Chapter 631: God Level News-Stirring Skill

[The truth is out! Ling Yue the Heroine's lead actor should be replaced! Qin Cheng Entertainment just posted a video to clarify it! The true asshole if this incident is Zhuang Bufan!]

[Zhuang Bufan is the worst! How dare he gamble on the safety of the supporting actors just to act cool! He deserves to be kicked out of this production!]

[Dang it! Zhuang Bufan was my idol for the longest time! I must be completely blind! I'm going to unfollow him without question!]

[Just get someone to replace this asshole!]

...

Once the truth was out, Zhuang Bufan transformed from a victim to the one that stirred up the whole thing. Instantly, the netizens started to criticize him non-stop. Most of them took some time for self-reflection after they calmed down.

[Goddess Mengwan! It's my fault! I shouldn't have listened to those stupid rumors! I'm sorry that I criticized you with harsh words! Allow me to apologize to you officially for my stupidity!]

[@Tang Mengwan. From today onwards, I will not believe in those people that defamed you!]

[I'm going to kill those assholes that vilified my goddess!]

[We have accused Director Feng wrongly! Judging from the video clip, I'm certain that he is a respectable director! From today onwards, I'm going to watch all the movies that he directs!]

[The decision to replace the lead actor is made correctly by Director Feng! We support you and we would like to apologize to you as well! We shouldn't have stirred up this huge mess before knowing the truth! We are truly sorry!]

...

Upon reading all these comments, Feng Yaolun and Sister Fei were left in bewilderment.

"What a great strategy! Boss Song, what a great way to turn the tide around! People always say that netizens can crush someone easily! However, this time Boss Song managed to come up with such a tactic to make a fool of them! Upon knowing the truth, remorse hit those netizens really hard! It is nice for them to take the initiative to apologize to us! In other words, our existing fans have become even more loyal! Also, the haters have turned into our new fans! This is the epitome of killing two birds with one stone! Now, the most important thing is Mengwan's reputation has increased greatly after this incident! To celebrities like her, this is definitely great news! Honestly speaking, the strategy that Boss Song used to solve this problem is beyond perfect! My problem-solving team has nothing on her!"

With a smile on her face, Sister Fei could not stop giving genuine compliments to Song Qincheng while holding her tablet. As Tang Mengwan's reputation increased greatly, so would her market value. It was

no wonder that Sister Fei was in such a great mood. Upon seeing this, Tang Mengwan could finally let out a sigh of relief. In other words, she was allowed to be a part of this production since Sister Fei was extremely pleased.

Knowing that Chen Xiaobei would become the lead actor of this movie, a great sense of anticipation slowly surfaced in Tang Mengwan's heart. She had no idea why was she attracted to Chen Xiaobei.

"The same thing is happening to me as well! Those that criticized me earlier has come forward to apologize to me! It has been such a long time since I receive so much attention! Boss Song's strategy worked really well! I'm pretty sure that my upcoming production will own the box office!"

Feng Yaolun was filled with excitement as well.

"No! My role here is just an assistant. Without an extra like Mr. Chen, I'm pretty sure that my strategy wouldn't have worked so well!"

Awesome extra!

Mr. Chen!

Immediately, everyone shifted their attention to Chen Xiaobei, looking through the comments about him.

[Mr. Chen is the biggest victim of this incident! To all the haters! Apologize to Mr. Chen right now if you still have a conscience!]

[Sorry... Mr. Chen... We are wrong! We are so wrong...]

[F*ck! What's wrong with me? Why did I quit Bro Bei's fan club? I'm such an idiot! @Bro Bei, please forgive me!]

[Why did I betray Bro Bei? There must be something wrong with my brain! @Bro Bei, I'm so sorry!]

[I'm at fault... I want to rejoin the fans club... Sob...]

[Hmph! You guys are not loyal at all! I have told you guys earlier that Bro Bei would never disappoint us! It's a face slapping moment for you guys!]

[This is the time where the die-hard fans like us shine! Look at my Bro Bei! He has the looks, talent, and kung fu! Single-handedly rescuing a goddess! Tell me, who else can be as perfect as Bro Bei in the whole entertainment industry? Who else?!]

[Preach! It would be wrong if Bro Bei is not the lead character of this production!]

[We are so proud that we never doubted Bro Bei! Die-hard fans like us will never quit the fan club! Brothers! Do you guys still remember our chant?]

[Becoming Bro Bei's fans is not regretful at all!]

[Becoming Bro Bei's fans...]

[Becoming...]

[Wow! What a group of passionate fans! I want to join them too!]

....

As compared to Tang Mengwan's and Feng Yaolun's fans, Chen Xiaobei's fans were definitely more loyal and passionate! Just like the two of them, Chen Xiaobei original fans became even more loyal and haters had turned into his new fans with the intention to join his fan club! After that, a lot of random people had made up their mind to join the fan club as well after they knew the truth. It was at that moment that Chen Xiaobei's fans increased tremendously. Soon, he would have six million fans in his fan club. After a few days, the number of his fans might even increase to eight million!

"This is scary! Look at his popularity! It has skyrocketed!"

Sister Fei found it hard to believe the thing that she just witnessed.

"He's getting famous! He is getting more and more famous... Little Chen's popularity is truly terrifying! Imagine what would happen to us and him when he joins the production! He alone can definitely bring in hundreds of millions of cash!"

Other celebrities might have three to five million fans in their fans club but most of them were inactive. Eight million active fans in Chen Xiaobei's fans club was definitely a rare sight! Seeing that the number of his fans increased greatly made Chen Xiaobei ecstatic! Earlier, he was trying to figure out a way to recruit more disciples. When Song Qincheng did him that favor, he did not need to worry about this problem anymore.

However, Chen Xiaobei did not show happiness on his face. Instead, he informed everyone something calmly.

"Everyone, now that the problem is solved! You guys can leave first if there is no other business to discuss with us! Boss Song and I will discuss choosing our partner to work with us!"

"Leave? W-Who is leaving?"

Sister Fei and Feng Yaolun were ashamed of themselves. None of them wanted to leave the building. They were thinking of quitting earlier because of the problem. Now that everything had turned out fine, there was no way that they would ignore this golden opportunity!

"Boss Song! This is a misunderstanding! This is a big misunderstanding! I did say some stupid things just now! Please do not take it seriously! I was not in the right state of mind!"

Immediately, Sister Fei ran to Song Qincheng and bowed in front of her.

"Hehe... So... Now, you are not afraid of Qin Cheng Entertainment bringing your reputation down?"

[Red Envelope Group of the Three Realms](#)

Chapter 632: Playing Nice and Mean

"Go down? No way!"

Immediately, Sister Fei shook her head and said, "Being able to work together with Qin Cheng Entertainment is an honor! Being able to work with Mr. Chen is Mengwan's honor! We swear that we

will go through all the hardship with Qin Cheng Entertainment in the future! I will never mention about quitting Qin Cheng Entertainment anymore!"

It was clear that Chen Xiaobei was gaining reputation fast! In other words, Tang Mengwan would be able to become even more famous if she worked together with Chen Xiaobei. To Sister Fei, this was a golden opportunity for her to milk more money from Tang Mengwan. There was simple no way for her give up on it!

On the other hand, Feng Yaolun and two of his assistants walked to Song Qincheng as well.

"Boss Song! Both of us were not in the right mind just now! We regret saying that we would leave! I hope you can grant us one more chance to redeem ourselves!"

Immediately, the two assistants bowed down and apologized to Song Qincheng while Feng Yaolun stood beside them with a smile on his face.

"I thought the two of you here want nothing to do with Qin Chen Entertainment?"

"We know we are at fault! Boss Song! Please ignore everything that we said just now. We know you are a kind lady. Without the help from Qin Cheng Entertainment, Ling Yue the Heroine is done for! For years, Director Feng has led us to complete this production! Please give us one more chance!"

Song Qincheng could not care less about them. Instead, she lifted up her tea cup and took a sip from it like a queen.

"Boss Song... I admit that I was shaken by the problem just now. That was very unethical of me! I will become your lifelong loyal working partner if you are willing to give me a chance to redeem myself! In the future, I will make sure Qin Cheng Entertainment will be my sole partner for all my productions! Unless you are not interested in my production... If not, I will never look for other entertainment companies!"

Needless to say, Feng Yaolun and Sister Fei were on the same track. Both of them did not want to miss out on the opportunity to work with Song Qincheng. To Feng Yaolun, Chen Xiaobei alone was equal to millions of tickets! Not only had he represented the profit of his production but also the rating of his movie. A higher box office could provide a good reputation for the movie and director. Fame and wealth were the only thing that Feng Yaolun was after! He used to tell a lot of people in public that Ling Yue the Heroine was going to be his best production. If the movie was a huge success, he could be awarded with best director within the country and possibly receive an Oscar for being the best director. It was fair to say that he wanted this opportunity more than Sister Fei.

"Alright. All of you here look really sincere. I'm willing to look past that. From today onwards, we will become lifelong working partners! No one can tear us apart! No matter the cost, we will work together to make Ling Yue the Heroine the perfect Mandarin movie!"

"Great! I completely agree with what Boss Song just said! We will definitely pour in our blood and sweat to make it come true!"

One could see that everyone was really serious about this job. Upon seeing that, Chen Xiaobei gave Song Qincheng a 'like' in his heart. Without a doubt, Song Qincheng was definitely leader material. This carrot

and stick strategy that she used on them was extremely effective. Considering that Song Qincheng was the empress of the Tang Dynasty, a matter like this was nothing to her!

"Feel free to take a rest in the private room. I have something to discuss with Mr. Chen alone. We shall go for a celebration dinner once we are back!"

After that, Song Qincheng and Chen Xiaobei left the room together. This clubhouse was located at the rural area – surrounded by mountains and rivers. Overall, the scenery outside the clubhouse was breathtaking. Upon exiting the clubhouse, Chen Xiaobei and Song Qincheng walked to a quiet garden. Since there were no one around them, the two of them did not have to put on a show anymore.

"Little brother. What do you think about your big sister? Do you like the way I dealt with this matter?"

With a smile on her face, Song Qincheng stared at Chen Xiaobei passionately.

"Isn't the answer obvious? I'm going to give you three hundred and twenty likes! When you turned the tide around, I just wanted to kiss you!"

Immediately, Chen Xiaobei fixed his gaze on Song Qincheng's body.

Today, she was wearing a body-hugging purple blouse. Her huge mounds forced the front of the blouse to curve – threatening to pop the buttons off if she were to straighten her back. Her waist was slender, swaying like willows in the wind. She matched her blouse with a tight black skirt that wrapped itself around her round, juicy thighs. Under the skirts were a pair of pearly long legs. A pair of heels on her small, delicate feet, highlighted her slender legs.

"Little brother. There is something written on your face!"

"Something written on my face? What's that?"

"Lecher!"

Song Qincheng then raised her eyebrows and started to laugh.

"Is that so? I should do you then since you read my mind! You will be disappointed if I don't do it!"

Immediately, Chen Xiaobei jumped on Song Qincheng.

"No! The reason I asked you to come out here is to discuss something important with you! Director Feng is still waiting for us!"

"You are the one that seduced me. Now, you are telling me that I can't do you..."

"Well, you are too susceptible to my seduction! I know you did not have sex for around ten days. Are you trying to torture me?"

"Yes..."

Chen Xiaobei nodded his head. He had no intention to pretend to be a gentleman. Clearly, it was his wish to make love to Song Qincheng. Only a eunuch would say no to this woman.

"Look at you! My heart is with you! I know your sexual desire is particularly strong at your age. And, you have tried making love to a woman. It is hard for you to resist the desire. Just wait for me to finish

talking to Director Feng. Then, you can come to my place and I will satisfy your needs! But, you have to be gentler this time! My legs went jelly for three days after you made love to me last time..."

"Is that so? I remember someone told me last time that I couldn't last long in bed! And that person was wearing a dragon robe to seduce me! Only one time and you are surrendering?"

"Meanie! You are like a savage bull in bed! Too strong... I don't think there is anyone in this world who can endure that!"

With her face turning red, Song Qincheng landed a few playful punches on Chen Xiaobei's chest.

"Let's get back to serious business. Send those people back and let me carry you home!"

"Okay. This time, I've used an extreme method to help you to gain reputation and fame in a short period of time! However, a hidden threat will definitely come knocking at your door!"

"Are you talking about the Zhuang Family?"

"That's right! Though you have use some methods to make Zhuang Bufan to forget the incident that happened in the prop room, he will definitely come looking for you after he sees this video clip online!"

"Doesn't matter! Just come at me! I will take it all!"

Chapter 633: Huangfu Mumin

At the biggest hospital in Dragon City.

A dozen security guards were guarding outside the best private room of the hospital. Additionally, the hallway was sealed off by them as well. Even an idiot would know that the patient in the room was someone special. Zhuang Hao, the man that was close to possessing the highest power in China was standing there in a polite manner. Considering that he was a top dog in Jianghu, there was only one circumstance to make him act in such a polite manner. That was when he faced the Lao Taijun of the Zhuang Family.

All her hairs were white and she was wearing an ancient Tang dynasty attire. Though she looked old, she was still really steady on her feet.

"Master Huangfu, Bufan has already taken your Black Jade Rejuvenation Pill for quite some time. Why is his private part not getting better?" Zhuang Lao Taijun asked calmly.

The man that lay on the bed was none other than Zhuang Bufan. He was given Black Jade Rejuvenation Pills constantly right after he was almost beaten to death. Most of his wounds had already recovered but his manhood was still as bad. In other words, he was still a eunuch. Next to the sick bed stood an old man in a long black robe. He was checking Zhuang Bufan's pulse. Though he was an old man, he looked really lively. His skin tone was still flushing red and his eyes were equipped with a piercing gleam. Clearly, he was not weighed down by his age. This old man was the best alchemist in China, Huangfu Mumin!

"Bufan's private part had suffered from multiple heavy hits. It is now mush. My Black Jade Rejuvenation Pills will aid him in recovery but there's no guarantee that he can be healed completely..."

Huangfu Mumin put down Zhuang Bufan's hand in a slightly frustrated manner. As the best alchemist in China, he did an extensive research on all kind of pills that were available in the field of alchemy and his healing skill could be considered as the best of the best. However, he was rendered helpless when it came to Zhuang Bufan's mushy private part.

"Master Huangfu! You have to figure out a way to help him! I'm afraid there's no one else in this world could heal him if you fail to do so!"

Immediately, Zhuang Lao Taijun's face turned dark. Despite her vicious glare, one could tell that it was more of concern than anger.

"Lao Taijun, don't you worry. Considering that I'm in need of your help, I will definitely do my best to heal Bufan!"

"Great. Master Huangfu, you don't have to worry too much about your problem as well. As long as you manage to heal my great-grandson, I will definitely figure out a way to rescue your grandson from Six Doors' prison!"

"Definitely! I will do my best!"

The sole reason that he traveled back to China from abroad was to rescue his grandson. His grandson was none other than the ex-chief inspector of Six Doors, Huangfu Lengshan! Ever since the Poseidon incident, the government of China wanted to extract more useful information from him.

Though he was given a death sentence, he would not be granted one anytime soon. Instead, he was being kept in the well-guarded prison of Six Doors. The cure for the Heart Burning Pill that the Six Doors' officers found on Poseidon's cargo ship was used to lengthen his lifespan. Once Huangfu Mumin was informed that his grandson was being kept in a prison, he traveled back to China promptly. For his grandson's freedom, he would definitely do whatever it took to cure Zhuang Bufan and Zhuang Bifan.

"Oh right, how are Bifan's wounds? Are they better now?"

Zhuang Hao could not help but ask. Upon hearing the question, even Zhuang Lao Taijun paid attention to Huangfu Mumin. Needless to say, Zhuang Bifan was definitely more important than Zhuang Bufan since he was the heir of the Zhuang Family.

Considering that Zhuang Bufan had always wanted to become a superstar, Zhuang Family decided to spend some of their money and used their connections to form Zhuang Entertainment for him. On the other hand, Zhuang Bifan's role in the family was completely different from him. From the day he was appointed as the heir of the Zhuang Family, they had poured out tons of resources unto him. That was why he could achieve pinnacle phase of Qi refining stage with twenty thousand combat power when he was twenty-four years old.

One should know that Zhuang Bifan was not exactly the most talented individual. The resources that the Zhuang Family invested on him was enough to push a talented individual to True Nirvana Stage! In other words, the number of resources that the Zhuang Family spent on him was unimaginable! Fortunately, the Zhuang Family was loaded with a few generations worth of resources. If not, there was no way that they could afford to do so. That was why the Zhuang Family could not accept that Zhuang Bifan's manhood bled whenever he thought of women. Imagine if Zhuang Bifan attended some important

function as the head of the Zhuang Family and bled there after seeing a beauty walk pass. That possible scenario made Zhuang Lao Taijun and Zhuang Hao wanted to bang their heads on the wall.

"For Bifan... He is not getting any better... I have not thought of any treatment to replace the Black Star Ganoderma. As all of you know, the operation to look for the Black Star Ganoderma was a complete failure. I need more time..."

Upon hearing that, Zhuang Lao Taijun's and Zhuang Hao's faces darkened. It was not possible that they did not feel angry about it. However, Huangfu Mumin was the best and most respectful alchemist in China, so they had to act politely towards him. In the end, they had to look for a way to divert their anger on someone else.

Ding!

Suddenly, Zhuang Hao received a message. It was a video clip. Zhuang Hao then walked to Zhuang Lao Yaijun and watched the video with her.

"Send someone to bring me that bastard! I want to chop him to pieces and feed him to dogs!"

Zhuang Lao Taijun felt even angrier after watching the video. Not only was she a vicious old lady but also a ruthless one! On the surface, Zhuang Hao was the head of the family but everyone knew that Zhuang Lao Taijun was the one that controlled him!

"Okay! I will send someone to do it now!"

"Hold on! Bufan is the one that was at fault in this incident. Make sure everything is done nicely! I do not want to hear any bad rumors about us!"

"Understood! I will outsource external help! Judging from the video, this kid is actually pretty weak. It should be an easy task to kill him!"

"Master Huangfu, don't mind us. Let's continue to enjoy our cup of tea!" said Zhuang Lao Taijun while she pointed at the teacups on the table.

"Okay."

Having to fake a smile, Huangfu Mumin was really disgusted by her. People always said that vicious women were like venomous snakes and Zhuang Lao Taijun was a classic example of those women.

.....

It was eleven at night. Song Qincheng finally finished dealing with Feng Yaolun's group of people. After that, Song Qincheng and Chen Xiaobei could not wait to get to Song Qincheng's apartment in Dragon City. When it came to sex, women are no different from men. Especially, after tasting orgasm, women could become even hornier than men.

On the way home, Chen Xiaobei was driving but Song Qincheng could not wait to tease him. Like a cat, she licked his earlobe suddenly. She then used her fair and smooth legs to draw circles on his waist. If it was not for the fear that Chen Xiaobei might crash the car, she would definitely do something that was more daring.

"What a bummer!"

"What is it?"

Chapter 634: Are You Lacking in Calcium?

It was the middle of the night and no one was supposed to be walking on the roads outside town. To their surprise, a fat and a thin man were standing in the middle of the road.

"People hired by the Zhuang Family to deal with us?"

Immediately, Qin Cheng frowned. Though she knew that the Zhuang Family would eventually come knocking at their doors, she was still really nervous when she saw the goons from the Zhuang Family. To other ordinary people, Zhuang Family was like a gigantic monster that was impossible to be dealt with!

However, it seemed like Chen Xiaobei was not affected by that at all. He then slowed the car down and said, "I will get out from the car later. I want you to head home first. Remember to call me when you reach your apartment safely."

"No way! I want us to leave together!"

"Pumpkin, don't worry. I'll be fine. You will distract me if you stay here. And, the reason I chose to conceal the identity of the real boss of Qin Cheng Entertainment is to not get you involved in things like this! Just go home and take a nice and hot shower. Maybe I can go home to make love to you after I deal with them here!"

"You are such a bad boy! I will wait for you at home! No matter how late it gets!"

"Alright. I will come home to you as soon as possible!"

With a smile on his face, Chen Xiaobei realized the smile of the woman that sat beside him was so sexy and seductive that it could cause a man to pass out. Seeing that there was still some distance before the car got close to them, Chen Xiaobei stepped out from the car. Immediately, Qin Cheng drove past them. She was not asked to stop the car. Clearly, capturing Chen Xiaobei was their priority. Meanwhile, Chen Xiaobei strode towards them slowly while observing the two of them.

Both of them were wearing black martial arts attire – looking very energetic. Seemingly, they were Jianghu elites. Judging from their looks, the fatty was at a higher rank than the thin one. A cigar could be seen hanging in his mouth with smoke circles constantly coming out from his mouth. He looked really arrogant. On the other hand, the thin one did not look arrogant but he was glaring at Chen Xiaobei condescendingly.

"The two of you are hired by the Zhuang Family?"

"Cut the crap! Come with us if you don't want to suffer!" said the fatty impatiently.

"Then, may I ask which factions you guys are from?"

"You talk too much shit! You are just garbage! It's useless for you to ask a question like that! Do you really think you can get away from us safely and come looking for us to pay for what we do to you?"

"Liu Zi! Go! Take him down within three moves! If you fail to do so, you are no longer my Shidi!" said the fatty.

"Shixiong! Don't you worry! I have seen this garbage fighting with others! At most, his combat power should be around five thousand! Three moves are more than enough! I think one move is enough to take him down!"

"The faster the better! I want to go back to the brothel!"

Upon taking a puff from his cigar, fatty took out his cell phone from his pocket and started playing with it.

"Alright!"

With his head nodded, the thin one strode towards Chen Xiaobei with a grim smile on his face.

"Kid, I'm planning to break one of your legs! Do you want me to break your left or right leg?"

"Please don't do it! Pain is the only thing that I'm afraid of throughout my whole life! I'm going to die of pain if you break one of my legs!"

"Don't you worry! I'm going to be quick about it! Just a leg! You won't die of pain!"

Targetting Chen Xiaobei, he stomped on the ground and dashed at Chen Xiaobei like a flying arrow. Immediately, he channeled all this strength to his right leg and planned to aim at smashing Chen Xiaobei's knee. It was really ruthless of him.

Ding!

[Cultivation: Middle phase of Qi refining stage. Health: 8000. Combat power: 8000!]

After scanning him with Netherspirit Battlescouter, Chen Xiaobei could not help but laugh it out loud. Eight thousand combat power was more than enough to break a huge tree but it was not enough to do any real damage to Chen Xiaobei. Since he came back from Zhong State, Chen Xiaobei had managed to boost his combat power to twenty thousand!

Klak!

A crunch reverberated in the air. Seemingly, the thin goon managed to land a hard kick on Chen Xiaobei's knee.

"Eh? I think I felt something break!" Chen Xiaobei said with an innocent smile on his face.

"Ouch... Oh..."

At the same time, the thin goon let out an agonizing scream that was similar to how a pig screamed when it was being slaughtered. Following that, he fell to the ground and pressed on his leg to ease the pain. The bone-shattering pain was so intense that he had to roll on the ground.

"Eh? I thought you wanted to break my leg? Why did you break your own leg? Take a good look at yourself! You are still young. Why are you suffering from osteoporosis at this age? You need more calcium in your body! Drink more pig's leg soup to nourish yourself!"

"I... F*ck you... You are lacking calcium, not me!"

The thin goon almost spurted a mouthful of warm blood to the sky. Well, Chen Xiaobei did conceal his true combat power in front of them. Without them knowing his bone was as hard as steel, he allowed the thin goon to have a taste of bone-shattering pain.

"Actually, I have learned osteopathy before! Let me help you!"

With his eyebrows raised, Chen Xiaobei smiled grimly.

"No! Please don't do it... Shixiong! Help! Ah..."

Immediately, fear came knocking at his door. He was close to wetting his pants.

"Son of a bitch! How dare you conceal your true combat power to hurt my Shidi? I'm going to break all your legs!"

Like a wild boar, the fat goon dashed at Chen Xiaobei with all his might when he saw that his Shidi was hurt. Every step that he took was powerful enough to create a small shake on the ground.

Shinnng

While dashing at Chen Xiaobei, the fat goon drew his sword with the intention of decapitating Chen Xiaobei.

"I think you are lack calcium as well."

Calm as usual, Chen Xiaobei did not even bother to activate his Netherspirit Battlescouter to check on him. All he did was lift his hands.

"Eh? Are you planning to block my attack with your hand? Retarded fool!"

Gritting his teeth, the fatty swung the sword using both hands, with all his might. The power that he put in his swinging strength was powerful enough to cut an ordinary person in half. Unfortunately, his strength could do nothing to Chen Xiaobei.

Shinnng

The sword whistled in the air and was stopped in mid-air by Chen Xiaobei's two fingers.

"This... How is this even possible?"

The fatty and the thin one were left in a state of bewilderment. They did not think that Chen Xiaobei could be so powerful. One should know that stopping an incoming sword attack with one's bare hands was extremely hard. It required strength that was more powerful than the opponent to do it. Stopping the sword with only two fingers was even harder. Unless the difference in power was extremely huge. There was no way that the person could do something like this.

"You... You hid it too well..."

Immediately, the fatty's pupils shrank. With his body shaking non-stop, he dropped his sword and started to run.

"Why are you running? I think you have forgotten something!"

"Here you go!"

Chen Xiaobei threw the sword at fatty.

Swoosh

The sword penetrated his anus.

[Red Envelope Group of the Three Realms](#)

Chapter 635: Slapping Face

Phissh

Traveling at lightning speed, the sword went deep into the fatty's anus.

"Ouch! Oh... My an... Ah..."

The fatty fell to the ground like a mad dog falling in its own shit. Following that, his anus was bleeding non-stop as he screamed hysterically. Honestly, seeing him suffering pain in his anus was quite satisfying to watch.

"Shixiong! Are you alright?"

"Motherf*cker! Are you blind? My anus has been destroyed! Do I look okay to you?"

Rendering speechless, the thin goon gulped.

"I've had enough. Tell me. Who sent you here? Why did they send you here to kill me? Tell me everything now!"

Chen Xiaobei strode towards the fatty, squatted down and tapped on his face.

"Boss... Have mercy, please... I think you know the one that sent us here to kill you. Is it even necessary to ask us this question? It will not end well for us to break the oath of silence!"

"This has nothing to do with me! I've been very merciful for not killing the two of you!"

Immediately, Chen Xiaobei took out his cell phone and tapped on the recording application. Eventually, this recording piece would become an important bargaining chip to take revenge on the Zhuang Family in the future! Though the Zhuang Family was powerful in Jianghu, they were still afraid of the pressure that came from rumors.

Now, the whole country knew that Zhuang Bufan was at fault and the Zhuang Family hired assassins to kill Chen Xiaobei. The criticisms from the netizen would flood the Zhuang family within seconds if this someone shed light on this matter. Thing like reputation was extremely important for a powerful family like the Zhuangs. The consequences would be catastrophic if they lost the support from people around the country.

Setting the public aside, those families that were slightly less powerful than them were praying and hoping every day that the Zhuang family would eventually crumble! All of them wanted to bring them down really bad. That was why it was important for Chen Xiaobei to acquire this recording clip.

"Spill!"

A murderous intent was reflected from deep within Chen Xiaobei's eyes.

Siiii...

Immediately, the fatty took a deep breath. He could feel that he was being thrown into a freezing pit – hands, legs, and even his breath were frozen.

"I will... I will tell you everything that I know..."

Upon crushing his state of mind successfully, the fatty nodded his head non-stop and told Chen Xiaobei everything after that.

"Alright!"

With a smile on his face, Chen Xiaobei kept his cell phone. On the other hand, the two of them could finally let out a sigh of relief. They thought they had escaped the fate of being killed and tortured.

"Damn! I almost forgot about something! I need to help you to connect some of your bones together!"

Raising his eyebrows, Chen Xiaobei approached the skinny goon. While ignoring the agonizing scream from the skinny goon, Chen Xiaobei applied the Muscles and Bones Shifting Technique on him.

"Oh my god..."

Upon witnessing the thing that Chen Xiaobei just did on the skinny goon, fatty could feel his skin prickling all over. Within a few seconds, the skinny goon was turned into an S shape by Chen Xiaobei like a piece of toy.

"All done! This S-shaped thing seems a bit lonely! I should look for someone to keep him company!"

"No... No..."

Clearly, Chen Xiaobei was talking about him since there was no one else around him. With an evil smile on his face, Chen Xiaobei gave fatty a good Muscle and Bone Shifting Technique service as well! After that, Chen Xiaobei left the place.

.....

At the biggest hospital in Dragon City.

Zhuang Lao Taijun, Zhuang Hao, and Huangfu Mumin entered a private room in the hospital that could fit at least two people. Fatty and skinny goon were lying on the sick beds looking lifeless. After seeing their condition, Zhuang Lao Taijun and Zhuang Hao freaked out completely. The skinny goon's hands, legs, and waist were deformed – turned into an S shape.

Being forced to hold on to his head with both of his hands and both of his legs twisted in completely different directions – his whole body turned into a B shape with his tummy facing the sky.

Zhuang Lao Taijun and Zhuang Hao looked frustrated, as though someone just landed a slap on their faces. They could cough out a mouthful of blood anytime soon.

"What the hell happened?!" asked Zhuang Hao angrily.

"Master Zhuang... We have made a grave mistake! In that video clip, Chen Xiaobei did not even use his full force to fight with his opponents! I can say that he concealed his true combat power pretty damn well!" said the fatty.

Upon hearing that, Zhuang Hao and Zhuang Lao Taijun got even angrier. They never dreamt that a young lad like Chen Xiaobei was powerful enough to defeat the fatty. Zhuang Lao Taijun was famous for her strategic ideas and masterful plans. The moment Chen Xiaobei slapped her in the face, all her reputation was destroyed by him at the same time. With that being said, the Zhuang Family's reputation was at stake if someone knew about it.

"It seems like we have underestimated that kid! The two of you should rest for now. The doctor will come and check on the two of you later!"

"Lao Taijun... The doctors have checked on us... Even the bone specialists shook their heads when they checked on us earlier. They told us that they did not dare to help us to reconnect our bones to the right place because they were afraid that they might make it worse..."

"What? How is this even possible?"

Zhuang Lao Taijun was left in bewilderment.

"Let me check on him!"

Immediately, Huangfu Mumin took the initiative to check on the fatty. Almost all the alchemists were highly-skilled doctors. Naturally, the method that they used to connect one's bones was definitely better than the so-called-specialist in the hospital!

"This is...?" asked fatty.

"Don't worry! This is the best alchemist in China, Huangfu Mumin!" declared Zhuang Hao.

"Oh my god! It's our honor and pleasure to finally meet Master Huangfu! We can definitely be healed if Huangfu Mumin decides to help us!"

Immediately, fatty and skinny goon felt really excited. To them, Huangfu Mumin was like a miracle doctor. An easy matter like this could definitely be solved by him. Unfortunately, they almost bit their tongues when they received a bad news seconds later.

"These injuries are just too unusual! I don't think there is anything that I can do about it... All their bones are connected in some really strange ways! Trying to fix them will only cause more harms to their bodies..."

"H-How is this even possible?"

"I have studied medicine for more than a decade. I have never seen injuries like this... There is no other way to cure them except asking Chen Xiaobei to come here to heal them personally!"

"Chen! Xiao! Bei! Zhuang Hao, go and hire a new group of people to capture him! I want to meet him tonight!"

"Yes!"

"Master Zhuang! Don't go! Both of us here could not stand the torture from that kid! We were forced to betray you... He recorded all the things that we said... I'm afraid he will tell the whole thing to the public if we go after him..."

"What?!"

"Zhuang Hao! Throw these two useless losers into Xuanwu Lake and feed them to the crocodiles!"

Chapter 636: Green Jade Gourd

Knock knock

Song Qincheng hurriedly put on a skin-tight purple nightgown and rushed to the door.

"Xiaobei! How did you get here so quickly?" Song Qincheng's face was flushed with excitement; her heart settled at the sight of him.

Just as she had finished talking, Chen Xiaobei's lips were already on her supple lips. He wrapped his arms tightly around her slender waist and kicked the door shut with one leg.

He brought her to the room and went straight for the bed. Song Qincheng wiggled in his arms, refusing to lie on the bed. As she struggled her ample breasts shuddered. When Chen Xiaobei saw this, his mouth felt dry with a feral thirst that he clawed at her nightgown brazenly, working his way down as he covered her soft white neck with kisses.

Song Qincheng was instantly stirred. She had always liked this about him, his dominance was very masculine!

"Don't rush!"

Song Qincheng placed her palm on his chest and used all her strength to straddle him.

"Is everything handled? Will the Zhuang Family cause trouble again? Better pray that nothing bad is going to happen at this moment!"

Song Qincheng was not a stupid woman. Even though she was aroused like spring water, she was still vigilant.

"Don't you worry! I'm in complete control of the Zhuang Family. Unless they have complete assurance, they will not bother me anymore! There is no cause for worry now!"

Chen Xiaobei scooped Song Qincheng's tiny waist and pulled her until her body was on top of his. "Come on! I want you! Once everything was done, I came as quickly as I could. Not a second wasted!"

"Mmm... Naughty boy! You always know what to say to make me happy! Who do you think are? A sage?" Song Qincheng stretched out a finger and poked at his forehead and said coyly, "But, you must promise to be gentle today! If you are rough with me, I won't let you have your way with me anymore!"

Chen Xiaobei said nothing and planted a kiss on her delicate lips – that pair of delicious petals that every man dreamt of caressing. Song Qincheng then responded to him, completely unrestrained.

Chen Xiaobei knew very well that he was like a raging storm – rough and wild – he could not control the beast within himself. He could only blame the sultry woman in his arms! If it were some other men in his place – unless he was a eunuch – would also give his all to pleasure her!

The fact was, Chen Xiaobei and Song Qincheng have not known each other for long but their relationship had developed really quickly.

Sometime, somewhere, by some mysterious fate, they came together, giving themselves to each other, becoming one.

This exquisite creature that drove all men crazy was finally tamed by Chen Xiaobei!

It was no doubt that Chen Xiaobei was a lucky guy! Absolutely, extremely lucky!

Not only did he get unfettered joy from her, he had also gotten good luck and a great help – he now got himself a safe harbor. To him, Song Qincheng had occupied a very important place in his heart. Similarly, in Song Qincheng's heart, Chen Xiaobei had an irreplaceable presence.

Song Qincheng's care and tenderness towards Chen Xiaobei was true from her heart, not a trace of fabrication!

Since she met him, she had decided that they were partners till death in this life!

And Chen Xiaobei knew this very well.

Their feelings for each other were strong and impenetrable. At that moment, Chen Xiaobei's fire raged and he burned with passion. He longed to leave pieces of himself in her, her heart, her soul, and her body! At the same time, Song Qincheng had already reached the peak of dizzying happiness.

Even though she had told Chen Xiaobei that she would not allow him to act like a wild beast on the bed, she still liked how long Chen Xiaobei could last when they made love to each other. To women, Chen Xiaobei was a deadly poison. Just one drop and forever marked. There was no way that Song Qincheng would ever leave him.

...

When they were done, they laid in bed, arms around each other.

It did not take long for the second 'confrontation' to start again. Chen Xiaobei was tireless. Dripping in perspiration, they entered each other.

Only the sound of heavy breathing could be hear.

Round two!

...

"Little brother, this is the third time. I'm going to die. Can you still go on?"

"Don't ask this kind of silly questions! Come on! Lift your legs!"

"Oh... This position is so risqué..."

While Chen Xiaobei's body surpassed the ordinary man in every way, it also tired greater than those of regular men.

"It's nearly morning, let's get some sleep" Chen Xiaobei rolled off her and was at eye level with Song Qincheng's sides. Seeing the nail marks on her breasts, he drew her into his arms.

"Little brother, are you tired already?" Song Qincheng asked.

"You really think I am superman..." Chen Xiaobei let out a long sigh. They made love three times in a row. It was more than enough for someone to be proud of – there was no need to act tough anymore.

"I don't want to sleep..." Song Qincheng moaned and reached for Chen Xiaobei's finger, placed them between her red lips and sucked. Chen Xiaobei was immediately revived.

"Woman..."

Chen Xiaobei didn't know whether to laugh or cry. It looks like they won't be getting any sleep tonight.

"Wait here!" Song Qincheng got up and walked to the closet.

"Phew..." Chen Xiaobei quickly got up and reached for a bottle of Hundred Herbs Potion in his phone to replenish his body.

While he was rummaging through the treasure chest, Chen Xiaobei's lit up. His eyes landed on the green jade gourd.

"If this baby is tied closely to Wu Zetian. Maybe something would happen to it when Qincheng reaches her climax!"

Chen Xiaobei had a bold idea and he immediately took the green jade gourd out.

When he opened the lid, a thick cloud of Spiritual Qi was released.

"Little brother, do you remember your empress?"

Song Qincheng walked in, wearing an empress robe.

It was exactly as he remembered it, there was nothing underneath. It was extremely salacious.

But there was something different... This time, she was exuding an empress aura – having everything under her control.

"You conquer nations, and I conquer you! I'm always on top of you!" Chen Xiaobei grinned and was about to get up when Song Qincheng pushed him down and climbed on top of him.

"Stay there! You're tired. Let me be on top this time!"

The battle was rekindled.

Song Qincheng lost herself when she reached climax.

Buzz

The green jade gourd moved and rays of green light surrounded them immediately.

"There is something happening right now!"

Just as expected, Chen Xiaobei calmed himself down observed it carefully.

Red Envelope Group of the Three Realms

Chapter 637: Giant Serpen

"W-What is this...?"

Suddenly, Chen Xiaobei's eyesight became blurry. After that, something weird started to surface in his mind. A gigantic obsidian beast charged out from the east blue ocean. Its body was as thick as the pillar in heaven with hundreds of meters in height. That was a humungous serpent that could touch the sky!

Swoosh

Then, the serpent flew into the sky like a dragon. It looked like it was about to leave the human realm.

Rumble

At that moment, a terrifying lightning landed right on its head. Like a lightning dragon, it devoured the serpent without any mercy. The size of the lightning was hundreds of times larger than the body of the serpent.

Ah... Oh...

"Under the torture of lightning dragon, the serpent was struggling in pain. In the end, it had to give up the dream of flying into the sky to turn into a real dragon. All it could do was to recover all its strength and return back to the sea. Unfortunately, the lightning showed no mercy to the serpent. Its might even caused the serpent to turn into ash seconds later – scattering all across the sky.

Swoosh

A blood-colored pearl fell from the sky into the sea like a meteor after the serpent turned to ash. Immediately, a huge patch of ordinary sea turned into a crimson sea. The blood red sea water lingered in the sea for quite some time. It was as if the serpent was trying to vent out its frustrations. However, that huge patch of crimson sea water was no match for the ocean. In the end, it was diluted by the ordinary sea water – leaving no trace behind.

That was the end of the scene that flashed through Chen Xiaobei's mind.

Siiii

Upon taking in a mouthful of fresh air, Chen Xiaobei finally came back to reality. It seemed that a lot of time had passed. Light from outside the window started to fill the room. Meanwhile, Song Qincheng was sleeping soundly beside Chen Xiaobei.

Laying his eyes on the green jade gourd, Chen Xiaobei thought, "What does that scene that appeared in my mind mean? A gigantic serpent flew into the sky and hit by lightning... Could... Could this be the legendary catastrophic event?"

Immediately, Chen Xiaobei came to a realization. According to the legends, whenever a human or monster reached the pinnacle phase of certain cultivation in the human realm, they would be summoned by the heavenly realm and receive an opportunity to ascend to heaven. However, one would need to go through the baptism of the catastrophic event before the individual could ascend to the heaven! And, for those who succeeded in surviving the baptism would earn the right to leave the human realm and ascend to the heavenly realm that everyone wanted to go.

"Let's say, if the serpent was killed during the catastrophic event and the blood-red pearl is most probably its demonic pill! In other words, the crimson demonic pill is the hidden opportunity... Blood... Blood red...!"

Chen Xiaobei took some time to organize his mind and try to connect everything together.

"In the beginning, Chaos Essence Sword was the one that discovered the Beaded Blood Amber Bracelet. Then, the Beaded Blood Amber Bracelet led me to the green jade gourd. Now, the clue of Crimson Demonic Pill is presented in front of me! If I'm not mistaken, once I locate the Crimson Demonic Pill, the Chaos Essence Sword would consume all the essence within it! That will be the time for Chaos Essence Sword to evolve to next stage! This is it! I don't think I make a mistake here!"

Beaming at the empty space, Chen Xiaobei was very confident of his deduction.

"From the scene that appeared in my mind earlier, I can roughly estimate that the spot where the Crimson Demonic Pearl drops is at the east side of Japan. I think I can take some time out to look for it when I travel to Japan!"

Upon thinking about traveling to Japan, Chen Xiaobei's anticipation grew. Inside his treasure chest, there were two pieces of Heavenly Dog Biscuits left. It was meant for the emperor and prime minister of Japan. Other than that, there was one more Five Thunder Talisman. Chen Xiaobei planned to use it on the enemies that he was going to encounter in Japan.

Considering that Li Xiang wanted to kick-start Emperor Qin's plan, he needed to look for the last piece of map in Japan as well. Now that he had an extra objective to look for the Crimson Demonic Pill, the trip to Japan was practically unavoidable.

.....

After waking up, Song Qincheng rushed to the company immediately. Though she, Feng Yaolun, and Sister Fei, were on the same page, they still need to work hard to prepare many things. For example, signing multiple contracts, replace the actors and actresses from Zhuang Entertainment to their own actors and actresses, and working on the publicity were the things that they needed to do.

Honestly speaking, Song Qincheng would be very occupied during the period of time. On the other hand, Chen Xiaobei could lie back and relax. There was nothing he could do before the official filming. So, in the end, he decided to make a trip back to his Bei Xuan Faction to take care of five pairs of mother-child voodoo worm that he grew. With the help of green jade gourd, all of them were really healthy. It seemed like Chen Xiaobei could harvest them once they reached the adult stage.

Right after that, Chen Xiaobei wanted to train his combat power and health. However, someone called him when he was about to enter his Zen. The people that he worked with had some questions regarding

the contract. Every ten minutes, someone would call him. It was simply not possible for him to begin his training.

"Since I can't begin my training, I think I should study the formula of the Skybreaking Cultivation Pill..."

Chen Xiaobei felt really frustrated but he could not afford to waste any more time. He had to look for something to do. Immediately, he took out the formula for the Skybreaking Cultivation Pill from his treasure chest and started to read on it.

"Damn! This is super complicated! Laotzu's item is no joke!"

The Skybreaking Cultivation Pill could only work on non-deity beings. In other words, it could not be considered as the real heavenly pill. Considering that its effect was magical, the process of making it would definitely not be easy. Almost all the medical ingredients listed in the formula were extremely rare. The age of each item had to be extremely old as well. In addition, one needed to be able to control the Enigmatic Fire well. A small mistake could cause the whole thing to fall apart. Finally, the law of Bagua and Five Elements must be followed closely. Time, location, and human resources could make a difference in the pill concocting process too.

"Controlling the fire, Five Elements, time.... I can learn about all these things slowly... But...Where should I look for all those valuable medical ingredients?"

According to the formula, he needed to use medical ingredients like an eight-hundred-year-old Ganoderma and a thousand-year-old ginseng. It was almost impossible to look for all these extremely rare medical ingredients in normal markets or shops. The only way to acquire them was from high-class auctions.

However, not every auction would bring out the medical ingredients that he wanted and there was no guarantee that he could outbid others. It was important to know that valuable medical ingredient like that would cause those powerful individuals that stood on top of the pyramid to fight for it! To them, money was just a series of numbers.

"Though I'm not in need of the Skybreaking Cultivation Pill, I still need to prepare for it! Prevention is always better than cure!"

With a calm mind, Chen Xiaobei managed to think through all the possible outcomes. After some thought, Chen Xiaobei took out his cell phone and called Elder Luo. Considering that Nine Needles Luo was like a titan in the medical field, he should know something that Chen Xiaobei did not know. Coincidentally, Elder Luo wanted to talk to Chen Xiaobei as well.

Chapter 638: Good at Guessing One's Marital Life

At the common area of the Luo Family's mansion.

"Xiaobei is here! Quick, come in and have a seat!"

"Grandpa."

With a smile on his face, Chen Xiaobei greeted Elder Luo politely. Upon seeing that, the man that sat in the living room was slightly taken aback. This man was around forty years old. He was just sitting without saying any words. He emitted an authoritarian aura.

"Let me make a simple introduction. This is the secretary of trade and industry, He Yunqian!" said Elder Luo.

"Good day, Secretary He."

Chen Xiaobei nodded at him in a polite manner. One should know that the secretary of trade and industry held a great power in Dragon City. All those filthy rich businessmen and huge companies had to go through him before starting any new businesses. It was no wonder that Elder Luo wanted to welcome him personally.

"Secretary He, this is the medical prodigy that I told you earlier. He is also my son-in-law, Chen Xiaobei!"

After introducing Chen Xiaobei to Secretary He, Elder Luo could not help but raise his chin up high. It was as if he was really proud to have Chen Xiaobei as his son-in-law.

"Him? Medical prodigy? Elder Luo, you must be kidding with me! A legendary doctor like you can't even do anything with my illness! What makes you think that this young lad over here can cure my illness?"

"Secretary He, do not look down on Xiaobei. His medicinal skill might be even better than me! Madam Diana, I'm pretty sure you are familiar with her name! Earlier, she was sent to the hospital in Dragon City. Even the embassy was alerted. Unfortunately, I couldn't cure her illness. In the end, it was Xiaobei that cured her illness!"

"I did hear about that incident. But, his profession is different. This young man over here might be good at heart diseases. But, my illness..."

Seemingly, He Yunqian was having a hard time telling Chen Xiaobei about his illness.

"Secretary He, let me use some facts to stop your doubts! Allow Xiaobei to have three minutes to diagnose you. After that, you will be the judge! I'm very confident that my son-in-law will not let you down!"

"Alright. I will let the prodigy diagnose me."

To be frank, he did not believe in Chen Xiaobei at all. The reason he agreed to it was just a sign of respect to Elder Luo.

"Xiaobei, just do what you need to do!"

Though Elder Luo failed to cure He Yunqian, he would still feel proud if his son-in-law could cure him.

Nodding his head, Chen Xiaobei answered in a calm manner. However, his diagnosis for He Yunqian was rather shocking.

"Actually, Secretary He does not have any illness. On the contrary, his body is really healthy! Healthier than those that are the same age as him!"

"Hmph! This is a load of nonsense! Including Elder Luo, I have looked for a lot of famous doctors around the country to diagnose my illness! All of them told me that I'm sick. And, you told me that I'm not ill? This is really funny!"

"Xiaobei! Please try to take a closer look. It is obvious that Secretary Liu does not have enough Qi and blood! With Qi observing skill, you should be able to spot it within seconds."

"Lacking Qi and blood is just a surface problem. That is not the root of the cause of his illness! I don't believe that all the famous doctors around the country failed to cure this simple illness!"

"This... Secretary He had tried a lot of ways to nourish his Qi and blood but none of them seem to work... I have tried applying acupuncture treatment on him but it was still deemed useless... Could it be I'm looking in the wrong direction?"

"Yes. All the doctors that he met are looking in the wrong direction! However, they are not to be blamed because Secretary He's problem is not related to the medical field!"

"What is the actual problem here?" Elder Luo asked quickly. Even He Yunqian straightened up his ears to listen to Chen Xiaobei's opinion.

"Voodoo! Some skillful voodoo master planted voodoo poison inside his body without him knowing it. That is why his Qi is emptied out! From the surface, it looks like he is lacking blood and Qi!"

"Voodoo master? Voodoo poison? Do I look like a kid to you? I thought you are going to tell me something promising! Just I expected, you are just another quack in this Jianghu! I bet you are going to look into my future next!"

As an atheist, He Yunqian did not believe in Chen Xiaobei at all. To him, Chen Xiaobei was just spouting nonsense. He was no different from those quacks that made a living from tricking others.

"Hehe... I don't think I can look into your future... However, I'm good at looking into one's marital life. I can see that you and your wife are not on good terms. Also, you do not have any children. If I'm not mistaken, your wife wanted a divorce recently, right?"

"This..."

Upon hearing that, He Yunqian was left in bewilderment. He had his eyes wide open – staring at Elder Luo.

"I have not told Chen Xiaobei anything about you. You were standing beside me when I talked to him over the cell phone earlier. Also, I didn't even know that your wife wanted a divorce!"

Taken aback, He Yunqian took in a deep breath. It was a known fact that he did not have any children. When it came to his marriage, he would only tell the doctor when the doctor asked about it. As for his wife asking for a divorce, he had never told anyone about it.

He could not fathom that a young man like Chen Xiaobei could find that out without him telling him. This was just way too incredible! With the truth and fact lying down in front of him, even an atheist like He Yunqian had to put his trust in him.

"My prodigy, forgive me for offending you earlier. Please tell me how did you know about my marriage?"

"Don't call me a prodigy. Call me a quack!"

"No! You are not a quack! You are a master! That's right! You are Master Chen! This is all my fault! Please help me! I really love my wife! I don't want to lose her!"

"No."

"I can't simply help you. This has everything to do with divine secrets. Helping you will reduce my lifespan!"

Chen Xiaobei was trying to make up something to make a fool out of him. After all, it was actually true that Chen Xiaobei would receive Divine Punishment if he used Eight Diagrams of Godly Prediction to look into the future. This time, Chen Xiaobei managed to deduce He Yunqian's problem through observing other minute details. The reason he chose not to tell him about it was to teach him a lesson.

Laving him with no choice, he had to beg Elder Luo to ask Chen Xiaobei to help him.

"Elder Luo! Please say something! I'm done for if Master Chen refuses to help me!"

"Xiaobei! Don't make his life any more difficult. Just tell him how you found out about his marriage problem."

"Alright. Given that Elder Luo is asking me to help you, I will tell you this divine secret. Secretary He, you owe my grandpa a huge favor!"

"Yes! Yes! Yes! I will definitely remember this favor if Master Chen is willing to help me!"

[Red Envelope Group of the Three Realms](#)

Chapter 639: I'm Impressed

"Because of the voodoo poison, all your Qi was drained! You are actually not lacking in Qi and blood. Your kidney and testicles are not doing well! With that being said, you are suffering from impotency! That was why you and your wife are not on good terms! Other than that, this voodoo poison has stayed in your body for quite some time. It is naturally difficult for you to impregnate your wife."

Upon hearing that, He Yunqian did not deny Chen Xiaobei's diagnosis.

"How did you know my wife wants a divorce?"

"Firstly, you have bloodshot eyes and the dark circles below your eyes are pretty obvious as well. Clearly, you are not sleeping well recently. Besides that, it's been some time since you washed your shirt. That is enough to prove that your wife is not happy with you. Seeing that it affects your sleep, I made a bold guess that wife wants a divorce!"

"I'm impressed! I'm truly impressed! Mr. Chen! You are a medical genius! You are Master Chen! You are really good at observing others! I can tell you that I'm pretty good at reading others as well. There are less than ten people in the world can truly impress me! And you are one of them!"

Seemingly, He Yunqian was a smart man. He knew clearly that Chen Xiaobei did not make those deduction based on the Divine Secret that Chen Xiaobei mentioned earlier. He must have used some secret methods to diagnose that there was voodoo poison in his body. Knowing that he was impotent proved that Chen Xiaobei was a skillful doctor – making him a genius. Finally, Chen Xiaobei managed to deduce that his wife wanted a divorce with his excellent observation – spotting things that ordinary people would not pay attention to. That made him a smart man.

"Knowledge makes a man! I'm impressed..."

At that moment, even Elder Luo could not help but compliment Chen Xiaobei. Of course, he was proud of his future son-in-law as well.

"Actually, my relationship with my wife is really good. She has never complained about me... But... Us having no children is always one of her knots in her heart. A few days ago, her friend gave birth to a second child. It kind of triggered her emotion. I think that was why she wanted a divorce. Mr. Chen! I beg you to help me! I don't want to lose my wife... You are my benefactor forever if you can help me to overcome this problem."

"Don't worry. To me, this is not a difficult problem to solve at all!"

"With that being said, are you trying to tell me that you are willing to help me? This is great!"

Left in an excited state, He Yunqian looked at Chen Xiaobei liked he was looking at his savior.

"First, you are not a bad guy. Second, you are really polite. That's why I decided to help you with your problem. I'm going to go out for a while, you guys can wait for me here."

Chen Xiaobei took a cup with him and left the room.

"Elder Luo! Where did you find this son-in-law? You are truly blessed!"

"This has nothing to do with me. My granddaughter is the one that has good taste in men. Bringing Chen Xiaobei to me is a blessing! Hahaha..."

"The almighty Luo Puti is living up to her name! She is gorgeous, smart and a pair of crystal clear eyes to spot the perfect man! I remember there was a time when the powerful individuals in Dragon City were all going after her. However, Ms. Luo showed no interest in them. In the end, she chose to be together with Mr. Chen!"

"Secretary He, you are over complimenting them. You are going to spoil them!"

Though Elder Luo was acting humble in front of He Yunqian, he was actually feeling secretly happy inside his heart. At his age, all the fame and glory were not that important anymore. Family was the thing that he cared about the most right now. He would feel content when he saw that Chen Xiaobei and Luo Puti live a good life. Listening to He Yunqian's compliments of Luo Puti and Chen Xiaobei made him happier than being complimented as the best acupuncture doctor within the whole country!

"Grandpa, why are you so happy?"

With a teacup in his hand, Chen Xiaobei walked towards Elder Luo.

"I was just wondering when I'll get to hug my grandson! Hahaha!"

"Well, you have to ask Puti about it. She is the one that in charge of business like this."

Chen Xiaobei put on a somber smile and push the blame to Luo Puti. Truthfully, Luo Puti was not willing to let Chen Xiaobei get close to her. Seemingly, it was going to take a long time before Elder Luo had the chance to hug his grandson.

"Secretary He, take a sip from this cup of water. Bring the rest to your wife."

"This... This can help me to get rid of my voodoo poison?"

Upon taking the teacup from Chen Xiaobei, He Yunqian saw that the cup was filled with ordinary water. It was no wonder that he felt skeptical towards it.

"Just give a try and you will know."

"Alright! I trust you!"

"Oh my god! What kind of water is this..."

After gulping down the water, He Yunqian was taken aback. A shocking look could be seen on his face.

"What happened? Is there something wrong with the water?"

Elder Luo was bemused after seeing He Yunqian standing there like a statue. On the other hand, Chen Xiaobei did not say a word. All he did was looked at He Yunqian's waist. Through Netherspirit Battlescouter, he could clearly see that the Yin Qi between his kidney was slowly disappearing. From the beginning, this could of Yin Qi was the reason why Chen Xiaobei was so sure about He Yunqian being tortured by voodoo poison. The water that Chen Xiaobei poured into the teacup was the leftover Divine River Spiritual Water that he kept in his treasure chest.

"This is magical! I can feel a stream of purified water run through my body! All the dirt in my body is gone! I feel so alive right now!"

"How... How is this even possible?"

Elder Luo had his eyes wide open. He had never heard of such magical water.

"It's real! It's true! This is the real magical water! Mr. Chen! You are like a deity that walks on this earth!"

Upon seeing He Yunqian's reaction, Elder Luo was shocked. He had never expected an atheist like He Yunqian would get so excited over something that he did not believe in – thinking that he might be brainwashed by Chen Xiaobei.

"Secretary He, your problem is now solved! Work harder and you will be able to harvest the fruit within a month!"

"This is great... This is fantastic... Mr. Chen... You are now my biggest benefactor... I'm forever grateful for what you have done for me!"

The voodoo poison had affected his sex life – causing him to fail to impregnate his wife. And, it almost cost his marriage as well. Now that this big problem of his was finally solved, he would definitely remember it for life!

Suddenly, Chen Xiaobei received a message from the Red Envelope group.

[@Chen Xiaobei, God Chen! Where are the Red Envelopes that you promised us?!]

Chen Xiaobei: Here I come! I will never break my promise! I'm just thinking what to put inside the Red Envelopes.

The truth was that Chen Xiaobei had completely forgotten about it due to his training. Everyone would be furious if Chen Xiaobei told them the truth. Rendered with no other option, he had to make up something do calm them down.

Zhu Bajie: With that being said, are you going to give us something new this time?

Moon Lord: What kind of new stuff? I'm really looking forward to it! It will be nice if you give me some alcohol! I'm so sick of WaHaHa High-Cal Milk.

Everyone: We have been waiting for a long time!

God Erlang: One, two, three, four, five, six, seven!

Everyone: It's painful to wait for long!

Chen Xiaobei: Err... Who taught you this chant?

Everyone: Jiang Ziya is the one that taught us this chant! We will continue to shout in your face if you don't give us the Red Envelopes that you promised us! Quick!

Chen Xiaobei: I will definitely send them to you! I didn't say anything about breaking my promise! I need some time to prepare the new item for you guys... Just wait until tonight, I will send out a wave of Red Envelopes to the group!

Everyone: That sounds promising! We will be waiting for you!

Chen Xiaobei: I know...

"Shit! I just put myself in a difficult situation!"

Immediately, Chen Xiaobei felt frustrated after he pocketed his cell phone. With that being said, Chen Xiaobei could not send those deities that items that he sent them last time. However, there was not much time left. He was thinking really hard about the item that could satisfy all of them. If they were happy with the new item, they might send some Red Envelopes in the group and Chen Xiaobei might be able to snatch them. However, Chen Xiaobei was worried that the new items might disappoint them. By then, all his effort would be wasted. In other words, there would be no Red Envelopes sent to the group if they were not happy with him.

"What should I send?!"

With his brow knitted, Chen Xiaobei had to think really hard about the items that he was going to send to them later. Firstly, there were old and young deities and monsters in the group. Secondly, there were tens of thousands of members in the Red Envelope group! Lastly, he had to get everything done before tonight!

"Xiaobei? What's the matter? You have solved Secretary He's problem. Why are you frowning?" asked Elder Luo.

"Oh right! I have something that I need to ask Secretary He!"

"Mr. Chen. Ask away. I will tell you everything that I know!"

"Secretary He, I know that you are in charge of all the trade in Dragon City. You should know all the products in the market better than anyone else. I would like to know if there's anything that everybody likes? It would be best if the item can be acquired easily and the price is cheap!"

"You have come to the right person! There is one thing that fulfills your requirement!"

"What?!"

"Street food! For example, braised pork, fermented soy milk, and boiled cow's stomach are Dragon City's residents' favorite delicacies!"

"Erm... I have to add on one more requirement. Everyone around the country has to like it..."

The new requirement that Chen Xiaobei just added was actually very important. He could still remember that he almost vomited from drinking the fermented soy milk.

"Everyone around the country has to like it... Got it! There is one thing that fits all your requirement!"

"What's that?!"

Even Elder Luo felt curious. He had no idea what kind of street food could fulfill all the requirements that Chen Xiaobei just mentioned.

"Spicy mini lobsters!"

"Yes! That's it! That's the thing that I've been looking for!"

Immediately, Chen Xiaobei clapped his hands. He could not agree more with the suggestion mentioned by He Yunqian. After that, Chen Xiaobei wanted to leave the premise but He Yunqian insisted to buy Chen Xiaobei and Elder Luo a meal to express his gratitude. Considering that he could only buy spicy mini lobsters at night, he did not reject He Yunqian's goodwill. During the dinner, Chen Xiaobei became the center of attention naturally. He Yunqian replaced the alcohol with tea and toasted with Chen Xiaobei for a couple of rounds.

Under He Yunqian's strong request, he insisted that Chen Xiaobei call him Bro He instead of Secretary He. By right, Chen Xiaobei should call him Uncle He but he did not dare to stand on top Chen Xiaobei. After the dinner, Chen Xiaobei asked Elder Luo and He Yunqian a favor to look for the valuable ingredients to concoct the Skybreaking Cultivation Pill.

Following that, Chen Xiaobei rushed to the nearest night market and bought all the spicy mini lobsters. He then drove his car to a spot with no people and put a full trunk of spicy mini lobsters into a big Red Envelope. With the whole process being repeated for a few times, all the spicy mini lobsters in town were all bought by Chen Xiaobei. At the same time, those group members that did not like Chen Xiaobei started to cause a ruckus in the group.

Lei Zhenzi: @Chen Xiaobei! He is a big fat liar! Tens of thousands of us here have waited for him for the whole night! He did not even update us! It seems like he is going to break his promise!

Everyone: No way! God Chen really is going to break his promise? This is disappointing!

Monkey King: Everyone! Don't panic! My brother is a real man! He will never break his promise!

Yanwang: That's right! Everyone knows that God Chen is not that kind of person! Be patient! He will never disappoint us!

Lei Zhenzi: It's easier said than done! It's almost midnight! Where is Chen Xiaobei?

Chen Xiaobei: @Lei Zhenzi... My little follower! Seems like you miss me a lot when I'm gone! I'm here now. What should you do?

Lei Zhenzi: Uh... Welcome, Shishu...

Chen Xiaobei: @Jiang Ziya, Brother Jiang! Are you interested in making a bet with me? Let's bet whether will everyone be disappointed with the items that I send to the group!

Jiang Ziya: Um... No thanks...

Chen Xiaobei: @Everyone! Lift your fingers! Get ready! Set! Go!

Tapping his fingers on the screen, Chen Xiaobei sent the big Red Envelope to the group.
