

Real Daughter 611

Chapter 611: Cultivating Feelings

Huo Ge took a few steps back from Wei Ji's push and looked at him fiercely.

Lin Yin subconsciously brought Wei Ji behind her and met Huo Ge's gaze. She said coldly, "What exactly do you want?"

Huo Ge was the daughter of the Huo Family, and Wei Ji was the abandoned son of the Wei Family. If Huo Ge wanted to deal with Wei Ji, other than the stupid Wei Xuan, no one in the Wei Family would help Wei Ji, right?

Therefore, Lin Yin still didn't want Wei Ji to face the lunatic Huo Ge in front of her.

Huo Ge retracted his fierce gaze and only raised his eyebrows with a smile. "I just miss you and want to have a meal with you. Why are you so hostile to me? We're a future couple. Isn't it normal for us to have a meal together and nurture our relationship?"

Lin Yin said coldly to Huo Ge, "Future couple? I'm sorry, I won't admit it! You kidnapped me first, and I had no choice but to agree to it later. That was just a plan to escape and save who I needed to save. The law stipulates that a contract that was made during coercion can be revoked, let alone the verbal agreement when being coerced. I was forced to agree to it when my life was in danger, so I won't admit it!"

Huo Ge looked at Lin Yin's serious denial and smiled. "Alright! It's fine if you want to go back on your word. I'm not such an unscrupulous person. I can woo you, right? You can't stop me from pursuing you, right?"

Lin Yin sized up Huo Ge disdainfully. "Then I advise you to give up as soon as possible. No one likes someone like you!"

With that, Lin Yin reached out and grabbed Wei Ji's arm. She turned around and left, whispering to Wei Ji, "This person is Huo Ge from the Huo Family. He's a lunatic. Stay away from him in the future, understand?"

As Wei Ji watched Lin Yin hold his hand, he nodded obediently and said, "Okay,

I understand.'

Huo Ge watched as Lin Yin pulled Wei Ji away. He chuckled and followed her. He pestered Lin Yin and said, "It doesn't matter. It's fine as long as I like someone. Xiao Yinyin, I have never failed with the person I liked."

Lin Yin couldn't be bothered with Huo Ge and pulled Wei Ji to the canteen. In the end, Huo Ge, this wad of gum, kept following Lin Yin.

The two groups of people hiding in the dark kept staring nervously.

One group saw suspicious strangers surrounding Lin Yin, and the higher-ups already told the other group to not let Huo Ge approach Lin Yin.

On the other side, Lin Yin held her plate and treated Huo Ge as invisible. She ignored him, ordered food with Wei Ji, and swiped her card.

Huo Ge also learned to take a plate. After ordering a few dishes, he took out cash and handed it to the worker.

However, just as he turned around, the worker behind him reacted and said loudly, "We don't accept cash here. You have to swipe your school card!"

This loud voice instantly attracted the attention of the students in the canteen.

Huo Ge didn't have a school card. He just said awkwardly, "Ma'am, I don't have a school card. Can't you just accept this cash?"

The auntie sized up Huo Ge impolitely. "I said I won't accept cash. You're not a student from our school, right? You sneaked in to eat the student meal, right?"

Everyone looked at Huo Ge. No matter how thick-skinned Huo Ge was, he was a little embarrassed.

Huo Ge turned to look at Lin Yin, who was sitting and eating with Wei Ji. Huo Ge snorted. He was embarrassed, so Lin Yin could forget about escaping.

Huo Ge frowned slightly and looked at Lin Yin before saying loudly, "Yinyin! Even if you've fallen in love with someone else, even if we've broken up, you can't take my school card to treat other male students to a meal, right?"

Everyone's gossiping gazes instantly turned in the direction of Huo Ge's gaze. However, there were a lot of people in that direction. Coupled with Lin Yin deliberately hiding, no one knew who the girl who used her ex-boyfriend's school card was.

Lin Yin turned sideways. In any case, she did not want to admit that she was the Yinyin that Huo Ge was talking about now.

Seeing that Lin Yin did not react, Huo Ge immediately looked at her with a mischievous smile and said loudly, "On the table beside the pillar, there's a girl called Lin Yin with a ponytail and a champagne-colored shirt. Are you sure you don't want to come and save your ex-boyfriend?"

Everyone's gazes instantly landed on Lin Yin and they pointed at her.

Lin Yin looked at Huo Ge angrily. If hateful gazes could materialize, Huo Ge would probably have been riddled with holes by Lin Yin's sharp gaze..

Chapter 612: School Card

Wei Ji stood up angrily and wanted to argue, but he was stopped by Lin Yin, who stood up faster than him.

With so many people watching, Lin Yin didn't want Wei Ji to limp in front of so many people.

After holding Wei Ji down, Lin Yin approached Huo Ge with a faint smile. In front of everyone, she grabbed Huo Ge's hair and pushed his face against the window for facial recognition payment.

"Invalid student, please complete the facial verification first!" came from the window.

Lin Yin sneered and raised her face up. The payment was successful.

The students who were watching the commotion instantly looked at Huo Ge in disdain.

"This person can't pay with his face. He's not a student from our school, right? This year's new students have probably already verified their faces by this time, right?"

"That's right. So it's slander when this person says that Lin Yin used his school card, right? It's too disgusting. How can there be such a person?"

"What do you know? When men and women break up, they become like enemies. Many people can't wait to slander their exes."

"So, these two are the couple who broke up, right? Since they hate each other so much, the probability is very high! "

"I think so too. The guy wants to ruin the girl's innocence and the girl looks at the man so coldly. It seems like there's no way it's a peaceful separation."

Lin Yin ignored the theories of the people around her and kindly explained to the dumbfounded Huo Ge, "Don't tell me you don't know that all our school cards have been verified by facial recognition? Your face isn't in our school's student library, so you're not a student of our school at all. If you want to slander someone, you should grow a brain, idiot! Treat this meal as if I'm treating a mentally unsound stranger! You're welcome. Enjoy it slowly!" With that, Lin Yin sneered and turned to leave.

Huo Ge widened his eyes and looked at the back of Lin Yin's head, wishing he could punch a hole in it. He had always been the one to call others idiots. When has someone dared to call him an idiot?

Huo Ge held his plate angrily and sat beside Lin Yin without asking. He said angrily, "Who are you calling an idiot?"

As Lin Yin ate her food leisurely, she said calmly, "Whoever's panicking right now! "

"You!" This was the first time Huo Ge had been annoyed by a little girl. In the end, he only retracted his gaze hatefully and said in defeat, "A good man doesn't fight with a woman!"

Lin Yin sneered and said sarcastically, "If you can't win, so be it. What do you mean by a good man doesn't fight with a woman? It's even more embarrassing! "

Huo Ge felt like he had lost all his face. He glared at Lin Yin angrily, but Lin Yin was still eating her food calmly, not even sparing Huo Ge a glance.

Huo Ge could only sulk at himself. He treated the food in front of him as Lin Yin and bit down hard.

He was clearly here to look for his enemy, but he was angered by Lin Yin, who was suspected to be his enemy.

Wei Ji's gaze shifted between Lin Yin and Huo Ge, as if he wanted to see their relationship clearly.

Sensing Wei Ji's gaze, Huo Ge vented his anger and warned him, "What are you looking at? If you continue looking, I'll dig out your eyeballs to make wine!" Huo Ge's tone was rather harsh.

Wei Ji was also angry. He and Lin Yin had been eating well, but this person insisted on getting involved. He looked very annoying.

“Alright! Dig now! I want to see what wine you’re going to make!” Wei Ji blurted out.

Lin Yin couldn’t help but look up at Wei Ji. Huo Ge widened his eyes at Wei Ji and scolded, “Damn it, fool!”

Lin Yin looked at Huo Ge angrily. “You’re very noisy! Shut up!”

Huo Ge felt even more uncomfortable after being scolded by Lin Yin. Hence, he picked up the drumstick from Lin Yin’s plate with his chopsticks and took a big bite under Lin Yin’s incredulous gaze.

Lin Yin felt that she had probably been cursed right now. Why did she meet a lunatic like Huo Ge?

Seeing that Lin Yin’s expression was not good, Wei Ji immediately picked up the drumstick from his plate and placed it on Lin Yin’s plate. “Lin Yin, eat mine. Don’t get entangled with strange people.”

The three of them ate awkwardly. Fortunately, Huo Ge was a little quieter. Lin

Yin could finally eat a complete meal..

Chapter 613: Past Revealed

After Wei Ji finished eating, he waited quietly and patiently for Lin Yin to finish eating. He suddenly realized that the surrounding students were looking at them differently.

Wei Ji looked around in confusion and saw that the surrounding people seemed to be holding their phones. They looked at Lin Yin and her cell phone at the same time before whispering.

Wei Ji took out his phone whose screen was badly cracked. After a while, his expression turned serious as he looked at Lin Yin suspiciously.

Lin Yin also felt Wei Ji's gaze and asked, "What's wrong?"

Wei Ji stared at Lin Yin's face without blinking, as if he wanted to see what he wanted to see through her face.

Lin Yin turned to the side and saw the surrounding people pointing at her.

At this moment, Wei Ji lowered his head and said, "Someone posted your past online. They said that you grew up in the slums and came from a poor family. Now, you relied on selling yourself to hook up with an old man and became a..."

Wei Ji paused and looked at the word 'mistress' on his phone. He could not bring himself to say it. After skipping the word, he continued, "You snatched away the assets that originally belonged to the Su Family and established the current Shisheng Corporation."

Lin Yin only smiled faintly at Wei Ji's news. She was even more interested in Wei Ji's tone.

At this moment, Wei Ji's voice was no longer as soft as usual. It even had a low aura. This was a little different from his usual self.

When Huo Ge heard Wei Ji's words, he turned to Lin Yin and asked, "Lin Yin, did you grow up in the slums?"

Huo Ge knew that Lin Yin was the Mu family's lost daughter, but he didn't have time to investigate Lin Yin's past. Now that Lin Yin was in front of him, he could ask her directly.

Lin Yin retracted her gaze from Wei Ji and smiled at Huo Ge without hiding anything. "Yes, I grew up in the slums. Why? Do you regret pestering me now?"

Lin Yin didn't know if she had seen it wrongly, but Huo Ge's eyes seemed to have suddenly lit up when he heard that she had grown up in the slums. That was the interest of a hunter in prey.

Seeing Huo Ge like this, Lin Yin couldn't help but be more vigilant.

Huo Ge also realized that his emotions were exposed. He quickly retracted his sharp gaze and smiled. "That's not it. I regret not getting to know you sooner."

Lin Yin felt that Huo Ge was implying something, but she couldn't figure it out either, so she decided not to dwell on it.

Wei Ji kept looking at Lin Yin. When he saw Lin Yin turn her gaze to him, he asked, "Lin Yin, what are you going to do when they slander you like this?"

"Slander? Don't you think it's a little strange for an 18-year-old girl like me, who has no backing, to destroy the Su Corporation and establish the Shisheng Corporation? Don't you suspect that I'm really someone's lover and use those old men to deal with the Su Family?" Lin Yin asked Wei Ji with a smile. Wei Ji shook his head, his eyes shining with trust. "I believe in you."

Wei Ji believed Lin Yin, but the surrounding people did not.

After all, how could an 18-year-old girl who grew up in the slums take down a corporation?

Therefore, everyone was certain that Lin Yin was the mistress of those powerful people and obtained benefits from them.

Hence, Lin Yin left the canteen under everyone's disdainful gazes.

After Lin Yin arrived at the dormitory building, Huo Ge wanted to go up shamelessly. After being scolded by the dormitory manager, he stood at the door resentfully and watched Lin Yin enter.

His gaze landed on Lin Yin's back and he smiled.

Although he did not see Lin Yin's back, Huo Ge had a feeling that Lin Yin was not far off from the person who stabbed his lower abdomen in the slums back then.

If not for the arrival of the rescue team behind him, he would have almost died in the slums.

Although he didn't lose out and stabbed Lin Yin in the back, Lin Yin was the only woman who could hurt him after so many years.

He had never forgotten this enmity.

Of course, there was also that wolf cub-like little boy. He would not let go of these two.

When Lin Yin returned to the dormitory, her roommates had already gone out. Lin Yin hurriedly picked up her books and walked towards the classroom.

The moment she entered the classroom, all the students' gazes were fixed on her.

As usual, Lin Yin wanted to walk towards Su Su and Feng Yu. However, when she reached the seat beside Su Su, Su Su immediately placed the book on the seat beside her.

It was obvious that Su Su did not want Lin Yin to sit..

Chapter 614: Sarcasm

Lin Yin only chuckled in her heart and sat in an empty seat beside her.

When Wei Ji arrived at the classroom and saw Lin Yin sitting alone at the side, he also looked at Su Su and Feng Yu.

Because Su Su and Feng Yu had been sitting with Lin Yin recently, he usually only sat behind her.

Now that he saw Lin Yin sitting alone, Wei Ji could guess the reason.

He still slowly walked to the row behind Lin Yin and sat down behind her, silently supporting her.

Su Su glanced at Wei Ji and sneered. "Some people don't even think about themselves. They're poor and have flaws in their bodies. They actually want to think of an impossible person. What a joke."

Su Su still hated Lin Yin for giving her a hard time in the morning.

For the past few days, she had thought that Lin Yin had come from a big family, which was why she had tried to please her.

Now that she knew that Lin Yin was a girl who grew up in the slums and was a woman who relied on all kinds of men to survive, Su Su naturally wouldn't lick Lin Yin's boots anymore.

Su Su's words immediately caused some people to belittle and discuss Lin Yin.

"To think that we thought that Lin Yin was born noble and knew the boss of Sky Hotel. We didn't expect that Lin Yin would get to know the big boss by selling her body."

"As a girl, to be honest, I'm really disgusted by such acts of selling oneself for money. It's too disgusting and despicable."

"Lin Yin has the Shisheng Corporation. That's even more powerful than the Su Corporation from before. I wonder if she's so powerful because she's being kept by a few old men at the same time."

"It's no wonder. Look at Lin Yin's face. She's relying on her youth. Isn't it a waste to not sleep with a few more old men while she's young and beautiful?"

"That's right. In this era, people laugh at the poor but not at the prostitutes.

What do you know?"

"As expected, our ancestors are right. Women shouldn't learn any knowledge. They should learn etiquette, honor, and shame first. Otherwise, the world will be corrupted by women's shameless actions."

"Hey, hey, hey. If you want to talk about Lin Yin, just talk about Lin Yin. Don't talk about women. Not every girl is like Lin Yin. She acts wantonly and sells her body for money. Such shameless people are not women!"

"Lin Yin is indeed good-looking. This is because the school hasn't started choosing the school belle. If they start choosing, Lin Yin can get into the top three."

"Sigh, I hate myself for not having money now. Otherwise, I would want to take care of her too. I want to taste the looks and bodies that these bosses love."

"Dream on. Can you give Lin Yin a Corporation like Shisheng Corporation?"

Without this ability, you'd better obediently clamp onto your own private parts. Otherwise, be careful not to be beaten up until you have no descendants."

Wei Ji clenched his fists tightly and stood up angrily. The next second, he threw the book in his hand at the person who spoke the loudest. "Are you done talking? How can you attack others with such groundless accusations?"

Liu Man said sarcastically, "Hey, hey, your escort is out to protect you. I heard that there was a fight between two men for a woman in the canteen at noon today. One of them is Lin Yin's ex, right? Lin Yin, you're really capable. It's only been a few days since school started, but you've already made your ex

and current boyfriend fight for you in school. You're indeed a vixen. Even at such a time, you didn't forget to seduce men to stand up for you. You even seduced a cripple. How despicable! "

Wei Ji walked towards Liu Man angrily, but he was mocked by everyone because of his limping pace.

Lin Yin sighed slightly. She didn't know what she had done to encounter such annoying things and some annoying people all day.

As soon as Lin Yin stood up, the class instantly fell silent. Everyone had not forgotten that Lin Yin had pressed Liu Man's head and asked Wei Ji to hit her.

"Wei Ji! Come back!" Lin Yin said.

She really did not need the help of a weak little boy for her own matters.

Wei Ji turned around and looked at Lin Yin with red eyes, as if he was feeling indignant for Lin Yin. His stubborn appearance looked extremely pitiful.

Lin Yin sneered and looked at Wei Ji. "She's scolding me. Why are your eyes red? Come back."

Wei Ji looked at Lin Yin for a while before returning to his seat obediently..

Chapter 615: Argument

Liu Man mocked, " Hey, Lin Yin, your dog is really obedient. It's so obedient because it has tasted your skills in bed? After all, you've served a few big bosses. It should be easy for you to use those seductive skills to deal with an innocent male university student, right?"

Su Su immediately added, "That's right. I was just joking with Wei Ji this morning and Lin Yin was already angry. From the looks of it, Lin Yin, you really slept with Wei Ji, right?"

As she spoke, Su Su turned to look at Wei Ji and mocked, "Wei Ji, why don't you tell us if Lin Yin is good in bed? How about it? Let us expand our horizons as well."

"What dirty words are you talking about?! " A shout came from the podium. Everyone turned around and saw the teacher's angry gaze on the podium.

Liu Man only said to the teacher in a strange tone, "Teacher, we're just telling the truth. If the person involved didn't do such a thing, how could it spread.

Lin Yin raised her eyebrows and looked at Liu Man. She said loudly, "The truth? What is the truth? You said that I seduced an old man. May I ask which old man I seduced? Tell me his name and show me the evidence. If you want to convict me, you can't just say it with your mouth. As long as you can't say today, I'll sue you for slander!"

Liu Man did not expect Lin Yin to dare to say such things. She turned to look at Lin Yin and said self-righteously, "Evidence? What evidence do you need? Tell me, didn't you grow up in the slums?"

Lin Yin's expression did not change at all as she replied loudly, "Yes, I grew up in the slums."

Liu Man smiled proudly and said, "Then may I ask how a girl from the slums like you earned so much money to buy the Su Corporation?"

As Liu Man spoke, she looked around at the surrounding students and asked, "Do you believe that an 18-year-old girl from the slums will have so much money to buy the shares of the Su Corporation? That's more than a billion yuan."

Everyone naturally did not believe it. Even the teacher on the podium did not believe it, but she knew in her heart that there were all kinds of strange things in this world. Perhaps she had the ability?

However, before the teacher could speak, Lin Yin had already said, “Just because you don’t have the ability doesn’t mean that others don’t. Liu Man, you’re just guessing. You guessed that it’s impossible for me to have so much money, so you concluded that I must have sold myself for benefits. So, you were the one who posted this news online, right?”

“Yes...” Liu Man was about to say something when she immediately stopped. How could she reveal in front of so many people that Lin Yin’s past was a headline that she had spent money to buy?

Hence, Liu Man took a deep breath and said, “Lin Yin, don’t talk nonsense. I’m just making a reasonable deduction based on the rumors on the Internet. Besides, since they dared to expose you online, they naturally have evidence. Don’t try to bite people.”

Lin Yin smiled and looked around the classroom. “So, Liu Man, you just saw the news online and believed it without hesitation. Then, you didn’t even check and concluded that I really did these things? So, Liu Man, you’re slandering me, right?”

Liu Man was anxious. She did not expect Lin Yin to bring the topic to this point. She quickly explained, “I’m not slandering you. I just think that if you didn’t do it, why would such news spread? Besides, didn’t you just admit that you came from the slums? It means that they really know you and didn’t spout nonsense.”

Lin Yin sneered and said to the class, “Classmates, don’t forget what major we major in. We’re majoring in computer science. Do you really believe in what’s online?”

Lin Yin’s words caused a discussion among the students.

Lin Yin turned to look at Liu Man and asked with a smile, “Liu Man, do you think that as long as it’s news that spreads online, it must be true? That I must have done this?”

Liu Man naturally knew that what happened online could not be trusted, but she was the one who found out about this, so she said firmly, “Anyway, I think that if you don’t want others to know, you have to have done it yourself. Since someone said that you’re a kept woman, there must be a reason..”

Lin Yin looked at Liu Man with a smile and said, "Alright, Liu Man. Remember what you're saying now."

As she spoke, Lin Yin took out a small tablet from her bag and tapped on the screen.

Just as Liu Man looked over curiously, Lin Yin nimbly raised her cell phone and took a photo of Liu Man. Then, she took a photo of Su Su's face.

Liu Man was shocked and asked, "Lin Yin, what are you doing?"

"You'll know in a while," Lin Yin said without looking up.

The teachers below were also curious about what Lin Yin was doing. She was not an old-fashioned teacher. If her student could prove herself, she was willing to spend some time waiting.

Everyone was looking forward to it, and after a few minutes, the corners of Lin Yin's lips curled up slightly. The moment she looked up, there were waves of exclamations in the classroom.

Everyone looked down at their cell phones. Several photos of Liu Man and Su Su partially undressed and kissing deeply from all angles appeared in front of everyone.

At the same time, the popularity of this photo shot up and quickly became a trending topic on the school forum. It was filled with comments in almost a few seconds.

Liu Man screamed at Lin Yin, "Lin Yin, get it off. Get it off, or I'll kill you!"

Su Su was also so angry that her eyes were red. She scolded Lin Yin, "Lin Yin, you're too much!"

Lin Yin looked at Liu Man and smiled. "Look, someone exposed your relationship with Su Su online, so are you really in a relationship with Su Su? Otherwise, why would someone post a photo of you and Su Su? There must be a reason, right? Since they dared to expose you online, they naturally have evidence. Liu Man, tell me, is this the case?"

Lin Yin used what Liu Man had just said to retort her.

At this moment, a sharp-eyed student suddenly said loudly, "The comments below Liu Man and Su Su's pictures are exactly the same as the comments below the post that exposed Lin Yin! Lin Yin directly moved all those people's accounts and comments over. It's a virtual number, not a real account."

When everyone saw that it was really the case, they looked at Lin Yin strangely.

In such a short period of time, she had directly created a trending topic on the school forum. She was really capable.

Liu Man said indignantly, "There's no evidence of you posting these. All of us saw you take photos of Su Su and me just now. So it's all fake. We all saw it. But who knows if what's said about you online is true? It might be true."

Hearing Liu Man's words, Lin Yin's eyes instantly turned sharp. "So, Liu Man, you don't even know if the news online is true or false at all, and you came to slander me! I've recorded what you said just now. Liu Man, wait for the lawyer's letter!"

Liu Man watched as Lin Yin waved her cell phone and shouted angrily in her heart, "Alright, I'm not afraid! As long as this is true, I'm not slandering. The judge will clear my name!"

Lin Yin looked at Liu Man and smiled. "Alright! Then let's see if you'll be prosecuted."

After Lin Yin finished speaking, she lowered her head and fiddled with the small tablet a few times. Soon, the trending topics on the school forum that Lin Yin had just created, including the notifications everyone received, disappeared completely.

Everyone was secretly shocked by Lin Yin's skills. Even the teacher on stage looked at Lin Yin with shining eyes. She was a talent!

Liu Man looked for the news just now. She was still planning to sue Lin Yin for infringing her image or creating rumors that damaged her reputation if anything happened.

In the end, there was nothing!

The students in the class no longer discussed Lin Yin's matter. They were all wondering if Liu Man would be prosecuted for slander.

As someone who had been on the trending searches before, the netizens were not unfamiliar with Lin Yin. Back then, as an ungrateful young lady, Lin Yin had been criticized by the netizens, so it was very easy for the netizens to dig up Lin Yin's past.

But this time, everyone's gaze was mostly on the old men behind Lin Yin. Everyone was guessing how many old men Lin Yin had slept with!

At this moment, the Mu family was silent as they looked at Lin Yin, who was on the trending searches.

Mu Ran frowned. "These netizens are really too boring.. How many old men does Yinyin sleep with? Listen, what disgusting comments are these? Does Yinyin need to sleep with old men? As long as Yinyin likes it, I'll give her a dozen fresh blood to sleep with! Why old men?"

Chapter 617: Can't Lose

Mu Cheng pondered for a moment and said, "If we don't talk about sleeping, I can be considered an old man behind Yinyin. As Yinyin's old man, I feel guilty. I think I should indeed give her some resources that represent fatherly love and backing."

Mu Ran couldn't help but laugh. He felt that his father was a little funny.

In the end, Mu Heng nodded with a serious expression and said, "Dad is right. I suddenly have this realization. As a big brother, who's 10 years older than Yinyin, I'm also an old man. I have to think of doing something to live up to the title of an old man!"

Mu Xiao thought about it and nodded. "I'm older than Yinyin and an old man. I

can't be worse than others. I also have to think about it!"

Mu Ran looked at the men at home in horror. He felt that they were crazy, but his heart told him that he actually did not mind being an old man that Yinyin could rely on.

However, before he could speak, Ye Wen, who was silent for a while, sighed heavily and said in a low voice, "There are rumors about old men outside. It seems like I, the old woman behind Yinyin, is not as useful. I have to think about it too."

After Ye Wen finished speaking, other than Mu Ran, the family suddenly looked at each other with determination in their eyes.

The next second, the family, who had been discussing how to deal with this matter, dispersed and went their separate ways, leaving Mu Ran alone in confusion.

Mu Ran even suspected that it was because he had been out filming for too long that he could no longer keep up with his family's thinking.

In the past, he felt that he was the only unreliable person in the family. But now, he realized that ever since Yinyin returned, the entire family had become a little unreliable.

Mu Ran shook his head with a steady expression and thought to himself that his family had changed. They had changed to become strangely cute.

Then, Mu Ran stood up in all seriousness and brushed his clothes. He muttered, "As an old man older than Yinyin, I can't lose either!"

When Lu Yan saw Lin Yin's scandal, she was so angry that her keyboard crackled when she typed on it and she quarreled with people online.

Lu Yan even asked Gong Ze to defend Lin Yin online. In the end, the two of them were criticized by the netizens without exception.

Gong Ze sent a message to Lu Yan: There must be someone behind this. These people who counterattacked us are too professional.

Lu Yan frowned and looked at Gong Ze's message. She replied angrily: I'm going to ask my uncle for help.

Lu Yan found Lu Ming's account and opened the chat box. When she saw that Lu Ming had yet to reply to the first paragraph, she felt extremely frustrated.

In a fit of anger, she closed the chat and went to comfort Lin Yin. Then, she expressed that she would definitely help Lin Yin.

Lin Yin saw that Lu Yan was filled with righteous indignation and comforted her. Then, she rejected Lu Yan and Gong Ze's help. In her opinion, this small matter was not worth dragging her friends down.

The next morning, the news of Lin Yin became more and more intense. There were even media outlets that took things out of context and said that the female university students of Capital University were collectively engaging in prostitution.

In this era where entertainment was paramount, the truth was not important. What was important was whether everyone was watching.

Most people wanted to see such a scandal happen in a dignified tertiary education institute, where it should not happen. They wanted to see the group of female university students who used to be high and mighty be pulled into the dirty mud and humiliated by others.

The management of Capital University had no choice but to take such a matter seriously.

Liu Man looked at Lin Yin and mocked, “Lin Yin, you’re really great. It’s only been a few days since school started, but you’ve already dragged all the girls from Capital University down. If I were you, I would really have to apologize with my life.”

Su Su also said sarcastically, “Lin Yin, I really didn’t expect you to be such a person. In the past, I was blind and didn’t see your character clearly. Actually, I’m also stupid. When I saw Wei Ji running behind you, I should have known that you’re not someone who knows your place. As expected, you’re really frivolous. I think you should quickly drop out of school to apologize, lest you ruin the reputation of our school’s students.”

Feng Yu stood at the side in silence. She had heard Lin Yin’s words yesterday.

Indeed, the Internet was fake. Even if some things caused an uproar, it did not mean that it was the truth.

Most importantly, Lin Yin had said that she wanted to sue Liu Man. She didn’t want Lin Yin to record what she said now and sue her.

She was just a girl from an ordinary family. She could not afford to experience anything too turbulent in her life..

Chapter 618: Things Get Serious

Just based on what happened to Lin Yin now, if it happened to her, she wouldn’t have the money to hire a lawyer.

Moreover, Lin Yin clearly had a backer.

Although it was indeed not a good thing to be someone's mistress, ordinary girls might not be qualified to be the mistress of those big bosses.

Therefore, Feng Yu wanted to hide obediently at the side and not participate.

She didn't approach Lin Yin because she didn't want to be affected by Lin Yin's rotten reputation. She wouldn't slander Lin Yin because no matter how bad Lin Yin's reputation was, she couldn't afford to offend the backer behind Lin Yin.

Lin Yin didn't take it to heart. She just picked up her book and was about to go to class. She was taking an elective class today and didn't have to go to class with Liu Man and the others.

Right at this moment, Lin Yin was suddenly mentioned in the class group.

Liu Man looked at the class group and grinned. "Lin Yin, the counselor asked you to look for her!"

Lin Yin, who had just walked to the door, picked up her phone and saw that it was true.

Lin Yin didn't need to think to know why the counselor was looking for her. She opened the dormitory door indifferently and walked out calmly.

Liu Man immediately pulled Su Su and Feng Yu along and said, "Let's go take a look too. I want to see what punishment the school will give Lin Yin. After all, what Lin Yin is doing now is embarrassing the entire school. If the reputation of our long-standing school is implicated by Lin Yin, it will be fun."

Feng Yu pulled Liu Man and Su Su and said, "Let's not go and join in the fun, right? I heard that some gangs have gone to Lin Yin's Shisheng Corporation to cause trouble. If we're too close to Lin Yin, we might get injured accidentally, that's not good."

Liu Man frowned and said, "What are you afraid of? It's fine as long as we don't get so close. Besides, those people are here to punish a slut like Lin Yin. They won't attack good girls like us."

Su Su also nodded in agreement. "Manman is right. Those people don't like Lin

Yin, but it's not like they don't like us. It's fine."

Feng Yu was helpless, but in the end, she was still dragged there by Liu Man and Su Su.

As soon as Lin Yin went downstairs, she saw Wei Ji standing at the entrance of the dormitory. She asked calmly, "Why are you standing here?"

Wei Ji twisted his fingers uneasily and said with worry in his eyes, "I'm afraid something will happen to you."

Lin Yin smiled. "Are you afraid that I'll be scolded and my heart won't be able to take it and I'll have a mental breakdown or commit suicide?"

Wei Ji nodded honestly. He was indeed worried.

Perhaps the popularity yesterday was still not enough, so everyone only watched the commotion and said some mocking words.

However, it was clearly different today. The comments about Lin Yin online could be described as crazy.

Some bored people actually used AI to put Lin Yin's face on some naked women. Some people even directly insulted Lin Yin by name, their words extremely unpleasant.

It was said that there were also extremists who directly splashed red paint at the entrance of the Shisheng Corporation and wrote all kinds of insulting words.

How could he be at ease when an 18-year-old girl was faced with such overwhelming insults and might even be attacked? Therefore, he arrived at Lin Yin's dormitory early in the morning.

However, what made Wei Ji curious was that despite the commotion outside, it was very quiet below Lin Yin's dormitory building. No extremists attacked Lin Yin.

Actually, when Lin Yin came down, she only saw Wei Ji and a few scattered students. It was a little strange when there were no strangers attacking.

Those people had already gone to the Shisheng Corporation, but they did not come to school to vent their anger on her?

She glanced around and the corners of her lips curled up slightly. Then, she looked away.

"I'm fine. Go back!" Lin Yin smiled and turned to walk towards the counselor's office.

Wei Ji followed. "Where are you going? I'll go with you."

Wei Ji was worried about Lin Yin traveling alone and limped behind her.

After the two of them disappeared, the group of people around the corner heaved a sigh of relief.

When Lin Yin looked around just now, they almost thought that Lin Yin had discovered them.

They had lost Lin Yin once before, and they had been trained severely for a

period of time. If they were discovered by Lin Yin again and shaken off by her, they would probably be even worse off.

At this moment, a few people who were tied up to the side stammered.

The leader walked over and kicked the person who made the sound.. He said sternly, "Behave yourself! Who do you think you are? How dare you provoke Miss Lin Yin? Do you want to die?"

Chapter 619 - 619: Innocence

Just as she finished kicking someone, the sound of someone being kicked came from the other side. "You dog, how dare you provoke our Miss Lin Yin? Be careful or I'll cripple you."

After the leader on the other side finished kicking, he smiled politely at the group opposite him.

On the first day they followed Lin Yin, the two groups fought. At that time, they all thought that the other party was an enemy and would hurt Lin Yin.

After the two groups fought, they realized that their goal was to protect Lin Yin.

Hence, the two groups of people with swollen faces shook hands and made peace. They would even occasionally exchange experiences.

After the two groups of leaders smiled and greeted each other, they left with the people who tried to hurt Lin Yin.

When Lin Yin arrived at the counselor's office, there was already a group of people sitting inside. They looked like the school's management.

When the counselor saw Lin Yin, he immediately frowned and asked, "Lin Yin, what do you have to say about you being kept by someone?"

Lin Yin looked around and said calmly, "I'm not being kept."

The dean looked at Lin Yin and asked with a serious expression, "Then why are there so many rumors? Lin Yin, right? You're a student of Capital University. Capital University is humiliated because of you. We have to give society an explanation for this."

Lin Yin turned to look at the dean and smiled faintly. "So? What do you want me to do? After I've already made it clear that I'm not a kept woman, what do you want me to do?"

The counselor looked at Lin Yin and said in a louder voice, "Lin Yin, how can you talk to the director like this?"

Lin Yin looked up at the counselor. "I've clarified. I just told you that I'm not being kept. In the end, it's someone out there who's spreading rumors. I'm the victim, but I still have to prove my innocence. Sir, do you think it's fair?"

The counselor was stunned by Lin Yin's question. He was just a worker who had just been admitted to this school this year. How did he know how to deal with this kind of thing?

He only knew that he was so unlucky. Why did he encounter such a thing?

He just wanted to settle the matter quickly. It was best if Lin Yin dropped out of school. Otherwise, it would be troublesome if such a student affected his career.

"Lin Yin, don't be unreasonable. You have to give the school an explanation for this. If you can't get rid of the scandal on you, quickly do a self-reflection and drop out! Otherwise, we'll expel you as a student who violated the rules," the counselor said angrily.

The director looked at the counselor with disapproval and said, "What are you talking about? We still have to investigate the matter."

Lin Yin glanced at the counselor and said to the director, "Explanation? Shouldn't the person who slandered me give the school an explanation? How can I prove something that didn't happen? You even want me to prove it to the entire world now? Otherwise, you want me to admit this crime and drop out of school?"

Lin Yin sneered, her eyes filled with disdain. "As a student of Capital

University, now that I've suffered grievances, the school doesn't support me. Instead, like those people outside, when they hear one-sided things, they question the students of their school? They even threaten the students to drop out of school? How laughable!"

The counselor was about to say something when applause came from the corner. A beautiful female voice sounded. "What a beautiful line. How can you prove something that you didn't do? It's easy to spread rumors but difficult to clarify them. You might as well find the person who spread the rumors and search for evidence!"

"Do you need a lawyer? I'm a lawyer. Can you hire me? It'll be free. I'm also a student of Capital University and have just graduated. I definitely won't let my junior be slandered."

Lin Yin turned to look at the corner. A girl with short hair was walking towards Lin Yin. The girl's eyes were filled with vitality and a clear and innocent look of righteousness.

Lin Yin didn't know the girl's identity and only said politely, "Thank you! But

I've already found a lawyer."

The counselor said angrily, "Lin Yin, you've already found a lawyer.. Why didn't you say it just now? If you just told us earlier wouldn't everything be ok?"

Chapter 620 - 620: Principal

Before Lin Yin could speak, the girl who called herself a lawyer went forward and looked at the counselor mockingly. "It's not that this student doesn't have a way to deal with this matter. She just wanted to see the school's attitude towards this matter."

“Then, she also questioned if the school would watch helplessly and do nothing as their student was bullied. She was disappointed. She was disappointed that the school she regarded as her backer actually convicted her without any evidence and wanted to make her drop out of school!”

The girl snorted and looked at the counselor with disdain. “You’re a teacher?”

You’re simply trash. You’re not worthy of being a teacher!”

“Well said!” A loud voice sounded from the door.

Everyone turned around and saw Principal Wei Chuan enter the office with a serious expression.

The counselor, the dean, and the leaders beside him stood up and greeted Wei Chuan respectfully.

The girl who called herself a lawyer happily went forward and hooked her arm around Wei Chuan’s shoulder. She smiled and said, “Dad!”

Wei Chuan tapped his daughter Wei Ying’s forehead with his index finger and pulled away. “Speak properly. Call me Principal in school!”

Wei Ying stuck out her tongue and retracted her hand.

Wei Chuan’s expression darkened. He looked at the counselor and said, “The law still says that suspicion is unfounded. Capital University actually didn’t investigate our students and assumed that they were in the wrong. You even threatened to make them drop out of school. You’re simply lawless!”

The counselor’s face instantly turned green and red when she heard Wei Chuan’s words. She stammered, “Principal, that’s not what I meant. I just feel that nothing would happen to a righteous person. This suddenly spread like wildfire. There must be something wrong with Lin Yin too. It takes two hands to clap, right?”

The counselor's forehead was already covered in cold sweat. He had only been working for less than two months and did not want to be fired, so he had to stand up for himself.

Wei Ying smiled coldly and went forward to slap the counselor's face! The counselor looked at Wei Ying in confusion and said, "Why did you hit me?"

Wei Ying moved her right hand and smiled. "I just want you to know that you can clap with one hand."

"You!" The counselor was a little angry, but when he thought of how Wei Ying had called Wei Chuan Dad just now, he swallowed his anger.

Wei Chuan also disagreed with Wei Ying's actions and said sternly, "Wei Ying, apologize immediately! No matter what, you can't hit her!"

Wei Ying knew that she had gone overboard just now, so she obediently said to the counselor, "I'm sorry!"

The counselor's words were light. Other than saying that it was fine, there was no other way.

Wei Chuan looked at the director with a dark expression and said, "The students of Capital University are not pushovers. We have to investigate this matter thoroughly."

Wei Ying immediately rushed in front of Wei Chuan with bright eyes and said, "Principal, me, me, me! I graduated as an outstanding student this year. My abilities are super strong. Don't worry, I won't let Lin Yin suffer for nothing."

Wei Chuan looked at his daughter in front of him. Even though he had a serious expression, his eyes were still overflowing with love. "Alright, I'll leave this matter to Wei Ying. Wei Ying, please seek justice for our school's students." Wei Ying bowed to Wei Chuan and said seriously, "Roger!"

Lin Yin looked at the loving scene in front of her and was caught between laughter and tears.

Wei Chuan glanced at the mischievous Wei Ying and turned to Lin Yin. "Lin Yin, if you're innocent in this matter, the school will definitely clear your name. No one can frame a student of our school for nothing and get away with it."

Lin Yin wanted to say that she had a lawyer, but seeing Wei Chuan's serious expression, she still accepted the good intentions of the school.

Wei Chuan looked at the counselor at the side with a stern expression. "I don't think the counselor's job is suitable for you. I'll report this matter to the higher-ups. You can go back and pack your things now and wait for the notice."

The counselor looked at Wei Chuan in shock. He was about to say something when the director pulled him out.

Liu Man and the other two, who were eavesdropping outside, immediately straightened up and pretended to pass by.

After the director and the counselor walked away, they patted their chests and continued to bend down, their ears pressed against the office door.

Wei Chuan's gaze turned in Wei Ji's direction. With the aura of an elder, he greeted Wei Ji, who was standing silently at the side. "Are you used to it in school?"

Lin Yin turned to look at Wei Ji curiously. Wei Ji lowered his head and replied, "I'm used to it.."
