

Chapter 114

"Too bad he misjudged Linds' temper. She's the kind that wants nothing to do with her ex-boyfriend!"

"Didn't Justin's fans say that Linds was clinging to their idol before?"

"Now it seems your idol is the one unwilling to let go."

"Justin's actions are really disgusting."

Elric's team continued to stir things up.

"Here's another scoop: the sudden revelation of Justin and Lindsay's relationship was a deliberate move by Justin to divert attention from Olivia's adoption scandal, orchestrated with Olivia's manager."

"The Instagram post was also meant to help Olivia, using Lindsay as a shield."

"Have you noticed? Since the relationship news broke, Alex and Olivia haven't been criticized, but Linds has been harshly attacked."

With this narrative, netizens started to catch on.

Indeed, as soon as the relationship news broke, Lindsay became the new target of Justin's fans' anger, replacing Olivia.

"Justin is so unethical. After all, Lindsay grew up with him."

"Stabbing Linds in the back like this is too much."

"Wow, this revelation is disgusting."

"Lindsay is already unfortunate enough to have Alex as a brother, and now she has Justin as a boyfriend too."

"Correction, ex-boyfriend."

"Just like in the recording, Justin, you make me sick."

"Lindsay is truly pitiful; suddenly, I feel so sorry for her."

"Though she's pitiful, I must say, Linds announcing the breakup with that recording was so bold and satisfying."

"Yes, she handled it beautifully!"

"After watching the reality show, I had a good impression of Linds, but now because of this breakup post, I'm becoming a fan. I love such a decisive girl."

"Omg, my bias is so cool. That's the spirit!"

"Leave my bias alone; she's stunning on her own. Justin, Alex, and the angel stay away from her."

"I knew my bias wouldn't disappoint us. Good breakup."

"I love my bias' straightforward and tough attitude."

Because of Lindsay's Instagram post and the recording, along with Elric's team's control over public opinion, the online sentiment quickly shifted.

Apart from Justin's and Olivia's fans, most people turned against Justin and Olivia.

Some of Justin's and Olivia's fans, who have a more upright view, couldn't accept this reality and unfollowed them.

Justin's fans were all going crazy.

Compared to Lindsay, whose relationship was exposed, they now hated Olivia, Justin's "true lover" even more.

They had all watched the reality show, and Olivia wasn't even as good as Lindsay.

Now, they didn't know how to criticize Lindsay.

Calling her a clingy leech was pointless since she had already proposed the breakup before the show.

Saying she didn't know what was good for her was also pointless because she had her reasons for her actions.

They couldn't exactly blame her for their idol having a true lover and protecting another woman, could they?

So, it was all Olivia's fault.

Otherwise, why would Lindsay have broken up with their idol and released the recording to fight back?

Unable to find a point to vent their anger and unwilling to criticize Justin like others, these fans turned to Olivia's Instagram to lash out at her.

Their words were much harsher and more malicious than those aimed at Lindsay.

Seeing the online situation reversing, Elric asked Lindsay, "Is this enough?"

Lindsay replied meaningfully, "This is just an appetizer."

Elric smiled slightly. "I think it's not enough either."

He created a new group chat, including his manager and three public relations team leaders. He also added Lindsay as a friend and pulled her into the group.
