Reborn as the Dragon King's Son-In-Law

Chapter 142: Rossweisse's Request - R18

The destruction of the past is also one of the reasons all living creatures throughout the world fear Lilith. None of the world's leaders dared to speak face-to-face with Lilith. In any case, offending Lilith was no different from bringing destruction upon their territory.

Every living creature throughout the world knows that Lilith is the only dragon at the forefront of the Dragon Path. The Dragon Emperor was no different from an ant in Lilith's eyes, one that she could kill at any time. Therefore, Lilith had killed both Heavenly Warrior Stage experts in the past.

Most of the experts killed by Lilith in the past came from the Human Race. Since there were only ten Heavenly Warriors on the Life Continent, Lilith could kill them with only a fraction of her power.

One of the ten Heavenly Warriors in the past had dared to provoke Lilith and cause a riot in her territory. Since then, Lilith decided to destroy a superpower that had existed for hundreds of thousands of years.

The military strength of a superpower that had existed for hundreds of thousands of years could be considered the strongest and was on par with that of a large continent. But Lilith could easily destroy that superpower in just one night. For that reason, it is not strange that all living creatures throughout the world fear Lilith.

A slightly doubtful expression appeared on Lucien's face. Listening to Rossweisse's request to let her activate the ability of the Star Element was difficult. Even so, Lucien decided to activate the ability of the Star Element that he had never once used.

Unexpectedly, a strange feeling started to hit the lower part of Lucien's stomach. Even though his entire body was glowing with a bright purple light, Lucien was completely unable to hold back his erection, which had now reached its peak.

"This... Disciple, you..."

There was nothing Lucien could do to handle the current awkward situation. Even Lucien didn't know what had really happened to his little brother. But one thing was certain: Lucien realized that his little brother had become hard because of the side effects of activating the ability of the Star Element.

There would be nothing strange if Lucien got an excessive erection compared to his previously smaller little brother. In the end, the only two users with the ability of the Star Element were Lilith and Athena. Moreover, both users were female.

Never in history had it been said that a man possessed the ability of the Star Element. Lucien was the first man to gain the ability of the Star Element. Therefore, Lucien was relentlessly trying his best to calm down his little brother, who had now completely hardened.

An embarrassed look appeared on Rossweisse's graceful and beautiful face. There was no hesitation on Rossweisse's face after she witnessed the erection of her student's cock. On the other hand, her student's cock had begun to show a bulge through his trousers.

'Too big... Has the size increased again? Unbelievable!' The sound of a heartbeat echoed in Rossweisse's chest. Rossweisse's gaze remained fixed on her student's cock as it showed off its mighty form. For some reason, both Lucien and Rossweisse started staring at each other.

The teacher and student couldn't hold back their coughs after witnessing each other's expressions. Moreover, Lucien had previously considered Rossweisse to be a bitch. But now, Lucien had a little hope that Rossweisse could help him get rid of the erection his little brother was showing right now.

"You are shameless..."

"Hehe. Teacher, isn't there any way for me to return my little brother to normal? I don't feel comfortable at all after being endlessly stared at by you."

Unconsciously, a small snort escaped Rossweisse's mouth. Seeing how her student dared to look down on her maturity made Rossweisse unable to hold back her anger. With that alone, Rossweisse decided to walk closer to Lucien.

Rossweisse's left hand began to touch Lucien's cock, which had become very large. It was a cock that had reached a size of 28 cm. Therefore, Rossweisse couldn't stop imagining the size of Lucien's cock, which had previously been around 25 cm.

"Let me take care of your little brother. Even though I don't have any experience with sexual relations, I have a few memories of handling men when they are in bed."

At first, Lucien was unsure whether he should let Rossweisse give pleasure to his cock or not, but he couldn't hold back his reaction to her delicious face at all. For now, every touch of Rossweisse's two hands endlessly stroked every inch of Lucien's cock.

A face filled with endless pleasure appeared on Lucien's face, which had previously shown a doubtful expression. But now, Lucien had completely forgotten his original goal of

stopping Rossweisse from pampering his cock. Therefore, Lucien let Rossweisse continue pampering his cock with her two soft hands.

"Uh... Master, your hands... They're just as incredibly delicious... Slower, please..."

Lucien's entire body began to experience extraordinary tremors because of the pleasure Rossweisse was giving him. This was the first time Lucien had felt an incredibly intense pleasure far beyond what he had ever experienced while having sex with Elize and Athena. Among all the women who had given Lucien a handjob, Rossweisse was the only woman who could give him unlimited pleasure.

Pulse after pulse could be felt on every side of Lucien's cock. As an adult woman, Rossweisse realized what was actually happening to her student's cock, which was now throbbing violently.

"Hold on a little longer. Your teacher will soon finish her work ♡." Rossweisse's gaze began to show a teasing look. The reaction Lucien was showing at that moment filled Rossweisse with enthusiasm. Therefore, Rossweisse decided to stroke Lucien's cock much faster than before.

"No... This is bad. It's going to come out!"

Spurt!—

A large amount of sperm that had been stored in Lucien's testicles began to flow out like a waterfall. A large amount of sperm could be seen pouring out of Lucien's cock. Moreover, the expression on Lucien's face showed that he was completely unable to hide his exhaustion.

The feeling of unbearable pleasure was Lucien's weakness even when he had sex with Elize and Athena. Because Rossweisse had much better handjob skills than Elize and Athena, Lucien couldn't stop recalling how his teacher had given him a handjob.

"Cien... This strange feeling I'm experiencing is very serious. Even my heart has started beating non-stop..."

For the first time, Rossweisse started to lose her mind after endlessly inhaling the smell of Lucien's sperm. Rossweisse's face slowly moved closer to Lucien's neck. For that reason, Rossweisse unconsciously started placing kisses on Lucien's neck.
