

Real Daughter 701

Chapter 701: Chased Out

Lin Yin raised her eyebrows and said bluntly, "Alright, if you want to see it, I have no objections."

Lin Yin openly played the surveillance footage in front of everyone. The footage started from the pavilion. After Lin Yin fell into the water, the scene stayed on the beam of the pavilion.

Wei Cheng said suspiciously, "Is that all? Miss Lin Yin, don't tell me you're still hiding something?"

Lin Yin handed the bee to Wei Cheng and smiled. "If you don't believe me, you can take a look yourself."

Wei Cheng stared at Lin Yin. Then, he really took the bee from Lin Yin's hand and put it on his phone to investigate.

However, the result was still the same as what Lin Yin had just released. Wei Cheng could not help but feel a little discouraged.

The appearance of Lin Yin embarrassed their third branch in front of their grandfather. He really couldn't stand Lin Yin.

Wei Ming said in a deep voice, "Alright, don't disturb the guest's rest."

After Wei Ming got someone to take good care of Lin Yin, he left with everyone. Before he left, he even took Wei Xuan, who was playing with candy, away.

Ning Sheng also instructed Lin Yin to rest well and even asked her to stay here at night. She would tell Ye Wen about this later.

Soon, only Wei Yang, Wei Ji, Lin Yin, and her two bodyguards were left in the room.

Lin Yin smiled and said to Wei Ji and Wei Yang, "I'm fine. The two of you don't have to guard here."

Wei Ji said carefully, "Yinyin, I'm sorry. You came to my house. I didn't protect you well and even injured you."

Wei Yang also said guiltily, "That's right, Sister Yinyin. This happened the first time you came to the Wei Family. It's our negligence. We're really sorry."

"Alright, I accept your apology, but I really need to rest now, so you don't have to keep apologizing here. Otherwise, it will affect my rest," Lin Yin said with a faint smile.

"Then rest well, Sister Yinyin. If there's anything, look for me directly." Wei Yang took out his phone and stretched it out to Lin Yin. "Have my contact number. It's convenient for you to look for me when you need to."

Lin Yin nodded and added Wei Yang.

Wei Ji still wanted to talk to Lin Yin, but before he could speak, Wei Yang took him away with the excuse of not disturbing Lin Yin's rest.

Wei Ji followed Wei Yang silently. Not long after the two of them left the room, Uncle Li called them to the study.

As soon as she entered the study, she saw the people from the Wei Family's second and third branches holding their breaths and standing silently on both sides.

On the other hand, Wei Ming lowered his head with a dark expression and did not speak.

Wei Yang went forward nervously and said warmly, "Grandpa, what's wrong? Did something happen?"

“What’s wrong? The Wei Family lost all their face in front of outsiders today. The servants went too far and actually stepped over their master. They even pushed a guest into the lake and attacked someone from our family in front of outsiders.”

“What are you doing? Don’t you think it’s embarrassing enough? Do you want others to think that our Wei Family can’t even control the servants? There’s danger everywhere and even our family isn’t harmonious?” Wei Ming’s tone

was filled with obvious anger.

The people below did not dare to say anything and could only silently listen to Wei Ming flare up.

Wei Ming sneered and said, “Since you guys want to anger me to death so badly, I won’t give you all face. Wei Yang, Weicheng, from today onwards, clean up your families and the Corporation. Anyone who is related to your two families that doesn’t have any substantial ability or performance will be eliminated.”

Wei Ming only paused for a moment before turning to Uncle Li and saying, “Especially those nannies, security guards, housekeeping staff, chefs, gardeners, and so on. Help Wei Yang and Wei Cheng chase out all those who have relations and those who did not go through the regular hiring procedures.”

Uncle Li nodded respectfully.

Everyone’s expressions suddenly changed. They did not expect such a small matter to be so serious. Wei Ming was actually going to deal with both families.

He actually didn’t allow them to hire people they were related to to work for the huge Wei family. If they met someone who they were unsure of and their interests were not tied together, wouldn’t everyone be able to find out everything they did?

Seeing that Wei Cheng and Wei Yang did not respond, Wei Ming’s expression darkened even more. He questioned, “What? The two of you are unwilling? Do you want me to find someone else to do this?”

Wei Yang looked at Wei Ming with a complicated expression..

Chapter 702: Cooperation

Wei Ming had asked him and Wei Cheng to do this together because he clearly knew that they would do their best to chase the other party out of the corporation. That was why he said this.

It seems like Grandpa was really going to clean up their forces.

But why?

Their two families had stuffed many people into the Corporation over the years. If they were really ruthless to each other, everyone in the Corporation would be in a panic.

What was Grandpa's motive for being so relentless? It couldn't be to suppress their two families to support Wei Ji's family, right?

Wei Yang laughed mockingly in his heart, but then his expression turned ugly. After thinking about it carefully, he felt like it wasn't impossible.

Wei Ming was used to being self-centered. Perhaps he would be dissatisfied because the two of them were constantly growing stronger in the Corporation, so he wanted to support Wei Ji, who was weak and easy to control.

On the other hand, Wei Cheng had clearly thought of this as well. He looked at Wei Yang and cursed in his heart, He's so old and his body is already like that, but his desire to have control is still so strong.

However, most of the Corporation was still in Wei Ming's hands. No matter which branch they were from, they did not dare to go against Wei Ming before he died.

Wei Cheng quickly said, "I understand, Grandpa. I'll do my best."

Wei Yang also said respectfully, "I understand, Grandpa."

Only then did Wei Ming let everyone leave.

As soon as she left, Sun Nan said sarcastically, 'Wang Xu, you've shot yourself in the foot, right? You initially wanted to use this matter to clean up my forces.

you didn't expect Brother Ming to clean up your forces too."

When Sun Nan said this, she was obviously gritting her teeth at Wang Xu. In her opinion, if Wang Xu had not been anxious to deal with her just now, Wei Ming might not have done this.

Wang Xu was also very annoyed. "Sun Nan, don't be so sarcastic with me. If your people hadn't offended Lin Yin and Wei Ji, how could today's matter have happened? If you want to blame someone, blame yourself. You stuff all your relatives into the Corporation and the family. Otherwise, how could there be such lousy things?"

The two of them snorted at each other in displeasure and turned to leave.

Wei Yang glanced at Wei Cheng and the two of them went to Wei Yang's study.

"What do you think we should do about this?" Wei Yang asked directly.

Wei Cheng smiled and said, "Don't you know very well what to do? Otherwise, why did you call me over?"

Wei Yang nodded with satisfaction. In terms of benefits, there were no eternal friends, nor were there eternal enemies.

If they really followed Wei Ming's instructions and killed the other party's people this time, the two of them would lose their right to speak in the Corporation in the future.

"However, since Grandpa has already spoken, we have to get rid of some people. Otherwise, we won't be able to let this matter pass." Wei Yang sat on the chair and said casually.

"Of course. Let's each make a list and sweep out some people who are not very important. This way, we can take care of Grandfather's pride and the losses of our two families can be controlled to an acceptable extent." Wei Cheng suggested.

Wei Yang nodded. "Since we've reached a consensus, let's complete our roles."

Wei Cheng snorted lightly. "I don't need you to remind me."

After saying that, Wei Cheng stood up disdainfully and left.

It was said that Wei Yang was as gentle as jade and was an upright and modest young master, but in fact, when it came to these benefits, wouldn't he be sneaky like him?

When he passed by Lin Yin's guest room, Wei Cheng's eyes were filled with ruthlessness.

This Lin Yin was simply their nemesis. She hit someone on their side the moment she arrived and even caused them to have to cut off the people they had planted at home and in the Corporation for so many years.

In the room, Lin Yin took the other memory card from Long Huang and smiled. "Long Huang, you're quite smart. How did you know what I needed?"

Long Huang said frankly, "Brother Dong Yi is still the smartest. He told me that you would definitely investigate the reason for falling into the water when she wakes up later. When the time comes, she will definitely retrieve the video from this storage card. Then she will definitely be in trouble if the Wei family sees that there's clear footage of their home. Therefore, we edited the footage and replaced it."

Lin Yin looked at Dong Yi with satisfaction and said, "Dong Yi, you're very smart.. "

Chapter 703: Puzzlement

Dong Yi and Long Huang were both praised by Lin Yin. They were delighted, and it diluted the worry that they didn't protect Lin Yin well enough. "Have you spread what happened to me today?"

Long Huang shook his head and said, "When you were unconscious, the internet in the entire Wei Family seemed to have been blocked. Our news didn't spread. Then you woke up. There were so many people present, but we didn't have time to spread it."

Lin Yin was slightly surprised. The signal was blocked? Did someone not want anyone to know that she had been pushed into the water?

Dong Yi analyzed from the side. "I think Wei Ming did it. He knows Miss Lin

Yin's identity, so he's afraid that the Mu family will come and seek justice for Miss Lin Yin if they find out. If Miss Lin Yin doesn't wake up, the two families will become enemies. That's why Wei Ming only dared to let the information pass after Miss Lin Yin woke up."

Long Huang nodded at the side. "Although the Wei Family is not afraid that the Mu Family will take revenge, once the two families fight, they will suffer heavy losses, so I agree with Dong Yi."

Lin Yin looked at the two of them ambiguously and asked casually, "The two of you seem to know a lot about the families in the capital."

Dong Yi and Long Huang looked at each other. Then, they chuckled foolishly and did not speak.

The two of them were naturally familiar with it. One was from the Mu Family, one of the eight great families, and the other was from the Lu Family, one of the eight great families. How could they not know each other?

Lin Yin didn't ask further and only said softly, "The two of you can go out first. I'll rest for a while."

Long Huang and Dong Yi nodded and left. As soon as they left, they saw an unfriendly gaze staring at Lin Yin's guest room.

Long Huang looked at the other party sharply. Dong Yi also put away the undisciplinedness he had when coming out of the room and looked at the other party sharply.

Wei Cheng sneered and turned to leave.

After Lin Yin sent Long Huang and Dong Yi away, she looked at the scene in the surveillance cameras carefully.

She wanted to help Wei Ji, but to be honest, she really had no clue now. Therefore, when she came to the Wei Family, her only thought was to investigate the Wei Family and find a breakthrough.

At the very least, if she really could not help Wei Ji, if Wei Ji was in danger, she could still bring someone to the Wei Family to take him away.

Unexpectedly, before she could use this video to help Wei Ji, she used it to find the person who drugged her.

She did not feel that she was in a daze when she looked at the fireworks because they were so beautiful that they blinded her eyes. Besides, when she was in the water, she did not even have the strength to paddle. This was not just revenge. Instead, it looked like they wanted her to die.

However, Lin Yin was also puzzled. There were so many people. Even if she didn't have the strength and couldn't paddle or swim, she wouldn't die, right?

So, that person just wanted her to fall into the water in a daze? Were they afraid that she would be conscious and it would be difficult to push her?

Lin Yin did not say these things because she was afraid that the person who drugged her and the person who pushed her was different. If she rashly spoke about it, she would cause too much trouble for the Wei Family.

Since that person attacked sinisterly, she naturally had to counterattack.

However, the strange thing was that Lin Yin had checked the entire video and did not see anyone suspicious. But why was no one else in a daze? She was the only one who was in a daze. Could it be an accident?

Lin Yin went through her schedule for the day again, but she still did not see anything suspicious. In the end, she wondered if she was crazy and had some persecutory delusion.

On the other side, Ye Wen received a call from Ning Sheng. When she mentioned that Lin Yin had fallen into the water at the Wei Family, Ye Wen jumped up from the sofa.

“What did you say? Yinyin fell into the water? Why did she fall into the water?

How is she now? Is she alright? Is she still in the Wei Family? I’ll go over now!” Ye Wen was so worried that she did not even wear slippers and was about to go out barefoot.

When Mu Cheng heard that something had happened to Lin Yin in the Wei Family, his expression darkened. He stood up and followed Ye Wen, preparing to go to the Wei Family to save Lin Yin.

Ning Sheng raised her voice a few decibels on the other end of the phone. “Yinyin is fine! She’s already awake. A doctor has already seen her. There’s no problem. So let Yinyin rest at the Wei Family for the night..”

Chapter 704 - 704: Someone’s Dead

Translator: Atlas Studios Editor: Atlas Studios

“Rest for a night in the Wei Family? Ning Sheng, something happened to Yinyin the first time she went to the Wei Family. If she sleeps for the night now, will she die in your Wei Family tomorrow? Ning Sheng, tell me the truth. Who did this?” Ye Wen questioned angrily.

On the other end of the line, Ning Sheng was silent for a moment before saying, “It’s a servant from the third branch. When Yinyin sent Wei Ji home today, she was humiliated by a guard from the third branch. Lin Yin entered and the guard was chased out by my father-in-law. I just didn’t expect that the guard had a sister in the Wei family. She was so angry that she pushed Lin Yin.”

Ning Sheng told them the truth. She knew that she definitely could not hide it from the Mu family. Besides, she never thought of hiding it. In fact, she was glad to tell Ye Wen.

She was afraid that if Ye Wen found out from others later on, her friendship with Ye Wen might fade.

“Where’s that person?” Ye Wen asked with anger in her eyes.

She knew that once Lin Yin touched the Wei Family, something would definitely happen. This was her first time going to the Wei Family, but she was pushed into the water.

Ning Sheng said honestly, “I’ve already asked Wei Yang to send them to the police station.”

Ye Wen did not believe that it was that simple. Even if it was really that simple, she would not let go of anyone who might be a danger to Lin Yin.

“Which police station?” Ye Wen asked coldly.

Ning Sheng looked like she knew it. Then, she sighed and said, “The New District Police Station.”

“I understand. Help me look after Yinyin for a while.” Ye Wen hung up after saying that. She turned around and brought Mu Cheng to the police station in the new district.

“Look after for a while? You’re coming to the Wei...” Before Ning Sheng could finish speaking, a beeping sound came from the other end of the phone.

As Ye Wen rushed to the police station, she sent a message to Dong Yi. Soon, she knew why Dong Yi could not send the message in time. She said coldly, “I

Imew it. This Wei Family is clearly a tiger’s den. How can an innocent child-like Yinyin defeat those demons and ghosts? The connection was blocked out of nowhere. How is that possible? I definitely don’t believe that there’s no one behind it.”

Mu Cheng was also worried. Those people from the Wei Family were all ruthless characters. Otherwise, the three children of Wei Ming’s first wife

would not have died inexplicably. The two children left behind were the crippled Wei Ji and the fool Wei Xuan.

The two of them rushed to the police station. They wanted to know something from the servant who was imprisoned, but before they could see her, they saw the police officer come out with a serious expression and say, “The person you want to see is dead.”

Mu Cheng frowned and questioned, “How did she die? Wasn’t she sent here not long ago?”

The junior police officer nodded gloomily. “It didn’t last long, but she just died. Her face is green, as if she was poisoned. She’s already been sent to the forensics department for examination.”

Ye Wen and Mu Cheng looked at each other before checking the surveillance cameras with the police officers. After the servant arrived at the prison, there was nothing unusual at all, but she was suddenly poisoned to death.

Those police officers were still waiting for the forensic results. Ye Wen asked Mu Cheng to guard them. She was going to the Wei Family. She was worried about leaving Lin Yin in the Wei Family.

Lin Yin was still watching the surveillance cameras repeatedly, wanting to find any signs of suspicious people drugging her. Ye Wen hurriedly pushed the door open and entered. She carefully pulled Lin Yin up and sized her up. "Yinyin, how are you? Are you feeling unwell? I'll bring you to the hospital for another checkup."

"I'm really fine. I'm fine." Lin Yin spent a lot of effort to comfort Ye Wen and ensured that she was really fine before Ye Wen slowly relaxed.

Ye Wen turned to look at Ning Sheng, who was at the door, and said, "Ah

Sheng, I'll talk to Yinyin. Help me close the door."

Ning Sheng walked out considerately and closed the door, interrupting the curious gazes outside.

Shi Hui straightened up and asked casually, "Sister-in-law, why is Mrs. Mu here so late? Does she know Lin Yin?"

Ning Sheng did not answer. She just smiled at Shi Hui.

Shi Hui snorted coldly and said disdainfully as she turned around, "What's so great about it? You're still hiding it. I don't even care to know!"

Shi Hui said in her heart that she disdained to know. In the end, as soon as she returned, she walked straight to Sun Nan's house and told him about Ye Wen rushing over to see Lin Yin..

Chapter 705 - 705: Ye Wen Is Here

Sun Nan narrowed his eyes slightly and said, "I knew Lin Yin's identity was different. Otherwise, why would Ning Sheng be so enthusiastic about Lin Yin? Wang Xu wouldn't be so amiable. Even Wei Ming wouldn't be so easy to talk to. From the looks of it, Lin Yin is definitely related to this Mu family."

“Could it be the woman of one of the Mu family’s sons? Or a fiancée?” Shi Hui guessed.

Sun Nan’s eyes shifted slightly. “That’s possible. I just got someone to investigate Lin Yin. Lin Yin was previously involved with Lu Ming, and later on, she was also involved with the three Mu brothers. Perhaps Ye Wen came to see Lin Yin because one of the three Mu brothers tasked her to. Moreover, some time ago, Lin Yin was also rumored to be kept by several big bosses at the same time.”

Shi Hui shook her head and said disdainfully, “This young girl is amazing now. This Lin Yin looks like she’s only in her teens. I didn’t expect her to be so capable. ”

Shi Hui muttered softly, “Didn’t Mom just say that herself? Why am I saying that it’s peach-colored news?”

‘What are you muttering about again? If you were as capable as Ning Sheng, Ah Cheng would have been the heir long ago Sun Nan said unhappily.

Shi Hui rolled her eyes in her heart. Sun Nan actually despised her for being incapable. What a joke.

Sun Nan was a nanny, and she, Shi Hui, was the daughter of a rich family.

Seeing the obvious unconvinced look on Shi Hui’s face, Sun Nan snorted coldly and said, “Why are you still standing here? Go over and ask around. It’s best if you can find out about the relationship between Lin Yin, Ye Wen, and the Mu family.”

Shi Hui turned around reluctantly and left, but when she returned to Lin Yin’s guest room, she did not dare to approach.

Because although Ning Sheng was not guarding outside the door, Lin Yin’s two bodyguards were guarding outside. She heard that these two bodyguards were quite powerful, so Shi Hui did not dare to go forward.

In the room, Lin Yin’s expression was also solemn when she heard that the person who had been sent to the police station had been poisoned to death.

She had imagined that the Wei Family was not simple, but she did not expect them to disregard human lives so much.

“What did the forensic doctor say?” Lin Yin asked in a low voice.

“Your father is still following the information there. I reckon the results will only come out in two days.” Ye Wen’s expression was solemn.

Ye Wen pulled Lin Yin’s hand and said worriedly, “Yinyin, the Wei family is too complicated. Mom is really afraid that something will happen to you.”

Lin Yin looked down at Ye Wen’s warm palm that was holding her hand and said softly and seriously, “Wei Ji is my family. If the Wei Family is really so unsafe, I definitely can’t leave him alone.”

Lin Yin’s heart sank. She had raised Wei Ji for five years, and Wei Ji had accompanied her for five years. She really couldn’t let go.

Ye Wen sighed heavily. “If you really treat Wei Ji as family, then you should stay away from him even more. Now that Wei Ji is alone, the people from the other two families won’t do anything to him. At most, they’ll humiliate and bully him. After all, Wei Ji doesn’t have the ability to resist them. However, if you stand behind Wei Ji, it means that the World Sheng Corporation and even the Mu Family are standing behind Wei Ji. This will unknowingly become Wei

Ji’s invisible backing.”

Lin Yin frowned in thought.

Ye Wen continued, “Those two families definitely don’t believe that Wei Ji will still be obedient and not fight for it after he has the support of the Shisheng Corporation and the Mu Family. Therefore, the two families might have attacked you because they wanted to cut off Wei Ji’s wings. They might have wanted to kill you or they wanted to give you a warning.”

Hearing Ye Wen's explanation, Lin Yin frowned even more and asked worriedly, "Is there no other way? I don't want to see Wei Ji being bullied."

She would not watch helplessly as the little brat she had raised for five years was bullied.

Ye Wen understood Lin Yin's personality a little and knew that she was protective of her. This was exactly the same as her.

"Unless Wei Ji publicly declares that he doesn't want any of the Wei Family's assets. But Yinyin, that's impossible. Once Wei Ji does this, Wei Ming will be criticized. Therefore, Wei Ming won't let such a thing happen," Ye Wen replied..

Chapter 706: Delicate

Lin Yin's eyes darkened slightly. "So, no matter what, Wei Ji can't get rid of the Wei Family, right? If he can't win, he'll die quickly! If he doesn't, he'll be bullied for the rest of his life! Even if he tries to escape, he won't be able to escape, right? Those people will just watch over Wei Ji under their noses and even threaten him with Wei Xuan."

Ye Wen's face was tainted with a look of pity, but she nodded helplessly.

Lin Yin had mixed feelings. She really wanted to help Wei Ji, but if she helped Wei Ji, the Mu family would definitely help her. This was equivalent to dragging the Mu family into the Wei family's fight.

Wei Ji was her family, but the Mu family was also her family.

After a moment of silence, Lin Yin said seriously, "I'll consider this matter carefully. I'll think of a good solution."

Ye Wen sighed and changed the topic. "Are you really going to stay at the Wei

Family tonight? Why don't you go back with Mom? It's not safe here."

Lin Yin shook her head and said, "I'll stay at the Wei family's house tonight. I want to see who else dares to continue attacking. It would be even better if we can catch them."

Ye Wen also respected Lin Yin's thoughts. She smiled and said, "Since Yinyin, you plan to stay in the Wei Family, Mom will stay with you in the Wei Family."

Lin Yin looked at Ye Wen disapprovingly and said, "After all, Dong Yi and Long Huang are only two people. If they need to protect one more person, it'll be more difficult."

Ye Wen knew that Lin Yin was afraid that something would happen to her there, so she was touched.

Lin Yin persuaded Ye Wen to go back. In the end, Ye Wen only sighed. "Alright!

I'll do as you say. But Yinyin, protect yourself. If anything happens to you,

Mom will overturn the entire Wei Family. I won't even let Wei Ji off."

Lin Yin nodded and smiled. "With the Mu Family around, the Wei Family will be careful. I'll be fine. Besides, I don't think those murderers will be stupid enough to do it again. I'm fine."

When Ye Wen left, she walked to the door and seriously instructed Dong Yi to keep an eye on Lin Yin. If anything happened, he would inform her immediately.

As for Long Huang, Ye Wen only looked at it curiously and said, "You're Yinyin's bodyguard. You have to take good care of Yinyin, understand?" Long Huang nodded obediently.

After Ye Wen left, Wei Ji finally dared to sneak over. They were clearly in his house, but he was as careful as a thief.

Long Huang, who was guarding the door, joked, "Fifth Young Master Wei, you look like a stalker who's stalking a young girl."

Dong Yi's words made Wei Ji feel a little awkward and embarrassed. Even when he opened his mouth to speak, he sounded a little uneasy. "I came to see Yinyin. Is she asleep?"

"Don't joke around. What if you scare our little rabbit?" Dong Yi hit Long Huang gently. Then, he said gently to Wei Ji, "Miss Lin Yin is still awake. She just said that if you come, you can go in directly."

Dong Yi knocked gently on the door as he spoke. After hearing the sound inside, Dong Yi gently pushed open the door and let Wei Ji in.

Long Huang looked at Wei Ji's shy back and shook his head. "You're a good man, but you've raised such a soft and weak appearance. You're even weaker than our Miss Lin Yin. What a sin."

Dong Yi quickly closed the door and said angrily, "Didn't your superior tell you to be careful with your words?"

Long Huang smiled and said to Dong Yi, "It's fine. I'm very soft."

Dong Yi glanced at Long Huang and said, "There are all kinds of people in this world. There are strong tomboys, and naturally, there are weak male beauties.

Diversity is exciting, right?"

Long Huang gave Dong Yi a thumbs up and said, "You're the open minded one. I'm too narrow-minded."

Dong Yi said in amusement, "Come on, you're not sincere at all."

Long Huang chuckled. He was naturally not sincere. In his opinion, men had to be unyielding and masculine. He felt uncomfortable no matter how he looked at Wei Ji's delicate, fragile, and easy to bully appearance.

Lin Yin watched as Wei Ji entered and a smile appeared on her face. "I knew you would come."

Wei Ji asked in surprise, "How did you know?"

"Because I'm your guest. You have to say goodnight to me or see if everything has been properly arranged for me." Lin Yin smiled faintly.

Wei Ji was affected by Lin Yin's faint but rather bright smile and the corners of his lips curled up slightly. Ever since Lin Yin saved him that day, he realized that Lin Yin was really gentler to him than before..

Chapter 707: Naive

Wei Ji touched his head and said with inexplicable joy, "I live next door to you. If you have anything to do tonight, you can look for me."

Lin Yin nodded.

Wei Yan smiled and said, "Also, Ah Xuan asked me to say goodnight to you, so,

Yinyin, goodnight!"

Lin Yin smiled and asked, "Why didn't she come herself?"

“Grandpa didn’t allow it. He said she would disturb you. He even asked someone to keep an eye on her and not let her come out and fool around,” Wei Ji replied from a spot not far from the bed. His voice was neither loud nor soft. It was no longer as happy as before. Instead, it was filled with melancholy.

As if he did not want his emotions to affect Lin Yin, he forced a smile and said,

“Then I’ll go back first. Yinyin, rest well. Good night.”

Lin Yin nodded. After seeing Wei Ji turn around and limp away, Lin Yin couldn’t help but ask, “Wei Ji, have you been very unhappy in the Wei family all these years?”

Wei Ji’s lips curled into a bleak smile. His voice was filled with sadness and lightness. “Whether you’re happy or not, you have to survive. Why do you care about that?”

Lin Yin was silent for a few seconds before asking tentatively, “If I made you leave the Wei Family with Wei Xuan and live your lives incognito, would you be willing?”

Lin Yin had thought about the Wei Family’s current situation. It might be difficult for her to help Wei Ji seize the power of the Wei Family, but she felt that she should be able to let Wei Ji leave the Wei Family and live her life quietly.

For example, she could fake their deaths and secretly bring Wei Ji and Wei Xuan to live outside of where the Wei Family had power.

Wei Ji slowly turned around and asked with red eyes, “Then, I’ll live like a rat in the sewers and never appear where there are people from the Wei Family?” Lin Yin couldn’t speak because she saw the sadness and humiliation in Wei Ji’s

eyes.

As if realizing that he had gone overboard with his words, Wei Ji quickly took two steps forward and became careful with Lin Yin again. “I’m sorry, Yinyin. I was suddenly in a bad mood just now. I didn’t

mean to question you. I know you're doing this for my own good. It's just that just now, I thought that if I ran away secretly, Ah Xuan and I might not even be able to use our identity cards

normally in the future and have to hide for the rest of our lives. I felt angry and indignant for a moment. It's not directed at you."

Lin Yin only pursed her lips and smiled. "You're right. I was too naive. You and Ah Xuan are only 18 years old. You still have a long way to go. How can you keep hiding?"

Looking at Lin Yin's bitter smile, Wei Ji became anxious. "Yinyin, I didn't mean to scold you. I'm sorry. I was wrong. Don't be unhappy."

Lin Yin only smiled and said, "I'm not unhappy. I'm just a little sad for you. Wei

Ji, go back and rest early."

Wei Ji was about to say something when he was stopped by Lin Yin's smiling gaze. He turned around and left Lin Yin's room resentfully.

When the two people guarding the door saw Wei Ji come out dejectedly, they looked into the house curiously and slowly closed the door.

"Look at him. He looks pitiful. No wonder Miss Lin Yin dotes on him more." Long Huang started to shake his head and comment again.

"Aren't you talking nonsense? People sympathize with the weak. If Wei Ji was as strong as a ghost, why would he need someone to protect him? Are you stupid?" Dong Yi said bluntly.

Long Huang suddenly widened her eyes and raised her voice. "Hey, don't attack me personally! It's too insulting."

Dong Yi quickly covered Long Huang's mouth. "Lower your voice!"

The rustling at the door did not affect Lin Yin. She was still thinking about how Wei Ji could get rid of the two families of the Wei Family.

Escaping really didn't seem to work. Should she use a fake identity card and hide? Or should she leave her hometown and go overseas to be a foreigner forever?

It was as if these choices carried a sense of helplessness.

But if she did not escape, she would be facing the enemy head-on. Was she going to help Wei Ji take over the Wei Family?

Lin Yin narrowed her eyes. She still did not know much about the Wei Family. It seemed like she had to investigate more about the Wei Family before she could make a decision.

Lin Yin closed her eyes slightly. As she thought about things in a daze, she began to feel sleepy.

In her half-asleep state, Lin Yin sensed a knock on the door and immediately opened her eyes warily..

Chapter 708: Serve

Then, Long Huang pushed the door open and entered. She whispered, "Miss

Lin Yin, Wei Ji seems to have gone out for a while. He's not back yet."

Lin Yin looked at the time on her phone. It was two in the morning. Why was Wei Ji up at this time? She instantly lost her sleepiness and got out of bed. She said in a low voice, "Follow me to find him."

If she had not heard what Ye Wen had said, Lin Yin might not have been so nervous. However, now that she knew that because of her appearance, the people from the other two families might think that Wei Ji had the support of the Shisheng Corporation and the Mu family and change their usual attitude towards Wei Ji to kill him, the uneasiness in her heart increased rapidly.

At this moment, Wei Ji was looking at Wei Xuan in Wei Chi's hand with bloodshot eyes. He suppressed his anger and said, "Second Brother, let go of Ah Xuan. What do you want to do? Come at me."

"Come at you? I wouldn't dare.

When Wei Chi found out that today's matter had actually caused the third branch's forces in the Corporation to be targeted by Wei Ming, he gritted his teeth in hatred for Wei Ji, this bastard.

According to Grandma, Lin Yin had the Mu family backing her up. Although they did not know their exact relationship, it was said that they had a good relationship. If that was the case, wouldn't Wei Ji, this wild child who didn't have parents to educate him, climb over them in the future?

Although they were unwilling to admit it, Wei Ji was indeed the descendant of the Wei Family, unlike the third and second branches. As soon as they went out, they would be said to be illegitimate and they would be secretly mocked for being the descendants of the two mistresses.

If they did not teach Wei Ji a lesson, wouldn't Wei Ji use Lin Yin to get close to the Mu family in the future? Wouldn't he look down on them?

At the thought of this, Wei Chi felt unbalanced. He was just a cripple who jinxed his parents. Why was he so lucky?

His eyes turned sharp and he tightened his grip. The next second, the sharp blade cut her cheek and the dark red liquid slowly slid down the tip of the blade. It was so painful that Wei Xuan immediately cried.

"Ah Xuan!" Wei Ji walked towards Wei Xuan anxiously. However, before he could get close, he was kicked hard in the knee. He was caught off guard and knelt on the ground. The intense collision of his knee with the hard floor made him collapse from the pain.

Wei Chi looked at Wei Xuan. The little girl's face was covered in blood. He said lightly, "My hand trembled accidentally. Wei Ji, tell me, why did you provoke me for no reason? It's all your fault for hurting your sister."

Seeing that Wei Ji was slowly getting up with his arm on the floor, Wei Chi sneered. "Why? Do you not know how to kneel now that you have support? If you don't know how to kneel, I can only accidentally shake my hand again and make your sister's face bloom."

Hearing Wei Xuan's shrill cries, Wei Ji's body, which was about to rise, slowly lowered again. Just like all these years, he knelt obediently and humbly. His eyes were red and moist as he begged, "Please let my sister go."

Looking at Wei Ji groveling towards him, Wei Chi felt relieved.

So what if he had someone backing her up? Wei Ji, this trash who seemed to have been born more openly than them, still had to kneel in front of him obediently.

However, his humble attitude did not really satisfy Wei Chi. The losses of the third branch today could not be resolved by Wei Ji's casual kneel.

A cruel smile appeared on Wei Chi's lips as he said sinisterly, "You have to have a begging attitude when asking for help. My brothers haven't relaxed for a long time. Serve them well, just like you begged me last time. How about that?"

Wei Chi's eyes were filled with disdain and contempt. At that time, he had only heard Yue Chi say that. Coincidentally, he was in a bad mood that day, so he asked a bodyguard to try how men played with other men on Wei Ji. He was very satisfied with the results.

Even though Wei Ji was bleeding non-stop and almost had a fever so high he almost died, he did not dare to say anything.

But that was true. Which man would dare to say such a thing?

When he heard the word 'serve', Wei Ji trembled slightly.. When he remembered that Lin Yin was still at the Wei Family today, he begged, "Can we change it to a different day? I.

Chapter 709: Humiliation

Hearing that Wei Ji actually dared to go against his words, Wei Chi threw Wei

Xuan aside and stepped forward to kick Wei Ji hard. Then, he stepped on Wei

Ji's face humiliatingly and said fiercely, "What? Are you afraid that Lin Yin will know that you're a piece of trash that a man has slept with? Tsk, you don't say. If you hadn't reminded me, I wouldn't have thought of this."

Wei Chi crushed Wei Ji's face a few times before letting go. He looked disgusted and evil. "Wei Ji, aren't you a f*cking sl*t? Your first thought was not to refuse, but to change it to another day. It seems like you enjoyed the last time, right? Why don't I lure Lin Yin over later and show her how disgusting you are, okay?"

Wei Ji raised his head and stared at Wei Chi in disbelief. The tears in his eyes condensed into beads and fell. His pitiful appearance made Wei Chi unable to help but mock, "Fifth Brother, you're really more pitiful than a woman. If I didn't like women, I would have been seduced by your pitiful appearance."

Wei Ji turned to look at the bodyguard and said, "Come, let me feast my eyes like last time."

As he spoke, Wei Chi even looked at Wei Ji wretchedly and said, "This time, let's let your sister see how degraded her brother is, alright?"

Seeing that the bodyguard was walking towards him with a look of disdain, Wei Ji subconsciously wanted to retreat. However, before he could take a few steps back, he heard the sound of fabric tearing.

Wei Ji looked up in shock in the direction of the voice and saw Wei Chi tugging at Wei Xuan's clothes. He looked at Wei Ji with a smile and warned, "If you're unwilling, let your sister do it for you. How about that?"

Wei Ji's eyes widened as he said angrily, "Wei Chi, you bastard, she's also your sister! "

Wei Chi shook off the fabric in his hand with a look of disdain and sneered. "Sister? Wei Ji, what kind of naive dream are you having? You and Wei Xuan shouldn't have appeared in the Wei Family, and you can't be my siblings. I don't have your dirty bloodline. One is cheap, and the other is crazy."

After Wei Chi finished speaking, he turned to look at the bodyguard standing at the side and shouted, "Why are you standing there? Don't you understand human language?"

The bodyguard quickly turned around and grabbed Wei Ji's collar. With a tearing sound, the buttons of his pajamas fell to the ground. Wei Ji was like a shell that could not resist, he let the bodyguard rip the clothes off of him.

Wei Xuan cried even harder and shouted incoherently, "Doll! No! Don't hit my doll!"

Wei Chi glanced at Wei Xuan coldly and sneered. "You're indeed a fool. Every time you're frightened, you don't even know how to call him Brother anymore. You only know how to call him Doll."

Wei Chi got someone to cover Wei Xuan's mouth. Although he knew that the soundproofing of this small room by the ancestral hall was very good, he had just made his grandfather angry today. If the matter blew up, it would not be easy to clean up.

Wei Ji looked at Wei Xuan with teary eyes and said sadly, "Be good, Ah Xuan.

Close your eyes and don't look! Okay? Listen to Brother and don't look, okay?"

Wei Xuan could not listen at all. She whimpered as she tried her best to break free from the person restraining her.

Wei Chi smiled disdainfully. Seeing that Wei Ji was still holding onto his underwear tightly, he said sarcastically to the bodyguard, "Why? You can't even deal with a woman-like man? Idiot, you don't even know how to use your fists?"

Why don't we change? I'll get Wei Ji to top you. I think he'll be very happy."

When the bodyguard heard this, goosebumps rose all over his body. He looked at Wei Ji, who was still guarding the last line of defense, and punched him hard in the stomach, then a second time, and a third time.

It was not until Wei Ji's lips bled and he curled up convulsively that the bodyguard reached out to take off Wei Ji's underwear.

However, just as he pulled his hand down, his entire arm was suddenly shaken by something unknown.

Wei Ji looked up weakly and saw a worried face appear above him. Wei Ji's eyes were red as he called out softly, "Yinyin," and his mouth was filled with blood..

Chapter 710: Hitting the Wall

The bloody smell made Lin Yin's eyes darken, and the anger in her instantly surged. She looked up at Wei Chi, who was looking at her with dissatisfaction. "Lin Yin, this is the ancestral hall of the Wei family. How dare an outsider come in? Do you want to die?"

Lin Yin acted as if she did not hear Wei Chi's words. She only gently helped Wei Ji up and draped Wei Ji's clothes over him, carefully helping him put them on.

However, when she saw the bruises on Wei Ji's abdomen, Lin Yin's eyes revealed a hint of heartache. As expected, the results of the investigation were far worse than what she had seen with her own eyes. It made her feel terrible.

Seeing that Lin Yin was staring at his abdomen, Wei Ji pushed Lin Yin in embarrassment. With a mouth full of blood, he whispered, "I'll do it myself. Don't look at me. I'm a little embarrassed."

As they interacted with each other, Wei Ji pulled at the wound on his abdomen and hissed in pain.

Dong Yi quickly bent down to take over Lin Yin's work. "Miss Lin Yin, let me do it."

Lin Yin let go and slowly stood up. Her eyes were also tainted with ruthlessness and the intent to kill in the short time she stood up. When she looked at Wei Chi, her eyes were like those of the demons from hell and they were filled with a murderous aura.

Wei Chi could clearly feel Lin Yin's cold gaze. It was as if she was looking at a dead person.

Wei Chi was secretly shocked. Did Lin Yin want to kill him?

Wei Chi swallowed, then shouted fiercely, "Lin Yin, get out!"

Long Huang took a step towards Wei Chi warningly, scaring the three bodyguards beside Wei Chi. Even the one lying on the ground subconsciously retreated.

The bodyguards had seen how powerful Long Huang was during the day.

Wei Chi clenched his fists. The situation was obvious. His people still couldn't beat Lin Yin.

He was afraid that Lin Yin would find him, so he brought Wei Ji to the ancestral hall. He felt that if Lin Yin went to look for Wei Ji in the middle of the night, she wouldn't have looked in the ancestral hall.

Besides, he had added soundproofing equipment to the room beside the ancestral hall so he could bully Wei Ji.

Unexpectedly, Lin Yin still found them.

“Lin Yin, since you’re not leaving, I’ll go out and find Grandpa and let him be the judge!” As Wei Chi spoke, he waved at his bodyguards, hinting for them to protect him and leave.

The bodyguards couldn’t wait to leave with Wei Chi, so they all gathered beside him and walked towards the door.

“Stop!” Lin Yin’s voice was not loud and was very faint. It was so faint that Wei Chi felt that Lin Yin was too gentle. However, with Long Huang blocking in front of them, they did not dare to continue walking.

After Wei Xuan was released by the bodyguards, she cried and pounced on Lin Yin. “Sister, they hit Brother, took off his clothes, and hit him. They didn’t even let him wear underwear. Sister. Brother hurts so much. Sister...

Lin Yin looked at Wei Xuan, whose clothes were disheveled, and the black aura in her eyes deepened.

Dong Yi had already helped Wei Ji up. Lin Yin said, “Dong Yi, bring Wei Ji out first.”

Wei Ji disagreed and said, “Yinyin, I’m worried about you.”

Lin Yin only retracted the ruthless gaze in her eyes and turned to look at Wei Ji. “You’ll only affect me by being here. Bring your sister out. I’m afraid the scene won’t be good later.”

Wei Ji looked at Wei Xuan and could only lower his head silently.

Wei Chi widened his eyes and threatened Lin Yin, “Lin Yin, I’m from the Wei Family. Don’t forget whose territory you’re standing on now. If you dare to touch me, my grandfather won’t let you off.”

Seeing that Lin Yin ignored his threat, Wei Chi was furious. Seeing that Wei Ji and Wei Xuan were pulled out by Lin Yin’s other bodyguard, Wei Chi wanted to follow them out. However, just as he took a step forward, he was kicked hard in the chest and slammed into the wall behind him, his mouth filled with the smell of blood.

Seeing that the door was closed, Lin Yin walked straight towards Wei Chi. The bodyguards beside her wanted to go forward and protect Wei Chi, but just as they moved, they were ruthlessly beaten to the ground by Long Huang the next second. As soon as they got up, they were beaten up by Long Huang, so much so that they only dared to lie on the ground obediently and not dare to get up again.

Lin Yin pulled Wei Chi's hair and smiled cruelly. Before Wei Chi knew what Lin Yin was going to do, Lin Yin had already slammed Wei Chi's head against the wall.

Wei Chi's head was dizzy from the collision. Before he could even cry out in pain, there was a dull pain in his head.. Wei Chi subconsciously cried out in pain, "Lin Yin, I'm going to kill you!"
