

Sun Haitao is the only main player of the school team in Class 13, and he is the most prestigious one in the team.

Gao Xiaodong said, You don't need to worry if you're exhausted. You say whether to let me into the team or not.

Sun Haitao looked at the other players of the surrounding team and said, What about you?

Zhu Daqiang blinked at Sun Haitao and said, The team is a team from Class 13, who can't participate, as long as they want to play football, they should be in the team, but the team is divided into main players and substitutes.

Sun Haitao was as skilled as a monkey, and he immediately understood, and said, Zhu Qiang is right. Gao Xiaodong is welcome to join the 13th class football team, but you must be on the bench when you first arrived. You have to listen to my arrangements for your playing time.

Gao Xiaodong didn't care about the playing time. As long as he could play, he immediately smiled and said, Thank you, captain, thank you, everyone, who will play games at night, I will treat you as a guest.

Sun Haitao quickly refused and said, I'm not going to invite guests, I still want to go to university.

Gao Xiaodong said: I don't want to go to college anymore, I want to be a professional player.

Zhu Daqiang gave a thumbs up with admiration on his face and said, Okay, if you have an idea, I'll take it.

Yu Lei hammered Gao Xiaodong's chest and said, Just this figure, lose 40 kilograms, and look like Maradona II.

Everyone laughed again.

Gao Xiaodong asked Sun Haitao: Is there a competition in the afternoon extracurricular activities? I want to participate.

Sun Haitao said: There is a game in the afternoon, and a challenge game with Class 14.

Gao Xiaodong was very happy, Okay, I will play football with you in extracurricular activities.

Zhu raped and said with a smile: That's great, Fatty, I think everyone is very eager to see the moment you appear.

Yu Leidao: I believe that today's extracurricular activities will definitely attract countless fans to watch.

Gao Xiaodong was used to being ridiculed by everyone, and said nonchalantly, That must be a historic moment.

Yu Lei was originally a joke, but he didn't expect it to become a golden mouth. The news that the fat man with the heaviest weight in the school was going to play football spread throughout the school. In the afternoon extracurricular activities, there were literally hundreds of people standing by the side of the court waiting. See how a fat man who is 1.7 meters tall and weighs more than 200 pounds plays football.

When Gao Xiaodong appeared on the pitch wearing a bikini-like Manchester United jersey and swaying like a penguin, the students waiting on the pitch couldn't help but burst into laughter.

Fuck! Don't break this jersey.

God, is it walking or rolling.

Is he here to play football or to be funny.

Courage is commendable.

Paralyzed, capitalized clothes, I will be a fan of Fatty from now on.

...

Amidst the laughter, applause and banter, Gao Xiaodong walked to the team on the sidelines.

He bought the jersey in the morning. He went to all the sporting goods stores, but there was no model he could wear. In the end, he had no choice but to find the largest jersey and fit it on his body.

Clothes are uncomfortable, almost like being tied up, and sneakers are even more uncomfortable. It's not that they don't have such a big size, but they're not that fat. Wearing them is similar to women's bound feet in ancient times.

But Gao Xiaodong didn't care. He had already made up his mind. The system said to play an amateur game, but it didn't say how long. Contest.

The World Cup in Germany is approaching, and football enthusiasm around the world is fermenting. Schools with football traditions like Lucheng No. 3 Middle School will have today's matches almost every day.

The game is very regular. There are referees and linesmen, as well as the fourth official. The referees are all members of the school team. The fourth official is usually either the minister of the sports department of the student union or the deputy minister.

The game has just started, and the outcome is not yet determined. A player like Gao Xiaodong who is not even a substitute will never have a chance to play. Only when the team is determined to lose or win, can players like Gao Xiaodong be able to join in. join in the fun.

In the whole Lucheng No. 3 middle school, the football level of the science class is stronger than that of the liberal arts class. Among the four classes of the liberal arts class, the football level of the thirteenth class is the highest.

At the end of half an hour in the first half, Class Thirteen took the lead by 2:0. During the intermission, Gao Xiaodong anxiously found the captain Sun Haitao, Haitao, Brother Tao, can you let me play?

Sun Haitao had just scored a goal and was in a good mood. He said, Don't worry, I'll let you guys go play after scoring another goal in the second half.

Okay, it's settled, you guys hurry up and score goals, I'm already hungry.

Gao Xiaodong was hungry, but instead of playing football, he wanted to see what rewards the superstar system would give him.

Gao Xiaodong was lucky. Just ten minutes into the second half, Zhu Daqiang scored a goal and changed the score to 3:0. The overall situation has been decided. Captain Sun Haitao replaced Gao Xiaodong five minutes later.

Seeing Gao Xiaodong wearing a tight-fitting jersey and walking onto the court with a sway like a penguin, the classmates on and off the court all burst into laughter again.

The 14th class football team was already in despair. Suddenly, when they saw a fat man sent by the 13th class, they suddenly became angry in their hearts. They felt that the 13th class was an insult to themselves, so they deliberately started from Gao Xiaodong. Breakthrough, want to save the defeat.

Before Gao Xiaodong came on the court, he planned to stand for two minutes and then go down, but after playing, the atmosphere on the court quickly infected him, the adrenaline was blowing out, and the cells in the whole body seemed to tremble. This is a feeling that Gao Xiaodong has never experienced before. The degree is even stronger than the first B-movie.

Gao Xiaodong started to run. In fact, he was not as fast as the other team members, but he was indeed running.

Gao Xiaodong wanted to catch up with the fourteenth class members who ran past him, but at this time he felt how slow and stupid he was, the opponent whizzed past, and he didn't even have a chance to eat the dust.

Even with Gao Xiaodong, Class 13 was still in control of the situation, so Sun Haitao didn't replace Gao Xiaodong, but let him run around on the field like a fly, making the male and female classmates happy. , He knew that more and more students on the sidelines were not watching the game, but mostly watching Gao Xiaodong's jokes.

After running for five or six minutes, Gao Xiaodong couldn't run anymore and squatted there gasping for breath.

The students on the sidelines began to boo.

Run! Gao Xiaodong.

Keep running! Come on! We are your fans!

Fat man! Run! You're not a man if you don't run.

Gao Xiaodong! Run! You must at least touch the ball!

...

run your sister!

Gao Xiaodong really wanted to run, but he really couldn't.

In order to lose weight, he did not eat breakfast, and only ate a pack of instant noodles for lunch. Now he is so hungry that he can eat a cow.

System! Did I complete the task?

Player, the game isn't over yet, you haven't completed the mission. The system synthesized voice said emotionlessly.

Your sister.

Gao Xiaodong was helpless, so he had to stand up and hold on.
