

Real Daughter 521

Chapter 522: Surveillance cameras

It was no wonder that Huo Huai was surprised. It had been more than ten years. Everyone in the capital who knew about this thought that the Mu family's daughter was dead.

However, the Mu Family had always wanted to see her regardless of whether she was alive or dead. They insisted on looking everywhere.

He did not expect that the Mu Family would really find her. This was really rare.

"Is she really his biological daughter?" Huo Huai asked in disbelief.

"Of course she's their biological daughter. You didn't see how Ye Wen was like. She held that young lady's hand without letting go for a moment. That's how a parent should be. Unlike you, you don't even know that your son was kidnapped. The Mu Family brought a mighty group of people and all three sons of the Mu Family were there," Old Madam Huo said angrily.

"From what you're saying, Mom, Mu Cheng didn't appear either. Perhaps all fathers are like this," Huo Huai muttered unhappily.

Old Madam Huo rolled her eyes at her son.

When Lin Rong was present, her son would always be flushed red when he argued with her. He was very stubborn.

When Lin Rong was not around, her son was only left with his clear stupidity.

Huo Huai looked at Huo Ge awkwardly, then immediately pulled a long face and acted like an elder.

After dinner, Old Madam Huo chatted with Huo Ge for a while before he returned to his room.

Huo settled his luggage and called Xiao Ming in.

As soon as Xiao Ming entered, he sized up Huo Ge's room and said, "It's clean this time. Looks like your brother doesn't dare to come to your room to cause trouble."

Six years ago, when Huo Ge returned at the age of 17, he found a pile of junk and filth in his room. Old Madam Huo flew into a rage on the spot and almost beat Huo Bing to death.

Later, it was Huo Huai who knelt in the ancestral hall for three days and mobilized the family elders to plead for mercy. Only then did Huo Bing survive. It was from then on that Huo Bing began to be very afraid of Old Madam Huo.

"He learned his lesson after one try. It's boring. I wanted to see him hung up and beaten up again," Huo said sarcastically.

Then, he looked at a hidden corner with interest.

Huo Bing, who was monitoring Huo Ge's actions in front of the screen, was shocked by Huo Ge's sudden gaze. He thought that the camera he had installed had been seen by Huo Ge.

Fortunately, Huo Ge only took one look and stopped looking at the camera. Only then did Huo Bing calm down.

Then, he remembered what Huo Ge had just said and immediately gritted his teeth in anger.

The wound from being hung and whipped six years ago was still on his back. If not for Huo Huai and the elders pleading for mercy, he would probably have died.

At that time, Huo Bing really did not expect Old Madam Huo to be so ruthless to him. He had only thrown a few miscellaneous items in Huo Ge's room, but Old Madam wanted him dead.

Huo Bing really could not understand. He was clearly his father's child and Grandma's biological grandson, but his Grandma really wanted him dead.

And Huo Ge was actually so vicious. He actually wanted Grandma to beat him up. He was clearly targeting his life.

Huo Bing's eyes turned sharp. It seemed like the Huo Family really could not be shared by the two of them. With Huo Ge around, his life probably wouldn't last long.

He didn't want to die, so he could only let Huo Ge die.

In Huo Bing's opinion, if Huo Ge died, no matter how much Old Madam Huo doted on him, she would not do anything to him, the only descendant of the Huo Family.

Old Madam Huo dared to ignore the fact that he was of the Huo Family's bloodline because she still had the choice of Huo Ge.

When Old Madam Huo had no other choice, he would naturally have the final say in the Huo Family.

Huo Bing leaned forward slightly and continued to stare at Huo Ge. He wanted to know more about his half-brother. It was best if he could catch some small evidence.

Xiao Ming, who was on the other side, saw the hidden mini surveillance camera through Huo Ge's gaze. His lips curled up slightly. How could such a small trick remain hidden from them?

This type of surveillance camera was about to be eliminated in Country D. Huo Bing was indeed not very smart. He did not even know how to buy better things.

A mocking smile appeared on Xiao Ming's face, but he pretended not to see it like Huo Ge.

Instead of letting the enemy get some surveillance cameras in again, it was better to leave this here. When the time came, he might be able to use it.

Xiao Ming leaned in front of Huo Ge and blocked the camera with his back. Then, he stuffed a note into Huo Ge's hand.

After glancing at it indifferently, Huo Ge said, "Let's go and see someone.."

Chapter 523: Taunt

As he spoke, he brought Xiao Ming out. When Huo Bing saw that he was about to leave, he immediately stood up and opened the bedroom door to the living room.

When Huo Ge walked past the living room, he did not even look at Huo Bing.

It was not until he reached the door that Huo Bing asked loudly, "Huo Ge, are you still going out so late?"

Huo Ge stopped in his tracks. He didn't know why Huo Bing, this idiot, stopped him. He just looked back at Huo Bing and asked casually, "Yes! Is there a problem?"

Huo Bing said very loudly, "It's nothing. I was just thinking. Why are you going out so late at night? I was afraid that you wouldn't be safe. I was wondering if I should accompany you."

Huo Ge looked at Huo Bing with interest. When Old Madam Huo heard that Huo Ge was going out, she immediately rushed out of the room and asked in surprise, "Xiao Ge, it's so late. Where are you going?"

Before Hogo could speak, Huo Bing spoke first. "I heard that nightlife overseas is very exciting. I wonder if you've developed the habit of going out at night,

Huo Ge?”

Huo Ge looked disdainful. He had thought that Huo Bing had some tricks up his sleeve, but he did not expect Huo Bing to attack him with such childish words.

Could it be that Huo Bing thought that by defining him as a hedonistic son of a rich family, Grandma would reduce her bias?

It had been so many years, but Huo Bing was still so naive? He felt a little stupid. He was indeed the biological son of that idiot, Huo Huai. He did not look very smart in certain aspects.

Huo Ge only looked at Old Madam Huo, who had rushed out, and said, “Grandma, I want to see the night scenery in the capital. I haven’t seen it in a

long time, and I want to meet a few friends.”

Huo Bing asked exaggeratedly, “Huo Ge, you have friends in the capital too? I always thought that your circle of friends had always been overseas. I’m sorry, I just saw that you brought back so many people and thought that you were going to bring them out to do something, so I asked you. This is the capital. Huo Ge, once you’re out, you represent the Huo Family. It won’t be good if you cause trouble.”

Old Madam Huo naturally knew that Huo Bing was being sarcastic, but she was indeed curious about what the people Huo Ge brought back did.

It was mainly because she could feel the murderous aura on those people. That murderous aura was not something ordinary people could cultivate.

Huo Ge lowered his head and smiled. “I invited these people back to protect myself. I didn’t want to experience the kidnapping when I was 11 years old a second time, so I specially hired someone to protect me when I came back this time. Why? Do you think there’s a problem, Huo Bing?”

When he returned at the age of 11, Huo Ge was careless and was almost killed by the kidnappers, so what he said now was reasonable.

When Old Madam Huo heard Hog's explanation, the suspicion in her heart disappeared without a trace. She pulled Huo Ge and said with heartache, "No problem! How can there be a problem? Xiao Ge, if you don't have enough people, tell Grandma. Grandma will give you more."

Huo Ge patted the back of Old Madam Huo's hand gently and smiled. "There's no need, Grandma. I've learned to protect myself now. I carefully chose these people. They're very powerful. Grandma, I'll go out first. I'll be back late tonight."

Old Madam Huo immediately nodded and instructed, "Then have fun with your friends. Be careful!"

Huo Ge nodded and looked mockingly in Huo Bing's direction.

He had always known that the eldest son of the Huo Family, who had no status, was not smart. However, he did not expect that after so many years, Huo Bing was really old and brainless.

After Huo Ge left, Old Madam Huo's gaze turned cold.

She turned to look at Huo Bing and said coldly, "Don't think I don't know what you're thinking. Do you really think I'm an old fool? Just take care of yourself and stop paying attention to Xiao Ge."

Huo Bing nodded submissively. After Old Madam Huo left, he looked up, his eyes filled with anger.

Lin Rong sighed inwardly when she saw her son like this upstairs. Then, she turned around and prepared a change of clothes for her husband.

Serving her husband well was what she could do for her silly son now.

Huo Ge brought Xiao Ming to the place where Chu Yun was imprisoned..

Looking at Chu Yun's empty eyes and dazed expression, he asked, "Is she really crazy?"

Chapter 524: Pretending to Be Mad

Someone beside him said, "That's the case for now. We can only confirm if she's really crazy after a medical examination."

"Why go through so much trouble? There are other ways to determine if someone is crazy, right?" Huo Ge found a spot and signaled Xiao Ming to start. Xiao Ming immediately understood and went out to take out many tools from the car.

As Huo Ge drank the tea made by the person beside him, he prepared to enjoy the show that was about to begin.

On the other side, when Chu Yun saw a few people approaching her, her expression began to become terrified.

She was so afraid of the danger that she screamed and hid behind.

Xiao Ming, who usually looked a little unreliable, stepped forward very quickly at this moment. With a look, the two people beside him grabbed Chu Yun and quickly stuffed a dirty cloth into Chu Yun's screaming mouth.

Chu Yun widened her eyes in fear and shook her head, wanting to break free.

But her struggles were useless in the eyes of these people. She could only watch helplessly as Xiao Ming held the sharp needle and pierced it under her nails.

Her fingers were connected to her heart, and the piercing pain at her fingertips instantly spread to Chu Yun's head. Chu Yun was in so much pain that her eyeballs protruded. After a few moments, her eyeballs were filled with red blood vessels.

Huo Ge took a sip of tea and looked at Chu Yun, who was on the verge of death after the pain, but her eyes were starting to reveal a hint of clarity. He sneered and said, "Are you still planning to pretend to be crazy? Such a small trick is really not enough to trick us."

Xiao Ming also sneered at the side. "In Country D, lunatics appear every day. Let me tell you, your acting is not at all like it. Real lunatics don't behave like you."

Chu Yun looked at the person in front of her hatefully. Huo Ge got someone to take out the cloth from Chu Yun's mouth and leaned against the armrest of the chair loosely. He waved away the people beside him, leaving only Xiao Ming.

"Your Master Zhou asked me to ask you what happened to Lin Yin. Shouldn't she have died more than ten years ago?" Huo Ge asked.

Chu Yun, who was not pretending to be crazy, sat obediently at the side. Her ten fingers were bloody and trembling.

"I want to talk to him personally." Chu Yun's voice trembled with fear.

When Chu Yun found out about Lin Yin's existence, she had thought that this day might come, so she had not dared to contact him recently.

She had originally planned to find someone to kill Lin Yin. This way, no one would know that Lin Yin was not dead back then, and no one would know that she had not completed the mission back then.

However, at that time, it was discovered that Su Fei wasn't Su Zhen's daughter. For a moment, she did not know where to find a girl of the same age, so she pulled some strings and brought Lin Yin to the Su Family.

Her original intention was to not let Lin Yin look for her parents. At the same time, Lin Yin had become her daughter. The Mu family would not think that a girl who had already undergone a paternity test would be a child of their Mu family.

Of course, at that time, she still felt that it would be easier to kill Lin Yin with some tricks if she was placed under her nose. This way, no one would know.

Therefore, when Su Zhen suggested giving Lin Yin to Ma De in exchange for benefits, Chu Yun was secretly happy.

Because this way, she could deal with Lin Yin openly and not have to do it herself.

Unfortunately, for some reason, Su Fei, her biological daughter, was the one who was kidnapped and sent to Ma De's side. A good opportunity was wasted.. When she saw Lin Yin and Ye Wen today, she knew that things were bad.

Therefore, she was afraid that the Mu family would push all the blame to her when they found out. After all, she had indeed done something bad to Ye Wen in the past.

If it was said that she was the mastermind, the Mu family would believe her.

Hence, she pretended to be crazy because she wanted to reveal that there was someone behind her and that she was not the real mastermind.

However, what she did not expect was that Huo Ge was actually Master Zhou's subordinate. If she knew, she would not have said it so directly.

But how could she know? Ever since Master Zhou left China the last time, there were only occasional calls between them. Even his phone number could not be found, so she did not even know where Master Zhou was.

Otherwise, she wouldn't have said this in front of Huo Ge.

Chu Yun had a feeling that even the heavens wanted her to die.

Xiao Ming looked at Chu Yun warningly.. “Are you sure you want to make conditions with my brother?”

Chapter 525: Two Daughters

Seeing that Xiao Ming was about to step forward with the needle again, Chu Yun immediately cowered in panic and said nervously, “I’m not raising conditions. I just want to make things clear to Master Zhou.”

Huo Ge’s eyes darted around before he said, “Xiao Ming, call Master Zhou and turn on the speaker.”

Xiao Ming put down the things in his hand, picked up his phone, and did as he was told.

Soon, a deep voice sounded on the other end of the phone. “What is it?”

“Master Zhou, we’ve already caught the Chu Yun you asked us to catch. She said that she wants to tell you personally,” Xiao Ming said truthfully.

“Give her the phone,” Master Zhou said calmly.

Chu Yun hurriedly took the phone from Xiao Ming’s hand and carefully glanced at Huo Ge. After meeting Huo Ge’s warning gaze, Chu Yun chose to be honest.

She knew very well that if she complained now and said that Huo Ge had asked her to put him on speaker, then maybe Huo Ge would walk out.

However, when this call ended, perhaps her life would come to an end.

It was obvious that Huo Ge was not someone to be trifled with. If he really killed her, Master Zhou might not do anything to him.

In short, Chu Yun did not dare to gamble.

Therefore, Chu Yun could only choose not to speak and turn on the speakerphone obediently.

“Speak!” Master Zhou said simply.

“I only found out about Lin Yin not long ago. Previously, I instructed Zhou Wei’s mother to pretend to jump into the river with the child. Then, I carried the child and left from another place to avoid raising suspicion. However, I was really sure that I strangled the child to death at that time. Her face was ashen and she didn’t even breathe. I even threw her face down into the smelly ditch. But I didn’t expect her to survive like this,” Chu Yun explained anxiously.

“Is this the explanation you want to give me?” Master Zhou questioned coldly.

Chu Yun knew that it was useless to say anything now, but she still begged, “I know it’s too late to explain now, but I’m really trying to salvage the situation. I was even afraid that Lin Yin would meet the Mu family, so I changed the paternity test and turned Lin Yin into my daughter. I even supported Su Zhen sending Lin Yin to be tortured by Ma De because I wanted Lin Yin to die as my

daughter. That way, no one would ever know.”

“So, why is it like this? I only look at the outcome and not the process. Chu Yun, you know that there’s only one outcome if the mission fails.” Master Zhou’s words were filled with dissatisfaction.

Chu Yun’s eyes were slightly red, and her fingers were bloody. She was still trembling as she held her phone. She asked sadly, “Can’t you spare my life on account that I gave birth to two daughters for you?”

Chu Yun’s words shocked Huo Ge and Xiao Ming.

Xiao Ming looked at Hogo with a gossip expression. His expression seemed to be saying, "Huo Ge, you have sisters, and two at that. Impressive!"

At first, Huo Ge was surprised, but then he smiled disdainfully.

It had to be said that this woman had escaped the net. If she were in Country D, Chu Yun would definitely not have given birth to two daughters. She would have been killed by his possessive mother long ago.

"Chu Yun, what nonsense are you talking about? Don't think you can slander me just because you've slept with me a few times." Master Zhou's tone was a little off as he questioned, "Your two children might belong to someone. Don't blame it on me."

Xiao Ming pricked up his ears to listen. He was really curious.

Huo Ge looked at Chu Yun with pity. In his opinion, no matter how hard Chu Yun struggled, she would die.

If his mother found out that she had mentioned the two daughters she had given birth to for Master Zhou, she would probably die an even worse death.

So Huo Ge looked at the video call in his hand with an evil smile.

"Zhou Li! I only have two men in my life. Since my daughter is not Su Zhen's, she must be yours. A night as husband and wife is equivalent to a hundred days of kindness. Moreover, I gave birth to two children for you. Isn't it worth it to exchange their lives for mine?" Chu Yun's eyes were filled with the desire to live.

She hoped that the man she had once loved would give her a way out and even save their daughter.

"Chu Yun, I've already done my best for you. Back then, when your Chu Family committed a crime, I was the one who saved you. Otherwise, you would have been reunited with your family underground long ago. I advise you not to spout nonsense just to survive!" Zhou Li still did not believe Chu Yun's words.

Chu Yun naturally knew about these things. Otherwise, she would not have helped Zhou Li back then..
