# Reborn as the Dragon King's Son-In-Law

## Chapter 6: Lilith La. Lucifer

The Dragon King’s shock only lasted for a moment before a wide smile appeared on his face. To the Dragon King, the power shown by me was like a miracle that came from Heaven.

"This is absolutely real! So the legends aren’t lies? This really is that legendary physique! The Velvet Prostitute Physique truly is a physique that can imitate every unique ability of any being! Plus, it’s only you who were born with this physique."

I didn’t respond to the Dragon King’s words. Instead, I tried endlessly to endure the pain that was raging throughout my body.

My current strength has increased by one level from my actual strength. But that’s only one level. After all, the difference between my strength and the Dragon King’s strength cannot be calculated by just a small increase.

My consciousness, little by little, began to fade due to the pain that hit every part of my body. I couldn’t maintain my balance for much longer. Luckily, a woman came to help me. It wasn’t Athena, but Shelia.

I was once again surprised by Shelia, who suddenly appeared by my side. But I decided not to think too much about it. At the same time, the figure of Athena also appeared in front of me.

Both looks from Athena showed a bad expression toward Shelia. Without caring about Shelia’s reaction, Athena, without hesitation, took me into her arms.

This reaction made me a little nervous. I don’t understand at all what is really going on in this family. I just thought that I was a foreigner who was only brought by Athena to be her husband. But that now makes me a little doubtful about the thoughts in my head.

Every time it was Shelia who came to save me, I felt that I had been spied on by her for a long time. This thought made my head endlessly work to guess Shelia’s true intentions.

Shelia’s expression did not change. She only showed a gentle smile to Athena and me. Even if Shelia saved me from falling from my place, she couldn’t possibly forget that I was her older sister’s lover.

"Thank you for the help you gave my lover. You shouldn't have come to help him. Besides, I would have personally saved him if you hadn't come."

"Hehe. Could it be that Sister is jealous? Isn't it natural for a younger sister to be worried about her future brother-in-law? Is that a problem...?"

"..."

The atmosphere around me gave me a feeling that could threaten my life. I couldn't look at the two beautiful women near me. Ignoring the bickering between the two women, I turned back to the man in the sky.

The Dragon King's face showed a complicated expression. He felt a little strange after seeing his two daughters trying to snatch a man like me. But he couldn't care less about that matter. Instead of feeling angry at the hostility of his two daughters in fighting over me, the Dragon King's mind returned to remembering the change in my form.

"I see... I think he can do even better. Maybe the time has also reached its end. Once he inherits my throne as the next Dragon King, it will be the beginning of me being able to have fun!"

Whatever it was, I didn't want to look too closely at the expression my father-in-law was showing. I decided to look back at every courtyard outside the castle.

Suddenly, a dimensional portal appeared beside the Dragon King. The Dragon King's previously happy expression showed a worried look. Unable to suppress his frightened expression, the Dragon King decided to lower his head slightly in front of the woman.

"What did you say just now? That made me a little offended." The figure of an adult woman was seen floating near the Dragon King. The woman's face and body were no different from Athena's and Shelia's. After all, that woman was the mother of Athena and her three sisters.

Lilith La. Lucifer is the woman's name. Even though Lilith and the Dragon King are a romantic couple, they don't get along very well in their personal lives.

Lilith's status in the Dragon Realm was slightly higher than her husband's. Maybe for that reason, the Dragon King wants to immediately retire from his current status as the Dragon King. Even if he was the Dragon King, he could not resist Lilith's orders at all.

One of Lilith's hands was now pinching the Dragon King's ear. The expression shown by the Dragon King was no different from a husband being punished by his wife. Without being able to resist the punishment from his wife, the Dragon King could only surrender and accept the punishment given to him by Lilith.

Both my problems and the Dragon King's problems are not much different. But I don't really care about the hostility of the two sisters in front of me. Shaking my head, I now chose to ignore the chatter from Athena and Shelia.
