

Real Daughter 591

Chapter 591 - 591: Not Resisting

She did not expect Wei Ji to give her such an answer.

Seeing Wei Ji hold the lollipop tightly in his hand and look at her pitifully, Lin

Yin sighed and reached out her hand. "Give it to me."

Wei Ji immediately smiled and placed the candy in Lin Yin's palm. His round eyes were filled with joy and he looked likable.

"Hey, we just met and someone is already reaching out to take the male student's things. They really dare to take them!" A sour voice suddenly sounded.

Lin Yin and Wei Ji looked at the person who spoke. It was Liu Man and the other two who had yet to leave the classroom.

Wei Ji said angrily, "What are you talking about? Why are your words so unpleasant?"

Liu Man clicked her tongue and sneered. "Student Wei Ji, you weren't angry when I criticized you just now. Now that I've criticized Lin Yin, you're angry. It seems like Lin Yin is really charming. She conquered you in a short period of time?"

After Liu Man mocked Wei Ji, she looked at Lin Yin in disdain and disdain. "Lin Yin, you're really impressive. However, you two are quite compatible. A cripple with mobility issues and a gorgeous social butterfly. So compatible!"

Liu Man was indignant. Why were the two outstanding men yesterday related to Lin Yin? Today, this cute cripple was also related to Lin Yin.

She just couldn't stand the sight of more popular girls loitering in front of her.

In her world, everyone had to revolve around her. It was the same even if she was at Capital University.

Wei Ji was so angry that his cheeks puffed up like a pufferfish. Lin Yin couldn't help but laugh, attracting the curious gazes of the others.

"Lin Yin, what are you laughing at? I said that you've provoked boys everywhere, but you still have the cheek to laugh? You're really thick-skinned to the point of being comparable to the city wall. You're so shameless. You've gotten used to doing these things because you did it so many times." Liu Man said angrily.

At this moment, other than the three of them, there was only Lin Yin and Wei Ji in the classroom, so Liu Man didn't care that her sharp side was seen by others.

"You, you... you're too much!" Wei Ji was so angry that his face turned red. It took him a long time to criticize Liu Man.

"Hey, not only are you a cripple, but you also stutter? Sigh, you did too many bad things in your previous life, right? You committed heinous crimes, right? That's why God gave you such an incomplete body in this life." Liu Man's words became even harsher and unpleasant.

When Wei Ji heard Liu Man's words, he felt inferior.

Liu Man directly attacked someone else's physical flaws, making Su Su and Feng Yu frown in disapproval.

Lin Yin looked at the silent Wei Ji beside her. His appearance of being hurt but not knowing how to resist reminded Lin Yin of that small figure in the past.

Lin Yin looked up at Liu Man with cold eyebrows. "Liu Man, didn't your parents teach you to respect people? According to what you said, your mouth is so foul. You must have been a dung beetle in your previous life. Is that why you were born with such a foul mouth in this life?"

“Lin Yin! What nonsense are you talking about? Believe it or not, I won’t let you survive in this school!” Liu Man threatened Lin Yin loudly in exasperation.

“Alright! I want to see how you can make me unable to survive in school. As long as I can do well in school, it’s because you, Liu Man, are useless!” Lin Yin sneered indifferently.

Wei Ji, who had been so angry that his eyes were red, relaxed and lowered his head to laugh.

Liu Man was so angry that she turned around and left. Su Su and Feng Yu glanced at Lin Yin and left.

Lin Yin glanced at Wei Ji beside her and smiled faintly. “Aren’t you too easy to bully? Haven’t you scolded anyone before?”

Wei Ji looked at Lin Yin with his watery eyes and shook his head in a daze. Then, his eyes were tainted with humbleness and bitterness as he said, “No, it’s usually others who scold me.”

Lin Yin paused and said in disbelief, “Then, aren’t you going to counterattack?”

Wei Ji smiled and shook his head. “They just want to humiliate me. It’s no big deal. Moreover, I can’t counterattack. I’m afraid that if I counterattack, they’ll vent all their anger on my sister.”

Lin Yin fell silent. It was easy to be bullied when one had a weakness.

In her previous life, it was not that she could not retaliate at the beginning, but she yearned for motherly love and kinship, so she had never thought too much about everything the Su Family did, including the poison that Su Fei had fed her for seven to eight years, making her body dilapidated..

Chapter 592 - 592: Wei Ji Is Pushed

And the Wei Ji in front of her did not resist and let others bully her so that her sister would not be bullied.

However, Lin Yin still said in disagreement, “If you don’t resist, they’ll still bully your sister and even be more unscrupulous, right?”

Wei Ji’s expression froze for a moment. Then, after his fingers grabbed the corner of his shirt, he loosened it and said with a sad smile, “There’s nothing I can do. I can’t resist.”

Lin Yin retracted her gaze and said coldly, “Help me thank your sister. Tell her that I like her candy very much.”

With that, Lin Yin left. She didn’t want to talk to someone who didn’t even resist. Today, she would treat it as her talking too much and being a busybody.

The dinner party was set at a very high-end hotel. When Lin Yin entered, there were already many people in class. She found an empty seat and sat down.

She was quiet. Occasionally, when a classmate looked for her to chat, she would joke with them.

Some students at the side discussed the hotel they were at.

“This class monitor is too awesome. When I received the message to come to Sky Hotel for a gathering, I was shocked. I thought it was a scam.”

“Not to mention you, me too. I really didn’t expect that I would be able to come to Sky Hotel for a meal in my lifetime. It can be written in my autobiography’s list of achievements.”

“I just told my parents that I’m coming to Sky Hotel for a meal. Guess what? My parents thought I was bragging and forced me to video call them to prove that I wasn’t lying.”

“Look at how you guys are overreacting. Is this Sky Hotel that impressive? It’s just a hotel, right?”

“You don’t know this. This hotel has previously hosted many foreign politicians and some important figures from other countries. In the Capital, only reputable families can come here.”

“Is it because it’s expensive?”

“That’s not it. The cost of this hotel won’t be ridiculously expensive, nor will it be astronomical. However, you can’t enter without a certain social status and family power. I wonder what divine power the class monitor has to let so many of us in.”

Such discussions had not stopped since everyone entered the hotel. Everyone was guessing the reason why they could enter.

Soon, most of the students in the class arrived. When the class monitor counted the number of people, he realized that Wei Ji had yet to arrive.

Liu Man smiled at Lin Yin, but she said loudly, “Wei Ji didn’t come. We’ll have to ask Lin Yin. I saw Wei Ji give something to Lin Yin today. The two of them seem to be quite close.”

The class monitor didn’t suspect anything. He turned to Lin Yin and asked, “Lin

Yin, ask Wei Ji when he’ll arrive.”

Lin Yin glanced at Liu Man indifferently and said, “I’m not close with Wei Ji.”

“No way? If you’re not close with him, how could you accept Wei Ji’s things? Hey, we’re all classmates. You don’t have to be embarrassed! If you’re dating, just say you’re dating. Why do you say you’re not familiar with him? You can’t despise him just because his body is a little incomplete. Don’t be too realistic!” Liu Man was full of mockery.

The students in the class instantly saw the conflict between Lin Yin and Liu Man. Everyone just watched Lin Yin as if they were watching a show.

Lin Yin looked up and stared coldly at Liu Man. She had never wanted to have too much of a conflict with Liu Man, but this Liu Man was like a plaster. She started attacking when she saw her. It was really annoying.

Lin Yin's cold gaze made Liu Man shiver. Then, Liu Man didn't feel that she had done anything wrong and continued, "Why? Did I guess wrongly? It's fine. If I'm really wrong, you can bring it up and let everyone distinguish for themselves. "

Liu Man said confidently. After all, it was the truth that she had seen Lin Yin take something from Wei Ji.

Under everyone's gaze, Lin Yin didn't say anything, but anyone with a discerning eye could tell that Lin Yin's eyes were already filled with a cold murderous aura.

The student beside her was frightened and was afraid that Lin Yin would run over and hit someone. The class monitor quickly pulled Lin Yin back and said slowly, "Um, Classmate Lin Yin, don't be angry. Classmate Liu Man is just anxious for Wei Ji to come quickly. Don't mind her."

As she spoke, the class monitor turned to look at Liu Man and said in a tone that sounded like they were trying to stop the fight, "Liu Man, I know you have good intentions and want to contact Wei Ji as soon as possible. It's fine. I have his number here. I'll just call him.."

Chapter 593 - 593: Fool

The classmate beside her pulled Lin Yin to sit down, afraid that she would get up and hit someone. After all, Lin Yin's gaze looked really scary.

Lin Yin looked at Liu Man coldly. After her previous life, Lin Yin's temper was no longer as explosive as it was in the slums, and she would not easily get into a direct conflict with others.

However, when she met such a despicable Liu Man today, she really wanted to go up and beat her up to make Liu Man behave.

Liu Man was extremely smug when she saw Lin Yin being pulled by her classmates. She turned around and saw Wei Ji walking in.

Liu Man glanced at Lin Yin and went forward to pull Wei Ji towards Lin Yin.

Wei Ji looked at Liu Man at a loss and said nervously, "What are you doing? Don't pull me!"

Liu Man ignored Wei Ji and pulled him to Lin Yin's side. She swung her hand and threw Wei Ji at Lin Yin, smiling proudly. "Lin Yin, I've sent your cripple to you."

Wei Ji fell on Lin Yin in an extremely sorry state. He even pulled off one side of Lin Yin's clothes, revealing Lin Yin's smooth shoulders.

In an instant, the class was so quiet that one could hear a pin drop. When Wei Ji saw Lin Yin's smooth shoulders, his face instantly turned red. He moved his hands away from Lin Yin's body helplessly and fell onto her lap because he had no support.

Wei Ji was stunned and did not react. He looked like he was stupid.

Lin Yin did not look at Wei Ji, who had fallen on her lap. Instead, she looked at Liu Man, who was watching the commotion.

She adjusted the clothes that had slid down her shoulders and grabbed the clothes on Wei Ji's back forcefully. Then, she threw Wei Ji to the ground and stood up to walk towards Liu Man.

Wei Ji sat on the ground in a daze and did not react. His face was as red as a monkey's butt, but his gaze involuntarily followed Lin Yin. He wanted to say something, but when he saw Lin Yin walking towards Liu Man with a cold aura, he did not know what to say.

When Liu Man saw Lin Yin walking towards her with a murderous aura, she panicked a little. It was mainly because Lin Yin's gaze was really scary. She stammered, "Lin Yin, what are you doing?"

Lin Yin shook off the classmate who was holding her back and picked up a

glass of water beside her, throwing it at Liu Man's face.

Lin Yin wouldn't endure it for the sake of peace. When she disdained to go against others, she could quietly watch others pull their tricks.

However, once the other party provoked her, she would not be so easy to talk to.

"Lin Yin, how dare you splash water on me!" Liu Man shouted sharply. She didn't dare to wipe the water off her face for fear of ruining her makeup.

"If you continue to shoot your mouth off like this, it won't be water that splashes on your face next time." Lin Yin's words were filled with warning.

Liu Man gently wiped the water from her eyes. Her originally good-looking makeup instantly became too horrible to look at, and her eye sockets turned black.

Liu Man was about to reach out to hit Lin Yin angrily. Lin Yin was about to kick out with her right foot when a figure suddenly staggered and stood in front of Lin Yin. The moment Lin Yin was stunned, Liu Man slapped the person in front of her.

Wei Ji covered his face and turned to look at Lin Yin. His voice was still gentle. "Are you okay?"

Lin Yin glanced at Wei Ji. After taking a deep look, she said calmly, "You should be concerned for yourself."

As soon as she finished speaking, Lin Yin pulled Wei Ji, who was blocking her, aside. Looking at Liu Man, who was still self-righteous, she quickly attacked.

Ignoring Liu Man's struggling and shouting, as well as her classmates' persuasion, Lin Yin grabbed Liu Man's hair and sent her to Wei Ji. She said coldly, "I've never owed anyone a favor. Now that the person who hit you is in front of you, hit her back. It's repayment for your favor."

Wei Ji looked at Liu Man, she was struggling in Lin Yin's hand, but was suppressed by Lin Yin. Then, he looked at the indifferent and calm Lin Yin and hesitated.

Lin Yin sighed in her heart and looked a little impatient.

As if afraid that Lin Yin would be angry, Wei Ji raised his right hand and gestured twice, as if he was looking for the angle of the slap.

"Damn cripple, if you dare to hit me, you'll die a horrible death. I'll get my father to beat you to death." Liu Man's hands kept moving everywhere. Even though Lin Yin grabbed her hair and she couldn't move her head, she still couldn't change her arrogant behavior.

The students beside him were originally going to stop the fight. Now that they saw Wei Ji's extremely embarrassing performance, they began to be less nervous..

Chapter 594 - 594: Free

In their opinion, Wei Ji might not attack someone like this.

Lin Yin stared straight at Wei Ji. She wanted to see how long Wei Ji would delay.

Wei Ji looked up at Lin Yin nervously. When he saw Lin Yin's cold and impatient gaze, he subconsciously raised his hand anxiously. It looked very fast, but just as he was about to hit Liu Man's face, his slender hand suddenly paused. Then, as if he was hitting a mosquito, he gently slapped Liu Man's face.

The slap was so light that even Liu Man was stunned on the spot. She looked at Wei Ji, who had already turned to look at Lin Yin, in surprise.

Wei Ji had a forced smile on his lips as he looked at Lin Yin eagerly. His gaze was like a puppy that had completed its mission and was looking at its master eagerly, asking for a reward.

Lin Yin was already shocked. After looking incredulous, she didn't want to

sneak anymore. She let go of Liu Man and sneered at Wei Ji- "I gave you a

chance. If you don't want it, then forget it."

Wei Ji's expression was immediately tainted with worry. He looked at Lin Yin and said timidly, "No, I just haven't slapped anyone before, so I don't know how. I'll learn well. It won't be like this next time."

Lin Yin frowned at Wei Ji. She had the illusion that Wei Ji was just like his sister, a fool.

Liu Man was still looking at the extraordinary Wei Ji from the side. The class monitor immediately came out to smooth things over. After all, it was Liu Man's credit that they could enter such a high-end hotel today.

Logically speaking, he had to help Liu Man, but in the Capital, he could not look down on anyone. Therefore, before he knew Lin Yin's background, he would not stupidly help Liu Man bully Lin Yin. What if Lin Yin had a stronger background?

Feng Yu and Su Su quickly brought Liu Man to the bathroom to tidy up her wet hair and makeup.

Seeing that Lin Yin had been pulled aside by the class monitor to sit, Wei Ji slowly walked over and carefully sat down beside Lin Yin. Then, he obediently stayed there without saying anything. Occasionally, he would turn to look at Lin Yin, looking extremely obedient.

After Liu Man returned, she glared at Lin Yin fiercely, but she did not continue to find trouble with her.

Before the gathering officially started, Lin Yin made the entire class realize how decisive she was. They really did not expect such a good-looking girl to be so violent.

The class monitor asked someone to quickly get the menu. Liu Man had been embarrassed by Lin Yin and urgently needed to regain her dignity in front of her classmates. Then, she said, "I'm very familiar with this hotel, so I suggested that the class monitor bring everyone here. Order whatever you want to eat. I'll get the hotel's general manager to give everyone a discount. I'll cover the rest of the fees."

The students in the class were instantly dumbfounded. They had always thought that they could enter Sky Hotel because of the class monitor, but they did not expect it to be because of Liu Man.

Everyone looked at Liu Man differently. Even those who didn't know the background of Sky Hotel just now were in awe of Liu Man after knowing about it.

The students who were worried that the hotel's meals would be too expensive heaved a sigh of relief. Such a hotel might not be expensive to the rich, but to them, a year's worth of living expenses might not even be enough to make up for it.

Therefore, when Liu Man suggested paying for it, it was equivalent to them eating for free. Naturally, they felt relieved.

Su Su said in surprise, "Liu Man, this is Sky Hotel. There are a total of 30 people in our class. This meal is not cheap."

Liu Man looked up and said disdainfully, "It's just a dinner. At most it'll be about 200,000 yuan. This little money can't compare to the price of my bag. It's fine. Just order with everyone. Eat as much as you want today."

Liu Man glanced at Lin Yin proudly. She wanted to see if Lin Yin was so shameless as to eat the dinner she had treated her to.

Lin Yin couldn't be bothered with Liu Man and just lowered her head to look at the menu.

The dishes were served very quickly. The unfamiliar students began to chat with each other.

However, everyone deliberately avoided Lin Yin and Wei Ji. After all, it was Liu Man who treated them to this meal, so they appreciated it.

Besides, Lin Yin didn't look like someone easy to get close to after how she treated Liu Man just now, so everyone gave up on getting to know her.

On the other hand, Wei Ji looked up at Lin Yin occasionally as he ate slowly.

Lin Yin frowned slightly and turned around to ask softly, "Eat your food.. Why are you looking at me?"

Chapter 595 - 595: Sky Hotel

Wei Ji said a little embarrassedly, "I was afraid that you would be bored and wanted to talk to you."

Lin Yin retracted her gaze noncommittally, and Wei Ji took Lin Yin's reaction as her tacit agreement that he could chat with her.

Wei Ji pursed his lips into a happy line and chatted with Lin Yin from time to time.

Just as they were feeling full, the hotel manager suddenly knocked on the door and entered. He said with a smile, "Hello, students. Our boss asked me to give everyone a hot spring experience card. All the students present today can enjoy our hotel's hot spring spa for free."

The hotel manager's words made the students present jump for joy. They all looked at Liu Man in surprise. In their opinion, this must be because of Liu Man. Otherwise, why would the hotel be so generous to invite 30 people from a class to the hot spring and spa for free?

Liu Man was flattered by the praise of the classmate beside her. She stood up and walked to the hotel manager's side. She calmly took the experience card from the hotel manager's hand and said to the hotel manager with a smile,

"Hello, Manager. General Manager Sheng of your hotel is my uncle. Give us a

50% discount for today's meal. I'll pay you the remaining half later. How about that?"

The hotel manager sized up Liu Man and smiled. "You're welcome. There's no charge for today's meal. There's no need for a discount or for you to pay. Our boss said that a friend of his is a student in your class. Therefore, our boss is treating you all to this meal today. Also, this hot spring spa is our boss's opening gift to all the children."

With that, the hotel manager was about to turn around when Liu Man stopped him.

Liu Man pulled the hotel manager down and asked softly, "Did my uncle really say that?"

Liu Man did not expect her uncle to be doing so well in this hotel. Otherwise, she would not believe that her uncle would take the initiative to give her benefits.

Initially, she had said that she would cover everyone's dinner expenses to earn back her dignity. At most, she would return the money to her uncle later.

Unexpectedly, her uncle gave her such a big surprise in advance.

The hotel manager looked a little confused. Just as he was about to ask, Liu Man looked around and said self-righteously, "Alright, I understand. Manager, help me thank my uncle."

With that, Liu Man retracted her gaze and smiled brightly. "You can leave first. We'll call you if there's anything."

The hotel manager smiled appropriately at everyone, then nodded in the direction of Lin Yin and Wei Ji before leaving.

Wei Ji chewed on the food in his mouth and said, "This Liu Man is quite impressive. She's actually a friend of the boss of Sky Hotel."

"Is Sky Hotel that powerful?" Lin Yin asked curiously.

Wei Ji nodded. "It's considered very powerful. No one knows who the behind-the-scenes boss is, but those who can come here to spend are all people with status and strength. They can't just enter with money. Other than the eight big families, the people from the small families in the Capital can't enter. I was very surprised when I first came."

Lin Yin nodded silently. It seemed like she had to be careful of Liu Man. If Liu Man had some powerful backer, wouldn't she be targeted?

"I feel that you're very familiar with this place. Do you come here often?" Lin Yin asked. Then, she turned around and thought for a moment, as if she suddenly knew the answer to the question. She smiled and said, "I forgot. The

Wei family is among the eight great families. It's normal for you to come here."

Wei Ji smiled self-deprecatingly and said, "How can I have the strength? The

Wei Family is also divided into different ranks. Today is also my first time here. I've come to broaden my horizons."

Lin Yin realized that her words might have touched Wei Ji's sore spot. She silently turned to look at her phone.

After the class monitor saw the hotel manager leave, she also raised her glass happily and said to Liu Man, "We have to rely on Liu Man's uncle this time. Otherwise, we really won't be able to enter such a hotel. Liu Man, I'll toast you on behalf of the entire class!"

The students beside her immediately stood up with fawning expressions. Only Lin Yin and Wei Ji sat unmoved, looking out of place.

Liu Man ignored the two of them. In her opinion, she had won this round..

Chapter 596 - 596: Humiliation

Liu Man raised her wine glass and said to her classmates, "Everyone, you're welcome. I'm just borrowing my uncle's light. I'm also very happy to let everyone eat and drink here."

After the group finished eating, Liu Man swaggered over and invited everyone to the hot spring.

Lin Yin stood up and planned to leave. She believed that Liu Man would definitely find trouble later. She didn't want to cause trouble in someone else's territory.

When Wei Ji saw Lin Yin get up, he quickly stood up and followed behind her.

"Lin Yin, where are you going?" Liu Man's voice was so loud that it attracted the attention of the students beside her.

Lin Yin turned to look at Liu Man and said indifferently, "I don't think I'm worthy of your hot spring, so I plan to go back." Hearing that Lin Yin finally recognized her, Liu Man's lips curled into a carefree smile. "I'm not a petty person. I've long forgotten what happened just now. I've invited all the students in the class, and that includes you, since you're part of the class." When Su Su and Feng Yu heard Liu Man's magnanimous words, they immediately went forward to pull Lin Yin back. In their opinion, this was a good opportunity for Liu Man and Lin Yin to reconcile. After all, they were from the same dormitory. It would be awkward if the two of them were sandwiched in the middle. Su Su persuaded from the side, "Lin Yin, we're all classmates. Some things are in the past. Liu Man is inviting you now, so come along. It's better to resolve enmity than keep it alive, right?" Feng Yu also said, "That's right. We're all roommates living in the same dormitory. We'll be staying together for four years in the future. Let's go together, okay?" Lin Yin looked at the two people on her left and right and the group of students persuading her in front. Lin Yin sighed and said, "Okay!" Lin Yin didn't think that someone like Liu Man

would let go of her conflict so quickly. Therefore, in Lin Yin's opinion, Liu Man might still be planning something. But Lin Yin followed her classmates and left with Liu Man. Seeing Lin Yin leave, Wei Ji followed her. The group followed the attendant to the hot spring. Liu Man stopped in her tracks and waved the hot spring pass in her hand at the attendant. The attendant immediately said respectfully, "Please come in!" Liu Man stood beside the attendant and said to the students in class, "Everyone, quickly go in. As soon as Liu Man finished speaking, the students entered one after another. When Lin Yin and Wei Ji were about to enter, Liu Man suddenly frowned and said awkwardly, "Hey, I don't know these two people. Don't let these unrelated people in." The attendant looked at Liu Man in shock. The Manager had just said that there were 30 students. She had just counted 30 people. Why were these two people no longer students? "Hello, Madam. Are you sure? Our Manager instructed that it's for 30 people," the attendant asked. The students who had already entered looked at each other. They really did not expect Liu Man to do this. At this moment, many people at the entrance looked curiously in Liu Man's direction. Wei Ji looked at Liu Man in shock and frowned. "You called us over yourself." Liu Man sneered and said, "I, Liu Man, invited everyone to the hot spring. Not just any Tom, Dick, or Harry can come. I don't know where these poor lowly people came from, but they actually dared to use my connections to enter Sky Hotel." After Liu Man finished speaking, she said to the attendant at the side, "Hurry up and chase these two beggars out. Otherwise, the class of Sky Hotel will be pulled down by their identities in the future." The attendant looked at Lin Yin and Wei Ji in a dilemma. These two people were indeed not outstanding in their clothes, especially the boy. His clothes had been washed until they faded, but they were not beggars. However, it was obvious that the girl with the hot spring pass wanted to cause trouble, so she had no choice. Hence, she said to Liu Man with a professional smile, "Madam, why don't you go in first? I'll deal with it here." Liu Man glanced at Lin Yin smugly and turned around to enter. Seeing that Lin Yin was blocked at the door, the students who had already entered but were standing at the entrance whispered. "I thought Liu Man really didn't care. So she wants to humiliate Lin Yin and Wei Ji in public." "Are we just going to watch as Lin Yin and Wei Ji are barred outside? We're all classmates.. Isn't that bad?"

Chapter 597 - 597: Who Is It?

"What can we do? The hotel owner is Liu Man's friend. Liu Man will naturally chase away the people she doesn't like. Just watch. Not only can Lin Yin not enter the hot spring, she might even be chased out of Sky Hotel."

"Sigh, Lin Yin reaped what she sowed. She doesn't have any backing, but she actually dared to attack Liu Man. Liu Man is just embarrassing Lin Yin in front of everyone now. It's considered very light."

"That's right. Liu Man even knows the boss behind Sky Hotel. She might be the daughter of a big shot. With such an identity, it's probably a piece of cake for Lin Yin to disappear from our school."

“People still have to know their limits. If not for Liu Man’s kindness, Lin Yin would probably have disappeared from this world now, right?”

Wei Ji said angrily, “Liu Man is too much.”

Lin Yin didn’t take what Liu Man had done and those people’s words to heart. Instead, she turned to look at Wei Ji and said, “They only said a few words about me and you’re already angry. Then why weren’t you angry when you encountered something bad?” Wei Ji was slightly stunned. Then, he said in a low voice, “I’m fine. I’m used to it.” Lin Yin snorted ambiguously. Just as she was about to turn around and leave, the attendant stopped her. Lin Yin looked at the attendant in confusion. She looked at the attendant’s hand on her arm and gestured for her to let go. The attendant said awkwardly, “I’m sorry, Madam. Can you wait a little longer?” As soon as she finished speaking, the attendant saw the hotel manager rushing over and immediately heaved a sigh of relief. She had just received news that one of these students was a friend of the boss, so she did not dare to offend anyone or let them go. Fortunately, the manager was here. When the hotel manager saw Lin Yin and Wei Ji standing at the door, his eyes were filled with fear. Then, he immediately smiled and said, “Miss Lin Yin, I’m really sorry. I didn’t expect such a thing to happen. I’ll lead you in myself.” Wei Ji instantly turned to look at Lin Yin in disbelief. Then, he thought of how Lin Yin had appeared at the Huo Family’s banquet and what had happened after that and suddenly felt that it made sense. Wei Ji muttered, “Looks like I’m the one who found the right person.” When Lin Yin heard Wei Ji’s words, she was speechless. Then, she turned to the hotel manager and asked, “Sir, did you make a mistake?” The hotel manager explained, “There’s no mistake. Miss Lin Yin, our boss said that you are our esteemed guest and asked us to treat you well.” “Who’s your boss?” Lin Yin asked curiously. The hotel manager looked at Wei Ji beside him and smiled. “We can only wait for the boss to tell Miss Lin Yin personally.” Lin Yin pursed her lips. They had some status and did not have any ill intentions towards her. They were probably from the Mu family, right? Perhaps, it could also be Lu Ming? Lin Yin smiled self-deprecatingly. It shouldn’t be. Now that Lu Ming didn’t even look at news about her, he probably wouldn’t care about her movements, right? Forget it. Since she didn’t know, she wouldn’t guess. They had sent their good intentions to her, so she just had to appreciate it. The hotel manager was afraid that Lin Yin would leave. He was afraid that he would be fired by the boss. The hotel manager continued to ask nervously, “Miss Lin Yin, shall I bring you and this classmate of yours in?” Lin Yin looked at the hotel manager’s terrified expression and nodded with a smile. “If that’s not too much trouble.” “No, no. Miss Lin Yin, you’re joking. You’re too polite. It’s my honor to be able to serve a beautiful lady like Miss Lin Yin.” The hotel manager flattered Lin Yin while making an inviting gesture. He smiled respectfully and said, “Please come in.” The classmates who were still choosing swimsuits inside were stunned when they saw the hotel manager invite Lin Yin and Wei Ji in so respectfully. Liu Man glared at Lin Yin unhappily and questioned the hotel manager sternly, “What’s wrong with you? Didn’t I say that the two of them can’t come in? Don’t you understand? Do you want me to call my uncle over before you can understand what I’m saying? The attendant beside her was stunned on the spot. She did not expect Liu Man to be so powerful that she even dared to scold their manager like this. The hotel manager frowned and asked, “Your uncle? Is he the Sheng...”

Chapter 598: Hot Spring Dispute

The hotel manager couldn't remember for a moment. Liu Man immediately said, "My uncle, Sheng Cheng, is the general manager of Sky Hotel. Are you afraid? If you're afraid, quickly chase these two out. Otherwise, when my uncle comes, you'll have to pack up and leave."

The hotel manager looked at Liu Man's overbearing appearance and smiled. "Sheng Cheng? General Manager? Are you sure?"

Liu Man snorted and said, "Of course I'm sure. If it weren't for my uncle's instructions, would you have come to give me this free hot spring pass? Would you have come so respectfully to say that it was free for us?"

The attendant beside her kindly reminded her, "Madam, our general manager's surname is not Sheng, nor is his name Sheng Cheng."

As the attendant spoke, he looked at the hotel manager beside him and pointed with his index finger. "He's our general manager. His surname is Lu and his name is Lu Hui."

Liu Man widened her eyes in disbelief. "You're talking nonsense! My uncle told me that he's the general manager of Sky Hotel. If you don't believe me, I'll call him now. You'll know after asking."

As soon as Liu Man picked up Sheng Cheng's call, she immediately cried in an aggrieved voice, "Uncle, the people from your hotel are bullying me. They don't care about you, the general manager, at all. Are you going to care?"

Sheng Cheng didn't really want to interfere in Liu Man's matters, but he cared about his ego, so he scolded in a hard voice, "Which bastard dares to bully my niece? Where are you now? Tell me, I'll support you."

When Liu Man heard Sheng Cheng's words, she straightened her back and looked at Lin Yin and Lu Hui arrogantly. Then, she continued, "I'm in the swimsuit shop in front of the hot spring in your hotel."

There was a few seconds of silence on the other end of the line. Then, Sheng Cheng said, "Wait, I'll be over in a while!"

Liu Man hung up the phone and snorted at Lu Hui and Lin Yin. "You'd better apologize to me now and get lost. Otherwise, when my uncle comes, you'll be even worse off. Lu Hui, right? Your superior is coming over. Think about it yourself. If you chase Lin Yin out now, I can still plead for you later."

Lu Hui smiled. He had been working at Sky Hotel for so many years. Other than the boss, no one else dared to be his superior. "Alright! Then I'll see how my superior punishes me."

After Lu Hui finished speaking, his attitude became gentler when he turned to Lin Yin. He smiled and said, "Miss Lin Yin, you can choose your favorite swimsuit with your classmates. Leave the rest to me."

Liu Man did not expect the hotel manager to be so unyielding. She sneered and said, "You overestimate yourself."

Lin Yin refused to pick a swimsuit. She was not interested in the hot springs and just wanted to see what would happen to Liu Man.

Seeing that Lin Yin did not move, Wei Ji did not move either. He stood behind Lin Yin like a loyal guard.

The classmate beside her went forward and advised Lin Yin, "Lin Yin, don't argue with Liu Man. We're all classmates. We don't want you to have a conflict. Why don't you leave first?"

Lin Yin only glanced at the classmate indifferently and said, "Thank you for your concern, but I choose to believe in the hotel manager this time." The students beside her were all mocking Lin Yin's naivety.

"We were able to enter because of Liu Man. Did Lin Yin even get a clear picture of the situation?"

"That's right. I wonder what miracle Lin Yin is looking forward to. Liu Man already said that her uncle is the general manager, but Lin Yin still doesn't believe her."

Of course, some students were skeptical and retorted, "But didn't the attendant say that the Lu Hui in front of us is the general manager?"

Soon, someone came out to object. "Some attendants are inexperienced and don't know their superiors at all. Besides, think about it. Why can we enter, why can we eat for free, and why is there a free hot spring spa? Isn't it Liu Man who brought it to us? If Lin Yin really knows the general manager, why didn't she ask for these benefits for us?"

Someone immediately echoed, "That's right.. If Lin Yin really has the ability, why didn't she show us the benefits like Liu Man?"

Chapter 599: Uncle

Everyone discussed animatedly. Lu Hui didn't care and even thoughtfully asked the attendant to bring chairs for Lin Yin and Wei Ji to sit on.

Looking at Lu Hui's fawning attitude towards Lin Yin, Liu Man felt extremely disdainful. How could such a person, who looked like he was groveling, be the general manager of Sky Hotel? What a joke.

Her uncle looked more like it. Just his figure alone made him look like a superior.

As Liu Man was thinking, a huge figure entered from the door. Liu Man's eyes lit up and she rushed towards the huge figure with an aggrieved expression. She complained pitifully, "Uncle, you're finally here. The people from your hotel are simply too unruly. They actually questioned you."

Sheng Cheng was originally aggressive, but when he saw Lu Hui standing in front of the crowd, his aura immediately disappeared without a trace.

Liu Man did not notice the change in Sheng Cheng's expression. She just pulled Sheng Cheng and pointed at Lu Hui's nose. "It's him. This person is simply lawless. He actually said that he's the general manager of the hotel."

Liu Man was looking forward to Lu Hui kneeling on the ground and begging her, but she did not expect Sheng Cheng to push Liu Man away and rush to Lu Hui. He asked nervously, "Manager Lu, why are you here?"

Lu Hui looked at Sheng Cheng with a faint smile. "General Manager? General Manager Sheng? Vice Manager Cheng, I didn't expect you to be so glorious outside. I haven't seen you for a night and you become my superior?"

Sheng Cheng was sweating profusely and said with a terrified expression, "Liu

Man heard wrongly. I said Vice Manager. She misunderstood."

Liu Man asked in confusion, "Uncle, what are you talking about? Didn't you say that you're the general manager of Sky Hotel? Isn't your surname Sheng? Why are the others calling you Manager Cheng? And you even became Vice Manager?"

The attendant at the side whispered, "Manager Cheng has always been the Vice Manager. The general manager of our hotel is Lu Hui. I've undergone training when I came in. The general manager for the past few years has always been Lu

Hui.

Everyone instantly understood. From the looks of it, Sheng Cheng was trying to puff himself up at his own cost. He was clearly the vice manager, but he said that he was the general manager.

Everyone looked at Liu Man and Sheng Cheng with disdain.

Lu Hui's eyes were dark as he said, "Boss repeatedly instructed us to treat Miss Lin Yin well and Miss Lin Yin's classmates well. In the end, your niece pretended to be Boss's good friend and acted tyrannically

here. As her uncle and the vice manager of the hotel, how do you think we should deal with this matter?"

Sheng Cheng naturally knew what his boss had instructed, but he really did not expect his niece to be involved in this matter.

Sheng Cheng immediately turned around and slapped Liu Man hard. He scolded, "Apologize to Miss Lin Yin! If Miss Lin Yin doesn't forgive you, see how I'll deal with you!"

Liu Man was slapped in public by her uncle. She was so shocked that she stood rooted to the ground and did not move.

Seeing that Liu Man did not react, Sheng Cheng reached out and pulled Liu

Man hard, throwing her in front of Lin Yin. He shouted, "Apologize quickly!"

Liu Man finally came back to her senses. She looked at Sheng Cheng and questioned him loudly, "What right do you have to hit me? I didn't do anything wrong. Why should I apologize? You were the one who said that if I went to Sky Hotel, I could get a discount in your name. You were the one who said that you're the general manager of Sky Hotel and I can do whatever I want, right?"

Sheng Cheng felt bitter and couldn't say anything. At that time, he just wanted to flatter himself in front of his sister and brother-in-law, so he said that.

This was because he knew very well that with the Liu Family's family background, they could not enter Sky Hotel at all. Lu Hui had always kept a low profile, so he was not afraid of his lie being exposed.

At that time, he had never expected that Liu Man would enter by a freak combination of factors because she was classmates with Lin Yin.

Lu Hui sneered and said, "Your niece said that it's because of you, her general manager uncle, that the entire class can enter this hotel. . It's also because of you, the general manager, that they could eat for

free. It's also because of you that they can get a free hot spring spa. Sheng Cheng, I didn't expect you to have such strong connections.. Why don't I get involved with you the next time I come to the hotel?"

Chapter 600 - 600: No Need to Exempt

Hearing Lu Hui's sarcastic words, Sheng Cheng immediately panicked and said with a smile, "Manager Lu, don't say that. It's my fault this time. I apologize. I'm here to apologize to Miss Lin Yin."

As he spoke, Sheng Cheng turned to look at the girl sitting on the chair. Only Lin Yin was sitting calmly, so Sheng Cheng could tell at a glance who Lin Yin was.

Sheng Cheng apologized to Lin Yin with a groveling expression. "Miss Lin Yin, it's my fault. I care about my reputation. I didn't teach my niece well and let her impersonate you. It's my fault for acting like a tyrant in the hotel. You're a magnanimous person. Don't be angry. Don't be angry."

The students beside her were already stunned by the reversal in front of them.

"So, we've been mistaken all along? We can come in because of Lin Yin? We can get a free meal and receive preferential treatment because of Lin Yin? Not Liu

Man?" "That seems to be the case. We were indeed mistaken. No, we were deceived by Liu Man." "So Lin Yin is the hidden baller? I wonder which family she's from. You can't usually tell when someone is that rich." "Sigh, those who are really rich are very low-key. I admit that I was wrong!" "That Liu Man is really too disgusting! She actually lied to us like this. It's clearly all Lin Yin's credit, but she stole it and she's still smug about it." "Stop talking. Now that she's been exposed, even I'm embarrassed for Liu Man." "You don't even know what your family is capable of, yet you still come out to pretend to be rich. I'm dying of laughter." Liu Man listened to the discussions around her and was so embarrassed that she wanted to find a hole to hide in. She really did not expect the truth to be like this. She really thought that it was because of her uncle that she received preferential treatment. None of this could be blamed on her, could it? Seeing that Lin Yin did not respond to his apology, Sheng Cheng immediately pulled Liu Man back, wanting her to apologize. This job was decent and the salary was high. He did not want to lose it. He was a live-in son-in-law. In the past, when he did not have a good job, he was always despised by his wife's family. After he found a job as the vice manager of Sky Hotel, the attitude of his wife's family towards him became much better, so he had to keep this job. At the thought of this, Sheng Cheng pressed Liu Man in front of Lin Yin with all his might. Then, he pressed Liu Man's head hard with one

hand, making her lower her head and admit her mistake in front of Lin Yin. Liu Man felt too humiliated. She bit her lower lip tightly and did not speak. The tears in her eyes fell one by one, hitting the ground and disappearing into the expensive carpet. After being forced to bow to Lin Yin countless times, Liu Man finally heard Lin Yin's faint voice. "Forget it. I'm in a bad mood just by looking at this." Lin Yin stood up slowly and patted her clothes. Then, she said, "Manager Lu, we can't eat the hotel's food for free, so let's charge a normal fee for this meal." Lin Yin didn't know who was behind her, but she didn't want to owe anyone a favor. In her opinion, there was no need for her to owe someone a favor for some unfamiliar classmates. It was not worth it. Lin Yin's words were like a stone thrown into a calm lake, instantly causing an uproar among the students who were watching the show. This meal was not cheap. If the cost of this hot spring was added, wouldn't it be even higher? Many people instantly put down their swimsuits and looked at Lin Yin in embarrassment. Lu Hui looked at Lin Yin and asked uncertainly, "Miss Lin Yin, are we really going to do this?" The boss had originally wanted Lin Yin and her classmates to enjoy the joy of their first meeting, but from the looks of it, there was no joy. However, there were a lot of annoying things. When Lin Yin was ostracized just now, only the unfavoured son from the Wei Family stood on Lin Yin's side. To be honest, there was indeed no reason to upkeep the relationship with such classmates. Feng Yu immediately panicked. She had secretly seen the bill just now. A meal costs more than 200,000 yuan, almost 300,000 yuan, so it was equivalent to almost 10,000 yuan per person. To some rich people, 10,000 yuan was nothing, but to her family, it was really not eating food. It was eating money. Feng Yu looked at Lin Yin pitifully. She hoped that Lin Yin could change her words. After all, the boss had already said that it was a free meal. She hoped that Lin Yin wouldn't refuse..
