

Real Daughter 631

Chapter 631: Let Go

Seeing Su Fei's indignant and jealous expression, Huo Ge was happy. He got up and patted his slightly damp clothes. He happily took a shower before returning to the Huo Family.

When Old Madam Huo saw Huo Ge return, she looked at him unhappily and said, "Where did you go this time? You haven't recovered yet, but you still run out every day."

Huo Ge went forward and held Old Madam Huo's hand affectionately. He said with a coquettish expression, "Grandma, didn't you say that if I have anything I like, you'll support me in fighting for it? I've taken a fancy to Lin Yin, so I went to fight for it and confess to her."

Old Madam Huo pretended to be angry and immediately asked curiously,

"Really? Did that young lady agree?"

Huo Ge sighed and said, "No, she's fierce. I was still thinking about how to interact with her. I've never seen such a fierce girl."

Old Madam Huo looked at Huo Ge's defeated expression and couldn't stop smiling. "She's fierce? That's good. Grandma likes girls who are fierce and direct. I just can't stand girls that look weak on the surface but are actually full of evil tricks."

As Old Madam Huo spoke, she glanced at Lin Rong and snorted coldly.

Lin Rong immediately lowered her head. Huo Huai, who was beside her, went forward with a headache and said, "Mom, Xiao Ge is fine now. Do you think you can let Xiao Bing out? Xiao Bing has been injured these few days. He's not eating or living properly, and he didn't receive good treatment. He even contracted a fever yesterday. If this continues, Xiao Bing will die."

Lin Rong's eyes instantly turned red, but she didn't dare to cry in front of Old Madam Huo.

Old Madam Huo snorted. "If you don't punish him more severely, he won't remember. Xiao Ge is the legitimate grandson of the Huo Family. Who does he think he is to dare to attack Xiao Ge?"

Lin Rong immediately knelt down in front of Old Madam Huo and said sadly,

"Old Madam, that won't happen. Xiao Bing won't do anything to hurt Xiao Ge. Believe me, Xiao Bing really didn't do such a thing. Old Madam, I beg you, can you spare Xiao Bing?"

"Are you still denying it? Other than you and your mother, who else in the entire Huo Family would harm Xiao Ge? I think you still haven't thought it through. In that case, let Huo Bing be locked up for a while longer," Old Madam Huo said coldly.

Lin Rong knew that her son did want to replace Huo Ge, but she knew very well that Huo Bing would not be so stupid as to attack in front of everyone.

Besides, she had asked Huo Bing carefully. Huo Bing said that he had never hurt Huo Ge. She was Huo Bing's mother, so she could naturally tell if Huo Bing was telling the truth or not.

But the old lady's current attitude clearly meant she wanted her to admit this crime on behalf of Huo Bing.

However, once she admitted this crime on behalf of Huo Bing, Huo Bing would be charged with murdering Huo Ge. In the future, it would be even harder to get the elders of the Huo family to agree to Huo Ge inheriting Huo Huai's assets.

The old lady clearly wanted to use this matter to cut off Huo Bing's hopes of becoming the head of the Huo Family.

Lin Rong fell to the ground and did not speak for a long time.

Old Madam Huo snorted coldly and mocked, "Looks like you still haven't thought it through. In that case, Huo Bing should stay for a while longer."

"Old Madam!" Lin Rong looked up in panic. Her lips trembled as she compromised with tears falling.

"Old Madam, I didn't teach my son well as a mother. That's why Huo Bing made such a huge mistake. It won't happen again. I promise you. We really know our mistake. Old Madam, please let Huo

Bing go, okay?"

Lin Rong's eyes were swollen and her face was pale.

Huo Huai looked at his wife and couldn't bear it. He knelt beside Lin Rong and pleaded with Old Madam Huo, "Mom, take it that I'm begging you. Let Huo

Bing come out. If this continues, I'm going to lose one of my sons too. Mom!"

Old Madam Huo's gaze was still cold as she looked at the scene in front of her. Then, she turned to Huo Ge and asked, "Xiao Ge, you decide. Should we let Huo Bing go?"

Huo Ge Knew what the Old lady meant. He smiled and said, "Grandma, let mm go. We're all family. Besides, I'm indeed much better now."

Only then did the old lady relent. "Since Xiao Ge's not pursuing the matter, forget it. Mingyu, get the people guarding outside the dungeon to retreat."

Ming Yu nodded..

Chapter 632: The Huo Family's Visit

Lin Rong immediately scrambled after him.

When Huo Bing was carried up, he was on the verge of death and his cheeks were sunken.

Old Madam Huo glanced at Huo Bing and said coldly, "Huo Bing, remember this. It was Xiao Ge who asked you to come out today. You have to be grateful and smart. Don't overestimate yourself."

Huo Bing's lips were dry and cracked. He opened his mouth but he could only make a few hoarse sounds, he couldn't even speak a complete sentence.

Lin Rong did not look at Old Madam Huo. She just looked at Huo Bing, who was breathing weakly, with red eyes. Her hatred for Old Madam Huo deepened.

When Old Madam Huo retracted her sharpness, she said calmly, "Mingyu, call the doctor over and get him to take a good look."

With that, Old Madam Huo sighed softly and turned to Huo Ge. "Let's go. Accompany me to choose a gift. Find time to go visit the Mu family with me. The banquet ended in a hurry last time and I didn't manage to give the Mu family their gift. Let's pick something good this time."

Huo Ge nodded and helped Old Madam Huo leave.

Huo Huai went forward to pick Huo Bing up, but Lin Rong pushed him away.

"What are you doing?" Huo Huai looked at Lin Rong in confusion. This was the first time Lin Rong had been so rude to him.

Lin Rong composed herself and said in a low voice, "Xiao Bing hasn't showered for a few days. I'm afraid that his body will be filthy and get on you."

Huo Huai frowned and looked at Lin Rong. "What nonsense are you talking about? Xiao Bing is my son. Will a father despise his own son?"

As he spoke, Huo Huai went forward and picked Huo Bing up forcefully before walking towards Huo Bing's bedroom.

Lin Rong's gaze landed on Huo Huai's back as he walked away. She muttered,

"Yes, he's your son!"

Lin Rong lowered her head and smiled mockingly. Then, she stood up and slowly followed.

Old Madam Huo had someone inform the Mu family and she was going to visit them the next day.

When Lu Yan found out that Huo Ge had confessed to Lin Yin, she exploded. She called Lu Ming directly, but she couldn't contact him no matter what.

Lu Yan's face was bitter. Was she going to lose an aunt?

Ever since she accepted that Lin Yin would be her future aunt, she could no longer accept another woman as her aunt.

After all, no aunt could treat her as well as Lin Yin.

Lu Yan hugged the blanket and was furious. Then, she began to have ideas about Old Master Lu.

Lu Yan picked up her phone and called Lu Xian.

Although Old Master Lu and Lu Jin were a little estranged, Lu Yan was still his biological granddaughter, so he still doted on Lu Yan.

Seeing that his granddaughter was calling, Lu Xian answered the call hastily.

However, before he could speak, Lu Yan's sobbing voice came from the other end of the phone. "Great-grandfather, Uncle's wife is going to be snatched away!"

Lu Xian was stunned and asked in disbelief, "When did your uncle get married?"

Lu Yan was stunned for a moment. Then, she reorganized her words and said, "No, I'm talking about Uncle's future wife. It's true, Great-grandfather, that toad from the Huo Family confessed to the girl Uncle likes today. Uncle was almost going to end up alone for the rest of his life. Great-grandfather, you have to interfere in this matter!"

Lu Xian pondered for a moment and asked, "Is it that Lin Yin?"

"Yes, yes, yes! It's Yinyin. Really, Great-grandfather, think of something. I don't know what happened recently, but Uncle's ignoring Yinyin. I don't know if it's because Yinyin is from the Mu Family," Lu Yan said in distress.

Lu Xian's eyes lit up in an instant. He asked anxiously, "You said that Lin Yin is from the Mu family? Isn't Lin Yin's surname Lin? How can she be from the Mu family?"

Lu Yan directly told Lu Xian about Lin Yin's identity, shocking him. "So, the Mu Family has already found their missing daughter? Why didn't I know about such a commotion? This Old Mu really doesn't know the ways of the world. He didn't even inform me of such a pleasant thing. No, I need to think about it!"

Lu Xian and Mu Kun had fought for most of their lives. Now that he knew that Mu Kun had a granddaughter, Lu Xian was really interested.

If Lu Ming could really marry Mu Kun's granddaughter, that old-fashioned old man would probably be so angry that his beard would fly.

The more he thought about it, the more excited Lu Xian became.

"I'll inform Mu Cheng now. We'll go to the Mu Family tomorrow. We haven't gone to apologize for what happened with your aunt a while ago. We'll go tomorrow!" Lu Xian said with a flushed face.

Lu Yan's eyes lit up as she said, "Great-grandfather, I want to go too!"

Chapter 633: Giving Bracelets

The next day, when Lin Yin arrived at the Mu residence, she found out that Old Madam Huo and Huo Ge had just arrived and were in the living room.

She came today mainly to return the gifts they had given her previously and tell Ye Wen and her husband about Chu Yun and Zhou Li.

However, now that she knew that the Huo Family was inside, Lin Yin felt that the time was not right. She planned to come back later.

Lin Yin turned around and was about to leave when she bumped into Ming Yu, who was carrying the gifts.

When Ming Yu saw that Lin Yin was about to leave, she immediately greeted her louder, "Miss Lin Yin, you're back? Old Madam has been thinking about Miss Lin Yin for the past few days. What a coincidence."

When Old Madam Huo heard Ming Yu's voice, a smile appeared on her face. She said to Mu Cheng and his wife, "These two children are fated! As soon as my

Xiao Ge came to the Huo Family, Yinyin happened to come back."

Ye Wen had a forced smile on her face, but she did not want to speak.

Although Old Madam Huo said that she was here to thank the Mu family for saving Huo Ge, she was actually asking about Lin Yin the moment she arrived.

Ye Wen was not stupid. How could she not tell what Old Madam Huo was thinking?

Not to mention that there was something wrong with Huo Ge now, even if

there was nothing wrong with Huo Ge, she would not marry her daughter off so easily.

However, Old Madam Huo was an elder after all, so Ye Wen could only deal with her. She had thought that since Lin Yin was not in the Mu family, she could just chat casually and send her out politely.

In the end, she did not expect Lin Yin to return so coincidentally.

Ye Wen had just gotten up when Old Madam Huo had already stood up and walked towards the door.

When she saw Lin Yin, Old Madam Huo waved at her lovingly. "Yinyin? Come, come, Grandma brought you a gift."

Lin Yin sighed in her heart and glanced at Huo Ge indifferently. Then, a smile appeared on her face as she approached Old Madam Huo and greeted her politely, "Hello, Grandma Huo!"

The more Old Madam Huo looked at Lin Yin, the more she liked her. She held Lin Yin's hand and walked towards the living room. Ye Wen was so angry that she looked at Mu Cheng. She was her own daughter. Before she could even hold her daughter's hand, someone else was holding it.

Ye Wen looked at Mu Cheng sourly. Mu Cheng pulled Ye Wen and comforted her softly, "It's fine. The outsider's just holding it for a while. You're Yinyin's mother. You have plenty of time to hold hands with Yinyin in the future." Only then did Ye Wen feel slightly happier.

Old Madam Huo pulled Lin Yin to sit on the sofa and looked apologetically at Mu Cheng and his wife, who had also sat on the sofa. "I'm really sorry. I'm old and can't help but want to get close to such a cute little girl, so I crossed some lines at your house. I'm ashamed!"

Mu Cheng smiled and said politely, "What are you talking about, Old Madam? You're an elder. It's Yinyin's blessing that you like her."

"Sigh, what are you talking about? I'm happy if young people don't mind an old woman like me talking too much. Don't talk about blessings." Old Madam Huo said politely.

Lin Yin wasn't used to making small talk and only smiled silently.

Old Madam Huo said to Huo Ge, "Xiao Ge, where's the jewelry box you were holding just now? Take it out. That's Grandma's gift to Yinyin."

Huo Ge obediently took it out of his pocket and handed it to Old Madam Huo.

Old Master Huo said with a smile, "When our Xiao Ge heard that I wanted to give this to Yinyin, he insisted that he hold it. When I brought him out in the past, he was never so enthusiastic. This guy is very enthusiastic when he hears about Yinyin. Sigh, this child is old and has his own thoughts."

Old Madam Huo didn't say it explicitly, but her meaning was clear. Huo Ge had taken a fancy to Lin Yin.

Ye Wen's expression darkened.

Her daughter had yet to officially return, but there was already someone out to snatch her. It was simply ridiculous.

Mu Cheng knew Ye Wen's temper and immediately placed his hand on Ye Wen's, hinting for her to calm down.

Old Madam Huo could tell that Mu Cheng and his wife were unhappy, but she still smiled and changed the topic. "Come, Yinyin, look at the gift Grandma brought for you."

As she spoke, Old Madam Huo opened the lid of the jewelry box and took out a bracelet from the box. She pulled Lin Yin's hand and was about to put it on.

When Ye Wen saw Old Madam Huo's bracelet, her gaze changed instantly. The moment Lin Yin wanted to retract her hand, Ye Wen had already stepped forward and stopped Old Madam Huo from putting the bracelet on Lin Yin..

Chapter 634: Attacking Each Other

Old Madam Huo looked at Ye Wen in confusion. Ye Wen immediately smiled and said, "Old Madam, this gift is too expensive. Yinyin is still young and can't withstand such extravagance. As a little girl, she just needs to wear some light and fashionable jewelry. Don't you think so?"

Old Madam Huo immediately understood that Ye Wen was rejecting the Huo Family. She was not angry and only smiled and said, "It's not anything valuable. It's just for Yinyin to play with."

Ye Wen glanced at the bracelet and sneered in her heart. Zhao Ning had worn this bracelet since she was young. It was exclusive to the daughter-in-law of the Huo Family.

If Lin Yin accepted it today, it meant that she had tacitly agreed to her relationship with the Huo Family. It would probably be difficult for her to look for in-laws in the future.

Back then, Old Madam Huo had used this bracelet to settle on Zhao Ning early on, allowing Zhao Ning to be crowned as Huo Huai's fiancée throughout her adolescence. Fortunately, Zhao Ning also liked Huo Huai back then, so it was fine.

Unfortunately, there was still a tragedy in the end. A beauty's life was short.

As the two of them were in a deadlock, a loud voice suddenly came from the door. "Yue Shan! You have to admit your age when you're old. Young girls won't like your gifts."

Everyone's gaze instantly turned to the door. Lu Yan was helping Old Master Lu Xian in.

Ye Wen looked at Mu Cheng, who blinked at her. Ye Wen immediately knew that Mu Cheng had deliberately let Old Master Lu Xian in.

The relationship between Old Master Lu, Lu Xian, and Old Madam Huo, Yue Shan, was very subtle. The two of them could be considered to have grown up together, but the two of them had never gotten along since they were young.

Therefore, as long as Lu Xian was around, it was impossible for Yue Shan to do anything today. Of course, Yue Shan would ruin whatever Lu Xian wanted to do.

Ye Wen and Mu Cheng stood up in unison and greeted Lu Xian, "Uncle Lu!"

"Lu Xian, what are you doing here? What does what I'm giving have to do with an old man like you?" Yue Shan saw that Lu Xian was also retorting rudely and

still held Lin Yin's hand unwillingly.

Lu Xian glanced at the bracelet that Yue Shan had given Lin Yin and snorted. 'You're already so old. Watch your words. There's still a junior here. Why are you still so irritable? You haven't changed at all since you were young. No wonder the younger generation in this circle is afraid of you. Everyone says that you have a bad temper!"

Yue Shan couldn't be bothered with Lu Xian. She just retracted her gaze and looked at Lin Yin. "Yinyin, I'm giving you this gift because I really like you. Do you want to accept it?"

Lu Xian sat on the sofa at the side and said sarcastically, "Yue Shan, it's enough to play some tricks once. Back then, you used a bracelet to trap that little girl, Zhao Ning, so that she could become the Huo

Family's unmarried daughter-in-law at such a young age. Why? Are you picking on young girls because they're young and insensible?"

Yue Shan was so angry that she turned around and stared at Lu Xian. Her tone was cold. "Lu Xian, are you here to cause trouble for me today? If you are, please find another day. When I'm free, I'll fight you properly. But now, shut your dog mouth. Why are you as annoying as ever? The fox may grow gray but never good!"

Other than Yue Shan and Lu Xian, the others present were all juniors. They were too embarrassed to interrupt the argument between the elders.

Lin Yin and Lu Yan secretly looked at each other. The two of them found it a little funny. This was the first time they had seen their elders attack each other so childishly.

This was also the first time Huo Ge had seen his Grandma so lacking in manners and scolding others like this. Lu Xian and his Grandma must have been at odds when they were young.

Ye Wen laughed in her heart. Then, she went forward and said to Yue Shan with a troubled expression, "Old Madam, I know you really like Yinyin, but Yinyin is still too young. She's too young to hold the extravagance."

Yue Shan knew that with Lu Xian around today, she would not be able to give this bracelet away no matter what. Hence, she used Ye Wen's ladder to get down. She put away the bracelet and smiled. "Mrs. Mu, you're so considerate. It's been too long since I interacted with the outside world, so I don't know the fashionable style that little girls like now."

Ye Wen heaved a sigh of relief, but she pulled Lin Yin's hand out of Old Madam

Huo's hand forcefully. She smiled at Lin Yin and said, "Yinyin, look how much Grandma Huo likes you. You're just the apple of the old lady's eye."

When Old Madam Huo heard Ye Wen's clear-cut words about Lin Yin and Huo Ge, she looked at Huo Ge with a smile and sighed in her heart. It seemed like her grandson's path of courtship was too far away..

Chapter 635: Golden Boy and Jade Girl

However, just because she could not reason with Mu Cheng and his wife did not mean that she could not persuade the two elderly of the Mu family. Perhaps she could go to Mu Kun and Sun Yun's side to pull strings.

Lu Xian could tell what Yue Shan was thinking at a glance. He knew very well that Yue Shan was not the kind of person who would give up easily. She would not be able to gain anything here today, so she might even work hard at Mu Kun and his wife.

Moreover, with Mu Kun's personality, he might really be in cahoots with Yue Shan. After all, the enemy of an enemy was a friend. It was not like this had not happened before.

Back then, when the Lu Family and the Mu Family were fighting for a military project, Mu Kun had asked Yue Shan to join forces and kick the Lu Family out.

At this moment, Lu Xian's competitiveness had already reached its peak. He had to let Lin Yin enter the Lu Family and anger Mu Kun and Yue Shan to death.

Lu Xian smiled at Mu Cheng and Ye Wen and said, "Some time ago, regarding Meng Wan and Meng Shu hurting Yinyin, I've always wanted to find a time to come and apologize. Therefore, I came today with an apology gift to apologize to Yinyin. This time, it's our Lu Family's fault. Our Lu Family owes Yinyin an explanation. If Yinyin has any needs in the future, our Lu Family will definitely do our best."

Yue Shan snorted coldly. "If an apology is useful, why do we need the police?"

Lu Xian glanced at Yue Shan and continued, "Yinyin, I heard that you have a good relationship with my Lu Ming. I've always wanted to come and see you. I

heard from our Xiao Yan that you're studying at Capital University now, right? You're indeed good-looking and outstanding."

As he spoke, Lu Xian turned to look at Mu Cheng and Ye Wen and praised, "The two of you are lucky and have great children!"

When Yue Shan heard Lu Xian's words, she immediately got angry and said, "I knew it. Why did you come to the Mu Family? It seems like you heard something and came to oppose me, right?"

With a junior present, Yue Shan did not say it clearly, but it was enough for Lu Xian to understand what she meant.

Lu Xian said noncommittally, "I'm not that free. I just want to see the girl who can be close to my Lu Ming. After all, a girl who can be close to my boy must be outstanding."

As Lu Xian praised Lin Yin, he did not forget to praise his grandson.

Yue Shan sneered and said sarcastically, "That's right. Someone who can be close to your precious grandson must be outstanding. I heard that the Hou Family, yes, that Hou Ning, is too outstanding. She's been promoted in the military recently."

"I think she'll be able to come back and befriend your outstanding grandson after she completes the inauguration ceremony. That girl is not young anymore. It's time for her to come back and get married. She's just the right age for your Lu Ming. Back then, the two of them joined the army together. They were a golden couple. It was also a legend in the capital."

Lin Yin's expression was unnatural for some reason.

Lu Yan, on the other hand, looked at Lin Yin anxiously. She wanted to explain, but there were elders present, so she didn't dare to make a sound. She could only frown at Lin Yin and shake her head. She was really afraid that Lin Yin would misunderstand Lu Ming and Hou Ning.

Lu Xian's expression turned ugly, and the place fell silent.

Mu Cheng immediately said, "Since the two elders happen to be here today, why don't we have lunch here? I'll get the nanny to prepare it now."

Yue Shan did not achieve her goal today and was a little resentful. At the same time, she did not want to see Lu Xian's annoying face, so she stood up and said, "How can I accept this? I'm here to thank you. How can I disturb your meal? We'll go back now."

As she spoke, Yue Shan called out to Huo Ge, "Xiao Ge, say goodbye to your Uncle Mu and Aunt Ye."

Huo Ge hurriedly got up and bid farewell to Mu Cheng and Ye Wen politely.

After Mu Cheng and his wife sent the Huo Family off, Lu Xian could not sit still.

He was afraid that the Mu Family would ask more about Lu Ming and Hou Ning, so he hurriedly pulled Lu Yan away, completely forgetting how heroic and ambitious he was when he first arrived.

After finally sending everyone away, Ye Wen held Lin Yin's hand happily and said, "Why didn't you tell me in advance that you were coming back today? I'll get the chauffeur to pick you up."

Lin Yin smiled and said, "It's convenient for me to drive back by myself. I still have to wait for the chauffeur."

Ye Wen's doting on Lin Yin was about to overflow from her eyes. She said gently, "How is it? Are you used to it in school? Are you tired?"

Lin Yin shook her head. "I'm not tired at the moment, but I might be tired from the military training next month."

Although they were still unfamiliar with each other, Ye Wen was already very satisfied. After all, Lin Yin would tell her some trivial matters now..

Chapter 636 - 636: Ruthless

“Military training is next month? I thought military training would start as soon as school started?” Ye Wen asked curiously.

Lin Yin shook her head and said, “The school’s field is being renovated, so this year’s military training has been delayed.”

As Lin Yin spoke, she took out the things her family had given her previously. She took out various keys, car keys, house keys, helicopter keys...

Mu Cheng looked at Lin Yin’s actions and asked in surprise, “What’s wrong? Do you not like it? It’s okay. Tell Dad and Mom what you like. Dad and Mom will find it for you.”

Ye Wen also looked at Lin Yin nervously. There had been an 18 -year gap between them and Lin Yin. They did not know what Lin Yin liked, so they were really afraid that Lin Yin would not like what they gave her.

Lin Yin looked at Mu Cheng and Ye Wen, who were clearly nervous, and felt a little sad.

They should have the closest relationship in this world, but her biological parents were so careful with her now.

Lin Yin suppressed the sadness in her heart and smiled brightly. “No, I like it very much, but I don’t know what to do with these things. I just think it’s a waste. So, I think I still have to return them to you. I...”

Lin Yin felt that her tone was already very tactful, but Ye Wen still looked a

little sad, so she immediately stopped talking.

Mu Cheng said, “Yinyin, these are all Dad, Mom, and Brother’s feelings for you. You don’t have to return them. If you can accept it, not only Dad, Mom, but your three brothers will also be very happy.”

Ye Wen held Lin Yin's hand and said, "Yinyin, don't feel burdened. We just want you to be happy and let people know that you have someone protecting you."

You're not that easy to bully."

Lin Yin only wanted to return these things that she felt were precious. She did not expect her actions to make Mu Cheng and Ye Wen so uneasy.

"Okay! I understand!" Lin Yin nodded and immediately changed the topic. "I came here today to tell you something. It's about me being taken away back then and Brother Mu Ran being attacked."

When Lin Yin mentioned this, Mu Cheng immediately asked worriedly, "Yinyin did you discover something? Or did they do something to you? Are you hurt?"

Mu Cheng was worried that those people would find Lin Yin, so they secretly arranged for people to protect Lin Yin 24 hours a day.

Now that he heard Lin Yin mention this, he was afraid that Lin Yin would encounter something bad.

Lin Yin immediately explained, "No, I'm fine. I'm just guessing if Huo Ge is Zhou Li's subordinate and if Zhou Li is in Country D. Back then, it was Zhou Li who instructed Chu Yun and the nanny to take me away. Later, it was also Zhou Li who instructed Zhou Wei to attack Brother Mu Ran. When Huo Ge threw Chu

Yun to me, he made Chu Yun deaf, blind, and mute. Later, he destroyed the

Zheng family and took Su Fei away."

Ye Wen looked at Lin Yin in shock and asked in disbelief, "How do you know all this? Huo Ge was the one who caused the Zheng family fire that was on the news? If Huo Ge is Zhou Li's man, why did he hand Chu Yun over to you?"

Ye Wen did not pay attention to the Zheng Family, so she could only remember the news of a few families dying in the fire. However, she did not expect that the Zheng Family would be killed by Huo Ge.

Recalling that Huo Ge, who had been sitting obediently in their living room just now, was such a ruthless person who did not care about human lives, Ye Wen's vigilance deepened.

Lin Yin did not want Ye Wen to worry, so she did not tell her about her deal with Huo Ge directly. She only said, "I promised him not to announce that he's Zhou Hai, and then he promised to hand Chu Yun over to me. It's just that I didn't expect that in order to prevent Chu Yun from revealing the secret, he would directly make Chu Yun unable to see, speak, or hear. He even cut off her fingers."

Mu Cheng and Ye Wen looked at each other uneasily because they knew very well that Huo Ge was probably targeting Lin Yin now.

Huo Ge even used the excuse of liking Lin Yin to get Old Madam Huo to step in.

Lin Yin continued, "Also, why would Huo Ge save Su Fei if he had nothing to do with her? In addition, you guys said before that Zhou Li is overseas and we haven't been able to find him. Therefore, I think the person behind Huo Ge is Zhou Li, and Zhou Li is in Country D. To be precise, he's part of Country D's rebel gang."

Ye Wen and Mu Cheng did not expect Lin Yin to find out what they had been investigating..

Chapter 637 - 637: 25 Years Ago

"We've been investigating Chu Yun's whereabouts recently, but we never expected that Chu Yun would be in your hands, Yinyin." Ye Wen smiled and shook her head.

Lin Yin did not expect Ye Wen to be investigating Chu Yun too. Now that she thought about it, the Mu family had been investigating Zhou Li. It was normal for them to find out about Chu Yun. She had forgotten about this and smiled in embarrassment.

“Actually, apart from confessing these things to you today, there’s one more thing I really want to confirm with you,” Lin Yin said.

“Yinyin, tell us. We’ll tell you everything we know,” Mu Cheng said proudly as he looked at Lin Yin.

He did not expect Lin Yin to have grown to the point where she could protect herself without their participation. At the same time, his heart ached. An

18-year-old girl was no longer acting coquettishly in the arms of her parents. Instead, she could already deal with all kinds of dangers freely. How much pain had piled up?

Lin Yin asked, “I want you to think about it. With Zhou Li’s personality, will he really kill the Mu family just because he’s not loved or chased out of the country? Is he the kind of person who wants to kill everyone in the Mu family just because of hate?”

Mu Cheng thought for a moment and asked tentatively, “Yinyin, are you suspecting that Zhou Li wants more?”

Lin Yin nodded. “I’m just guessing. I’m wondering why Zhou Hai appeared in the Huo Family as Huo Ge. Is it because of the Huo Family’s assets? The Huo Family still doesn’t think that Huo Ge isn’t the real Huo Ge, which means that this trap was set a long time ago.”

“Huo Ge is 23 years old this year. The year I was thrown away, Huo Ge was already five years old! If a five-year-old child was changed, he would definitely be discovered. Therefore, Huo Ge should have been changed a long time ago. It’s just that before I was born, Zhou Li might have been plotting to stuff the

fake Huo Ge into the Huo Family.”

Lin Yin’s words instantly attracted Ye Wen’s attention. “Back then, Zhou Li was chased out of the country two years before Yinyin was born. So according to what you said, before our Mu Family forcefully chased Zhou Li out of the country, Zhou Li had already changed the Huo Family’s child? Why?”

Ye Wen frowned and continued, "Moreover, I grew up with Zhou Li. If it's just because of a lost love, with Zhou Li's personality, he won't kill the Mu family. He's indeed sinister, but he's calculative about gains and losses and won't take risks. However, if he hates our Mu family for chasing him out of the country, he might attack our Mu family. After all, people change."

Mu Cheng also had a heavy expression. "So, it's possible that Zhou Li hates our Mu Family. But the fact that he set up to deal with the Huo Family so early means that Zhou Li has bigger motives."

Lin Yin nodded and said, "If Zhou Hai is Zhou Li's man, then it's very likely that Zhou Li is behind the rebel gang. During this period of time, I got someone to specially investigate the rebel gang. This rebel gang started to make a name for themselves in Country D 25 years ago. In other words, before Zhou Li was chased out of the country, they had already established a rebel gang in Country D. Then, about three years after the rebel gang was established, they replaced a child from the Huo Family."

"25 years ago?" Ye Wen looked at Lin Yin in surprise. Then, she looked at Mu Cheng and saw the same worry in her husband's eyes.

Seeing that Mu Cheng and his wife's expressions were not right, Lin Yin immediately realized that there might be something special about the time 25 years ago. "Did something happen that year?"

Ye Wen sighed and said, "That year, the head of the Fu Family, the number one family in the Capital, Fu Ying, was imprisoned and Fu Ying's wife, Li MO, was tragically forced to death. At the same time, the Fu Family fell into a huge debt crisis. Even the other families in the Capital hit them when they were down and fought for the resources and projects of the Fu Family. The families close to the Fu Family also declined at that time, including the Zhou Family that Zhou Li was from and the Chu Family that Chu Yun was from."

Mu Cheng knew that this topic was a little heavy for Ye Wen, so she continued, "A year later, Fu Ying committed suicide in prison. In just a year, the Fu Family declined. The Fu Family was such a big family, but they either fled or died. Only Fu Chen and his wife maintained the Fu Family, which was riddled with holes, for a few years. It was only 18 years ago that Fu Chen and Zhou Ying had an accident and their entire family died along with their unborn child.."

Chapter 638: Destined

Mu Cheng sighed and said, "That year, your mother was pregnant with you, but she had an accident that day and was in the hospital to protect the baby, so she missed your Aunt Zhou Ying's message asking for help."

"By the time your mother found out that someone was chasing after them, the Fu Family of three had already gotten into a car accident and fell off the cliff. Their car exploded and they all died. Your mother has always felt guilty about this because she once promised Zhou Ying that she would protect Zhou Ying and the child in Zhou Ying's stomach. Your mother feels that she broke her promise."

Lin Yin sighed and said, "So according to this, the Zhou Family should have been suppressed by the various aristocratic families in the Fu Family incident back then, right? Therefore, Zhou Li wanted to avenge his family and make a comeback. Therefore, when his family fell, he was setting up a trap and starting with the Huo Family?"

As she spoke, Lin Yin paused for a moment and turned to look at Ye Wen. "In the end, before Zhou Li could take revenge, his sister, brother-in-law, and unborn nephew died. So he hated our Mu Family? On the day I was born, he carried me away and started to attack the Mu Family when he was strong.

Brother Mu Ran was the first?"

This was the reason Lin Yin could think of now.

A person who came from a decent family. One day, their family suddenly declined and they were even hit when they were down by other families. Even their relatives died, so Zhou Li found a punching bag, which was the Mu family. Perhaps Zhou Li also thought that Ye Wen broke her promise and caused his sister's family to die tragically.

Or worse, Zhou Li would think that Ye Wen was like those who persecuted his family. When she saw the decline of the Zhou Family, she looked down on the Zhou Family and did not take the lives of Zhou Ying's family to heart, causing Zhou Ying to trust a wrong person and die in disappointment.

Mu Cheng said in a deep voice, "There might be other reasons. Although we don't know why the Fu Family suddenly encountered such a calamity, when the Fu Family was destroyed back then, the current eight great families did nibble away at the assets of the Fu Family at that time, including our Mu Family. Therefore, Zhou Li might have set the eight great families as his target for revenge. He even thinks that the Fu Family's defeat was caused by us, the aristocratic families, working together."

Ye Wen frowned. "What you said makes sense, but that's unrealistic, right? It's a little overconfident for Zhou Li to want to overthrow the current eight aristocratic families."

"Regardless of whether Zhou Li has set the eight aristocratic families as his target for revenge, it seems like the Mu family and the Huo family are already Zhou Li's targets," Lin Yin said with mixed feelings.

Lin Yin had once thought that she was a pitiful little girl who had been abandoned. In her previous life, she had mistook Su Zhen and Chu Yun for her biological parents and died miserably.

She did not expect there to be so much inside information.

It turned out that her misfortune, the misfortune between her and her family, might be because of the previous strife and revenge in the aristocratic families.

She had thought that she would be able to live a peaceful life after finding her parents. Now, she realized that she had returned to the vortex of her life that originally belonged to her.

This vortex was destined to be unavoidable from the moment she was born, so she was thrown away. It was just that she was tough and survived.

In her previous life, she had also returned to this scheme, which was to return to Chu Yun and she died. She did not know if Zhou Li had succeeded in taking revenge after she died in her previous life.

Lin Yin suddenly didn't want to guess what she didn't know.

Now that she was back, she did not want to die again, nor did she want the Mu family to die.

Now that she knew about Zhou Li, she had to think of a way to find Zhou Li with the Mu family. Otherwise, she would have to live on tenterhooks in the future.

Mu Cheng and his wife also had mixed feelings. Mu Cheng said, "Back then, we had no choice but to chase Zhou Li out of the country. At that time, Zhou Li no longer had the Fu and Zhou families as his backing, but he kept provoking the Mu family. With your grandfather's personality, how could he let Zhou Li provoke the Mu family's authority, so he planned to kill him."

"After discussing it with your mother, I schemed to make him almost get into a lawsuit and chase him out of the country. Otherwise, we wouldn't have chased him out of the country just based on your mother and his sister's relationship." "I see." Lin Yin nodded in understanding.

Things seemed to be quite clear now, but they had to pay more attention to Zhou Li.

Zhou Li was developing quite well in Country D and had a rebel gang under him. They really had to be careful of being schemed against by Zhou Li's men..

Chapter 639: Protecting Herself

Lin Yin looked at Ye Wen and Mu Cheng and said, "I know this is about your generation, so when I came to the Mu Family to ask about Zhou Li, you only vaguely said that Zhou Li went against the Mu Family because of love and hatred and was chased away by the Mu Family. But it's different now. Zhou Li's target is everyone in the Mu Family, so I hope Brother Mu Ran and the others can know about this and be prepared."

Mu Cheng nodded and said, "You're right. Your mother and I will talk to them about this later. It's just that I'm worried about your safety, Yinyin. Do you want to come home and stay? This way, your mother and I will be more at ease. Zhou Li is very sinister. He might make Huo Ge attack you."

Ye Wen also persuaded, "That's right, Yinyin. I think that Huo Ge has already targeted you. I'm worried about you being alone in school. Why don't you move home or move into the apartment near the

school your brother bought for you? The security system there is not bad. When the time comes, I'll arrange for some people to help you. It's safer that way."

Huo Gels murderous smile appeared in Lin Yin's mind. She had a feeling that Huo Ge might not just want to kill her because of Zhou Li's instructions.

She had grown up in the slums. Her perception of danger was not very sharp, but it was not bad.

Therefore, she could really feel that Huo Ge wanted to kill her himself, not just because of the mission.

Although she did not understand why, this was a very strong feeling.

Lin Yin smiled and said, "There's no need. Didn't you send someone to protect me in secret? I'll protect myself too. Don't worry."

Mu Cheng smiled dotingly and helplessly. "Looks like you know."

Ye Wen looked at Lin Yin's expression and knew that she could not convince her. She could only sigh resentfully and say, "We didn't perform our responsibilities, so you can only rely on yourself for so many years. You're not used to asking for help from your family, you're not used to your family's feelings, and you're not used to relying on them. But Yinyin, can you try to accept Dad and Mom and accept the good of your brothers? Give us a chance to make it up to you, okay?"

Mu Cheng quickly pulled Ye Wen back. He was afraid that Ye Wen would be too anxious and push Lin Yin too hard.

Ye Wen knew that she could not be anxious, but she still desperately wanted Lin Yin to accept them frankly.

However, when she thought of Lin Yin's experiences over the years, Ye Wen immediately said before Lin Yin could speak, "I was anxious. Don't take it to heart. Have lunch at home. I'll make you your favorite dishes. I've learned a lot of dishes recently. Stay and try Mom's cooking."

Lin Yin knew that Ye Wen was suppressing her emotions and felt depressed. She smiled, not wanting to disappoint Ye Wen. "Okay!"

Ye Wen was instantly happier. She immediately stood up and said, "I'll go to the market to buy groceries now. I'll go buy fresh ones."

Lin Yin reached out and grabbed Ye Wen's hand. Under Ye Wen's puzzled gaze, Lin Yin smiled and said, "I'll go with you."

When Ye Wen heard Lin Yin's words, she was as happy as a helpless child. This was the first time the mother and daughter had gone to the market together.

After lunch at the Mu residence, Lin Yin returned to school and saw Gong Ze standing nervously under the dormitory building.

"Gong Ze? What are you doing here?" Lin Yin asked curiously.

When Gong Ze saw Lin Yin, he approached her with a worried expression. After observing his surroundings, he whispered, "For some reason, the Yue Family suddenly said that they wanted to arrange the engagement in advance. I was wondering if you did it."

Gong Ze didn't dare to ask on his phone, afraid that he would cause trouble for Lin Yin. After all, Yue Han wasn't someone to be trifled with, so he could only come over and ask.

Lin Yin nodded at Gong Ze and whispered, "I got someone to cause some trouble for the Yue Family's two projects. So, you can go home and sow discord now."

In order to get involved in the two projects of the Huang and Yue Family, Lin Yin had borrowed some power from Mu Heng, so Yue Chi and Gong Han's engagement had to be canceled. Otherwise, it would be a waste of her efforts.

After receiving Lin Yin's definite answer, Gong Ze's heart relaxed a little. His brows relaxed and he said to Lin Yin, "I can't thank you enough. Lin Yin, you're my boss from now on!"

Lin Yin smiled and said, "Hurry up and go home to save your sister."

Gong Ze nodded and asked for more details before leaving..

Chapter 640: Project Problem

The moment Gong Ze returned to the Gong Family, he heard his grandfather and Gong Luo discussing Yue Chi and Gong Han's engagement in the study. He rushed to the study and pushed the door open.

Gong Yi, who was discussing something, was shocked by Gong Ze and immediately shouted, "Gong Ze, you're simply too presumptuous! Don't you even care to knock on the door of my study?"

Gong Ze was in a good mood today and immediately closed the study door obediently. Then, he knocked politely. It was a little polite, but not much, because in the next second, Gong Ze did not wait for Gong Yi to call him in. He pushed the door open again and entered, making Gong Yi so angry that his beard curled.

"If you don't have anything important to do today, I'll make you kneel in the ancestral hall because of your rude actions!" Gong Yi said angrily. Gong Ze said calmly, "I naturally have something important to do today."

Gong Luo leaned back in his chair and looked at Gong Ze with a mocking expression. In his opinion, what important matter could Gong Ze have other than his sister?

However, it was impossible for him to let Gong Ze have his way.

It was so worth it to use a cousin to exchange for benefits that will belong to him!

Gong Ze glanced at Gong Luo and sneered. "Didn't you want to send my sister to the Yue Family for two projects? What if I say that there's a problem with the Yue Family's project? The Yue Family can't take out the project now, so they want my sister and Yue Chi to get engaged in advance."

"Gong Ze, I know you don't want your sister to marry Yue Chi, but you can't spout nonsense, right?" Gong Luo said in disbelief.

The Yue Family had already said that the project might start early, so they're getting engaged early. The day before the engagement, they would hand over the project.

Therefore, both Gong Yi and Gong Luo felt that Gong Ze was a drowning man clutching at straw. In order to prevent Gong Han from marrying into the Yue Family, he was spouting nonsense.

Gong Ze said confidently, "If you don't believe me, you can go and investigate now. See if there's a problem with the Yue Family's two projects and if they've entered the review stage again. If this review can't pass, it'll be stuck there. Even if the Yue Family writes the transfer, they won't be able to give it up."

Gong Yi looked at the confident Gong Ze and asked hesitantly, "How did you know about this?"

This marriage between the Gong Family and the Yue Family was just the Gong Family wanting to expand their connections through these two projects.

On the other hand, the Yue Family wanted to use this marriage to obtain the funds from the Gong Family or even Gong Han's mother's family. In order to strengthen the cooperation between the two sides, they used the marriage of their descendants as a link.

However, if something happened to the Yue Family's two projects, the Gong Family would have no benefits to gain. It was really not worth it to lose a girl for nothing.

After all, Yue Chi was not Yue Han. The Gong Family did not care about Yue Chi. Not to mention that Yue Chi's reputation was so bad. The Gong Family was at a disadvantage in the marriage.

“Grandpa, you don’t have to care how I know about this. You’ll know if what I said is the truth when you investigate. After all, I’m also a member of the Gong Family. I can’t let my sister get married for nothing and not get any benefits. The Yue Family will benefit for nothing.”

Gong Luo did not believe Gong Ze’s words and said coldly, “Gong Ze, you have to know your limits when you’re fooling around. You know very well that we’re discussing the engagement time now. You’re clearly trying to stall for time.”

Gong Yi thought about it and said, “Wait a moment. Gong Luo, investigate these two projects. You have to investigate them carefully. Our Gong Family is not the kind of family who will let others fool with us like monkeys.”

There were some things that Gong Yi would rather believe. It was always good to be careful.

A smile appeared on Gong Ze’s face. Gong Luo glanced at him coldly before saying, “Alright, I understand, Grandpa.”

After Gong Ze and Gong Luo left Gong Yi’s study, Gong Luo mocked, “Gong Ze,

I advise you not to do anything useless. Delaying is not a good idea.”

Gong Luo really did not believe that there would be any problems with the Yue Family. After all, he had investigated before and there was no problem at all. That was why he asked for the conditions for the marriage between the two families.

Gong Ze glanced at Gong Luo disdainfully and shouted, “The Yue Family is playing you like a fool, but you still trust the Yue Family so much. With your brain, the Gong Family will probably decline under your lead in the future.”

Gong Luo turned around and looked at Gong Yi, who was looking at the two of them. He immediately gave Gong Ze a fierce warning look..
