

Real Daughter 681

Chapter 681: Go In

Lin Yin sneered and smiled. "Oh! Your surname is Liu? Looking at the divine aura you just spoke with, I thought your surname was Wei too. Now it seems that you're just a snobbish dog."

The guard was in disbelief when he was suddenly scolded by Lin Yin.

He had been the guard of the Wei Family for so many years. Other than the masters of the Wei Family and the nobles who went out in luxury cars, most of the people who came to their door were servile. They would even curry favor with a small guard like him.

He did not expect that a wretched girl who drove a normal car would dare to scold him today. This was simply a provocation to him.

The guard snorted coldly, then glanced at Wei Ji disdainfully before turning around and returning to the guardhouse. He said loudly, "That lousy car is not allowed to enter! If anyone lets that car in, I'll kill him!"

Lin Yin raised her eyebrows slightly and turned to look at Wei Ji with a smile. "Your guard is quite arrogant."

Wei Ji said in embarrassment, "This guard is Third Grandma's relative. He's indeed a little arrogant. Why don't we go to the other door?"

"Will the other door be easier to enter?" Lin Yin asked with her hand on the steering wheel.

Wei Ji lowered his head and shook his head honestly. "That door is for Second

Grandma's family to enter, and that guard is even fiercer. Second Grandma and Third Grandma don't get along, so Grandpa got someone to make two doors, one for each of them. Second Grandma's grandson, Wei Yang, is the heir of the Wei Family, so the management over there is even stricter."

Lin Yin sneered. As expected.

If the door there was easier to enter, Wei Ji would not have pointed Lin Yin to this door.

He said it was home, but in the end, he was even bullied when he returned home. How was this home?

Even the guard bullied him. It could be seen what kind of bullying and humiliation the Wei siblings had suffered in the Wei Family to make these people dare to mock Wei Ji like this.

Seeing Lin Yin's dark expression, Wei Ji quickly said, "Yinyin, don't be angry. I'll walk in and open the door for you."

As he spoke, Wei Ji was about to open the car door and get out. Lin Yin grabbed Wei Ji and repeated in an extremely indifferent tone, "This car can't enter the gate. Are the rules for walking in directed at everyone or only you?"

Wei Ji lowered his head and said in a muffled voice, "It's not just me. All the cars that pass the Wei Family's gate have to be recorded. Other than the cars of these people at home, foreign cars can enter as long as someone at home registers them. Those cars that are not registered have to be checked and registered before they can enter. I don't have a car and no one sent me before, so I walked in."

Towards the end, even Wei Ji's voice weakened. "So... we have to register..."

Lin Yin was already very clear that the owner's car could be entered. The friend of the owner could enter after registering. Even foreign cars could enter as long as they followed the normal procedures and there was nothing wrong after the check.

However, Wei Ji, the master of the house, could not. They were simply going too far.

Lin Yin's eyes darkened slightly. She stuck her head out and saw a few black cars parked not far away.

Lin Yin waved at the cars. The people in the cars looked at Lin Yin hesitantly and pointed at themselves.

Lin Yin nodded and waved for those people to come over.

Ever since they were recognized by Lin Yin at the clubhouse last time, the two groups of people no longer hid anything. Now that Lin Yin called them over, the two groups sent one person forward to wait for instructions.

Lin Yin pointed at the Wei Family's door and said to the two approaching people, "I want to go in, but the guards won't let me."

The two of them immediately nodded in understanding and walked towards the guardhouse beside the door.

Wei Ji looked at Lin Yin in surprise and asked, "Do you usually bring bodyguards?"

Lin Yin nodded and said casually, "That's right. After all, I'm the President of the Shisheng Corporation. It won't be good if I'm kidnapped."

"That's true!" Wei Ji nodded without any doubts.

When he turned his head to the guardhouse, he saw that the two guards in the guardhouse had already been thrown out by Lin Yin's bodyguards.

Lin Yin's bodyguard opened the door and respectfully gestured at Lin Yin's car.

Lin Yin drove the cheap car into the Wei Family's door. When she passed by the two guards of the Wei Family, she even glanced at them coldly.

When the guard saw that Lin Yin had really entered so arrogantly, he was about to get up from the ground to stop her when he was slapped on the head again. He squatted on the ground in pain and hugged his head as he howled..

Chapter 682: Uninvited

When the two of them saw Lin Yin enter successfully, they warned the guard and followed her in.

In their opinion, the Wei family would definitely not let the matter rest after she hit them. If they fought and they were not by Lin Yin's side, if anything happened to Lin Yin, the two groups of people would suffer again.

When the guard saw the two of them leave, he immediately informed the bodyguards at home, "Someone broke in!"

The other bodyguard immediately got someone to inform Third Madam Sun

Nan.

In an instant, the third branch of the Wei Family immediately became vigilant. When Lin Yin arrived at the entrance of the Wei Family's main courtyard, there was already a row of people eyeing Lin Yin's car covetously.

The news also reached Wang Xu's ears. When she got someone to investigate and found out that a woman had sent Wei Ji back, Wang Xu immediately stopped her people. Then, she stood on the second floor with interest and looked at Wei Chi, who was confronting Lin Yin.

Their second branch had provoked the Mu family. Wei Yang and Wei Wei had been having a hard time these few days and were even mocked by the third branch for not managing the company well.

Now that the opportunity to offend the Mu family had been given to the third branch, Wang Xu naturally wanted to watch the show.

Lin Yin alighted from the car downstairs with a smile on her face. She smiled loudly at Wei Ji in the car and said, "Hey, your family is welcoming us so grandly?"

When Wei Chi saw that the person who got out of the car was Lin Yin, he was stunned for a moment before immediately saying coldly, "Lin Yin, this is the Wei Family. You came uninvited. This is called trespassing. I can kick you out openly."

When the two people who followed her heard Wei Chi's words, they immediately stood behind Lin Yin in an imposing manner, as if as long as Wei Chi dared to ask someone to attack Lin Yin, they would counterattack without hesitation.

Lin Yin didn't care. She just frowned and smiled. "Then you might be disappointed. I didn't come uninvited. I was invited by Wei Ji to the Wei Family as a guest."

Wei Chi watched as Wei Ji slowly walked out of the other side of the car. He sneered and did not care about Wei Ji at all. "So what? Lin Yin, Wei Ji can't make decisions for the Wei family. Now, get lost while I'm still in a good mood!"

Wei Ji blushed and said to Wei Chi unhappily, "Second Brother, Lin Yin is a guest I invited. Please be polite to her!"

The corners of Wei Chi's lips curled up slightly. "Oh, you're resisting? Wei Ji, recognize your identity in the Wei Family. Not everyone can call themselves the master of the Wei Family and invite guests to the Wei Family. Do you know?"

Wei Chi's words were filled with disdain for Wei Ji.

Lin Yin looked behind her. There were only two people left. At this moment, she regretted not bringing a few more people to cause trouble and escort Wei Ji home.

“Miss Lin Yin, do you need help? If you do, I’ll get all of them to come in immediately,” one of the bodyguards who followed in asked softly.

Lin Yin turned to look at that person and nodded with satisfaction. “You’re not bad. What’s your name?”

Seeing Lin Yin ask for her name, the person immediately said, “Miss Lin Yin, my name is Dong Yi.”

Seeing that Lin Yin was asking about another person’s name, the person beside her immediately went forward and said, “Miss Lin Yin, my name is Long Huang. I have help too. If you need me, I’ll help them too.”

Lin Yin nodded in satisfaction. More people were needed for a fight. Her ribs had yet to recover completely, so she could not do strenuous movements. Otherwise, she would have to go back to the hospital to lie down again, so she had to get someone to do some things for her.

Seeing that Lin Yin was muttering to the two men, Wei Chi said unhappily, “Are you getting lost? If not, I’m chasing you away!”

Wei Ji slowly walked up to Lin Yin and said firmly, “Second Brother, if you continue to be so rude to my friend, I’ll call Grandpa over now.”

When Wei Chi heard Wei Ji’s words, his eyes narrowed dangerously.

Wei Ming had emphasized that all the Wei Family members should not bully Wei Ji and his sister, but no matter how they bullied Wei Ji and teased Wei Xuan in the past, Wei Ji had never said anything like looking for Wei Ming to threaten them.

That was because both sides knew very well that if Wei Ming came, he could only protect them for a while. When Wei Ming was gone, they would bully them even more.

Unexpectedly, Wei Ji would rather be bullied more in order to let Lin Yin in.

Wei Chi's eyes flickered. He had been embarrassed by that brat Wei Ying recently and he even made his grandfather very dissatisfied with their third branch.

Now that Wei Ji was also looking for trouble with him, he could not convince himself to compromise..

Chapter 683: Outsider

Wei Chi looked around and snorted when he saw that there was no one around. Then, he stepped back and waved his hand to get the people beside him to chase them away. "Chase these three people and Wei Ji out."

As soon as Wei Chi finished speaking, those people immediately rushed towards Lin Yin and Wei Ji.

When Wang Xu saw this scene from the second floor, she was excited.

If the second and third branches offended the Mu family, everyone would return to the same starting line.

At the very least, if the Mu family had a grudge because Wei Yang and Wei Wei had hurt Lin Yin before, then if Wei Chi hurt Lin Yin today, the Mu family would probably not cooperate with the third branch in the future, right?

How good was that!

Wang Xu crossed her arms in satisfaction and gently sniffed the fragrance of the tea in the teacup. Then, she took a sip of the flower tea in satisfaction.

Downstairs, Dong Yi and Long Huang had already rushed in front of Lin Yin and were fighting with the Wei Family's security guards.

Lin Yin looked at Dong Yi and Long Huang's neat moves and their aura of fighting one against ten. She wondered where these two people trained. She would ask them later and send Sun Biao and the others in for training.

Especially Long Huang. If he had not held back a little, someone would have died. Long Huang learned moves to kill.

However, if it was Sun Biao beside her now, it would still be very difficult to deal with the other party's people so easily.

Wei Ji looked at Lin Yin guiltily and said, "I'm sorry."

"You don't have to apologize. You advised me not to come. I was the one who insisted on coming, so it's normal for me to get someone to deal with these people blocking the way. You don't have to take it to heart," Lin Yin said without taking it to heart.

Wei Chi had thought that the dozen or so people around him would definitely be able to chase Lin Yin and Wei Ji out. He did not expect to be beaten by Lin Yin and the other two.

"Trash! Hurry up and fight! You can't even chase away a crippled piece of trash. What's the use of me raising you?" Wei Chi was so angry that he pushed a security guard beside him who had been beaten back by Dong Yi and shouted angrily.

Lin Yin's eyes flashed slightly, then she shook her head and mocked loudly, "Wei Chi, more than ten of you can't beat two of me. As expected, trash will only raise a bunch of trash."

Wei Ji turned to look at Lin Yin, who had stood up for him, his eyes filled with gratitude. Lin Yin had never been talkative. Now, she was wasting her breath on Wei Chi to stand up for him.

Wei Chi gritted his teeth in anger and rushed towards Lin Yin while the whole venue was in chaos.

Dong Yi and Long Huang stretched out a leg towards Wei Chi in unison, tripping Wei Chi to the ground and causing his face to be swollen.

“Stop!” Sun Nan rushed over with his men and shouted.

There were only three security guards left standing on the other side. When they heard Sun Nan’s words, they immediately stopped.

Dongyi and Long Huang immediately stopped and retreated behind Lin Yin.

Sun Nan looked at the unfamiliar girl in front of him and Wei Ji, who was beside the girl, and asked with an ugly expression, “Wei Ji, what are you doing? Are you bringing outsiders to our home to lord over us?”

“Home?” Lin Yin sneered sarcastically. “This old lady, will you call a place where the servants dare to go too far home? Who would be forced out of the car by the guard when they return to their house? Those who don’t know might think that this is the guard’s house and not Wei Ji’s.”

Sun Nan immediately looked around. Seeing that they were all his own people, he relaxed and sized up Lin Yin with an unfriendly gaze. “Who is this? It’s not up to an outsider to interfere in our Wei Family’s matters.”

“The Wei Family? Outsiders? As far as I know, Old Madam’s surname is Sun, not Wei, right? She doesn’t have a marriage certificate with Old Master Wei either. I heard that your name isn’t in this house either. Coincidentally, my surname isn’t Wei either. I don’t have a marriage certificate with the Wei Family either. My name isn’t in this big villa of the Wei Family either. In that case, if I’m an outsider, Old Madam, you’re also an outsider, right?” Lin Yin said innocently with her eyes wide open.

The surrounding people gasped. Sun Nan had lived in the Wei Family without a status for so many years. Even if her children had entered the Wei Family’s household register after she gave birth, it could not change the fact that she was indeed not the legitimate mistress of the Wei Family.

However, the people below never dared to mention these things. Now that a random girl said it in front of everyone, everyone could imagine how furious

Sun Nan was..

Chapter 684: Self-directed and Acting

As expected, Sun Nan's expression turned abnormally ugly, and his eyes were filled with anger that he wanted to tear Lin Yin into pieces.

Lin Yin's voice was not soft. Even Wang Xu, who was eavesdropping through the window on the second floor, heard Lin Yin's mocking words about Sun Nan.

Although she had no status in the Wei Family, at least she was not as awkward and angry as Sun Nan. After all, there were a bunch of people watching.

If Sun Nan did not deal with Lin Yin now, she would be embarrassed in front of these servants in the future.

Wang Xu looked happily at Sun Nan's hand signal.

The people beside Sun Nan were not useless unlike the people beside Wei Chi. If Lin Yin was injured, this scene would be exciting.

"Mom, what are you looking at? Why are you so happy?" Ning Sheng asked as she entered. Then, she placed the document in her hand on the table and came to Sun Nan's side.

When she saw the two people in front of Lin Yin fighting with the people beside

Sun Nan, Ning Sheng said in surprise, "Yinyin? Why is she here?"

Wang Xu's gaze was fixed on the chaotic scene. She wished that Lin Yin would be beaten to the ground in the next second. It would be best if she could beat Lin Yin to death. This way, they would not have to

be afraid that Lin Yin would help Wei Ji and the third branch would even completely offend the Mu family.

With Mu Cheng and his wife's characters, they would probably kill everyone in the third branch. At that time, they would reap the benefits and obtain all the wealth of the Wei Family without any effort.

Seeing that Sun Nan's men had almost hit Lin Yin, Ning Sheng's heart tightened. She turned around and was about to leave. She said, "I have to go down and take a look. If something happens to Yinyin, Ye Wen will go crazy again."

Wang Xu grabbed Sun Nan and looked at Ning Sheng with dark eyes. Ning Sheng knew Wang Xu's intentions almost instantly.

She frowned. She couldn't bear it, but Wang Xu held her back and didn't continue walking out.

She slowly looked in Lin Yin's direction downstairs and frowned nervously.

Although she knew that it was right not to interfere in the feud between Lin

Yin and the third branch, Lin Yin was her good friend's child after all.

Wang Xu sneered. "Your hands are so cold? Are you so worried?"

Wang Xu let go of Ning Sheng's hand and sighed with a smile. "You're smart, but you're not ruthless enough. You're just a friend's child. You don't have to be too kind."

Ning Sheng only responded in a low voice. All her attention was on the group fight below. When she saw the two people Lin Yin brought blocking Sun Nan's people outside, Ning Sheng heaved a sigh of relief.

She turned to Wang Xu and said, "Yinyin's two bodyguards are not ordinary, especially the one in gray. He doesn't look like a member of the Mu family. Every move is a killer move, but he's restraining it every time. Otherwise, he wouldn't have been entangled with Sun Nan's men for so long."

Wang Xu looked at Ning Sheng's gaze. She did not understand what those actions meant, but she trusted what Ning Sheng said.

"They're probably experts hired by the Mu Family at a high price, right? It seems like the Mu Family really values Lin Yin," Wang Xu said. Then, she turned around and placed the teacup back on the table. She sighed and said, "I was thinking of calling Old Master back to watch the show when Lin Yin is injured. Unfortunately, Sun Nan raised a bunch of trash."

Ning Sheng did not turn around and only said softly, "Dad is back."

Wang Xu stood up in surprise. As she walked, she asked in confusion, "Why are you back so early today?"

She returned to the window and saw that Wei Ming's car had already stopped beside the people lying on the ground.

Ning Sheng was also very puzzled. Under normal circumstances, Wei Ming would not come back until night time.

When Wei Ming got out of the car downstairs and saw the people lying on the ground, his expression was a little ugly.

As soon as Sun Nan saw Wei Ming, she immediately frowned and walked closer to him. She complained, "Brother Ming, Wei Ji found some hooligans from somewhere and just hit the guard and then Wei Chi's people. I came out to persuade him, but he actually got someone to hit my people."

Wei Chi immediately went forward and complained, "That's right, Grandpa. You've always taught us that brothers have to be harmonious and friendly with each other. You asked us to take care of Fifth Brother more. But now, Wei Ji actually brought outsiders to beat up the people at home. He's simply too impudent. He doesn't take your words to heart at all. It disappoints us brothers, Grandpa."

Seeing Wei Chi and Sun Nan performing hard, Lin Yin smiled mockingly. "Old Master Wei, your Wei Family is quite fun.. How exciting is their self-directed performance!"

Chapter 685: Kneeling in the Ancestral Hall as Punishment

“Lin Yin, what nonsense are you talking about? What self-directed act? Aren’t the Wei family’s bodyguards lying on the ground beaten up by the people you brought? Even if you want to deny it, you can’t, right? We have surveillance cameras here.” Wei Chi looked at Lin Yin coldly.

Since Lin Yin dared to come to the Wei Family to cause trouble, he would let Lin Yin see what happened.

Although Wei Ming looked at Lin Yin indifferently, his tone was not filled with accusation and anger. Instead, he said gently, “Lin Yin, you came to my Wei Family to hit someone. You have to give me an explanation, right?”

Sun Nan looked at Wei Ming in surprise. Would Wei Ming be so polite as to ask

someone for an explanation?

Wei Ming would disguise himself as a refined and kind person in front of outsiders, but he would not be so easy to talk to when facing someone without status or someone from the family.

If it was Wei Ji or Wei Chi who bullied them today, Wei Ming would definitely not say a word and directly get someone to throw the two parties involved in the fight into the ancestral hall.

Yes, without a reason.

What Wei Ming wanted was for everyone to be harmonious in front of him. Everyone who disturbed the harmony of his family, caused trouble for him, and made him feel uncomfortable would be treated the same.

With Lin Yin’s identity, Sun Nan looked at Lin Yin’s car and sneered in her heart. She didn’t think Lin Yin could have a powerful identity.

However, Wei Ming's kind attitude towards Lin Yin did make her a little puzzled.

Lin Yin could feel that Wei Ming's attitude towards her this time was clearly much better than last time.

She didn't care what the reason was. After looking at Sun Nan and Wei Chi coldly, she smiled and said, "I was invited by your Wei Family's Wei Ji as a guest, but Wei Chi said Wei Ji has to recognize his identity in the Wei Family. Not everyone can call themselves a member of the Wei family and have guests over."

"I'm puzzled. Wei Ji's surname is Wei. Isn't he from the Wei Family? Why can't he call himself a member of the Wei Family? He's not even allowed to invite friends? Therefore, I was unconvinced and fought."

Lin Yin looked at Wei Ming with a hint of mockery. "I've always heard that Old Master Wei dotes on the children left behind by his only wife. It seems like what the people outside are saying are all rumors. Wei Ji is even worse than a guard at the Wei Family. Could it be that Wei Chi is right and Wei Ji is not a

member of the Wei Family?"

Wei Ming glared at Wei Chi with an ugly expression, scaring Wei Chi so much that he shrank his neck and did not dare to speak.

As for Lin Yin, she looked at Wei Ming with a mocking expression and asked with a smile, "Is Wei Ji really not a member of your Wei Family? If he's really not, it's just nice. I still lack a younger brother. Why don't I bring him back and let him have my surname in the future? It's better to be my younger brother than to have no status in the Wei Family. Old Master Wei, what do you think?"

"Wei Chi! Wei Ji is your younger brother. You're speaking ill of your younger brother's identity, you have to kneel in the ancestral hall for three days!" Wei Ming shouted at Wei Chi.

Wei Chi said indignantly, "Grandpa! I didn't mean that. I just saw Lin Yin forcefully barge into our Wei Family and was afraid that Lin Yin would harm our Wei Family, so I tried my best to tell Fifth Brother not to bring any Tom, Dick, or Harry in. I'm doing this to protect our Wei Family!"

Wei Ji stood up from beside Lin Yin and puffed up his cheeks. He defended Lin Yin and said, 'Yinyin is not a Tom, Dick, or Harry. Grandpa, Yinyin is my classmate and friend. I've already said it when I entered the outer courtyard. I just told Second Brother that Yinyin is a guest I invited and asked Second Brother to be polite to her. But Second Brother still brought someone to tell

Yinyin to get lost!"

Wei Ming looked at Wei Ji in surprise. He did not expect Wei Ji to stand up and complain today.

In the past, when Wei Ji and Wei Xuan were bullied by their cousins, they chose to remain silent.

Therefore, most of the time, Wei Ming didn't know. Since the Wei siblings didn't look for him to seek justice and the matter wasn't so serious that it affected his reputation, he naturally wouldn't interfere.

This was the first time Wei Ji had complained to him.

Not to mention Wei Ming, even Wei Chi and Sun Nan were a little surprised.

Sun Nan stepped forward and was about to speak when Wei Ming glanced at Sun Nan ambiguously. Then, he said coldly, "Wei Chi, why are you still standing here? Do you want me to personally invite you to the ancestral hall?

Or should I get someone to kidnap you?"

Wei Chi knew Wei Ming's temper and knew that it was useless to say anything else. He turned around and walked towards the ancestral hall angrily..

Chapter 686: Mountain Villa

Sun Nan stared coldly at Lin Yin for a while before leaving with his grandson.

Wei Ming looked at Lin Yin and smiled gently. "It's just a quarrel between children. It's inevitable that they'll speak without thinking. Wei Ji is a descendant of our Wei Family. I'm afraid you won't be able to bring him back to be a younger brother."

Lin Yin shook her head regretfully and said, "Aiya, what a pity. It's such a pity that I can't bring such a cute boy back."

As she spoke, Lin Yin looked at Wei Ming with a burning gaze and smiled ambiguously. "Grandpa Wei, you have to take good care of Wei Ji. Otherwise, if you lose him one day, I'll secretly take him away and make him my younger brother."

Wei Ming's gaze landed on Lin Yin. After looking at her for a while, he smiled and said, "Wei Ji is already so old. He's already an adult. There's no need to watch him."

Lin Yin smiled and didn't say anything.

Wei Ming turned to look at Wei Ji and said, "Since your classmate is here, entertain her. If you need anything, tell your Uncle Li. Treat him well, understand?"

Wei Ji nodded respectfully at Wei Ming. "I understand, Grandpa!"

Wei Ming turned around and smiled lovingly at his junior. "Little Yinyin, treat the Wei Family as your own house and have fun. Stay for dinner tonight."

Lin Yin looked at Wei Ming noncommittally. It was not until Wei Ming was far away that Lin Yin put down her fake smile.

Wei Ji's face was filled with worry. After a while, he turned to look at Lin Yin and said, "Yinyin, let me show you around?"

Lin Yin retracted her gaze and smiled. "Okay!"

Wei Ji got someone to drive Lin Yin's car to the parking lot at the side.

With Wei Ming's words, the servants obeyed Wei Ji.

Uncle Li even drove a car that looked like a small tour bus and drove Lin Yin and Wei Ji around the villa that occupied half of the mountain.

Wei Ji pointed at the villa that was connected and said, "The door we were about to enter just now was Third Grandma's villa, and the one on the left was Second Grandma's villa. I heard that these two main villas that were connected were separated at first. Back then, it seemed like an aristocratic family spent more than a billion yuan to build it. Later, that family declined. After Grandpa bought it, he connected it."

Lin Yin only nodded. Her gaze followed the tour bus as she admired the Wei Family's villa.

When she first entered the Wei Family, Lin Yin was angry, so she did not take a closer look. Now that she looked at it, the Wei Family was indeed very big. There was a huge fountain garden in front of the main villa, and around it was an empty parking lot.

After circling the fountain, they arrived at the back of the villa. There were a

few European-style bungalows that looked empty. Then, there was a huge sports field with a golf course beside it.

Lin Yin thought that was it, but as she continued, she saw all kinds of pavilions, small gardens, and majestic buildings. There were even stages, small bridges, and streams for banquets...

"Your house is quite big. Why do you have to stay with those two families? Why can't you stay here? He can even build a door for you that belongs to you," Lin Yin asked curiously beside Wei Ji.

Wei Ji smiled mockingly and said, "My grandfather won't allow it. He's old now. What he wants is a harmonious family. He wants that kind of family joy. If my sister and I come out to live alone, won't the harmony he wants be ruined? Besides, the other two families won't agree. They'll definitely make a fuss."

Lin Yin sneered in her heart. That old thing wanted to bring harmony to the family, but he didn't protect his grandchildren. How selfish.

"So, you and your sister are living in the cracks between those two families?" Lin Yin sighed and asked.

Wei Ji nodded silently, then changed the topic and continued to introduce him to Lin Yin in a low voice.

"I heard that these buildings are in the style that the old lady from the previous aristocratic family likes. That old lady is a famous architect, so all the buildings here are beautiful. They're both classical and modern..." Wei Ji's voice was soft, and every word floated out of his pink lips with a gentle beauty.

Lin Yin retracted her gaze from Wei Ji and focused on the buildings. They were indeed very unique and exquisite..

Chapter 687: Call Me Sister

Wei Ji brought Lin Yin around. It was almost dusk.

When Lin Yin's sightseeing bus alighted, Wei Xuan, who was squatting in the corner with her butt sticking out, also turned to look at Lin Yin. Then, the big eyes on her dirty face lit up.

Wei Xuan grabbed a frog in one hand and a worm in the other and rushed towards Lin Yin.

Wei Ji widened his eyes and immediately stopped his dirty sister. He said helplessly, "Ah Xuan, put down the thing in your hand. Otherwise, you'll scare

Lin Yin.”

Wei Xuan frowned and looked at the frog and worm in her hand reluctantly. She muttered, “But I’m still feeding my little Doudou. If I let it go, he’ll be hungry.”

Wei Ji looked at the frog in Wei Xuan’s hand and sighed. “Then quickly feed it.”

Wei Xuan stuck her head out from in front of Wei Ji. Her face was dirty, but she looked at Lin Yin innocently and said, “Little Elf, wait a moment.”

With that, Wei Xuan retracted her head and fed the worm in her right hand to the frog in her left hand. She even coaxed it, “Little Doudou, eat quickly and grow tall. Earn candy for Ah Xuan. ”

Lin Yin walked forward and looked at Wei Xuan, who was seriously feeding the frog. She smiled and said, “Your sister has a good memory. She only met me once and she remembers me.”

Wei Ji smiled and said, “Yes, she’s not stupid. Her intelligence just stopped developing. ”

On the other hand, Wei Xuan watched as the frog finished eating the worm. Then, she stuffed the frog in her hand into a transparent glass box and ran towards Lin Yin happily.

When Wei Ji saw that Wei Xuan was about to hug Lin Yin’s dirty hands, he quickly pulled her back and said helplessly, “Didn’t I tell you to clean your hands when you see someone? Otherwise, you’ll dirty their clothes?”

Wei Ji was extremely gentle when he spoke to Wei Xuan.

Helpless, Wei Xuan could not understand Wei Ji’s words at all. She only pouted and said unhappily, “Little Elf is not a guest. Little Elf is Little Elf.”

Lin Yin pulled Wei Ji back and smiled. “Why do you have to force it? I’m not afraid of dirt.”

She had come into contact with people who had been through thick and thin in the slums.

Hearing Lin Yin's words, Wei Xuan's red eyes lit up.

As soon as Wei Ji let go, Wei Xuan jumped onto Lin Yin like a rabbit with an extremely strong jump. Her legs wrapped around Lin Yin's waist and she happily rubbed her furry head against Lin Yin's neck.

Lin Yin was so frightened that she subconsciously reached out to hold Wei Xuan's butt, afraid that she would fall.

Lin Yin felt that perhaps it was because Wei Xuan was Wei Ji's sister that she seemed to be a little indulgent of Wei Xuan's personality.

If Wei Xuan had pounced on her a few days ago when she did not know Wei Ji's identity, she would probably have nimbly dodged to the side and let Wei Xuan fall to the ground.

Wei Ji looked at the scene in front of him with a helpless smile. As Wei Xuan rubbed against Lin Yin, she said happily, "Little Elf, you smell so good. Little Elf, do you eat flowers? Is that why you smell so good?"

As she spoke, Wei Xuan moved her head away from Lin Yin's neck and asked curiously, "Can I eat flowers with the little elf? I can eat a lot. I'll eat a big bowl." Lin Yin was caught between laughter and tears by Wei Xuan's words.

Wei Ji went forward and pulled Wei Xuan with a headache. He said kindly, "Ah

Xuan, come down quickly. Yinyin will be tired later."

Wei Xuan tilted her head and looked at Wei Ji, then at Lin Yin. Then, she repeated curiously, "Yinyin?"

Lin Yin met Wei Xuan's clear eyes and said lightly, "Little Elves can't expose their identities in front of humans. You have to help me keep it a secret. So how about you call me Sister in the future?"

Wei Xuan's eyes lit up even more. She nodded happily and said, "Alright! Shh! Don't call me Little Elf! Call me Sister!"

Lin Yin looked up at Wei Ji. Since Wei Ji did not call her sister, she would let Wei Ji's sister call her that.

Wei Ji didn't know why Lin Yin was looking at him, but he felt that Lin Yin seemed to be smug. Why?

"Miss Lin Yin, Fifth Young Master, Third Miss, Old Master said that he wants you to attend dinner together later. We have to make this cleaner," Uncle Li reminded..

Chapter 688: Like Second Uncle

Wei Ji asked in confusion, "Is Ah Xuan going to attend too? But isn't she usually..."

"Fifth Young Master!" Uncle Li interrupted Wei Ji before he could finish. "There are guests here today. It's time for the family to invite them to a banquet to show the host's hospitality."

Wei Ji nodded and said politely, "I understand, Uncle Li. I'll bring Ah Xuan and Yinyin to wash them clean now."

Wei Ji pulled Wei Xuan off Lin Yin and brought her into the villa. He whispered, "This is Third Grandma's territory. Ah Xuan and I are staying in the middle with Grandpa."

Lin Yin nodded. This was understandable. After all, Wei Ji and Wei Xuan did not belong to the other two families. It was not suitable for them to stay on either side.

The interior of the villa was also extremely luxurious, but Lin Yin did not expect that the place where Wei Ji and Wei Xuan lived was in a mess, as if they had been robbed.

He questioned Wei Xuan in a low voice with embarrassment and anger, "Wei Xuan, you came to my room to cause trouble again!"

Wei Xuan did not care about Wei Ji's red neck. She shook off Wei Ji's hand and rushed in to pick up Wei Ji's underwear. She grabbed it innocently. Before Wei Ji could stop her, Wei Xuan had already put Wei Ji's underwear on her head and was running around Wei Ji's room.

Wei Ji felt that he had been completely embarrassed by his sister. He chased after Wei Xuan while picking up underwear everywhere.

Lin Yin looked at the funny scene in front of her and couldn't help but laugh. These siblings were in a tizzy.

Hearing Lin Yin's laughter, Wei Ji blushed even more. He grabbed Wei Xuan and wanted to scold her, but when he saw Wei Xuan's innocent and ignorant gaze, he could only blush and bear this embarrassing moment alone.

Wei Ji pulled Wei Xuan to wash up while Lin Yin sat in Wei Ji's room.

Wei Ji's room was as luxurious as the room outside, but there were pitifully few things in the room. Other than clothes all over the ground, there was nothing decorative.

Then, her gaze landed on a photo of a man and woman. The woman in the photo looked very similar to Wei Ji.

"That's my parents," Wei Ji said beside Lin Yin.

Lin Yin smiled and said, "You look like your mother, but you don't look like your father. Looks like there's a reason why sons look like mothers."

Wei Ji looked at the photo gently and smiled. "I heard from others that I'm more like my uncle."

“Your uncle?” Lin Yin searched her mind and said, “Fu Chen? Or Fu Han?”

Wei Ji’s gaze suddenly turned to Lin Yin and he asked curiously, “You know my two uncles?”

Lin Yin nodded frankly. “I know a little. Your eldest uncle, Fu Han, and second uncle, Fu Chen. The Fu Family was also one of the top three families in the capital more than 20 years ago.”

Wei Ji lowered his head and wiped his hands carefully as he said with a faint smile, “I look like my Second Uncle.”

Lin Yin saw that Wei Ji was a little depressed and wanted to say something to comfort him, but the flower-like Wei Xuan rushed out of the bathroom excitedly and said happily to Lin Yin, “Sister, do I look good?”

Wei Xuan’s entire face was as pale as if it had been covered in layers of cement. Her eyebrows were drawn thicker than her fingers, like two curved black caterpillars. There was also the lipstick covering her mouth and the blush on her cheeks, which shocked Lin Yin so much that she could not say anything.

Lin Yin said untruthfully, “It looks good! Well, I’ll help you with it. It’ll look better, okay?”

Wei Xuan shook her head and rejected, “No, it looks good. I don’t want it!”

Wei Ji sighed and said, “Forget it, Yinyin. Let her be like this. I’m used to it. I haven’t seen my sister’s true appearance for a long time. I don’t know who taught her makeup skills. It’s too troublesome. However, I think this is good.

I’m not by her side often. It’s easier to track her if I lose her.”

Lin Yin was caught between laughter and tears as she shook her head when she saw Wei Xuan holding a mirror and admiring her face happily..

Chapter 689: Dining Room

Lin Yin only cleaned up the mud that Wei Xuan had placed on her just now before following Wei Ji to the Wei Family dining room.

At this moment, Sun Nan was sitting in the dining room with an ugly expression. As soon as Wang Xu brought Ning Sheng to the cafeteria, she said in an extremely good mood, "Hey, you're in a bad mood today?"

Then, Wang Xu looked at the people at the dining table. Sun Nan's son, Wei Hui, his daughter-in-law, Shi Hui, and his eldest grandson, Wei Cheng, were all present. Other than Wei Chi, who was still kneeling in the ancestral hall, the three branches were all present.

Wang Xu deliberately said in surprise, "Why? Isn't Wei Chi back today?"

There were no outsiders in the cafeteria now, and Wei Ming was not around.

Sun Nan said bluntly, "Wang Xu, don't ask when you already know the answer. I'm in a bad mood today and don't want to talk to you."

Sun Nan couldn't figure out why Wei Ming's attitude was like that towards Lin Yin today.

In the end, she felt that Wei Ming might be praising Wei Ji's friend to warn Wei Chi to behave himself during this period of time. The main reason was that Wei Ying had something on Wei Chi during this period of time.

In Sun Nan's opinion, Wei Chi might have knelt in the ancestral hall today because Wei Ming was dissatisfied with Wei Chi during this period of time, so he used today's opportunity to punish Wei Chi.

Now, other than Sun Nan's family in the cafeteria, only Wang Xu, Ning Sheng, and Yuan Yao's mother-in-law and daughter-in-law came from the second branch.

Sun Nan smiled and said, "Why isn't Wei Ying here yet? She's been very close to our Wei Chi recently. Could it be that she went to the ancestral hall to see my disappointing second grandson?"

Wang Xu's eyes were still filled with a faint smile. After she sat down, she said elegantly, "Sigh, that child. As a lawyer, she has good intentions. When she saw those girls who were harmed by the online marketing company to jump off a building, she didn't even eat or drink these few days and insisted on seeking justice for those poor children. We let her be. She didn't do anything bad. As her elders, we can only support her. Don't you think so, Sister?"

Shi Hui glanced at Wang Xu. Her tone was respectful, but her eyes were filled with disdain as she said, "Aunt Wang, you're right. It's just that Wei Ying was so eager for quick success that she framed her brother and even wanted to send my son to jail. That's not good. We can't just say that Ah Chi is the mastermind just because Ah Chi knows that company's boss. She even suspects all of us, making us feel uneasy. It's too much, don't you think so, Aunt Wang?"

Wang Xu did not respond to Shi Hui's words. She only smiled at Sun Nan indifferently and said, "The elders are talking and this junior interrupted halfway. Sister, the upbringing of your daughter in law has to be improved. As mother-in-laws, we can't just care about our own enjoyment every day. We still have to bear some responsibility of educating the younger generation. Otherwise, a crooked stick will have a crooked shadow. An ill-bred mother will naturally raise unreliable children, right?"

These words were clearly saying that Shi Hui was improper, which was why Wei Chi was in trouble now.

Sun Nan glanced at Wang Xu coldly and mocked, "You should pay more attention to your family. I heard that Wei Yang and Wei Wei have offended someone recently. The hospitals and pharmacies under their name have been investigated and they haven't reopened. I'm afraid they've done something outrageous, right? The Wei Family started out in the business of saving lives. Doctors are benevolent. Vicious people are not suitable for saving lives like this."

Wang Xu was not angry. She just looked at Sun Nan with a smile and thought to herself, It's fine. As long as Sun Nan works hard, it will be her turn to offend someone and they will take revenge on her.

Seeing that Wang Xu did not speak, Sun Nan stopped talking resentfully, but his expression was still ugly.

Her precious grandson was still kneeling in the ancestral hall, but Wei Ming actually asked them to eat with someone so grandly. What kind of logic was this?

When Wei Ying and Wei Yang came out, Wang Xu asked, "Where's your father?"

Wei Ying sat down in her seat and grabbed her chopsticks to pick up the cold dishes in front of her. Wei Yang immediately pulled Wei Ying's hand down gently and shook his head at Wei Ying with a gentle expression. Then, he said to Wang Xu, "Grandma, Dad has a meeting at school tonight. He said that he won't be coming back for dinner.."

Chapter 690: Sit By My Side

Wei Wei ran out from behind with a smile and teased, "Ah, there's a problem if a man doesn't go home after work! Aunt, you have to be careful. Ah! Which bastard dares to hit my head!"

Wei Wei was hit on the back of the head and immediately turned around. In the end, he saw his father, Wei Hong, staring at him and saying coldly, "Your father is hitting your head! It's only been a few days, have you forgotten what I said?"

Wei Wei pursed his lips and covered his head as he muttered indignantly and sat back in his seat. He was still cursing in his heart that today was not a good day. If Grandma had not reminded him repeatedly to come back, he would not have come back.

Ning Sheng said with a nonchalant expression, "Child's words carry no harm, but Ah Wei, you can't spout nonsense next time. Otherwise, your uncle will be anxious with you when he comes back one day. If there are any bad rumors about the principal of Capital University, he will have to make a report to clarify."

Ning Sheng easily cleared some inexplicable rumors for her husband.

Wang Xu knew that Ning Sheng explained because she didn't want Sun Nan's family to laugh at her, but she still secretly glared at Yuan Yao. After all, Yuan Yao hadn't taught her son well, and Yuan Yao had the greatest responsibility as a mother.

Wang Xu knew that Ning Sheng explained because she didn't want Sun Nan's family to laugh at her, but she still secretly glared at Yuan Yao. After all, Yuan Yao hadn't taught her son well, and Yuan Yao had the greatest responsibility as a mother.

She did not have to go to work usually and could not even teach a son well. Such a mother was naturally a failure.

Yuan Yao naturally received Wang Xu's unhappy gaze, but all she could do now was obediently be a chicken, a coward, a scaredy cat.

Wang Xu turned to look at Wei Hong and asked, "Why didn't Ah'e come back during the holidays?"

Before Wei Hong could speak, Wei Wei's inconvenient voice sounded again. "Oh! She said that her idol is holding a meeting. She's probably waving a light stick happily with an autographed photo and shouting shamelessly, "Brother, I love you!"

Wang Xu's expression turned ugly. Wei Hong, who was sitting beside Wei Wei, was so angry that he pinched the flesh on Wei Wei's waist, causing Wei Wei to grimace in pain.

"Dad! I'm your biological son. How can you do this to my flesh? You're too ruthless!" Wei Wei covered the flesh on his waist and said unhappily.

Wei Hong really wanted to stuff his children back into Yuan Yao's stomach and give birth again.

Wang Xu snorted and did not say anything. The people on Sun Nan's side looked like they were watching a show.

When Lin Yin and Wei Ji arrived at the dining room, the atmosphere was not very good. In the luxurious and spacious European-style restaurant, other than the occasional sound of Wei Wei playing games, there was no other sound.

Lin Yin quickly looked around and verified everyone in the Wei Family with the information she had found.

Wang Xu sat at the head of the left. The seat that was next to her was empty. It should be Wei Chuan's seat. Right on the heels of that was Ning Sheng, Wei

Yang, and Wei Ying's family. After that was Wei Hong, Yuan Yao, and Wei Wei. There was also a pink chair. If she didn't guess wrongly, it should be Wei Wei's sister, Wei Er.

Lin Yin glanced at Wei Wei in surprise. Wei Wei, who was not wearing glasses and was shaved, was not that wretched. Coupled with his colorful shirt, he looked like a playboy.

The right side was relatively simple. Sitting at the head of the table was Sun Nan, followed by Wei Hu and Shi Hui, as well as Wei Cheng, who looked exactly like Wei Chi.

Lin Yin was still sized up Wei Cheng. These two brothers did look alike. If she didn't know that Wei Chi was being punished to kneel in the ancestral hall, she probably wouldn't have been able to guess who was Wei Cheng and who was Wei Chi.

Suddenly, someone grabbed the clothes on her back. Lin Yin instantly turned around and was relieved to see that it was Wei Xuan, who looked terrified.

She gently wanted to pull Wei Xuan's hand down from the back of her clothes, but she couldn't. Lin Yin could only say softly, "It's okay!"

Lin Yin's voice was very soft and it was enough to attract the attention of the people in the dining room.

When Ning Sheng saw Lin Yin, she immediately stood up and walked in happily. She smiled especially warmly and hospitably. "Yinyin, you're here? Come, sit beside me."

As Ning Sheng spoke, she led Lin Yin to her seat. She pointed at the seat beside Wei Yang, which was where she had been sitting just now, and said gently, "Sit here."

Lin Yin pulled her hand out of Ning Sheng's without a trace. Before she could refuse, Ning Sheng looked helplessly at Wei Xuan, who was pulling Lin Yin's clothes, and coaxed, "Ah Xuan, be good. Go back to your seat."

Wei Xuan did not let go of the clothes on Lin Yin's back. Instead, she pulled them tighter. Her eyes were timid. She did not speak or let go of Lin Yin..
