

Real Daughter 451

Chapter 451: Retribution

“You failed to set up Lin Yin and ended up being set up by Lin Yin. Su Zhen, stop quibbling. You’re a beast with no bottom line! Your son is also a beast like you! You deserve to die! You should go to hell!” Su Fei finally roared out the pain that had been suppressed in her heart recently.

Chu Yun’s eyes were red as she picked up the stick thrown by the debt collector and smacked it at Su Zhen.

Su Zhen, who had a broken leg, could not dodge in time. His head was split open by Chu Yun, and blood flowed non-stop.

Seeing that Su Zhen was about to die, Su Fei pulled her mother back and said, “There are people who want to deal with him. He can’t die in our hands!” Chu Yun stopped what she was doing when Su Fei pulled her.

Su Fei looked coldly at Su Zhen, who was like a dead dog, and said, “It’s better to not continue staying in such an unlucky place. Mom, pack up and let’s go!” Before Chu Yun left, she even kicked Su Zhen hard.

Su Zhen looked at the two of them leave and spat out a mouthful of blood. He pointed at the two of them and scolded, “You will suffer retribution!”

Su Fei only smiled and did not even turn around. She sneered. “Su Zhen, what’s happening to you now is retribution!”

Su Zhen watched as Su Fei and Chu Yun walked further and further away. He was already unconscious.

When Shen Yu brought his men over, he was a little surprised. Why was Su Zhen already in such a miserable state before he could do anything?

Shen Yu called Lu Ming and asked, “Boss, Su Zhen has already been dealt with. Do you think we should still kick him when he’s down?”

Lu Ming looked up at Lin Yin, who was holding a plate of cut fruit and eating happily. He smiled and said, “Then take a look at how many kicks you need to make. ”

After hanging up on Shen Yu, Lu Ming sat beside Lin Yin and snatched the piece of fruit that Lin Yin was about to eat before personally feeding it to her. Lin Yin frowned and snatched the fruit fork. “I have hands. I’ll eat it myself.”

Lu Ming said dotingly, “Yes, our Xiao Yinyin is amazing.

Lin Yin looked at Lu Ming suspiciously. She suspected that Lu Ming was not talking about her eating fruits, but about something else.

Of course, Lu Ming was indeed talking about something else.

Initially, Lu Ming wanted to punish Su Zhen, but he did not expect that someone had already come to deal with him.

Without thinking, Lu Ming could guess that the person behind the scenes was definitely related to Lin Yin.

Lu Ming sighed slightly. His young lady was so powerful. What should he do?

He could not protect her, what if the young lady did not like him?

Lu Ming thought for a moment. Perhaps he could work on cooking. The young lady’s culinary skills were not good.

Lin Yin looked at Lu Ming strangely. Seeing him nod, shake his head, cry, and smile strangely, Lin Yin thought to herself that Lu Ming was getting stranger and stranger.

In the past, he was the cold President. Now, Lu Ming was like a big clingy dog. He still looked a little crazy.

Fortunately, this big dog's culinary skills were not bad. His advantages were obvious.

On the other hand, Shen Yu received Lu Ming's instructions and began to think about how to deal with Su Zhen, who had clearly fainted.

In the end, Shen Yu still sent Su Zhen to the hospital for treatment. In his opinion, living a life worse than death was the greatest punishment.

Su Zhen was hospitalized, Su Lin was imprisoned, and Chu Yun and her daughter left the Su Family. The Su Family was completely finished.

Su Fei and Chu Yun lived in the villa that Lu Zheng had given her previously. During this period of time, Su Fei felt that she had to keep a low profile.

Firstly, it was because the Su Family was now in debt. In order to prevent those debt collectors from pushing the debt on her, she could only hide.

Another reason was that Lu Zheng's current situation was not very good, so Su Fei did not dare to come out and show off at such a critical juncture.

Because Lin Yin and Lu Ming accidentally destroyed a human trafficking den on their date, they were exposed by the media.

Far away in Country D, Zhou Hai looked at the photo in his hand with a meaningful gaze and a cold smile. His ruthless thin lips curled up slightly as he said, "It seems like my future girlfriend is fated with me."

Xiao Ming looked at the photo in Zhou Hai's hand and said with a worried expression, "Brother, Sister-in-law destroyed our den. What do you think we should do?"

Zhou Hai put down the photo in his hand and said indifferently, "If your sister-in-law wants it, give it to her. We don't lack such a small den. As long as she's happy.."

Chapter 452: Practice

Xiao Ming said without any foresight, "But Sister-in-law made a cuckold of you. She went on a date with someone else and even destroyed your nest. Brother, do you think they're deliberately provoking us? Oh, no, they're provoking you."

Zhou Hai was speechless. This Xiao Ming really didn't know how to read social cues at all. Didn't he see that he was in a bad mood?

Not only did he not bring the goods back from this trip, but he was also driven back by someone. He had already lost all his face among his brothers.

In the end, his girlfriend even brought someone to destroy his small den and it was with her lover too.

Zhou Hai felt that he was already miserable enough. He wanted to hide this, but Xiao Ming still pointed it out from the side. What face did he have left!

"You talk too much! Get lost!" Zhou Hai rolled his eyes at Xiao Ming.

Xiao Ming touched his head and wondered how he had provoked this unpredictable person again.

"By the way, Big Brother, Master Zhou just sent someone over to ask you to go over. He said that something happened," Xiao Ming said as he smoked.

“Why didn’t you say so earlier? What’s the use of having you?” Zhou Hai said angrily.

If they had not grown up together and if Xiao Ming’s father had not died to save his father back then, he would have sold this guy who was always incompetent.

Zhou Hai shook his head speechlessly and walked towards the door.

Just as he reached the door, he heard Xiao Ming answer slowly from behind, forgot just now!”

Zhou Hai closed his eyes and sighed. Forget it, he should keep him.

No one would want them even if they sold him. Those who were stupid would not be able to be scammers. Even the organs on their bodies would probably be despised by the buyers for being stupid.

After walking past his father, Zhou Hai stood at the door and smiled. Then, he muttered, “Looks like you’re fated with my future girlfriend! Interesting.” “Big Brother, what are you muttering about alone?” Xiao Ming asked from not far away.

Zhou Hai raised his head and smiled. “Let’s go and bring your sister-in-law back.”

Zhou Hai had no feelings for Lin Yin, but he could not take this lying down.

In his opinion, Lin Yin was already his prey. He should be able to play with her. Even if he didn’t want her anymore, it wouldn’t be anyone else’s turn. It was only worth it if he sold her!

Not only did Lin Yin, this prey, escape from him, but she also followed a wild man to take his nest. This inevitably embarrassed him.

Especially this time. This was the first time in his life that he had failed to deliver the goods, so he had to get back the face he had lost from Lin Yin.

At this moment, Lin Yin, who did not know that she had been targeted, was at Yang Xue's farewell banquet with a hint of sadness.

Yang Xue enrolled in a foreign university. As she was afraid that she would be unfamiliar with a foreign country, Yang Xue's mother decided to go there early for the both of them to enjoy some time overseas and to familiarize herself with the environment.

Yang Xue held Lin Yin's hand and said reluctantly, "Yinyin, I don't know when I'll see you again after we part."

Lin Yin patted Yang Xue's head in amusement and smiled. "Idiot, your house is still here. You have to come back for the new year, right? You have to come back for the winter break too, right? In just half a year, we can meet again."

Yang Xue nodded with red eyes.

In just a year, Yang Xue had already developed a sense of reliance on Lin Yin.

In Yang Xue's heart, she felt a strong sense of security as long as Lin Yin was by her side.

If possible, she really hoped that she could continue to go to school with Lin Yin and stay by her side.

However, through this kidnapping and the fact that Su Fei had targeted her previously, Yang Xue also knew that she could not be so soft and easy to bully.

She knew very well that she had also suffered an undeserved calamity. After all, Su Fei wanted to deal with Lu Yan, and those people wanted to kidnap Lin Yin.

But what should she do? She really liked being with Lin Yin and Lu Yan.

However, people without strength would only implicate their good sisters and they would get injured for her.

For example, Su Fei did not dare to bully Lu Yan, but Su Fei knew how to use her to make Lu Yan compromise, causing Lu Yan to be beaten up by the volleyball and sent to the hospital.

For example, those people knew that they couldn't do anything to Lin Yin, so they kidnapped her to deal with her.

Therefore, if she did not mature, she would always be the target of attack and the weakness of that sister group..

Chapter 453: Changes in the World

Yang Xue lowered her head and held Lin Yin's hand. Her reluctant expression was transmitted through her slender fingertips, making Lin Yin a little moved.

Lu Yan, who was at the side, broke the sad atmosphere with a smile. She smiled heartlessly and said, "Look at the two of you. It's not like we're separated by life and death. Really, it makes me want to cry. Stop it. Today, we're here to celebrate the fact that Xiao Xue is about to set sail for the future. Don't cry. What's wrong with that? Those who don't know might think that our Xiao Xue has failed."

Lin Yin smiled gently and held Yang Xue's hand. She nodded and said, "Ah Yan is right. Let's not think about these unhappy things today. We naturally have to be happy on a good day."

The corners of Yang Xue's lips curled up as well. She smiled and said, "Yes, yes, I'm happy."

The sisters quickly hid their parting emotions in their hearts and tried to blend into the joyous atmosphere of the banquet.

Ji Yun, who had been invited over as a classmate, watched the scene in front of him silently.

Originally, she also had a three-person sister group, but now, they were nothing.

Shi Dai, that silly girl, had been comforting Su Fei all day because of the Su Family's bankruptcy again. She was the one who ended up alone.

The word 'change' flashed across Ji Yun's mind.

Not long ago, Su Fei was still the eldest daughter of the Su Family. The three of them were all reputable eldest daughters in school and had endless glory.

But now, the Su Family had fallen drastically. Su Fei had gone from the high and mighty eldest daughter of the Su Family to a despicable social butterfly.

Shi Dai's results were not good, so she entered an ordinary school.

The Shi Family's business was declining and they were no longer as glorious as before. She did not believe that Lin Yin was not involved. Back then, the Shi

Family had wanted to force Lin Yin to apologize to Shi Dai.

Fortunately, their Ji Family was sensible and protected themselves. They were still alright now.

As for Lin Yin and the other two in front of her, in the beginning, one of them was Lin Yin, who came from the slums and was not loved by her family, one was the delinquent girl, Lu Yan, and the other was Yang Xue, a single parent with a lowly status.

But now, Lin Yin was a new tycoon of the new city's technology company and had the Sheng Corporation in her hands.

Lu Yan was no longer that delinquent girl. She got into a good university.

Even the poor Yang Xue had become a shareholder of Shisheng Corporation.

Although she was just a small shareholder, once the Shisheng Corporation continued to develop according to its current situation and with the support of the Lu and Mu Corporation, Yang Xue would rise to the top in a single step in the future.

A shareholder of a large corporation was even more glorious than a small company like theirs.

If it was the previous Yang Xue, how could she have the strength to hold such a luxurious farewell banquet? How could she have the strength to study at the world's top medical university?

Based on Yang Xue's previous family background, it was impossible for her to afford the expensive gown she was wearing now.

All of this only took a year.

Ji Yun took a sip of red wine and smiled self-deprecatingly. As expected, life was unpredictable. If she had known that Lin Yin had such ability back then, she wouldn't have followed Su Fei to bully Lin Yin.

If time could be reversed, she would resolutely stand in front of Lin Yin and fight for a rich future for herself and the Ji Family when Lin Yin was schemed against by Su Fei.

However, these were just thoughts.

However, when she thought about how that big fool Shi Dai was still by Su Fei's side, Ji Yun felt a headache.

The Su Corporation went bankrupt again. Shi Dai was afraid that Su Fei would be bullied by debt collectors alone, so she brought her bodyguards to protect Su Fei. She had basically stayed at Su Fei's house for the past few days.

Ji Yun sighed. In the end, she could only persuade herself that it was difficult to persuade a ghost who wanted to die.

Ji Yun, who had drunk a little too much, was about to go to the washroom when she suddenly heard Lin Yin and Mu Heng talking around the corner.

Ji Yun subconsciously hid by the wall. Just as she was about to turn around and leave, she heard the man's words and stopped curiously.

"Yinyin, we really hope you can come home with me. Dad is looking forward to it. I think if Mom finds out, she'll be looking forward to it too," Mu Heng said softly as he looked at Lin Yin eagerly.

Ji Yun, who was hiding at the side, widened her eyes slightly. Mu Heng was the heir of the Mu Corporation and did not rely on the Mu Corporation to own the largest investment company in the country. He could be said to be an unreachable figure in the clouds.

However, the noble man, who was usually only seen in finance news, was now humbly telling Lin Yin that he wanted her to go home with him..

Chapter 454: Ji Yun Eavesdropping

Ji Yun instantly recalled the recent gossip. Could it be that Lin Yin was really entangled with the Mu brothers?

Looking at Mu Heng's attitude now, Lin Yin was really pregnant with Mu Heng's child, so the elders of the Mu family wanted Mu Heng to bring Lin Yin back to the Mu family to get married?

Because of the child?

But if Lin Yin's pregnancy was true, was the entanglement between Lin Yin and the Mu brothers also true?

Then, would the elders of the Mu Family agree?

Ji Yun was shocked by her thoughts. She pricked up her ears and leaned against the wall to listen.

At this moment, Lin Yin's slightly cold voice sounded. "President Mu, I've already made it very clear previously. If you continue to pester me like this, don't blame me for being rude. Even if I'm like an egg fighting against a rock, I'll protect my freedom."

Mu Xiao, who had rushed over, frowned at Lin Yin with a slightly breathless voice. "Yinyin, we know that you haven't been doing well all these years and we're very sorry. But just take it that Second Brother is begging you. Can you find a time to go home and see Mother? She's been getting worse and worse recently, and her illness is acting up more and more frequently. Just treat it as saving a mother who's gone crazy from missing her daughter, okay?"

Lin Yin's cold expression changed slightly. She thought of the woman Mu Xiao had mentioned who had gone crazy and lost her mind for more than ten years after losing her daughter.

Ji Yun, who was hiding at the side, was already stunned by this explosive news.

Just now, Mu Xiao said that he was Lin Yin's second brother? He even

mentioned their mother?

So, could Lin Yin be a child of the Mu family?

Impossible. All these years, she had never heard that the Mu family had a daughter, right?

What was going on?

Mu Heng's voice came from the other end. "Yinyin, after you were carried away and went missing after falling into the water, Mother had always blamed herself. She really missed you. When she thought about how sometimes her illness acted up, she only remembered that she only had one daughter and didn't even know us anymore. She even knew very well that Mu Ning wasn't her daughter. Mother had been waiting for you."

As Mu Heng spoke, his eyes were filled with pleading.

He was betting that Lin Yin was stubborn but soft-hearted. He knew that it was a little dishonorable to use his mother to bring Lin Yin back, but this was the only way they could think of now.

Only by letting Lin Yin return to the Mu family would they have a chance to make it up to Lin Yin. Only then could they prove that they had not forgotten her all these years, nor had they casually found someone to replace her. Only then could they give Lin Yin a sense of security and let her know that in their hearts, she was their family. No one else could. It could only be her.

At this moment, Ji Yun was already stunned on the spot.

She had thought of all possibilities, but she had never expected that Lin Yin was really a child of the Mu family.

At this moment, Ji Yun was very glad that she had only bullied Lin Yin on the surface and had not done anything very overboard.

With Mu Heng and Mu Xiao's current attitude towards Lin Yin, if they knew that she had helped Su Fei bully Lin Yin before, their Ji Family would probably be in trouble.

Ji Yun swallowed and carefully leaned against the wall, not daring to make a sound as she listened quietly.

Lin Yin recalled the blurry figure she had seen in the photo before, and her expression was conflicted and conflicted.

In her previous life, she had tried her best to please Chu Yun because she wanted to obtain a trace of motherly love from her. However, she was disappointed.

Now that her biological mother had appeared, she did not know if she still had the courage to accept another disappointment.

Was she also afraid of facing the fact that her mother was already deeply in love with that adopted daughter called Mu Ning?

Seeing that Lin Yin's expression had softened, Mu Xiao sighed and said, "Yinyin, don't feel burdened. As long as you don't agree, we won't tell Mother your true identity. Go and see Mother. As for whether you want to return to the Mu family or not, Brother and I won't interfere with your choices and decisions."

Mu Xiao thought that if even his mother couldn't change Lin Yin's mind, they might really not be able to bring Lin Yin home.

Lin Yin pondered for a moment. In the end, she was affected by her desire for family that even she did not realize. She nodded and agreed. "Okay, I'll go with you."

As soon as Lin Yin finished speaking, Mu Heng and Mu Xiao heaved a sigh of relief.

At the corner, Ji Yun waited for Mu Heng and Lin Yin to leave before heaving a sigh of relief and preparing to leave. In the end, when she turned around, she saw that there was actually someone standing beside her, scaring Ji Yun out of her wits..

Chapter 455: Mu Ran Is Anxious

Ji Yun knew the person in front of her. This was Mu Ran's manager, Wei Chen.

At this moment, Wei Chen and Ji Yun had the same expression. He was just curious and came over to listen. He did not expect to hear a big secret.

That beautiful young lady, the young lady that Mu Ran took to heart, was actually a child of the Mu Family and Mu Ran's biological sister.

Thinking of how much Mu Ran liked Lin Yin, Wei Chen was instantly a little frightened. According to his understanding, Mu Ran probably didn't know that Lin Yin was his biological sister.

Therefore, if Mu Ran had romantic feelings for her biological sister, it would be terrible. It would definitely be a huge scandal.

Wei Chen's gaze landed on Ji Yun, and his shocked expression instantly turned cold. He warned Ji Yun, "You'd better not spread this matter, or you'll have to bear the consequences."

Ji Yun nodded subconsciously.

Wei Chen turned to leave. Then, when he realized that he did not know the girl who was eavesdropping with him, he turned to Ji Yun and said, "Add me as a friend. If I find out that anyone knows about this, it will definitely be you."

Before confirming this with Mu Ran, Wei Chen would not let this matter spread first.

If others knew that Mu Ran had once liked Lin Yin and someone found out that Lin Yin was Mu Ran's biological sister, it would be very troublesome to deal with such a matter that concerned ethics.

Ji Yun complained in her heart. She did not expect to encounter such bad luck just by eavesdropping.

Ji Yun had no choice but to add Wei Chen as a friend.

After Wei Chen left, he hurriedly drove back to look for Mu Ran.

He didn't even dare to say this over the phone, afraid that someone would hear him.

When Wei Chen arrived at the set, Mu Ran was still memorizing her lines seriously. Seeing the anxious Wei Chen, Mu Ran smiled and said, "Wei Chen? Why are you here today?"

Usually, Wei Chen, this manager, was still very busy. He typically worked out schedules for Mu Ran, so he rarely came to the production team.

Especially since Wei Chen was in such a hurry and was sweating profusely from running, Mu Ran was a little surprised.

Wei Chen looked at the people beside him and said, "You guys go out for a while. I have something to discuss with Mu Ran."

In the end, Wei Chen even chased Mu Ran's assistant, Zhao Nan, out.

Seeing Wei Chen's cautious expression, Mu Ran's expression became a little nervous. However, Mu Ran still had a sloppy smile on his face as he asked, "Wei Chen, why are you so nervous? Did I have a scandal? That shouldn't be the case.

No one will create rumors about me."

Mu Ran was confident. Firstly, he was strong enough. Secondly, he had always kept his nose clean. Even if someone came to find a scandal, he was confident that he would not be able to find it.

Wei Chen didn't know what to say. He was still thinking about what to say, but what came out of his mouth was, "Your eldest brother and second brother are bringing Lin Yin back to the Mu family. They said that Lin Yin is... Hey, hey, hey, I'm not done talking about where you're going. Come back! Mu Ran!"

At this moment, how could Mu Ran listen? His mind was filled with thoughts of Mu Heng and Mu Xiao bringing Lin Yin back to the Mu family. He was so nervous that he thought that Mu Heng and Mu Xiao would bring Lin Yin back to the Mu family now.

In his mind, the Mu Family was the Mu Family's old residence. Thinking of the people living in the old residence, Mu Ran's heart was in his throat.

It wasn't that he hadn't heard of the recent rumors, but he felt that rumors won't work on smart people. He firmly didn't believe that Lin Yin and his two brothers would do anything bad.

He trusted the characters of these three people, so when the news spread, Mu Ran only smiled lightly and used some methods to stop the rumors.

But today, Mu Heng and Mu Xiao actually brought Lin Yin to the old residence.

What did that mean?

Perhaps her grandparents already knew about this and were prepared to use Lin Yin to stop the rumors?

Even if that was not the case, he did not want Lin Yin to go to the Mu Family's old residence.

His own thoughts were very simple. He did not want Lin Yin to come into contact with the people in the old residence, especially Mu Ning, who looked sweet and cute but was actually full of bad intentions.

As Mu Ran drove, he called Mu Heng.

There were a few beeps on the other end of the line. It was only a few short beeps, but Mu Ran felt anxious and uneasy. He secretly scolded Mu Heng for being so slow to pick up the call..

Chapter 456: Found His Sister

Finally, the call connected. Mu Ran questioned loudly and anxiously, “Big Brother, why did you and Second Brother bring Yinyin to the Mu family? What do you want? Let me tell you, if you dare to do anything to harm Yinyin or hand Lin Yin over to Grandma and the others, I won’t let you off!”

Mu Xiao, who was at the side, heard his brother’s almost roaring voice and smiled. “Who told you that we brought Yinyin to the old residence?”

Mu Ran snorted and said, “Don’t try to fool me. Let me tell you, I’m not stupid.

You’d better stop bringing Yinyin to the old residence now, or I’ll...”

Mu Ran was furious as she sped along the road. Her mind was also spinning quickly. It took him a while to think of how he could take revenge on Mu Heng and Mu Xiao. “I’ll smash Mu Heng’s investment company! Then I’ll smash Mu Xiao’s laboratory!”

Mu Heng smiled helplessly and shook his head. Then, he said, “Don’t worry, we won’t bring Yinyin to the old residence. We’re just bringing our biological sister home to see our mother.”

Mu Ran was stunned and asked in confusion, “What biological sister?”

Although Mu Ran still did not understand, when he heard Mu Heng say that he would not bring Lin Yin to the old residence, Mu Ran slowed down.

“It’s the sister we lost previously. We’ve found her. We’ll bring her back to see Mom tomorrow. Do you want to come back with us? Let’s get together?” Mu Heng asked.

Mu Ran braked and confirmed with a look of disbelief, “What did you say? Who did you say you found?”

Mu Heng said patiently, “I say, we’ve found Tiantian. We’re going to bring Tiantian home tomorrow. We’re going to reunite as a family.”

When Mu Heng said this, he felt inexplicably sad.

In the more than ten years that his sister had been missing, their family had never been reunited. Even during festive seasons, it was cold.

Especially on the day of their reunion, their mother's illness became worse and worse, causing them to not have a peaceful and complete New Year for so many years. This had to be said to be a pity.

Now that his sister was back and they were reunited, Mu Heng felt a sense of

joy.

However, such joy did not reach Mu Ran.

Mu Ran had mixed feelings about this sister who was four years younger than him and had been said to be dead by Grandma since she was young.

His memories of his sister were not as clear as Mu Heng and Mu Xiao's. After all, he was only five years old at that time.

He only remembered that he liked that sister very much at that time. However, later on, when his sister disappeared, his mother went crazy. His mother called for Tiantian but her hands were strangling his tender neck.

From then on, Mu Ran subconsciously did not want to think of his sister, because whenever he thought of his sister, he would remember his mother pinching him hard. This was a lingering shadow for the young him at that time.

Later, when Mu Ning came, Grandma said that she was his sister.

However, Mu Ran knew very well that Mu Ning was not his sister. Even if he did not remember what his sister looked like, he vaguely remembered that his sister smelled nice and soft. She had a pair of beautiful big eyes on her fair face.

However, Mu Ning did not have any of those. She looked extremely thin and her eyes were not good.

Especially as Mu Ning slowly grew up, Mu Ran had suffered a lot from her, so he kept a respectful distance from his sister.

After so many years, the only person who could arouse his desire to be a brother was Yinyin.

For some reason, he felt that Yinyin was very friendly. It made him feel like he wanted to be an older brother and pamper and protect his younger sister, Yinyin.

Now, his biological sister, who had been missing for more than ten years, suddenly appeared. Mu Ran actually felt helpless and wanted to escape.

“You guys can reunite by yourselves. I’m not going. Tomorrow...” Mu Ran was a

little depressed. He paused in the middle of his sentence and continued, “I’m going to see Yinyin tomorrow, so I won’t go to Mom and Dad’s place.”

Mu Heng and Mu Xiao looked at each other and said, “Can’t you tell who our sister is?”

They remembered that Ye Wen almost strangled Mu Ran to death because she lost her daughter back then.

Now, they could guess how Mu Ran was feeling.

Their mother had gone crazy and almost strangled Mu Ran to death because their sister was lost. For a young child, this was an uncrossable hurdle..

Chapter 457: Vixen

Even though Mu Ran had indeed let go a lot over the years, it was inevitable that he would have some emotions in his heart.

Mu Ran was only immersed in his emotions and did not listen to Mu Heng's words seriously. He hung up the call without much interest.

Mu Heng glanced at Mu Xiao and said, "This silly kid can't tell."

Mu Xiao smiled helplessly and said, "You have to tell him directly. Otherwise, he won't be able to think of it."

"It's fine. He'll know tomorrow." Mu Heng put away his cell phone and said, "Shall we go back together?"

Mu Xiao nodded. The two of them did not understand Mu Ran's feelings at all. Mu Ran sat in the driver's seat with a frown and mixed emotions. His mind was filled with how his mother had almost strangled him to death for his lost sister. He did not know how to face his sister.

Although he knew that his sister was innocent, he was conflicted when he thought about facing a sister who might be the same as Mu Ning.

Mu Ran thought so much that he had a headache and Lin Yin's figure inadvertently appeared in his mind.

In an instant, a ridiculous thought flashed across his mind. How good would it be if Yinyin was his sister? That way, he would not be conflicted.

Lin Yin was much more likable than a foreign sister like Mu Ning. She was also good-looking, just like his sister in his blurry memory. She was beautiful, soft, and cute.

Mu Ran sighed heavily and returned to the production team obediently. Wei Chen, who had just rushed over to look for him, had already left.

In order to ease his complicated emotions, Mu Ran threw himself into acting.

In the Mu Family's old residence, Old Master Mu asked about the progress of the investigation on Mu Cheng.

At this moment, Mu Cheng, who already knew Lin Yin's identity, no longer had the mood to investigate her past. His mind was filled with thoughts of meeting his daughter tomorrow.

Therefore, in the face of her father's question, she only said vaguely, "I'm already investigating. I'll get Boss to bring that young lady back tomorrow. I'll talk to her myself."

When Mu Ning heard that Mu Cheng wanted to bring Lin Yin back, she frowned slightly. It was only when Old Master Mu and Mu Cheng ended the call that Mu Ning relaxed and asked with a smile, "Grandpa, Dad said that he wants to see that girl personally. Could it be that he wants to see that girl and let her enter our Mu family?"

When Old Madam Mu heard this, she quickly said, "Ridiculous! Is our Mu family a place where a girl from a small family can come in casually? No, I want to see this little vixen personally. What does she look like?"

When Old Master Mu heard his wife's vulgar words, his expression immediately turned ugly. He sounded a little like he was reprimanding her. "Watch your status. How can you say that word with your status?"

The Mu family was one of the eight major families in the city. As an elder of the Mu family, it was really indecent to say such dirty words.

Old Madam Mu immediately shut up after being scolded by Old Master Mu, but there was some resentment in her heart. If it weren't for Lin Yin, who had the intention to seduce the descendants of her family, she wouldn't have been scolded by her husband at such an old age.

Fortunately, there were no outsiders now. There was only Mu Ning, whom she doted on and protected. Otherwise, as the elder of the Mu family and the mistress of the Mu family, where would she put her face?

After Old Master Mu left, Mu Ning said softly to Old Madam Mu, "Grandma, are we just going to ignore it? I know it's hard to say about relationships, but Big Brother and the others are so outstanding. I keep feeling that only the most outstanding women in the world are worthy of them. I just feel very worried. I don't know why?"

Old Madam Mu snorted. "It's impossible not to care! Our Mu family can't let a lowly thing pollute us and dirty our bloodline, making us a joke in the capital!"

"Grandma is still the most awake." Mu Ning sighed, then continued with a worried expression, "But that girl is going to see Dad tomorrow. What if Dad acknowledges her?"

"No, I'll meet him myself tomorrow!" Old Madam Mu said sternly.

Lin Yin? She wanted to meet this vixen, who had actually charmed her three grandsons.

"Then Ah Ning will go with Grandma. Although that girl looks like a good girl, Grandma, you were right before. You can't judge a book by its cover. I'm afraid that if she finds out that Grandma is stopping her from entering, she'll fly into a rage out of humiliation and harm Grandma," Mu Ning said worriedly..

Chapter 458: Mu Ning's Origin

Old Madam Mu held Mu Ning's hand and said with relief, "Ah Ning, you know how to appreciate Grandma's painstaking efforts. It's really Grandma's blessing to have you as my sweetheart."

Mu Ning quickly held Old Madam Mu's hand and said reproachfully, "Grandma, what nonsense are you talking about? It's Ah Ning's blessing to meet Grandma and be brought up by Grandma. Otherwise, Ah Ning might have been bullied to death in the orphanage long ago."

Old Madam Mu smiled and looked at her grateful granddaughter who she brought up personally. The love in her heart was overflowing on her face.

Back then, Mu Tian was carried into the sea by a babysitter and died. Her corpse could not be found. Later on, the entire Mu family was in chaos.

Ye Wen was crazy. Mu Cheng accompanied his crazy wife every day, and the Mu family's business was also in trouble. At that time, she felt that this matter was not ordinary.

Why would a babysitter jump into the sea with a month-old baby?

Therefore, she felt that there was something unlucky and dirty at home, so she went to the temple overnight to find an eminent monk to crack it.

After forty-nine days of pious prayer, the master finally gave them a way to resolve it. Finding a child who complimented the luck of the Mu family would not only resolve the current chaotic situation of the Mu family, but also allow the Mu family to advance to a higher level.

Old Madam Mu agreed deeply. It was very easy for a family like the Mu family to raise a child.

Moreover, Ye Wen was crazy because she had lost her daughter. If she gave Ye Wen a new child, Ye Wen might recover from her illness.

Hence, according to the guidance of the eminent monk, Old Madam Mu found Mu Ning in the orphanage who had been sent to the orphanage not long after she was born. Then, she made the decision to adopt her for Mu Cheng and Ye Wen.

However, Old Madam Mu did not expect that Ye Wen, who had gone crazy, could still recognize that Mu Ning was not her biological daughter.

When Ye Wen saw that Mu Ning was still a baby, she became even crazier and almost strangled Mu Ning to death.

However, Mu Ning was a child given to the Mu family by an eminent monk to increase their luck and ward off evil spirits. Naturally, Old Madam Mu could not send her back.

Therefore, all these years, Mu Ning had been raised by Old Madam Mu. She was even closer to Old Madam Mu than her biological grandchildren.

Old Madam Mu patted Mu Ning's head lovingly and smiled. "Our Ah Ning was born with good fortune, so Grandma was happy to see you, so I brought you home."

They held hands and smiled harmoniously.

Not only was Mu Ran affected by the revelation of Lin Yin's identity, but Ji Yun also nervously found Shi Dai.

She knew very well that with Shi Dai's personality, she would definitely foolishly follow Su Fei to go against Lin Yin.

But now, Lin Yin was the daughter of the Mu family who had been wandering outside.

In the past, Lin Yin did not have an identity and only had the Shisheng Corporation. That was fine.

Even if the Mu family looked at Lin Yin differently, she was not a member of the Mu family, so Ji Yun did not think that the Mu family would protect her so hard.

However, it was different now that Lin Yin was a member of the Mu family. If she really provoked the Mu family, the Shi family would probably be finished.

Shi Dai looked at Ji Yun, whose expression changed quickly, and asked with a puzzled expression, "Ah Yun, what's with your expression? You look like you're about to face a calamity? No, do you think I'm about to face a calamity?"

Ji Yun angrily looked at Shi Dai and said, "You can see my hidden meaning now. You don't look stupid. Why do you have to meet Su Fei? It's as if you've been bewitched and can't see through her?"

Shi Dai looked at the serious Ji Yun in front of her at a loss and said in a daze, "Ah Yun, what are you talking about? Feifei is our good sister. We have to trust each other, right?"

Ji Yun let out a shaky breath. She did not dare to tell Shi Dai Lin Yin's true identity directly and could only say solemnly, "Since we trust each other, you'll believe what I say, right? Dai Dai, you and I are the sisters who grew up together. You'll believe my words more, right?"

Shi Dai frowned and nodded subconsciously. "Yes, yes, I believe you, but..."

"There's no but!" Ji Yun interrupted Shi Dai's unfinished words and said anxiously, "Di Dai, from today onwards, don't provoke Lin Yin again.. Even if Su Fei wants to do something to Lin Yin, you have to hide far away, understand?"

Chapter 459: Preparing to Go Out

Seeing Ji Yun's excited expression, Shi Dai was even more puzzled. She asked, "Why are you suddenly like this? Did Lin Yin threaten you? I knew it. Lin Yin must be relying on her relationship with the Shisheng Corporation and the Lu Family to be arrogant and bullying outside. Feifei is right!"

"Shi Dai!" Ji Yun's voice was very loud and her expression was filled with anxiousness. She was so excited that her voice sounded a little torn.

Ji Yun wanted to save her sister on account that they grew up together when they were young, on account that Shi Dai had never left any room for help when it came to her sisters, and on account of Shi Dai's innocence.

In the end, she really did not expect that Shi Dai had been brainwashed by Su Fei to this extent.

Shi Dai was shocked by Ji Yun's shout. She continued hesitantly, "Did I say anything wrong? Isn't that the case? Ah Yun, you don't have to be afraid. Lin Yin's Shisheng Corporation is only a little stronger than the Su Corporation.

Feifei's family hasn't gone bankrupt yet. We don't have to be afraid of her."

When Ji Yun heard Shi Dai's unchanging words, she was so angry that she wanted to close her eyes and leave.

However, in the end, Ji Yun suppressed the anxiety in her heart and said slowly and seriously, "Dai Dai, promise me that you won't provoke Lin Yin in the future, okay? Believe me, okay? Every time you choose to believe Su Fei between me and Su Fei, it will make me suspect that our friendship of more than ten years is not as good as your sisterhood with Su Fei for a few years."

Shi Dai looked at Ji Yun in front of her in a daze. Even though Ji Yun had said before not to let her believe Su Fei's words too much, she was not as serious as this time.

Seeing that Shi Dai was silent, Ji Yun calmed down and continued, "I wasn't bullied by Lin Yin, and my family wasn't bullied by Lin Yin's Shisheng Corporation. I just don't want you to participate in the battle between Lin Yin and Su Fei. I'm afraid you'll be used by Su Fei. Dai, can you believe me this time?"

Ji Yun did not dare to reveal Lin Yin's identity directly, afraid that it would be troublesome if Mu Ran's manager really found her.

Therefore, Ji Yun could only ask Shi Dai not to participate in the conflict between Lin Yin and Su Fei.

"I'll agree. Why are you so serious? It's scary. It's just not participating in Lin Yin and Feifei's matters. I won't interfere. But if Lin Yin bullies Feifei, I can't just stand by and do nothing," Shi Dai said with a pout.

Ji Yun shook her head mockingly and smiled. "Don't worry, if Su Fei doesn't cause trouble, Lin Yin won't do anything."

Shi Dai widened her eyes and was about to retort when Ji Yun stopped her.

Ji Yun smiled and grabbed Shi Dai's arm. "It's not easy for us to graduate. Shall we go out and play?"

"Now?" Shi Dai asked with a frown. Then, she said, "Let's push it back? Feifei hasn't recovered from her injuries when she went to the resort previously. Recently, her family went bankrupt again. I want to wait for her to recover a little. The three of us will go together."

Ji Yun shook off Shi Dai's hand angrily and said, "I just want to go with you alone. If you want to go with Su Fei, you can go with her after she recovers."

Anyway, I'm not going!"

Seeing that Ji Yun was about to turn around and leave, Shi Dai quickly pulled Ji

Yun back and said, "Okay, okay, okay! Then I'll play with you first."

The corners of Ji Yun's lips curled up smugly. Then, she said in satisfaction, "Okay!"

Ji Yun had a faint guess that the Su Corporation's bankruptcy might be related to Lin Yin.

Perhaps Lin Yin would not let Su Fei off so quickly, so it was necessary to bring Shi Dai out to hide for the time being.

Besides, she had subconsciously found out about Lin Yin's identity. In order to prevent any accidents, she would hide.

"Then we'll set off the day after tomorrow. What do you think?" Ji Yun asked Shi Dai.

There was a hint of struggle in Shi Dai's dark brows. However, when she looked up and saw Ji Yun's expectant gaze, Shi Dai finally agreed.

Seeing Shi Dai nod, Ji Yun smiled and suggested, "Let's go to the island we've always wanted to go to before? Let's go out to the sea to see dolphins. I begged my brother to buy me a small apartment by the sea there a long time ago. This time, the two of us can go over and play together."

"Then I'll talk to Su Fei tomorrow and not go to her place the day after tomorrow," Shi Dai said.

"Alright, I'll set the itinerary first," Ji Yun said happily.

The next morning, Shi Dai went to look for Su Fei.

"So, Dai Dai left me to play with Ji Yun?" Su Fei said with an ambiguous

expression..

Chapter 460: Chasing Someone Away

Shi Dai quickly waved her hand and shook her head. "It's not like that, Feifei. I just agreed to go with Ji Yun previously. In addition, your health isn't very good now, so I think it's better for you to still be at home recuperating."

When Shi Dai said this, she sounded very anxious, afraid that Su Fei would misunderstand her.

Su Fei smiled nonchalantly and said, "Why are you so nervous? I'm not blaming you! You're right. My injuries haven't healed yet, so I naturally can't go far. But remember to bring me souvenirs when the time comes. Just treat it as if I'm going to play with the two of you."

Seeing that Su Fei did not look unhappy, Shi Dai smiled foolishly in relief. Among the three of them, two of them suddenly broke up. The most difficult person to be with was the one who had yet to break up with the other two.

Shi Dai immediately replied, "Of course. If I see anything delicious or fun, I'll bring it back for you."

Then, Shi Dai carefully asked about Su Fei's injuries before leaving.

Su Fei watched as Shi Dai left. The smile she had just faced disappeared without a trace, replaced by a coldness like a snake.

She had always known that Ji Yun was smarter than Shi Dai and knew how to judge the situation.

Therefore, after their friendship split, Su Fei had never thought of fighting for Ji Yun.

In Su Fei's opinion, Shi Dai was more emotional and much more stupid than Ji Yun. She was easier to control.

Hence, she did not expect that Shi Dai would leave the injured her behind and go out to play with Ji Yun.

As expected, everyone was selfish. Why would she expect Shi Dai's friendship with her to be deep? How ridiculous!

However, this was good too. Since there was no friendship between them, they could be sisters without any true feelings.

Su Fei watched Shi Dai leave. Just as she was about to go upstairs, a few people in black suits appeared at the entrance. The leader was bald and looked fierce.

Su Fei was shocked and questioned loudly, "Who are you? I'm warning you, this is a private residence. It's illegal to trespass! If you don't go out, I'm going to call the police."

Su Fei was very flustered. Su Zhen owed so much money. If those debt collectors came to her, it would be difficult to resolve the matter!

The people did not care about Su Fei's warning at all. They just looked at Su Fei aggressively and Chu Yun, who had been attracted by Su Fei's loud voice.

Seeing that those people ignored her warning and continued to approach them,

Su Fei's voice became louder. "Don't mess around. Let me tell you, I'm Lu Zheng's goddaughter. I represent the Lu Family behind me. If you dare to mess around, you won't even know how you died."

In the end, the bald man only smiled mockingly and said, "Lu Zheng? We're following the orders of the Third Master of the Lu Family. Who does Lu Zheng think he is?"

Su Fei did not expect these people to be Lu Ming's men. Her heart trembled slightly as she said, "No matter what, Lu Zheng is Lu Ming's big brother. It's easy for Lu Zheng to deal with you. You'd better think it through. The eldest son is the eldest son. No matter how much the Lu Family likes Lu Ming now, they won't allow Lu Ming to ride on Lu Zheng's head."

Su Fei had thought that her words would at least intimidate the few people in front of her for a short period of time. However, she did not know what she said, but the person opposite her actually laughed mockingly.

"Miss Su, right? You don't have to say such ridiculous things to scare us. Who asked you to be blind enough to provoke Miss Lin Yin, the person at the tip of

our Third Master's heart! So we're here to take back the Lu Family's villa on behalf of our Third Master," the bald man said.

"Lin Yin?" Su Fei gritted her teeth and blurted out. She didn't expect Lin Yin to be so detestable that she even wanted to take away the tiles she used to shelter herself from the wind and rain!

Su Fei was furious. These days, she had clearly been avoiding Lin Yin. She had not even gone to settle the score with Lin Yin regarding the Su Family's bankruptcy. In the end, she did not expect Lin Yin to go too far and even chase her out.

Chu Yun looked worriedly at the person opposite her and then at Su Fei.

If this villa was taken back by the Lu Family, the mother and daughter would really have to sleep on the streets.

Chu Yun boldly stood up and said, “Lu Zheng gave this house to Feifei. Even your Lu Family has no right to take it back. Besides, is the dignified Lu Family short of a villa? You’re clearly bullying her..”
