

Real Daughter 771

Chapter 771 Not Interfering

"Coward, I dare to think about it. If my parents are from generational wealth, a big brother that's a finance tycoon, a second brother that's a medical genius, and a third brother that's an international superstar, I would dare to do whatever I want, even in my dreams.

"Then, since Lin Yin is a child of the Mu family, why did the previous news keep saying that Lin Yin was an orphan who grew up in the slums? She was even a daughter of the Su Family before?"

"I just asked around. It's said that the Mu Family lost a daughter before and they couldn't find her, so Lin Yin grew up in the slums. Later on, Lin Yin was brought back by the Su Family as their daughter, but they realized that she wasn't their biological daughter either. It was only now that Lin Yin was discovered by the Mu Family, so they brought her back to the Mu Family."

Su Su listened to the discussions around her distractedly. Now, she only wanted Lin Yin to walk into class quickly so that she could ask Lin Yin about Mu Ran.

Lin Yin returned to her class in a low mood. Su Su immediately moved to Lin Yin's side and looked at her sadly. "Yinyin, you're Mu Ran's sister. Can you tell Mu Ran not to leave the industry?"

Su Su's words immediately attracted everyone's attention to Lin Yin.

Mu Ran had many fans. Many of the students in this class were probably Mu Ran's fans, so they were also looking forward to Lin Yin's answer. They did not want Mu Ran to leave the industry.

In the entertainment industry, at least they could get some news about Mu Ran from time to time and see him on the screen.

If Mu Ran really left the industry, it would be harder than ascending to the heavens for them to see him in the future. Perhaps in this life, they could only look through Mu Ran's previous works to remember their days of chasing after celebrities.

Although Lin Yin was also very reluctant for Mu Ran to give up his acting career because of this matter, she could not interfere with Mu Ran's decision, so she could only say apologetically, "I'm sorry, I can't help you with this matter. I can't interfere with my brother's decision, even if I'm his sister."

Lin Yin's words made many fans who were present feel guilty. Even Mu Ran's sister did not dare to interfere with Mu Ran's decision, and some of their fans were actually domineering enough to interfere with Mu Ran's private life and make Mu Ran live, work, and find a girlfriend according to their satisfaction. It was simply too much.

Mu Ran's fans lowered their heads in disappointment. A girl said, "I understand. We'll respect Brother Ran's decisions. It's just that Lin Yin, can you help us pass on some words to Brother Ran? I have been Brother Ran's fan since junior high. At that time, I wasn't good at my studies and was always criticized. Later, it was Brother Ran's positive words that encouraged me to work hard step by step. So don't worry, I won't spout nonsense. I'm just saying something from the bottom of my heart."

Lin Yin nodded. "I can do that."

These people were all Mu Ran's fans. It could be said that they were the people who grew up with Mu Ran.

Lin Yin did not mind helping these real fans.

Of course, she also wanted Mu Ran to know that not all the fans in this world were as selfish and domineering as Xiluo and the others.

The girl smiled happily, then took out a tissue and wrote on it what she wanted to say to Mu Ran.

The other girls also asked for Lin Yin's agreement and followed suit.

Su Su looked at Lin Yin awkwardly and said with an embarrassed expression, "Lin Yin, can you help me take care of it too? Don't worry, I'm not an extreme fan. I won't talk nonsense."

Su Su knew what Lin Yin was worried about.

Mu Ran's heart was broken by his fans this time. Anyone would be disappointed if their fans attacked their family.

Therefore, she knew that Lin Yin must be afraid that some bad fans would scold Mu Ran in their letters.

Just like how Xiluo and the others said that Mu Ran was an ungrateful ingrate.

Lin Yin looked into Su Su's yearning and pleading eyes and finally agreed.

Feng Yu muttered softly, "Lin Yin looks cold, but she's actually quite soft-hearted."

Feng Yu believed that if such a thing happened to her, she would definitely not help Su Su.

Lin Yin received a large pile of letters. Some were written on tissues, some were written on paper packaging, and some even tore off their clothes to write.

These things looked cheap and ugly when put together, but they were all these people's true feelings for Mu Ran.

Chapter 772 - 772: Detention

Lin Yin put away those people's things and handed them to Wei Ji. 'You don't have to undergo military training. Help me carry them.'

Wei Ji nodded. Afraid that the things inside would fall, he specially took off the jacket of his military training uniform and carefully wrapped it around the things.

Seeing that their things were being protected so carefully, the fans were a little touched and thanked Lin Yin and Wei Ji.

Feng Yu looked at Lin Yin's faint smile and sighed with emotion. Fortunately, she did not provoke Lin Yin. She was glad that she had always been careful.

Otherwise, with Lin Yin's family background alone, even if she wiped out her and her family all at once, she would have no one to turn to.

Fortunately, Lin Yin did not look like an unreasonable person. As long as she did not offend Lin Yin and her friends, she would not be targeted by Lin Yin.

As she thought about it, Feng Yu felt a little jealous.

She had a powerful family background, three outstanding brothers, and such a powerful family. Humans really had to believe in fate.

She came here to attend university so that she could lead a better life with her family in the future. It would be best if she could buy a house in the capital and bring her parents over to live a good life together.

And some people had these since they were born, and they had more than one house.

Thinking of Lin Yin's ten properties, Feng Yu smiled self-deprecatingly. What was she thinking? Since she didn't choose well when she was reincarnated, all she could do was establish herself now and make good use of Capital University's educational platform to climb up!

When Hou Ning returned, she looked at Lin Yin indifferently and asked everyone to gather and start the afternoon training.

At this moment, Xiluo and the others had already been interrogated by the police. All of them confessed to everything. They were facing detention for at least ten days and had it recorded in her files.

Xiluo immediately panicked. This kind of record would follow her for the rest of her life. She had thought that she would only be locked up for a few days. She could tolerate it.

But she really could not carry such a criminal record for the rest of her life.

Xiluo begged the lawyer, "Can you help me ask Mu Ran? Is he really going to treat me like this? I've been a big fan of his for several years. I've loved him for several years and I've sacrificed everything for him, including my family. He can't treat me like this."

The lawyer did not take it to heart. Instead, he said professionally and seriously, "Everyone has to pay the price for their actions."

With that, the lawyer left. Xiluo could only sit on the chair in despair because she was still a student. Presumably, the police would inform her family through the school soon.

Xiluo stayed in the police station for the night. Everyone else had gotten into contact with their parents, except for Xiluo.

Facing this situation, Xiluo said sadly, "My parents moved overseas because I chased after celebrities, so you don't have to contact my parents anymore. Officer, I'm already an adult. I can take responsibility for anything. There's no need to inform my family. They won't come."

The police officer shook his head and sighed- The children nowadays were

really obsessed with celebrities, their parents can't even control them anymore. No wonder they don't want to care for them anymore.

At night, Lin Yin, who had ended the military training class, brought what Mu Ran's fans wanted to say to Mu Ran and invited him to the apartment beside the school.

Throughout the entire process, Lin Yin did not speak. She just watched quietly as Mu Ran unfolded the notes and cloth strips one by one.

In the end, Mu Ran sighed and said, "Yinyin, I know what you want to say, but I've made up my mind. Moreover, Big Brother asked me to choose my own position in the Corporation today. I'm already

choosing seriously. Help me thank them for their company all these years. I'm very happy and cherish it. It's just that all good things must come to an end. We still have to part."

After Mu Ran finished speaking, he even replied to the girls one by one. The beautiful letter paper was even sprayed with pleasant perfume and he even picked out small gifts for them.

Lin Yin suddenly realized why those fans were loyal to Mu Ran.

Mu Ran was really a very considerate and gentle boy.

When Lin Yin sent these things to the girls, the next second, she heard the unwilling sobs of the girls. Lin Yin was so frightened that she quickly danced and said, "Um, don't cry here anymore.. Instructor Hou is already here!"

Chapter 773 - 773: Punishment

In the end, when the girls heard Lin Yin's words, they cried even harder, angering Hou Ning, who had just arrived.

"What are you crying for? Shut up, all of you!" Hou Ning scolded loudly, but it was useless.

These girls were already immersed in their extreme sadness. After all, he was their idol who had accompanied them for several years. Moreover, their idol had replied to them so gently. How could they not be sad?

Hence, the group of people cried even harder!

Hou Ning shouted a few times, but no one paid attention.

A student at the side said, "Instructor Hou, they're currently in the sorrow of losing someone important. It's useless for you to do this."

Hou Ning did not know what had happened and asked in confusion, "Important person? There's so many of them, is the important person the same?"

The classmate nodded. "Yes, their idol, Mu Ran, is really leaving the industry, so they're crying."

Hou Ning could not understand these celebrities. It was just that the celebrities they liked no longer appeared in the entertainment industry. They were not dead. Did they have to cry like they were mourning?

Most importantly, among the entire freshmen, only the students in her class cried the most. They even cried especially loudly. How embarrassing was this!

Hou Ning took out the gun in her hand and fired at the sky. The girls who were still crying immediately stopped crying. Even the class beside her looked at Hou Ning in surprise.

"If anyone cries again, don't blame me for being ruthless!" Hou Ning warned with an imposing tone.

The instructor beside her quickly ran over and explained, "Students, don't be afraid. This is an empty gun. There are no bullets."

As soon as the instructor finished speaking, a small black thing fell from the sky.

The instructor smiled awkwardly and said, "It's not bullets inside. Don't worry, everyone. This gun is part of our military training today. It's just some paint that won't hurt anyone."

As if confirming the instructor's words, the bird that had fallen down just now fluttered on the ground twice before flying away again.

There were still tears at the corners of Su Su's eyes. She said in a daze, "Did that bird fall out of fright?"

Feng Yu shook his head in shock. "I don't know either, but I know that if you continue to cry like this, our class will probably be finished."

The students, including Su Su, immediately did not dare to cry. novel.com

Lin Yin looked at Hou Ning's gun curiously. Guns were prohibited. Only personnel of a certain level could have a gun.

Even prop guns had to undergo tests and pass before they could be used.

Therefore, Lin Yin was also very curious if Hou Ning's gun was a real gun.

Hou Ning looked around at the crowd that had finally quietened down. The corners of her lips curled up slightly. "Are you curious if I'm holding a real gun?"

Seeing that everyone's curious gazes were finally focused on her, Hou Ning said in satisfaction, "Don't worry, it's not a real gun, but it's still very useful to scare birds and this group of noisy brats."

"Come, gather everyone!" Hou Ning shouted.

Everyone obediently listened to Hou Ning's orders and immediately organized the team.

"Originally, we were going to give everyone an indoor ordnance class today. However, just now, someone ignored the rules, so everyone has to stand in military posture for an hour, do 30 frog jumps and run 20 laps around the field." With every word Hou Ning said, everyone's hearts sank and they quickly wailed.

However, no matter how much these people wailed, they could not escape these punishments. After being punished for an hour, everyone was chased to frog jump by Hou Ning before they could drink water.

Lu Ming, who had been watching the freshmen's military training at the entrance of the field, looked at Lin Yin worriedly. He did not know if Lin Yin's ribs had healed.

Subconsciously, Lu Ming walked to the field. Hou Ning approached Lu Ming and smiled. "Why? You're interested in the freshmen's military training?"

"Why? You're the only one who's allowed to be interested, but I'm not allowed to be?" Lu Ming asked.

"I officially accepted Principal Wei's employment, and you relied on my connections to come in to maintain the order of the military training for these students. Therefore, I can ask you, but you can't ask me," Hou Ning joked..

Chapter 774: Fall

Lu Ming knew that he was at a disadvantage and did not continue the topic. Instead, he asked, "Isn't your training intensity too strong? What if some students can't take it? You're training students now, not soldiers."

Hou Ning looked at Lu Ming, who obviously had ulterior motives, and smiled. "Lu Ming, are you worried about your student? Or are you worried about someone else? This is the first time I've seen you so indiscriminate. It's strange. "

Lu Ming's gaze was on Lin Yin and he did not answer Hou Ning.

Lin Yin, who was frog-jumping, also felt Lu Ming's gaze, but she chose to ignore it.

After the frog jumps, almost most of the students' legs were so weak that they could not stand up.

"All of you, get up. 20 laps of the field, begin!" Hou Ning's voice carried a ruthless tone.

Wei Ji, who was holding a glass of water and about to give it to Lin Yin, had yet to reach her when Lin Yin started running again.

Wei Ji was extremely worried. He was afraid that Lin Yin's ribs would get worse later.

"Wei Ji and Lin Yin seem to be very close. Do you think these two are in a relationship? They're inseparable all day," Hou Ning said ambiguously.

Lu Ming said without thinking, "They're not a couple."

"You know quite well." Hou Ning ignored Lu Ming's ugly expression and smiled.

Hou Ning was about to tease Lu Ming when she suddenly saw Lu Ming's expression change drastically. The next second, Lu Ming rushed out.

Hou Ning was suspicious. After looking in the direction where Lu Ming was running, she saw Lin Yin fall to the ground.

Initially, Hou Ning did not dislike Lin Yin much. She felt that if Lu Ming liked Lin Yin, it meant that Lin Yin was different from those women who used cheap tricks to attract men.

She did not expect her to be the same.

If a woman wanted to attract a man's attention, she had to pretend to be pitiful and make the man pity her.

Hou Ning smiled coldly and slowly walked towards the place where Lin Yin had fallen.

Gong Ze, who happened to be training with Lin Yin near her, saw Lin Yin fall and hurriedly left his team to help her up.

“Yinyin, how are you?” Gong Ze asked worriedly.

For the past few days, he had been busy with his own matters. He had just returned for military training today and knew about Lin Yin. Before he could meet Lin Yin again, she fell in front of him.

When Hou Ning saw Gong Ze go forward to help Lin Yin, her eyes revealed a hint of playfulness.

This Lin Yin was quite capable. She even hooked up with the Gong Family’s kid.

How many people has Lin Yin provoked so far?

After the unhappy incident with Yue Chi, there was Lu Ming, then Huo Ge, and now Wei Ji and Gong Ze.

Hou Ning did not like women like that. In her opinion, if she liked someone, she had to draw a line with other men.

A woman who drifted between men and enjoyed being pursued by men was a little despicable.

Lu Ming ran to Lin Yin’s side and asked anxiously, “Yinyin, does it hurt? Are you still feeling unwell?”

Lin Yin looked at Hou Ning, who was walking over, and silently retracted her hand from Lu Ming’s. She said indifferently, “I’m fine, Gong Ze. Help me up.”

Lu Ming retracted his hand in shock. This was the first time Lin Yin had chosen someone else in front of him. He put away the difficult thoughts in his heart. No matter how difficult the choice he made was, he had to endure it himself.

“What? You can’t take it anymore? You still have to train more usually. You’re so young, but you can’t even endure such intensity. You’re a joke,” Hou Ning said coldly.

Lin Yin sensitively felt that Hou Ning seemed to have become a little sharper. She was completely different from yesterday.

Wei Ji, who had rushed over, explained, "Instructor, it's because of Yinyin's ribs..."

"There's no reason with me. Lin Yin, if you can't take it, apply for leave directly. Don't affect the entire class's military training and drag the entire class down."

Before Wei Ji could finish speaking, Hou Ning interrupted him coldly.

This time, not only Lin Yin, but even the students in class felt Hou Ning's targeting.

Although she had been with Hou Ning for about two days, Hou Ning had always talked about collectivism. If one person made a mistake, everyone would be punished.

But this time, Hou Ning actually said that Lin Yin was a burden..

Chapter 775: Stop fooling around

Wei Ji was about to speak up for Lin Yin when Lin Yin grabbed him and said nicely, "I'm sorry, Instructor. I'll make up for it when I get back."

Lin Yin did not have a masochistic physique. Since she was not feeling well, she naturally had to go back. It was mainly because her ribs really seemed to hurt a little. It seemed like she had overestimated her self-healing ability. Sigh, she was indeed old. Her recovery speed was not as fast as when she was young.

Hou Ning was a little stunned. She thought that Lin Yin would at least say "I can continue" stubbornly in front of her and cause the hearts of the men beside her to ache.

In the end, Lin Yin actually didn't play by the rules. Hou Ning frowned. Could it be that she had guessed wrongly? Was Lin Yin not the kind of unreasonable girl who would use a ruse to seduce men?

With that, Lin Yin was about to leave with Gong Ze's help when she felt a sharp pain in her ankle.

Gong Ze was anxious and wanted to reach out to hug Lin Yin. Wei Ji also reached out anxiously, afraid that Lin Yin would fall.

In the end, a large hand passed through Lin Yin's waist and hugged her forcefully. Everyone was in an uproar.

The world suddenly collapsed. Lin Yin subconsciously reached out and grabbed the clothes on Lu Ming's chest. When she realized that Lu Ming was the one who picked her up, Lin Yin subconsciously let go.

"Hold on tight. If you fall, Lu Yan will probably come to settle scores with me!" Lu Ming said calmly.

"Then you can put me down. I have someone to send me back. Uncle, there's no need to trouble you." Lin Yin's tone was even fainter. She didn't even look at Lu Ming.

After receiving Lin Yin's signal, Gong Ze immediately went forward and reached out his hand. "Third Brother Lu, why don't I do it? Don't you still have to maintain order? I'll send Yinyin to the infirmary."

Lu Ming glanced at Gong Ze coldly, scaring him so much that his neck shrank. However, when he saw Lin Yin's gaze, Gong Ze could only brace himself and maintain his posture of wanting to pick her up from Lu Ming.

"Wherever Lin Yin is, I'll maintain order there. Why? Don't you understand?" Lu Ming looked at Gong Ze and said coldly.

Everyone naturally knew this. After all, the order was in chaos because of Lin Yin's good brother, Mu Ran.

Because Mu Ran wanted to leave the industry, no one could find him. They could only look for Mu Ran's sister, Lin Yin. After all, Mu Ran could hide, but Lin Yin could not.

Not to mention that Lin Yin was undergoing military training now, even if there was no military training, Lin Yin still had to attend class and could always be found.

Therefore, Lu Ming brought people to maintain order. To put it bluntly, he wanted to protect Lin Yin from those fans and prevent them from affecting the order of the military training.

Since Lin Yin was leaving, Lu Ming naturally had to follow.

Su Su said from the side, "This is considered the battle of the beauties, right? Fortunately, the two of us are not good-looking. Otherwise, we would have to face such a scene. How awkward!"

"Su Su, I feel strange when you say that. Are you saying that the two of us are ugly?" Feng Yu said with a smile.

Su Su immediately shut up. She did not admit that she was ugly.

Seeing that Lu Ming was looking at Gong Ze fiercely, Lin Yin was indignant and struggled to get down. Lu Ming looked down at Lin Yin and said helplessly, "Stop fooling around! You'll fall later!"

Even though Lu Ming was frowning, his magnetic voice and his doting words hit the hearts of the girls present.

"Oh my god, I can actually smell the sweetness of love in Instructor Lu's tone.

Could it be that Instructor Lu likes Lin Yin?"

"I think there's a high chance of that. Listen to how doting he was when he said 'stop fooling around' just now!"

“You don’t say. This Instructor Lu is also very handsome. He’s comparable to Brother Ran. I actually just realized that!”

“I regret it. I should have fallen or fainted just now. This way, the person in Instructor Lu’s arms must be me.”

“Dream on! Be careful that you’ll be in the arms of the bald pig head!”

Hearing the students’ gossip, Hou Ning looked down on Lin Yin even more. She faced the students who had stopped to watch the show and said loudly, “Why did you stop? What’s wrong? Is 20 laps not enough? Do you want to run 50 laps?”

In the next second, the students who had just stopped to watch the commotion immediately muttered and continued running. Even Gong Ze was pulled back by the instructors in his class to stand in the military posture.

Lu Ming turned around and looked at Hou Ning. “I’ll bring Lin Yin to the doctor..”

Chapter 776: Carrying Her Away

Wei Ji followed Lu Ming and Lin Yin obediently. However, before he could take two steps, Lu Ming turned to look at Wei Ji. His tone was indifferent, but his eyes were warning. “Wei Ji, you don’t have to follow me. I’ll take good care of

Lin Yin.”

“I’m worried,” Wei Ji said stubbornly. He tightened his grip on Lin Yin’s cup.

“You’re worried? Wei Ji, even if you follow us all the only thing you can do is hold Lin Yin’s cup,” Lu Ming said bluntly.

“Lu Ming, you’d better consider your language before you speak!” Lin Yin said coldly.

She would not allow anyone to say anything about Wei Ji in front of her.

Lu Ming looked at Lin Yin in disbelief. He could accept Lin Yin’s coldness and alienation, but he couldn’t stand Lin Yin talking to him coldly to protect another man.

Lu Ming stopped talking and strode away with Lin Yin in his arms.

Even with Lin Yin in his arms, he was still quite fast. Wei Ji could not keep up because of his limp.

Seeing that Wei Ji was struggling to walk behind, Lin Yin said angrily, “Lu

Ming, you’re doing it on purpose. You clearly know that Wei Ji can’t walk fast.”

Seeing that Lin Yin was talking about Wei Ji again, Lu Ming was unhappy and walked even faster.

Lin Yin was furious and said angrily, “Lu Ming, put me down, or I’ll jump down.”

Lu Ming only exerted strength in his arm and pressed Lin Yin closer to his body, still not saying anything.

Lin Yin was furious. She opened her mouth and bit Lu Ming’s arm hard. The force was so strong that even Lu Ming couldn’t help but frown. However, he still carried Lin Yin and quickly left the field without saying a word.

After a few turns, Wei Ji could no longer find Lu Ming and Lin Yin.

Lu Ming remained calm. Lin Yin gritted her teeth. When the smell of blood filled her mouth, Lin Yin let go angrily.

“Have you vented your anger?” Lu Ming asked helplessly.

Lin Yin was so angry that her chest kept rising and falling. She asked coldly, “What do you want? It’s not like I don’t have someone to send me there. You don’t have to worry.”

“Since you call me Uncle, I naturally have to treat you like a junior,” Lu Ming said calmly.

Lin Yin sneered. “Really? Then should I thank you, Uncle?”

“You’re welcome!” Lu Ming looked straight ahead and said without looking at Lin Yin.

Lin Yin closed her eyes slightly. She admitted that she was a little angry now, no, very angry, but she would be at a disadvantage if she was angry now.

It was just being carried by an elder to apply medicine. It was no big deal.

After she calmed down, Lin Yin’s expression turned colder. She said indifferently, “Since Uncle cares so much about the younger generation, don’t be so fierce to Wei Ji next time. I can’t stand anyone being so fierce to Wei Ji, including some sarcasm.”

Just now, Lu Ming had clearly despised Wei Ji’s legs. Lin Yin could not accept this.

Lin Yin’s words made Lu Ming, who had slowly calmed down, suddenly feel frustrated again. “You’re so nice to Wei Ji.”

Lin Yin said matter-of-factly, “Of course. My Wei Ji is so cute, so I naturally have to treat him better. I won’t let outsiders bully him.”

“Outsider?” Lu Ming lowered his head slightly and raised his eyebrows. “You mean me?”

Lin Yin shrugged and smiled. "What else?"

Lu Ming was so angry that he didn't want to look at Lin Yin anymore. He quickly walked to the car, opened the door, and stuffed Lin Yin into the front passenger seat.

Maybe he had used too much force and Lin Yin hissed in pain. Lu Ming quickly asked anxiously, "What's wrong? Does your ribs hurt?"

Lin Yin's gaze instantly landed on Lu Ming's worried face. She said suspiciously, "How did you know that my ribs hurt? Did you get someone to monitor me?"

Lu Ming quickly retracted his gaze and lowered his head to fasten Lin Yin's seatbelt. He did not answer Lin Yin's question and closed the car door.

Lu Ming sat in the driver's seat. Lin Yin looked straight at Lu Ming. "Who did you look for to monitor me? Dong Yi, or Long Huang? Or is it someone else? Or is it some tracking device, a bug?"

"Lin Yin, I'm not a pervert. Don't be too ridiculous!" Lu Ming interrupted Lin Yin's suspicion unhappily.

Lin Yin smiled and said, "No pervert would say that he's a pervert. Otherwise, how can you explain that you know about my broken ribs? Didn't you cut ties with me recently?"

"It's not cutting ties," Lu Ming replied, feeling a little guilty..

Chapter 777: Incest

“Then what is it? An elder fooling a junior for fun?” Lin Yin stared at Lu Ming intently. She had a smile on her face, but her eyes were cold.

Lu Ming took a deep breath and did not dare to turn to look at Lin Yin. ‘Yinyin, it was my fault before. Later on, I thought about it. I’m old and might not be liked by girls...’

Before Lu Ming could finish speaking, Lin Yin interrupted him. “Uncle, you know your place. But you’re right this time. Girls my age really won’t like someone like you.”

Lu Ming turned to look at Lin Yin in a daze and asked as if he hadn’t heard her clearly, ‘What did you say?’

“Uncle, although you’re old, you’re not so old that you can’t hear clearly, right?” Lin Yin smiled and looked straight into Lu Ming’s eyes. “I say, I really don’t like you, Uncle. Fortunately, you didn’t come on the day school started. Otherwise, I really wouldn’t know how to reject you.”

Lu Ming looked into Lin Yin’s clear eyes, as if he wanted to see traces of Lin Yin lying.

However, he failed. He actually saw Lin Yin’s serious expression.

Lu Ming naturally couldn’t tell, because Lin Yin really didn’t like people who gave her hope and personally cut it off. She didn’t need relationships that were unstable, no matter the reason.

“Yinyin...” Lu Ming subconsciously called Lin Yin’s name. He wanted to say something, but he couldn’t.

Lin Yin turned her gaze forward and said indifferently, “So, Uncle, you shouldn’t randomly hug me in the future. Although I call you Uncle like Lu Yan, I have nothing to do with you. It won’t be good if someone misunderstands. It’ll affect your marriage and my relationships.”

Lu Ming looked at Lin Yin’s smiling side profile and felt terrible. In the end, he retracted his gaze from Lin Yin, as if this could ease the pain in his heart.

“Uncle, you stuffed me in the car. Where are we going?” Lin Yin asked casually.

Lu Ming suppressed the surging emotions in his heart and said in a low voice, “To the hospital for a checkup and get your medical records so that you can take leave.”

“Thank you, Uncle.” Lin Yin was polite and distant.

The two of them arrived at the hospital silently and did a checkup. When the report came, Lin Yin looked at Lu Ming’s arm and smiled. “I was insensible just now and bit you. Uncle, do you want to go for a checkup too? It won’t be good in the future if there’s anything wrong.”

“No need,” Lu Ming rejected expressionlessly.

Since Lu Ming had said that he didn’t need it, Lin Yin naturally didn’t persuade him. Lu Ming didn’t even care if it hurt. Why should she, an outsider, care?

When the report came out, the doctor said with a serious expression, “This broken rib is a serious injury. It’s only been half a month and you’re already doing intense exercise before you’re fully recovered. Do you even want to recover?”

As he spoke, the doctor turned to look at Lu Ming. “You’re really a bad boyfriend. Don’t you know how to look after your girlfriend? If she moves around like this, when will her injuries recover? Watch her closely!”

Lin Yin said faintly, “Doctor, he’s my uncle. He can’t be a boyfriend. Don’t talk nonsense. It’s incest!”

The doctor choked on Lin Yin’s words. He coughed lightly and stopped talking.

Lu Ming looked at Lin Yin speechlessly. Why was Lin Yin talking nonsense?

When Lin Yin received the doctor’s note, she applied for ten days of leave, saving her from military training.

In order to recover as soon as possible, Lin Yin really started to recuperate seriously.

At this moment, Mu Ning was so angry that she was about to go crazy. She had told Yue Han about Lin Yin destroying the Yue Family's project and the marriage between the Yue Family and the Gong Family so that Yue Han could punish Lin Yin. She did not expect that Yue Han, this idiot, would choose to use Mu Ran's fans to deal with Lin Yin.

Yue Han was thinking wishfully. He didn't want to offend Lu Ming, so he used Mu Ran's fans to teach Lin Yin a lesson.

And what happened?

How could Mu Ning accept that Lin Yin had recovered her identity as the eldest daughter of the Mu Family in front of everyone?

Why was Lin Yin always so lucky? Lin Yin could even dodge Yue Han's attack and get a good outcome.

If she had known in advance that Yue Han had such plans, she would definitely not have let that fool Yue Han make such a plan.

But it was too late now!

The angry Mu Ning anonymously sent a message to Yue Han: Idiot, you can't

even deal with Lin Yin!

Chapter 778: Reasons

Yue Han, who had just found out Lin Yin's identity, was feeling depressed. Now that he received such an anonymous message, he was furious and asked someone to investigate the owner of this anonymous cell phone.

He really did not expect Lin Yin to be a child of the Mu family.

At that time, when he knew that Lin Yin had ruined his plan, he wanted to teach her a lesson.

However, considering Lu Ming's previous warning, Yue Han did not want to have a direct confrontation with Lu Ming, so when he knew that Lin Yin and Mu Ran were close, he was planning to guide Mu Ran's fans to attack Lin Yin.

These lower class fans were so irrational. If they accidentally killed Lin Yin, it would be a calamity for Lin Yin's life. It had nothing to do with him, Yue Han. At most, he just invaded their privacy and got someone to take photos of

Mu Ran and Lin Yin.

In the end, things went beyond his expectations. Lin Yin was actually Mu Ran's sister, a child of the Mu family.

At first, Yue Han did not believe it. After all, the three sons of the Mu family were the only ones who were active at functions. No one had expected that the Mu Family had a child.

It was only after asking his father that he found out that the Mu family had lost a child eighteen years ago.

Yue Han waved his hand angrily and the cup on the desk fell to the ground, covering the ground with water.

He did not want to provoke the Lu Family, nor did he want to provoke the Mu Family.

But from the looks of it, he had already provoked them.

After knowing about Lin Yin, he sent someone to look for the two paparazzi, but they couldn't be found. He had just found out that the two of them had been captured by Mu Ran a long time ago.

Now, he could only pray that the Mu family could not find out about him. Otherwise, things would be a little difficult.

He was not afraid of the Mu Family, but if he really went against them, the Yue Family would still have a hard time.

At this moment, Mu Heng looked at the bank account that could not be found and smiled. "That person is quite cautious. He used an overseas account."

Mu Xiao said, "I can't find their accounts, but I found something. Although the phone number that contacted these two people is a new number and I can't find out who bought it, Lu Ming provided a signal locator. I just tried to call that number. Guess what? That phone appeared near the Yue family."

"Yue Family? Yue Han?" Mu Heng frowned, his heart filled with confusion. "You mean that Yue Han or Yue Chi planned behind Yinyin's back to try and make the entire Internet frame her? Why would the Yue Family deal with Yinyin?"

Mu Xiao's eyes darkened. "It might not be just framing. Do you still remember that there was a superstar's girlfriend who was forced by his fans to jump off a building? Although it was later investigated that the woman only came into contact with that actor because of work and the actor himself clarified that it was because of work, that girl was still forced to jump off a building in the end."

Mu Heng's eyes turned sharp. "You're saying that the Yue Family wants to borrow Mu Ran's fans to kill Yinyin?"

Mu Xiao nodded. "Of course, I'm just guessing, but if it's really the Yue Family who's in charge of these things, there has to be a reason, right? Therefore, in order to prevent retaliation against the wrong person, it's better for us to be careful. Let's find out first if it was the Yue Family who did it, especially the reason why the Yue Family did it."

Guan Nan, who was at the side, saw Mu Heng's signal and immediately got someone to investigate Lin Yin and the Yue Family. He quickly sent the information over and reported, "Miss once got someone to destroy a few government projects of the Yue Family. Those projects are still stuck at the review stage and can't pass."

Mu Xiao was a little puzzled. "Why would Yinyin mess with the Yue Family?"

Mu Heng, who was at the side, smiled and shook his head. "Aiya, our Yinyin is so capable that she can make Yue Han suffer. As expected of a child of our Family. The Yue Family even snatched a project from me previously. Yinyin can be considered to have taken revenge for me."

Although the eight great families seemed to be harmonious, in business, they did not care about friendship and only cared about strength.

Occasionally, Mu Heng would fail.

Therefore, no matter what reason Lin Yin had for destroying the Yue Family's project, Mu Heng felt that his sister had stood up for him and was extremely proud.

At that moment, Mu Xiao suddenly thought of something and said, "Yinyin seems to have strange relations with the Yue Family. Previously, at the Yue Family's banquet, that rascal Yue Chi wanted to force himself on a small celebrity. It was also Yinyin who saved her."

Mu Heng leaned against the sofa and said lightly, "No matter what's wrong, if Yue Han really attacked our younger siblings this time, we as brothers can't just watch coldly. The Yue Family has to bleed once.."

Chapter 779: Enraging

Mu Xiao nodded. Just as the two of them were about to continue, they heard the door open.

When Lin Yin saw Mu Heng and Mu Xiao in the living room of the apartment, she was also a little surprised. "Eldest Brother, Second Brother, you two are here too?"

Lin Yin was about to go to her apartment, but she remembered that it would be inconvenient for her to come to school from her own apartment, so she decided to stay in this apartment near the school for a few days.

She did not expect Mu Heng and Mu Xiao to be here too.

Mu Xiao smiled and said, "Not only are the two of us here, but your third brother is also here. I don't know where he went last night. He's still sleeping soundly in the room."

As soon as Mu Xiao finished speaking, the smile on his face suddenly froze. "Lu

Ming? Why are you here?"

Lu Ming went forward to support Lin Yin and said, "Your sister sprained her leg. I'll send her to the hospital for a checkup and bring her back."

Lin Yin didn't want Lu Ming to know that she was here, but Lu Ming saw through her and said, "You don't have to hide it from me. I know how many properties you have."

Lin Yin didn't believe it and smiled. "Then do you know the apartment near my school? Send me there."

Unexpectedly, Lu Ming really sent her back.

Lin Yin was 100% sure that Lu Ming had installed surveillance cameras around her. Perhaps Dong Yi or Long Huang was Lu Ming's subordinate.

She had planned to send Lu Ming away as soon as she entered, but she did not expect the three Mu brothers, who did not come here often, to be here.

When Mu Heng and Mu Xiao heard that Lin Yin had sprained her ankle, the two of them immediately ran to Lin Yin's side and pushed Lu Ming away rudely. They carefully carried Lin Yin to the sofa.

Mu Xiao's heart ached as he said, "Yinyin, what happened? Why did you sprain your ankle?"

Before Lin Yin could speak, Lu Ming said sarcastically, "I've never seen an older brother as negligent as you. You know that your sister's injuries haven't healed yet, but you still let her go through military training. Look, after intense exercise, the wound on her ribs split again, causing her to fall accidentally and sprain her ankle."

Hearing Lu Ming's words, Mu Heng and Mu Xiao felt extremely guilty.

Lin Yin smiled and said, "Brother, I'm fine. It's mainly because I want to experience university military training myself. Otherwise, my university life will be incomplete."

Lu Ming interrupted angrily, "If you continue with the military training, not only will your university life be incomplete, but your body will also be incomplete."

Lin Yin bit her lower lip speechlessly and turned to stare at Lu Ming with a death stare. "Uncle, I actually didn't know that you're such a chatterbox. You're not old. Have you entered your elderly age early?"

Mu Heng, who had always kept a straight face, could not help but laugh when he heard this.

Who else other than his sister would dare to call Lu Ming a chatterbox.

Lu Ming glared at Mu Heng and did not say anything. He stood at the side expressionlessly, but everyone could tell that Lu Ming was sulking.

Mu Heng and Mu Xiao asked about Lin Yin's well-being, while Lin Yin said to Lu Ming extremely calmly, "Uncle, since I'm already home and my family is by my side, I won't trouble you."

For the first time, Lu Ming felt that the talkative Lin Yin was really infuriating.

In the past, she was cold and silent. Sure, she was a little cold, but she would not be like this. Every word she said was infuriating.

“Why? I sent you back. Aren’t you going to offer me a cup of water?” Lu Ming said unhappily.

Lin Yin glanced at Lu Ming. “I think you’re quite busy coming. I won’t delay your precious time to drink water.”

Lu Ming was so angry that his hands were on his hips. He nodded angrily and said with a smile, “Okay! Okay! Goodbye!”

This little girl was really too infuriating.

Lu Ming turned around and left angrily. Lin Yin’s faint voice came from behind.

“I won’t send you off!”

Mu Xiao was about to laugh to death, but he was still worried.

With Lin Yin’s personality, if it was someone unimportant, she would either ignore them and treat them as strangers or be polite and distant to maintain their relationship on the surface.

Therefore, it was obvious that Lin Yin treated Lu Ming differently. The two of them were like a young couple who were fighting.

This interaction made Mu Xiao sigh worriedly.

After calming down, Lin Yin asked, “Brother, how’s the investigation of the two

paparazzi you mentioned?”

Chapter 780: Signal Capture

“Currently, we’ve locked onto the Yue Family, but it’s not confirmed yet, so we’re still investigating. The account that transferred the money to the paparazzi is an overseas account, so we can’t say with certainty that it was ordered by the Yue Family,” Mu Heng said.

When Lin Yin heard that it was the Yue Family, her first reaction was that Yue Han knew that she had destroyed the Yue Family’s project behind their backs.

Lin Yin touched her nose guiltily and amused Mu Heng. “Yinyin, I believe you. There are some things you do for a reason. Don’t be afraid. Even if you damage the sky, I’ll patch it back up for you.”

Lin Yin immediately realized that Mu Heng probably already knew what she had done to the Yue Family.

Mu Xiao also said, “That’s right, Yinyin. It’s not a big deal. The Yue brothers are not good people to begin with.”

Lin Yin’s smile deepened. It was good to have her brother protecting her.

“Brother, can you show me the bank account that transferred the money to the paparazzi?” Lin Yin asked.

In her previous life, she had stayed by Yue Chi’s side for a period of time. Later on, in order to prevent the matter of his brother torturing women from being exposed, Yue Han even got someone to give her some hush money, afraid that she would go out and talk about Yue Chi.

At that time, in order to avoid suspicion, Yue Han had also gotten someone to transfer the money from an overseas bank account.

Although Lin Yin knew that Yue Han was meticulous and wouldn't use the same account every time he transferred money, Lin Yin still wanted to take a look.

Mu Heng sent the bank account to Lin Yin. As expected, she was disappointed. It was not the account that had transferred the money to her in her previous life.

The current situation was that although they suspected the Yue Family and the Yue Family was indeed the most suspicious, they did not have direct evidence.

Lin Yin asked Mu Heng and Mu Xiao to wait for a while before contacting Sun Biao.

She had a family now. If she wanted to deal with Yue Chi, she naturally wouldn't act rashly and throw her life away.

Therefore, she had asked Sun Biao to arrange for someone to secretly monitor Yue Chi and the Yue Family. This cost her a lot of money. She hired people who were good at hiding and even used some high-tech technology from the company.

There were indeed benefits to having a technology genius like Jiang Chen. The teams that he was in-charge of all developed great things. Fortunately, she had snatched Jiang Chen from Mu Heng in advance.

After confirming that Yue Han was indeed the mastermind, Lin Yin actually received some unexpected news.

Sun Biao told her, "Boss, we just deciphered a signal meant to contact Yue Han. Before Yue Han dealt with you, someone took the initiative to contact Yue Han and tell him that you were the one who ruined the Yue Family's government project. According to the timeline, it was after that that Yue Han contacted the paparazzi. Therefore, someone is using Yue Han to deal with you."

"Did you find out the source of the signal?"

“The Mu Family’s old residence, Boss. It’s your family.”

Lin Yin’s expression turned slightly cold. She looked at the time the signal was sent. It was after the Mid-Autumn Festival. In other words, after she went to the Mu Family’s old residence, someone in the old residence could not help but want to deal with her.

Lin Yin could roughly guess who this person was.

She had thought about Mu Ning before. After all, she was adopted by the Mu Family. As long as Mu Ning behaved herself, she would not do anything to Mu Ning.

But now, Mu Ning had clearly provoked her.

Seeing that Lin Yin’s expression was not right, Mu Xiao asked worriedly,

“Yinyin, what’s wrong? Did something happen?”

Mu Heng also looked at Lin Yin worriedly, waiting for her to speak.

Lin Yin shook her head and said, “My people found out that Yue Han was indeed the one who secretly gave instructions to the two paparazzi.”

Mu Xiao and Mu Heng looked at each other and asked, “Yinyin, did you get someone to monitor the Yue Family? Are you hiding something from us? Is Yue Chi from the Yue Family still making things difficult for you because of Lan Xin?”

Lin Yin coughed lightly and smiled. “Not really. It’s just that Gong Ze’s sister, Gong Han, is getting engaged to Yue Han soon. I wanted to help Gong Han see if Yue Han was honest, so I got someone to secretly monitor him in advance.

Isn’t that a coincidence?”

Mu Heng looked at Lin Yin faintly. "Is that so? Our Yinyin is really amazing. Yinyin has found out everything that we can't."

Lin Yin knew that she couldn't fool him. She smiled and said, "Alright, I just don't like Yue Chi. Previously, he bullied a small celebrity. I was afraid that he would secretly trip me up, so I got someone to keep an eye on him. I even used the signal capturer that Jiang Chen developed some time ago, so it's so accurate.."
