

Real Daughter 741

Chapter 741: Lifeline

Mu Cheng sighed and told her about how Su Zhen had once planned to give Lin Yin away as a gift in exchange for benefits, including the previous sensational cruise ship incident.

The cruise ship incident had pulled down many wealthy businessmen and government officials at that time, so Mu Cheng could still investigate secretly.

Moreover, Su Zhen and Chu Yun's daughter, Su Fei, had also met with an accident on the cruise.

Therefore, Mu Cheng and Ye Wen guessed that Su Zhen must have brought Lin Yin over to sell her for money.

Later on, Mu Cheng found out about Lu Ming. Through the information provided by Lu Ming, they found out that Lin Yin was indeed present at that time. It was just that Lin Yin was smart and escaped, but Su Zhen, that black-hearted old man, was punished.

While Mu Cheng and Ye Wen were glad, they were also heartbroken that their daughter was actually living such a fragile life outside. If Lin Yin was even slightly negligent, she would be doomed.

Mu Kun's expression was solemn, and his tone was filled with anger. "Outrageous. Su Zhen and Chu Yun must have been out of their heads. How dare they bully our Mu Family?"

Even if Mu Kun did not really acknowledge Lin Yin in his heart, Lin Yin still had the blood of the Mu family flowing in her. Mu Kun was naturally angry that a small Su family dared to attack the Mu family.

Mu Cheng did not tell Mu Kun everything about Chu Yun. After all, things were still unclear.

“So, Dad, give Yinyin some more time. She has relied on herself since she was young and experienced the betrayal of what she thought was her family. She probably doesn’t believe in family ties. Especially after Mom made a fuss today, I think Yinyin might be even more hesitant,” Mu Cheng said.

Mu Kun’s expression softened.

“As for Mu Ning’s matter,” Mu Cheng continued, “I still think we should find a

time to cancel the adoption procedures. In my opinion, when Yinyin was stolen and disappeared, we found a substitute to betray Yinyin. Even if we cancel the adoption procedures, she can still stay in the Mu Family. When the time comes, I’ll leave some assets for her as compensation for accompanying Mom all these years.”

“You know that these compensations can’t compare to a proper identity as a member of the Mu family, especially as the adopted daughter of the future head of the family.

Mu Cheng smiled and said, “Of course I know, but that’s all I can give. A person’s love is limited. Ah Wen and I only want to give all our love to Yinyin. Mu Heng and the rest think so too. Therefore, if we force Mu Ning into our house, I don’t think anyone will be happy. Therefore, I hope Dad can talk to Mom about this. Otherwise, with Ah Wen’s personality, who knows what will happen in the future.”

Mu Kun pondered for a moment and finally said, “Since you’ve all decided, I can’t say anything else. I’ll talk to your mother about this. However, Ye Wen’s personality still has to change. More than ten years have passed, but there’s no change at all. Instead, she’s even worse.”

“Dad, you know that Yinyin is Ah Wen’s lifeblood now. As long as it involves Yinyin, Ah Wen can’t tolerate it.” Mu Cheng shook her head helplessly.

The father and son sighed in unison.

As soon as Sun Yun woke up, Ye Wen brought Lin Yin back to her room and comforted her patiently, “Yinyin, what happened today has nothing to do with you. Don’t take it to heart.”

Ye Wen was really afraid that Lin Yin would be disappointed in the Mu family and her family.

Lin Yin was silent for a moment. With today's situation, she really did not want to return to the Mu family officially. She could even imagine the kind of tizzy life she would be in after acknowledging them officially.

However, she really liked her family.

During this period of time, she had seen how protective Mu Cheng and his wife and her three brothers were of her.

She was not the kind of person who could knock over a ship with a stick, so Lin Yin looked at Ye Wen's nervous eyes and smiled gently. "It's fine. I didn't take it to heart, and I won't question your kindness to me because of these things." Ye Wen heaved a sigh of relief. She wondered why Sun Yun, that old fool, would target her reasonable daughter.

After Mu Heng and the other two confirmed that Sun Yun was awake, they went to Lin Yin's room to sit for a while. Then, the three of them said that they were going to prepare the tables and chairs for the moon. This was the first time Lin Yin had returned to the Mu family for the Mid-Autumn Festival, and they wanted to do it personally..

Chapter 742: Pawn

Ye Wen smiled and asked them to prepare.

After the three of them left, Mu Cheng came in. Regarding today's matter, Mu Cheng felt quite guilty towards Lin Yin. After Lin Yin persuaded him, Mu Cheng sighed and let today's matter pass.

Then, Mu Cheng said, "Yinyin, the autopsy report of the Wei Family member who died in prison came out. Arsenic trioxide poisoning is the cause of death."

Lin Yin's expression instantly darkened. She said coldly, "According to you, that person was detained for less than three hours. Shouldn't they have been interrogated according to the normal procedure? And arsenic is a highly toxic substance. It must be a lot to reach the dosage to kill someone. Shouldn't there be a reaction in a few minutes after eating such a dosage? There must be unconscious struggles and sounds in the middle. How can those people guarding not know?"

Mu Cheng's tone was also a little serious as she said, "When the Wei Family sent him over, there was already evidence, so the police station detained him and interrogated him later. Those who didn't follow the procedure were directly sent to jail. However, this really doesn't follow the procedure. It's just that this person was sent by the Wei Family. I think those police officers were discerning enough to do this."

Ye Wen said, "In that case, did that person eat the arsenic only after they entered the police station? There are no surveillance records to prove that someone poisoned her. Does this prove that that person brought the poison in themselves?"

"They have to undergo a full body checkup to enter the prison, so either that person hid it well or someone gave it to her halfway. But why is she so obedient and ate poison just like that?" Lin Yin said in confusion.

"This is too ostentatious. Is it possible that this person had already inadvertently eaten arsenic when she was in the Wei Family? It's just that this arsenic has been modified. For example, after the sugar on the outside of the arsenic melts in the stomach, the toxicity of the arsenic will come out?" Mu Cheng guessed.

Lin Yin's eyes lit up in agreement. "In that case, it won't be easy to find the murderer. If we can know when the sugar coating melted, we can go to the Wei Family to investigate the people we came into contact with at that time. Now, the scope is too big."

The three of them fell silent. The Wei Family was indeed a mess.

"However, after that person was exposed, he was detained by Wei Yang. Wei Yang's people have been in contact with him for a long time, so he had plenty of time to commit the crime. However, this person is from the third branch after all. We can't say that Wei Yang instructed the third branch to push me into the water, right? As far as I know, this person seems to be a distant relative of the third branch," Lin Yin said after a moment of thought.

Hearing Lin Yin mention Wei Yang, Ye Wen frowned and said, "But there's no reason for Wei Yang to push you into the water, right? This matter doesn't seem to be of any benefit to their second branch."

Mu Cheng analyzed, "There are still some benefits. If something happens to Yinyin in the Wei Family and they find out that it was the third branch who did it, the Wei Family will definitely give our Mu Family an explanation. At that time, the third branch won't have it easy."

"Isn't the second branch the one who benefited in the middle? Moreover, if something happened to Yinyin, there would naturally not be a matter of the Mu family helping Wei Ji. The second branch benefited a lot from dealing with the third branch and Wei Ji in one go. The key is that the people from the second branch know Yinyin's identity."

Ye Wen frowned and said in a low voice, "I'm going to ask Ning Sheng if they're using someone else to do this. They're using our Mu family to suppress the people from the third branch, even using Yinyin's life."

Lin Yin was actually a little shocked. To be honest, she had yet to officially help Wei Ji snatch the Wei family's resources. Logically speaking, the second and third branches of the Wei family should not have much conflict of interest with her for the time being.

However, according to Mu Cheng's analysis, she had already become a pawn for the Wei Family to attack the other party.

The three of them did not speak for long before Mu Heng and the other two came to ask someone to go out and admire the moon. Only then did they stop their analysis.

It was Lin Yin's first time at the Mu Family's old residence. It did not look small. The winding corridor was filled with antique pavilions and buildings, which were a little similar to the classical buildings behind the Wei Family's modern villa.

Mu Cheng said, "I heard that these courtyard buildings were specially redesigned by Master Architect Li Mo. Her design style was very popular at that time, but it's a pity."

Mu Ran asked curiously, "Why is it a pity?"

Chapter 743: Mid-Autumn Festival

Ye Wen sighed and said, “Li MO is Grandma Li of the Fu Family. She was the matriarch of the Fu Family at that time. When Mu Heng was young, Grandma Li even carried him. After the Fu Family was defeated, she passed away.”

Lin Yin thought of the Wei Family’s villa and asked casually, “Did the Wei Family also hire Grandma Li to design their house?”

Ye Wen nodded and said, “It was indeed designed by your Grandma Li, but it wasn’t designed for the Wei Family. The half-mountain villa that the Wei Family is living in now is the Fu Family’s old residence. After the Fu Family was defeated, the Wei Family jumped to the top three families in the capital and bought that villa.”

Ye Wen sighed in her heart and said, “Back then, the Fu Family was the head of the eight great families. Indeed, life is unpredictable. Such a big family is shattered.”

“That’s why we have to enjoy the time we have now. We have to be with our families and be happy. Yinyin, come and look for me more often when you don’t have class in the future, understand Mu Ran smiled.

Lin Yin smiled and nodded. “I understand, Brother Mu Ran.”

Lin Yin followed him for a long time before arriving at the garden that admired the moon. There were already chairs, tea sets, mooncakes, and various snacks in the empty space in the middle. There were also several moon-viewing binoculars.

This was the first time Lin Yin had seen such a scene of admiring the moon. In the past, when it was the Mid-Autumn Festival, she was either lonely or watched others be happy.

Now that happiness had befallen her, Lin Yin felt a little uncomfortable.

Mu Xiao added something that looked like medicinal herbs to the tea set and added a lot of osmanthus. He said, "It's autumn. Let's cook some osmanthus tea, taste it, and admire the moon. It can't get any more relaxing."

Ye Wen took a mooncake and stuffed it into Lin Yin's hand. She smiled gently and said, "Yinyin, try this. It's delicious."

Mu Ran smiled and said, "Yinyin, give me half. Let me tell you, you'll easily get sick of the mooncake. You can't eat too much."

Ye Wen was dissatisfied. "You're saying that Yinyin will get sick of what I give her? Xiao Ran, are you sure you want to say that?"

Mu Ran chuckled. "Mom, I'm just telling the truth. Sigh, Mom... Mom, don't hit my face. I rely on my face to make a living."

Lin Yin looked at Ye Wen and Mu Ran, who were fooling around, and couldn't help but smile. Her gaze slowly landed on the mooncake in her hand.

During the few years in the slums, her adoptive mother was crazy and had long forgotten what the Mid-Autumn Festival was. Later, when her adoptive mother passed away, she learned from others that the Mid-Autumn Festival was a day for family reunification and they had to eat mooncakes.

Hence, there was once when she went to buy a box. It was the first time she bought it, she had no experience and thought that the most expensive thing was the best. She spent all her money, but it was very bad. It was difficult for the young Wei Ji to swallow it with a smile. When she tried it back then, she almost vomited.

After Wei Ji returned to the Wei Family, he probably wouldn't have to eat such bad mooncakes anymore, right?

No matter how bad the Wei Family treated Wei Ji, there would be no lack of worthless mooncakes.

At this moment, Wei Ji, who was in the Wei Family, appeared in the Wei Family's ancestral hall with his sister, Wei Xuan, and Aunt Li.

This was Old Master Wei's rule. Because Wei Ji and Wei Xuan's parents had already passed away, every year, the siblings spent the Mid-Autumn Festival, including the New Year, with the cold memorial tablets in the ancestral hall. Wei Xuan sat at the table, holding a mooncake in one hand and a bowl of porridge in the other, eating happily.

Aunt Li looked at Wei Xuan and smiled dotingly. From time to time, she would take out a handkerchief to wipe the crumbs at the corner of Wei Xuan's mouth.

Wei Ji sat quietly on the futon. The mooncake in his hand was untouched, and the food in front of him was useless. He only looked at the memorial tablet above him in a daze, as if his thoughts had been sucked dry.

Aunt Li ignored Wei Ji. Every year, during the New Year and holidays, Wei Ji would be like this. In Aunt Li's opinion, Wei Ji probably missed his dead family.

After dinner, Aunt Li stood up and said, "Fifth Young Master, I'll bring Third

Miss back to rest first. Take care of your health here and go back to rest early."

Wei Ji nodded at Aunt Li. "I understand. Aunt Li, you should go back and rest early."

After Aunt Li left with Wei Xuan, Wei Ji slowly got up. He did not eat a single bite of dinner, but he took the mooncake in his hand away.

On a full moon night, everyone was immersed in their own family reunion..

Chapter 744: Intimacy

After yesterday's incident, Sun Yun seemed quieter the next day. Even Mu Ning spoke less.

At this moment, Mu Ning was afraid that Ye Wen and Mu Cheng would mention breaking off their adoption relationship again. She did not even dare to look in Ye Wen and Mu Cheng's direction, afraid that their gazes would meet.

However, there were some things that Mu Ning could not avoid by avoiding and not mentioning.

After dinner, Ye Wen and Mu Cheng told Mu Ning that they had already gotten someone to go through the process.

As she watched Mu Cheng and his family leave the Mu residence, hatred grew in Mu Ning's heart.

It was clearly the Mu family who took her away from the orphanage, but now they still wanted to abandon her. This made her feel extremely unbalanced.

Sun Yun looked at the sad-looking Mu Ning and went forward with a heartache. "Ah Ning, it's fine. If it really doesn't work, Grandma will ask your grandfather to tell those stick-in-the-muds in the family not to put it under someone else's name. We can just put it under Grandpa and Grandma's names.

We'll cross this seniority, they'll acknowledge you as their granddaughter."

Mu Ning was furious. How could being the granddaughter of two old people who were about to pass on compare to being Mu Cheng's daughter?

As long as the two elders passed away, her status in the Mu family would be quite awkward.

However, no matter how unwilling Mu Ning was, as soon as the holidays ended, Mu Cheng and Ye Wen brought the materials to cancel the adoption back then.

After Mu Ran sent Lin Yin to school, he told her about this.

Lin Yin nodded, feeling emotional. So this was what it felt like to be favored.

"I heard that you guys are going to start military training soon. I brought you some sunscreen. Remember to apply it. I don't want to see my sister become sunburned after a while. I'm such a big celebrity. If I have a sunburned sister, it can become news." Mu Ran stuffed all kinds of sunscreen and sun lotions into Lin Yin's hand and instructed.

"I understand. I won't embarrass a big star like you. You're naggy," Lin Yin said with a grimace.

Seeing that Lin Yin still knew how to joke, Mu Ran was happy. He subconsciously stroked the tip of Lin Yin's small nose with her index finger and said affectionately, "Alright, you're so rude. You still call your brother naggy."

After that, the two of them paused for a few seconds. This was the first time the two of them had tried such an intimate action between siblings, so they were a little uncomfortable.

Lin Yin hurriedly picked up the sunscreen in her hand, pushed open the car door, and quickly got out.

Mu Ran touched his head in embarrassment. Then, he drove straight to the airport and prepared to enter the production team.

Originally, he did not have any holidays during the Mid-Autumn Festival. It was just that in order to celebrate the first Mid-Autumn Festival with Lin Yin, he had been working overtime to film for the past few days.

Now that the holidays were over, he had to rush back to catch up.

The cameraman who had been following the two of them secretly put away his camera when he saw Lin Yin enter the school. This was what they had gained from squatting at the entrance of Capital University for a few days.

The two of them turned the car around and immediately ran in the direction of the big sponsor. As expected, the big sponsor was right. As long as they were at Capital University, they would definitely be able to get news of Mu Ran, the Best Actor.

The two of them sent the things to the designated place and did not see anyone. They only received a call asking the two of them to spread the news of Mu Ran and Lin Yin's relationship online.

Just as the two of them were about to say that this online promotion needed money, their cell phones vibrated.

The two of them took out their phones and were shocked by the incoming amounts on their phones.

"This is your promotional fee. Remember to torture Lin Yin to death." The man's gloomy voice came from the other end of the line before he hung up.

The two of them put down their phones and looked at each other excitedly as they spoke.

"Sun Fei, you're rich!"

"Liu Ma, you're rich!"

The two of them went back and worked for a while. Early the next morning, this hot news had already spread online.

The netizens, who had just ended their long vacation and were still relieving their post-vacation syndrome, suddenly received news of the young Best Actor Mu Ran dating a regular person.

They even have pictures of Mu Ran bringing his girlfriend home for the Mid-Autumn Festival, there were photos of the two of them interacting ambiguously in the car. Although the woman's face was blurred, Capital University appeared in the photo, so everyone was guessing if Mu Ran's girlfriend was a student of Capital University.

In just half an hour, this news spread on the Internet and became a hot topic..

Chapter 745: Something Happened

When Wei Yuan saw this news, he immediately contacted Mu Ran, but Mu Ran did not answer the phone.

On the day of the Mid-Autumn Festival, Mu Ran was going to pick Lin Yin up and bring her back to the Mu family. Wei Yuan knew about this. That day, Mu Ran was overjoyed from early in the morning.

Therefore, without thinking, Wei Yuan understood that the regular girl who had been top of the trending searches must be Lin Yin.

Wei Yuan was anxious. He knew that Lin Yin was Mu Ran's sister, but Mu Ran had also told him that he didn't want Lin Yin's identity to be exposed now, so Wei Yuan could only wait for Mu Ran to make the decision.

Unable to get through to Mu Ran, Wei Yuan called Mu Ran's assistant, Zhao Nan.

"Where's Mu Ran? Why isn't he answering the phone?" Wei Yuan asked anxiously as soon as the call connected.

On the other side, Zhao Nan said with a puzzled expression, "Of course Brother Ran is filming. He entered the mountains today. The signal there is not good, so we might not be able to get through. If you have anything to say, tell me. When Brother Ran comes back, I'll convey it."

Wei Yuan said unhappily, "As Mu Ran's assistant, why don't you go with him?"

Zhao Nan did not know why Wei Yuan was so anxious suddenly, so he replied, "Brother Ran asked me to look after his things outside. Brother Wei, did something happen? Why are you in such a hurry?"

Wei Yuan said loudly, "Get someone to go in and find Mu Ran for me immediately. When you find him, ask him to call me back and say that something happened to his sister."

"Something happened to his sister. Brother Ran doesn't have a sister. He..." Zhao Nan muttered a few words and his eyes suddenly widened. "What? Sister? It's that Lin..."

Zhao Nan stopped mid-sentence and immediately shut up. He knew that Lin

Yin was Mu Ran's sister, but he also knew that Mu Ran wouldn't let him say it.

"I understand. I'll go into the mountains to look for her now," Zhao Nan said. The next second, he hung up his cell phone and hurriedly called for a staff member beside him to walk towards the mountains.

Zhao Nan's legs were about to tremble from crawling when he saw Mu Ran, who had just finished work and was walking down the mountain.

Seeing Zhao Nan come up panting, Mu Ran frowned and asked, "What are you doing here? Didn't I ask you to look after the things?"

It was all good local things that he had gotten someone to search for. He had to send it back to Yinyin later. What if it was lost?

'...Brother Ran, don't think about your things anymore. That sister of yours... that Lin Yin, something happened to her!" Zhao Nan was so tired that his tone was intermittent.

When Mu Ran heard that something had happened to Lin Yin, he grabbed Zhao

Nan's arm and asked anxiously, "Something happened? What happened?"

Zhao Nan was asked so loudly by Mu Ran that she remembered that he did not ask Wei Yuan and Lin Yin what had happened just now.

Zhao Nan was about to cry from Mu Ran's grip. "I forgot to ask. Brother Wei asked me to look for you and ask you to call him quickly."

Mu Ran subconsciously took out his phone. Before Zhao Nan could say anything, the call was made.

That was a one-click dial he had specially set for Lin Yin, but he couldn't get through.

Zhao Nan said carefully, "Brother Ran, there's no signal in the mountains. We can't make a call."

Mu Ran was anxious. He immediately walked around Zhao Nan and walked down the mountain anxiously.

When they reached the foot of the mountain, Mu Ran called Wei Yuan and asked anxiously, "What happened to Yinyin?"

"Your photo with Lin Yin has been posted online. It's rumored that you brought your girlfriend home for the Mid-Autumn Festival. Although Lin Yin's face has been blocked, your fans are investigating Lin Yin everywhere now. I think it won't be long before someone finds out about Lin Yin," Wei Yuan said worriedly.

Mu Ran had a huge number of fans, so it was inevitable that he had fans that wanted to be his girlfriend. If those people found out about Lin Yin's existence and her past, they would probably tear Lin Yin apart.

After all, in their eyes, Mu Ran belonged to them. A girl like Lin Yin, who was born in the slums and stepped on the Su Family to rise to power, was not worthy of the man in their hearts, Mu Ran.

Mu Ran naturally thought of this too. A murderous glint flashed in his eyes as he said coldly, "Investigate, investigate immediately! Also, arrange for someone to reduce the popularity!"

Zhao Nan, who was holding his knees to rest, said in confusion, “Don’t these paparazzi always like to use these photos to get money from the person in question? Why are they so immoral this time and made it public? Brother Ran,

did you offend someone?”

Chapter 746: Shameless

Mu Ran also wanted to know why a paparazzo was so reckless as to release his news.

Now, Mu Ran was so angry that he wanted to hit someone. He wanted to find those paparazzi and beat them up to vent the hatred in his heart.

Wei Yuan said in a low voice, “If it doesn’t work in the end, Mu Ran, you can just admit that you’re siblings. Wouldn’t that be easy to resolve?”

“No!” Mu Ran rejected Wei Yuan’s suggestion.

Now that Lin Yin’s identity had yet to be exposed, there were already people coveting her. If Lin Yin’s identity was exposed, wouldn’t she encounter even more trouble?

The people who had carried Lin Yin away and tried to kill her 18 years ago had yet to be found. Now, there was still Huo Ge and the Wei Family plotting against Lin Yin. If Lin Yin’s identity was exposed, would more people come because of it?

The most important thing now was to find someone to protect Lin Yin first and then go back to discuss what to do with his family.

Lin Yin took a lunch break in the dormitory. After all, she was going to start preparing for military training in the afternoon and needed to replenish her strength.

As soon as she opened her eyes during lunch break, Lin Yin heard Su Su, who was in the next bed, suddenly scream loudly.

Lin Yin thought that something had happened, but just as she stuck her head out, screams came from the dormitory next door. Then, there were screams and all kinds of plaintive voices.

She could not hear the other dorms clearly, but Lin Yin heard Su Su's sorrowful voice, which sounded like her husband had died.

"Impossible! This must be fake. I don't believe it! How old is my Brother Ran? Is he going to get married early?"

"It's actually a girl from our school. It must be fake. How is that possible? That girl must have edited the fake photo herself."

"These marketing accounts have no moral bottom line! It must have been fabricated by them to spread rumors about my Brother Ran."

Lin Yin listened to Su Su wailing at the side. It took her a while to figure out that the Brother Ran Su Su was calling should be Mu Ran.

But when did Mu Ran get married?

Just as Lin Yin picked up her phone to understand what had happened, Lu Yan called.

As soon as Lin Yin picked up, Lu Yan asked anxiously, "Yinyin, you're the girl who went back with Brother Mu Ran during the Mid-Autumn Festival, right? That figure looks like you."

"Yes," Lin Yin blurted out naturally. Although she didn't know what figure Lu Yan was talking about, she was indeed the only girl who returned to the Mu Family with Mu Ran during the Mid-Autumn Festival.

"I knew it." Lu Yan's voice was less anxious. "The Internet is saying that Brother Mu Ran brought his girlfriend home for the Mid-Autumn Festival. There's also a marketing account that's already saying that Brother Mu Ran is secretly getting married and has a child. It's simply too ridiculous. You don't know, Brother Ran's fans are going crazy now."

Lin Yin was stunned for a moment. Then, she looked at Su Su, who was still wailing, and asked softly, "So, was I photographed?"

'Yeah, but there's a censor on your face. Fortunately, you're fine. Otherwise, you would probably be attacked by those fans," Lu Yan said.

Lin Yin heaved a sigh of relief.

Lin Yin got out of bed and changed into her military training uniform. When she walked to the field, the discussions on the way were all about Mu Ran. Those girls looked disappointed, surprised, resentful, and jealous. Sometimes, when she saw those girls gritting their teeth, Lin Yin felt a chill run down her spine.

If her face was exposed, one could imagine what kind of terrifying situation she would have to face.

The instructor was not here yet. The students were chatting in groups on the field, while Lin Yin stood quietly at the side and listened to everyone's discussion.

When she saw Wei Ji approaching her, Lin Yin asked in surprise, "Why are you here for military training?"

Wei Ji's legs weren't the best. In such a situation, there was no need for military training.

"I'm just here to take a look. Although I don't need military training, I still have to have an attitude," Wei Ji said with a smile.

Su Su snorted disdainfully when she saw Wei Ji currying favor with Lin Yin.

Although she knew that Lin Yin had a big boss protecting her, it was not a problem to despise her, right?

There was something wrong with Lin Yin's style. With so many big bosses backing her, she actually seduced a disabled Wei Ji. As expected, she was born to be promiscuous. She was as shameless as the woman who dared to snatch her Brother Ran..

Chapter 747: Conversation

At the thought of Mu Ran being snatched away by a woman who came out of nowhere, Su Su felt extremely uncomfortable. She was Mu Ran's fan.

Su Su's angry gaze landed on Lin Yin's face, as if the person who had snatched Mu Ran away was Lin Yin. She glared fiercely.

Feng Yu pulled Su Su aside and whispered, "What are you doing? Why are you looking at Lin Yin again?"

Su Su didn't say anything, but Feng Yu turned her gaze in Lin Yin's direction and bumped into Lin Yin's gaze.

At that moment, Feng Yu seemed to have connected Lin Yin to the woman who was rumored to be with Mu Ran.

As if she was not convinced, Feng Yu took out her cell phone again and looked at the photos circulating online. Then, she said with confusion in her eyes, "Yinyin, why do I feel that you look a little similar to Mu Ran's rumored girlfriend? Could Mu Ran be one of the big bosses behind you? That girl happens to be a student of Capital University."

As soon as she said this, everyone, who was still discussing enthusiastically, instantly looked at Lin Yin and sized her up.

Wei Ji looked at Lin Yin and asked on her behalf, "We look alike?"

Su Su's gaze landed on Lin Yin and she sized her up sharply. Her figure and face were really similar.

However, the clothes that the girl was wearing did not seem to be Lin Yin's usual style. Although Lin Yin was the chairman of the Shisheng Corporation, her usual clothes were ordinary. Su Su knew very well how many clothes she had.

"It can't be Lin Yin's. I'm still a little familiar with Lin Yin's clothes. The clothes that that girl is wearing aren't Lin Yin's style. Perhaps some girls of the same character look a little similar," Su Su said sarcastically.

Su Su's meaning was obvious. She was mocking Mu Ran's rumored girlfriend for being a prostitute like Lin Yin.

Feng Yu pulled Su Su aside and gestured for her to say something.

The girls who were also Mu Ran's fans echoed.

"That's right. My brother has high standards and cares about connotation. He's not something that just anyone can get close to with their faces."

"I think so too. That girl must have used some underhanded method to frame my brother and force him to bring her back."

"Speaking of which, I'm very angry. My Brother Ran is such an innocent and upright person. It's easy for those vixens to covet him. She should look at herself. She actually dares to covet Brother Ran."

"Isn't that so? If I find out, I'll tear her face apart."

"I'm really worried. In the past, when he encountered such scandals, Brother

Ran would have made a statement to refute the rumors.”

“Could it be true?”

“Don’t talk nonsense. It’s impossible!”

Lin Yin frowned and broke out in a cold sweat. Mu Ran’s fans were very strong.

At that time, Wei Yang had bought that dress because she had fallen into the water, so she had never worn it before.

In addition, after washing it, it was directly packed in a bag and stuffed into the dormitory closet, so Su Su and Feng had naturally never seen her wearing that dress.

It seemed like she had to spend less time with Mu Ran, that attracter.

Otherwise, she will make many enemies in the world. She would not even know how she died.

Lin Yin silently took her phone and retreated to the side, away from the circle of trouble. Then, she received a message from Mu Ran on her cell phone: Yinyin, I’m handling this matter. I’ll handle it well. Protect yourself.

Lin Yin greeted Mu Ran and looked up to see a familiar figure.

Wei Ji looked at the woman in the instructor’s uniform in surprise and muttered, “This person seems to be Hou Ning? Why is Hou Ning here?” “Hou Ning?” Lin Yin asked. “She’s from the Hou Family?”

When she saw Hou Ning that day, Lin Yin did not ask for her name.

At Wei Ji’s words, Lin Yin suddenly remembered that when Grandma Huo mentioned Hou Ning, Lu Ming’s grandfather left with an ugly expression.

Later on, Lu Yan explained that there was really nothing between Lu Ming and Hou Ning. However, she did not say much and Lin Yin did not take it to heart.

So, Hou Ning was Lu Ming's confidante, right? No wonder the two of them were so close that day.

Wei Ji, who was beside her, said, "Yes, she's from the Hou Family. But why is Hou Ning here as an instructor? Isn't there a rumor that Hou Ning has been promoted recently?"

Lin Yin naturally could not answer Wei Ji. She knew less about Hou Ning than

Wei Ji..

Chapter 748: Provocation

Hou Ning shouted. Everyone who was originally discussing immediately stopped and looked at Hou Ning, diluting the popularity of everyone discussing

Mu Ran.

"Could this woman be our instructor? I remember that the instructors are all men, right? Why is there a woman?"

"Oh my god, I was still thinking that a handsome soldier would come today. I didn't expect a fierce looking old woman to come."

"Are you kidding me? What if the instructor cries from anger when a woman teaches us men?"

Hou Ning turned a deaf ear to these voices. She spread her legs slightly and clenched her fists behind her back. She said loudly, "Computer science class one, gather!"

Even though the students in the class were still undisciplined, they restrained themselves a lot. Lin Yin asked Wei Ji to move aside and immediately stood still.

No matter what Hou Ning's identity was, she would only respect her as an instructor now that Hou Ning was her instructor.

Hou Ning looked at the undisciplined and messy students in front of her and the corners of her lips curled up slightly. She shouted coldly, "All of you. Attention! At ease!"

Then, Hou Ning introduced himself. "Students, I'm your instructor for this military training. My surname is Hou, and my name is Hou Ning! I hope to live in peace with everyone for the next three weeks!"

Hou Ning looked around and her gaze swept past Lin Yin, who was wearing a hat in the first row. She did not stop at all, as if she had never seen her before.

A few untimely sneers came from the crowd. Hou Ning was not angry. Her eyes landed on a boy with a disdainful expression. Hou Ning said, "That boy who doesn't know how to stand, step forward!"

Everyone followed Hou Ning's gaze and saw a boy with a crooked hat.

The boy walked to Hou Ning's side with a smile and said roguishly, "Instructor, I stepped forward. What happened next?"

Hou Ning's expression was indifferent. "You don't seem to be very satisfied with me?"

The boy laughed and said, "Beautiful instructor, what are you talking about? How am I dissatisfied with you? I just feel that it's not good for a girl like you to come out and be an instructor in such hot weather. I just feel sorry for you!" The boy's teasing words caused many people to whistle.

Hou Ning chuckled and her gaze landed on the boy who clearly looked down on her. She smiled and said, "You feel sorry? You should feel sorry for yourself." The boy was puzzled, but Hou Ning was already ready to fight.

The boy smiled and said, "Instructor, you're not going to fight me, are you? I've learned mixed martial arts and judo. I've won awards. Don't be angry if I accidentally hurt you later, okay?"

A girl beside him also advised, "Instructor, don't fight with him. He's very good at fighting."

Although these instructors were heard to be from the army, most of them were only voluntary soldiers. How could they compare to professional players who had participated in actual combat?

Hou Ning smiled and said, "Then let's try. If you don't beat me down today, you'll be gutless! A weakling!"

It was useless to argue. Some things still depended on strength. Otherwise, she would not be able to suppress this group of children for the next three weeks.

The boy's lips curled up in disdain. Then, he said disdainfully, "Instructor, respect your teacher. You go first."

Hou Ning's eyes were calm. "There's a price to pay for looking down on someone."

As Hou Ning spoke, she attacked the boy. The boy wanted to let Hou Ning attack him a few times, but before he could, Hou Ning locked his throat and threw him off her shoulder. He fell to the ground in a sorry state, raising the dust on the ground.

Everyone was dumbfounded. Hou Ning knocked down a tall and muscular man who was more than 1.8 meters tall with a whoosh.

The boy did not expect Hou Ning's strength and speed to be so precise and fast. His expression turned serious. After standing up, he stared at Hou Ning in disbelief.

“Little kid, it’s not good to underestimate your enemy.” Hou Ning had a faint smile on her face, but such a smile was especially glaring to the boy.

At this moment, the boy was no longer as relaxed as before. In his opinion, Hou Ning had just attacked when he was unprepared. If he was serious, Hou Ning might not be able to defeat him.

The surrounding students were already looking at the two of them. Even the other instructors stopped to watch the commotion..

Chapter 749. Military Training

As soon as Hou Ning approached, the boy started to attack. However, just as his fist was about to hit Hou Ning’s face, Hou Ning’s face quickly disappeared in front of the boy.

The boy subconsciously attacked downwards, but in the next second, there was a sharp pain in his armpit. The arm that punched out was completely numb.

The boy’s other hand was as fast as lightning. With his intuition after so many years of competition, he pulled back hard. Just as he was about to grab Hou Ning’s neck, his hand was restrained by Hou Ning’s hand.

The boy’s forehead was covered in sweat from the pain, but he bit his lip tightly and did not cry out. His eyes were filled with disbelief.

Hou Ning exerted a little force and pressed the boy down until he bent down. She said in a lecturing tone, ‘You have to be humble. You have to know that there’s always someone better. Do you understand?’

The boy did not say anything. It was obvious that he was so embarrassed that he was unwilling to give in.

“You’re not convinced? It’s okay. When I kick your knee and make you kneel down later, you’ll be convinced. However, in these four years of university, you might be famous and known as the boy who knelt down to the female instructor,” Hou Ning said lightly.

The boy was so angry that he said gloomily, “I’m convinced!”

Hou Ning smiled and let go of the boy. This was not the army, and the opponent was still her student, so she definitely could not be too ruthless.

Otherwise, with her usual personality, she would not be called Hou Ning if she did not beat this boy until he could not get out of bed for a month.

Hou Ning glanced at everyone coldly and said loudly, “If anyone else is unconvinced, you can come out and spar.”

The class was silent.

Lin Yin didn’t know if it was her imagination, but she felt that when Hou Ning stopped on her for a few seconds just now, Lin Yin felt like she was asking for a fight.

“Since no one came out, don’t cause any trouble for the next three weeks. If you dare to cause trouble, I won’t be polite!” Hou Ning said loudly.

Then, the entire class became more obedient.

The afternoon passed while everyone’s faces were red from the sun.

Lin Yin had thought that Hou Ning wanted to do something to her during this military training, but there was nothing. She felt that she was really thinking too much.

Taking the water from Wei Ji, Lin Yin smiled and said, “Aren’t you afraid of the heat? You’re really here with your classmates.”

Wei Ji smiled until his eyes curved into crescents. "This can be considered a little participatory."

Lin Yin nodded. She was originally going back to the dormitory to take a shower, but she was afraid that she would have to fight for it with Su Su and

Feng Yu later, so she decided to go to the apartment near the school to shower.

Su Su and Feng Yu were almost crippled. The two of them were eager to return and ran to the dormitory as soon as they were dismissed. In the end, they were stopped halfway.

Su Su looked at the person opposite her in confusion and asked, "What's the matter?"

That person smiled and said, "I'm your senior. My name is Xiluo. Our Hanfu Club is doing publicity. I see that you two have good figures, so I want you two to be models and try on our clothes."

When Su Su and Feng Yu heard that someone had asked them to be models, they looked at each other in surprise and asked, "Are you sure it's the two of us?"

We don't look outstanding either."

Xiluo nodded and said with certainty, "Everyone has their own characteristics. Believe me, as long as you wear our clothes and pair it with the makeup we'll do for the two of you, you will definitely be stunning."

Su Su and Feng Yu were convinced. "What should we do?"

Xiluo smiled and said, "Which dormitory are you guys in? You just finished military training. You're so tired, so don't run around. I'll bring my makeup kit and clothes to look for you later. You definitely have to wash up first."

Su Su and Feng Yu happily told them the dormitory number before the two of them left the field.

Xiluo, on the other hand, looked at their backs deeply.

She had heard Feng Yu's words just now. Lin Yin was indeed very similar to Mu

Ran's rumored girlfriend. Her figure, face shape, and temperament were all

very similar.

However, Xiluo was not sure, so she wanted to go to Lin Yin's dormitory to check.

Based on her understanding of Mu Ran, if Lin Yin was really Mu Ran's girlfriend, there would definitely be many things from Mu Ran in Lin Yin's dormitory, or couple outfits and trinkets used by couples..

Chapter 750: Investigation

Xiluo brought two students to Lin Yin's dormitory. There was no sign of Lin Yin in the dormitory.

Xiluo pretended to be curious and asked, "There are only three people living in your dormitory? What about the other one?"

Su Su pursed her lips and said, "She's serving the big boss outside every day. The empty bed is someone that got chased out."

Although everyone knew what had happened to Liu Man at that time, in Su Su's opinion, Liu Man had dropped out of school because of Lin Yin, so she was not talking nonsense.

As an alumnus, Xiluo naturally knew about this. She only pretended not to know and shook her head. "We're all classmates from the same dormitory. Why are they like this? Sigh, some girls nowadays are indeed a little domineering."

Su Su immediately looked at Xiluo with bright eyes. "Right? Senior, you think so too, right? I've never dared to say it because Lin Yin has a big shot backing her. This era is still the era of bullying the weak and fearing the strong."

Xi Luo smiled and did not say anything. She only asked the other two students to help prepare makeup for Su Su and Feng Yu.

However, just as she finished her makeup, one of the makeup artists said, "It's over. I forgot to bring that wig."

Xiluo seemed a little angry. "How can you forget such an important thing?"

That person said a little embarrassedly, "I remember I brought it. Why did it disappear?"

Xiluo sighed and said to Su Su and Feng Yu, "There's no wig here. Your hair can't support it. Why don't we do this? The two of you follow us to our club. Coincidentally, there's a filming studio there."

Su Su and Feng Yu nodded helplessly.

"Come, help the two of them comb their hair and change their clothes. Otherwise, it will be a little strange for them to go out like this," Xiluo said to the two students she brought.

Then, Su Su and Feng Yu changed into heavy ancient clothes. They looked like noble ladies participating in a grand ceremony, but their clothes were too grand, and the two of them felt that it was a little inconvenient to move.

"Su Su, the two of you just hold your skirts, take your cell phones, and follow the two of them. I'll help the two of you pack the rest of the things. I'll help you close the door later," Xiluo said considerately.

Without much thought, Su Su immediately agreed. She grabbed the hem of her heavy dress and walked out.

Feng Yu thought that since she did not have anything expensive in the dormitory, and this senior had given them such expensive clothes to wear, she probably would not steal anything, so she readily agreed.

After the four of them left, Xiluo started to pack her things. Then, she quietly closed the door and went straight to Lin Yin's table and bed.

Lin Yin's place was very clean and there were very few things. It did not look like she was related to Mu Ran.

As an old fan of Mu Ran, Xiluo knew Mu Ran very well. Although Mu Ran seemed to always have a decent and calm personality, Mu Ran was actually still a little childish. He was cute, gentle, and romantic.

Moreover, he liked to send all kinds of trinkets to express his feelings. For example, on Mu Ran's birthday every year, when he received gifts from fans, he would also send some gifts back, such as necklaces, earrings, and little dolls, which were exquisite and cute things that girls liked very much.

He even knew how to custom-make a brooch exclusive to his fans. He could be said to be a gentle idol who knew how to be romantic and take care of his fans' emotions.

Therefore, one could imagine how much Mu Ran would dote on his girlfriend. He would probably custom-make more small gifts for her for the two of them.

However, other than a glass of water and some necessary simple things and books, there was nothing on Lin Yin's desk that Mu Ran might have given.

Xiluo relaxed slightly. She looked carefully at the door of the dormitory and pulled open Lin Yin's drawer. She rummaged through it gently, trying not to destroy the original arrangement in the drawer.

In the end, she was still very satisfied. As expected, she did not see anything from Lin Yin that Mu Ran might have given her.

Xiluo's gaze turned to the closet at the side. She opened it gently and shook her head speechlessly when she saw the sparse clothes inside.

Didn't they say that Lin Yin was the chairman of some Shisheng Corporation? Previously, this matter had caused an uproar. All the students in Capital University probably knew that their school had a new student who came from the slums but became the chairman of a Corporation..
