

Real Daughter 311

Chapter 311: Cruise Ship Video

Zheng Chao sneered. "What's different? Didn't Su Zhen and Su Lin send you here to sell yourself? The prostitutes are nobler than you and only want a bit of money. What about your Su Family? What you guys want is much more expensive than them."

Zheng Chao's words made Su Fei extremely embarrassed.

At this moment, the braided man suddenly picked up his cell phone and his gaze kept switching between his phone and Su Fei's face.

"Come and take a look. Is Su Fei the only woman here?" the braided man asked in surprise.

The people around them went forward to look. Then, everyone compared it to Su Fei.

In the video, a few greasy middle-aged men were playing with Su Fei. "When did this happen? Where did you get the video?" a man in the crowd asked.

The braided man said, "I saw it when I woke up this morning. It's said that it's a video that leaked out from the cruise ship that the police took away previously. The woman in it sold her body in exchange for a bank loan. I really didn't expect that the person on it was Su Fei!"

As he spoke, the braided man's wretched gaze swept towards Su Fei. "Let me tell you, the gameplay in the video is very fancy. Our elders really know how to do it."

Instantly, the surrounding people burst into laughter.

Zheng Chao's expression was very ugly. It turned out that Su Fei was so open-minded. To think that he had been blinded in the past and had always thought that Su Fei was traditional. It turned out that she was so messy in private.

However, she thought that since those people had been taken away by the police, these indecent videos would naturally be destroyed by the police. Why did they fall into this person's hands?

Su Fei quickly looked at Zheng Chao with tears in her eyes and explained, "Brother Zheng Chao, it's not like that. I was also deceived by my father that day. I really don't know anything. I'm also a victim. I'm innocent. I suffered like this when I went in. I'm in pain."

Zheng Chao looked at Su Fei coldly, not wanting to hear her explanation at all.

Su Fei anxiously took a few steps towards Zheng Chao and begged, "Brother Zheng Chao, let me go. I'm really not the kind of girl who can sell her body for benefits. I was really framed by my father and brother. That's why I'm like this. I'm the victim. Can you help me?"

Zheng Chao only snorted. "It has nothing to do with me!"

It was this sentence that instantly made the surrounding people completely let

The braided man pulled away the clothes in Su Fei's hand and laughed. "Miss Su, do you want us to play the game you played on the cruise with you?"

Su Fei crawled back in fear. The next second, someone grabbed her ankle. Soon, her body was covered in those men's hands.

She looked at Zheng Chao, who was watching coldly from the side. Hatred surged in her eyes, and she wished she could kill Zheng Chao with her gaze.

The next second, something fishy was stuffed into her mouth.

Those men played a cruel joke and reenacted the scene on the cruise ship that night.

Su Lin only dared to visit Su Fei at noon the next day.

In the end, before he could see Su Fei, Su Lin was glared at by Zheng Chao and scolded, "Su Lin, your Su Family is insincere. You actually gave me a withered flower."

Su Lin was dumbfounded by Zheng Chao's question. He denied, "Impossible.

Feifei is such a clean person. How could she do such a thing?"

Zheng Chao sneered and said, "You still want to quibble? Look for yourself!"

As he spoke, Zheng Chao sent Su Lin the video that the braided man had left behind last night.

Su Lin was stunned when he saw what happened inside.

When Su Fei heard Su Lin's voice, she put on her clothes and rushed out. She looked at Su Lin and cried, "Brother, I want to go back with you!"

Seeing Su Fei like this, Su Lin's heart instantly ached. He hurriedly went forward to pull Su Fei.

However, the image of Su Fei in the middle of a group of greasy middle-aged men suddenly appeared in his mind.

Hence, Su Lin retracted his hand that was about to touch Su Fei.

Su Fei looked at Su Lin's suddenly retracted hand and was slightly stunned. She said aggrievedly, "Brother, don't you want to bring me home?"

For some reason, Su Lin felt that Su Fei had changed. He felt that Su Fei was no longer his pure white rose-like girl..

Chapter 312: Zheng Chao Breaks the Agreement

Zheng Chao, who was at the side, sneered. "Su Fei, Su Lin knows about what happened on the cruise. Your brother thinks you're dirty."

Panic instantly occupied Su Fei's entire mind.

Although she did not like Su Lin very much, she needed Su Lin to bring her away from here now.

"Brother, it's not my fault. Dad was the one who brought me to the banquet. I didn't know about this. I'm also a victim," Su Fei said as she cried.

In the past, Su Lin's heart would have ached when Su Fei cried like this, he would hug and comfort her.

However, this time, Su Lin did not do so.

Even if he knew that Su Fei might really be the victim, he could not erase the fact that Su Fei was indeed dirty, so he was unwilling to approach Su Fei.

Su Fei looked at the silent Su Lin and felt extremely resentful.

It was clearly Su Zhen who sold her for the sake of the Su Family's future, but she still had to be despised. This was unfair.

Moreover, didn't Su Lin take part in giving her to Zheng Chao yesterday?

How could he despise her for being dirty?!

Zheng Chao watched from the side and sneered. "Su Lin, our agreement is void.

A lowly thing like Su Fei can't enter my Zheng family."

Su Lin suddenly looked up at Zheng Chao with a dark expression and said, "But didn't you play with Su Fei all night yesterday? Why? Do you want to freeload?"

Su Fei widened her eyes in shock. She did not expect Su Lin to use prostitution to describe the harm she had experienced yesterday.

She looked at Su Lin angrily and ran away while Su Lin and Zheng Chao were not paying attention.

Zheng Chao looked at Su Fei's fleeing posture and mocked Su Lin, "I want a clean wife, not a prostitute. You broke the contract first."

Although Zheng Chao had never thought of providing Su Lin with any good projects, it did not stop him from accusing the Su Family of breaching the contract.

Su Lin's eyes were red. He raised his fist and was about to hit Zheng Chao when a few security officers jumped out and dragged Su Lin out.

"Zheng Chao, how dare you trick me? I'm not done with you!" Su Lin shouted.

On the other side, Su Fei returned to the Su Family in hiding. She rushed straight to Chu Yun's room and told Chu Yun what the Su Family father and son had done yesterday.

Chu Yun did not expect Su Zhen to dare to sell Su Fei again. She was so angry that her entire body trembled.

She stroked Su Fei, her eyes emitting a vicious gaze.

When Su Lin returned, he could not even comfort Su Fei.

He went straight to Su Zhen's room and questioned him with red eyes, "Dad, did you deliberately sell Su Fei for money on the cruise?"

Su Zhen looked up at Su Lin. Although he did not know where Su Lin found out, he still admitted frankly, "It's me!"

'Why? Feifei is the daughter you've raised for more than ten years. How can you bear to let that group of old men ruin her?' Su Lin said angrily.

"I've raised her for more than ten years, so isn't it right for me to ask her for some money back? Besides, I'm doing this for the Su Family. If the police hadn't come at that time and I had gotten the loan, the Su Corporation wouldn't have fallen. Su Lin, you have to know that no matter what I do, it's for the future of the Su Family and your future." Su Zhen said-

"Then you can sell Lin Yin! Why did you sell Feifei? A dirty person like Lin Yin can accept such dirty things, but Feifei is different. Feifei was raised by us since she was young. She's so clean and pure. How can she accept such a thing?" Su Lin questioned unhappily.

Su Zhen snorted and said, "Do you think I didn't bring Lin Yin over? Lin Yin escaped, but Su Fei didn't. This is the outcome. Su Lin, don't blame me. Didn't you do the same? Didn't you agree to let Su Fei accompany Zheng Chao yesterday?"

Su Lin was speechless. He could not refute because this was the truth.

"You don't have to feel guilty. Our Su Family raised Su Fei for more than ten years and gave her a carefree life. It's only right for her to repay our Su Family. You have to know that the honor and disgrace of the Su Family are the most important things. It's just Su Fei. It's not worth mentioning. You don't have to take it to heart!" Su Zhen's tone was cold.

Su Lin still wanted to defend himself. "I'm different. I'm doing this for Feifei's future. Zheng Chao said that he wanted to officially marry Su Fei, so I agreed.."

Chapter 313: Pig Raising Youth

Su Zhen sneered. "No matter if it's one or the other, you can cut off your feelings and give up on love. You're not wishy-washy and can be ruthless. This is also the iron hand of a man."

Su Zhen had finally found one of his son's strengths.

Although he was still brooding over Su Lin's stupid actions previously, there was no choice. The hope of the family still fell on Su Lin in the end.

Hence, as a father, Su Zhen could only silently endure the mess caused by his son.

However, Su Zhen paid a lot of attention to the Shisheng Corporation.

He knew very well how many bad debts the Su Corporation had in the past.

Coupled with the fact that the government restricted the construction on the land, they had to spend money almost every day. He did not believe that Lin Yin had the ability to turn the situation around.

In the end, that afternoon, Lin Yin brought a team of experts to the Shisheng Corporation. This team included many experts in the fields of archeology, chemistry, and botany.

After a meeting, they successfully passed the excavation live-stream plan.

Lin Yin, who was still in the meeting room, wrote a name on a piece of white paper: Zhang Ling, and an address.

Then, she said to Li Sheng, “Go to this place and find this person. Call him to the company.”

Li Sheng nodded and left the meeting room with the piece of paper to look for her.

In the end, Li Sheng went over confidently and returned resentfully. “That person rejected us without even listening to which company we’re from.” “What’s the reason?” Lin Yin asked as she flipped through the complicated report on the table.

Li Sheng hesitated for a moment and said unnaturally, “He said that he’s raising a pig. The piglet is still young and can’t leave Father...”

Jiang Chen almost spat out the tea that had just entered his mouth. In the end, he forced it back and choked.

The corners of Lin Yin’s lips curled up into a wicked smile. “Then I’ll cut off their pig’s food!”

A few days later, an unkempt young man with stubble all over his face was shouting into his cell phone, “How can there be no goods? Don’t you know that my little baby only likes to eat the feed from this brand? You’re a black-hearted merchant who wants my little baby’s life. I’m going to sue you.”

The merchant on the other end was quite speechless. She was just out of stock.

How did she become a black-hearted merchant?

Besides, she couldn’t be blamed. How could she not agree to this sudden huge

The shopkeeper tried her best to persuade him for a long time, but she was still scolded badly. In the end, she could only forcefully hang up.

However, a few seconds later, the phone suddenly rang again.

The shopkeeper picked up the phone impatiently and said, "If you want to sue, go ahead. It's not easy for me to open a small factory, but I still have to be scolded by a buyer like you. Let me tell you, if you don't sue me today, you're a bastard! You..."

The merchant suddenly stopped talking and asked in disbelief, "What did you say? You want to buy it?"

This was originally a small factory that was about to die. Now that someone suddenly wanted to take over, the merchant was stunned.

The shopkeeper was still in a daze when the call ended. After a while, she rushed towards her husband, who was working in the workshop. As she ran, she shouted, "Hubby, someone wants to buy our factory! At a high price!"

At the same time, in the same dilapidated rented house, the young man looked at the little pig in his arms with heartache and even tried to feed it with a

spoon.

In the end, the pig was unwilling to eat it.

The young man looked at the small amount of pig food left and finally took some out for the little pig to eat.

When he called the merchant again, his tone was so humble that he sounded like he was about to beg.

In the end, he heard even worse news. That small factory had been bought over and it was very likely that they would modify the feed.

Hearing the young man's wails, the merchant gave the young man the contact number of the buyer according to what the buyer instructed.

The young man hurriedly contacted them, but unfortunately, no one picked up. Lin Yin looked at the ringing on her phone. One after another, it did not stop for a moment.

Li Sheng, who was checking the accounts, sighed in his heart. This person had a strange personality and a stubborn temper. They had been calling for almost an hour. He was persistent enough.

It was not until two hours later that Lin Yin picked up the phone.

Zhang Ling's anxious voice instantly came from the phone. "Hello, I heard that you guys have bought over Li De Corporation and want to change the formula for the feed, right?"

Lin Yin said casually, "May I know who you are?"

Chapter 314: Scheming Against Zhang Ling

"My name is Zhang Ling. It's my pig. It's always been eating the feed from this brand. Can you not change the formula?" Zhang Ling said anxiously.

"About that! I can't give you a definite answer. It depends on the new director's arrangements," Lin Yin said.

Zhang Ling panicked when he heard that. "Then can you give me your director's contact information?"

"Well, it's not a good time now. Because the director hasn't been hired yet, I can't give it to you," Lin Yin said calmly.

Zhang Ling felt that he was about to go crazy and quickly asked, "When will they be recruited?"

Hearing that the other party seemed to be in deep thought for a while, Zhang Ling thought that it would be soon. Unexpectedly, the other party replied, "We originally found one, but he didn't come, so we can only continue searching.

Maybe a month, maybe two months.”

“That won’t do. My pig will starve to death,” Zhang Ling immediately said.

Lin Yin smiled slightly. “I’m really sorry, but I’m really helpless.”

Zhang Ling hung up the phone angrily and went straight to look for the merchant to ask which company bought it.

When he found out that it was the Shisheng Corporation, Zhang Ling frowned slightly before investigating the Shisheng Corporation thoroughly.

In the end, when he saw that the Shisheng Corporation was hiring a multimedia operations director, his eyes lit up. Among the duties of this director was to take over the operations of feed and related products.

At this moment, Zhang Ling went to prepare his resume. He had long forgotten that someone had also invited him to join the company a few days ago.

The next day, Lin Yin received Zhang Ling’s resume. A smile appeared on her face.

Zhang Ling was a top-notch existence in the future live-streaming world. Therefore, with Zhang Ling in the execution of this live-stream plan, there would definitely not be a bad outcome.

However, this person had a fatal weakness, which was his little pig.

In her previous life, a manufacturer accidentally injured that little pig. In the end, Zhang Ling was so angry that he bankrupted that merchant for his little pig.

Therefore, Lin Yin made use of it. She knew very well that Zhang Ling would definitely compromise.

What's more, didn't Zhang Ling enter the live-stream industry in her previous life? She could be considered to have let Zhang Ling enter his home ground in advance.

"Go and see Zhang Ling tomorrow. No matter how he performs, just hire him in the end," Lin Yin said.

"But Zhang Ling has seen me before. Will he think that we're fooling him and won't come?" Li Sheng asked uncertainly.

"No, just say that you wanted to buy this factory to begin with. You knew that he was a loyal customer of the manufacturer's products, so you wanted to invite him. Anyway, the specific facts are not especially important," Lin Yin said.

With that, Lin Yin changed the topic and asked, "How's Su Zhen and his son?"

Although they had defeated the Su Family, the current Su Family was not really defeated. If that money was placed in an ordinary family, they could still live very comfortably.

This outcome was not what Lin Yin wanted to see.

Li Sheng reported, "I just received some news. It's said that they found the

Zheng Family to cooperate on a project. However, it seems that the Zheng Family has taken a lot of benefits. Should we get involved? Although the profits of that project are not very big, there's still some profit."

Of course, there was something else that Li Sheng did not say explicitly. It was that if Lin Yin interfered, she could continue to snatch Su Zhen's things.

Although Li Sheng didn't know what conflict there was between Lin Yin and the Su Family, he could tell that Lin Yin and the Su Family were mortal enemies.

Now that he was Lin Yin's secretary, as her secretary, he could help with these things.

After all, a new emperor meant a new minister.

When Lin Yin heard that it was Zheng Chao, the corners of her lips curled up slightly. "There's no need. If I'm not wrong, they should be having a dogfight soon."

Zheng Chao had absolute resentment towards the Su Family.

Even if the Zheng Family took the initiative to break off the engagement, it could not hide the fact that Su Fei's previous actions had brought shame to the Zheng Family.

Otherwise, when she found Zheng Chao anonymously and said that she wanted to mess with the Su Family, Zheng Chao would not have been so proactive.

Moreover, Su Zhen, that sly old fox, was very unhappy to have been cheated by the Zheng Family.

Lin Yin was right.

At this moment, Su Zhen was so angry that he threw the ashtray in the study.

"The Zheng Family is really too much!" Su Zhen said angrily..

Chapter 315: Revival

Su Lin also said indignantly, "I didn't expect Zheng Chao to dare to treat us like this. Dad, let's find our own project. We've given up too many benefits to this project."

“Don’t I know? But no matter how much we give in to this project, it’s much better than those risky projects outside! We don’t have many funds now. What we need is stability. Because any accident might break our last hope,” Su Zhen said.

This feeling of being strangled was really too devastating.

Su Zhen was so angry that his chest felt stuffy. When he suddenly stood up from the office chair, he felt dizzy and fell heavily into the chair.

“Dad, what’s wrong?” Su Lin went forward and asked worriedly.

Su Zhen waved his hand and said weakly, “I’m fine. It might be because I’ve been a little tired recently. Ah Lin, you have to grow up quickly. I’m old now and I’m more or less powerless.”

Su Zhen’s rare weak words made Su Lin’s heart ache. He said with a sad and firm expression, “Dad, I know, I will. You have to rest well too. Don’t work so hard. Why don’t I get the doctor to come and take a look at you?”

Su Zhen sighed.

Ever since the Su Corporation was gone, his health had deteriorated day by day.

When he woke up in the morning, a lot of hair had fallen off his pillow. There were even a few strands of white hair.

This made Su Zhen truly realize that there seemed to be something wrong with his body.

However, he did not have the time to recuperate well now. He had to get the Su Corporation back as soon as possible. If he died like this, he would not be able to face his ancestors.

“No, it might just be a small problem. Go down and keep an eye on the new project first. Nothing can go wrong, understand?” Su Zhen panted slightly and said weakly.

Su Lin nodded and said, "Okay, I understand, Dad."

The next day, Zhang Ling was informed to come for the interview. The moment he saw Li Sheng, Zhang Ling pointed at him in surprise.

However, Li Sheng was one step faster. He looked at Zhang Ling in surprise and asked, 'Why is it you? Didn't you say you wouldn't come?'

Zhang Ling was about to question Li Sheng when he was stopped. He looked at

Li Sheng awkwardly and smiled awkwardly. "It's... it's quite a coincidence."

Li Sheng nodded slightly and asked seriously, "Then what about your little piglet when you come out to work? What if it misses Daddy?"

"I've decided to earn money and find a nanny for it!" Zhang Ling said seriously.

The other interviewers beside him pursed their lips. They were holding back their laughter.

Li Sheng coughed twice before entering the interview segment.

After understanding him, Li Sheng admired Zhang Ling's ability. No wonder Lin Yin insisted that he recruit Zhang Ling into the Corporation. He was a talent.

Zhang Ling quickly took over the land of the old airport. According to Lin Yin's previous plan, Zhang Ling made some adjustments and the project began.

The Shisheng Corporation was also very cooperative with the work of those experts. They surrounded all the places that might be related to fossils and rare plants and used drone cameras to not destroy any places.

Zhang Ling used a month to build a live-stream base.

The original buildings of the old airport had not been moved. With the agreement of the relevant departments, the interior had been modified into a tourist destination.

When they obtained the permit for commercial use, the restaurants, science halls, children's playground, and various other facilities inside were officially opened.

Thus, a place that was originally planned to be a residential area became a commercial venue for popular science live-streams.

With Zhang Ling's operations and the capital operations of the Shisheng Corporation, science live-streams became popular.

The old airport also became an iconic place in Rong City, attracting people from other places to come to Rong City to sightsee.

When the government department saw the skyrocketing income, they also responded positively and quickly. The old airport's science museum became even more popular. It could be said to be making money every day.

In just ten days, the Shisheng Corporation had instantly resolved the financial crisis of the corporation and turned its losses into profits.

Looking at this scene, Su Zhen was so angry that his face turned green.

All of this should have belonged to the glory of the Su Corporation, but now, it had become someone else's. How could he be willing?

Su Lin did not expect that a company that was about to go bankrupt could be revived so quickly. Lin Yin was really too lucky..

Chapter 316: Zhou Wei Suicide

While he was jealous of Lin Yin's good luck, Su Lin also felt regret. If he had waited a little longer, the person who would earn so much money today would have been their Su Family.

Even Su Fei gritted her teeth when she saw Lin Yin in such a glorious situation.

In the past, when she was the eldest daughter of the Su Family, she, Su Fei, was the clouds in the sky, and Lin Yin was the mud on the ground. But now, it had completely changed.

She was someone who had been trampled on, and Lin Yin was the person who was the center of attention.

Su Fei thought indignantly about why God had to be so unfair.

Lin Yin was clearly a bastard whose parents were known, and she, Su Fei, was her mother's daughter.

Why was it so difficult for her when Lin Yin was doing well?

She still had to secretly take that little bit of money behind Su Zhen and Su Lin's backs. She did not dare to spend it at all. It was too shabby.

Originally, this family was only silently indignant in the Su Family's villa, but Lin Yin sent an invitation.

When Li Sheng saw his former boss, Su Zhen, he was also quite awkward, but he still greeted Su Zhen politely.

"What are you doing here? Traitor!" Su Lin glared at Li Sheng and questioned.

Li Sheng maintained his dignity and handed the invitation to Su Zhen. "Mr. Su, our chairman said that Mr. Su and Young Mr. Su have contributed a lot to the success of the Shisheng Corporation. Therefore, Mr. Su and Young Mr. Su must be invited to the first large-scale banquet of the Shisheng Corporation." Su Lin was so angry that he gritted his teeth. "Li Sheng, get lost!"

Li Sheng took two steps back, afraid that Su Lin would be impulsive and hit him. That would not be worth it.

Su Zhen was quiet at this moment, but the veins on his forehead still revealed his extremely bad mood.

Li Sheng did not receive an answer and could only maintain the action of handing over the invitation.

In the end, Su Zhen suppressed his anger and said, "Since Chairman Lin invited us warmly, if we don't go, wouldn't we be disrespecting her?"

As he spoke, Su Zhen took the invitation letter from Li Sheng.

The banquet of the Shisheng Corporation was held 20 days later, and the college entrance examination was 15 days later.

Therefore, in the remaining half a month, Lin Yin still focused on her studies for a period of time.

However, she did not expect to hear the news of Zhou Wei committing suicide in prison.

Lin Yin called Mu Xiao in confusion. "Zhou Wei wants to avenge his mother.

Now that he hasn't gotten his revenge, how could he commit suicide?"

Mu Xiao's expression was not very good either. "It's not suicide, but homicide. I just went to the forensics department this morning. The ligature mark on his neck was clearly backward, not the area

where people normally hang themselves. I suspect it has something to do with what I asked him yesterday.”

Hearing Mu Xiao’s words, Lin Yin’s expression darkened. She asked, “What did you ask him yesterday?”

Mu Xiao sighed and said, “I was just asking if the nanny was instructed by someone back then. At that time, Zhou Wei was more agitated and said that our Mu family wanted to shirk responsibility. That’s why I wasn’t able to get an answer.”

Then, Mu Xiao paused for a moment and continued, “But with Zhou Wei’s death today, the answer to yesterday’s question is there. Back then, you were carried away and jumped into the river. There must be someone behind the scenes. That person’s spies are around us, so when I guessed it, they were afraid that Zhou Wei might know something and tell us, so they simply killed

Zhou Wei.”

“Is it that Zhou Li?” Lin Yin thought of Zhou Li, whose relationship with Chu Yun was still unknown.

Initially, she had thought that she would find a time to meet Zhou Wei after the college entrance examination. Now, it seemed like she did not have a chance.

“The biggest suspect now is Zhou Li, but we haven’t found any evidence,” Mu Xiao said.

“It seems like Zhou Li is overseas, but he has a lot of spies in the country. Brother Mu Xiao, remember to tell everyone to be careful recently,” Lin Yin reminded.

Mu Xiao nodded and said, “The college entrance examination is coming soon. How do you plan to spend the summer vacation here? Do you want to go home and play for a while?”

Mu Xiao wanted Lin Yin to return to the Mu family, but he still wanted to respect Lin Yin’s choice.

“I still have something to wrap up, so I’ll probably be busy in the Corporation during the summer break,” Lin Yin said with a smile.

Mu Xiao knew about the Shisheng Corporation.

She even knew that Lin Yin seemed to have some hatred for the Su Family. Otherwise, she wouldn’t have done so much to destroy the Su Family.

However, Mu Xiao still did not know what had happened between them.

“Alright! Then it’s up to you. Yinyin, no matter what you do, you have to know that our family will stand on your side.” Mu Xiao had a dotting smile on his face..

Chapter 317: The Woman Who Delivered Flowers

The unclaimed Zhou Wei was arranged by public officials to be cremated and buried. In the end, only an urn was left in the public cemetery.

Out of caution, Lin Yin chose a time and secretly went to see Zhou Wei.

She wanted to see if Zhou Wei really did not have any other social connections.

When she arrived at Zhou Wei’s tombstone and saw the bouquet of flowers, Lin Yin quickly got someone to investigate the surveillance cameras in the cemetery.

When she saw a woman in red with a suitcase, Lin Yin immediately asked Li Sheng to bring someone to stop her.

In the end, he finally found that woman at the last moment before she boarded the plane.

The woman was stopped and her tone was obviously more anxious as she shouted for the security officers.

Lin Yin, who arrived in time, asked the woman loudly, "Who is Zhou Wei to you?"

Such a sudden question stunned the woman. Then, the woman ignored Lin Yin and continued to leave.

Lin Yin stood beside the woman and asked softly, "Do you know that Zhou Wei was killed?"

The woman froze. She turned to look at Lin Yin in disbelief and asked curiously, "Didn't he commit suicide?"

Lin Yin handed over the autopsy report of the forensic doctor.

"I'm not sure if the officials are afraid that the public will doubt the ability of the prison guards, so they deliberately said that it was a suicide. However, I can tell you clearly that Zhou Wei was killed by someone and not suicide!" Lin Yin said firmly.

The woman looked at the autopsy report in her hand in a daze and then questioned Lin Yin, "Why should I believe you? Compared to you, I believe the police announcement more. Besides, who knows if you tampered with it?"

"There are photos in the autopsy report too. You can identify them yourself or find another forensic doctor to verify it. As for how Zhou Wei died, I think you might know a thing or two," Lin Yin said calmly.

She could tell that the woman in front of her had some feelings for Zhou Wei. At the same time, this woman was running away from something, so she was gambling that perhaps the woman would know something.

"I don't know anything. You guys better move aside. It's almost time for me to board the plane. I have to go in." The woman returned the autopsy report to Lin

Yin and turned to leave.

"If I were you, I wouldn't have left so recklessly. It would be easier for me to die overseas. After all, that person's power is overseas, right?" Lin Yin said with a faint smile as she looked at the girl's back.

Her tone was light, but the woman felt a chill run down her spine.

Seeing the woman freeze in place, Lin Yin felt that she had guessed correctly.

This woman probably knew something. At the very least, she knew who killed Zhou Wei and might even know the person behind Zhou Wei.

However, she still had to know more about Zhou Li before she could come to a conclusion.

The woman turned around and looked at Lin Yin warily. "Who are you? What do you want?"

"The chairman of the Shisheng Corporation, Lin Yin. Zhou Wei hurt an important person of mine back then. I know that he was deceived, so I want to find the murderer behind him," Lin Yin said truthfully.

Seeing that the woman was still gritting her teeth and not saying anything, Lin Yin continued, "The person behind the scenes killed Zhou Wei just because he was afraid that Zhou Wei would say too much. Then don't you think he would also kill you because he's afraid that you would leak something? Miss Shen, we're on the same side now. We should cooperate, right?"

"You investigated me?" Shen Hui widened her eyes and looked at Lin Yin opposite her in disbelief.

"After all, it's a matter of life and death. I still investigated carefully. I hope Miss Shen can forgive me." Lin Yin smiled politely.

However, the fox-like light in her eyes still made Shen Hui feel a little uneasy.

Seeing Shen Hui's hesitation, Lin Yin only smiled and sighed. "Miss Shen, I won't force you. If you insist on leaving now, I won't stop you. After all, no matter how hard I try, I can't save someone who wants to die. It's just that I still have to persuade you out of kindness. Be careful. Once you get off the plane, someone will be waiting to catch you."

With that, Lin Yin waved away the bodyguards beside Shen Hui.

Shen Hui looked at Lin Yin deeply for a while before pushing her luggage away.

However, her footsteps were slightly heavy, and every step seemed to be extremely difficult..

Chapter 318: Lover

Lin Yin smiled as she watched Shen Hui leave. Then, she shouted, "Go back!" With that, Lin Yin turned around and left with the bodyguards beside her.

The words "go back" were like a straw that had been stuck in Shen Hui's heart that was suddenly pulled away. Shen Hui instantly panicked.

She quickly turned around and saw Lin Yin and the others turning around and leaving quickly.

Shen Hui was conflicted for a while before she finally said loudly, "Wait." Hearing the voice, Lin Yin's lips curled up slightly.

Shen Hui brought Lin Yin home and said, "Can you guarantee my safety if I tell you?"

Shen Hui knew very well that it was impossible for Zhou Wei to say anything, but he was still killed in the end. This meant that even if she did not say anything, she might end up like Zhou Wei.

Moreover, Zhou Wei was killed in prison.

If that person had spies in such a sealed place, it meant that the country was actually not safe. This was also why she wanted to seek refuge overseas.

However, Lin Yin was right just now. It was no longer safe in the country. Then if she, a person from here, wandered overseas and did not have a local citizenship, it was actually even more unsafe.

In that case, why didn't she find someone capable to ensure her safety here?

Lin Yin only said with a smile in her eyes, "Miss Shen, I can only do my best to protect you. It's just that you know your own situation. Whether you say it or not, you'll die on someone else's chopping board. It's just that with me around, your chances of survival are higher. So it's up to you."

Lin Yin didn't know the power of the person who killed Zhou Wei, so she didn't dare to promise her so easily. After all, she had never been quick with her words when she wasn't confident.

Shen Hui struggled a little and cursed Lin Yin for being a sly old fox. She wasn't even willing to give her a promise.

However, Lin Yin was indeed right. With Lin Yin around, her chances of survival were just higher.

In the end, Shen Hui gritted her teeth and asked, "What do you want to know?"

"Tell me about you, Zhou Wei, and the person behind Zhou Wei," Lin Yin said with her legs crossed, as if she was prepared to hear a story.

Shen Hui exhaled softly and said, "Zhou Wei and I met 10 years ago. I was his lover for 10 years. Don't think that he looks like an unemployed person, but he has a godfather who helps him occasionally. Therefore, he can afford normal expenses."

Lin Yin frowned slightly and asked, "But we didn't find any income in his bank account."

Shen Hui smiled and said, "His account naturally won't have any income because the money is transferred into a virtual account. Sometimes, there's also cash. His godfather will personally give it to him."

Lin Yin frowned even more. He gives it to him personally?

She asked suspiciously, "Who's Zhou Wei's godfather?"

"The owner of Charming Nightclub, Hu Ba. Zhou Wei told me all of this in private. I've heard of Hu Ba. He's very ferocious. That's why Zhou Wei has never introduced me in public. Every time he comes to look for me, he's always sneaky and doesn't let anyone find out. He said that those people are outlaws and it's better if I don't know them. He also told me to hide," Shen Hui said.

Lin Yin nodded. No wonder they hadn't found out about Shen Hui before. So that was how it was.

Shen Hui took a sip of tea and continued, "At first, I thought that Hu Ba had been secretly interacting with Zhou Wei and even paid him because he wanted to acknowledge Zhou Wei as his son to retire. Later on, I found out that there was someone above Hu Ba. That person was called Zhou Li. He was Zhou Wei's godfather, and Hu Ba was the person who worked for Zhou Li."

At this point, Shen Hui paused and looked at Lin Yin, her eyes filled with worry. "Zhou Wei said that Hu Ba was sent by Zhou Li to help him, but I've secretly observed Hu Ba. I think he's more like the person supervising Zhou Wei. Therefore, when you said that Zhou Wei didn't commit suicide and he killed him, I thought about it. Could it be that Hu Ba killed Zhou Wei under Zhou Li's orders?"

"Do you know much about Zhou Li?" Lin Yin asked.

Shen Hui shook her head and said, "Zhou Wei doesn't talk much about Zhou Li. He's basically saying that Zhou Li is his second parent and treats him well. He even helped him take revenge. Moreover, I've never seen Zhou Li.."

Chapter 319: Charming Nightclub

Lin Yin had originally wanted to ask Shen Hui about Zhou Li and Chu Yun, but now it seemed that Hu Ba might know more.

If it was Zhou Li who instructed the nanny to take her away to take revenge on the Mu family back then, was Chu Yun involved?

And why did the nanny make it look like she was carrying a fake child when jumping into the river?

The reason why Lin Yin did not think that she had fallen into the water and been saved before being thrown into the slums was because the police and the Mu family had searched the place where the nanny had jumped into the water back then, but they could not find her.

On the other hand, Chu Yun quickly, accurately, and ruthlessly found her in the slums and brought her back to the Su Family.

Therefore, she might not have jumped into the river with the nanny at all.

Seeing Lin Yin deep in thought, Shen Hui asked anxiously, "Miss Lin, what should I do next? You said that you would do your best to protect me."

Lin Yin looked up at Shen Hui in front of her and instructed Sun Biao, "Sun Biao, find a safe place to settle Shen Hui down. Then find a few bodyguards to protect her. Report to me if there's any movement."

Sun Biao nodded.

Shen Hui looked at Sun Biao's tall figure and felt a little relieved.

Compared to a weak woman like her fighting Hu Ba and the others alone, she would only feel a little more at ease if she had a few burly bodyguards protecting her.

After settling Shen Hui down, Lin Yin went to the Charming Nightclub that night. She ordered a table and drank her drink silently.

When many men saw Lin Yin, they wanted to go forward and hit on her, but without exception, they were chased away by the bodyguards beside Lin Yin.

Hence, looking at the little beauty who could only be looked at from afar and could not be touched, many people started to get excited.

“You’re just a woman who came to a nightclub to play. Why are you still acting reserved here?”

“Look at that little red mouth. It must be very exciting to kiss.”

“Why are you pretending to be noble? If not for the fact that her family is a little rich, she would have been pressed under me long ago.”

“She looks good. She’s much better than the outdated eldest daughter of the Su Family that Young Master Zheng brought over.”

“Isn’t that so? Didn’t Su Fei use to be high and mighty too? Now, she’s been dragged here and let others touch her as they please.”

“Hahaha, now that you mention it, I’m looking forward to it. I’ll go and find out whose daughter she is. When the time comes, everyone will join forces and make her family bankrupt. Wouldn’t that be fun?”

Everyone laughed wretchedly.

Sun Biao’s fists hardened when he heard that. He led his men forward and captured them. They were all pressed to the ground and kneeling. He shouted in a hoarse voice, “Apologize!”

Those people shouted at Lin Yin, “You b*tch, let go of me quickly. Otherwise, you’ll die miserably.”

Lin Yin ignored that person's words and picked up her drink to take a few sips. She let Sun Biao and the others beat those people until their faces were swollen and they kowtowed to apologize.

If she didn't cause trouble, how could she let Hu Ba come out to deal with things?

However, she did not expect to see many familiar faces before Hu Ba came out.

Zheng Chao, his lackeys, Zhao Zhi, Su Fei, and Ji Yun.

Lin Yin frowned slightly when she saw the hand moving under Su Fei's dress.

She had never expected that the person who molested Su Fei in front of Zheng Chao would be Zheng Chao's follower, Zhao Zhi.

Lin Yin knew very well how much Zheng Chao cared about Su Fei in the past, but now, Zheng Chao actually let Su Fei be bullied like this. It was really beyond Lin Yin's expectations.

When Su Fei saw Lin Yin, she was also a little surprised. Then, she pulled Zhao Zhi's hand out from under her dress with an embarrassed expression.

The matter on the cruise was in the hands of Zheng Chao and the others. They used some power to delete some resources on the Internet, but they privately threatened Su Fei to be obedient, or they would have to make it public again.

During this period of time, Su Fei had been living in dire straits.

She did not dare to ask Su Zhen and Su Lin for help, but she was afraid that the video on the cruise ship would really be spread by Zheng Chao and the others again, so she had no choice but to compromise.

Zhao Zhi's hand was pulled out rudely by Su Fei, and he was instantly furious. He slapped Su Fei in front of everyone and said fiercely, "How dare you disobey me? Do you really think you're still the high and mighty Miss Su?"

In the past, Su Fei had rolled her eyes and disdained Zhao Zhi. Zhao Zhi had held it in back then.

His family background was completely incomparable to the Su Family and

Zheng Family at that time..

Chapter 320: Meeting Su Fei at the Club

Therefore, Zhao Zhi became Zheng Chao's follower and listened to him like a dog.

Su Fei was not only the eldest daughter of the Su Family, but she was also Zheng Chao's fiancée, so he was extremely fawning over Su Fei.

But it was different now.

That day, he had ruined Su Fei with Zheng Chao's buddies. He knew that Su Fei was not even comparable to a dog in Zheng Chao's eyes, so he became impudent.

It had to be said that the pleasure and satisfaction of pressing down on a noble young lady who had always looked down on him from high up in the air was really different.

It was as if his status had increased a little, making him have the illusion that he could torture noble ladies.

On the other hand, Su Fei covered her face and looked at Zheng Chao with tears in her eyes.

In the end, she was only ignored by Zheng Chao.

Seeing Zheng Chao's indifference, Zhao Zhi became even more confident.

He grabbed Su Fei's hair and patted her cheek humiliatingly in front of everyone. He smiled and said, "Why? Do you still want Brother Zheng to stand up for you? Why don't you take a look at your lowly appearance? Are you worthy?"

As he spoke, Zhao Zhi pulled Su Fei onto his lap and unceremoniously reached his hand into Su Fei's underwear. As he rubbed it hard, he smiled at the people beside him. "Some women just need to be taught a lesson."

Su Fei's face was burning. She still wanted to struggle a little, but Zhao Zhi warned her, "If you don't know what's good for you, I'll send what happened on your cruise ship to everyone present today."

Ji Yun frowned as she looked at Su Fei, who was slowly becoming docile in Zhao Zhi's arms. The disdain in her heart intensified.

Today, she had followed her brother out to play. She did not expect to meet Zheng Chao and the others.

However, since Zheng Chao and the others took the initiative to greet them, Ji Yun and her brother joined in.

Unexpectedly, she saw Su Fei being so depraved.

Recalling that they were once good friends, Ji Yun felt disgusted.

If the person playing with Su Fei's chest was Zheng Chao, she would not find it so disgusting.

However, that person was Zhao Zhi.

The most wretched, disgusting, and despicable man they had discussed in private, Zhao Zhi.

In the end, Su Fei had become someone who disgusted her even more than Zhao Zhi.

Ji Yun stood up angrily and left without saying a word.

On the other hand, Su Fei looked at Ji Yun's departing figure with embarrassment.

She knew what Ji Yun would think of her, but there was nothing she could do now.

Zhao Zhi's reckless actions caused Su Fei's collar to be wide open, occasionally revealing a little.

This caused many hungry wolves to see the full color of spring through the flickering stage lights and cast green lights of desire.

Su Fei lowered her head in embarrassment, not wanting anyone to see her face.

Lin Yin only slowly retracted her gaze. When Zheng Chao saw Lin Yin stirring up trouble, he picked up a glass of wine and walked towards her.

"President Lin, you're so impressive!" Zheng Chao looked at Lin Yin and smiled.

Lin Yin was still holding the drink in her hand. She looked up in disdain and said, "If you provoke me, you can have the same treatment as them."

Laughter instantly came from the surroundings, making Zheng Chao's face turn red and he was a little embarrassed.

"Lin Yin, we're classmates after all. Why do you have to be so sarcastic and affect our relationship?" Zheng Chao looked at Lin Yin steadily.

It had to be said that Lin Yin was really good-looking, especially since she was now the chairman of the Shisheng Corporation.

"I'm sorry, I don't have any classmate relationship with you." Lin Yin leaned back and crossed her legs comfortably.

When Zhao Zhi, who had followed over, saw this scene, he said to Lin Yin, "Lin Yin, aren't you being too arrogant? Brother Zheng just came over to greet you. Do you have to be like this?"

Zhao Zhi naturally knew Lin Yin's current identity, but for now, their family relied on the Zheng Family's connections to do business.

Therefore, Zhao Zhi could only come out and defend Zheng Chao a little. However, he also paid attention to his limits. When he spoke, he no longer had the disdain and arrogance he had for Su Fei just now.

Lin Yin turned to Zhao Zhi and smiled evilly. She said even more arrogantly, "A beast in heat can actually speak. How rare."

Lin Yin's words made Sun Biao and the others laugh extremely loudly.

Even the few people who were forced to kneel on the ground could not help but laugh with bruised faces..
