

Real Daughter 461

Chapter 461: Lin Yin Attacks?

The bald man only looked at the mother and daughter in front of him in disdain and said righteously, "Not to mention that this villa is the Lu Family's to begin with. Even if this villa doesn't belong to the Lu Family, Lu Zheng still has a wife. All the money Lu Zheng spends on you, his mistress, is joint property of the husband and wife. As long as Lu Zheng's wife wants it back, you have to spit it out."

"Who are you calling a mistress? I'm Lu Zheng's goddaughter! If you continue to slander me like this, when my godfather gets better and comes out to look for me, I'll make you suffer to be unable to bear the consequences of failure,"

Su Fei shouted angrily.

She knew that she was a mistress, but she was unwilling to admit it.

When Lu Zheng recovered, she would definitely shut these dogs of the Lu family up forever.

Or perhaps, when she became Lu Zheng's wife and became the legitimate

Young Madam of the Lu Family, she would personally teach them a lesson.

"Miss Su, we won't make things difficult for you. We'll give you all a morning's time. We'll watch here. Hurry up pack up and leave. Don't let us heavy-handed people use violence on you," the bald man said.

Then, the men in black suits sat casually on the sofa in the living room.

At this moment, Su Fei regretted it. She shouldn't have fired all the servants and bodyguards at home in order to save money. Now that someone had attacked her, she had no ability to resist.

Seeing that Su Fei did not move, the few people sitting in the living room were not in a hurry. They just ate and drank.

The villa was suddenly in a mess, which annoyed Su Fei.

Chu Yun pulled Su Fei to the kitchen and asked worriedly, "Feifei, if we don't leave like this, will something happen?"

Su Fei was not confident, but she knew very well that if she left like this, it would be very difficult for her to enter this villa in the future.

Moreover, she was really unwilling to leave just like that.

After thinking for a moment, Su Fei decided to stall for time. She wanted to see if the other party really dared to touch her. She was Lu Zheng's goddaughter.

No matter how arrogant Lu Ming's subordinates were, they were still servants. Could it be that they really dared to shout at Lu Zheng?

Su Fei quietly returned to the living room with a glass of water.

"Big Brother, this woman seems to be staying. What are we going to do later?" A lackey said.

"What can we do? Of course, we'll deal with the two of them. When we went out, Miss Lin Yin specially called me over. She said that Su Fei, that b*tch, would definitely use Lu Zheng's identity to scare us. She told us not to be afraid. Third Master is the most promising person in the Lu Family now. When the time comes, we can just throw Su Fei and her mother out," the bald man said.

The lackey smiled and said, "Of all the people this woman can provoke, she has to provoke Miss Lin Yin. Looks like she's going to be miserable!"

The bald man took a sip of wine and smiled. "Who says so? I think Miss Lin Yin means that after we chased her out, Miss Lin Yin even arranged something else for this woman. It seems like Miss Lin Yin wants to destroy the entire Su Family, not even letting their adopted daughter off."

Su Fei tightened her grip on the glass of water, her eyes filled with anger.

She had thought that Lu Ming was taking revenge for Lin Yin, but now it seemed that Lin Yin was clearly trying to kill her.

Chu Yun, who was standing at the side and also heard this conversation, was so angry that she rolled up her sleeves and was about to go out to argue with those people.

Su Fei quickly pulled Chu Yun back and said calmly, "Mom, calm down! We can't beat these people now. Go and pack up all the valuable things."

Initially, Su Fei did not plan to leave the villa. She felt that Lu Ming would not be so ruthless. After all, Lu Zheng was Lu Ming's elder brother.

Even if Lu Ming could not stand her, he would at least not let her die for Lu Zheng's sake, just like last time.

But if Lin Yin interfered, it might be possible.

Actually, Su Fei had never understood what hatred Lin Yin had for the Su Family.

Even if Su Zhen had indeed schemed against Lin Yin previously and wanted to give her to Ma De and sell her on the cruise ship,

But overall, the person who really got hurt was Su Fei, right?

It was her, Su Fei, who had been sent to Ma De's villa by mistake. In the end, she had been beaten up and returned with bruises all over her body. Nothing had happened to Lin Yin..

Chapter 462: Robbery

It was she, Su Fei, who had been brought to the cruise ship and violated. Lin Yin was still unscathed.

In fact, she had schemed against Lin Yin in the past, but hadn't Lin Yin avoided it? Speaking of which, she was basically the one who suffered, right?

Even the plan that she had painstakingly wanted to devise for Lin Yin to lose her virginity was snatched away before she could execute it.

Therefore, at this moment, Su Fei could not understand why Lin Yin would be so ruthless to the Su Family and not even let her off.

Su Fei found it too unbelievable.

Where did Lin Yin's hatred come from?

Wasn't she, Su Fei, the one who hated the Su Family?

For the sake of the Su Family, she was beaten up by Ma De, given to an unfamiliar guest, and given to Zheng Chao. In the end, she had no choice but to cling to Lu Zheng. She had always been the one who was injured!

Su Fei gripped the cup in her hand tightly.

She was the victim. She shouldn't have been treated like this by Lin Yin.

Lin Yin was going too far!

After hearing Su Fei's words, Chu Yun immediately went to the room to search for all the valuable things.

However, just as she was about to leave with her things and Su Fei, she was blocked by those people.

Chu Yun blocked Su Fei behind her and asked in panic, "Didn't you ask us to pack up and leave?"

The bald man nodded with a serious expression and said, "Yes, that's what I said. But if I didn't say that, how could you pack up all your important things?"

"You!" Chu Yun and Su Fei widened their eyes in disbelief at the arrogant person opposite them.

The bald man smiled smugly. "Miss Lin Yin is right. If I trick you a little, you'll obediently take out everything from before. It'll save you trouble!"

Su Fei hid the cash and some expensive jewelry neatly behind her back. This was all her future guarantee.

Without these assets, she would really have nothing and would have to sleep on the streets.

Su Fei said loudly, "You're from the Lu Family, but now you're listening to an outsider's instructions to hurt the Lu Family's goddaughter. If Lu Zheng and Lu Ming find out, they won't let you off."

In the end, the bald man laughed frivolously and said, "The Lu Family?"

Hahaha!"

Su Fei did not know what the other party was laughing about, nor did she know what was so funny about her words.

The other party said to Su Fei in a rather disdainful tone, "I can't be bothered to talk nonsense with you. You're just a goddaughter. Do you really think you're the Lu Family's bloodline? Even if the Lu Family's bloodline offends our Third Master, it's the same outcome. As for people, you can leave. Put down all the valuable things!"

How could Su Fei and Chu Yun be willing? Now that the thing in their hands was all their assets, the two of them quickly looked at each other. Almost at the same time, the two of them knocked away the person who was blocking them.

Those people did not expect Su Fei and Chu Yun to bump into them like this. They were caught off guard and staggered back. When they came back to their senses, Su Fei and Chu Yun had already run into the courtyard.

"Damn it, how dare you bump into me? Get them," the bald man ordered loudly with malicious eyes.

The lackeys beside him immediately chased after Su Fei and Chu Yun after

receiving the order. Soon, they caught up to the two of them.

Su Fei held onto the bag of belongings in her hand tightly, as if she would die if these things were gone.

The bald man, who had just been hit in the chest, took a few steps forward and slapped Su Fei hard. The ruthless force made Su Fei's head dizzy and her ears ring.

She fell to the ground, blood trickling from the corner of her mouth.

The bald man weighed the bag in his hand and spat at Su Fei disdainfully.

When Chu Yun saw that her daughter was slapped so hard that she fell to the ground and did not react for a long time, she immediately pounced on Su Fei and shouted worriedly, "Feifei, how are you?"

The bald man glanced sideways at the mother and daughter on the ground. Then, he stepped forward and snatched the bag from Chu Yun's hand.

Chu Yun immediately shouted loudly and miserably, "Help! A robber is robbing us! The robber even killed someone!"

The bald man raised his foot and kicked Chu Yun hard, causing her to fall to the ground and wail.

"You overestimated yourself!" The bald man looked at Su Fei and her daughter disdainfully and said, "Let's go!"

Their mission was to come and snatch things in Lin Yin's name and bully them..

Chapter 463: Su Fei Strikes Back

The valuables were snatched away, and Su Fei was also in a daze from the slap. Blood flowed from the corner of her mouth, and it was about time.

Now that the mission was completed, he naturally had to leave.

As Chu Yun's heart ached for the money that had been snatched away, she was worried about Su Fei, who was still lying in her arms, unconscious. She cried sorrowfully and miserably.

When Su Fei finally came back to her senses, the next batch of people had already arrived in front of Su Fei and her daughter.

Su Fei looked up slightly at the people around them and smiled a little maniacally. Her bloodstained lips curled up as she said, "Are you the next group of people arranged by Lin Yin?"

The fat leader looked at Su Fei in confusion and said in a domineering tone, "What next group of people? We're just following the orders of those that pay us. Someone wants one of your fingers. As long as you cooperate well, I'll leave after I cut off your finger!"

Chu Yun looked at the person in front of her in shock. This was cutting off a finger! Why did these people say it so easily?

These people did not say who sent them, but in Su Fei's eyes, she was already certain that it was Lin Yin.

Su Fei was silent for a moment before saying, "Since you're paid to help others do things, I'll give you money. You'll follow my orders, right?"

Fatty blurted out, "That's for sure!"

"I'll still give you the same amount of money that those people gave you to buy one of my fingers. At the same time, I'll pay twice the price for another order. How about you accept it?" Su Fei looked at the people above her unfocusedly.

After some discussion, those people said, "That's fine too. That person gave me 100,000 yuan to buy one of your fingers. If you give me 300,000 yuan, I'll find someone else's finger to replace yours. Of course, we'll accept your order."

"wait a moment, I'll get the money for you," Su Fei said. Then, she wiped the blood from the corner of her mouth. With Chu Yun's help, she endured the pain all over her body and slowly walked towards the basement where Zheng Chao was locked up.

Just now, their phones had been snatched away by those people. Previously, in order to prevent their assets from being implicated by the Su Corporation's bankruptcy, they had exchanged all their funds for cash. They did not expect that they would be wiped out all at once.

The two of them slowly went down to the basement. Su Fei entered the room in the basement alone. Looking at Zheng Chao, who was on his last breath, and the disgusting men, Su Fei smiled evilly.

“Zheng Chao, do you want to come out?” Su Fei’s eyes landed on Zheng Chao’s bony face as she said lightly.

However, even such a light tone was enough to rekindle Zheng Chao’s desire.

Zheng Chao grabbed the iron railing with all his might. His dry lips opened slightly and he said hoarsely, “Feifei, I want to go out. As long as you let me out, I’ll do anything you want me to do.”

Su Fei picked up Zheng Chao’s phone and said, “The password to unlock it and the bank transfer password!”

Zheng Chao said the password Su Fei wanted almost without thinking.

As long as he could get out, what was money?

If he still did not go out, Zheng Chao felt that he would be played to death by the men behind him.

After Su Fei got the password, she turned around to leave again. Zheng Chao immediately asked anxiously, “Feifei! Feifei! What about me?”

Su Fei did not turn around and only said, “I’ll come and let you go later. Let’s forget about Zheng Chao’s routine today. Don’t play too badly and let him rest.”

Zheng Chao’s eyes lit up. Even the people beside him hurriedly asked Su Fei to let them go.

However, Su Fei did not care. She left the room and went up with Chu Yun.

Chu Yun looked back curiously. She had been here for a few days, but she still did not know that there was a basement under this villa. She did not know what was inside either. How could Su Fei take out a cell phone from inside?

Su Fei transferred 300,000 yuan to those people to protect her finger. At the same time, she gave them the order to kidnap Lin Yin.

Then, she sat with Chu Yun in the messy living room of the villa.

Chu Yun asked worriedly, "Feifei, let's deal with Lin Yin. What if she takes revenge?"

Chapter 464: Going to the Mu Family

Chu Yun said with a puzzled expression, "Why must Lin Yin kill us? Although we didn't treat her well after she arrived at the Su Family, she wasn't hurt, right? She's clinging to us like this. Those who don't know might think that we owe her something in our previous life and are haunting her."

Su Fei was also puzzled, but she didn't have the time to investigate why. Now, she just wanted Lin Yin to die so that she could live in peace.

At this moment, Lin Yin still did not know that she was being targeted. She was still looking at herself in the mirror in a daze, wondering what she was going to wear to see Ye Wen in the afternoon.

There was nervousness and timidity in her uneasiness.

Lin Yin was silent for a long time before she rummaged through the closet again. Then, she looked at the messy clothes thrown all over the room and sighed heavily.

Even Lin Yin didn't know how to deal with her mixed emotions.

She could handle it calmly no matter how dangerous her situation was.

But now, she could not calm down because she was going to see her biological parents, whom she had finally found. They were family that she had not been able to see even after she passed away in her previous life.

She was the one who thought that she no longer had a family, but her family suddenly appeared and said that they were looking for her all along.

Lin Yin threw away the dress in her hand in frustration and was stunned again.

As a result, Lin Yin did not pick out suitable clothes in the afternoon.

Lin Yin went through a vicious cycle and simply put on slim-fit jeans and a short-sleeved shirt. Her hair was also in a simple ponytail.

When Mu Heng came to pick Lin Yin up, their outfits were a stark contrast.

Mu Heng was wearing a well-tailored suit. In order to look friendly, he even tied a bow. His short black hair was meticulously secured with hair wax. Every strand of hair spoke of Mu Heng's exquisiteness and how much he valued this meeting.

Lin Yin looked at her outfit awkwardly and then at Mu Heng's outfit. She forced a fake smile.

When Mu Heng saw Lin Yin's dressing, his heart skipped a beat. He wondered if

Lin Yin really didn't care about this meeting if she didn't even dress up. It seemed like they had to work harder.

In the car, Lin Yin received a call from Mu Ran.

Mu Ran's voice was a little tired as she asked, "Let's go eat delicious food now?"

Lin Yin looked at Mu Heng beside her and said, "I might not have time now. I'm in your brother's car, on the way to your parents' house!"

On the other end of the line, Mu Ran, who was originally dispirited, instantly jumped up from the sofa and asked incoherently, "You, you, you, why did you go to my parents' house? Did Mu Heng and the others bring you there? Yinyin, wait for me to order. I'll support you! I won't let them bully you!"

Before Lin Yin could say anything, Mu Ran hung up the phone in a hurry and ran to the garage in his slippers.

Lin Yin shook her head helplessly. Mu Heng smiled and said, "It's that kid Mu

Ran? He didn't listen to the phone properly and hung up?"

Lin Yin nodded and said, "He said he was coming over."

Mu Heng also shook his head helplessly and said, "This kid has such a personality. He probably thinks that we want to bully you."

As Mu Heng spoke, his gaze landed on Lin Yin's face and he said meaningfully, "It's strange. Mu Ran has never been very close to others, but he treats you like a sister. I think this might be the wonder of blood relations?"

Lin Yin knew what Mu Heng meant, but she didn't know how to respond now, so she simply remained silent.

Mu Heng sighed and did not continue on this topic.

Some things were bad when you went overboard, so it was better to take it slow.

Lin Yin closed her eyes and narrowed them for a while. When she opened them again, it was the villa she had been to last time.

When she came to this quiet villa again, Lin Yin felt as if a lifetime had passed.

The first time Mu Xiao brought her here, she was there to investigate the relationship between Chu Yun and Zhou Li.

At that time, she did not know that her biological parents lived here, nor did she know that the woman who was looking for her daughter crazily in this villa was her mother.

And this time, she was here to see her biological mother..

Chapter 465: Block

Mu Cheng and Mu Xiao watched as Lin Yin got out of the car. Both of them were a little excited.

Especially Mu Cheng. He had never expected that the young lady he had seen last time would be his daughter, and his daughter was really standing in front of him now.

It was not that he did not miss his daughter all these years, but Ye Wen had already gone crazy. Nothing could happen to him. He had to take good care of his wife.

Therefore, he could only hide his longing for his daughter in his heart. Only then could he maintain a good mentality and emotions to take care of his crazy wife.

Now that he saw his daughter standing in front of him, all the longing and emotions he had for her all these years surged into his heart. The corners of his eyes instantly turned red.

Mu Cheng walked towards Lin Yin anxiously. Lin Yin was also slowly approaching Mu Cheng and Mu Xiao.

However, before they could say anything, Sun Yun rushed there with Mu Ning.

Looking at Lin Yin, who was still slowly approaching the Mu family's villa, Sun Yun scolded loudly, "Where did this little girl come from? How dare she come to our Mu family? Lin Yin? You despicable thing, you're not worthy!"

Mu Cheng, who reacted in time, immediately shouted, "Mom! What nonsense are you talking about?"

Sun Yun's appearance stunned everyone present.

Mu Cheng's "Mom!" made Lin Yin stop walking towards the Mu family and even subconsciously retreat.

Mu Cheng's mother, who was also her Grandma? They had just met, and her Grandma said that she was a despicable thing?

Lin Yin chuckled softly. Her cold laughter made Mu Heng's heart turn cold.

"Yinyin, don't be angry. Grandma doesn't know your identity, so..." Mu Heng explained anxiously.

"Mu Heng, you're so humble. How are you like a child of our Mu family? Let me tell you, I definitely won't let Lin Yin enter our Mu family!" Old Madam Mu shouted.

Old Madam Mu's words made the surrounding people widen their eyes, thinking that this old lady knew Lin Yin's identity.

"Mom! I invited Yinyin. You can't decide if she can enter or not!" Mu Cheng said angrily.

Old Madam Mu did not expect her son to scold her so loudly in front of so many juniors. She was furious.

Faced with the Old Master's temper, she directly became hard-headed towards Mu Cheng.

Old Madam Mu angrily raised her hand to slap Mu Cheng with Mu Ning's help.

Mu Heng panicked and hurriedly went forward to stop her.

Beside Mu Cheng, Mu Xiao grabbed Old Madam Mu's hand and said coldly,

"Grandma!"

Old Madam Mu did not expect that even her grandson would stand up to stop her. She was so angry that she shouted, "Mu Cheng, you actually went against your biological mother for an unknown person? Why? She bewitched your three sons. Did she bewitch you too? Did she seduce you to stand on her side to speak?"

Mu Cheng finally understood what Old Madam Mu meant. Just as he was about to explain, Ye Wen, who was still in the house just now, suddenly ran out. Everyone instantly fell silent.

Mu Ning subconsciously stood in front of Ye Wen and shouted obediently,

'Mom, why are you out? It's very chaotic outside. Shall I help you in to rest?'

As if sensing something, Ye Wen pushed Mu Ning away and looked at Lin Yin, who was a few meters away.

Ye Wen's eyes were confused and probing, making Lin Yin feel uncomfortable.

Just as Lin Yin did not know what to do, Ye Wen's eyes turned visibly red. She first muttered softly, "Tian Tian, my Tian Tian..."

Then, Ye Wen's sobbing voice became louder and louder. She grabbed Mu

Cheng and said with tears streaming down her face, "It's my Tian Tian, right? It's my Tian Tian who's back, right?"

Ye Wen's expression was a little unconvinced, as if she needed Mu Cheng's affirmative answer to confirm that she was not mistaken.

Mu Ning hurriedly went forward to pull Ye Wen's sleeve and blocked her from looking in Lin Yin's direction. She said anxiously, "Mom, are you thinking of Sister again? It's okay, Mom. I don't mind even if you treat me as sister."

Mu Xiao first looked at Lin Yin worriedly and shouted at Mu Ning, "Mu Ning, shut up! "

"Mu Xiao, who allowed you to speak to your sister so loudly? As an elder brother, you don't look like an elder brother. Is this how your parents raised you?" Old Madam Mu scolded Mu Xiao..

Chapter 466: Accident

Mu Xiao ignored Old Madam Mu's scolding and turned to look at Lin Yin, wanting to explain to her.

Mu Xiao could guess why Lin Yin did not want to return to the Mu family, so he knew that Lin Yin cared very much about whether she was the one being replaced.

However, Grandma's reprimand of Lin Yin just now and Mu Ning's words now were enough to make Lin Yin feel that they didn't really want Lin Yin back.

Mu Xiao said loudly, "Lin Yin is Mu Tian, the Mu Tian who disappeared 18 years ago. She's our biological sister, Dad and Mom's biological daughter, Grandma's biological granddaughter!"

Hearing Mu Xiao's words, Old Madam Mu instantly stood rooted to the ground.

Even Mu Ran, who had rushed over, stood not far away in a daze.

Old Madam Mu turned to Lin Yin and muttered in disbelief, "That's impossible.

Didn't they say she was dead? Maybe they're from a scammer gang and are here to cheat our money."

Mu Cheng's face was gloomy. He knew that if the old lady was here today, it would probably be very troublesome to acknowledge her, so Mu Cheng handed Ye Wen to Mu Heng and forcefully pulled the old lady into the villa.

Mu Xiao walked towards Lin Yin, wanting to explain to her.

However, in the next second, a group of criminals suddenly appeared around them. They held sticks and attacked the people at the event location indiscriminately. Almost instantly, the event location was in chaos.

Mu Cheng stuffed Old Madam Mu into the room and turned around to save his family.

Old Madam Mu shouted anxiously, "Help! Murder! Save my son, save my grandchildren!"

Lin Yin was dealing with the criminal in front of her when she heard Ye Wen shout, "Tian Tian! My Tian Tian! Tian Tian!"

When she looked up, she saw Ye Wen holding Mu Ning's hand tightly.

Then, Mu Ning replied loudly, "Mom, I'm here. Your Tian Tian is here. Don't be afraid. I'm fine! You don't have to protect me. I'm fine!"

From Lin Yin's point of view, it was Ye Wen protecting Mu Ning tightly while Mu Heng protected Ye Wen nervously.

Mu Xiao was not far from the three of them, trying his best to break free from the people around him.

Lin Yin's slight daze brought about a bright red cut on her arm.

Mu Xiao, who had been wanting to approach Lin Yin, was shocked. Just as he was about to speak, he was pulled back by someone at the side.

Mu Ning had run to Mu Xiao's side at some point and shouted at him, "Second Brother, be careful! Don't stay by my side anymore. Go save Lin Yin. What if she's really your sister? I'm fine! Hurry up and save Lin Yin!"

That was what Mu Ning said, but she burrowed into Mu Xiao's arms, as if she was protecting Mu Xiao, but also as if she was stopping Mu Xiao from moving towards Lin Yin.

Mu Xiao gritted his teeth in anger. When he looked up, he saw Lin Yin looking in his direction in confusion.

Seeing that a criminal beside Lin Yin was about to swing a knife at Lin Yin's head, Mu Xiao pushed Mu Ning away angrily and ran towards Lin Yin crazily.

Ye Wen, who had been wanting to go over to Lin Yin's side, even forgot to breathe. Even Mu Heng's pupils constricted in fear. He wanted to go over, but his mother was beside him and there were many people around him.

Mu Cheng, who was far behind, had already come out with his bodyguards. He watched this scene, but he was helpless because he was too far away.

Mu Ran grabbed that person's hair and smashed his head to the ground.

After confirming that the person had fainted, Mu Ran stood up in fear and grabbed Lin Yin's hand with a worried expression. He was so anxious that he was about to cry. "Yinyin, your arm is bleeding. You..."

Mu Ran wanted to say something reproachful, but when he saw that Lin Yin was at a loss, he suddenly couldn't say it.

This was the first time Mu Ran had seen Lin Yin like this. It was as if her soul had been sucked out of her. Other than a little confusion, there was also helplessness on her muddle-headed face.

Those criminals were quickly stopped by the people Mu Cheng brought. The Mu family ran to Lin Yin's side anxiously.

Mu Cheng followed Ye Wen closely, afraid that Ye Wen would attack Lin Yin accidentally.

The three Mu brothers also held their breaths as they looked at Ye Wen, who was standing in front of Lin Yin and staring at the wound on her arm..

Chapter 467: Only To Treat Her

Ye Wen raised her trembling hand, wanting to touch Lin Yin's wound. Her heart ached slowly. Ye Wen's already sore and red eyes were swollen.

However, just as Ye Wen was about to grab Lin Yin's hand, Mu Ning suddenly went forward and grabbed her hand. She said in a choked voice, "I didn't expect you to be my sister. It's good that you're back. Mom's illness has been bad all these years, so Dad and Brother have been looking for you, hoping that your return can ease Mom's illness."

"Are you looking for me just to treat her illness?" Lin Yin muttered. Then, there was a hint of self-deprecating and bitter doubt on her face.

At this moment, a voice kept echoing in Lin Yin's mind that no one could see.

"They're not looking for you. They're just looking to treat Ye Wen's illness."

It was rare for Mu Xiao to be angry. He angrily pulled Mu Nings hand away from Lin Yin and said loudly, "It's not your place to speak about our family's matters."

Mu Ning looked at Mu Xiao sadly and said, "Second Brother, aren't you looking for Sister because of Mom's illness?"

"You!" Mu Xiao was furious, but he was speechless and could not refute.

Their mother's illness indeed needed Lin Yin to help treat it, but they really wanted Lin Yin to go home.

Lin Yin ignored the Mu family and shook off Mu Ran's hand before turning to leave dejectedly.

Mu Xiao quickly let go of Mu Ning and wanted to ask Lin Yin to stay.

Seeing that Lin Yin was about to leave, Ye Wen wanted to pull her back, but she did not dare. She was afraid that if she went forward to pull her back, her daughter would disappear like in her dream.

Hence, she was so anxious that she spun on the spot. She anxiously pulled Mu Cheng's arm and watched eagerly, wanting Mu Cheng to make Lin Yin stay.

When Mu Ran saw that Lin Yin was about to leave, he immediately followed.

Mu Ning hurriedly went forward to hold Mu Ran back and asked, "Third

Brother, where are you going? Since you're home, you have to have dinner with Mom, right?"

Mu Ran was not like Mu Heng and Mu Xiao who would give Mu Ning face.

Seeing that Lin Yin was about to walk away, Mu Ran shook Mu Ning off ruthlessly. Mu Ning was not paying attention and fell to the ground.

Even now, Mu Ran did not pity her at all. Instead, he warned Mu Ning, who was on the ground, "It's not your place to talk about where I go! Don't appear in front of me, or I won't be polite to you!"

With that, Mu Ran went forward to chase after Lin Yin.

When Old Madam Mu saw her beloved granddaughter being thrown to the ground, she immediately went forward and pulled Mu Ning up with a pained expression. Then, she scolded Mu Cheng and Ye Wen, "Look at the good son you two brought up. How dare he hit his sister so hard?"

Mu Xiao sneered. "Sister? Grandma, we've only had one sister since we were young, and that's Mu Tian. As for Mu Ning, she's not worthy!"

In the past, Mu Xiao would still give Mu Ning some face on account of Grandma.

But after today, Mu Xiao would no longer be polite to Mu Ning.

Mu Ning had contributed greatly to today's situation.

At this moment, how could Ye Wen listen to Old Madam Mu? She panicked and was about to chase after Lin Yin.

However, before she could take a step, she was rudely pulled back by Old Madam Mu.

Old Madam Mu scolded Ye Wen sternly, "Don't think that you can do anything just because you're crazy now. Ye Wen..."

Before Old Madam Mu could finish speaking, Mu Cheng snatched Ye Wen back from her and said in a low voice, "Mom! I'll get someone to send you back!"

Old Madam Mu did not expect her son to still stand on her daughter-in-law's side. She was so angry that she wailed at the side, "Why is my life so bitter?! I raised my son painstakingly, but in the end, my son actually wanted to send me away for my daughter-in-law. If I had known that this would be the outcome, I might as well not have given birth back then. What's the use of having an unfilial son?!"

Mu Cheng hugged Ye Wen, who was starting to look amiss, with a cold expression.

Mu Heng, who was at the side, said coldly, "Come! Send the old lady back to the old residence!"

Mu Ning stood up and questioned, "Brother, Grandma is an elder. Do you think it's appropriate for you to do this?"

Before Mu Heng could speak, Ye Wen, who was at the side, shouted.

Mu Ning still wanted to pretend to be a good daughter, but just as she approached Ye Wen and before she could open her mouth, Ye Wen waved her hands and slapped Mu Ning a few times..

Chapter 468: Leaving in Disappointment

It happened so suddenly that no one could react.

When Mu Ning wanted to accuse Ye Wen of her evil deeds with red eyes, Ye Wen did not even give Mu Ning a chance.

Ye Wen grabbed Mu Ning's neck with both hands and stared at her with bloodshot eyes. She said fiercely, "It's you! You chased my Tian Tian away. I'm going to kill you! If I kill you, my Tian Tian will come back! I'm going to kill you!"

Mu Ning found it difficult to breathe from Ye Wen's pinch. Old Madam Mu was frightened and shouted, "Why are you still looking? Save her! Lunatic, she's really a lunatic! Ye Wen, let go of Ah Ning quickly. Let go of Ah Ning!"

Mu Heng and Mu Xiao stood at the side and did not move. In their opinion, what Mu Ning said today was on purpose.

She wanted Lin Yin to know that their mother had already accepted Mu Ning as her daughter and that the person she saved in the critical moment was Mu Ning.

Especially Mu Xiao. Mu Ning was clearly setting him up just now to make Lin Yin think that he had chosen to protect Mu Ning instead of her.

Even at the last moment, Mu Ning was still provoking Lin Yin, saying that they had only asked Lin Yin back for their mother's illness.

Therefore, in the eyes of the Mu brothers, their mother thought that Mu Ning was the one who caused Lin Yin to leave. There was nothing wrong with it. It was the truth.

Mu Ning had to pay the price for her actions.

No one carried out Old Madam Mu's words. Seeing that Mu Ning's face was purple and her eyes were about to roll back, Old Madam Mu was frightened and quickly went forward to pull Ye Wen back.

Mu Cheng was afraid that something would happen to Old Madam Mu, so he could only go forward to comfort Ye Wen. When Ye Wen calmed down a little, he coaxed Ye Wen to drink the medicine.

After escaping death, Mu Ning immediately covered her neck and hid behind Old Madam Mu. She looked at Ye Wen with lingering fears.

People often said that lunatics were strong. Today, Mu Ning really experienced it and almost escaped death.

Mu Heng's voice was a little indifferent as he said to the bodyguards, "What are you waiting for? Send the old lady and the rest back to the old residence!"

Mu Heng's tone was so strong that no one could question it. Hence, the old lady and Mu Ning were dragged away by a few bodyguards.

After drinking the medicine, Ye Wen's mind was empty. She looked at Mu Cheng in a daze before obediently following Mu Cheng back to her room.

After settling Ye Wen down, the Mu father and sons sat in the living room and sighed.

They really did not expect Mu Ning and Old Madam Mu to come over today. It was supposed to be a good meeting, but it was messed up.

The key was that it left a bad impression on Lin Yin.

"Yinyin's arm is injured. I'll go take a look." Mu Xiao broke the silence.

"Then I'll investigate the attackers now." Mu Heng stood up as well. They had to give Lin Yin an explanation for this matter.

Mu Cheng nodded silently. He was worried about leaving Ye Wen alone at home, so he could not leave.

At this moment, Mu Ran was driving. She kept looking at Lin Yin carefully and worriedly at the knife wound on Lin Yin's arm.

Mu Ran, who had always been good with words and shameless with Lin Yin, did not know what to say at this moment.

It was mainly because too many things had happened today.

First, Lin Yin had inexplicably become his sister. Before he could calm down, there was an attack by criminals, followed by Grandma and Mu Ning, who had come out to cause trouble.

Lin Yin, who had been silent for a long time, came back to her senses. She looked at the road in front of her and asked, "Where are we going?"

Mu Ran immediately perked up and said, "I'll bring you to the hospital to bandage it. I don't know if that knife is rusty. If it rusts and the wound gets infected, it'll be troublesome."

"Send me back! I want to go back," Lin Yin said, looking straight ahead. "But what about the wound on your hand? Yinyin, let's go to the hospital!" Mu Ran pleaded.

Lin Yin shook her head. She was enveloped in an unapproachable sense of loneliness and melancholy.

In Mu Ran's opinion, Lin Yin looked like she had been abandoned by the world, so she shrank into a small world and did not dare to go out to touch it again. She wrapped herself in coldness and ice.

This Lin Yin made Mu Ran's heart ache so much that his voice unconsciously choked..

Chapter 469: Cutting Ankle

However, Lin Yin still refused. She said, "I'm fine. It's just a small injury."

When she was in the slums, she was beaten half to death. Wasn't she fine?

It was just a small wound on her arm. She would not die.

Seeing that He couldn't persuade Lin Yin, Mu Ran retracted her gaze. Then, somewhere Lin Yin couldn't see, he removed the brooch on his suit and secretly cut his ankle.

As the pain spread, Mu Ran frowned and said weakly to Lin Yin, ‘Yinyin, my

foot seemed to have been scratched by them just now. It’s bleeding now. It hurts!’”

Lin Yin was frightened and asked, “Why are you injured? Then stop now and let me take a look.”

Mu Ran nodded obediently and stopped the car at the side. He reached out his ankle to Lin Yin with a crying expression.

Seeing the ankle that was still bleeding, Lin Yin’s eyes flashed. She glanced around Mu Ran’s ankle and saw the brooch that had traces of blood.

Lin Yin, who was in a daze along the way, sobered up a little. She had mixed feelings.

After cursing Mu Ran for being a fool in her heart, Lin Yin’s mood improved a little. She said, “I’ll call a car. Let’s go to the hospital to bandage it together.”

After seeing that the loneliness around Lin Yin had subsided, Mu Ran heaved a sigh of relief.

Mu Ran felt that it was worth it to exchange a small wound for Lin Yin to go to the hospital to bandage her wound.

The two of them hailed a car by the roadside and went straight to the hospital to bandage their wounds.

After bandaging it, Lin Yin said to Mu Ran, “Don’t do such a stupid thing in the future. I can tell when it was injured.”

Mu Ran touched her neck awfully and said, “I just want you to follow me to the hospital to be bandaged. Don’t worry, as long as you’re fine in the future, I won’t do this anymore.”

Lin Yin smiled at Mu Ran. "It's not worth hurting yourself for me."

Lin Yin's tone was self-deprecating and humble, which Mu Ran didn't like.

His Yinyin should be that pampered and happy little girl.

Moreover, Lin Yin was his biological sister now, so he had to dote on her even more.

Mu Ran's expression turned serious as she said unhappily to Lin Yin, "What do you mean it's worth it? You're my sister. As her brother, I'm worried about my sister. How is it not worth it?"

"Don't you already have a sister? I think you've gotten along well with Mu Ning in the past ten years when I wasn't around. Otherwise, your mother wouldn't have protected Mu Ning at the critical moment, and Doctor Mu wouldn't have protected Mu Ning so tightly, right?" Lin Yin said with her head lowered.

She admitted that the moment danger appeared, she saw that her family, which originally belonged to her, was now protecting the girl who had replaced her. She was really hurt.

In her previous life, when she thought that Su Zhen and Chu Yun were her biological parents, she had also encountered such a scene. Su Zhen and Chu Yun would always protect Su Fei and always look down on her.

Lin Yin admitted that she was a timid person. She was so timid that after being hurt once, she did not dare to try again.

She finally mustered her courage and wanted to explore the way first, but the outcome was the same.

However, Lin Yin's dejected expression was broken by Mu Ran.

Mu Ran was furious and complained to Lin Yin, "It's not like that! Grandma forced that Mu Ning over. All these years, Dad and Mom have never seen her. When she came to see Mom, Dad didn't let her see her

either. So don't listen to her nonsense. She's very fake. How can Mom let go of you and protect her? Back then, when Mom first saw her, she knew that she wasn't her biological daughter."

Sometimes, Mu Ran's brain was not agile, but he was a natural actor. He was quite accurate in the face of the change in her gaze.

He could clearly feel that after Lin Yin heard what he said, her cold eyes were tinged with warmth.

Mu Ran continued, "I don't know what's wrong with Mu Xiao today, but with my understanding, there must be something wrong. Mu Ning is sinister and cunning. Don't even believe a punctuation mark she says. It's because of her that the three of us don't like to stay in the old residence."

Lin Yin looked at Mu Ran thoughtfully, then recalled all of Mu Ning's actions when she saw her..

Chapter 470: Healing

When she was hospitalized for taking a bullet for Mu Heng, Mu Ning said that the Mu family doted on her very much. They did not expose her identity because they were afraid that she would be hurt like the original Mu Tian.

Lin Yin really wanted to ask, so she really asked, "Mu Ning said that she's the fourth daughter of the Mu family. You didn't reveal her identity to protect her because you were afraid that she would be hurt by the enemy like Mu Tian?"

Mu Ran widened her eyes and looked at Lin Yin. Then, she sneered and said, "I knew she was talking nonsense. What Fourth Child? She didn't reveal her identity to protect her. Bullsh*t! She hasn't been allowed to appear as the Fourth Child of the Mu family because she's an imposter. She even wants to replace you as the Fourth Miss. She's not even qualified to be the Fifth Miss!" Mu Ran did not hide her anger towards Mu Ning at all.

“Mu Ning said that the Mu Family dotes on her as their biological daughter. If their biological daughter comes back and the two of them have a conflict, the Mu Family will protect her. After all, they’ve lived together for more than ten years and have feelings for each other. As for the one who came back from outside, they don’t live together and have no feelings for each other,” Lin Yin continued.

Mu Ran was shocked by Mu Ning’s ability to lie. He asked in disbelief, “Did Mu

Ning really say that?”

Lin Yin nodded. At this moment, Lin Yin looked like a sister who had complained to her brother.

Mu Ran shook her head speechlessly and said, “Just listen to her nonsense.

Feelings? What feelings? The feelings of her using Grandma to frame me?

Bullsh*t! Yinyin, you really can’t believe what she says. She’s a liar. Only my

Grandma will believe what she says.”

“Anyway, Yinyin, don’t believe anything Mu Ning says. She’s a lunatic! You’re my only sister, and it can only be you! Do you know? Ever since you were lost,

Mom has been mentally unstable. Grandma brought Mu Ning back and agitated Mom even more. So Dad brought Mom away from the Mu Family’s old residence, and Mu Ning lived with Grandma,” Mu Ran said.

However, as Mu Ran spoke, his mood sank. He said in a low voice, “Mom’s condition deteriorated day by day. Sometimes, she can’t even remember the three of us clearly. One time, I went to see her and happened to see her go crazy. She called my sister’s name and strangled my neck, asking me to return my sister to her. At that time, I was only six years old. It left a deep impression on me and I won’t be able to forget it for the rest of my life.”

At this point, Mu Ran's voice was a little choked. Lin Yin looked in Mu Ran's direction in shock.

As if sensing Lin Yin's gaze, Mu Ran quickly restrained his emotions and smiled at Lin Yin. "It's in the past. So Yinyin, I'm very glad that my sister is you. I'm really glad it's you! Otherwise, I don't know if I could accept it if it were anyone else."

Mu Ran didn't say everything, but Lin Yin could feel his emotions.

How could a six-year-old child bear the fact that his mother was strangling him because his sister was missing?

No matter how much Mu Ran persuaded himself that his sister was innocent, could that reduce the trauma of being strangled by his biological mother? Obviously not.

Otherwise, Mu Ran would not have such emotions at the mention of this past. This matter must have been lingering in Mu Ran's heart, right?

Lin Yin looked at the usually lively Mu Ran, but at this moment, his body was covered in faint sadness.

Lin Yin gently covered the back of Mu Ran's hand. At this moment, the two of them sitting in a row seemed to be healing the scars in their hearts through this method.

After a while, Lin Yin smiled and moved her hand away. "Let's go to my house to recuperate."

Mu Ran threw his bad mood to the back of his mind and looked up. He was still the happy Mu Ran.

When Mu Xiao rushed to Lin Yin's house, he pressed the doorbell for a long time, but there was no response from inside. Mu Xiao thought that Lin Yin was unwilling to see the Mu family again, so he stood at Lin Yin's door sadly for a long time.

It was only when a pair of shoes suddenly appeared in front of him that he looked up at the person, and he saw Mu Ran grinning at him.

When he saw Lin Yin behind Mu Ran from the corner of his eye, Mu Xiao immediately stood up and wanted to approach Lin Yin anxiously.

Mu Ran pulled Mu Xiao back and said arrogantly, "Oh, our hero is here? Why aren't you guarding Mu Ning? What are you doing here?"
