

Real Daughter 811

Chapter 811: Want an Explanation

After Gong Han arrived, he was slightly emotional. In the end, he was still very unhappy that he was suddenly implicated by Gong Ze.

When Gong Yue heard Gong Ze's words, she looked at Yue Chi worriedly.

In the end, when she saw that Yue Chi did not move and only frowned, she turned around and sneered at Gong Han and her brother. "Gong Ze, don't think that the two of you will be promoted all of a sudden after your sister marries into the Yue Family. If not for your sister's despicable methods and actually drugging Yue Han to confuse him, do you think your sister can marry into the Yue Family? Dream on."

Yue Chi originally wanted to see the Gong Han siblings overestimating themselves and resisting everyone, but he did not expect that idiot Gong Yue to reveal that incident. At that moment, Yue Chi's expression turned ugly.

As the instigator, he knew very well how true this matter was, so he knew how innocent Gong Han was.

In addition, his brother was the one who was schemed against. If everyone found out, they would probably laugh at his brother for being trash and being schemed against by a woman like Gong Han.

Yue Chi, who had been silent for a long time, finally said, "Gong Yue, don't spout nonsense here. My brother and Gong Han are engaged that both families think highly of. There's no drugging. If you spout nonsense again, don't blame me for getting someone to throw you out."

Gong Yue did not expect Yue Chi to betray her at this time. She said in disbelief, "Yue Chi, are you crazy? We know very well why Gong Han and your brother got engaged."

Gong Yue tried to threaten Yue Chi to stand on her side with the business between the two of them.

Unfortunately, Yue Chi did not fall for Gong Yue's tricks at all. He said with a vicious expression, "You don't have to worry about whether I'm crazy or not. But today, if anyone destroys my brother's engagement party and embarrasses him, don't blame me for turning against you!"

Gong Han looked at Yue Chi in surprise. No matter what reason Yue Chi had for appearing, he still protected her in the end. Therefore, Gong Han looked at Yue Chi with a grateful smile.

This grateful smile did not make Yue Chi happy. Instead, he felt even more frustrated.

However, Lu Xiao, who had been beaten up, was instantly dissatisfied. He looked at Yue Chi coldly. "Yue Chi, do you mean that you want to protect Gong Ze, so I took this kick for nothing? Yue Chi, let me tell you, if I don't get an explanation today. I won't let you off either!"

"Lu Xiao, why are you shouting about here? Could it be that you're trying to ruin someone else's engagement banquet?" Lu Yan brought Lin Yin and the others over with a look of anticipation and said to Lu Xiao, "Uncle is coming over later. If you want to cause trouble, you have to consider how many times Uncle can whip you?"

"Lu Yan, are you from the Lu Family? Gong Ze hitting me is equivalent to not respecting the Lu Family. Do you think it'll look good on you?" Lu Xiao was using what Gong Ze had just said.

Gong Ze said bluntly, "I hit Lu Xiao purely because he has a smelly mouth. It has nothing to do with the Lu Family."

Lin Yin smiled and said, "I heard that someone forced Gong Ze to speak ill of me. If Gong Ze doesn't say anything, you guys will teach Gong Ze a lesson. Is that true?"

The group of people opposite him instantly fell silent. No one said anything.

Lu Yan asked curiously, "Gong Ze, what bad things did they say about Yinyin?"

Tell us. Don't be afraid. We brought a lot of bodyguards today. If it's too awful,

I'll beat them to death!"

"That's right, Gong Ze. Don't be afraid. Say it. Since they forced you to scold our Mu family, we won't leave you alone and helpless. If it really involves the Lu family, we'll go to the Lu family to demand an explanation." Mu Heng's voice sounded deep.

Wei Yang smiled faintly and said, "It's really despicable to talk about people behind their backs. Why don't you tell us, Gong Ze? We'll all support you and Sister Yinyin."

When everyone turned around and saw Mu Heng and Wei Yang, their expressions turned ugly.

They dared to bully Gong Ze, but they did not dare to bully Mu Heng.

Of course, there was also Wei Yang. Although Wei Yang's identity was a little unclear, as the successor chosen by the Wei Family, his status was not ordinary.

Lu Xiao was so angry that he gritted his teeth. Mu Heng had stepped forward to protect Gong Ze, and Lu Yan had even mentioned Lu Ming. Even Wei Yang was on Gong Ze's side.. How could he still seek justice for himself?

Chapter 812: Anger

The key was that he could not dig too deep into this matter. If he really revealed everything, not only would he have suffered this kick for nothing, he would probably be taught a lesson by Lu Ming when he returned.

Gong Han said with a faint expression, "Mu Heng, it's fine. Everyone just took advantage of today's excitement and was a little inappropriate in their antics. There's no conflict."

As Gong Han spoke, she looked at Lu Xiao with a faint smile and asked softly,

“Isn’t it, Lu Xiao?”

Lu Xiao looked around. The people who were originally with him avoided Lu Xiao’s gaze, looking like they were avoiding suspicion.

The people around them were not stupid. They were in the wrong to begin with. If this matter continued to be investigated, it would be even worse.

Even Gong Yue endured Gong Ze’s slap and did not speak.

Lu Xiao was so angry that he was about to vomit blood, but he could only force a smile and say, “Gong Han is right. We just had too much fun and had a small collision. There’s no conflict.”

Lu Yan, who had long seen Lu Xiao being beaten up, couldn’t help but laugh.

When everyone looked at Lu Yan, Lu Yan immediately smiled and said,

“Everyone, don’t misunderstand. I’m smiling because today is a good day, so I’m smiling happily.”

How could Lu Xiao not know that Lu Yan was laughing at him? He was furious, but he could only endure it.

“Really? Then no one is badmouthing our Yinyin anymore, right?” Mu Heng asked directly.

The people who had forced Gong Ze to scold Lin Yin looked at each other, not knowing how to answer Mu Heng.

Gong Han smiled and said, “Yinyin is such a good girl. How can anyone say bad things about her? If there’s really such a thing, it can only be those people who are blind.”

While everyone was grateful for Gong Han's help, they were also unhappy that Gong Han was secretly scolding them.

Gong Ze sneered as he looked at the group of quiet people opposite him.

Mu Heng looked around in satisfaction, then congratulated Gong Han and left with Lin Yin.

Lin Yin looked at Gong Ze and smiled. "Gong Ze, as your sister's receptionist, we've been here for so long. You should receive us."

Lin Yin was afraid that once they left, those people would bully Gong Ze even more, so she simply looked for an excuse for Gong Ze to leave.

If Long Huang had not blended into the crowd and reported it to her, she might not have known that Gong Ze had been targeted by these people because he was protecting her. She would not have known that Gong Ze had counterattacked and beaten Lu Xiao up in order not to badmouth her.

An indescribable emotion surged in Lin Yin's heart. She knew that she had many enemies and was not afraid of those people targeting her.

But she was afraid that those people would target the people around her because they could not target her.

Gong Ze was worried that if he left, Gong Han would be bullied and look hesitant. Gong Han pushed Gong Ze and smiled. "Go ahead and help me entertain them."

Gong Ze looked at Gong Han worriedly. Gong Han only smiled. "You don't have to worry about me. This is the engagement banquet between the Yue and Gong families. I believe Yue Chi will definitely protect his sister-in-law for his brother."

Gong Ze looked at Yue Chi distrustfully.

Yue Chi's expression was cold and ugly. He felt disgusted. What sister-in-law? This was the first time he felt that this form of address was really unpleasant.

However, Gong Han had already said so much. If he did not protect Gong Han, he would really make a fool of his brother at the engagement banquet.

Yue Chi did not say anything and only agreed softly. His attitude was not very good, but his expression showed that he was still sensible.

Lu Yan turned to look at Lu Xiao and the others and mocked, "Why? You're a group of guests. Instead of staying in the banquet living room, you still want to disturb someone else's family here? Lu Xiao, when Uncle comes over later, he'll probably be the first to look for you, right?"

When Lu Xiao saw Lu Yan bring Lu Ming out, his eyes were filled with hatred.

In the past, Lu Yan was not like this. She never used Lu Ming to intimidate others. She must have been led astray by Lin Yin.

Lu Xiao looked at Lin Yin. Before he could show his dissatisfaction with Lin Yin, Mu Heng's gaze landed on him coldly.

Lu Xiao's neck turned cold. In the next second, he called his sister, Lu Yue, to leave.

Seeing that the leader, Lu Xiao, had left, those people naturally left too.

Lin Yin smiled and said to Gong Han, "Sister Gong Han, then we'll go to the living room now and wait for you to appear beautifully.."

Chapter 813: Engagement Ceremony

Gong Han nodded gently at Lin Yin. Then, after watching Lin Yin and the others head to the banquet hall, she turned to Yue Chi and smiled. "Brother, your brother was looking for you just now. I'll bring you there."

"Who's your brother? Gong Han, don't think that you can be my elder just because you're married to my brother. Dream on!" Yue Chi suddenly said angrily.

Gong Han was not angry. She just smiled at Yue Chi with a smile in her eyes. "Brother, you were the one who arranged for me to marry your brother. I thought you had blessings in your heart! "

Looking at Gong Han's smile, Yue Chi felt like he had been schemed against. He said angrily, "Gong Han, are you and Lin Yin plotting against me in this matter? Or are you and Gong Yue plotting against me? What your Gong Family wants is the position of the mistress of our Yue Family, right?"

"You're maligning me. I didn't do anything. Even then..." Gong Han paused slightly and shook her head with a smile as she slowly approached Yue Chi.

Seeing Gong Han's face approaching him, Yue Chi instinctively wanted to take a step back to distance himself from her. After all, Gong Han was his brother's fiancée now.

However, the moment he raised his foot, he suddenly felt dissatisfied. Gong Han dared to approach him. Why should he be afraid of retreating? Even if others saw it, Gong Han, this uncouth woman, should be the one that's ashamed.

Gong Han had a faint smile in her eyes as she glanced at the stubborn Yue Chi. Then, she whispered in Yue Chi's ear, "Even if you were the one who had sex with me back then, I would have accepted this marriage. You already knew this, that's why you joined forces with Gong Yue to scheme against me, isn't

Yue Chi's pupils constricted slightly. Yes, he knew, that was why he wanted to scheme against Gong Han. However, a freak combination of factors caused the current situation.

Gong Han's tone was still filled with joy. "Speaking of which, you're the matchmaker for my marriage with your brother. After my engagement ceremony with your brother ends today, as your sister-in-law, I have to give you a big red packet."

Gong Han's warm breath spread over Yue Chi's ears, making Yue Chi, who was originally very uncomfortable, panic and confused.

This distance and the ambiguity of their breaths made Yue Chi feel as if he had come into contact with something taboo, making his breathing erratic.

While Yue Chi was in a mess, Gong Han had already distanced herself from him and said with a faint smile, "The ceremony is probably about to start. Don't let your brother wait for too long and make a fool of himself."

Yue Chi gritted his teeth in anger as he watched Gong Han leave.

If Lin Yin hadn't interfered back then, he would have been the one getting engaged to Gong Han today. That way, he wouldn't have to face such an awkward situation now.

The more Yue Chi thought about it, the more he hated Lin Yin.

At this moment, Lin Yin was quietly looking at the big screen, still hesitating if she should get someone to play the video she had prepared in public.

If the female lead today was not Gong Han, if it were anyone else, she would not be so conflicted.

Mu Heng's sharp eyes saw Dong Yi mingling among the attendants and he wondered if Lin Yin was planning to do something.

Thinking of what Lin Yin had said back then about dealing with Yue Chi personally, Mu Heng felt that he might have guessed that Lin Yin was going to make a move on this occasion.

However, Lin Yin looked a little troubled. Could something have happened?

Mu Heng approached Lin Yin and lowered his head to whisper in her ear, "Yinyin, what's troubling you? If there's anything you can't resolve, you can tell me. I'll help you deal with it."

Lin Yin shook her head and asked in a muffled voice, "If what you're going to do will affect your friend, will you do it?"

Mu Heng understood and looked at Gong Han, who was holding hands with Yue Han as they walked to the center of the stage. He smiled and said, "That depends on what your heart thinks."

Lin Yin looked at Gong Han, who was holding Yue Han's hand with a faint smile on her face. In the end, she sighed. She really didn't want to expose Yue Chi's evil deeds on Gong Han's good day.

She'll just find another opportunity.

Lu Ming arrived late and happened to see Yue Han kneeling on one knee with the ring to propose to Gong Han.

He scanned the entire venue and found the girl he was thinking about. Then, before anyone realized that he was here, he slowly moved in Lin Yin's direction..

Chapter 814: Lonely

On the other hand, Lu Yan pointed at a middle-aged woman on the stage and said, "Yinyin, that woman is Yue Han and Yue Chi's mother. I heard that she has already become a monk. I didn't expect her to appear here today. Shouldn't a monk cut off their mortal ties? This kind of child's relationship can be considered mortal ties, right?"

Wei Yang explained, "Aunt Liu Shuang is just a layman disciple. She's not considered a monk."

Lin Yin looked at Liu Shuang curiously. Her body looked very thin and her expression was calm. She did not even look happy at her son's engagement party.

Mu Heng saw that Lin Yin was curious and whispered, "Liu Shuang has a cold personality. It's said that she had a lover when she was young. After he died, she resigned herself to marrying Yue Xi. At first, she was doing well and they could be considered a loving couple. Later, for some reason, she went up the mountains. Other than this time, she hasn't left the mountain for more than ten years."

Lu Yan turned to look at Mu Heng and smiled. "I didn't expect Brother Mu Heng to be so nosy."

As soon as she finished speaking, Lu Yan saw Lu Ming standing not far behind Lin Yin. Her eyes widened and she asked, "Uncle, when did you sneak around and hide behind Yinyin?"

As soon as Lu Yan finished speaking, Lin Yin and the others followed Lu Yan's gaze and looked in Lu Ming's direction.

The corners of Lu Ming's eyes twitched. What did she mean by sneaking around? He was clearly doing it openly, okay?

Lu Ming coughed lightly to hide his embarrassment. Then, he smiled and said, "I just arrived and was about to come over to greet you."

With that, Lu Ming's gaze landed on Lin Yin's face. He walked closer and asked with concern, "Are your injuries better?"

Lin Yin sized up Lu Ming indifferently and said calmly, "Thank you for your concern, Uncle. I'm already much better."

With that, Lin Yin ignored Lu Ming and turned to continue looking at the emcee on stage.

Lu Yan shook her head and muttered to Lu Ming, "It's over. Someone is going to be alone forever."

Mu Heng smiled and glanced at Lu Ming with satisfaction before ignoring him.

Wei Yang smiled politely at Lu Ming as a greeting.

Lu Ming sighed slightly. Lin Yin ignored him. Some people who wanted to befriend Lu Ming walked towards Lu Ming with smiles on their faces and wine glasses in their hands.

However, when they saw Lu Ming's cold expression, they immediately beat a retreat and silently retreated to the side.

On the other hand, Huo Ge, who was also late, approached Lu Ming with a look of anticipation and sneered. 'Why? Have you fallen out of favor?' Lu Ming glanced at Huo Ge angrily and did not even want to say anything.

Huo Ge didn't care. He just looked at Lin Yin sloppily.

Sensing Huo Ge's malicious gaze on Lin Yin, Lu Ming looked at him coldly and warned, "I advise you to move your trashy gaze away from Lin Yin. Otherwise, I might blind your eyes one day."

Huo Ge did not even turn his head. With a disdainful expression, he said, "I thought that with the personality of the third young master of the Lu family, he would probably blind my eyes on the spot. I didn't expect that you would only dare to blind my eyes in the dark! I'm a little surprised!"

"I'm a law-abiding citizen," Lu Ming said seriously.

Huo Ge chuckled softly. "What a coincidence. Me too. As a legal citizen who doesn't break the law, I don't think the eyes that allow me to see the beautiful world should be blinded just because I stared at a girl I like. What do you think, Third Young Master Lu?"

Huo Ge's fearlessness met Lu Ming's cold gaze. Lu Ming said in a low voice,

“Put away your fake love. Don’t think I don’t know what you’re up to.”

Huo Ge retracted his gaze from Lin Yin and looked straight into Lu Ming’s eyes. He asked curiously, “Is that so?”

Lu Ming’s heavy aura made Huo Ge a little uncertain. He immediately stopped teasing Lu Ming.

Forget it. Before he took over the Huo Family, it was better to behave and not provoke Lu Ming.

Everyone was still looking at the beautiful scene on the stage when an indecent and bloody scene suddenly appeared on the big screen. The girl’s face in the video could not be seen clearly, but Yue Chi’s face could be seen clearly.

Especially when the naked and bloody girl in the video screamed because she was beaten up by Yue Chi, many adults were so frightened that they covered their daughters and children’s eyes..

Chapter 815: Accident

Lin Yin looked at the scene on the stage in shock until a pair of large hands blocked her vision. She couldn’t understand. Hadn’t she already told Sun Biao to stop moving? Why was that video still released?

Everyone turned to look at the dumbfounded Yue Chi below the stage. The entire banquet hall was so quiet that only the girl’s shrill scream in the video could be heard.

Yue Han turned to look at the scene and panicked. He shouted for someone to turn off the projector and he hurriedly ran down to turn off these scenes.

Everyone had thought that the worst would be this. In the end, the video changed. Soon, a girl whose face could still not be seen knelt on the ground and begged for mercy tragically. The person who abused her was still Yue Chi.

Before Yue Han's people successfully turned off the screen, everyone saw that a girl died on the spot.

The crowd exploded. Yue Chi had actually killed someone!

The originally warm scene of the engagement instantly became lively, and the police quickly rushed in.

Even if the Yue Family was powerful and influential in the capital, it was impossible for Yue Chi to get rid of all his sins if such a thing was exposed in public.

Lin Yin watched as the police came in and took Yue Chi away in front of everyone and the Yue Family. She instantly understood that someone was using her to deal with the Yue Family. Otherwise, why would the police come so timely?

Since that person knew how to use her, he must also know about her usual movements. Was someone monitoring her?

Someone could actually monitor her under the noses of Dongyi and Long Huang? This shocked Lin Yin.

Moreover, if she was not wrong, that person's next step was to push all the blame on her and let her fight to the death with the Yue Family because the Yue Family would not suffer for nothing.

Although Lin Yin knew that even if Yue Chi was not exposed at the engagement banquet today, she would find an opportunity to expose Yue Chi's evil deeds in the future. She and the Yue Family would definitely be at odds in the future.

However, Lin Yin was quite angry that she had been suddenly schemed against.

Mu Heng turned to look at Lin Yin, silently asking if Lin Yin had done it.

Lin Yin shook her head with a solemn expression. Then, she remembered that she was the one who set everything up and nodded helplessly. She leaned close to Mu Heng and whispered, "I was the one who made the plan, but I've just asked everyone to stop moving. So, it's considered my doing, but it can't be considered my doing."

With Lin Yin's words, Mu Heng roughly understood what she meant. Someone had used Lin Yin's scheme to deal with the Yue Family.

If this matter was not handled well, it would only become a dispute between Lin Yin and the Yue Family in the future and eventually become a grudge between the Mu Family and the Yue Family.

If it was Lin Yin who did it, their Mu family would admit it.

Moreover, with Lin Yin's methods, the Yue Family might not be able to find evidence to prove that Lin Yin did it.

But it was different now. The person who released the video would definitely point all the evidence at Lin Yin.

Even if the Yue Family couldn't find out, that person would definitely help the Yue Family find out and locate Lin Yin.

This person was quite scheming. They didn't have to lose anything and instantly turned the Yue and Mu families into opposite sides.

When Lu Ming saw the video, he looked calm because he still knew what Lin Yin wanted to do.

However, when he saw that Lin Yin and Mu Heng's expressions were not good, Lu Ming felt that he might have been a little arbitrary.

If it was really Lin Yin who did it, Lin Yin would definitely look like she was watching a show.

However, it was obvious that Lin Yin's expression was serious and puzzled.

Could it be that there was someone else involved?

Lu Yan said in shock, "Oh my god, this Yue Chi is too cruel, right? Usually, I can only tell that he's lecherous. I didn't expect him to be a murderer."

The people around them were also discussing. Liu Shuang, who was standing on the stage, looked sad, but she did not lose control of her emotions.

While Yue Xi was evacuating the guests, Liu Shuang pulled Gong Han aside and silently left the stage.

Afraid that something would happen to Lin Yin, Mu Heng left the banquet hall with Lin Yin as soon as possible.

Lin Yin sat in her car. When she saw Sun Biao, she quickly asked, "Sun Biao, did you delete the video when I asked you to evacuate? Did you leave any backups in that computer?"

When Sun Biao heard Lin Yin's question, he became nervous. He shook his head and said, "No, I deleted everything. What's wrong, Boss? Did something happen?"

In Sun Biao's opinion, he had already deleted the video and the operation had yet to begin. Nothing should have happened.

However, Lin Yin's expression looked like something had happened..

Chapter 816: Playing Two to Death

Mu Heng explained, "That video was publicly displayed on the screen."

Sun Biao widened his eyes in disbelief. "How is this possible? Could it be that someone had already invaded the computer before us when we hacked into it? So when our things were implanted, that person directly copied them?"

Lin Yin nodded thoughtfully. "It's possible. So, someone knows and has been monitoring our movements."

Not to mention Lin Yin, even Mu Heng was shocked. Not only was Sun Biao beside Lin Yin, but Dongyi and Long Huang were also guarding her. Who would be so powerful as to avoid these two people and quietly gain a grasp on Lin Yin's matters?

Sun Biao said hesitantly, "Boss, is it possible that that person is not monitoring you but me? As long as that person knows that I'm working for you, he will know that I handled many of your matters. Therefore, that person might not be able to get close to you, but he will definitely be able to get close to me."

After Sun Biao finished speaking, he was instantly a little dejected. He was really afraid that he accidentally helped a bad guy.

"I think what Sun Biao said makes sense," Mu Heng agreed. "Otherwise, that person must have been able to avoid both Dongyi and Long Huang's people. That makes me feel so insecure."

Lin Yin sighed and said, "No matter what, the Yue Family will probably find out about me soon. Even if there's no evidence, that person will create evidence and get the Yue Family to point the finger at me."

As she spoke, Lin Yin looked at Mu Heng guiltily and said apologetically, "Brother, I'm sorry. I thought that even if I did this, the Mu family wouldn't be implicated. I didn't expect to be used this time and expose myself."

Mu Heng's originally serious face softened a little. He touched Lin Yin's little head and said, "Yinyin, what nonsense are you talking about? I've said it before. Even if you pierce through the sky, I'll help you make up for it. It's just the Yue family. It's nothing to me. Alright, don't worry."

As the three of them were talking, someone knocked on the car door. Mu Heng turned around and saw Lu Ming outside the car door. He rolled down the window and asked, "Third Young Master Lu, what's the matter?"

Lu Ming looked at Lin Yin and said softly, "Yinyin, if anything happens, you can come to me."

Mu Heng didn't say anything and just looked at Lin Yin.

Lin Yin looked up at Lu Ming and said politely, "Thank you for your kindness,

Uncle, but I'll handle my own matters. You don't have to worry."

With that, Lin Yin asked Mu Heng to close the car window and leave.

Lu Yan walked forward with a smile and looked at Lu Ming. She said, "Uncle, look, didn't you go overboard previously? You can't get her back now, right? Sigh, you have to think more when you do things. Otherwise..."

Before Lu Yan could finish speaking, she received Lu Ming's death stare. She immediately shrank her neck and stopped talking.

Although she felt that what she said was reasonable, with her uncle's temper, what if he was anxious and wanted to punish her?

Lu Ming was no longer in the mood to think about how to punish Lu Yan. He wanted to know what had happened to Lin Yin.

He picked up his phone and contacted Long Huang to ask, but Long Huang replied: Boss, Miss Lin Yin has warned us once. We can't tell everyone everything. Otherwise, she won't let us follow her anymore. Boss, I'm sorry!

Lu Ming widened his eyes and looked at Long Huang's reply. He was speechless and heaved another sigh.

It seemed like he had to investigate it himself. Long Huang was clearly about to change sides.

Over the night, Yue Chi's matter caused an uproar.

Yue Chi did not say a word in the face of the police's questioning. He waited until Yue Han brought his lawyer over.

Only Yue Han, the lawyer, and Yue Chi were left in the interrogation room. Yue Han asked the lawyer to check the interrogation room thoroughly.

After the lawyer nodded, Yue Han slapped Yue Chi hard and said angrily in a

low voice, "I remember I warned you. You can play around, but don't kill anyone. How do you want me to protect you now?! Tell me the truth. How many people died in your hands?"

Yue Chi knew that it would be troublesome if this matter broke out, so he did not dare to retort. He only said softly, "Not many died, just two!"

Yue Hanhan slapped Yue Chi again.

It would not be a big deal if two girls with no background were to die in his hands when nobody knew..

Chapter 817: Fearless

At most, they would give them money reconcile.

In Yue Han's opinion, if the other party did not reconcile, it would mean that the money was not enough and he would continue to add more money.

If they still did not know how to appreciate it, they could only use some methods. When the time came, those who did not cooperate would have no money or justice.

This was the benefit of power.

However, today, this matter was exposed in front of the eight families. There were so many people watching and it had even spread online.

If Yue Chi was not imprisoned, those netizens could drown Yue Chi with their saliva.

"Brother, I didn't do it on purpose. I gave them enough money. Everyone was just playing around. Who knew that they were so weak? Brother, I'm innocent too. I spent money to buy services, and they agreed. It's none of my business even if they died from the playing." Yue Chi looked innocent, not knowing what he had done wrong.

Yue Han was so angry that he closed his eyes and waved his hand. He said to the lawyer, "You tell him!"

The lawyer nodded and said, "Second Young Master, if there's an interrogation by the police, just deny it and say that that person isn't you. We've already prepared someone here. When the time comes, he'll take the blame for you and become the person in the video. It's just that during this period of time, you still have to cooperate with the police to investigate the case..."

The lawyer said a lot. Yue Chi only said impatiently, "Can't you explain this to the police? I'm tired now and I want to go back to rest."

Yue Han looked at his ignorant brother in front of him and was so angry that the veins on his forehead were about to pop out. "You still want to go back? Do you think this is just you soliciting a prostitute or you drunk driving? You can leave after signing? This is murder!"

Yue Chi frowned slightly and said in confusion, "Who among the eight aristocratic families in the Capital has a clean hand? They even killed people with status. Aren't they all fine? I just accidentally killed two ladies from the nightclub. What's the big deal? Wouldn't it be over if you get Dad to talk to the chief of the police station? Besides, if you can't talk to this chief. Can't you just change to someone else who we can talk to?"

Yue Chi's words were quite arrogant. Even the lawyer on the side could not help but shake his head. He had been by Yue Han's side for many years. These aristocratic families were indeed dark, but everyone was on the scene. Even if something happened, they would do it honorably and not let anyone catch them.

In the end, Yue Chi, this fool, was so calm and arrogant even though he had played someone to death with his own hands.

Yue Han felt that he was about to die of anger. He pointed at Yue Chi and scolded, "It wasn't easy to get Mom to leave the mountain. Is this how you surprise her?"

Yue Chi's emotions were still considered stable before Liu Shuang was mentioned. When he heard his mother, Yue Chi's face was tainted with anger.

"What does it have to do with me whether she goes down the mountain or not? Who is she to me? She's just a woman who abandoned me. Why should I care if she's surprised?"

Yue Chi was a little agitated, as if he hated Liu Shuang.

Yue Han caught the flash of resentment in Yue Chi's eyes. In the end, he only sighed helplessly and said to the lawyer, "Deal with this matter well."

Then, Yue Han said to Yue Chi, "Chi, listen to Brother. Do whatever the lawyer tells you to do. When the time comes, we'll lock you up for a period of time. Be obedient. I'll find someone to swap you out."

Yue Han knew that Yue Chi would definitely not be able to escape unscathed immediately in this matter, so he still had to deal with some things for others to see. He wanted Yue Chi to suffer a small crime to avoid a big crime.

Hearing Yue Han's tone soften, Yue Chi nodded obediently. "I understand, Brother!"

After Yue Han left, he got someone to contact the families of the two dead girls.

Regardless of whether Yue Chi could be successfully swapped out, for those girls who were still alive, he could completely get his lawyer to fight this lawsuit in the direction of consensual extreme sexual activity.

However, they were already dead. At the moment, he still had to pay some hush money and reconcile with them. As long as these two families did not sue and there was no problem, he did not have to use the substitute he had prepared for a long time.

However, when Yue Han found the two girls' houses, he realized that the girls' families had all moved away some time ago. No one knew where they had gone. Yue Han's eyes were filled with frost. It seemed like someone was targeting the

Yue Family..

Chapter 818: Sin

The first people Yue Han thought of were Lin Yin and the Mu family. After all, he had schemed against Lin Yin and Mu Ran some time ago.

Yue Han immediately got someone to investigate the recent developments between Lin Yin and the Mu family and the people who came and went in the hotel today.

When he found out that everything was normal with Lin Yin and the Mu family, Yue Han's expression turned ugly. Could it be that it wasn't Lin Yin and the Mu family? Had he guessed wrong?

When Gong Han came in with dinner, Yue Han was still getting someone to strengthen the investigation. She said gently, "Eat something to fill your stomach."

When Yue Han saw that it was Gong Han, he casually dealt with the person on the other end of the phone and hung up. He said gently, "Alright, put it aside for now."

Then, Yue Han sighed and said, "There are a lot of things to do today. I'm going to be busy for a while. Go and rest early."

Today should have been a beautiful day, but it was a mess because of Yue Chi. He felt that he had let Gong Han down.

Gong Han said gently, "We're already engaged. I'm your fiancée. The Yue

Family's matters are my matters. How can I rest alone? I'll accompany you. Don't worry, I won't disturb you."

As Gong Han spoke, she picked up the porridge at the side and smiled gently. "I specially made crab roe seafood porridge for you. It's just warm. Hurry up and eat it. I can't help you with anything else. I can still take care of your body."

Yue Han looked at Gong Han's gentle expression and his anxious heart seemed to slowly calm down.

"Thank you!" He nodded in thanks and took the porridge from Gong Han.

Gong Han's gaze kept landing on Yue Han. Seeing that Yue Han had finished eating, Gong Han took Yue Han's bowl and smiled. "If you find out who ruined my engagement party, tell me too. I also want to know who has such a huge grudge against me and deliberately came to cause trouble on such an important day in my life. Not only did it embarrass your Yue Family, but it also embarrassed my Gong Family."

Yue Han looked at Gong Han. At this moment, Gong Han's face had also lost some of its gentleness. However, she was unlike ordinary women who would be angry that their engagement banquet had been ruined. Instead, her expression was calm and her tone was very still.

Yue Han nodded at Gong Han. "Alright, I'll tell you if I make any progress. It's fine. You don't have to worry. I'll settle this matter and give you an explanation."

Gong Han replied with a smile and left Yue Han's study.

Yue Han watched as the door of the study closed and continued with his work. After he was done, he went out.

Just as she reached Yue Xi's door, she heard Yue Xi roar in a low voice, unable to suppress his anger, "The child is already like this. You don't care at all. Do you still want to go back to your lousy nunnery now? In your heart, are the three of us worse than a nunnery?"

Yue Han was slightly stunned. Liu Shuang had only returned before his engagement party started today.

Although Yue Han also had grievances in his heart, after all, if other mothers knew that their children were engaged, they would definitely be happy and busy. His mother was like a guest who had come to attend a banquet. When the time came, she came to attend the ceremony and prepared to leave after it was over.

Even if something happened to Yue Chi now, could it not stop Liu Shuang from going back to eat vegetarian food and pray to Buddha?

Liu Shuang's indifferent voice came from the house. "Yue Xi, I'm atoning for our family. When you helped the wicked and committed the sin of killing, you were destined to be unworthy of happiness for the rest of your life. We're all sinners. The two children who have our blood are also sinful. Our family should live in pain. Only then can we atone for our sins!"

Outside the house, Yue Han widened his eyes in shock. He did not know what Liu Shuang was talking about.

What sin of killing? What sin?

Could it be that his mother did not leave home because she did not get along with his father? Was there another reason?

Yue Han wanted to continue listening, but the sound of something heavy falling to the ground and Yue Xi's uncontrollable roar came from the room. "Liu Shuang, don't talk about sin here. The strong prey on the weak in this world. I don't think I did anything wrong? You clearly want to take revenge on me for your old flame, right? You don't love me and even hate me. So you hate my child, right?!"

Liu Shuang's voice was not loud, but it was extremely indifferent. "Yes, I hate you. If you hadn't set me up and if I hadn't had a child with you, I wouldn't have lost the chance to be with Fu Han.."

Chapter 819: Can I t Control

As she spoke, Liu Shuang smiled inexplicably and mocked, "As expected, your son is exactly like you. Look at your son. He's as dirty as you. He actually used drugs to scheme against a girl from an innocent family for an engagement that he didn't want to have to begin with. Tell me, isn't he very similar to you before? Your child is indeed as disgusting as you!"

The woman that Yue Xi loved made him so angry that his eyes were red. When he was young, he had indeed used underhanded methods to force Liu Shuang to marry him. Even if Liu Shuang hated him, he had never regretted it.

As long as Liu Shuang belonged to him, he did not care if she hated him to the core.

However, he did not expect Liu Shuang to hate her biological son so much because she hated him.

Outside, Yue Han felt sad when he heard his mother say that she hated him.

However, when he heard Liu Shuang say vicious words about Yue Chi, Yue Han pushed the door open angrily and stared at Liu Shuang with anger.

When Liu Shuang saw Yue Han looking at her with resentment and anger, she panicked for no reason.

She had only wanted to torture Yue Xi with words, but she did not expect Yue Han to hear her.

Liu Shuang opened her mouth, wanting to explain something, but in the end, she did not say anything because she did not feel that she had said anything wrong.

"Mom, Chi wasn't born a bad child," Yue Han said to Liu Shuang word by word.

Liu Shuang just looked away and looked at the chair opposite her. She said indifferently, "This has nothing to do with me. This is your Yue Family's business. You don't have to explain it to me."

"Ah Chi is your child, your biological child. How is it unrelated to you?" Yue Han gritted his teeth and forced out a question. "If you don't love me, I can understand. I'm the child you don't look forward to. What about Ah Chi? He was born together with Dad after you and Dad got married. How can you say that you hate him? Do you know how difficult it is for a young child to lose his mother?"

If it was said that he was the child Yue Xi forced Liu Shuang to give birth to and he did not deserve to be loved, he accepted it.

But after Liu Shuang gave birth to Yue Chi back then, their family had a happy life, right?

Therefore, he had always thought that Yue Xi must have done something to let Liu Shuang down when Liu Shuang left home to pay respects to Buddha on the mountain.

In the end, she did not expect the truth to be like this.

Liu Shuang's gaze was still cold. "Difficult? I think it's someone else's child who had a difficult life, right? He did evil and tortured others. Difficult? I see that he's playing lawlessly and happily."

Yue Han's heart turned cold. He smiled bitterly and said, "I'm really muddle-headed. How could I expect a person who abandoned her family and her young children to empathize with a child that doesn't have a mother to raise him properly?"

Liu Shuang took a deep breath. 'You can say whatever you want. If there's nothing else, I'll leave first.'

After Liu Shuang finished speaking, she turned around and walked out without looking at Yue Xi and Yue Han.

Yue Han asked again indignantly, "Are you really not going to care about Ah Chi anymore? He might go to jail and stay there for the rest of his life, or he might be sentenced to death. Are you really not worried at all?"

Liu Shuang paused for a moment, but she said coldly without turning around,

"A life for a life. Everyone has to pay the price for their actions. I can't interfere."

Yue Han's heart seemed to be frozen. Then, he said coldly to Liu Shuang, who was still walking out, "If you leave today, Brother and I won't treat you as our mother in the future."

Liu Shuang did not stop. As if she did not care about Yue Han's words at all, she walked out of the door without hesitation.

Even the sound of Yue Han angrily smashing things did not make Liu Shuang hesitate at all.

When she was downstairs, she saw Gong Han sitting quietly in the living room.

Liu Shuang stopped in her tracks and looked at Gong Han. "It's just innocence.

Actually, you don't have to marry Yue Han. This family has committed too many sins and is filled with sins. It's not a good place."

"Auntie, do you mean for me to annul my engagement with Yue Han?" Gong Han asked in confusion.

Gong Han had seen how indifferent kinship was. After all, she could not tell that her parents loved her.

However, this was the first time she had heard someone say that their family had committed too many sins and that it was not a good place. Then, they persuaded her to be separated from their son..

Chapter 820 The Other Yue Chi

"Yes! Leave while you don't have a child. Don't regret it in the future." Liu Shuang's gaze was confused, as if she was looking at Gong Han as she spoke, or as if she was looking at something else through Gong Han, so she didn't focus and her eyes were empty.

Gong Han smiled. "Thank you for your sincere reminder, Auntie, but I believe that my ending will definitely be different from yours. Only those who are too involved will feel pain and feel guilty, right?"

Liu Shuang retracted her gaze and looked into Gong Han's smiling eyes. She looked at Gong Han in surprise. "You've investigated the Yue Family?"

Gong Han's tone was filled with confidence. From her tone, she seemed to know about her relationship with the Yue Family.

Gong Han nodded honestly. "After all, it's my in-laws. It's unreasonable for me not to investigate. I want to live a good life. Yue Han is my husband. We're husband and wife. I naturally want to know more."

After Gong Han finished speaking, she inadvertently glanced at the shoes that flashed past on the stairs with an ambiguous smile on her face.

Seeing that she could not persuade Gong Han, Liu Shuang could only give up and say softly, "I wish you well."

Although she did not have much mother-son relationship with Yue Han because of Yue Xi, as a mother, she was a little relieved to see that someone was willing to stand with Yue Han.

In this life, she was destined to not be a qualified mother, so she would let others accompany him.

After watching Liu Shuang leave, Yue Han appeared from the staircase and walked down slowly.

No matter how much Yue Han suppressed his emotions, the veins on his forehead and his clenched fists all showed the anger, sadness, and sorrow in Yue Han's heart.

Gong Han slowly walked to Yue Han's side and reached out to gently pull him into her arms. She did not say anything and only patted Yue Han's back gently, silently comforting and supporting him.

It was as if someone had suddenly warmed his heart that was covered in frost with a small fire. The ice in Yue Han's eyes gradually melted. He, who was not good at words, only gently pushed Gong Han away.

Under Gong Han's slightly stunned gaze, a smile appeared on his face. He lowered his head and held Gong Han's hand, bringing her back to her room.

When Lin Yin found out that Yue Han had already gotten someone to look for the two girls' houses, there was a mocking smile in her eyes. "Looks like Yue Han is planning to reconcile with someone!"

Sun Biao said worriedly, "Boss, now that the matter has been exposed in advance, what should we do next?"

Lin Yin leaned back in her office chair and sighed. "There's nothing we can do about that. We can only cooperate with the other party to kill Yue Chi in one go. Anyway, the Yue Family will most likely know that I was behind this. It'll be a great loss if we don't kill Yue Chi!"

"Then I'll act according to the plan we've already decided on?" Sun Biao asked.

Lin Yin nodded. Latest updates at [n\[ovelnovelx\]t](#)

Then, the matter about Yue Chi was publicized. The Yue Family could not suppress it no matter what.

Yue Han gripped his cell phone tightly in anger. The Mu, Lu, and even the Huo Family were involved. If he suppressed a media outlet, more news would appear to expose Yue Chi's evil deeds.

The news of a rich young master wantonly bullying a girl with a bad family background and even killing her attracted the disgust of many people. The online criticism of Yue Chi became more and more intense.

If this continued, Yue Chi would cause public anger sooner or later. At that time, if anything happened, Yue Chi would probably have to hand over his life to appease the public anger. It seemed like he still had to use the trump card that he had nurtured for many years.

Just as Lin Yin felt that there was a high chance that Yue Chi would die this time, a person who looked exactly like Yue Chi appeared out of thin air.

That person was apologizing online in the form of a live-stream, saying that he had been dating those girls who came knocking on his door in Yue Chi's name.

As for the two girls who died in an accident, that person also admitted frankly that he had overplayed his hand.

Lin Yin stared at the video screen in disbelief, looking like she wanted to crawl in and see if that person was real.

At this moment, Yue Chi was still in prison, so everyone naturally did not suspect this person who had confessed. However, in Lin Yin's opinion, this was simply nonsense.

The person who committed the crime must be Yue Chi, Yue Han's biological brother, Yue Chi. It was impossible for him to be this person who looked like Yue Chi.

Otherwise, in her previous life, Yue Han would not have given her money and told her to keep quiet, warning her not to tell anyone about Yue Chi.

Unexpectedly, Yue Han was well-prepared. He must have known Yue Chi's character all along, so he had prepared a substitute long ago, afraid that Yue Chi would get into trouble one day.
