

Real Daughter 391

Chapter 391: Biological Brother

Lu Yan looked at Zhang Ling's accusatory and sad face in embarrassment and said weakly, "I'm sorry. This is the first time I've cooked so formally in my life. Let's let this be considered a work injury. I'll compensate you."

Zhang Ling was delighted when he heard that there was compensation. If it was cash compensation, he could even give his little piggy an extra meal.

Zhang Ling went forward and pulled Lu Yan to the side to discuss compensation.

Lin Yin turned to Mu Heng and smiled. "Brother Mu Heng, do you want to try Yang Xue's cooking?"

Mu Heng glanced at Zhang Ling, who was holding Lu Yan's hand and chattering. Then, he retracted his gaze and looked at the dish in Lin Yin's hand. He had lingering fears and chose to remain silent.

Lin Yin couldn't help but laugh and tease, "Brother Mu Heng, are you afraid of being like Zhang Ling? Don't worry, Yang Xue's culinary skills are super good. We even took some out to compete in class just now. It's the first prize!"

Seeing that Lin Yin didn't look like she wanted to tease him, Mu Heng sat on the picnic cloth and tasted it uncertainly.

The next second, the gluttons that had been hungry all morning were hooked by the dishes in front of them.

Yang Xue hurriedly scooped a bowl of rice and handed it to Mu Heng.

After the group ate and drank their fill, Mu Heng called Lin Yin out while everyone was taking a nap.

“Brother Mu Heng, you came here specially to look for me, right?” Lin Yin leaned against a tree trunk and said.

Mu Heng smiled. “You’re sharp!”

Lin Yin shrugged and smiled. “It’s just a resort project. I don’t think Brother Mu Heng will come personally to inspect it. You even brought Zhang Ling along.

This is clearly to let the Shisheng Corporation take over the resort project. Therefore, it’s even less worth it for Brother Muheng to come.”

Lin Yin’s sharp sense of smell made the corners of Mu Heng’s lips curl up. “You’re right. I came specially to look for you.”

“Brother Mu Heng, why don’t you just ask over the phone? It’s not worth you coming all the way here. It’s so hot in the summer!” Lin Yin said.

Mu Heng looked at the dazzling sunlight that flowed down from the leaves and said, “It’s better for me to do this myself.”

Only by asking in person could he see Lin Yin’s true thoughts.

Lin Yin smiled. ‘Brother Mu Heng, if you have anything to ask, just ask.’

Mu Heng hesitated for a moment before asking, “I want to ask you, do you like Mu Ran more? Or do you like Mu Xiao more? Although no matter which one you choose, you will be my sister-in-law, I still don’t want the fight between brothers to happen in our Mu family.”

Lin Yin had thought that Mu Heng would come personally for the Corporation, but she had never expected Mu Heng to ask about this. This made her feel a little amused.

In fact, Lin Yin really couldn't help but laugh. Then, she explained to Mu Heng with a puzzled expression, "Brother Mu Heng, I'm afraid you've misunderstood something, right? I've always treated Brother Mu Ran and Brother Mu Xiao as my biological brothers. I definitely won't be your sister-in-law in this life.

Don't worry."

Mu Heng did not expect Lin Yin to answer like this and was a little stunned.

However, when he analyzed Lin Yin's words in his mind again, Mu Heng suddenly felt a little jealous. He said sourly, "You treat Mu Ran and Mu Xiao as your biological brothers, but what about me?"

Lin Yin replied naturally, "Of course I treat you as my biological brother."

Lin Yin's words instantly warmed Mu Heng's heart. This feeling was a little strange, making him very happy. Even the corners of his lips could not help but curl into a smile that he did not notice.

After being happy, Mu Heng was still worried and asked again, "So, you and the two of them really don't have that kind of romantic relationship?" Lin Yin nodded seriously. "No! Besides, be it Brother Mu Ran or Brother Mu

Xiao, I think they only treat me as their sister."

As Lin Yin spoke, Mu Heng stared at her expression. After seeing no signs of hiding anything, he believed her a little.

"In that case, I'm relieved. I'll go back first." Mu Heng smiled.

When he came, his heart was a little heavy. When he was about to go back, he was obviously smiling.

This abnormal Mu Heng made Zhang Ling click his tongue in wonder. Then, he turned his gaze in Lin Yin's direction and narrowed his eyes slightly. He thought to himself, Could it be that Mu Heng likes Lin Yin?

After sending Mu Heng and Zhang Ling off, Lin Yin and the others went rafting

with their classmates..

Chapter 392: Tent

Although it wasn't a high-class activity, it was rare for them to have such an opportunity. The entire class was together, so everyone was having fun.

When it was over, they returned to the tent with laughter. Everyone saw Su Fei appear in front of them in a gorgeous gown.

No one knew what to say about such an out-of-place outfit.

Especially since Su Fei was wearing an off-shoulder gown and she had bruises from Lin Yin and Mu Heng yesterday. The wounds looked super obvious.

They didn't know if Su Fei was dressed like this to show off or to complain about Lin Yin's atrocity yesterday.

Shi Dai, who did not notice Su Fei's outfit, ran to Su Fei's side happily and said,

"Feifei, why are you here? Are you feeling better?"

Su Fei's face was a little pale. She glanced at Lin Yin with a slight coldness in her eyes before saying gently to Shi Dai, "Other than a little pain, there's nothing else. I just thought that it wasn't easy for us to have a chance to come out and play together. I can't miss this opportunity to have a good time." Su Fei coughed as she spoke.

This cough was not fake. Su Fei's chest hurt badly, and her ribs hurt from yesterday's smash, so she could not help but cough.

But even so, Su Fei still wanted to come out and show off her expensive gowns and see Lin Yin get her retribution.

Shi Dai held Su Fei with a worried expression. "Feifei, let me help you into the tent. You're injured now. You can't move around."

Su Fei nodded docilely and looked at Lin Yin a few times before following Shi Dai back to Shi Dai and Ji Yun's tent.

Lu Yan cursed softly at Su Fei's back.

On the other hand, Ji Yun was a little dissatisfied when she saw Shi Dai bring Su Fei to the tent that belonged to the two of them. She went in and picked up her things before crawling into a female classmate's tent.

As Shi Dai supported Su Fei, she asked Ji Yun helplessly, "Ah Yun, what are you doing? Our tent is so big that it's more than enough for three people to sleep in. You don't have to move to the side."

Ji Yun's voice came from the tent beside her. "Su Fei is injured. The three of us are sleeping together. What if we hurt her again? I'd better squeeze to the side. It will be more spacious with only the two of you sleeping together."

Shi Dai looked at Su Fei beside her and nodded in agreement. "Yes, yes, what you said makes sense."

When Ji Yun heard Shi Dai's words, her eyes instantly rolled back and she shook her head helplessly.

As dusk fell, the students in the class had already brought out the grill and various cooking utensils to prepare dinner.

"Feifei, sit here and rest well later. I'll make dinner for you," Shi Dai instructed Su Fei.

"Daidai, I'm fine. I can be with you," Su Fei said with a smile.

Lu Yan looked at Su Fei's gorgeous gown and hypocritical words and snorted coldly, instantly attracting Shi Dai's dissatisfaction.

"Lu Yan, don't make such an annoying sound at the side. If it weren't for you and Lin Yin, Su Fei wouldn't have been injured." Shi Dai's face was tainted with anger.

Lu Yan glanced at Shi Dai disdainfully and retorted rudely, "If you didn't want to bully Yang Xue and me, you wouldn't have been overtaken. The heavens are watching what you do. When you do evil, no one will help you! Hmph!"

Shi Dai felt suffocated. When they hit Lu Yan yesterday, they still held back a little, but Lin Yin and Mu Heng wanted to kill Su Fei.

At the thought of this, Shi Dai was furious. She stood up and was about to

argue with Lu Yan, but Su Fei grabbed her.

"Feifei?" Shi Dai looked at Su Fei in confusion.

Su Fei shook her head at Shi Dai and said, "Daidai, I'm fine. I don't want you to provoke them because of me. It won't be good if they find trouble with you."

Shi Dai was so angry that her eyes turned red. She hated Lu Yan even more for bullying her.

Su Fei pulled Shi Dai to sit down and smiled. "Alright, Daidai, let's just be ourselves. As for the rest, let's leave it to the heavens. I believe that the heavens won't let an evil person off."

Shi Dai glared at Lu Yan and pulled Su Fei to prepare dinner.

Lu Yan snorted coldly. She shook her head and continued to prepare dinner..

Chapter 393: Roasted Whole Sheep

Su Fei slowly raised her eyes. A dark look flashed across her eyes and landed on Lu Yan's busy back. Then, Lin Yin suddenly looked up and met her eyes.

The two of them looked at each other coldly before retracting their gazes.

Shi Dai barely prepared dinner, but in the end, she and Su Fei almost turned green from eating. In the end, Su Fei made a call and Lu Zheng got someone to send food over.

Su Fei stood beside the moving food rack and smiled at the surrounding students. "My godfather knows that we're having a picnic here today. He was afraid that everyone wouldn't eat well, so he got someone to prepare some food."

First, it was a seafood feast, and now it was food. This made the students praise Su Fei.

"Feifei, you're so nice to us!"

"A rich young lady is still a rich young lady. In the past, she was from the Su

Family, but now, she's from the Lu Family. Indeed, some people are born rich." "Feifei, you're even more favored than the real daughter of the Lu Family now." "That's right. I've seen the gown on Feifei before. It's worth 200,000 yuan. You're indeed wealthy!"

"I'm so envious. Eldest Master Lu is really good to Feifei. Even us outsiders benefited a lot."

Su Fei enjoyed the feeling of being surrounded by stars and looked at Lin Yin and the other two smugly.

However, Lin Yin did not even look up, making Su Fei a little angry.

Shouldn't Lin Yin be jealous now? Su Fei looked away angrily and listlessly.

After Su Fei got someone to distribute the food and beverages, food and drinks were not distributed to Lin Yin and her friends.

The students in the class looked at Lin Yin and the other two.

Su Fei looked at Lin Yin and the other two apologetically and said, "Hey, why are there still three portions missing? Even if I give you guys my portion it still won't be enough."

As she spoke, Su Fei looked angrily at the people who came to deliver food. "What's wrong with you? I told you, I asked for 45 portions. Why did you only send 42 portions? How can you do business like this?"

The attendant looked at Su Fei in panic and said, "Miss, on the order slip, it really only states 42 portions."

"What? Are you saying that I was wrong?" Su Fei said unhappily.

The attendant looked helpless. Just as she was about to continue, she was stopped by the person beside her. The person hurriedly apologized. "I'm sorry, Miss Su. It was our negligence. We'll get someone to send three more servings immediately."

Su Fei said with a displeased expression, "If we wait for you to bring it up now, won't our classmates starve to death? But..."

Su Fei paused for a moment before saying, "Yinyin, the three of you probably don't care for these simple meals, right?"

Lin Yin and the other two had cold expressions.

The students at the side were very awkward and in a difficult position.

Yang Xue and the others could be ignored, but Lin Yin and Lu Yan's identities could not be underestimated. If they accepted Su Fei's kindness today, wouldn't that mean that they were on Su Fei's side?

Su Fei saw that everyone was hesitating and had not moved. She understood, but there was a smile on her face. She pretended to be puzzled and asked,

"Why? Does everyone look down on the food sent by my godfather, the Eldest Master Lu?"

Everyone was instantly shocked. They could offend Su Fei, but they could not afford to offend Lu Zheng.

Just as everyone was in a dilemma, someone suddenly pushed a food cart over. It was actually a few roasted whole sheep and some mild fruit wine.

Su Fei did not expect Lu Zheng to have prepared this. She felt a little smug. It seemed like Lu Zheng really cared about her.

Before the person delivering the food could speak, Su Fei went up to him and said coquettishly, "Godfather is really too much. He should have sent it over together. He insisted on giving me a surprise twice!"

The delivery man looked at Su Fei in surprise and thought to himself, I didn't expect that the young guest just now would have such a big goddaughter. Indeed, rich people have enough fun.

However, this was none of his business, so the delivery man only asked with a respectful smile, "Miss, do you need us to cut it for you? Or do you want to do it yourself? Our staff can show you."

Su Fei glanced gently in the direction of Lin Yin and the other two. Seeing that

Lin Yin finally looked up at her, she straightened her back and said arrogantly, "People of our status naturally won't do it ourselves. Carve it up and send them to our classmates one by one.."

Chapter 394: Mistake

Lu Yan glanced at Su Fei coldly and said sarcastically, "What's there to be smug about taking someone else's things?"

Su Fei looked at Lu Yan with a mocking smile and said, "Lu Yan, you're not jealous of me, are you? Your uncle doesn't love you, his niece, but he dotes on me, his goddaughter. You must be unhappy, right? That's true. With your personality, your uncle really can't love you."

The delivery man was even more puzzled. He looked at Lu Yan and wondered if he had estimated the age of the guests wrongly.

That customer looked so young, but he actually had an 18-year-old niece?

On the other side, Lu Yan's eyes were filled with anger. "It's just roasted whole sheep. Who cares!"

Su Fei smiled proudly. "Is that so? Since you don't care, I won't give it to you."

As she spoke, Su Fei looked at Lin Yin and Yang Xue smugly and smiled. "Lin Yin, Yang Xue, you two don't care for it either, right? Then I won't make things difficult for you. You can eat your own food."

Lin Yin smiled and ignored Su Fei.

This made Su Fei even more dissatisfied. She couldn't understand. Wouldn't Lin Yin be jealous and envious? Such a calm Lin Yin made Su Fei feel like she was a self-directed clown, she was very embarrassed.

On the other hand, Lu Yan rolled her eyes at Su Fei in disdain. Then, she sat beside Lin Yin and looked at the smug Su Fei with disdain.

The delivery staff all carved the mutton quietly, not daring to look at the two parties at all.

The students beside her were also silent like cicadas in winter. They watched quietly as the food delivery personnel worked. They were terrified and a little dissatisfied.

Initially, they just wanted to come out and relax and leave some good memories. They did not expect to experience such a vexing thing. This made them a little disappointed in their graduation trip.

A good and warm trip had become a battleground between Su Fei and Lin Yin, as well as Su Fei's exhibition. No one could accept it calmly.

Su Fei looked at Lin Yin and the other two who were isolated and felt smug. She was still thinking about how to trample on Lin Yin and Lu Yan next time.

Suddenly, the classmate sitting beside the roasted lamb saw the recipient of the order with his sharp eyes. He could not help but read it out loud, "For my dear Yinyin! Happy graduation!"

This sentence was undoubtedly like throwing a big rock into a calm lake. Instantly, more students' gazes landed on the piece of paper.

Su Fei was shocked and quickly ran up to take a closer look.

Lu Yan ran up even faster and took the note. Then, she laughed until tears came out. "Su Fei, are you shameless? This is clearly a feast that someone gave

Yinyin. How can you be so shameless as to say that it's yours? Isn't this too funny?"

"Impossible!" Su Fei did not believe it. She straightened her neck and turned to question the deliveryman. "Tell me clearly. Was the person who asked you to send the roasted whole sheep Eldest Master Lu? Was it your boss, Eldest Master Lu?"

The delivery man looked puzzled and said, "Our boss didn't get someone to send this over. A Mr. Mu asked us to send it over."

Lu Yan instantly laughed and slapped her thigh. She mocked, "Su Fei, you really are thinking too much. How can there be someone like you in this world? Do you think all the good things are yours? Did you hear that? Mr. Mu gave this! It's not Mr. Lu! Could it be that you want to say that this Mr. Mu is also your godfather?"

The students at the side were also carefully looking at Su Fei with their eyes. It

had to be said that such an encounter was too embarrassing, but they did not dare to laugh so freely like Lu Yan. They could only secretly despise her in their hearts.

Lu Yan acted like the protagonist. She stood up and walked in front of the deliverymen. She said proudly, "Brothers, are you so stupid? She said that it's hers, and you guys foolishly believed her. Some people like to snatch other people's things and even like to eat for free. They're used to thinking that as long as it's given by others, it's for to her. I don't know where they get their confidence from."

Shi Dai stood up in dissatisfaction and said to Lu Yan, "Lu Yan, don't go overboard. These deliverymen didn't make things clear themselves, so Feifei misunderstood."

Lu Yan sneered in disdain. "Why? Everyone knows their limits and won't misunderstand.. Su Fei is the only one who misunderstood? Doesn't this mean that she's used to taking other people's things?"

Chapter 395: Yang Xue Missing

"Lu Yan, don't talk nonsense. It's a misunderstanding. Why are you so righteous?" Shi Dai's voice became louder.

Lu Yan smiled until her eyes were about to squint. “You also know that I’m justified? Then why can’t I say something righteous?”

“You!” Shi Dai was so angry that her eyes were about to turn red.

Su Fei, who was at the side, quickly pulled Shi Dai back and adjusted her tone. “I misunderstood. After all, with my current status, there are a lot of people who give me things, so I took it for granted.”

Lu Yan made a vomiting expression. Then, she said to the delivery staff, “Tell me clearly who gave these things to whom. Otherwise, some people will shamelessly think that everything in the world is hers.”

The delivery man was also sweating profusely. If someone hadn’t seen it in time just now, they would have delivered the wrong meal.

It was mainly because Su Fei recognized and accepted it too naturally, causing them to think that the customer had already spoken to the recipient. That was why they were confused for a moment.

The delivery man picked up the order and said loudly, “Mr. Mu ordered this for

Miss Lin Yin. To celebrate Miss Lin Yin’s graduation. At the same time, I wish

Miss Lin Yin’s classmates a happy graduation!”

Lu Yan shouted sarcastically, “Aiya, this roasted whole lamb is better than some junk food bento boxes!”

After Lu Yan finished speaking, she asked Lin Yin, “Yinyin, how about I help you distribute it?”

Lin Yin looked at Lu Yan dotingly and smiled. "Up to you!"

Lu Yan became even more smug. She looked at Su Fei and sized her up. Then, she asked the delivery man to show her how to eat it. Then, she asked the delivery man to leave.

"It's more interesting to cut the whole lamb yourself. Some people really don't understand the joy of eating," Lu Yan said meaningfully.

Then, Lu Yan got someone to distribute knives to the entire class, except for Su Fei and Shi Dai. She asked with a smile on her face, "I think someone with such a noble status like Miss Su Fei doesn't care about primitive eating methods like holding knives and eating raw meat and blood like us, right? That's a pity. You can only watch!"

Shi Dai replied angrily, "Who cares!"

The tables turned. Lu Yan was extremely happy. She shook her happy little

head and imitated Shi Dai's tone. "Who cares!"

Shi Dai was so angry that her eyes turned even redder. She looked angrily at Lu Yan's smug look.

Lu Yan was extremely happy during this meal, but her classmates were not as happy.

In order to maintain a neutral attitude, they forcefully ate three meals.

First, it was the meal they made themselves, then it was from Su Fei, and finally, it was from Lin Yin. All of them ate until their bellies were round. It took them a long time to digest their food before they entered the tent to rest.

In the silent glade, the sound of insects rose and fell with everyone's breathing. It was slowly silent.

A scream startled the sleeping Lin Yin. She suddenly opened her eyes.

Yang Xue and Lu Yan, who should have been lying beside Lin Yin, were gone. Lin Yin was shocked and immediately ran out.

Many students in the class were frightened by the scream and ran out to take a look. Lin Yin recalled the general direction of the scream and ran over.

The students behind who did not know the situation also ran over.

Lin Yin found Lu Yan in the washroom at the side, but she couldn't find Yang Xue.

Lin Yin shook Lu Yan anxiously and asked, "Ah Yan, where's Xiaoxue?"

At this moment, Lu Yan was in a daze. Facing Lin Yin's question, she could not answer for a long time.

Helpless, Lin Yin could only bring Lu Yan back to the tent first and contact the hotel at the foot of the mountain to send someone over to look for her.

Shi Dai looked at the noisy scene and asked in confusion, "Class Rep, did something happen?"

The class monitor said with a dark expression, "Lu Yan is unconscious. Yang

Xue is missing."

Shi Dai's eyes widened slightly. Although she didn't like Lu Yan and Yang Xue in her heart, Shi Dai still didn't want anything to happen to her classmates when it came to life.

Su Fei said calmly, "Could it be that Yang Xue ran out to play on her own? This resort has been open for many years and such a thing has never happened. Besides, this area has a protective net. What could have happened?"

As soon as Su Fei finished speaking, Lin Yin's gaze followed her. Su Fei trembled from Lin Yin's cold gaze. In order to boost her courage, Su Fei raised her voice and glared at Lin Yin.. "Lin Yin, why are you looking at me?"

Chapter 396: Ransom

Lin Yin only said coldly, "You'd better ensure that this has nothing to do with you. Otherwise, I won't let you off."

Su Fei gritted her teeth and said angrily, "Lin Yin, don't accuse me! In my opinion, you've offended so many people. Those people might have come to take revenge on you, so they captured Yang Xue!"

Lin Yin only stared at Su Fei coldly for a while before she retracted her gaze and looked at the unconscious Lu Yan.

Initially, Lin Yin planned to wait for Lu Yan to wake up and ask what had happened before making a decision.

However, they tried different methods. Lu Yan was still unconscious, which worried Lin Yin.

After thinking for a moment, Lin Yin decided to ask the class monitor to bring Lu Yan to the hospital first. She wanted to stay here and wait for the hotel's people to come to find Yang Xue.

However, when such a thing suddenly happened, all the students in the class were in a panic.

In the end, everyone decided to end the camping trip in the forest. When the people from the hotel arrived, the entire class followed them down the mountain, leaving Lin Yin to continue searching with the people from the hotel.

Even when the morning light shone into the forest, no one could find Yang Xue.

While Lin Yin was feeling dejected, she suddenly received a message: If you want Yang Xue's life, bring ten million yuan according to the address on the message and come over alone. Otherwise, she's dead.

Lin Yin looked enlightened. Her previous guess was right. These people were clearly here for her.

Yang Xue's family was simple and she kept a low profile. It was impossible for her to have any enemies.

If it was a kidnapping, she should be looking for Yang Xue's mother, not her.

Since she had a direction, Lin Yin went down the mountain with the hotel staff.

After going to the bank to withdraw 10 million yuan in cash, Lin Yin first went to the hospital to see Lu Yan. Seeing that Lu Yan was still unconscious, she called Lu Yan's parents over.

Then, she took the suitcase containing ten million yuan and headed to the location mentioned by the kidnappers. Unexpectedly, she missed.

Lin Yin smiled coldly and received another message. She obediently followed the other address on the message.

Lin Yin could guess that the other party would be vigilant and change their address, but she never expected that the other party would send a helicopter to pick her up.

Looking at the helicopter in front of her and the foreigner who clearly looked like a D Nation citizen, Lin Yin's eyes were filled with caution.

She was about to send a message to Mu Heng to describe the appearance and characteristics of the person in front of her when she realized that there was no signal.

Before Lin Yin could consider her next step, the person in front of her showed her a video for a while.

In the video, Yang Xue collapsed to the ground. Her face was pale and blood flowed from the corner of her mouth.

Lin Yin's gaze instantly turned cold.

A processed voice came from the video. "Follow me obediently. Otherwise, the next video will be your friend's broken arm and leg!"

Lin Yin looked at the person in front of her and said coldly, "Tell your people that if my friend is hurt again, I'll make you pay ten times the price!"

Lin Yin thought that her warning would be useful, but the person opposite her only looked at Lin Yin in confusion.

Lin Yin suddenly realized something. The person opposite her probably didn't understand her, which made her feel annoyed.

Lin Yin walked straight into the cabin and resigned herself to leaving with the pilot.

At the same time, Mu Heng, who had planned to go on a business trip today, stared at the screen with an ugly expression. "Why did she suddenly disappear?"

After Lin Yin took the money, she called Mu Xiao. Mu Xiao, who was studying overseas, could not come back in time and could only ask Mu Heng to help Lin Yin.

Therefore, before Lin Yin left, she left behind a tracker that could track her location. However, she did not expect that this tracking would suddenly disappear.

Mu Heng turned around and looked at the unconscious Lu Yan on the bed with a dark expression. He ordered, "Get someone to get all the surveillance footage at the location where she disappeared!"

Guan Nan responded and went down to make arrangements.

Mu Heng was filled with worry for no reason. He couldn't explain this feeling, and he couldn't figure out why. Perhaps it was because Lin Yin said she treated him like her brother.

When Lu Yan's parents arrived at the hospital, the sky was already bright.

Ren Xue looked at her daughter worriedly while Lu Jin asked about the situation.

When they found out that Lin Yin had brought money to save someone alone, the couple gasped and quickly contacted Lu Ming. The two of them knew how much Lu Ming valued Lin Yin.

When Lu Ming, who was far away overseas, heard that Lu Yan was unconscious and that Lin Yin had brought money to save her classmate alone, his heart skipped a beat..

Chapter 397: Lost Contact With Lin Yin

Everyone in the meeting room looked at their boss, who had been fine a moment ago, suddenly with a solemn expression. His entire body emitted a black fog-like aura. None of them dared to make a sound, afraid that they would offend Lu Ming.

Lu Ming hung up the phone and stood up to walk out. "The meeting is canceled. Arrange for a flight back immediately!"

Shen Yu followed behind Lu Ming anxiously and contacted the flight with his phone.

As he listened to Shen Yu check the flights, Lu Ming became anxious. Even his voice became louder. "Book a plane or a helicopter. I'm leaving immediately!"

Shen Yu was slightly stunned. He had never seen Lu Ming lose his composure and emotions like this.

In the past, even if he was late for projects worth hundreds of millions of dollars, he had never seen Lu Ming so anxious.

Seeing Shen Yu's stunned expression, Lu Ming was furious. "What are you waiting for? Go arrange it immediately!"

Shen Yu instantly came back to his senses and nodded repeatedly. He booked a helicopter.

LU Lile cuu11LLY, lectvH1b d cuuuseu Dilem Yu waiting for the flight.

When Mu Heng saw some blurry photos, he could roughly confirm that Lin Yin had been taken away by the helicopter.

In order to prevent the helicopter from secretly flying out of the country, Mu Heng directly reported the illegal entry and exit of the helicopter and asked the government to follow it.

Then, he arranged for a helicopter team to carry out a carpet search of the helicopter.

When Lu Ming rushed to the hospital where Lu Yan was, he happened to see Lu Yan wake up. He immediately went forward and asked, "Lu Yan, what happened?"

Lu Yan, who had just woken up, was still in a daze. Lu Ming and Mu Heng instantly became more anxious.

Fortunately, Lu Yan was not confused for too long. When her mind cleared up, Lu Yan immediately cried, "A few people drugged Yang Xue and took her away!" "Did you see any characteristics of those people?" Mu Heng asked anxiously.

"It's a little dark. I can't see clearly either, but from what I heard from them, they don't seem to be from China. They seem to be from the countries in the south, the place where the Internet often says that they will sell kidneys." As Lu Yan spoke, tears fell.

When everyone heard Lu Yan's words, their expressions were ugly. From that direction, it was a living hell where officials and commoners colluded with each other. If a normal person went over, not many would be able to return safely.

Lu Yan cried miserably and said, "Uncle, quickly send someone to save Yang

Xue. Otherwise, if she's brought to such a place, she'll definitely lose her life. Those people will first make her be a scam caller and then send her to prostitution. In the end, she'll be useless and dismembered. Her organs will be sold...

With every word Lu Yan said, everyone's hearts sank.

Mu Heng's voice was heavy as he said, "Yinyin shouldn't have been brought out of the country yet. If they want to bring Yinyin out of the country, they will probably choose to smuggle her over in a small city in the south."

Lu Ming went out after hearing Mu Heng's words, and Mu Heng followed.

Lu Yan stood rooted to the ground and asked in disbelief, "Dad, Mom, what was Brother Mu Heng talking about just now? Where did Yinyin go? Was she, was she kidnapped too?"

Ren Xue touched Lu Yan's head and said, "Yinyin took ten million yuan to ransom Yang Xue. We've lost contact."

Lu Yan was so shocked that her heart trembled a few times. Then, she said loudly, "It must be Su Fei. Yinyin's greatest enemy is Su Fei. Su Fei must hate Yinyin for snatching the Su Corporation, so she used Uncle's power to take revenge on Yinyin! They knew that they couldn't beat Yinyin, so they captured Yang Xue to threaten her. It must be like this! Dad, Mom, go and catch Su Fei. You can definitely find out where Yinyin and Yang Xue are."

Ren Xue and Lu Jin looked at each other before Lu Jin went out to look for Lu Ming and Mu Heng.

The moment Lu Jin entered the room where Lu Ming and Mu Heng were, she was a little dazzled by the various screens in the room.

Mu Heng and Lu Ming were analyzing the cities where those people might stay.

“Xiao Yan suspects that the person behind this kidnapping is Su Fei. Moreover, from the looks of it...” Lu Jin said, but he stopped mid-sentence with a helpless expression. In the end, he continued, “Big Brother might be helping Su Fei to take her away.”

Lu Jin and Mu Heng looked up at the same time. Their eyes darkened as they looked at Lu Jin. Their gazes were so terrifying that Lu Jin almost ascended to the sky..

Chapter 398: Going to the Meeting Alone

One was the successor of the Mu family's next generation, and the other was the successor of the Lu family's next generation. If it really was Su Fei's doing, then Su Fei would definitely not be able to hide it.

However, when Lu Ming asked Shen Yu to catch Su Fei, he missed. Su Fei had already left the resort with Lu Zheng.

Mu Heng stared at Lu Ming coldly and said impolitely, “If something happens to Yinyin this time, your Lu family won't be able to escape responsibility! If I find out that it was Lu Zheng who did it, even if you stop me, I won't show mercy! I'll deal with you too!”

Lu Ming was surprised that Mu Heng, who had always been cold-hearted, would declare war on him so rudely because of Lin Yin.

Mu Heng's importance to Lin Yin made Lu Ming frown slightly, but now was not the time to dwell on this. Lu Ming looked at the screen silently for a while before saying to Shen Yu, “Go intercept my brother and Su Fei now and bring them over!”

Shen Yu obeyed and went over to catch them.

At this moment, Lin Yin had already followed the kidnapper to a small mountain village.

Lin Yin wanted to pick up her phone to contact someone, but she was mocked by the person leading the way. "There's no signal here. You don't have to look at your cell phone. Otherwise, we wouldn't be so confident in letting you still have your phone."

Lin Yin did not expect this young man to be able to speak the same language as her. It seemed that the person in charge here was probably from the same country as her.

She looked back at the two muscular men who had been following her to prevent her from escaping.

Then, she retracted her gaze and looked at the tanned young man in front of her. "Where do you want to take me?"

The young man sized up Lin Yin and smiled. "Of course we're bringing you to a den to have fun!"

When she saw the color of the helicopter pilot's skin, Lin Yin had guessed it. Now, it seemed that her premonition was right.

How was this kidnapping Yang Xue to ask her for money? The ten million dollars was clearly an excuse to make her lower her guard and think that the kidnappers only wanted money. This way, the probability of her coming to pay the ransom herself would be higher.

Lin Yin thought about her enemies carefully. The biggest ones should be Su Fei's family. They wanted her dead.

Moreover, she had offended Lu Zheng because of Su Fei recently.

Or was it the Meng Wan who treated her as a love rival?

Or was it someone behind Chu Yun? For example, did that person know that she was investigating Zhou Wei and Chu Yun?

Lin Yin frowned slightly. She did not expect that she would have so many enemies.

Seeing that Lin Yin did not respond, the dark-skinned young man sneered and continued to lead Lin Yin to a wooden house. There were all kinds of inelegant noises coming from inside.

The person guarding outside the door came forward and looked at Lin Yin with ill intentions. His dirty hands were about to touch Lin Yin.

However, before that person could touch Lin Yin, Lin Yin quickly broke that person's hand. The scream instantly alarmed the people inside. Soon, the tightly shut door opened and a group of people came out.

The dark-skinned young man did not expect that the young lady beside him, who looked gentle and weak, would accurately break his companion's hand.

He hurriedly took a few steps back from Lin Yin, not wanting to suffer the pain of losing his hand. Then, he said to the group of people at the door, "Boss, this is the goods sent from the new city."

Everyone's gazes landed on Lin Yin. Her beautiful and cold face made everyone at the door look interested and wretched.

"Come in. There's no need to search!" The leader of the kidnappers smiled disdainfully.

She was just a young lady. No matter how capable she was, could she defeat all the men in the room?

Lin Yin glanced at the so-called boss. He was actually a young man, but his attire was a little sloppy. There was a very obvious scar between his right eyebrow and his lower eyelid, making him look naturally fierce. Seeing that the person was about to turn around, Lin Yin immediately retracted her gaze and followed everyone in.

After entering the house, she looked around. She could tell that there were twelve kidnappers and two trembling girls lying on the ground, but she did not see Yang Xue.

Lin Yin ignored the blatant sizing up of her around her and only looked at the man sitting at the head of the table coldly. "Where's my friend?"

The leader looked at Lin Yin in surprise and smiled.. "Did you bring the money?"

Chapter 399: Being a Lover

Lin Yin opened the huge suitcase that had been pushed all the way. The money in the suitcase instantly mesmerized the people beside her, and their eyes were green.

"A total of 10 million!" After Lin Yin finished speaking, she picked up a stack and threw it to the ground. "You can check if it's real."

The leader of the kidnappers asked someone to bring it over to verify it. Then, he said, "Bring it up!"

In the end, Lin Yin closed the suitcase and looked straight at the leader of the kidnappers with her dark eyes. She said coldly, "I want to see my friend first!"

Seeing that a weak little girl like Lin Yin was actually talking about conditions with their leader, the kidnapper instantly said unhappily, "Who do you think you are? How dare you make a request?"

Lin Yin glanced coldly at the kidnapper beside her, then took out a lighter and smiled. "Why? Are you afraid that I'm faking it? There are so many of you, but you're even more cowardly than me, a young girl. Anyway, I can't see my friends, so I'll bring this money to hell."

The leader of the kidnappers laughed. "Young lady, you're really impatient. I haven't said anything yet!"

He was just bringing someone out. He had been domineering in Country D for so many years and had never been afraid of anyone!

“Bring her out!” the leader of the kidnappers shouted.

Soon, two people dragged the unconscious Yang Xue out and threw her into the center of the room.

When Lin Yin saw the injured Yang Xue, she felt guilty. If not for her, Yang Xue would not have been hurt like this.

Lin Yin was about to step forward when she was stopped by the person beside her. She suddenly looked up at the person who stopped her, and a hint of ruthlessness flashed in her originally indifferent eyes.

The leader of the kidnappers smiled and said, “You’ve already seen her.

Shouldn’t you give us the money?”

Although the employer had given him money for kidnapping these two women, he could not bear to give up the ten million yuan.

He did not even intend to let go of these two beautiful students. They were both fresh virgins and good-looking. They could definitely be sold for a lot of money.

“I naturally have to see if my friend is dead or alive first. It’s not worth it to ransom a dead person for ten million,” Lin Yin said as she stabilized the surging anger in her heart.

The leader of the kidnappers waved at the lackey. Lin Yin immediately went forward to feel Yang Xue’s neck. It was only when she felt her pulse that she heaved a sigh of relief. It was good that she was still alive.

The kidnapper leader’s voice sounded above Lin Yin. “Young lady, my patience is only so little. You can’t keep challenging me!”

Lin Yin looked at the unconscious Yang Xue and gritted her teeth. In the end, she pushed the suitcase to the kidnappers.

While the kidnappers were counting the amount, Lin Yin looked at her surroundings and was mercilessly mocked by the leader of the kidnappers.

“Young lady, stop looking. You can’t escape.”

Lin Yin picked up Yang Xue and asked with a smile, “Then what are you going to do with the two of us, Big Brother? Will you kill us? Or sell us?”

The leader of the kidnappers put down the gun in his hand and stood up to look at Lin Yin with interest. She was beautiful and courageous. It was a pity to kill her, but he felt that it would be a loss to sell her.

“Why don’t you be my lover?” Evil desire appeared in the kidnapper’s eyes.

Lin Yin felt disgusted, but she didn’t show it on her face. She only said with a faint smile, “I’m a beautiful girl. If I want to be a lover, I want to be the lover of the most powerful man here. Are you?”

Lin Yin’s delicate and domineering appearance really made the leader of the kidnappers crave her. He said proudly, “Other than my father, I’m the most powerful man here. You’re not going to choose my father, are you? That won’t do. My mother won’t agree. Hahaha!”

Lin Yin looked at the leader of the kidnappers suspiciously and asked casually, “Then can you date me? I’ve never been in a relationship in my life. If I become your lover and never experience love, I’ll suffer.”

Her innocent and cute appearance instantly amused everyone in the room.

The leader of the kidnappers could not help but laugh. Even though he knew very well that the girl in front of him might be pretending to lower his guard against her, so what?

Weren't women used for entertainment? It was fine as long as he was amused.

As for dating and so-called love, they were all nonsense..

Chapter 400: Massaging Legs

He looked at Lin Yin and smiled. "Since you want to play a love game, I'll play with you. "

Lin Yin ignored everyone's mocking laughter and only stared at the leader of the kidnappers. "Then what's your name?"

The leader of the kidnappers blinked slightly, then returned to the chair and leaned back. He said calmly, "Remember, my name is Zhou Hai!"

"Then when is our first date?" Lin Yin took the initiative to ask.

This anxious look made everyone laugh again, and all kinds of obscene words followed.

"I didn't expect her to be so slutty at such a young age. She took the initiative to ask a man out!"

"Big Brother, this woman is smart. When you're done playing, can you let us have a taste too?"

"That's right. Such a slut who took the initiative to climb onto a man's body. It must be exciting to play with her. I can't wait!"

Zhou Hai stared at Lin Yin quietly, wanting to see her attitude. He did not expect this young lady to be so calm. She was not angry or angry. She just listened to the despicable comments beside her calmly. This temperament made him look at her in a different light.

From the initial calmness to the current calmness, Zhou Hai felt that it was not bad to find such a lover.

After all, they dealt with human lives, women without courage couldn't be with them.

"Alright, since I like this woman, you guys have to open your eyes. If I find out that you're so disrespectful to Sister-in-law, don't blame me for being ruthless."

There was a smile on Zhou Hai's lips, but his words carried absolute deterrence, directly suppressing those men who spoke vulgar words.

The lackeys instantly fell silent, wondering if their boss took it seriously.

The young man who had led the way for Lin Yin went forward and said carefully, "Boss, the employer said that we have to sell the two of them to the red-light district before the commission is completed. Otherwise, there won't be a final payment."

Lin Yin's lowered eyes flashed. It seemed like the employer behind her really wanted her to suffer a fate worse than death!

Zhou Hai's gaze landed on the underling and he said disdainfully, "If I say I've sold her, I've sold her. Could it be that they can investigate further? Xiao Ming, it's been so many years. Why haven't you improved at all? You're still a blockhead!"

Xiao Ming touched his head and smiled honestly. "I'm not as smart as you, Boss."

The atmosphere at this moment was a stark contrast to the fierce atmosphere just now. However, even so, Lin Yin did not dare to let down her guard at all.

These people were all in the business of human lives. She did not think that these people had any conscience.

Although human nature could not withstand scrutiny in her opinion, these people who had committed murder and torture were all ruthless. As long as they found out that she was disadvantageous to them, Lin Yin believed that in the next second, these people would cut her and make her into minced meat without blinking.

Zhou Hai waved everyone away, and the two forgotten women were taken away with terrified expressions.

Then, Zhou Hai looked at Lin Yin with an unfathomable expression and smiled.

“When we return to Country D, I can go on a date with you anytime.”

Lin Yin did not stand on ceremony. She looked straight at Zhou Hai and said,

“Then, as your future date, can I make a small request?”

“Are you starting to push your luck?” Zhou Hai crossed his legs and leaned against the dilapidated sofa with a satisfied expression as he smiled.

“Can’t I?” Lin Yin tilted her head and asked.

Her deer-like black eyes stared at Zhou Hai without blinking.

Lin Yin admitted that she was using a honey trap now. Fortunately, Zhou Hai fell for it too.

Zhou Hai smiled and asked, “You want me to save your friend?”

Lin Yin nodded. If she didn’t find a doctor for Yang Xue, Lin Yin was afraid that Yang Xue’s wound would become inflamed and she wouldn’t be able to survive.

When she checked her pulse just now, it was quite weak.

Zhou Hai straightened his legs and stared at Lin Yin. "Massage my legs. When

I'm happy, get someone to call a doctor over."

Lin Yin was extremely anxious, but she could only keep her curses to herself and go massage Zhou Hai's legs with a smile.

As Zhou Hai enjoyed it comfortably, he pointed and said, "Here, right! Use more strength..."

Lin Yin looked at Zhou Hai's uninjured eyebrows on the other side and wondered when she would stab Zhou Hai again and make him completely disfigured !
