

Real Daughter 841

Chapter 841: Indifferent

Mu Ran looked at the good friends he had invited and all kinds of celebrities, but he still could not be happy. If today was his birthday, he would be happy even if none of the eight big families in Beijing came.

However, today was Lin Yin's birthday banquet. The Mu family wanted to officially introduce Lin Yin to everyone to show how much they valued her. In the end, they encountered such a scene. Lin Yin would definitely be laughed at when she walked around the capital in the future.

Especially with Mu Ning's personality, when she saw Lin Yin in the future, Mu Ning's eyes would probably grow to the top of her head.

Thinking about it, Mu Ran felt sorry for Lin Yin.

"These people are simply blind!" Mu Ran said angrily.

However, when he roared, Mu Heng and Mu Xiao, who were beside him, did not react at all. Mu Ran was so angry that he said unhappily to his two brothers, "Are the two of you still Yinyin's biological brothers? Yinyin was bullied like this. Don't you want to get back at her?"

Not only was Mu Heng not in a hurry, but he even picked up his teacup leisurely and took a sip. This immediately angered Mu Ran so much that she stood up and rushed to the door angrily, muttering, "You don't care, I care. I'll get someone to force those blind people over now!"

"Alright, don't be anxious. Wait a little longer!" Mu Heng sighed.

Mu Ran suddenly stopped in his tracks and turned around. He said darkly, "I knew you had a backup plan. I made you reveal it, right?"

Mu Xiao rolled his eyes at the side and explained kindly, "The people from the eight big families in the capital won't put their eggs in the same basket. They're going to the Mu Family's old residence first. This is respect for the Mu Family and also respect for their grandparents and elders. It's reasonable for them to greet the elders first and juniors later."

Mu Ran frowned. "So, you mean that they'll be here soon? But so what if they're here? Doesn't that prove that they value Mu Ning more?"

"They don't value Mu Ning, but the Mu family. Those people can still understand," Mu Heng said patiently.

"Those people must be the most considerate in terms of etiquette. According to normal practice, just like Aunt Ning Sheng, the second and third branches will each go to one. It's just that this will inevitably cause unnecessary trouble because the status of the people who go from both sides is different. So this is perfect. They'll all go together. They'll go to the father first before going to the son. How appropriate!" Mu Xiao smiled.

Only then did Mu Ran understand. He said with a little suffocation in his heart, "So you knew long ago? Mom and Dad knew too? You just watched me worry here alone?"

He was very angry. The more he thought about it, the angrier he became!

"Not really. Big Brother and I originally guessed that these people might not go to either party's birthday banquet to avoid suspicion. Therefore, we naturally won't stop you from inviting your celebrity friends to bring excitement to Yinyin," Mu Xiao said with a smile.

Mu Ran's mood eased a lot, and he cheered up after a while. "I'll go prepare to welcome the guests now!"

After Mu Ran left, Mu Heng stood up and said gently, "We'll also prepare to welcome the guests."

Mu Xiao smiled and stood up as well.

Lu Yan was still complaining unhappily in Lin Yin's room. She had heard Mu Ning call to brag just now.

Lu Yan sent a message to Lu Ming and asked him to come over to support Lin Yin. In the end, it was like a stone sinking into the sea. Lu Yan secretly cursed. He was a useless fellow, he fumbled the ball at the critical moment.

Lin Yin looked at Lu Yan's anxious expression and smiled. "It's really fine. It's just a birthday. I have family and friends. This is my best birthday."

Lu Yan was still angry as she said, "If it weren't for Mu Ning, I wouldn't think much of it either. But I just can't stand Mu Ning's smugness and I'm angry. Especially in the future, when I tell you, Yinyin, those people will definitely criticize you for today's birthday banquet in the future. Especially when you appear with Mu Ning, they will definitely embarrass you."

Lin Yin shrugged indifferently and smiled. "It's fine. At most, if anyone says anything about me, I'll find something else and get revenge!"

Lu Yan could tell that Lin Yin was joking. Expecting better from her, she said, "Just continue being so indifferent. Who knows, Mu Ning might ride on your head and shit on you one day!"

Lin Yin frowned and looked at Lu Yan in disdain. "Why are you saying such disgusting things? Don't worry, that day won't come.."

Chapter 842: Tables Have Turn

Lu Yan was still pouting when she turned around and looked down from the second floor. She saw that Yue Shan had already arrived at the entrance of the villa with Huo Ge and Huo Bing.

Lu Yan chuckled and immediately turned to Lin Yin happily. "We have a guest. The most characterful old lady in the city is already at your door with her two grandsons."

Yue Shan's face suddenly appeared in Lin Yin's mind. She asked, "Old Madam Huo, Yue Shan? Didn't you say that she went to the Mu Family's old residence? Why is she here?"

Lu Yan guessed thoughtfully, "Maybe she's trying to be fair. This way, she won't offend anyone. She's indeed an old fox. She's so smart."

Soon, Lu Yan realized that it was not only the people from the Huo family who were smart. Many people did this. This immediately made Lu Yan overjoyed.

She smiled and pulled Lin Yin along. "Come, I'll touch up your makeup for you. Later, you have to make a dazzling appearance and blind these people. Let them see who the real daughter of the Mu Family is."

At this moment, Lin Yin was thinking that since these people were here, the Mu family would feel less guilty.

However, when Mu Ning's birthday happened, the Mu family felt sorry for her. Otherwise, they would not have looked at her apologetically just now.

Because if all those people went to the old residence today and did not come to the Mu family's villa, it would mean that in the eyes of the Mu family, Mu Ning was more important than Lin Yin.

Therefore, Ye Wen and the rest would feel sorry for her. Fortunately, she had comforted them for a while just now, so the Mu family had thought things through. She did not expect things to turn around.

Lu Yan was obviously quite satisfied with the current situation. After touching up Lin Yin's makeup, she went out in high spirits and muttered, "I'm going to see if the birthday cake is enough. If it's not, I'll get someone to send more over now."

Lu Yan was worried as if it was her family's birthday. Lin Yin shook her head and looked at Lu Yan's happy back. This girl couldn't hide her emotions.

Downstairs, Mu Cheng, his wife, and the three Mu brothers were happily welcoming the guests. When Hou Wan arrived with the Hou Family and saw Mu Ran, she was so excited that tears welled up in her eyes.

Mu Ran had retired from filming for more than a month. God knew how she had survived the days of her idol's disappearance.

Now that she saw Mu Ran again, Hou Wan immediately called her cousin, Hou Ying. She even specially pointed her camera in the direction where Mu Ran was standing to welcome the guests and said excitedly, "Hou Ying, don't say that I don't share good things with you. Look, our Brother Ran is welcoming the guests warmly for his biological sister."

On the other end of the video, Hou Ying was so excited that she almost jumped up. As she was excited and happy, she said indignantly, "I already said that I don't want to stay here, but my sister is so old-fashioned. She said that she has to be considerate and insisted that I stay in the Mu Family's old residence for Mu Nings birthday on behalf of the Hou Family. It's simply too infuriating. I

can't see my beloved Brother Ran. Boohoo, I'm so sad!"

Hou Wan zoomed in on the scene for Hou Ying to see. "It's fine, it's fine. I'll let you take a few more glances. Once the banquet over at your side is over, sneak over quickly."

Hou Ying looked at the obviously quiet banquet hall with a bitter expression and said irritably, "I can't wait for this stupid birthday banquet to end right now. There's no one around. It's just some old men and women. It's boring."

"Besides, it's just an adopted daughter's birthday party. Why is it so grand? That Mu Ning really doesn't have any foresight. If she's grateful she should take the initiative to celebrate Lin Yin's birthday and not celebrate her own birthday, she knows that the family which had raised her for so many years had found their biological daughter."

Hou Wan sneered. "Do you think everyone's values are as upright as yours? Could you believe that Mu Ning is not only not grateful that the Mu family adopted her from the orphanage, but she also resents Lin Yin for coming back to snatch her family's love and occupy the title of the eldest daughter of the Mu family? She probably wants Lin Yin to die so that she's the only girl in the Mu family."

Hou Ying's eyes widened, then she nodded in agreement. "You make sense! If Lin Yin hadn't appeared, Mu Ning would have been the only one celebrating her birthday today. Then all the big families in the Capital would have come to celebrate Mu Ning's birthday. She would have been as respected as the sky.

Moreover, it definitely wouldn't be as cold and cheerless as it is now.. It would

definitely be very lively!"

Chapter 843: Scared

"That's for sure. That's why I said that Mu Ning must hate Lin Yin to the core now. Trust my sixth sense!" Hou Wan looked at Mu Ran happily as she chatted with Hou Ying.

Hou Ying clicked her tongue and shook her head. "As expected, there are all kinds of birds in the forest. Mu Ning is an orphan who has been raised for 18 years. If it's really as you said, that she's not grateful to the Mu family and even wants to maliciously kill the real daughter of the Mu family, that's really disgusting."

Hou Wan retracted her gaze in agreement. Just as she was about to nod at Hou Ying on the other end of the video to express her approval of Hou Ying's words, she saw a pair of dark eyes behind Hou Ying looking at the camera sinisterly.

Hou Wan was so frightened that she almost lost her grip on her cell phone and fell to the ground. Hou Ying still did not realize that someone was looking at her with a sinister gaze not far behind her. She even complained, "Hou Wan, hold your hand steady. Don't hinder me from looking at my beloved Brother

Ran."

'You, you, you have eyes behind you!' Hou Wan's voice was trembling.

Hou Ying said in disbelief, "Hou Wan, even if you want to keep Brother Ran to yourself, you can't talk nonsense. There's no... Ahhh!"

Hou Ying turned around and met a pair of sinister eyes. Hou Ying was so frightened that she stopped talking and took a few steps back before she saw that it was Mu Ning.

Hou Ying heaved a sigh of relief and asked angrily, "Mu Ning, why are you standing behind me silently? Do you know that it's possible to scare them to death?"

Mu Ning smiled faintly. "I'm sorry. I was thinking that there were no young people of my age at the banquet, so I wanted to come over to accompany you. I was afraid that you would be bored, so I brought you a piece of cake. I'm sorry for scaring you."

Hearing Mu Ning's apology and thinking about how she had spoken ill of Mu Ning behind her back just now, Hou Ying did not know what to say. She smiled awkwardly and waved her hand. "It's okay. I was just shocked."

Mu Ning smiled and handed the cake in her hand to Hou Ying. She said without any anger in her tone, "Thank you for coming to my birthday banquet! I hope you have fun. Have fun first. I'll go busy myself for a while."

Hou Ying nodded politely. "Thank you. Go ahead."

Although Hou Ying did not know what Mu Ning was busy with, her usual upbringing still made her watch Mu Ning leave with a proper expression.

Hou Ying turned around and picked up the video call that had not been hung up. Hou Wan quickly asked, "Did Mu Ning hear it?"

Hou Ying said uncertainly, "I don't think she heard it. I saw that Mu Ning's expression was quite normal just now. She even gave me a cake."

Hou Wan reminded her carefully, "You'd better be careful. Let me tell you,

Eldest Sister has said that this Mu Ning doesn't seem to be a very nice person.

If she hears what you just said to her, she might take revenge on you one day."

Hou Ying frowned and looked in Mu Nings direction. In the end, she happened to see Mu Ning's smiling eyes. She did not look fierce. She hesitated and said, "She can't be so petty, right?"

"Why not? Let me tell you, before Mu Ning officially appeared as a member of the Mu family, Meng Shu and I went to a banquet and saw her at the banquet."

"She seemed to be talking about Lin Yin with some people I don't know. They said that Lin Yin is Lu Ming's woman. If anyone dares to offend Lin Yin, they'll probably be killed by Lu Ming. At that time, their conversation was exaggerated. They said that even if it was Lu Zheng, even if it was Eldest Master Lu who provoked Lin Yin, he would still be dealt with by Lu Ming," Hou Wan said sneakily.

Hou Ying asked in confusion, "This at most means that Mu Ning knew about Lin Yin a long time ago. But even if she knows about Lin Yin, what does it have to do with me?"

Hou Wan glanced at Hou Ying and said disdainfully, "Second Sister said that you're stupid. You're really stupid. Let me tell you, didn't the Mu Family get attacked in their villa after that day? Although the Mu Family hid it at that time, many people knew about it."

Hou Ying secretly looked around, afraid that there would be someone beside her. When she saw that no one was paying attention to her, she lowered the volume and whispered into her ear, "I know about this.. Don't tell me you want to say that this matter has something to do with Mu Ning?"

Chapter 844: Complicated People

Seeing Hou Wan's affirmative gaze, Hou Ying was shocked. "Really? No way? She actually wants the family that cared for her for 18 years to die? You're lying to me, right?"

As Hou Ying spoke, her gaze followed Mu Ning, who was chatting with the guests beside Sun Yun.

"I didn't care at that time. It was just that because of Second Sister and Lu Ming's relationship, I complained to Eldest Sister that Lu Ming was unkind. He was clearly a perfect pair with Second Sister, but he actually raised a little lover and doted on her so much. He really doesn't care about Second Sister."

"Of course. At that time, Lin Yin had yet to announce her identity. Everyone said the same thing," Hou Wan explained guiltily. After all, Lin Yin was her idol's sister now.

Then, Hou Wan continued, "After that, something happened to the Mu Family. Then, Meng Wan was chased out of the Lu Family and the Meng Family went bankrupt. Then, Eldest Sister asked me how the sisters of the Meng family reacted when they heard that Lu Ming had no boundaries when doting his little lover. Later on, Eldest Sister investigated and connected everything together.

She said that someone might have gotten someone else to do their work."

Hou Wan shook her head and sighed. "Now that I think about it, Eldest Sister is really wise. This Mu Ning clearly knew Lin Yin's identity long ago, so she deliberately appeared in front of the Meng sisters to make Meng Wan deal with Lin Yin. Even if Meng Wan doesn't deal with her, there's still Meng Shu! If I didn't know about Mu Ning and Lin Yin's relationship now, I would have suspected what Eldest Sister said."

Hou Ying asked in confusion, "What does this have to do with Meng Shu?"

"Have you forgotten? Who was the one who went to deal with Lin Yin back then? It was Su Fei. Su Fei said that she was Lu Zheng's goddaughter, but this circle is not airtight. Who doesn't know that Lu Zheng acknowledged a goddaughter and made her his little lover?"

“Because of Lu Zheng, Meng Shu doesn’t dare to target Su Fei openly, but she can guide Su Fei to deal with Lin Yin. If Lin Yin dies, Su Fei will probably be killed by Lu Ming. This way, she can use Lu Ming to kill the third party who destroyed her family.”

Just by speaking, Mu Ning was able to deal with Lin Yin. Meng Shu used her methods to use Lin Yin and Lu Ming’s relationship to deal with Su Fei,” Hou Wan said softly.

Hou Ying had already been tricked. She frowned and said, “Is it that complicated?”

Hou Wan nodded and said, “Humans are too complicated! That’s why I said you have to be careful. If that ruthless Mu Ning really hears what you just said and targets you behind your back, you’ll be in trouble.”

“Although Eldest Sister said that there’s no evidence to prove that the two groups of people sent to kill the Mu family are actually Mu Ning’s subordinates, it’s undeniable that this matter is definitely related to Mu Ning.

She’s a vicious woman who even wants to deal with the Mu family. She definitely won’t show mercy to you.”

Hou Wan heaved a sigh of admiration and sighed. “As expected, smart people are amazing. Even if the Meng sisters talk about this one day, it has nothing to do with Mu Ning. Mu Ning can say that she was just casually gossiping with her friends. After all, Lin Yin and Lu Ming caused an uproar at that time. It’s normal for her to gossip with her friends. Look, everything has nothing to do with her.”

Hou Ying secretly swallowed her saliva. When she saw Mu Ning turn to look at her again, she instantly felt a chill on the back of her neck.

However, she was already so afraid, but Mu Ning still smiled at her. The cold aura was simply overwhelming, scaring Hou Ying so much that she quickly smiled and lowered her head.

On the other side, Mu Ning looked at Hou Ying in confusion. Then, she quickly retracted her gaze because Mu Kun had appeared in the banquet hall.

Mu Ning quickly smiled and followed behind Sun Yun. She went forward happily and said, "Grandpa."

When everyone saw Mu Kun show up, their eyes lit up when they swept past Mu Ning.

Not to mention the guests, even Mu Ning was very surprised. After all, she was already prepared for Mu Kun to not show up.

It was very important whether the head of the family, Mu Kun, appeared at her birthday banquet.

As long as Mu Kun stood up for her, the people in the capital would not dare to underestimate her.

Mu Kun greeted the guests with a gentle expression, afterward, he gave Mu Ning a birthday gift in front of everyone.

Mu Ning took the gift with a look of surprise. When she opened the box, she was exceptionally careful, afraid that she would not be able to hold it properly and the good stuff inside would fall out..

Chapter 845: Birthday present

The moment it was opened, the diamond necklace in the gift box instantly emitted a dazzling light.

Mu Ning gently touched the necklace with her fingers. The texture was smooth as silk, making the corners of her lips curl up unconsciously into a beautiful arc. It was the ecstasy that she tried her best to suppress.

"Thank you, Grandpa. Ah Ning likes Grandpa's gift very much," Mu Ning said happily.

Although it was just a diamond necklace, this was the first birthday gift Mu Kun had given her in so many years.

In the past, Mu Kun would just give her money, so Mu Ning cherished the first gift Mu Kun gave her.

More importantly, Mu Kun gave her a gift in front of so many people on her birthday. That meant that Mu Kun had acknowledged her status in the Mu family.

Although Mu Ning was a little regretful that Mu Kun had shown up so late. If Mu Kun had appeared when so many people were present just now, she would have been even more glorious. Perhaps those people would not have left the banquet early.

Everyone was amazed by Mu Ning's gift. A diamond necklace of this level would cost at least a million yuan.

Seeing that Mu Kun seemed to have the intention to leave, Mu Ning quickly went forward and said considerately, "Grandpa, I'll help you back."

Mu Kun only said indifferently, "There's no need. I'm going out for a while. It's your sister's birthday today too. I'll treat the both of you equally. I'll go over and give her a birthday gift."

The smile on Mu Ning's face suddenly froze. She had wondered why Mu Kun, who never gave gifts, would suddenly give her a birthday gift today. It turned out that he wanted to give Lin Yin a gift. He was afraid that someone would say that he was biased towards his biological granddaughter and did not care about the adopted one, so he gave her a gift.

Mu Ning smiled coldly in her heart. However, when she realized that there were still guests around, Mu Ning quickly composed herself and said with a smile, "Grandpa, then I'll send you over? It's so late. I'll be worried if you go out. I'll accompany Grandpa and give Sister my birthday blessing."

Mu Kun looked around and refused, "There's no need. There are still guests here. You can entertain them here."

At this moment, a discerning guest immediately went forward and said, "Why don't we all go over together? Coincidentally, we were just talking about the fact that the two young ladies of the Mu Family

are celebrating their birthdays at the same time. We can't favor one over the other. We have to go over and give her our birthday blessings."

This person's words immediately received everyone's approval. Even Hou Ying, who was at the side, could not help but nod repeatedly. Her heart had long flown to the place where her idol was present.

Sun Yun snorted unhappily. She was already a little angry that most of these guests had left.

Now that Sun Yun heard that Mu Kun was also going to celebrate the birthday of Lin Yin, a girl who had been wandering outside for a long time, she was naturally very upset.

Mu Ning felt terrible too, but she still smiled. "Grandpa, Grandma, why don't we do this? It's Sister's birthday today. If Grandpa and Grandma only give me a birthday celebration, Sister will indeed be unhappy. Why don't we all surprise Sister?"

Sun Yun was about to mutter something when Mu Ning shook her head at Sun Yun and said, "Grandma, speaking of which, Sister is really not as lucky as me.

I've had Grandpa, Grandma, Dad, and Brother's care for so many years.

Therefore, I'm willing to share all the love I have received over the years with

Sister so that Sister can feel the love of her family like I did."

Mu Ning went forward and held Sun Yun's hand. She persuaded her with a quiet and generous expression, "Grandma, I know you dote on me because you think I'm better educated than Sister. But Sister has been wandering outside for so long after all. She might even have lived a life of a beggar."

"It's already not easy for a girl who lives in a dirty and vulgar world to return to her family safely and cleanly. Grandma, why don't you give Sister more time to slowly adapt to our family?"

Mu Ning's words made Sun Yun quiet down for a while, but the people beside her began to discuss.

"Looks like the Mu family is indeed a little dissatisfied with Lin Yin!"

"That's right. Don't forget that the Mu Family is an aristocratic family. All the children in the family have been raised with the best upbringing. They naturally won't like a girl who grew up in the slums with no manners and upbringing. It's normal that they don't like her.."

Chapter 846: Vicious Discussion

"This Mu Ning seems to be quite nice to Lin Yin. She even persuaded Old Madam Mu to be more tolerant of Lin Yin. It seems like she was really raised well by the Mu family and has a tolerant heart."

"That's true. Otherwise, why would the Mu family be a big family? Their education would definitely be different from others. That's why a girl like Lin Yin is not presentable. She's never gotten a proper education. I heard that before the Mu family found Lin Yin, Lin Yin was someone's mistress. She was the mistress of the Third Master of the Lu Family, Lu Ming. At that time, it was quite a big deal."

"There's such a thing? I've only been overseas for about a year. How did I miss such a commotion? If a biological child of the Mu Family becomes the mistress of the Lu Family, the Mu Family will be utterly embarrassed, right? No wonder it's said that you have to marry a girl that was raised by a big family. Otherwise, if they marry a woman like Lin Yin, it would really harm their family."

"That's right. A girl from the slums doesn't have a good understanding of the bigger picture. She actually sold herself to be a prostitute for some money. She's simply too dirty."

"It's not just that. I heard before that Lin Yin's relationship with the boys in school is also very messy. Previously, wasn't there a family that was burned alive? It seemed to be a family with the surname Zheng. Lin Yin was hooking up with the son of that family. I even suspect that Lin Yin burned down their house because she couldn't get the money to sell herself."

"Aiyo, how can this be? How can a good family raise such a shameless girl?"

“In this day and age, if people are too respectable, they can’t make money.

Otherwise, how do you think Lin Yin’s Shisheng Corporation came about?”

When Hou Ying heard the people beside her say things that were getting more and more ridiculous, she was very dissatisfied.

She could tell that Mu Ning was lying when she said that she wanted to surprise Lin Yin and ask Grandma to be more tolerant of Lin Yin. Mu Ning was clearly telling everyone that Lin Yin’s private life was messy.

This way, even if Lin Yin returned to the Mu family and was recognized by the Mu family, she would still be a lowly thing who had been a mistress in everyone’s eyes.

Because of Mu Ran, Hou Ying was so angry that she gritted her teeth. If not for the fact that she was weak, she would have gone forward to argue.

Although these words were soft, there were still some lingering sounds that reached Mu Kun’s ears. Mu Kun’s expression was not good, but he did not say anything. He just glanced at Mu Ning and said coldly, “If you want to go to your sister’s place, follow along.”

Everyone could tell that Mu Kun was in a bad mood and immediately did not

dare to continue.

With Mu Kun taking the lead, the people who were originally in the Mu Family’s old residence had already left and headed towards the Mu Family’s villa.

Although many people secretly mocked Lin Yin, they still knew how to show respect on the surface.

Although Hou Ying was angry at those people for speaking ill of Mu Ran’s sister, she felt relieved when she thought about how she was about to see Mu

Ran.

She happily sent a video call to Hou Wan, wanting to tell her that she would be there soon, but Hou Wan did not pick up. Hou Ying even pouted and muttered that Hou Wan must have been distracted by Mu Ran and did not even have time to pick up her video call.

How could Hou Ying have expected that it was not that Hou Wan did not want to pick it up, but that she could not.

Hou Wan looked at Lin Yin in front of her awkwardly and smiled bitterly. "Lin

Yin, I really can't be sure. My sister and I are just guessing."

Hou Wan did not want to be involved in this matter. Otherwise, she was afraid that she would be beaten to death by her sister.

If she had known that Lin Yin was nearby, she would never have told Hou Ying about this.

Lin Yin stared at Hou Wan and said, "It's fine. Just tell me what you know again. In detail!"

Actually, Lin Yin could already guess because she had heard everything Hou Ying had just said. This was similar to the results of their investigation back then.

It was just that they had never been able to find out who was behind it, so the incident regarding the attack at the entrance of the Mu family's villa had been put on hold.

She did not expect that she would hear about this from Hou Wan. Although she was caught off guard, if that was the case, it did make sense because Mu Ning had a motive, and a very strong one.

Seeing that Lin Yin insisted, Hou Wan could only say weakly, "I'll only tell you what I saw and heard at that time. Think about the rest yourself."

Lin Yin nodded. Hou Wan told her everything she knew. In the end, she said to Lin Yin nervously, “You can’t tell anyone that I said it..”

Chapter 847: I Miss You

After seeing Lin Yin’s nod, Hou Wan immediately turned around and left. Her sister had said that this matter was an internal matter of the Mu Family. If it intensified, it was very likely to become a conflict between Mu Cheng and his wife, and Old Master Mu and Old Madam Mu.

If Mu Ning refused to admit it when Lin Yin confronted her and turned to point fingers at her, and said that she had slandered Mu Ning and caused the Mu family to be in chaos and argue non-stop, she would really be in trouble. She would become the sh*t stirrer when the Mu family was in harmony.

Lin Yin didn’t stop Hou Wan from leaving. Instead, her eyes darkened slightly.

No wonder they could not find the mastermind back then. It turned out that

Mu Ning used human nature to lure others to do things for her. After all, Mu Ning was just gossiping with her friends in public. What did it have to do with her if others had ill intentions after hearing about it? It seemed that this Mu Ning was quite capable.

This could not help but remind Lin Yin of how Yang Xue had been kidnapped by Huo Ge and the others. She wondered if it was also Mu Ning’s doing. She did not believe that Mu Ning had coincidentally gone to the same resort as them.

It seemed like it was necessary to investigate the relationship between Mu Ning and Huo Ge.

Just as Lin Yin thought of Huo Ge, Huo Ge walked up to her with a sly smile and teased her frivolously, “My future girlfriend, long time no see. Your future boyfriend misses you a lot. What about you? Did you miss me?”

Lin Yin couldn't help but feel a little amused as she replied, "Yes, I was thinking about you just now. I was thinking so much about you, and you appeared."

In the past, Lin Yin had always given Huo Ge a guarded and ruthless fake smile. Today, she seemed to be smiling with sincerity, making Huo Ge speechless.

After all, he was already prepared to see Lin Yin's eye roll. In the end, Lin Yin did not react according to the usual pattern and even smiled so brightly. To be honest, Lin Yin was really good-looking. When she smiled sincerely, coupled with her makeup today, she really looked beautiful.

If Lin Yin hadn't stabbed him back then, he could have considered letting Lin Yin live. It was a pity, but he just had to hold a grudge!

Lu Yan, who had brought Lu Ming over from the corner, sighed heavily when she saw this scene. She turned to Lu Ming and said solemnly, "Uncle, I've already told you that our Yinyin is really popular. Look, Huo Ge, this toad, started to get close to Yinyin the moment he arrived. Can't you learn from him? It's making me worry!"

Lu Ming's eyes were unreadable as he said indifferently, "Learn? Learn what?"

Lu Yan frowned and said, "What else can you learn? Learn from Huo Ge's shamelessness! When chasing someone, you should be an ass-kisser."

"Just like how you've been looking for Lin Yin recently and chasing after Long Huang?" Lu Ming said, but his gaze never left Lin Yin.

Lu Yan was embarrassed. She coughed lightly and asked embarrassedly, "Uncle, how did you know? You even know about Long Huang? Could it be that you got someone to follow me?"

Lu Ming snorted. "I don't have the time."

If it weren't for the fact that Lu Yan pestered Long Huang so much that he couldn't complain to Lu Ming, Lu Ming wouldn't have known when Lu Yan had fallen for Long Huang.

"Stop it. You and Long Huang are not compatible," Lu Ming said calmly.

"Not compatible?" Lu Yan widened her eyes and looked at Lu Ming. She said indignantly, "How are we not suitable? I'm so young and cute, and Long Huang is so strong and powerful. How suitable! Uncle, are you despising Long Huang because he's a bodyguard? Don't tell me you're like those superficial people who only care about the compatibility of family backgrounds?"

Lu Ming sighed inwardly. How could an innocent young lady from an aristocratic family and a killer who lived life on the edge be suitable for each other?

If Long Huang was really together with Lu Yan, Long Huang might die tragically in the hands of his opponent one day because of Lu Yan's energetic personality.

Lu Ming retracted his gaze and said seriously, "I'm afraid he'll despise you!"

Lu Yan was still indignant that Lu Ming would despise Long Huang's work, but when she heard Lu Ming's words, she did not react..

Chapter 848: Warning

Lu Yan was speechless for a moment. She looked at Lu Ming in disbelief. "Uncle, are you my biological uncle? Which uncle treats his niece like this? I'm going to become the best director in the future. My future is promising. He won't despise me!"

"I'll talk to your parents about this. In short, you two are not compatible," Lu Ming concluded.

Lu Yan frowned at Lu Ming and said sadly, "Uncle, you like Yinyin and I helped you. I didn't say that you're not worthy of Yinyin. Now that I have someone I like, you're going to pour cold water on me like this. Uncle, aren't you being a little unkind?"

Lu Ming sighed and said in a gentler tone, "Lu Yan, trust me. I won't hurt you."

Lu Yan pouted and didn't bring Lu Ming to Lin Yin's side. She turned around and left.

This was the first time Lu Yan was so bold as to openly express her dissatisfaction with Lu Ming. This made Lu Ming sigh helplessly.

Huo Ge, who was still teasing Lin Yin, saw Lu Ming standing alone in the corner. A wicked smile appeared on his face and he approached Lin Yin quickly. Under Lu Ming's cold and sharp gaze, he hugged Lin Yin, who had yet to react.

Lin Yin did not expect Huo Ge to dare to cause trouble in the Mu Family. She was stunned for a moment and was about to make a move when Huo Ge immediately retreated tactfully. Then, he smiled brightly at Lu Ming and said, "Third Master Lu, are you also here to hug the birthday girl and bask in the

Lin Yin, who was about to teach Huo Ge a lesson, turned to look in Lu Ming's direction. The coldness on Lu Ming's face immediately disappeared the moment he saw Lin Yin turn around.

Huo Ge rolled his eyes at Lu Ming. This cold and passionate man liked to be in love with Lin Yin and not make a move. He was purely crazy.

If it were him, as long as Lin Yin showed any signs of being interested in him, he would have long made Lin Yin carry his babies and make her a mother. Lu Ming smiled and said to Lin Yin, "Yinyin, happy birthday!"

"Thank you for your blessing, Uncle!" Lin Yin smiled faintly, but that smile looked abnormally distant, making Lu Ming's eyes dim.

“Huo Ge, Uncle, you’re guests since you came to my Mu residence today. Since you’re guests, it’s better for you to stay in the banquet hall,” Lin Yin said after glancing at Huo Ge coldly.

Initially, Lin Yin wanted to take advantage of the time to get Huo Ge to tell her if the person who hired the murderer to kidnap Yang Xue and threaten her was Mu Ning. Now that Lu Ming was here, it seemed inappropriate to continue asking.

Huo Ge walked towards Lu Ming with a sly smile and said, “Third Master Lu, it seems like the birthday girl is annoyed by the two of us today. Let’s go. We’ll go out and eat so much that we will make the Mu family bankrupt!”

Lu Ming pushed Huo Ge’s hand away in disdain and said to Lin Yin, “Okay!”

Lin Yin turned around and left. Lu Ming’s gaze was still unwilling to leave Lin Yin’s back.

Huo Ge said fearlessly, “Third Master Lu, your eyes are staring straight at Yinyin’s back. Let me tell you, girls don’t like you being so affectionate behind their backs. You have to rush forward and show your love to her. Otherwise, how would she know?”

“Huo Ge, have you forgotten what I warned you about?” Lu Ming looked at Huo Ge impatiently.

Huo Ge frowned and said with an innocent expression, “Third Master Lu, how could I have forgotten? I’m just thinking for you! Oh, could it be that Third

Master Lu is jealous about me hugging Yinyin just now? Sigh, I just said that

I’m hugging the birthday girl to bask in the joy.”

“Besides, I hugged you for you, Third Master. If you had been bolder just now, wouldn’t you have been able to hug the birthday girl and bask in the joy? As long as you show your love for a girl and the atmosphere is good, you can just kidnap her into bed.”

Huo Ge's words were filled with frivolity and no respect for Lin Yin.

Lu Ming turned around and raised his hand to grab Huo Ge's neck. The back of his hand that was bulging with veins grabbed Huo Ge's throat tightly and he said fiercely, "If I see you touch Lin Yin again and look down on her, I don't mind crippling you!"

Huo Ge's face turned red from Lu Ming's strangulation and he felt weak all over. Because of the lack of oxygen, his head was in a daze..

Chapter 849: Official Introduction

Seeing that Huo Ge was about to roll his eyes, Lu Ming let go. After all, this was the Mu residence. He could not kill anyone.

As soon as Lu Ming let go, Huo Ge fell weakly to the ground and breathed hard. He sucked in the oxygen in the air greedily like a fish that had finally returned to its familiar place.

When Huo Ge calmed down, Lu Ming had already left.

Huo Ge's eyes flashed with ruthlessness. He would remember this. If there was a chance in the future, he would definitely return it to Lu Ming, this bastard.

Huo Ge pulled his clothes to cover the marks on his neck and returned to the banquet hall. There were even more people here now. The entire banquet hall was crowded with guests exchanging warm greetings.

Huo Ge had just walked to Yue Shan's side when she asked, "Didn't you say you were going to see Yinyin? Why are you out so quickly?"

Huo Bing glanced at Huo Ge uncomfortably. He had wanted to follow Huo Ge to see Lin Yin just now, but Yue Shan refused. How could he feel comfortable?

He knew what Grandma was thinking. She wanted the Huo Family and the Mu Family to get married, but who could guarantee that Lin Yin would like someone like Huo Ge? If the two of them went together, wouldn't the probability of Lin Yin liking them be higher? Besides, what if Lin Yin liked men like him?

After all, everyone had their own preferences. Aesthetic preference was a very subjective thing.

Huo Ge ignored the dissatisfaction in Huo Bing's eyes. Just as he was about to speak, his voice was a little hoarse. Lu Ming had strangled him hard just now, so he was probably injured somewhere.

Yue Shan asked worriedly, "What's wrong with your voice? Is your throat injured?"

Huo Ge shook his head and lowered his voice, trying not to drag his throat. He said, "I'm fine. I probably caught a cold yesterday. It's a small cold."

"A cold is not a small matter. I'll get someone to bring you some medicine to eat first," Yue Shan said and was about to look for someone.

Huo Ge hurriedly pulled Yue Shan back and spouted nonsense without blushing or panting. "There's no need, Grandma. Yinyin had already gotten someone to give me medicine just now. I've already taken it. It might not have any effect yet."

When Yue Shan heard this, her face lit up. "Yinyin knows how to dote on others. It seems like the two of you are fated. If you get together in the future, you will definitely be a harmonious couple."

The guests who heard this had colorful expressions on their faces. They actually did not know that Lin Yin and Huo Ge were so close.

In an instant, there was news that the eldest daughter of the Mu Family, Lin Yin, and the young master of the Huo Family, Huo Ge, had a close relationship and seemed to have the tendency to marry.

Yue Shan looked around in satisfaction.

Lin Yin had just officially invited everyone in the name of the daughter of the Mu Family today, so there were naturally many people who had the same thoughts as her.

Therefore, she released some rumors in advance so that the people who overestimate themselves would retreat and reduce the competition.

After being warned just now, Huo Ge did not pay attention to Yue Shan's deeper meaning. He only said, "Grandma, you're right. Yinyin is indeed very nice to me."

At this moment, the original music changed to a gentle rhythm. Under the night light, the hall of the villa was filled with gentle light, creating a warm and beautiful atmosphere.

Lin Yin, who had exquisite makeup, stood on the stairs. Her exquisite gown shone brightly under the light, making her face look as bright as the moon. Her long black hair was gently tied up, revealing her elegant neck.

Everyone stopped talking. Everyone looked at the circle of light and saw Ye Wen holding Lin Yin's hand as she slowly walked down the stairs. Coupled with the lights that Mu Ran had specially designed, Lin Yin was like a fairy from the sky. She was beautiful and everyone could not take their eyes off her.

Every elegant step seemed to be walking in the hearts of the guests, making them hold their breaths as they watched the stunning girl walk towards them.

The eyes of the members of the Mu family present were filled with pride and love for Lin Yin.

Mu Ran said happily to the person beside her, "This is my sister, my biological sister! Isn't she beautiful?"

Lan Xin turned to look at Mu Ran's happy and excited eyes. Her eyes were filled with love as she smiled and said, "Yes, you're very beautiful. I'm really envious of you for having such an outstanding sister."

Mu Ran was even happier when he heard this. It was as if if he had a tail, it would be wagging so hard that he started flying.

Lan Xin smiled. No wonder when she asked Lin Yin about her relationship with Mu Ran and if she liked Mu Ran, Lin Yin's answer was that the two of them would not be together. It turned out that the two of them were family..

Chapter 850: Agarwood Bracelet

Lin Yin stood on the steps of the middle staircase. Mu Cheng stood proudly on the other side of Lin Yin and smiled at everyone. "Thank you for coming to my daughter's birthday banquet. I can use this opportunity today to officially introduce the Mu Family's only daughter, Lin Yin!"

As soon as Mu Cheng finished speaking, enthusiastic applause came from the banquet hall. However, there were many sounds under the applause.

"Indeed, it's interesting to listen to other people's gossip. Listen to Mu Cheng. It's obvious that he doesn't count that adopted daughter under his name. It seems like Mu Cheng and his wife don't admit Mu Ning's identity."

"Of course. If you have a biological child, you naturally dote on your biological child."

"It doesn't matter if they're biological or not. As long as they're adopted, they're their children. Isn't Mu Cheng and his wife going overboard this time?"

"How can this be called going overboard? Think about it. Ye Wen went crazy after losing her child back then, and Mu Cheng left the Mu Family at that time. The two of them almost never returned to the Mu Family's old residence.

"According to what you said, Mu Ning should be Old Master Mu's adopted daughter? Then if we have to account for that, Mu Ning will have to call

Brother Mu Cheng. In other words, Mu Ning is Lin Yin's Auntie. Hahaha!"

"Auntie? I've heard Mu Ning call Lin Yin Sister. Isn't the seniority messed up all of a sudden? What a messy way of addressing each other. It's really not like the Mu family. They always pay attention to etiquette"

At this moment, Mu Ning had already arrived at the banquet hall with Mu Kun and his wife. When she heard such discussions, her expression was a little ugly. Mu Kun's expression turned even uglier as he glanced at Sun Yun with a dark gaze.

Although he knew that it had already happened and it was useless to point fingers after it had happened, he still felt that Sun Yun had an irrefutable part to play.

Back then if Sun Yun had not insisted on putting the adopted Mu Ning under Mu Cheng and his wife's name without asking for their opinion, the Mu family wouldn't have been a joke to others and discussed so brazenly.

Mu Cheng, who was standing at a high place, was stunned when she saw Mu Kun and Sun Yun. Although he had a smile on his face, he shouted, "Dad, Mom, you're here?"

As Mu Cheng finished speaking, everyone followed his gaze and saw three people standing at the entrance of the banquet hall.

The people standing in front of Mu Kun just now looked a little embarrassed. They had just discussed the Mu family wantonly in front of the members of the Mu family.

The Mu brothers hurriedly went forward to welcome Mu Kun. This was an important segment that would make their Yinyin respected in the capital.

After Mu Cheng and Ye Wen looked at each other, they brought Lin Yin down and walked towards Mu Kun and his wife.

Mu Kun took out a gift with a faint smile. "This is the birthday gift your mother and I prepared for Yinyin."

Sun Yun was a little stunned. When did she prepare a gift for Lin Yin? However, she quickly understood that Mu Kun was probably afraid that others would know that she didn't like Lin Yin, so he deliberately came out to put on a show to make everyone think that the Mu family was harmonious.

As soon as Mu Kun finished speaking, he turned to look at Lin Yin and handed a gift box to her. He smiled and said, "This is your very first gift from Grandpa.

Open it and see if you like it."

Lin Yin looked at Mu Kun hesitantly. Ye Wen immediately held Lin Yin's hand happily and said, "Yinyin, quickly accept the gift."

Only then did Lin Yin take the gift box from Mu Kun's hand. Everyone was curious about what Mu Kun had given Lin Yin for her birthday.

Most of the guests present had come from Mu Ning's birthday banquet just now, so many of them even stared at the gift box with the intention of watching the show. They wanted to know if Mu Kun was impartial.

Lin Yin opened the gift box under everyone's eager and curious gazes. A refreshing fragrance first spread out, followed by waves of sweetness.

Someone in the crowd recognized this gift and exclaimed, "This is the agarwood bracelet from the Yellow Crown Auction House last month, right? I heard it cost more than six million yuan!"

Perhaps stimulated by the agarwood, someone looked at the wooden box containing the agarwood and asked hesitantly, "Could this box be made of yellow pear wood? The craft on the box seems like a National Heritage craft."

“I’ve seen this before. It’s from the Yellow Crown Auction House last year. It’s yellow rosewood from the Ming Dynasty. This box is worth 5.88 million yuan!” Everyone turned to look at Mu Ning. The meaning in their eyes was obvious..
