

Real Daughter 401

Chapter 401: Yang Xue Wakes Up

Fortunately, Zhou Hai kept his word. After teasing Lin Yin, he got someone to call someone like a wandering doctor to come help Yang Xue treat her wound. He even left behind some medicinal herbs.

Lin Yin looked at the herbs in her hand and turned to look at Zhou Hai. "Is there anything to boil the herbs?"

Zhou Hai leaned against his tattered sofa and raised his eyelids lazily. He looked at Lin Yin and smiled calmly. "This is another request. What can you use to exchange for it?"

Lin Yin rolled her eyes in her heart and said angrily, "Is this all the benefits of being your future girlfriend? I even need to exchange something for something to brew medicine?"

Zhou Hai only looked at Lin Yin with a smile. "You said that you're my future girlfriend. The future is filled with uncertainty. What if you run away?"

Lin Yin gritted her teeth and snorted. "If you don't want to give it to me, so be it. I'll find it myself."

With that, Lin Yin turned around and left the house. Her stubbornness amused Zhou Hai. He smiled and said, "You're still young, but you're still angry. You're really going too far."

Lin Yin couldn't be bothered with what Zhou Hai said behind her. Anyway, she was now sure that her and Yang Xue's lives were not in danger.

As soon as she went out, the lackeys who had just been in the house looked curiously at Lin Yin, who was rummaging around.

They did not expect that when they first entered this house, this young lady was still an object. Now that she came out, she had directly become their sister-in-law. Life was indeed unpredictable!

Xiao Ming slowly moved to Lin Yin's side and asked softly, "Sister-in-law, what are you looking for?"

Lin Yin looked up at the dark young man in front of her and smiled. "In any case, I'm not looking for the Carefree Cave!"

Xiao Ming was a little embarrassed by Lin Yin's teasing. He rubbed his head and smiled. "Sister-in-law, don't joke with me. I'm serious. I'll help you find it."

Only then did Lin Yin say, "Then help me find something to boil medicine with. "

Xiao Ming immediately smiled foolishly and said, "It's a small matter. I'll arrange it for you immediately!"

Yang Xue, who had barely drunk some medicine, woke up slowly. When she saw Lin Yin standing beside her, her chest trembled from crying. "Yinyin..." Lin Yin quickly sat beside Yang Xue and comforted her. "It's okay, it's okay." After Yang Xue calmed down, Lin Yin asked about that day.

Yang Xue whispered with a pale face, "Actually, I don't know what happened either. That night, I went to the bathroom with Ah Yan. Then, when I was waiting for Ah Yan, the back of my head suddenly hurt and I fainted. When I woke up again, they hit me and even took a video."

Lin Yin pursed her lips tightly and said guiltily, "This time, it's very likely that you were kidnapped because of me. I'm sorry."

Yang Xue did not look surprised, because when she was beaten up that day, she already knew that these people had captured her to lure Lin Yin over.

But she didn't know how to blame Lin Yin. After all, the person who hurt her wasn't Lin Yin.

Moreover, in the end, Lin Yin even personally risked her life to save her for her. This made it even harder for Yang Xue to blame Lin Yin.

In the end, Yang Xue just looked at Lin Yin and comforted her gently, "Yinyin,

I'm fine. You don't have to feel so guilty."

Lin Yin didn't know how to face Yang Xue. She really didn't want the people around her to be injured again for her.

Dong Dong was already a guilt that she could not let go of in her life. What would she do if it happened to Yang Xue?

Yang Xue's mother only had one daughter, Yang Xue. If something happened to Yang Xue, what would her mother do?

Therefore, Yang Xue must not get into trouble because of her. A determined expression appeared in Lin Yin's eyes.

She leaned forward and gently hugged Yang Xue. She said gently, "Xiao Xue, I won't let anything happen to you. I'll definitely send you back to your mother's side safely."

"Yes, yes, Yinyin, I believe you!" Yang Xue nodded and said. Then, she turned her gaze outside the house. She was frightened by Zhou Hai's bloodthirsty expression and quickly retracted her gaze.

That day, it was this person who sat calmly on the sofa and even ordered his lackeys to hit her.

At this moment, Zhou Hai, who was in a bad mood, only glanced at Yang Xue gently before retracting his gaze and looking at his lackey who was reporting the situation..

Chapter 402: Entering the Mountain

Xiao Ming stole a glance into the house and said, "Boss, these two young ladies can't be the daughters of some big family, right? Otherwise, why would they alarm the Mu and Lu families? Even the officials are alarmed.'

The lackey beside him said, "That's impossible, right? When we received the commission previously, didn't the employer say that they were just two students without any backing? At most, they had a little money."

Xiao Ming's expression was a little ugly. "That's what you say, but the situation isn't optimistic. All the helicopters that came to pick us up can't enter, and the plane that sent Sister-in-law over has already been pulled away. The way down the mountain is also blocked, and the car can't go down now. If we don't think of a way, we might be trapped here."

"We've probably been tricked," Zhou Hai said with a solemn expression. "The background of these two girls is definitely not ordinary. Those people probably want to use us to kill them."

"Damn it! Son of a b*tch, how dare they scheme against us! If I find them, I'll shoot them!" Xiao Ming said angrily.

Originally, Lin Yin was not among the girls they bought this time, but there was no reason for them to reject a business offer. Anyway, it was just a matter of convenience.

In addition, that person had given them a lot of money. It was just kidnapping two girls with no background to the red-light district. It was not a difficult mission, so they accepted it.

In the end, he did not expect to encounter a tough nut to crack.

"Boss, why don't we put them back?" A lackey beside him said.

Xiao Ming immediately scolded angrily, "Bullsh*t? If others find out that our

Wild Gang gave up halfway after accepting a mission, how can we still have the face to survive in this industry in the future? Our Wild Gang has never lost, and it's the same this time."

Zhou Hai's expression was cold. In the end, he ordered in a low voice, "Pack your things and enter the mountain in the southeast direction."

The people below did not have any objections and immediately dispersed to busy themselves.

Zhou Hai entered the house and looked at Lin Yin and Yang Xue, who were leaning at the side. He stared at them and said calmly, "When we enter the mountain later, it's best if you can walk by yourselves. If anything happens that drags you down, don't blame me for settling it."

Yang Xue's eyes instantly widened as she looked at the gloomy Lin Yin in horror.

Yang Xue's injuries were not light and she was even taking medicine. Zhou Hai's words were clearly directed at Yang Xue.

Lin Yin didn't argue and agreed.

She knew very well that she and Yang Xue would definitely not be able to escape now. Other than being obedient, there was no other way.

Lin Yin added some water to the herbs. While those people were packing, she boiled some more and placed them in some mineral water bottles.

Looking at Zhou Hai's expression just now, Lin Yin guessed that the Mu or Lu families might have already caught up.

Therefore, if they entered the mountain later, Zhou Hai and the others would probably not let her stay to boil the medicine. They might not even let her light the fire.

Lin Yin had just finished filling the medicine when Zhou Hai had already gotten someone to call for her.

As soon as Lin Yin and the other two came out, they saw more than ten haggard and dirty girls surrounded by a group of burly people.

After Yang Xue was captured, she had been locked up alone. Therefore, when

she saw the tied-up girls in a sorry state, she looked uneasily at Lin Yin, who was supporting her.

Lin Yin silently gave Yang Xue a comforting look, making her feel more at ease.

As long as Lin Yin was around, Yang Xue felt very at ease.

Xiao Ming looked at Lin Yin and Yang Xue's empty wrists and turned to Zhou Hai. He asked weakly, "Boss, should we tie Sister-in-law and the others up?"

Zhou Hai, who was standing at the front, glanced at Lin Yin and said mercilessly, "Tie her up, tie her up tightly!"

Even if Lin Yin agreed to be his woman, he was still worried. He could tell at a glance that Lin Yin was a smart girl. He, who had always been cautious, would not allow any accidents to happen.

Lin Yin patted Yang Xue, who was obviously a little panicked, and said, "It's fine. Just listen to me next."

Yang Xue nodded and obediently reached out to get someone to tie her up. The group walked up the mountain.

Lin Yin's gaze had been secretly sized up the places she passed. It would be fine if it was in a familiar place, but this was the first time Lin Yin was here, so there was no harm in observing more..

Chapter 403: Warning

“Why? Are you looking at the route and preparing to escape?” A faint voice sounded in Lin Yin’s ear.

Lin Yin was shocked. When she turned around and saw that it was Zhou Hai, she was shocked again. She muttered unhappily in her heart. This Zhou Hai seemed to be a ghost. He was clearly in front of the team just now. Why did he suddenly flash to her side?

“It’s just my first time entering the mountain. I’m curious!” Lin Yin replied without blushing or panting.

Zhou Hai chuckled softly. Then, he said with a warning voice, “Don’t waste your effort. Once you enter the mountain, you’ll die inside without me. Therefore, I advise you not to have any crooked thoughts. Otherwise, you’ll die in the mountain with your classmate.”

Lin Yin tilted her head and looked at Zhou Hai beside her. She smiled and said, “What’s the difference between dying in the mountains and dying in your hands?”

Zhou Hai was about 183cm tall. He lowered his gaze slightly and saw Lin Yin looking up at him fearlessly. She looked arrogant and cute, making Zhou Hai, who was originally in a bad mood, relax a little.

There was an ambiguous provocation in his gaze. “If you die in the mountains, you can only enter the stomach of the wild wolves in the mountains. Your limbs will be dismembered. You probably died without a complete corpse. If you die in my hands, you will be ecstatic!”

When Yang Xue heard Zhou Hai’s blunt words, she was so angry that her face turned red. She forgot to be afraid and pulled Lin Yin back. She was furious and glared at Zhou Hai with red eyes.

Zhou Hai glanced at Yang Xue disdainfully and asked Xiao Ming to pull Yang Xue away.

Yang Xue grabbed Lin Yin’s arm tightly. In her opinion, Zhou Hai was a shameless hooligan. If she left Lin Yin, Lin Yin might be bullied by this hooligan.

Zhou Hai snorted softly. "I'm used to being arrogant. I hate it when people ignore my words."

Lin Yin could hear the strong warning in Zhou Hai's words. She had no choice

but to patiently persuade Yang Xue to leave for a while. Then, she handed the medicine that was hanging on her body to Xiao Ming and instructed, "Take this medicine. Remember to give Xiao Xue the medicine later."

Xiao Ming nimbly took the small bag from Lin Yin's wrist and said loudly,

"Sister-in-law, don't worry. I'll definitely take good care of her."

When Yang Xue heard Xiao Ming call Lin Yin Sister-in-law, she felt suffocated.

Although Lin Yin had explained that it was only temporary, Yang Xue still felt uncomfortable.

In her eyes, Lin Yin was such an outstanding person. These methods were dirty and not worthy of these hooligans who did heartless things.

In her opinion, even if Lin Yin and Zhou Hails names were put together, it was the greatest blasphemy to Lin Yin.

However, she didn't have the ability to help Lin Yin now, so she could only listen to Lin Yin's arrangements obediently.

Looking at Yang Xue's back as she walked forward, Lin Yin raised her still tied hands at Zhou Hai and said sarcastically, "I don't know if I'll feel ecstatic, but my wrist hurts to death now."

Her aggrieved and delicate look made Zhou Hai chuckle. "Smart little girl. But I won't fall for this trick and have protective feelings for the fairer sex. There are many women that I can get!"

Looking at Zhou Hai's frivolous expression, Lin Yin glanced at the group of tied girls in front of her and said mercilessly, "You said that there's many. Are you going to kidnap women and force them to submit?"

Zhou Hails originally smiling eyes suddenly turned cold, and his tone was murderous. "Lin Yin, don't think I don't dare to kill you!"

He had always known that he was not doing legitimate business, but in his opinion, the world was like this where the strong preyed on the weak. His actions were not wrong.

Just like back then, wasn't his father chased out of here because he was weak and had to live in Country D, a small country filled with violence and evil, for most of his life?

Therefore, in the past, when others secretly called him evil, ruthless, and dirty, he would only smile and kill them.

In his opinion, possessing the strength to control the fate of others was not something that was difficult to speak of. Instead, it was something that he was proud of.

However, when this clean-looking girl in front of him said it today, he actually had an indescribable emotion, as if he was embarrassed, and then he was angry.

Such a strange emotion made Zhou Hai frustrated for no reason, and his expression became even uglier.

Lin Yin blinked a few times and smiled. "I never thought you wouldn't dare to kill me. I was prepared to not be able to go back when I came here.. I even made a will!"

Chapter 404: Abandoned

Zhou Hai stared into Lin Yin's eyes without any fear.

But soon, Zhou Hail's frown relaxed, and his gloomy expression instantly disappeared. He chuckled and said, "You did write a will, but your classmate hasn't written it yet."

The warning in Zhou Hai's words was obvious.

Lin Yin walked forward carefully and nodded. 'You're right, so you can only threaten me with my classmate.'

Zhou Hai laughed loudly. He looked at Lin Yin, who was overestimating herself, and mocked, "Little kid, you're too naive. In our line of work, there are ways to make people wish they were dead. Therefore, you'd better not continue to challenge me verbally or test my bottom line step by step."

With that, Zhou Hai strode forward. For some reason, he felt that talking to Lin Yin made him feel aggrieved.

Therefore, he would rather not look at it. When they arrived at the base camp, he would teach this little girl how to be his woman.

It was not right for her to be covered with thorns and not have the gentleness and obedience of a woman.

After Lin Yin glanced at Zhou Hai coldly, she went to look for Yang Xue.

Fortunately, although Zhou Hai had tied her hands and feet, he did not watch over her like she was a criminal.

Seeing that there was nothing wrong with Lin Yin, Yang Xue relaxed.

The deeper they went into the mountain, the darker the light became. Dense and thick layers of leaves and branches were above their head.

Other than the cries of insects and birds, there was only the rustling sound of Lin Yin and the others moving. It echoed in the forest, making it seem a little terrifying.

At the back of the team were two people who helped cover up the footprints and lift the heavily trampled plants to create a confusing path.

Lin Yin supported Yang Xue, who was clearly having a hard time walking, and followed the group step by step. Suddenly, screams came from the group of girls in front, scaring Yang Xue so much that she subconsciously leaned closer to Lin Yin.

Amidst the commotion, Yang Xue heard someone shouting, "There's a snake!

There's a snake!"

Then, the group of girls dispersed in a circle. The man beside her nimbly grabbed the snake that was biting the girl's calf and pulled hard. The next second, the girl's shrill cry of pain sounded.

Yang Xue was stunned on the spot. She did not expect these people to be so violent.

The snake was still biting the girl's leg, but they did not care about the girl's life and pulled it off.

Lin Yin hugged the trembling Yang Xue and slowly comforted her back. She said softly, "It's okay! It's okay!"

Although both of them knew that this might not have any effect, other than comforting her, Lin Yin really couldn't do anything else.

The girl lay on the ground and wailed for a while. Yang Xue could not help but shout, "Hurry up and save her!"

Xiao Ming said coldly, "We can't save her. This snake is poisonous. We're still a distance away from the foot of the mountain. She won't be able to last until we get down."

The other lackeys secretly spat, "Unlucky." Then, they kicked the girl's waist and kicked her to the side.

The group ignored the girl lying beside them and shouted for the girls to continue walking.

Yang Xue had never seen such a scene. She, who had always been an obedient girl, had never seen people dying, only people fighting.

The key was that this girl could still be saved, but she was thrown aside to wait for death.

Lin Yin understood Yang Xue's current emotions, but the two of them couldn't even protect themselves now. How could they save other strangers?

However, Lin Yin knew very well that people like Zhou Hai and the others often appeared in such forests. She did not believe that they did not have medicine to cure the snake's poison.

Lin Yin looked at the girl who was already thrown behind by everyone. In the end, she went forward and found Zhou Hai. She said weakly, "Zhou Hai, can't we save that girl?"

Zhou Hails gaze landed on Lin Yin's innocent face and he smiled ambiguously. "Why? Do you want to be the savior?"

Lin Yin only lowered her head and listened to the girl's soft moans. She sighed and said, "That's still a life, right?"

Xiao Ming, who was at the side, leaned forward and whispered, "Sister-in-law, it's not that we don't want to save her. It's just that even if we give that girl the antidote, her leg will be as swollen as a steamed bun later. We're on our way now and we really don't have the time to carry a person who can't walk. If we don't take her away and give her the antidote, she'll die if she stays in the forest for a few days. There's no need to spend so much effort.."

Chapter 405: Medicine Gift

Seeing that Lin Yin was still conflicted, Xiao Ming continued to speak up for his brother. "In the past, there were instances when half of the girls we shipped over died. Sister-in-law, when you get used to it, you won't feel sad anymore.

This is what human lives are like! Don't take it to heart."

Lin Yin's eyes darkened. It turned out that human lives were not worth mentioning in the eyes of these people.

Seeing that Lin Yin's expression was a little off, Zhou Hai thought that Lin Yin was afraid and said coldly, "Alright, stop talking. You talk too much!"

Xiao Ming was at a loss. What was wrong? He was clearly trying to comfort his sister-in-law.

Besides, he had grown up in such an environment. People were being abused and killed by him every day. This was a normal life!

Xiao Ming was chased to the side by Zhou Hai in confusion.

Seeing that Lin Yin had silently turned around and was about to walk into the middle of the team, Zhou Hai frowned slightly. For some reason, he subconsciously said, "I can give her the medicine to cure the snake poison, but we can't take her away now. Whether she can live or not depends on her own fate."

Zhou Hai was different from Xiao Ming. He had seen the outside world and the calm but safe life of theirs.

Therefore, he knew that such a bloody and cruel thing might not make sense in the eyes of them.

Humans could live in safety and exchange work for a good life.

Therefore, Zhou Hai understood that Lin Yin might not be able to accept the idea that human lives were worthless.

However, Zhou Hai did not understand. If Lin Yin could not accept it, so be it. Why did he suddenly say that he wanted to satisfy Lin Yin's needs?

Such a strange action made Zhou Hai feel puzzled, but since he had already said it, he could not bring himself to take it back.

He took out the medicine in his arms and took out one. Zhou Hai quickly walked to Lin Yin's side and quickly stuffed the medicine in his hand into Lin Yin's tied hand. Then, as if he was angry, he turned around and left.

Lin Yin took the pill in her hand and quickly ran to the girl's side. She quickly stuffed the pill into the girl's mouth. Only when she saw the girl's throat move did Lin Yin get up and look at the girl in front of her with pity.

The girl's skin was fair and she looked like a child who had been pampered by her family. Now, she could only rely on fate to survive alone in this dangerous forest.

The girl looked at Lin Yin with wet eyes and begged, "Save me. Take me with you. I don't want to be eaten by some strange creature here."

Lin Yin couldn't bear it, but this was the only thing she could do now. She could only persuade her, "If you follow these people, what's waiting for you might not be a good ending. If you're here, you might still have a chance of survival."

The girl looked at Lin Yin with tears in her eyes as she shook her head and cried. Zhou Hai came forward and pulled Lin Yin forward. He even said coldly,

"Lin Yin, she's just a dead person. Why are you telling her so much?"

Lin Yin was pulled back into the team by Zhou Hai. Her ability was limited. Now, she could only care about a patient like Yang Xue. If another one came, she would really be helpless.

Besides, once this girl was brought to their country, she might be even worse off than now. Here, if someone passed by, they might be saved.

Seeing that Lin Yin actually followed the others into the path on the right without looking back, the girl who was left behind felt sorrow for herself and resentment for Lin Yin.

She could tell that the leader was clearly very accommodating to the girl called Lin Yin. She concluded that as long as Lin Yin gave in and begged Zhou Hai, she would not have to be thrown alone in this dangerous forest.

Wasn't Lin Yin's classmate's leg also inconvenient? Wasn't she also helped away by Lin Yin? Couldn't she help another person?

But Lin Yin didn't. Lin Yin left her here mercilessly to die. It would be a lie to say that she didn't hate Lin Yin.

The girl's cry for help suddenly sounded. She did not want to die here like this. Her leg became even more swollen, suffused with purple poisonous blood.

The girl slowly began to lose consciousness, and her cries for help weakened.

When they could no longer hear the girl's cries for help, Yang Xue and Lin Yin looked at each other and saw sorrow in each other's eyes.

Yang Xue was also saving her strength. She was afraid of being thrown down like that girl and afraid that Lin Yin would be in trouble, so all she could do now was try not to fall..

Chapter 406: Mu Ning

When Mu Heng and Lu Ming rushed into the wooden house, it was already empty.

“They have left for some time already. There’s still the stove to brew the medicine. It’s cold,” Mu Heng said with an ugly expression.

Lu Ming checked his surroundings but did not find anything. At the moment, they did not know which power of the other came to kidnap her.

Lu Ming turned around and asked the locals who had been leading the way for them, “Is there no other exit on this mountain?”

That person thought for a moment and said, “There’s only one main road. As for the small paths in the deep forest, there are quite a number of them.

However, they’re all used for hunting animals.”

Lu Ming looked at Mu Heng with a dark expression and said, “Let’s split up and chase them. If there’s any news, don’t act rashly. Contact them first and wait for the main force to gather to avoid alerting the enemy.”

A local shook his head and said, “We won’t be able to contact anyone once we enter. There’s no signal here. It’s all over the mountains. We won’t be able to contact anyone once we enter.”

Mu Heng and Lu Ming frowned at the same time. Then, they picked up their phones and saw that there was no signal on the signal bar.

Lu Ming turned to Shen Yu and said, “Go back and get our newly developed military communicator. President Mu and I will go in and look for her first.

We'll make marks along the way. Bring someone over when the time comes." Shen Yu nodded with a solemn expression and turned to carry it out.

Then, Lu Ming and Mu Heng looked at each other and set off into the deep forest.

The two teams arrived at the first fork. On one side was a small path that had been trampled on, and on the other side was only a small path with slight traces of being stepped on.

Lu Ming and Mu Heng looked at each other and moved in different directions.

They didn't know how many people the other party had or if they had a way to hide. For Lin Yin's safety, they felt that this was the safest way. They wouldn't let go of a situation that put Lin Yin in danger, so they wouldn't let go of every path.

Lu Ming led his men for a long distance. It was not until the sky darkened and the forest darkened that they saw the girl lying on the ground with the flashlight in their hands.

Lu Ming quickly asked the wandering doctor who had followed him to come forward to treat him. The wandering doctor frowned slightly and said, "She was poisoned by the snake poison, but she has begun to slowly detoxify it. Her life is not in danger. It's just that this leg..."

The doctor paused for a moment. Everyone's gaze landed on the girl's legs which were already purple-black. Her legs were a stark contrast. One was slender and fair, and the other was as swollen as a steamed bun.

The doctor continued, "This leg will take a while to recover."

Lu Ming thought something was wrong and asked impatiently, "Can she wake up now?"

Lu Ming felt that it was possible that this girl was with Lin Yin and the others, so he was hopeful that when the girl woke up, she might be able to obtain some news about Lin Yin and the others.

The folk doctor nodded and said, "I have an idea."

As he spoke, Doctor You took out a bottle of unknown liquid from his dirty cloth bag and placed it under the girl's nose.

An unpleasant and pungent smell instantly filled the air, and soon the girl was woken up by the choking.

Before she could open her eyes fully, Lu Ming squatted down and asked anxiously, "Have you seen a very good-looking girl in a black top and black pants?"

The girl slowly woke up and her gaze landed on Lu Ming's anxious face. Then, she suddenly went forward and hugged Lu Ming tightly. She cried, "Brother Lu Ming, is that you? Are you here to save me?"

Lu Ming almost trembled and pushed the unfamiliar girl away. He asked in confusion, "You know me?"

The girl cried. "Brother Lu Ming, I'm Mu Ning. We've met before. I'm the fourth daughter of the Mu Family, Mu Ning. Mu Heng is my brother!"

Lu Ming carefully identified the girl, but he still could not remember. He had never heard that Mu Heng had a younger sister that was so old.

Anxious about Lin Yin's whereabouts, he nodded vaguely and continued to ask,

"Did you see a girl about your age in a black top and black pants just now?"

Mu Ning recalled that the only girl in her memory who was wearing a black shirt and black pants seemed to be Lin Yin, who had abandoned her just now.

Mu Ning's eyes darkened slightly before she said, "Are you talking about Lin Yin?"

Chapter 407: Coquettish

Lu Ming's eyes lit up slightly. He grabbed Mu Ning's shoulders anxiously and asked anxiously, "Yes, it's Lin Yin! Where did they go? How many people are there?"

Mu Ning said with a frightened expression, "Brother Lu Ming, are you in cahoots with Lin Yin? That Lin Yin is the woman behind the human traffickers!"

Mu Ning's words shocked Lu Ming. He frowned and asked in disbelief, "What did you say? Impossible!"

Mu Ning looked at Lu Ming's slightly angry expression helplessly and said softly, "Brother Lu Ming, I'm telling the truth. I came out for a vacation and was arrested and locked up by human traffickers with a group of girls for no reason. When I came out again, I heard those human traffickers calling Lin Yin their sister-in-law."

Lu Ming's face was terrifyingly dark as he asked coldly, "How many of them are there?"

Mu Ning thought for a moment and said, "There seem to be about 15 human traffickers and more than 10 girls who were captured. I don't know the exact number."

When Lu Ming heard this, he stood up and looked at the diverging paths. He asked, "Where did Lin Yin and the others go?"

Mu Ning looked at the fork and said, "I think it's the one on the left, but I was a little dizzy at that time and I can't remember clearly. Brother Lu Ming, why are you asking this? Aren't you here to save me? Let's go back quickly."

Lu Ming ignored Mu Ning's words. After arranging for a few people to walk to the right path, he led them to the left.

Mu Ning looked at the two people Lu Ming had left for her and asked unhappily, "Brother Lu Ming, are you going to look for that Lin Yin? Why are you looking for that trafficker's woman? I heard that as soon as she came to the village, she rolled into the same bed as that trafficker."

Lu Ming's cold gaze suddenly turned to look at Mu Ning and warned, "Mu Ning, I don't care who you are. If I hear you slander Lin Yin again, I'll kill you even if you're from the Mu family!"

When Mu Ning heard Lu Ming's cold words, her heart instantly trembled.

She did not expect that Lin Yin would have such a good relationship with Lu Ming. Lu Ming would disregard the friendship between the Mu and Lu families and kill her for Lin Yin.

Mu Ning was furious, but she looked quietly at Lu Ming who was walking in the wrong direction. She did not feel guilty at all.

Instead, she said ruthlessly in her heart, It's up to fate whether Lin Yin can be saved, just like how Lin Yin left her in the lurch.

In Mu Ning's opinion, this was an eye for an eye. She was even with Lin Yin.

Retracting her gaze, Mu Ning looked at the two men beside her obediently and said gently, "Brothers, I can't walk anymore. Sorry to trouble the two of you!"

The two of them followed Lu Ming's instructions. One of them carried Mu Ning on his back while the other guarded her from falling.

On the other side, Lin Yin and the others continued walking with the dim flashlight, and Yang Xue could no longer hold on.

Seeing that it was inconvenient for Lin Yin, Xiao Ming fed the medicine to Yang Xue.

However, Yang Xue was weak all over. With every step she took, the wounds on her body hurt.

Lin Yin was worried and said, "Xiao Ming, can you untie my hand? Xiao Xue can't take it anymore. I'll carry her on my back. Don't worry, I won't run."

Xiao Ming looked at Zhou Hai, who was dealing with the aftermath at the back, with a troubled expression. Then, he said, "Sister-in-law, it's not that I'm unwilling, but I don't dare to tell Big Brother anything."

Lin Yin turned to look at Zhou Hai and met his gaze.

In the darkness, Zhou Hai had a smile on his lips, looking evil and bloodthirsty. He looked at Lin Yin and teased, "You're looking at me again, are you going to ask me for something again?"

Lin Yin rolled her eyes secretly. If not for the fact that her freedom was restricted by this human trafficker, she wouldn't have wanted to keep looking at Zhou Hai, okay?

Lin Yin tried her best to suppress her unhappiness and said, "Can you let go of me? Xiao Xue can't take it anymore. I'll carry her. Don't worry, I won't run."

Zhou Hai looked at the rope tied to Lin Yin's hand and said coldly, "What has it got to do with me whether she can withstand it or not? If she can't withstand it and dies, I'll throw her aside. It'll save me trouble!"

Lin Yin's eyes were already filled with anger, but her tone was lowered a little.

There was a fawning tone and even a hint of coquettishness.. She walked to

Zhou Hai's side and said softly, "Brother Zhou Hai, just agree to me!"

Chapter 408: Chocolate

Lin Yin was so disgusted by her tone that she almost vomited.

However, Lin Yin's coquettish voice made Zhou Hai feel comfortable.

Especially that soft voice, the slightly upturned ending sound made Zhou Hai's heart soften.

Zhou Hai coughed softly and said with a dark expression, "No, I don't trust you."

Just as Lin Yin's expression started to look unhappy, Zhou Hai pointed at a lackey and untied the rope on Yang Xue's hand. Then, he asked the lackey to carry Yang Xue.

Xiao Ming and his lackeys looked at Zhou Hai strangely. In the past, when they encountered such half-dead goods, they would throw them aside to wait for death in order to save time, just like the girl just now.

However, today, not only did Zhou Hai benevolently give the girl a pill to cure the snake poison, but he also asked his brother to carry a girl who did not know what was good for her. This surprised them.

Zhou Hai looked around and roared in embarrassment, "What are you looking at? Hurry up and carry her away!"

Everyone instantly moved.

Seeing that Yang Xue was being carried on her back, Lin Yin wanted to follow her, but Zhou Hai grabbed her in the next second. "You heartless girl. You act coquettishly and leave when you don't need anything. What do you take me

Lin Yin said frankly, "I treat you as my future boyfriend! Anyway, you're so powerful, right?"

Lin Yin shouted in her heart that she had sinned. In order to survive, she still had to tell this small lie.

Besides, everyone liked to hear good things about themselves.

As expected, in the next second, a proud expression appeared on Zhou Hail's face. He glanced at Lin Yin proudly and said, "At least you have good taste!" Lin Yin gave Zhou Hai a forced smile.

However, this did not affect Zhou Hai's happiness. He took out a few candies from his coat pocket and stuffed them into Lin Yin's palm. He said with a benevolent expression, "Since you're so sensible, I'll give you a few candies."

To be honest, Lin Yin was indeed a little hungry. She looked at the candy in her palm, then looked at Yang Xue, who was being carried on her back, and silently tightened her grip.

Zhou Hai instantly said angrily, "Why? You're not eating for your good sister?"

Lin Yin did not say anything. Zhou Hai took out another piece of chocolate from his pocket impatiently and opened the packaging. He could not help but stuff it into Lin Yin's mouth.

Facing Lin Yin's angry gaze, Zhou Hai pinched Lin Yin's face angrily and said fiercely, "I gave you food, but you're still glaring at me?"

Lin Yin's face hurt from Zhou Hai's pinch. Coupled with the fact that her mouth was filled with chocolate, she choked. Her face was red, and even tears flowed out of the corners of her eyes. Zhou Hai was so frightened that he was at a loss.

It was not that Zhou Hai had never seen girls cry. In the past, there were girls who begged him to let them go and cried miserably. He had never panicked at all.

But at that moment, he panicked when he saw Lin Yin's two tears. He quickly let go of Lin Yin's cheek and watched as she bent over and coughed non-stop. He was stunned at the side, not knowing what to do.

Tears streamed down Lin Yin's face. It took her a while to swallow the food in her mouth. Then, she looked up at Zhou Hai angrily with a pair of red eyes.

Zhou Hai thought that Lin Yin would say something, but she did not say tha standing there in a daze.

Xiao Ming looked at Zhou Hai, who was stunned on the spot, and ran over. He asked in confusion, "Big Brother, why are you standing here? You're so stupid!"

Zhou Hai raised his eyebrows dangerously. He picked up Xiao Ming's ear and said loudly, "Who are you calling stupid?! Do you want to die?"

Xiao Ming's ears were twisted by Zhou Hai as he walked away. He even shouted miserably, "Sister-in-law! Sister-in-law! Save me!"

Xiao Ming was in a good mood. It was his sister-in-law who had spoken up for that girl previously, so his brother had reluctantly taken out the medicine.

Wasn't it also Sister-in-law who opened her mouth just now and Big Brother reluctantly agreed?

Therefore, in Xiao Ming's eyes, the only person who could save him was Lin Yin, his new sister-in-law.

Lin Yin ignored Xiao Ming, who was shouting behind her, and followed the person carrying Yang Xue angrily..

Chapter 409: Mu Heng Arrives

Seeing that Lin Yin did not even look back, Zhou Hai cursed her for being heartless.

She would save a stranger, but she did not save Xiao Ming. Hmph!

Zhou Hai had just put down Xiao Ming in his hand when one of the two people who had been sweeping their tail suddenly went forward with an ugly expression and whispered to Zhou Hai, "Big Brother, someone is following us!"

Zhou Hai's expression turned serious. He coldly asked the team to speed up. After crossing the mountain, there was an empty space where many of their transportation vehicles were hidden.

As soon as Zhou Hai gave the order, the entire team became more serious. Lin Yin instantly sensed a different atmosphere. She wondered if someone was following them.

However, before she could continue guessing, Zhou Hai arrived beside Lin Yin and hurriedly urged the team to advance quickly.

Zhou Hai did not think that it was strange for him to stay by Lin Yin's side. After all, Lin Yin was the most good-looking person in this batch. If she was sold, the price would be the highest.

Besides, Lin Yin had promised to be his girlfriend.

Zhou Hai found an excuse for himself and quickly moved forward with his men.

Lin Yin's heart raced. She was guessing who was behind her. If it was the Mu family or the Lu family, there was no reason for her to bring Yang Xue along.

If she left Yang Xue behind, Yang Xue might be saved. Otherwise, what if Yang Xue followed her to the other country and she couldn't protect Yang Xue?

However, what Lin Yin was conflicted about now was that she could not confirm who was following behind. If she met Zhou Hail's enemies, Yang Xue, who had been left behind, would have escaped from the tiger's den and entered the wolf's den.

At this moment, a chaotic voice suddenly came from the front of the team. The team was forced to stop. Xiao Ming shouted from the front, "Boss, someone is coming towards us!"

Lin Yin leaned to the side and quickly looked down the mountain in front of her, but she only saw a little light in the darkness. In the end, before she could see clearly, Lin Yin was pulled back by Zhou Hai.

him. He said coldly, "If you make any sudden moves again, I'll kill you now."

Zhou Hai admitted that he was a little interested in Lin Yin, but at this moment, he would not allow his entire team to be killed by a restless Lin Yin.

Once Lin Yin endangered his and his brother's lives, he felt that he would deal with her without hesitation.

Lin Yin glanced at Zhou Hails black expression and quietened down.

Although she had just been pulled back by Zhou Hai, Lin Yin felt that she seemed to have seen the glowing word "Mu" just now.

Therefore, when Zhou Hai pulled them along to change course from the side, Lin Yin couldn't help but quickly look in the direction she had just taken.

After confirming that it was very likely that she was from the Mu Family, Lin Yin's gaze landed on Yang Xue, who was being carried in front of her. She wanted to take a gamble!

Almost unconsciously, Lin Yin took a step closer to Yang Xue.

It was only when Lin Yin had already walked to Yang Xue's side that Lin Yin panted and ran with Zhou Hai and the others. She said to Yang Xue, "Xiao Xue, believe me, you'll be fine!"

Everyone thought that Lin Yin was just comforting the seriously injured Yang Xue and did not take it to heart.

However, in the next second, Lin Yin took advantage of the fact that no one was paying attention and staggered into Yang Xue, knocking her down the slope.

Fortunately, the slope was not long. Yang Xue was dizzy from the fall. Then, she sat up and watched in a daze as Zhou Hai pulled Lin Yin away. Then, she crawled up anxiously.

Yang Xue did not have much strength, and her limbs were limp, but her voice was not soft at this moment. She shouted at the top of her lungs, "Zhou Hai, you bastard, put Lin Yin down! You bastard!"

This was the first time Lin Yin had heard Yang Xue curse so loudly. After being surprised, she was roughly pulled back by Zhou Hai.

Lin Yin said unhappily, "My classmate is still behind!"

Zhou Hai looked at Lin Yin coldly. "Lin Yin, don't treat me like a fool. You were the one who deliberately knocked your classmate down. You saw the person who blocked our path just now, right? You know her, right? You did it. You saved your classmate, but your life is still in my hands. You'd better behave yourself.. Otherwise, if anything happens to me, I'll drag you down with me!"

Chapter 410: helicopter

Lin Yin turned around and prayed that Mu Heng would definitely find Yang Xue. Then, Zhou Hai pulled her along with the girls who were chased away and ran forward.

When Mu Heng climbed up, he heard Yang Xue's cursing voice. "Zhou Hai, you hooligan, beast. Return Yinyin to me. Otherwise, I won't let you off even if I become a ghost."

Mu Heng followed the sound. When the flashlight shone down, he saw Yang Xue, who was trying her best to climb up the slope.

When Yang Xue saw Mu Heng sticking his head out, she said in surprise, “Mr. Mu? Mr. Mu, quickly save Yinyin. That Zhou Hai wants to bring Yinyin back to their country to be his woman. They... they should have run in the direction opposite me.”

At this moment, other than her limbs being weak, Yang Xue’s expression was filled with excitement. She couldn’t wait for Mu Heng to catch that damned human trafficker and cut him into pieces.

When Mu Heng heard Yang Xue’s words, his expression suddenly darkened. Then, he left two people to pull Yang Xue up and chased after her with the others.

After Yang Xue was saved, she seemed to have suddenly lost all her energy and fainted.

The two people who were about to bring Yang Xue back turned around and bumped into Lu Ming and the others who were rushing over. Lu Ming stuffed the communicator in his hand to the two of them and chased after them.

Zhou Haili’s face was still dark when he heard the voice from behind, but he was already a little nervous.

He did not expect that he would be chased like a dog one day after running rampant for so long. He had really lost all his face.

The girls who had been abducted began to pant from exhaustion one after another. They could not keep up at all.

Zhou Ming looked coldly at the women who were holding him back. He was so angry that he took out the gun in his arms and fired at the woman at the back. The woman fell to the ground. It was unknown if she was dead, but she stopped moving.

This stunned everyone present.

Zhou Hai was fierce as he said with a ferocious glint in his eyes, “Whoever drags us down and can’t keep up will die.”

The girls were so frightened that they were trembling in fear. All of them ran with the people in front of them.

Zhou Hai grabbed Lin Yin. The fierce expression on his face had yet to be retracted. He stared at Lin Yin and threatened, "If you can't run and drag us down, you'll end up the same way!"

With that, Zhou Hai did not wait for Lin Yin to react. He pulled the rope in Lin Yin's hand forcefully and dragged her forward.

Lin Yin stabilized her emotions. As she ran with Zhou Hai, she calmly observed her surroundings, looking for a chance to escape.

However, Zhou Hai was really watching her closely. Lin Yin actually didn't have a chance to escape at all. This made Lin Yin feel a little anxious, because from what these people said, they were about to reach their territory.

Once she was brought to their country, her chances of returning to her country would be very slim.

Also, she was indignant that she had not seen the Su Family collapse with her own eyes.

Although she had made some arrangements before she came here, if Su Fei relied on Lu Zheng's power to avoid her schemes, wouldn't the Su Family continue to be carefree?

Lin Yin's indignant expression was obvious, making Zhou Hai a little unhappy. "Why? Are you unhappy that you have to leave with me?"

Lin Yin didn't say anything. Now that Yang Xue wasn't here, she wouldn't be hypocritical to Zhou Hai.

Seeing that Lin Yin ignored him, Zhou Hai's expression turned even uglier. He gritted his teeth in anger, but other than pulling Lin Yin away, he had no other choice.

Lin Yin and the girls were quickly brought to a large open space. Lin Yin was still surprised that there was such a large open space in this ravine. Moreover, it looked like it had been man-made.

Bypassing a large rock in front of her, Lin Yin was even more surprised. There were actually two cargo helicopters hidden behind it.

Those people loaded the girls into the cargo hold as if they were loading goods.

At this moment, Mu Heng's men arrived. Almost instantly, both sides picked up their guns and confronted each other.

Mu Heng heaved a sigh of relief when he saw that Lin Yin's wrist was tied but she was not injured.

Recalling what Yang Xue had just said, the person who kidnapped Lin Yin was called Zhou Hai. He guessed that this Zhou Hai should be the second-in-command of the largest civilian armed organization in their country, Zhou Hai..
