

Real Daughter 111

Chapter 111 Who Is She?

"Yang Xue, quickly pinch me. Did my uncle smile just now?" Lu Yan stood not far from Lu Ming and saw the smile on his face. It was as if she had seen a ghost.

"Ah! Do you want to die?" Lu Yan covered her right cheek. When she saw Gong Ze pinching her, she resisted the urge to scratch him.

"I've never seen your uncle smile in my life. It's indeed scary," Gong Ze said faintly. He felt that the way Lu Ming looked at Lin Yin made him uncomfortable, but he couldn't say anything.

Su Fei stood opposite Lin Yin, her heart bleeding. Why wasn't this b*tch wearing that white dress? Su Fei was indignant. She clearly wanted to see Lin Yin lose to her, but now, even Zheng Chao and Su Lin were attracted by her.

Su Fei's nails were deeply embedded in her flesh. She looked at Lin Yin as if she wanted to tear her apart.

The current glory would only make her even more miserable later. The viciousness in Su Fei's heart gradually spread. She wished that Lin Yin would embarrass herself immediately and let all the men present who were attracted to her see what kind of person she was. She wanted everyone to despise Lin Yin and make her unable to raise her head in front of her!

Su Zhen was also very shocked by Lin Yin's outfit. She was really too dazzling, and Su Zhen's face was very satisfied. Just as he was about to talk to Lu Ming further, he heard another loud and deep male voice at the door.

"I'm also here to give Miss Lin Yin my blessings for her birthday."

The guests present were still immersed in the shock of Lu Ming's appearance. When they saw the man walking into the hall, everyone was so shocked that they could not close their mouths.

“Young Master Mu! Who exactly is this Miss Lin Yin?”

“CEO Mu and CEO Lu appeared at the same time? Who can have such face?!”

“Look at Miss Su’s face. It’s not surprising that President Lu and President Mu can come.”

“That’s right. I’ve never seen anyone’s daughter as beautiful as Miss Lin Yin!”

“Miss Lin Yin’s future is limitless. Any man is a powerful figure!”

...

Lin Yin also sized up the man who had just spoken. In her memory, she didn’t know him, but his eyebrows were familiar.

Dressed in a neat black suit, the man’s hair was slightly over his eyebrows. He was tall and his facial features looked even more evil than Lu Ming’s.

Why was Mu Heng here? Surprise flashed across Lu Ming’s eyes. He did not think that anyone else present had interacted with Mu Heng other than him.

Mu Heng also saw Lu Ming and a trace of surprise flashed across his eyes. When he saw Lin Yin beside Lu Ming, Mu Heng was a little surprised. He did not expect Su Zhen’s daughter to be so beautiful. No wonder Mu Ran was so concerned.

“Miss Lin Yin, happy birthday.” Mu Heng handed the gift Mu Ran had prepared to Lin Yin. Seeing her surprised expression, he slowly walked to Lin Yin’s side and lowered his head slightly to whisper in her ear, “It’s inconvenient for Mu Ran’s schedule. I hope Miss Lin can understand.”

When Lin Yin heard Mu Heng’s words, she realized that the man in front of her did look a little similar to Mu Ran. It was just that their auras were too different, so Lin Yin did not associate them with each other.

"I understand. Thank you." Lin Yin's actions were elegant and generous. She looked like a noble lady from a prestigious family.

Mu Heng was very satisfied with Lin Yin in front of him. His gaze landed on her necklace and Mu Heng narrowed his eyes.

Mu Heng recognized this necklace at a glance. It was the finale item at the jewelry auction a while ago. If he remembered correctly, it should have been bought by Lu Ming. At that time, Mu Heng was still furious. Not only did Lu Ming compete with him in business, but he also wanted to snatch a necklace from him.

"President Mu, long time no see." Lu Ming stood in front of Mu Heng, his deep eyes sizing up the man in front of him, curious about the real reason for his appearance.

"CEO Lu, I didn't expect to meet you here." Mu Heng could tell what Lu Ming was thinking and his tone became more teasing. "I can't even ask you out usually. Looks like Miss Lin Yin is still the most respected."

Lu Ming's expression did not look good. He did not know how Lin Yin got involved with Mu Heng, but he subconsciously felt hostility towards him.

Su Zhen noticed the tense atmosphere between the two of them and quickly smiled to smooth things over.

"Our Su Family is really honored that the two of you can come today!"

Su Zhen raised his glass and raised it slightly at Lu Ming and Mu Heng. "Come, I have to toast you. It's Xiao Yin's birthday today. As her father, I'm very happy too."

The corners of Su Zhen's lips curled up to his ears. He had lived for forty to fifty years, but this was the first time he was so glorious. Looking at the slender Lin Yin in front of him, Su Zhen felt even more smug.

Chapter 112 Continuous Storm

It seemed that he had been too conservative previously. The Mu family's strength was not inferior to the Lu family's, and Lin Yin was more than that.

Although Su Zhen still had a smile on his face, the dirty thoughts in his heart had already begun to sprout. Bringing Lin Yin back to the Su Family was definitely the wisest decision he had made in his life!

Su Fei looked at Lin Yin, who was the center of attention, and couldn't smile. At this moment, she had completely become Lin Yin's supporting role.

Lu Ming and Mu Heng's appearance surprised everyone present, and everyone's eyes were on Lin Yin.

Su Lin noticed Su Fei's abnormality and gently tugged at her arm, signaling her not to be rash.

Su Lin comforted Su Fei and nodded at her before walking out of the Su Family.

Su Fei knew that Su Lin had already made arrangements. She looked at Lin Yin, who was surrounded by everyone, with a hint of provocation and thought to herself, Let's see if she can still be so glorious later!

Mu Heng and Su Zhen exchanged a few pleasantries and realized that Lin Yin was long gone.

He looked around and finally saw Lin Yin at the other corner of the hall, as well as Lu Ming, who had been following her closely.

Mu Heng took out his phone and took a photo of Lu Ming and Lin Yin before sending it to Mu Ran.

It seemed that Mu Ran still had a long way to go. Lu Ming was not an easy person to deal with. Mu Heng was worried for his brother. It would probably not be so easy to bring Lin Yin back to the Mu family.

Lin Yin noticed Mu Heng's gaze and smiled and nodded at him.

Lu Ming noticed Lin Yin's gaze and finally couldn't help but ask in a low voice, "How do you know Mu Heng?"

Lin Yin shook her head at Lu Ming and glanced at Lu Yan and Yang Xue. She asked softly, "Don't you think President Mu looks like someone?"

Lu Yan also glanced at the man in the distance and suddenly widened her eyes. "No way. Could he be Mu Ran's brother?"

Lu Ming naturally knew about the relationship between Mu Heng and Mu Ran, but Yang Xue and Lu Yan were very surprised.

"Yes, he said that it was inconvenient for Mu Ran, so he brought me a gift." After explaining, Lin Yin looked at Lu Ming and realized that he seemed to be thinking about something. She asked, "Uncle, are you very familiar with President Mu?"

Lu Ming was a little dissatisfied with how Lin Yin addressed him, but seeing that everyone was present, he couldn't refute. He nodded and replied, "We've known each other for more than ten years, but we're not that familiar."

Lin Yin didn't understand what Lu Ming meant, but she heard Lu Yan say, "Lin Yin, my uncle is like this. Even if he's known someone for 20 years, he might not be familiar with them. There are simply too many unnecessary social interactions in his heart."

Lu Yan walked to Lin Yin's side and continued in a low voice, "In the past, my uncle never participated in such social occasions. He has the ability to freeze everyone."

Lu Yan noticed Lu Ming's gaze and shrank her neck timidly. She silently closed her mouth.

The atmosphere of the banquet was very good. Because of Lu Ming and Mu Heng's appearance, everyone felt that this trip was not in vain and were especially enthusiastic and respectful to Su Zhen and Lin Yin.

Lin Yin realized that Su Lin was not in the hall. She looked at the time and felt that he should have started to take action.

Lin Yin secretly checked the projector in the hall and realized that the video she had prepared in advance could be played with one click. She could not help but smile. She could not wait to see Su Fei and Su Lin's performance.

The banquet atmosphere gradually reached its climax. Su Zhen held the microphone in the center of the hall and prepared to thank them. The guests also quietened down.

Just as everyone quietened down, there was suddenly a commotion outside the door.

Lin Yin raised her eyebrows slightly and saw Su Lin run in nervously, followed by a young man in cheap sportswear.

Everyone's gaze was attracted by Su Lin and that man. Su Zhen frowned and scolded Su Lin, "Who is he? Su Lin, why do you let anyone in?"

"Dad, he's been making a fuss outside about wanting to see Little Yin. I think he's pitiful and want to ask if he's Little Yin's friend." Su Lin looked like he could not stop the man, but Lin Yin knew very well that if not for Su Lin, how could the man in front of her enter?

It seemed that the person who harmed her in her previous life was indeed Su Lin. It was all her fault for being too stupid. She actually trusted Su Lin completely in her previous life.

The man in sportswear glanced at Su Lin, as if he had received a signal. He rushed towards Lin Yin with all his might. As he ran, he shouted, "Wife, can you forgive me? Don't leave me!"

Chapter 113 Malicious Slander

All the guests were a little surprised by the sudden accident in front of them. Some were waiting to watch the show, and a few were worried about Lin Yin. After a scene like this, no matter if it was true or not, it would probably not be good if word got out in the future.

Su Fei, who was standing in the corner, stared at Lin Yin excitedly, afraid that she would miss the expression on her face.

She was waiting for Lin Yin to break down in pain. Only then would she be satisfied.

Lu Ming frowned unhappily and looked at Lin Yin beside him. He realized that her expression was natural and there was a faint smile in her eyes, but the aura she exuded made him shiver.

The man in sportswear quickly ran up to Lin Yin. He was about to go forward and grab Lin Yin's wrist when Lu Ming kicked him away.

The man was already nervous. After being kicked to the ground by the tall Lu Ming, he was even more afraid. However, when he thought of the generous reward after the matter was completed, he mustered his courage and shouted at Lin Yin, "Wife, have you forgotten the days we used to be together?"

When the man saw Lin Yin's exquisite and beautiful face, he was surprised that she had changed so much. The lives of rich people were indeed comfortable.

After steeling his heart, the man said the lines he had repeated many times before. "I've already forgiven you for being with someone else behind my back previously. You can't completely forget me just because you have a good life, right?"

"Who do you think you are?! Stop slandering Lin Yin here!" Lu Yan really couldn't stand the man's words anymore. She walked to Lu Ming's side and stood in front of Lin Yin. "You want to be related to Lin Yin? Go back and look in the mirror!"

When Su Zhen heard the discussions in the crowd, he could not hold it in anymore. He glanced at Mu Heng, whose emotions were unknown, and quickly walked to the man in sportswear. He said to the attendant beside him, "What are you waiting for? Hurry up and pull him out!"

“Honey, I’m sorry. I know I was wrong. You even aborted the child for me when I was in school. Give me a chance. I’ll treat you well!” The man was afraid of being dragged out, so he hurriedly said the lines he had prepared in one breath.

“What f*cking nonsense are you talking about?!” When Gong Ze heard the man insult Lin Yin, he couldn’t help but pick him up from the ground. Just as he was about to punch him, he heard a cold and calm female voice behind him.

“Why do you want to hit him? Don’t dirty your hands.”

Lin Yin walked out from behind Lu Ming and Lu Yan and looked down at the man trembling in Gong Ze’s hand. The smile on her lips became even more obvious.

“Your name is... Chen Tao?” Lin Yin looked at the man in front of her and intent to kill surged in her heart.

It was because of this person that in Lin Yin’s previous life, she became the focus of the entire banquet and became a despicable and dirty thing in everyone’s eyes. She became the laughingstock of the entire upper-class society and her reputation was ruined!

No matter how Lin Yin defended herself and cried, no one cared about her feelings. It was as if her existence would pollute the air and she had completely become a disgrace to the Su Family.

But it was different in this life. There were many people standing behind Lin Yin. Lu Ming, Lu Yan, Yang Xue, and Gong Ze all believed in her and were willing to protect her.

Chen Tao looked at Lin Yin’s beautiful face and his mind raced. “Wife, you’re still willing to acknowledge me, right? Let’s be together in the future, okay? No one can separate us!”

Chen Tao acted very seriously. He even really hoped to be with Lin Yin.

“Shut up! How can my daughter know a lowly person like you?! Hurry up and drag him out!”

Su Zhen realized that everyone believed the man's words and was anxious. He could not let Lin Yin be related to such a person. He hurriedly explained to Mu Heng beside him, "President Mu, he's talking nonsense. Don't take it seriously!"

Mu Heng did not speak, looking like he was watching a show. He did not believe that the man in front of him was related to Lin Yin at all, but he was a little curious about what Lin Yin would do. After all, she did not look nervous or flustered at all.

"Wait." Lin Yin stopped the servant who was about to throw Chen Tao out and said calmly, "I do know him."

Before Lin Yin could finish speaking, everyone's discussion became louder. Their originally envious gazes towards Lin Yin turned into shame and disdain.

Su Zhen was furious with Lin Yin. He looked at Lu Ming and Mu Heng and realized that they were all staring at Lin Yin.

"But you said I'm your wife?" Lin Yin and Chen Tao were very close and she could see the panic in his eyes.

Chapter 114 Are You Sure?

"I'll give you another chance." Lin Yin's voice was not loud, but it clearly entered everyone's ears. "Are you sure you want to say that?"

Chen Tao looked at the girl in front of him who looked like an inquisitor and swallowed nervously.

Lin Yin was still very beautiful, but there seemed to be a hint of blood in her eyes. She looked at him coldly, as if she was looking at a dead person.

Chen Tao clearly had no way out. He glanced at Su Fei and Su Lin in the corner and gritted his teeth. He deliberately raised his voice and said to everyone, "Although there are no legal procedures, you are! We've been together for so long. Why aren't you my wife?!"

!!

“Alright, don’t regret it. I gave you a chance.” Lin Yin opened the video she had prepared.

“Your acting skills are not bad. Isn’t 30,000 yuan too little?” Lin Yin’s voice slowly sounded, but everyone’s gaze was attracted by the video on the projector.

The protagonists of the video were all present. One was Chen Tao, and the other was Su Lin, who was in the corner.

The angle of the photo was very clear. One could clearly see Su Lin and Chen Tao’s facial features and their conversation.

“Memorize everything I told you previously. You have to make everyone think that you’re related to Lin Yin.” In the video, Su Lin was wearing a black casual outfit. He took out a paper envelope from his shirt and continued to instruct Chen Tao, “This is 10,000 yuan. When the birthday banquet is over, I’ll give you another 20,000 yuan.”

When Chen Tao saw the money, his eyes revealed greed. He said politely to Su Lin, “Young Master Su, don’t worry. I’ll definitely make everyone think that Lin Yin is a promiscuous b*tch. I guarantee that she won’t be able to see anyone in the future!”

After the video ended, Chen Tao’s expression was very bad. He did not dare to look at Lin Yin in front of him.

“Tsk, you worked so hard for just 30,000 yuan. If you were willing to tell the truth just now, I might have pitied you and given you more money,” Lin Yin said to Chen Tao deliberately regretfully.

Chen Tao seemed to have seized the opportunity and hurriedly pointed at Su Lin, shouting, “Lin Yin, he asked me to do it! I’m just a poor person. How dare I offend the eldest young master of the Su Family!”

Everyone’s emotions kept fluctuating. At this moment, no one dared to talk about Lin Yin anymore. They all pointed their spears at Su Lin.

“He’s too vicious. Isn’t Miss Lin Yin his biological sister?”

“Miss Lin Yin is so outstanding. Su Lin is afraid that she will threaten his status in the Su Family, right?”

“No matter what, you can’t do this. Are you still human? You’re slandering a girl!”

“Miss Lin Yin is really impressive. If it were anyone else, they would have been wronged!”

...

Su Zhen’s face turned green with anger. He never expected that the situation in front of him was actually caused by Su Lin. He had simply embarrassed the Su Family.

“Hurry up and get over here!” Su Zhen roared at Su Lin.

Su Lin could only walk over. He did not expect Lin Yin to discover his plan and follow him secretly.

“Dad, Brother was just confused for a moment. Please forgive him.” Su Fei realized that things had changed and had long cried.

Chu Yun also pounced in front of Su Zhen and refused to let him touch Su Lin.

“Dad, I was confused. I’ll apologize to Sister. Punish me.” Su Lin could not defend himself and could only show weakness. Chu Yun and Su Fei surrounded him. Su Zhen had no choice. Looking at the surrounding guests, he felt his face burn.

“Sister, help Brother. He really knows his mistake. Please forgive him.” Seeing that Su Zhen did not react, Su Fei deliberately came over to pull Lin Yin’s arm, but Lin Yin pushed her away fiercely.

“Sister, I’ve been swallowing my anger since you came home. I’m afraid that I’ll make you unhappy. You have a bad temper, so we can accommodate you. Give Brother some time. He’ll change, okay?”

Su Fei fell to the ground. Her pitiful appearance attracted the sympathy of many people. Zheng Chao and Zhou Ping hurriedly helped her up.

Zhou Ping looked at Lin Yin and said unhappily, “Feifei didn’t offend you. Why are you venting your anger on her?!”

Zheng Feng wanted to stop Zhou Ping, but he did not expect Zheng Chao to say angrily, “It’s all because you usually bully Feifei that Brother Su Lin can’t stand you!”

Lin Yin smiled. The people in front of her were really capable. They could still blame her for such a situation.

Without saying anything, Lin Yin pressed the remote control in her hand and an audio recording continued to play on the projector.

Chapter 115 Call Me Brother

“Brother, how’s the arrangement going?” Su Fei’s delicate voice sounded from the projector.

“Don’t worry, I can guarantee that Lin Yin will definitely be too ashamed to stay in the Su Family in the future!” Su Lin’s tone was very certain and his tone towards Su Fei was very gentle. “Feifei, I have said that you’re the only daughter in the Su Family. Who does Lin Yin think she is?!”

“Brother, thank you.”

These few words were enough for everyone present to see Su Fei and Su Lin’s true faces.

!!

After hearing the recording, Zhou Ping's expression did not look good either. She let go of Su Fei's hand and called Zheng Chao to the other side.

"Damn it, you guys are too shameless! You teamed up to scheme against Lin Yin and still pretend that you're the ones getting bullied!" Lu Yan walked to Lin Yin's side, her heart aching for her. She never expected that the Su Family would dare to treat her like this.

"What a drama." Mu Heng smiled and teased Su Zhen, whose face had darkened. "President Su, if Miss Lin Yin isn't smart enough, she really won't be able to survive in the Su Family."

Su Zhen looked at the pale Su Fei on the ground and the silent Su Lin. He sighed heavily and said to the attendant beside him, "Lock these two embarrassing things up on the second floor first! Don't ruin everyone's mood!"

The servant helped Su Fei and Su Lin up from the ground and dragged them up to the second floor.

"I'm sorry for the joke. Our Su Family should indeed educate our children." Su Zhen apologized to everyone as he walked towards Lin Yin. "Little Yin, you've suffered."

Lin Yin ignored Su Zhen and glanced at Chen Tao, who was still frightened. She said to him, "Do you know that you can't spout nonsense?"

Chen Tao nodded desperately. At this moment, Lin Yin was the only person who could decide his life and death.

"Send him to the police station and the evidence of him slandering me."

When Chen Tao heard Lin Yin's words, he tried his best to plead for mercy, but he was suppressed by the Su Family's bodyguards.

After the matter came to an end, everyone's discussion returned to normal.

Mu Heng walked towards Lin Yin and said to her seriously, "Miss Lin Yin, this is my contact number. If you're unhappy in the Su Family, you're welcome to come to the Mu Family as a guest anytime."

Lin Yin took the business card and smiled at Mu Heng. She said to the people around her, "Thank you for believing me. I gained a lot on my birthday today."

Gong Ze was a little unhappy. He stood beside Lu Yan and said to Lin Yin, "If I hadn't stopped her, this girl would have rushed up."

"Isn't it because my little uncle is fast? I wanted to kick him too." Lu Yan pouted slightly. She was angry at the thought of the person just now.

"Thank you, Lu Yan." Lin Yin was very grateful for Lu Yan's sincerity towards her. She glanced at Lu Ming beside her and smiled. "Uncle, thank you too."

"Pfft—" Mu Heng couldn't help but laugh when he heard how Lin Yin addressed Lu Ming.

Looking at Lu Ming's darkening face, Mu Heng felt happy. He turned to Lin Yin and said, "Miss Lin Yin, you're so close to President Lu. Don't always call me President Mu. It makes us seem distant."

Mu Heng deliberately glanced at Lu Ming. "You can call me Brother like Mu Ran. How about that?"

Lin Yin looked at the smiling man in front of her and did not find him annoying. She nodded slightly and called out, "Okay, Brother Mu Heng."

Mu Heng smiled smugly and looked at Lu Ming with a teasing expression.

"Lin Yin calls me Uncle and calls you Brother. In terms of seniority, should I call you Nephew?"

Lu Ming looked at Mu Heng and the corners of his lips curled up.

"Don't take advantage of me, CEO Lu. Let's talk about our own matters." Mu Heng hurriedly waved his hand and everyone smiled.

After the banquet ended and the guests left, the atmosphere in the Su Family gradually became cold.

Su Zhen sat on the sofa in the hall tiredly and said to Chu Yun beside him, "Go, call those two unfilial children down!"

Lin Yin sat on the other side of the sofa and waited for the highlight.

"Old Su, you can't treat the children like this!" Chu Yun saw that Su Zhen's expression was not good and was very worried about Su Fei and Su Lin.

"Children? Are they worthy of being children of the Su Family?" Su Zhen's voice suddenly raised, scaring Chu Yun.

"That's because Lin Yin deliberately schemed against them!" Chu Yun looked at Lin Yin, who was acting as if nothing had happened. She had hatred in her heart, but she couldn't flare up.

"At this point, you're still so biased towards them!" Su Zhen stood up from the sofa and roared at Chu Yun, "Do you think they're targeting Lin Yin? They're embarrassing our Su Family today!"

Chapter 116 Get Out of the Su Family

Chu Yun did not dare to refute Su Zhen anymore. After hesitating for a while, she still walked up to the second floor reluctantly.

Su Zhen was depressed. When he saw Lin Yin on the other side of the sofa, his expression softened a little. She was still his biological daughter after all. She was indeed more capable than the bastard outside.

"Kneel down!" Su Zhen shouted when he saw Su Fei and Su Lin walking down from the second floor.

Su Fei looked at Su Lin timidly and realized that his expression was also very ugly. Helpless, she could only kneel on the ground.

“Aunt Li, bring me the family weapon.”

When Chu Yun heard Su Zhen’s words, she pulled Aunt Li back in surprise. Her eyes were filled with tears as she asked Su Zhen, “Old Su, do you have to hit the children?”

Su Fei looked at Chu Yun for help. Chu Yun really could not bear it.

“Why? Can’t I make decisions in the Su Family?” Su Zhen kicked away the chair by the table angrily and walked around Chu Yun to personally get the ruler.

“Ah! Dad, I know I was wrong!” The ruler hit her hard. Su Fei was in pain, but she did not dare to dodge.

“Dad! Are you so biased?” Su Lin stood in front of Su Fei and looked at the expressionless Lin Yin on the sofa. The hatred in his heart intensified.

“Feifei is also your daughter. Can you bear to see her bullied by Lin Yin?!”

After all, Su Lin was the eldest son whom Su Zhen valued very much. He softened his grip.

Su Zhen sat back on the sofa and panted heavily as he shouted, “At the very least, Little Yin won’t embarrass the Su Family! Look at what you’re doing!”

Lin Yin was not touched by Su Zhen’s actions. She knew that the reason why Su Zhen did this was because she seemed more useful than Su Fei now. In Su Zhen’s heart, family ties were far less moving than practical benefits.

“The reason we did this is all because of Lin Yin! If it weren’t for her, you wouldn’t have treated Feifei like this!”

Su Lin completely vented his anger on Lin Yin. He did not understand why his father was so heartless. It was because of Lin Yin's appearance that he could completely disregard nearly twenty years of relationship with Su Fei.

When Lin Yin saw Su Lin's hostility towards her, her expression was still very calm.

"Then what should we do?" Lin Yin got up from the sofa and slowly walked up to Su Lin and Su Fei. "In the end, I'm still a member of the Su Family. Do you want me to give way to an outsider?"

Lin Yin's words completely pierced Su Fei's heart. Her body couldn't help but tremble as she choked and said, "Sister's words are right. I'm the one who should leave from the beginning to the end..."

Lin Yin leaned down and said mockingly, "Is that so? From the first day I came to the Su Family, I've heard you say this. Do you have any intention of leaving? If you don't want to leave, no one will force you. Why do you have to keep saying that you want to leave?"

Lin Yin's words rendered Su Fei completely speechless. She did not expect Lin Yin to be so aggressive.

"Lin Yin, what are your intentions?! Will you only be satisfied if Feifei is chased out of the Su Family?"

Chu Yun broke down and stood in front of Su Lin and Su Fei. She shouted at Lin Yin and Su Zhen, "If anyone wants to chase Feifei away today, just chase me away too."

"Mom!" Su Fei hugged Chu Yun and sobbed. Su Lin also protected the mother and daughter behind him. This family looked especially united.

Su Zhen pressed his swollen temples. The events of the day gave him a headache, and the scene in front of him made him feel a little troubled. He was hesitating about how to speak when Lin Yin's cold voice sounded.

"Don't think too highly of yourself. You're just relying on the Su Family to survive. If you can't think for the Su Family when you do things, you might as well get lost together!"

After saying that, Lin Yin looked at Su Zhen and realized that his expression was very serious. She continued, "If we can't resolve today's matter, I won't be the only one who will be embarrassed. Do you think the outcome of this matter will be for me to be chased out? You're wrong. This matter will make the Su Family the biggest joke in everyone's eyes. No one will care about a little girl like me. In the end, the Su Family will still bear the consequences!"

After Su Zhen heard Lin Yin's words, his expression darkened.

She was right. This was also the main reason why he was angry. Su Fei and Su Lin were really too stupid. They actually gambled the Su Family's face for these small grudges.

Su Lin looked at the overbearing Lin Yin and was dissatisfied, but he did not dare to flare up. Su Zhen, who was at the side, had no intention of stopping Lin Yin.

Su Lin helped Su Fei up from the ground and said to Su Zhen, who was on the sofa, "Dad, at this point, with Lin Yin in the Su Family, we can't stay anymore!"

Chapter 117 Stop the Card

"Are you threatening me?" Hearing Su Lin's words, Su Zhen widened his eyes in disbelief and stood up from the sofa.

Lin Yin stood beside Su Zhen and was very satisfied to see Su Lin and Su Zhen being enemies. Su Lin had triggered Su Zhen. It seemed like they could not stay in the Su Family anymore.

"Dad, that's not what Brother meant. He was just anxious, so he spoke without thinking." Su Fei saw Su Zhen's obvious change in expression and hurriedly went forward to explain, but Su Lin pulled her behind him.

"Feifei! What are you still talking to them about?! It's fine if we don't stay in the Su Family!" Su Lin couldn't stand being suppressed by Lin Yin and was already filled with anger.

"Bastard!" Su Zhen picked up the vase on the coffee table and threw it at Su Lin. He did not expect his obedient and sensible eldest son to confront him for an adopted daughter.

"If you leave, don't ever come back!"

Su Zhen coughed violently because he was angry. Chu Yun looked at the father and son who had completely collapsed and hurriedly walked to Su Zhen's side. As she calmed him down, she persuaded, "Old Su, your blood pressure is high. Don't be angry at the children."

"I've raised you two for more than twenty years, but I've only raised two heartless people!" Su Zhen looked at Su Fei and Su Lin who were leaning against each other and felt very upset.

"All these years, we can't compare to your biological daughter!" Su Lin looked at Lin Yin fiercely. "I'll leave this family to you! Feifei and I can't afford it!"

"Brother!" Su Fei still wanted to persuade him, but Su Lin led her out of the Su Family's door.

"I'm so angry. This unfilial son!" Su Zhen could not bear to see Su Fei and Su Lin leave, but he was furious at Su Lin's words and Su Zhen did not intend to stop them.

"Old Su, are you really going to watch the children leave the Su Family?" Chu Yun was anxious, but there was nothing she could do.

"What do you want me to do?" Su Zhen looked at Chu Yun, whose face was covered in tears, and sighed. "Sigh, do you still want me to chase them back?!"

Lin Yin looked at the obviously haggard Su couple and said faintly, "It's easy to get them to come back. Stop all their cards. They'll naturally come back in less than a week."

When Chu Yun heard Lin Yin's words, she shook her head and said to Su Zhen, "No, without money, Feifei and Lin Lin will definitely suffer."

Chu Yun turned around and glared at Lin Yin. She said in an unfriendly tone, "How ruthless are you? You're still not satisfied with chasing them out? Are you trying to drive them to a dead end?"

Lin Yin couldn't be bothered to argue with her. She continued to say to Su Zhen, "This is also an opportunity to train them. As the heir of the Su Corporation, if they can't even suffer a little, how can they inherit the family business in the future?"

Chu Yun had been observing Su Zhen's reaction and realized that he actually agreed with Lin Yin.

"You're right. It's better to suffer now than suffer in the future." Su Zhen took out his phone and called the company's finance department, asking them to stop Su Fei and Su Lin's bank cards.

Seeing that Su Zhen had made up his mind, Chu Yun did not dare to retort. However, she looked at Lin Yin with a probing gaze. This girl was really not simple. She could convince Su Zhen with a few words. Chu Yun was a little nervous. With Lin Yin around, Su Fei's life would probably not be easy in the future.

Su Fei and Su Lin's departure silenced the entire Su Family. After Lin Yin washed up, she lay on the big bed in the bedroom. When she thought of Su Fei's pale face today, she felt very happy.

In her previous life, she was much worse off than her. Su Fei had only experienced this and it was far from enough.

Her phone rang. Seeing Mu Ran's caller ID, Lin Yin picked up the call.

"Brother Mu Ran."

"Little Yin, how was today? I heard from my brother that someone was looking for trouble at your birthday party?"

Mu Ran's voice was very pleasant. It was as clean and clear as a clear spring, calming Lin Yin's impetuous heart.

"Yes, it's fine. It's all settled." A smile appeared on Lin Yin's face.

“My brother already said that this is the first time he’s seen such a powerful young lady.” Mu Ran had been at a photo shoot for a magazine for the entire day and was taking a car home. “This is the first time I’ve heard my brother praise someone.”

“Thank Brother Mu Heng for me. I like the gift you gave me very much.” Lin Yin had already put away the bracelet that Mu Ran had given her. It was a style that was very suitable for her. Mu Ran had good taste.

“It’s good that you like it...” Mu Ran hesitated on the other end of the phone. She paused and asked carefully, “Little Yin, are you very familiar with Brother Lu Ming?”

Chapter 118 How Shameless

“Yes, it’s fine. Do you know each other too?” Lin Yin knew that Lu Ming and Mu Ran should know each other, but judging from Lu Ming’s personality, he probably wouldn’t be too close to anyone.

“Yes.” Mu Ran thought of the photo Mu Heng had sent him and asked nervously, “My brother knows him to begin with. I’ve worked with him a few times at work. But how did you two meet?”

“The Lu Yan you saw last time is CEO Lu’s niece. I went to her house a few times, so I got to know her little uncle.”

Lin Yin was not lying. She knew Lu Ming because of Lu Yan.

“Oh.” Mu Ran heaved a sigh of relief on the other end of the phone. From what Mu Heng said, Lu Ming probably had other thoughts about Lin Yin.

“Little Yin, you’re still in school. It’s best to interact less with people in society.” Mu Ran couldn’t badmouth Lu Ming, so he could only remind Lin Yin tactfully.

“Brother Mu Ran, I’m already an adult. Why are you still treating me like a child?”

When Mu Ran heard Lin Yin’s words, a bitter smile appeared on her face. He hoped that Lu Ming would treat Lin Yin as a child too.

"I'm just reminding you that some people look like gentlemen on the surface, but they're actually very dirty, especially the older ones. Don't be fooled by their sweet words."

When Lin Yin heard Mu Ran's words, she smiled helplessly. She felt that he was actually like an old father who was worried that his daughter would be deceived.

"Got it, Brother Mu Ran. Don't worry. I'm not that easy to fool."

After hanging up, Mu Ran was still a little worried. He turned on his phone again and found the photo Mu Heng had sent him. Looking at Lu Ming, who was looking at Lin Yin in the photo, Mu Ran frowned. This gaze was too suspicious.

"What's wrong?" In the car, Wei Yuan had been busy with Mu Ran for the entire day. He was about to sleep for a while when he was woken up by his and Lin Yin's calls. "The news is full of praise for Miss Lin Yin. Don't worry."

Wei Yuan pulled up the news interface and said to Mu Ran, "Look, it's all praise for Lin Yin's peerless beauty and President Mu's support for her. Now, Lin Yin has already become publicly acknowledged as a daughter of a wealthy family."

Mu Ran glanced at Wei Yuan's phone interface and realized that there were a few photos of Lin Yin on the news. He was surprised to find that Lu Ming was behind every photo of Lin Yin.

"How shameless!" Mu Ran stared at Lu Ming in the photo, as if he wanted to stare a hole into him.

"Huh? There's nothing wrong with this news?" When Wei Yuan heard Mu Ran's words, he hurriedly sat up straight and checked the content on his phone again.

"I'm talking about Lu Ming! Why is he following Little Yin?!"

Hearing Mu Ran's words, Wei Yuan sighed. So this little ancestor was jealous.

Smiling, Wei Yuan probed, "Lin Yin is so beautiful. It's normal for someone to admire her. Besides, that's CEO Lu. His status, appearance, and bearing are all top-notch. He's quite compatible with Lin Yin."

"Bullshit!" Mu Ran threw the phone at Wei Yuan.

"Ancestor, you can't scold people!" Wei Yuan didn't want Mu Ran to be related to Lin Yin. He said softly, "With your position, you can't care about Lin Yin's private matters. It's not appropriate."

"No, Brother Wei, Lu Ming is the same age as my brother. He's almost ten years older than Little Yin. If he's not shameless, what is he?"

The more Mu Ran thought about it, the angrier she became. He took out her phone and opened his contact list.

"No, little ancestor, what are you doing?" Seeing that Mu Ran was about to call Lu Ming, Wei Yuan hurriedly snatched the phone from his hand. "You can't offend CEO Lu! We have many projects with the Lu Corporation. Don't be rash!"

Mu Ran looked at Wei Yuan angrily and had an idea. It was fine if he didn't call. He would have a good chat with him the next time they met.

After the West Axis Academy exam ended, they welcomed a month of long vacation.

Lin Yin heard from Yang Xue that Su Fei and Su Lin lived in a villa on the outskirts of the city. Other than a house and a car, the two of them were almost penniless and relied on pawning some luxury goods to live.

"I didn't expect the two of them to be so tolerant."

Lu Yan walked in front of Lin Yin and Yang Xue and said to them, "Do you think Su Fei and the others will learn their lesson this time? After the birthday party last time, Shi Dai and Ji Yun were warned by their

families not to interact with Su Fei. Now, Su Fei's reputation is completely ruined. She deserves it because she's so sinister and used such despicable methods."

Chapter 119 I Want to Invest

"Who knows? Su Zhen is still angry, but Su Fei and Su Lin still have feelings for him. It's impossible for them not to return to the Su Family forever."

Because of their disappearance, Lin Yin had a rare few days of peace. However, she knew that this was all temporary. Su Fei and Su Lin would probably think of more ways to target her in the future.

"Forget it. I don't want to think about them. It's not easy for us to have a break. The three of us can have some fun." Lu Yan studied a lot with Lin Yin for the exam. She heaved a sigh of relief when the results were out.

"Don't forget that you'll have to face the college entrance examination after school starts. You'd better calm down." Lin Yin was confident that she could be promoted. It was not a big problem for Yang Xue either. But if Lu Yan did not rely on the Lu Family's support, it would probably be very difficult for her to get into an ideal university.

!!

"I'll just play for a week. I'll definitely study hard after that." Lu Yan looked at Lin Yin, her eyes filled with anticipation.

"But you have to study on time every day after that week." Lin Yin was sincerely doing this for Lu Yan's own good. Although she couldn't resolve the trauma in Lu Yan's heart for the time being, she could still improve her results.

"Alright, I'll listen to Teacher Lin's arrangements!" Lu Yan pulled Lin Yin and Yang Xue and quickly took a few steps. "There's a new dessert shop in front. I'll treat you!"

The three of them were walking when a middle-aged man in a suit at the entrance of the coffee shop threw out a stack of photocopying paper.

“You’re just wasting my time!” The man in the suit pushed away the timid young man in black-framed glasses beside him impatiently. Without hesitation, he stepped over the white paper on the ground and left in a car.

The man with glasses hurriedly came out to pick up the photocopied paper on the ground, looking nervous and afraid.

Seeing that the man was in a hurry, Lin Yin and the others helped him pick up the paper on the ground.

“Thank you.” The man looked at the three girls who helped him and was very grateful. He kept thanking them.

Lin Yin stacked the papers in her hand and inadvertently saw the words on them.

The document in front of her should be a business plan. Although Lin Yin could not understand the contents, she could clearly see a name.

“Jiang Chen?”

The man in black-framed glasses was slightly stunned when he heard Lin Yin say his name.

“You’re Jiang Chen?” Lin Yin looked happy.

Jiang Chen was a rising star in the business world in her previous life. Lin Yin was very familiar with the name that often appeared on the financial news.

“Do we... know each other?” Jiang Chen looked at the beautiful girl in front of him and was a little embarrassed. In his impression, he had never seen such a beautiful and noble lady.

“It doesn’t matter if you know me or not? Do you need an investor for this plan?”

Lin Yin knew that Jiang Chen had started from scratch, but she did not expect that a business elite with a net worth of more than ten billion would have such a down-and-out past.

“Yes, but...” Jiang Chen looked at the little girl in front of him in confusion, not understanding what she meant.

“Can I see your proposal?”

As soon as Lin Yin finished speaking, Jiang Chen was not the only one who was surprised. Lu Yan and Yang Xue were also shocked.

“Lin Yin, when did you learn these things?” Lu Yan looked shocked. She felt that Lin Yin in front of her could always surprise her.

“You can, but this proposal is messed up.” Jiang Chen tidied up the photocopied paper in his hand nervously.

Lin Yin looked at the flustered Jiang Chen and couldn’t help but smile. She didn’t expect that the big boss who spoke confidently in front of the camera was so inexperienced when he was young.

“It’s okay. Let’s go in and talk.” Lin Yin gestured for Jiang Chen to enter the shop. Lu Yan and Yang Xue followed.

As Lin Yin carefully sorted out the proposal, she read it carefully. Although Jiang Chen didn’t have much hope, he was still very grateful to the girl in front of him. After all, she was the first person who was willing to read his proposal carefully.

Lin Yin finished reading the contents of the proposal. Even if she didn’t read it, she completely trusted this future business genius in front of her.

“Very good. Although it looks difficult, I believe that as long as I give you a chance, you can succeed.” Lin Yin smiled and handed the proposal to Jiang Chen.

Jiang Chen smiled and adjusted his glasses. He said gratefully to Lin Yin, "Thank you. I'll work hard."

"So, I want to give you the start-up capital. How much do you need in total?"

Lin Yin's words made Jiang Chen's eyes widen. The little girl in front of him did not seem like she was joking and was waiting patiently for his answer.

"Really? I need at least eight million..." Jiang Chen was a little unconfident. He knew that no one was willing to invest so much money on a newbie like him who had no experience at all.

Chapter 120 Startup Fund

"Alright, I can invest." Lin Yin thought for a moment and did not want to let go of the opportunity to work with Jiang Chen.

"What?" Jiang Chen felt that he might have heard wrongly or that the girl in front of him was joking with him.

"Lin Yin, are you really going to invest?" Lu Yan and Yang Xue also looked confused. Although eight million yuan could not be considered a huge sum, it was still very difficult for them, who were still in school, to gather it.

"Yes, I'll contribute. You'll contribute the skills. In the end, I'll get 60% of the profit and you get 40%. How about that?" Lin Yin's tone was very serious, making Jiang Chen's expression turn solemn.

"Of course you can, but are you really willing to believe me?" Jiang Chen looked at the girl's clothes. He could tell that she was the daughter of a rich family, so he did not dare to treat her words as a joke.

"I'm willing. I admire your thoughts and don't want you to be buried." Lin Yin couldn't say that she had long known that Jiang Chen would definitely succeed.

“Thank you, thank you so much.” Jiang Chen looked at the girl in front of him as if he had seen a living Buddha. He had been running into obstacles everywhere, but the girl in front of him had reignited his hope.

“We’ll draft a written contract in a while. I’ll give you the money in three days.” Lin Yin and Jiang Chen exchanged contact details and watched as he thanked her excitedly before leaving the coffee shop.

“Lin Yin, are you serious?” Lu Yan looked at the temporary contract Lin Yin had signed with Jiang Chen with a puzzled expression.

“Well, I really think his proposal is good.”

Lin Yin nodded, but she heard Yang Xue mutter softly, “That’s eight million. Can you take it out now?”

Yang Xue knew that Lin Yin was well-off, but she still felt that eight million was too much.

“I can’t take it out. I’ll try my best to get it.”

Lin Yin’s words completely shocked Lu Yan.

“Sister, eight million, not eighty thousand. How will get it?”

“Help me contact the buyer. I want to sell everything valuable on hand.”

Lin Yin had always been thrifty. She had never touched the allowance the Su family gave her, which was about two million yuan in total. She also had some jewelry, bags, and gifts from Su Zhen’s business partners. Lin Yin felt that with these and what she originally had, it shouldn’t be a problem to gather eight million yuan.

“Sigh, I don’t see you being so impulsive usually. Hand it over to me. I’ll try my best to help you find a buyer.” Although Lu Yan had a lot of pocket money, she was used to being extravagant and didn’t have much left. It seemed like she had to help Lin Yin think of a way.

After Lin Yin returned home, she started to pack her valuables. Lin Yin couldn't bear to touch the gifts given by her good friends. She sorted out a pile of jewelry and clothes that Su Zhen had bought previously, as well as some gifts she had received at the birthday banquet. She went straight to the luxury second-hand pawn shop she had agreed on with Lu Yan.

Lin Yin and Lu Yan spent a lot of effort talking. The two of them brought a bunch of things, including some of Lu Yan's watches and bags, and they only gathered a total of five million yuan.

"Including the two million yuan in my hand, it's a total of seven million yuan." Lin Yin looked at the account balance and shook her head helplessly. "I'm still short of a million yuan."

Lu Yan thought for a moment and said to Lin Yin, "I can give you another 500,000 yuan. I'll advance the allowance my father gives me in advance."

Lin Yin looked at Lu Yan gratefully. This was the first time someone trusted her so unreservedly.

"But is that Jiang Chen reliable? We've invested all our assets. It'll be terrible if we lose." Lu Yan was a little worried. In order to raise money for Lin Yin, she even invested the limited edition watch that Lu Ming had given her.

"Don't worry, he can definitely do it."

Lin Yin was still worried about the 500,000 yuan difference. She knew that the gifts Lu Ming and Mu Ran gave her were expensive, but she really couldn't sell them off casually.

Lu Yan thought of her watch and Lu Ming's figure suddenly appeared in her mind. Compared to being rich, no one was richer than her little uncle.

"Lin Yin, don't worry and do it. I'll help you think of a way to get the remaining 500,000."

Lin Yin had a bad feeling. She looked at Lu Yan and asked, "Are you going to ask your uncle for money?"

“Oh my god, Lin Yin, can you read minds?” Lu Yan covered her mouth in shock.

“No need. I’ll think of something myself.” Lin Yin looked at Lu Yan and said seriously, “It’s better not to trouble your little uncle.”

As soon as Lin Yin finished speaking, the phone in her pocket suddenly rang. Seeing Yang Xue’s name, Lin Yin picked up the call.

“Lin Yin, I helped you raise 500,000 yuan. Can it help?”
