Reborn as the Dragon King's Son-In-Law

Chapter 4: Master?

"Lucien, are you okay? Luckily, Shelia saw you fall in front of the yard. Otherwise, I'm afraid that you would have died from blood loss!" Athena's voice carried a worried tone. My expression only showed an awkward look. Recalling what the system told me, I couldn't help but put on a calm face.

One of my hands was now gripping the top of my head. I suddenly felt my body become much stronger than before. For now, I had reached the initial level that every living being attains when starting their path to obtain power.

I couldn't hold back my happy expression. For a moment, I didn't even notice the presence of Athena and her sister. But luckily, I managed to wake up from my thoughts.

"Cough. I'm sorry if you were worried about me. But don't worry. Athena, I have awakened my talent. It's just like what you said." The words that came out of my mouth carried a happy tone. As someone who had long wanted to awaken his talent, I absolutely could not resist showing off my awakening in front of Athena and her sister.

The expressions of Athena and Shelia did not show any surprise. Instead, they only wore amused smiles.

"Ha ha... that's a common thing for us Dragons. After all, you still have to recover. Lucien, I hope you don't force yourself for now. And as for your training, I have decided to call someone appropriate for you to train with."

"Eh? A teacher? Who is that? I hope it's not someone who is unhappy just because of my presence."

Noticing my uneasy expression, Athena decided to further explain about the master who would train me. The explanation she gave was very long and complex.

"No need to worry. It's a female master. I'm sure you will like her when you meet her tomorrow. And..." Athena's head moved close to my ear. For some reason, I could clearly feel her breath brushing against my earlobe.

I couldn't hold back my surprise after hearing her whisper. From Athena's words, spoken close to my ear, I realized that she didn't really mind polygamous relationships.

"That doesn’t mean I want you to have another woman as your partner. But you have to remember that I am your legal wife. That’s all."

At first, I didn’t expect Athena to so easily allow me to have several women as mistresses. I might have thought too much about Athena as a woman in general. But in reality, she is a woman who is realistic and capable of making good choices for her partner.

However, the mention of having multiple partners reminded me of the notification given by the system earlier. Falling silent where I was, my mind drifted back to the system’s explanation.

’Is this just a coincidence? It feels like it was designed by the system. Wait. I think Athena is also aware of my physical condition. Maybe that’s also the reason she wants me to keep a few women—to enhance my power?’ After running through countless possibilities in my head, I decided not to overthink the issue of polygamous relationships. I would only consider it if the woman had a close relationship with me.

I don’t want anything to do with women I don’t know at all. That would only make me look like a male prostitute, no different from those in a brothel. If it weren’t for my disgusting past, I wouldn’t refuse a foreign woman who wanted to sleep with me.

"Okay. Shelia, you can come out now. I will accompany your brother-in-law in the room alone."

"Okay. I’ll excuse myself now. Good luck, brother-in-law~."

My eyes shifted from Athena to Shelia. The seductive tone in Shelia’s voice made me feel nervous inside. Sighing, I decided to rest my head back on the pillow.

Suddenly, Athena’s hand grabbed one of my wrists. I did not reject her action. Her gaze held a seductive look. After not seeing me for a day, her thoughts when she was with me had become very confused.

My current charm had improved greatly compared to before I awakened my talent. Because my charm far surpassed my previous self, even a powerful female dragon like Athena couldn’t resist it.

"Are you serious? But it’s still too early. What if we—" Before I could finish my sentence, Athena’s beautiful lips landed on mine without hesitation. For a moment, my body and mind were completely caught off guard by her kiss.

"No. I can’t hold it in anymore. It’s all your fault... Your Velvet Prostitute Physique is really making me lose my mind. Ah... I want to try it. Lucien... I want you right now..."

"Athena..." Her expression made even an experienced man like me feel tempted to take her into my arms. As I kissed her again, more intensely than before, I pulled her onto the bed without hesitation.

One of my hands was now holding Athena’s large breasts. Even my entire palm couldn’t fully cover them. But that didn’t matter. After removing the clothes that covered her chest, I began to play with her pink nipples.
