

RESTRICTED SUPERSTAR

Chapter 5 Forced appearance

During the exercise between classes, Gao Xiaodong finally plucked up the courage to come to Zhao Xiyuan's desk and said, Hello, monitor.

Zhao Xiyuan was doing her homework. She was wearing a green windbreaker, with a pretty face and a demure temperament, like a tree that has not yet bloomed.

Okay, what's the matter? Classmate Gao Xiaodong. Zhao Xiyuan glanced at Gao Xiaodong with watery eyes.

This was the first time that Gao Xiaodong took the initiative to talk to Zhao Xiyuan, and she was very curious about what the last student in the class had to say to her.

The Goddess' gaze was so powerful, Gao Xiaodong coughed, calmed down, and said, We are going to play a game with Science Class 4 in the afternoon, and the football team hopes that you can bring the girls from our class to cheer us on.

Zhao Xiyuan pondered for a while, and said: Okay, I can say hello to the female students, but don't overestimate my leadership, I can't say how many people I can go to.

Gao Xiaodong breathed a sigh of relief, his uneasy heart fell to the ground, and said, Thank you, squad leader.

They're all classmates, you're welcome.

After Zhao Xiyuan finished speaking, she ignored Gao Xiaodong and continued to practice with her head down.

Gao Xiaodong didn't care about Zhao Xiyuan's indifference, as if Zhao Xiyuan had never been warm to anyone, he happily walked up to Sun Haitao and said, It's done, the goddess agreed.

Sun Haitao was taken aback, and said, Really? Not bragging?

Gao Xiaodong said: Of course it's true, let's see who gets involved.

Yu Lei laughed and said, That's right, Fatty is the most important person in our school.

Sun Haitao sighed, and said, I knew it was so easy, so I went by myself. It's a blessing to have a few words with the goddess.

Zhu Daqiang said: I'm afraid it won't be so easy for you to go, this is Fatty's personal charm.

Wu Lei said: That's right, maybe the goddess has a crush on the fat man. The so-called good man has no good wife, and it's hard for a man to climb high.

Gao Xiaodong said calmly and calmly: I didn't think much about it before, but after you say it like this, I think it might really be possible.

Yu Lei shook his head and said, Well, after three years of high school, I finally have someone I admire. In terms of thick skin, I only obey fat guys in our class.

Zhong Hao, who has been silent all this time, said seriously: This is called self-confidence.

Wu Lei said: Everyone, don't bury fat people like this. In fact, if a fat person loses weight by 40 to 50 kilograms, he may be a fresh meat.

Zhu Daqiang said: That is, if it is divided into two, it will be two little fresh meat.

A few people in the team were teasing Gao Xiaodong, but they didn't expect that there were many female students beside them, and many of them only heard the first half of it, so in the hearts of the female students, this matter evolved into many versions. The thing is that Gao Xiaodong deliberately strikes up a conversation with the monitor. Some students heard that Gao Xiaodong thought the monitor liked him; some students heard that Sun Haitao also liked the monitor, and some female students thought that these boys were talking bad things about the monitor behind his back.

The afternoon game was carried out on time during the extracurricular activities, and class leader Zhao Xiyuan really brought all the girls in the class to the sidelines as cheerleaders.

Science class 4 has three school team members, and their strength is almost in the top three among the 16 classes in the school. Although class 13 is the strongest among the six liberal arts classes, it is only seven or eight in the school.

After the game started, Class 4 of Science Division attacked Class 13. Although the football level of the high school students is very poor, and the offense has no rules at all, they will pass from the bottom to the bottom, but they are full of momentum and have the style of a strong team. .

Class 13 also knew that his strength was not strong, so Sun Haitao, the captain with a steady personality, formed a 451 formation.

Breaking through dense defense is a difficult problem in professional competitions, and it is also a difficult problem in amateur competitions. Even though Class 4 is stronger than Class 13, it still has no way to break through the gate of Class 13.

The game was so close,
As anxious as imagined before the game.

The female students on the sidelines actually didn't understand any tactics and techniques at all. They cheered for whoever kicked the ball far and who ran fast. The scene was also very lively.

Thirty minutes into the first half, the score was 0-0. During the intermission, Gao Xiaodong approached Sun Haitao, Captain, when will you let me play?

The game was so difficult, and Sun Haitao was racking his brains to think about how to keep the goal. He didn't dare to let Gao Xiaodong play, so he said perfunctorily: Don't worry, wait for the opportunity.

Gao Xiaodong was looking forward to accumulating competitions so that he could be promoted. How could he not be in a hurry, and said: Captain, I invited the squad leader and the girls' shoes. If you don't let me play, it won't be interesting.

Sun Haitao hurriedly said: Don't worry, I will definitely let you play.

In the second half of the game, Class 13 still stuck to its own half, leaving only two players in front, and stormed for 30 minutes. In the second half, Class 4's physical strength declined a bit. Class 13 got a few good counterattack opportunities, but the forwards Zhu Daqiang and Gan The footwork of the song is too stinky, and I didn't grasp it once.

After Gao Xiaodong acquired the D-level football skills, his vision was no longer that of the original keyboard man, and he quickly saw the key to the game. With Sun Haitao in charge, the defense of Class 13 was good, but the midfielder of Class 13 was lacking. Organization, there is no good striker in front, and the opponent has been pressing and playing. It is normal to lose, and it is good luck to keep the tie.

Sure enough, after playing for ten minutes in the second half, Class 4 launched a side attack. Their No. 7 crossed the goal. The ball was very fast, and it was only three or four meters away from the goal. No. 5, who was inserted in the back row of the class, followed up with a volley and scored. Lei, the goalkeeper of class 13, had nothing to do about it.

Seeing the team conceding the ball, Gao Xiaodong immediately stood up and raised his hand to play, but he was beaten and beaten in front of the whole class of girls, and even conceded the ball. The members of class 13 on the field were almost red-eyed, and no one paid attention to Gao Xiaodong, except for Sun Haitao, everyone is desperately attacking.

Class 13 had no good forwards, no midfield organizers, and it was ineffective to press the whole line. Instead, Class 4 counterattacked several times. Fortunately, the forwards in Class 4 were not strong, and Class 13 had Sun Haitao, the main force of the school team. With the defenders, the score was not expanded.

Seeing that the game was over in ten minutes, Gao Xiaodong watched the game where the players were engrossed in the game, and completely forgot about his existence. He got anxious, stood up and rushed directly into the field.

I want to play! I want to play! The captain promised me!

Someone outside the field entered the field, and the linesman and the fourth official of the student union rushed over to stop him, but Gao Xiaodong insisted on not leaving. He weighed more than two hundred catties, and the two immature students couldn't move him at all, so he had to stop temporarily. Let Sun Haitao, the captain of Class 13, handle the competition.

There were quite a few students mobbing from the sidelines. Many of them didn't care about the outcome itself. Fatty! Change to Fatty!

The game is about to end, Sun Haitao is desperate for an equalizer at this moment, he said to Gao Xiaodong: It's fine if you want to go, but whoever wants to go, you can replace him?

Hey! Which buddy, come down and have a rest, let me play!

Gao Xiaodong yelled at every teammate who ran over, but the high school students were very competitive, and no one wanted to end, so Gao Xiaodong had no choice but to come to Zhu Daqiang's side, and whispered: Good buddy, I will play for you , I will give you a premium game account later.”

Zhu Daqiang's eyes lit up, and he said, I'm too tired to run, you can play forward for me.

Great, enough buddy.

Gao Xiaodong planned to give Zhu Daqiang a bear hug, but Zhu Daqiang, who was as thin as noodles, ran away in fright.
