Chapter 871: Let's Fight If You Want to Fight

Blarrgghh

Blarrgghh

The two disciples that were sent flying ten meters coughed out a mouthful of warm blood and passed out immediately.

"So powerful... Is... Is that kid the faction leader of Bei Xuan Faction, Chen Zhufeng?"

"What's his cultivation? He moves so fast that I failed to check his cultivation!"

"He is actually quite powerful! He just defeated two of our faction members!"

"How old is he? How did he acquire such immense strength? His talent is really shocking!"

Considering that the people that joined the ancient faction had at least 10,000 combat power on them, all hundreds of faction members were taken aback when they witnessed their allies being defeated within seconds.

"Everyone! Shut up! Stop embarrassing yourself! That kid just achieved True Nirvana cultivation! No big deal about that! Chen Xiaobei! We were just thinking about capturing you! You are such an idiot for jumping right into our trap!" shouted Xia Dinxi.

Judging that he assumed that Chen Xiaobei had just achieved True Nirvana cultivation, it seemed like the two brothers from the Zhuang Family did not say a single word about him to them. Ignoring Xia Dinxi, Chen Xiaobei turned around and looked at Liu Xuanxin.

"I'm a fortune teller! After using my fingers to predict your fate, I got to know that you are in need of my help! That's why I came here!"

"You are flirting with me again! Go quickly! The enemies are too powerful for you to handle! There's no way that you can defeat him!"

"Look at this group of trash! I, alone can defeat all of them easily!" said Chen Xiaobei while shrugging.

Taken aback, Liu Xuanxin stared at Chen Xiaobei with her eyes wide open.

"Son of a bitch! How dare you look down on us?! I'm just going to leave you with two options! One, kneel down and beg for your life! Second, I will break your legs and you can stop dreaming of walking again!"

"Hmph! Can you please cut the crap! Please talk like a retard in front of me! I don't have time for this kind of shit! Do what you need to do! Just come and fight me!" said Chen Xiaobei in a domineering manner.

Immediately, Liu Xuanxin grabbed on tight to Chen Xiaobei's sleeve and warned him, "Xia Dinxi is one of the seven heroes of Green Town Faction! In other words, he inherits some of the secret martial arts

from the faction leader! All seven of them are known as the future of Green Town Faction! You should not underestimate his true strength."

"Though Xia Dinxi is ranked seventh among the seven heroes, his combat power is still powerful enough to defeat all the elders at Xuanjian Faction easily! As for the faction leaders of random factions, they could only dream about defeating him!"

Feeling nervous, Liu Xuanxin was worried that Chen Xiaobai might do something stupid.

"I'm sorry to tell you that Bei Xuan Faction is no random faction! If I can defeat Liu Xiyuan, why should I be afraid of all of you guys?!"

'Defeated Liu Xiyuan?'

Liu Xuanxin was in shock when she recalled that Chen Xiaobai had retrieved a Tomahawk Missile from his sleeve. If he could do the same thing this time, defeating all those people that stood in his way was definitely not a problem.

"You still can take out missiles from your sleeve like you used to do?" asked Liu Xuanxin in a soft tone.

"Nope. Not anymore," said Chen Xiaobai while shrugging.

All his ammunition was used to destroy the carrier fleet that Damien led to destroy Paradise Island. He had to break into Japan's military base if he wanted to replenish his ammunition.

"How are you going to fight with them if you run out of ammunition?"

She knew how powerful Chen Xiaobai was after she landed a slap on him last time. To her, there was no way that he could defeat Xia Dinxi and the rest of them once the fight happened.

"Just sit there and watch me! I'm not dumb! Don't worry! I won't send myself to the grave!"

Smiling, Chen Xiaobai took the Seven Treasury Fragrant Pouch from his neck and handed it to Liu Xuanxin.

"Come and sniff my masculine smell. I promise you that it will clear out the poison from your system!"

"Masculine smell? You know no shame! I will not do it!"

Staring at Chen Xiaobai, Liu Xuanxin's face turned red immediately.

"Take it!"

Chen Xiaobai passed the Seven Treasury Fragrant Pouch to Liu Xuanxin forcefully and strode toward the enemies.

"Don't go..."

Initially, Liu Xuanxin wanted to stop Chen Xiaobai to fight with the enemies. However, her body was too weak for her to do so. Looking at Chen Xiaobai's back, Liu Xuanxin felt really touched. A young man that she liked was about to fight for her.

One man going against one hundred people!

Liu Xuanxin could not help but lift the pouch and took a sniff from it. Immediately, a medicinal smell traveled from her nostrils to her lungs. She could feel that she was slowly regaining her energy. Though it was slow, the effect was better than she expected.

"I can't believe that he has such magical item with him!"

Staring at Chen Xiaobei, Liu Xuanxin felt that he was hiding a huge secret.

"You alone going to fight with one of us? Or the entire group?"

At that moment, Chen Xiaobei had already marched to the middle of the battlefield and stared at all hundreds of them in a casual manner.

"Bastard! You have balls! Don't tell others that I'm about to bully you! Let's duel one-on-one!"

Xia Dinxin stared at Chen Xiaobei icily. He then swung his hand and said, "Yuanba. Go and have some fun with him! You and your sister will be allowed to reunite again if you can defeat him!"

"Okay."

Though Huo Yuanba was not happy with Xia Dinxin, he had no choice but to do what he told him to do. Being two meters tall with a muscular body, Huo Yuanba looked like a mobile mini mountain – putting fear into people around him.

Ding!

[Early phase of True Nirvana stage. Health: 33,000. Combat power: 33,000!]

With the help of Netherspirit Battlescouter, Chen Xiaobei got to know his cultivation. Earlier, Luo Puti had already mentioned to him that Tai Yitan, Wu Aofeng, and Huo Yuanba were the of the most talented Jianghu elites that were below thirty years old. The three of them had high hope that they could get into the top three in the martial arts competition.

"Actually, I don't really want to fight with you! If you are willing to surrender to me, I can promise you that I will deliver your sister to you, unharmed!"

"I know you say it out of good intentions. Unfortunately, I will not risk my sister's life no matter what!"

"You don't have to worry about your sister at all! As long as I'm still breathing and standing, Liu Xiyuan will definitely not hurt your sister!"

"If I'm not mistaken, I'm pretty sure Liu Xiyuan and Liu Chunyi are hiding somewhere and watching us! They are afraid of me! That's why they didn't dare to get involved in it!"

"Maybe you are right but I will not risk it! This fight is bound to happen no matter what!"

"I don't mind. If you insist to fight with me. Be my guest!"

Chapter 872: The Wrath of the War Bear

At the far end of the battlefield on the branch of a lush ancient tree stood two figures, observing the skirmish before them.

Chen Xiaobei was right – these two were, in fact, Liu Xiyuan and Liu Chunyi.

This grandfather and grandson pair did not show up at the fight because one, they had made a pact with Zhuang Lao Taijun; and two, they were nervous about Chen Xiaobei's mysterious abilities and wit!

As long as they had this fear of Chen Xiaobei, they would not dare to go to the extreme. If not, Qiao'er would have been tortured by them.

"Grandpa, would you say that that kid is a demigod?"

Liu Chunyi narrowed his eyes.

"I don't think so," Liu Xiyuan shook his head and said, "But, that kid managed to take out a huge number of missiles from his sleeve! That was obvious the doing of a demigod... It is truly unbelievable!"

"You still can't tell?" Liu Chunyi sighed.

"No..." Liu Xiyuan said helplessly, "If I could, why would I be here swallowing my anger?"

"Hopefully this battle can help us draw a conclusive answer!"

The two of them then focused all their attention to Chen Xiaobei, unblinking.

Fear stemmed from uncertainty.

Peace eluded them every day they were not able to put their finger on Chen Xiaobei.

.....

"Mr. Chen, my combat power has reached 33,000. If you weaker than me, just go ahead and surrender."

"At the end of the day, it was us, the Huo Family, that has wronged you and Lady Liu! I sincerely do not want to hurt you again! But I have no choice!" Huo Yuanba lowered his voice, "That's why I hope that you will think about it, and not do anything rash! Otherwise I will show you no mercy!"

"Hehe." Chen Xiaobei smirked at this and said, "You think too highly of yourself. Come on. Bring it on! You cannot hurt me – you won't even be able to harm a hair on my head!"

"What the f*ck! This kid is so arrogant! He speaks to Huo Yuanba like he is nobody!"

"That's not savage! It's more like 'conceited'! Huo Yuanba is the well-known War Bear at Eastern Europe! His combat power is extremely high! I can still remember that he destroyed 1,000 Eastern Europe Mafia singlehandedly! It was huge news back then!"

"How old is this meathead Chen? Where did he get the balls to say something like that?"

"Huo Yuanba was kind enough to give him a chance to surrender but he dismissed it so conceitedly! He must be so pissed!"

...

The crowd tattled amongst themselves, throwing sardonic looks at Chen Xiaobei.

'This fool has some balls to provoke Huo Yuanba! This will surely be the end of him!'

"Ha! We're in for a show!"

The corner of Xia Dinxi's lips curled into a sinister smile.

"We all know that this kid will suffer."

Potter laughed.

Their strengths were comparable to Huo Yuanba. But even if they were in Chen Xiaobei's shoes, they would not have dared make the comment about Huo Yuanba not being able to harm a hair on their bodies.

From what they see, Chen Xiaobei would be beaten up so badly he would be crying for his parents. Maybe even crippled for life.

"Mr. Chen, since you so confident, don't blame me later for being ruthless! To be honest, I hope that I would lose to you so that I would have to bear one less guilt later!" said Huo Yuanba in a displeased manner.

After all, back in Eastern Europe, whatever Huo Yuanba wanted, he would get it. Even the powerful big guys would not dare look down on him!

However, he truly hoped that Chen Xiaobei would beat him.

That way, he did not need to harm Chen Xiaobei and his enemies could never say that he never tried his best.

"It is clear that you are a loyal man! Don't worry, you may have been embarrassed but you don't have to feel guilty," Chen Xiaobei smiled and said, "because I will make sure you lose! And I will also rescue your sister!"

When he had finished talking, Chen Xiao strode toward Huo Yuanba!

"In that case I, Huo Yuanba, owe you two lives! From today onward till the rest of my life, I will follow you and I will be under your command!"

Huo Yuanba let out a deep growl and hurtled toward Chen Xiaobei!

Whoosh

Black and gray True Kang began to surround Huo Yuanba as he strode toward Chen Xiaobei. Like hard rock, the black and gray True Kang soon formed into a set of heavy armor. Right after that, a pair of giant war hammers appeared in Huo Yuanba's hands. Originally has a very strong physique. With this rock-like True Kang, he now looked like a mini mountain.

As he plunged forward like a tank, his magnificent force crushed everything that was in his path.

"Wow! How powerful! If I were to fight with Huo Yuanbam I would surely perish after the first move!" said Liu Chunyi, frowning with sweat on his forehead.

"Huo Yuanba is an extremely talented young man! Five years ago, he had already achieved True Nirvana cultivation! He has all the resources that he wants in Eastern Europe! Considering that his cultivation is improving all the time, it's totally normal that you can't defeat him!"

"So, this is the legendary Eastern Europe War Bear! So powerful! Mr. Porter. Do you think Chen Xiaobei can block his attack?" asked Xia Dinxi in a mocking manner.

"Judging from the current circumstance, there is no way that he can block his attack!"

Porter paused and said again, "I don't understand why that kid didn't channel True Kang to his body? Does he have a death wish?"

Xia Dinxi nodded with his brows knitted together. "I don't understand either, how can he act in such calmed manner when he knows he is facing a crazy War Bear?! What's his trump card?"

"Xiaobei! What are you doing? If you don't fight back, you will die!" Liu Xuanxin cried, agonized.

She had thought that Chen Xiaobei would give it all he got but she did not expect that he would treat this as a joke. Taking a slow walk in front of Huo Yuanba during a fight was no different than killing himself.

"Mr. Chen! You are too arrogant! Prepare to lose!!!"

Huo Yuanba let out a roar and landed his war hammers that were the size of water tanks on Chen Xiaobei's chest. An ordinary human being would have been killed instantly since his True Kang had already materialized.

Even though Chen Xiaobei had 34,000 health, he would be hurt badly if he did not use True Kang to protect himself.

Boom!

The moment the war hammers landed on Chen Xiaobei, everyone focused on him. At the same time, they were taken aback as well.

Chapter 873: Speed Is Power

"..."

Huo Yuanba's fists did land on Chen Xiaobei's chest but not a single sound could be heard. And there was no trace of blood as well. Chen Xiaobei was still standing there, immovable.

"What... What the hell is going on?"

Everyone around them was taken aback. Baffled, they could not believe the thing that just happened in front of them.

"Oh god! It's just an afterimage! How is that even possible?"

At that moment, Huo Yuanba finally realized the root of the problem. His fist did not manage to land a single hit on Chen Xiaobei from the very beginning. Instead, he was hitting his afterimage all along.

Swoosh

Swoosh

Swoosh

At the same time, the sound of the wind blowing could be heard by everyone. Following that, six Chen Xiaobeis appeared around him. Judging from their physical looks, the afterimages had no difference from the real Chen Xiaobei. Filled with fear, everyone stood there like a statue. Initially, Xia Dinxi and Potter thought that Chen Xiaobei would not be able to take a hit from Huo Yuanba. Now, they were shocked beyond word.

"This... How did he do it?"

Liu Xuanxin was left baffled as well. Her wide-eyed look was adorable.

"Grandpa... Is that some kind of lost skill? It's so hard for me to believe that he can pull off such skill!" Liu Chunyi stuttered, gulping.

"That is not a lost skill! I don't think such a skill actually exists in our earthly realm! Only a demigod can achieve such extreme speed! No one else in this world can create multiple afterimages with only their speed! The thing is I don't think even demigod can create six afterimages at the same time! This is truly unbelievable!" said Liu Xiyuan grimly.

"Are you trying to say that the kid that stands in front of us is actually a demigod?!" asked Liu Chunyi with his pupils shrinking, filled with fear.

Liu Xiyuan was looking baffled when Liu Chunyi asked the question. Seemingly he was not too sure about it as well.

"Maximal Shadow! Shatter!"

Along with the loud shout, all six Chen Xiaobei began to strike at Huo Yuanba from different directions.

"This..."

"Out of instinct, Huo Yuanba swung his fists at the two Chen Xiaobeis that were closest to him.

Swoosh

Swoosh

The moment Huo Yuanba's iron fists landed on the afterimages, they disappeared into the thin air.

"It's fake! Again!"

With sweat dripping down from his forehead, Huo Yuanba did not know how to deal with the rest of the four afterimages. It was hard for his brain to perceive which the real Chen Xiaobei was. Immediately, the rest of the four Chen Xiaobeis charged at him at the same time.

Swoosh

Left with no other option, Huo Yuanba had to channel all his remaining True Kang to his body to strengthen his armor. All he could hope right now was to block Chen Xiaobei's attack. Seconds later, the Chen Xiaobeis that came from right, left, and back were gone when they came in contact with Huo Yuanba's True Kang armor.

"The one that charges at me from the front is the real one!"

Huo Yuanba managed to locate the real Chen Xiaobei in split seconds. Unfortunately, Chen Xiaobei had already got too close for him to counter his attack. He could only use his True Kang armor to block his attack.

"The way you fight is really magical. Unfortunately, you are just trying to put on a fancy show for everyone! I don't think your attack is going to work on me! Without breaking my True Kang armor, there is no way that you can defeat me!"

Clearly, Huo Yuanba was extremely confident that his True Kang armor could block Chen Xiaobei's attack. That was because the element that he chose to train on was earth! Usually, those who trained the earth element would have a higher advantage when it came to defense.

"Is that right?"

"Speed has always been the key element to defeat someone! Speed is strength!"

Boom!

Like a cannon ball, Chen Xiaobei landed his destructive fist on Huo Yuanba's armor.

Crack

The sound of something cracking could be heard by everyone.

"How... How is that even possible... My True Kang is started to shatter... It's shattering..."

Seconds later, Huo Yuanba's True Kang armor was shattered into pieces. Immediately, his pupils were reduced to needlepoint and sweat started to drip down from his forehead as well. He had never dream that Chen Xiaobei's fist was actually powerful enough to destroy his True Kang armor.

Huu...

Again, Chen Xiaobei was preparing to throw another punch at Huo Yuanba. However, he chose to stop his fist two centimeters before it came in contact with his chest. Clearly, Chen Xiaobei had no intention of hurting him at all.

"What now? Are you going to surrender to me?" asked Chen Xiaobei with a smile on his face.

"I yield... I yield... You have defeated me!" said Huo Yuanba in a fearful tone.

Huo Yuanba would have been left crippled if Chen Xiaobei landed this attack on him. With this attack alone, Huo Yuanba had to admit that he could never afford to hurt Chen Xiaobei.

"This is truly unbelievable... How did that kid do it?" asked Xia Dixin in astonishment.

"I can't figure it out as well... Logically speaking, only a person with a higher combat power can shatter Huo Yuanba's True Kang armor! From what we know, that kid just achieved True Nirvana cultivation not too long ago! How is it possible for him to possess such terrifying strength?!"

"Grandpa... I think that kid is the real deal... He really is a demigod!" said Liu Chunyi with sweat on his forehead, palms, and back.

"Err..."

Nodding, Liu Xiyuan did not want to admit the fact that Chen Xiaobei was a demigod but he had no other choice after he witnessed Chen Xiaobei's battle with Huo Yuanba.

"Chen Xiaobei... Who are you? Why did I fail to know you better after spending more and more time with you?" mumbled Liu Xuanxin.

The reason why Liu Xuanxin chose to cover her face whenever she saw Chen Xiaobei was because she wanted to understand Chen Xiaobei more before she revealed her true identity. However, she felt that she needed more time to get to know Chen Xiaobei after spending more time with him. To her, he was a mysterious man that was surrounded by multiple layers of mist. Every time when she unveiled a layer of him, there were a couple more layers of mist that awaited her.

"Can I ask you how you did that just now?"

Gulping, Huo Yuanba stopped channeling True Kang to his body and he had no intention to continue fighting Chen Xiaobei.

"I can tell you about it in future. Not now," said Chen Xiaobei while shrugging.

A mysterious aura was reflected from his eyes. This was after all an important secret. No one knew about it except for him and his three Spiritual Beasts!

Hundreds of meters away, inside the woods lied a big black wolf. Seemingly, it had just used up its energy. A golden beetle could be seen lying on top of its nose.

"Obsidian Gale Penumbra is awesome! It's so damn powerful! With only one single skill, Bro Bei manage to defeat the enemy with it! That's so cool!"

Psst!

"My Absolute Zero Zone is the best! Quickly! Plant the hexworm into my body! Use my skill to kill the enemies instead!" said the white cat that was on top of the big black wolf's head.

[Red Envelope Group of the Three Realms](#)

Chapter 874: Sharp Spear and Tough Shield

"Calm the f*ck down! And don't just stand there!"

Xia Dinxin let out a loud roar and the people that had yet to recover from their state of shock finally snapped back to reality.

"Though the skill of that kid is rather bizarre, I believe the more powerful the skill is the more resources needed to use it! According to my experience, there's no way that he can come up with similar skill again!"

"Come up with a formation quickly! Victory is just right in front of us!" shouted Xia Dinxi again after making a quick analysis. As one of the seven heroes of Green Town Faction, Xia Dinxi's experience was definitely more than other ordinary Jianghu elites. To be honest, his analysis was actually 100% correct. Obsidian Gale Penumbra is actually Sirius' talent and its trump card. Not only Chen Xiaobei would not be able to use anytime soon, but he had to actually wait for seven days before he could use it again.

Unless, he could provide Sirius with enough Spiritual Stones to recharge itself, if not the only option that he left was to wait for a week.

"That kid is not denying it! It seems like Master Xia is right about him!"

"Quick! Everyone! Come up with a formation! Time for us to defeat him! Victory is just lying in front of us!"

Everyone thought that Chen Xiaobei was out of trump cards and they would be able to claim the victory by acting fast. With a good amount of morale, all of them started to form a formation. All fifty disciples of Green Town Faction formed a sword formation – following the Divine Nirvana Green Hornet Formation.

On the other hand, all fifty Blood Descendants followed the pattern of the Star of David and formed a magic formation. These two formations were guided by Xia Dinxi and Potter and were slowly approaching Chen Xiaobei.

"Xiaobei! Retreat! This is the legendary Divine Nirvana Green Hornet Formation! That is the most lethal formation of Green Town Faction! Once the formation is complete, they could come up with destructive power that is far more powerful than Xia Dinxi!" said Liu Xuanxin.

"Mr. Chen! Don't fight this formation! I think you should just yield to them! If not the consequences are worse than you can ever imagine!" said Huo Yuanba.

"Grandpa, how powerful is this Divine Nirvana Green Hornet Formation? Why are Liu Xuanxin and Huo Yuanba so afraid?" asked Liu Chunyi in surprise.

"Xia Dinxi standing in the middle of the formation, surrounded by disciples that have 10,000 combat power each! Not even Liu Xuanxin can go against this formation! As for Huo Yuanba, it's simply impossible for him to defeat this formation!" said Liu Xiyuan with his eyes squinted.

"Not even the powerful Huo Yuanba can go against this formation?! I would be killed within seconds if I'm the one that stands in his place now!" said Liu Chunyi.

Nodding, Liu Xiyuan agreed with the thing that Liu Chunyi just said.

"How about the other formation?"

"That formation is called the David Star Blood Shield Formation! Once the Blood Shield is formed, even I have to come up with all my strength to break it!"

"What?! Come up with all the strength?! That defensive power is simply too powerful for one to handle!"

Outside the ancient faction world, Liu Chunyi was the elite that was closest to achieve Celestial cultivation! One could imagine the toughness of the Blood Shield if Liu Xiyuan had to come up with all his strength to break it.

"The sharpest spear... The toughest shield... If Chen Xiaobei somehow manages to break these two formations, Xuanjian Faction will never go against him no matter what!"

"Yes! Yes! Yes! We cannot afford to offend people like him..."

"Xiaobei! Didn't you hear what I just say? Retreat now! We still have enough time to flee!" said Liu Xuanxin in a nervous manner.

"Don't worry! I know how to deal with it!"

Filled with no fear, Chen Xiaobei put on a smile when he saw the two formations was closing on to him. Firstly, he still had his trump card with him. That was why he never wanted to run away. Secondly, he knew that Liu Xiyuan and Liu Chunyi were watching him. Running away would mean he was telling his enemies that he was not a demigod! In the end, he would have to face their relentless pursuit!

He did not need to run!

And he was not allowed to run as well!

The only thing that he could do right now was battle!

"Can you wait for me for half a minute?"

Suddenly, a white box and two golden headbands appeared in Chen Xiaobei's hand.

"That's the White Jade Box with a dragon print on it!"

Immediately, Liu Xuanxin recognized the box.

"Though this Spiritual Item is quite useful, he still has to wait for the enemies to walk into his trap for him to bind the enemies! How is it even possible to break the formation with it?!"

Feeling frustrated, Liu Xuanxin could not understand why Chen Xiaobei would take out the box now.

"What the hell is that kid trying to do?! He is going to come up with something! We have to attack him right now from both sides! There's no more time for us to think about it! As long as we manage to destroy his cultivation, victory will come to us!" said Xia Dinxi in a determined manner.

Swoosh!!!

Right after he finished talking, the Divine Nirvana Green Hornet Formation was activated.

50 disciples channeled their True Qi at the same time and their swords were elevated to the sky.

They then channeled their True Qi to their swords.

All 50 swords combined together to turn into a more powerful force.

At that moment, the entire sky was flooded with green swords.

"Alright! Let's attack from both sides!" shouted Potter.

Swoosh

Blood red True Qi could be seen exuding from all 50 Blood Descendants – like a blood river flowing into the Star of David. Right after that, the Blood Shield was lifted up on the right side of Chen Xiaobei. Its height was around ten meters. Now, the sky was colored in red and green – dominated by the Blood Descendants and the disciples of Green Town Faction.

Standing in the middle of these two formations, Chen Xiaobei looked like an ant.

His left side was Divine Nirvana Green Hornet Formation.

And on his right side was the indestructible David Star Blood Shield Formation!

Just like what Liu Xiyuan explained earlier, it was simply impossible for elites without Celestial cultivation to deal with these two formations.

"All done."

Still, Chen Xiaobei was not afraid of them. Slowly, Chen Xiaobei put back the golden headbands and the box into his Infinite Space Ring. At the same time, the two formations were about to squash him into a pile of minced meat within seconds. Everyone had their attention on Chen Xiaobei but none of them knew what he was going to do about it.

Swoop

Suddenly, a white ray shot down from the sky and blended into the green and red lights. No one noticed about it. The moment Chen Xiaobei saw the white light, he was filled with confidence again.

Chapter 875: Taking a Step Back Is Victory

The entire sky was painted green and red.

Shinnng

Shinnng

Shinnng

Shinnng

Fifty green swords soared in the sky at lightning speed. Meanwhile, Xia Dinxi was standing in the middle of the formation and using his True Kang to control the swords. Having to utilize the advantage brought forth by the battle formation, Xia Dinxi wanted to channel more and more power into the fifty disciples around him and push their potential to the maximum.

Buzz

Rays and rays of crimson light were circling the giant shield – like a river of blood. Just like Xia Dinxi, Potter managed to utilize the formation with him standing in the middle to channel fifty Blood Descendants' True Qi to fortify the foundation of the giant shield.

Rumble

Two formations were moving closer and closer to Chen Xiaobei. Seemingly, Chen Xiaobei would be crushed to death if he did not do something about it.

"Xiaobei!"

"Mr. Chen!"

Liu Xuanxin and Huo Yuanba could not help but let out a scream of despair.

"If that kid manages to survive the attack from these two formations, he is truly a deity!"

With their eyes wide open, Liu Xiyuan and Liu Chunyi would know whether Chen Xiaobei was the real deal through this battle.

"Son of a bitch! I will change my surname to yours if you manage to survive from this battle! Hahaha..."

Xia Dinxi let out a loud laugh. It was as if he had seen the victory being placed in front of him.

"Great! I have mentioned earlier that speed is strength! With my lightning speed, these two formations are literally useless!"

"Is there something wrong with your brain?! Divine Nirvana Green Hornet Formation can cover up to twenty meters! On the other hand, the David Star Blood Shield is as wide as ten meters! You have nowhere to run even if you can move at lightning speed!" shouted Xia Dinxi in a furious manner.

"Bastard! Stop acting tough! We are attacking you from both sides! It's pointless for you to try to flee from us!" said Xia Dinxin in disdain.

"When I talk about speed. It doesn't mean that I can run extremely fast. I'm talking about the sudden slowdown of your formation!"

"Sudden slowdown? How is that even possible? Die now!"

Xia Dinxi and Potter shouted at the same time.

To them, all they needed was a few seconds to crush Chen Xiaobei to death.

"Absolute Zero Zone!"

Suddenly, Chen Xiaobei let out a loud shout. A domineering aura exuded right out from him. At the same time, the temperature in a five-meter-radius dropped instantly. At that moment, a layer of frost was formed on the trees, flowers, disciples of Green Town Faction, and Blood Descendants. One could see that the entire area was painted in white.

Klak

An icy footprint was formed whenever Chen Xiaobei landed his feet on the ground. One could imagine that the how terrifying was the cold breeze burst out from his body.

"Oh my god... What the hell is going on?"

Upon seeing that, everyone was taken aback. Some of them even suspected that they were just having a bad dream. The thing that they were about to witness was going to make them feel even more shock. All fifty long swords that were in the sky were slowed down greatly. At the same time, the giant shield was moving like a slug as well.

"What the f*ck... Why is our attack slowing down?"

"What on earth is going on? This is so weird... Is this some kind of supernatural event?"

"This is unbelievable... Am I dreaming?"

Everyone was taken aback after seeing Chen Xiaobei used Absolute Zero Zone. It was as if space and time had paused. Normally, they would only see this kind of supernatural event from sci-fi movies. Most of them could not comprehend it when it happened in real life.

As for Liu Xuanxin and Huo Yuanba, the two of them were just standing there – stunned. From far, Liu Chunyi almost fell down from the tree when he saw that Chen Xiaobei used only one single skill to stop two ultra-powerful formations.

"Celestial... That is a celestial event... That kid just uses his sheer will to trigger a celestial event! He is a real demigod! Quick... Go back to the faction and bring Huo Qiaoqiao here! Please be gentle!"

"Bring her here? Are you trying to say that everything is now set in stone?" asked Liu Chunyi in a fearful manner.

"Cut the crap! A demigod is just standing right in front of us! There is nothing we can do anymore! Quick! Go now!"

"Yes..."

"Cold! It's freezing here!"

"Si... I can feel that ice is starting to form on my body!"

"Could it be our slowdown has everything to do with the drop in temperature? What kind of monster is he?"

At the same time, the voices of agony could be heard from the enemies. Absolute Zero Zone did more than place a layer of frost on its enemies. Soon, the extreme coldness would completely take over their bodies. Though their bodies were actually quite strong, they would turn into ice if they did not get out from the zone as soon as possible.

"Bastard! What did you just do? Stop it immediately!" screamed Potter in a hysterical manner.

"Mr. Porter! Let's act fast! Two of us should attack him at the same time and stop his spell! If not, all of us here will be killed by this extreme coldness!" said Xia Dinxi in a determined manner.

"Alright!"

Potter agreed to Xia Dinxi's suggestion without any hesitation. The two of them had True Kang to protect their bodies. That was why the extreme coldness had not affected them so far. Since they were not affected by the extreme coldness, their speed would not be slow down. In the blink of an eye, they jumped at Chen Xiaobei from the left and right.

"Hehe... It seems like the two of you really wanted to get rid of the extreme coldness... I'm going to be the good guy this time and grant your wish!"

Suddenly, an evil smile could be seen on Chen Xiaobei's face.

Swoosh

Swoosh

Xia Dinxi and Potter came up with all their strength to dash to Chen Xiaobei to attack him. Still, Chen Xiaobei had no intention of dodging their attack.

Pow!

Pow!

Immediately, Chen Xiaobei lifted his fists to go against Xia Dinxi and Potter. With the protection from his invisible True Kang, his fists would be saved from their devastating blows. Facing two extreme forces, Chen Xiaobei was sent flying. In this battle, being sent away by their attack was actually Chen Xiaobei's desired outcome. Taking a step back would mean victory to him.

Chapter 876: I Will Kill You

Swoosh

In front of Chen Xiaobei stood Xia Dinxi and Potter. At his back were two humungous formations. The moment their attack landed on Chen Xiaobei, he was sent flying away from the formations along with his Absolute Zero Zone. Imagine a spring placed between two palms, the closer the palms – more force would be generated. When the spring disappeared, something exciting would bound to happen.

"Shit! This is bad..."

Seemingly, Xia Dinxi and Potter had realized that they had made a huge mistake.

Boom!

Seconds later, the two formations clashed into each other! All the force that the two formations accumulated when they were frozen were released all at once! One could imagine that the two formations would definitely not end well.

The end result of the sharpest spear came in contact with the toughest shield was two sides would be destroyed instantly. All the swords penetrated the Blood Shield and decapitated most of the Blood Descendants. At the same time, the Blood Shield was like a tank – crushing all the people that stood in

front of it. Seconds later, the two ultimate formations were destroyed completely. Hundreds of them were either dead or injured badly.

Xia Dinxi and Potter were like two flies clashed into each other by the force of two palms. Initially, they wanted to do the same thing to Chen Xiaobei. To their surprise, the two of them became the victims of their own strategy. Though they were protected by True Kang armor, the immense force from two formations clashed into each other managed to shatter their protection.

Liu Xiyuan had mentioned earlier that not even a powerful elite like Huo Yuanba would be able to withstand a single hit from the Divine Nirvana Green Hornet Formation. Considering that Xia Dinxi's and Potter's combat power were similar to Huo Yuanba's, their bodies had suffered a great deal of damage when the two formations clashed into each other.

"How did that happen... Why am I so pathetic?"

It looked like Xia Dinxi had just hit by a train. His nose and face were bruised, mouth was spitting fresh blood, and his right leg was broken. He could not even muster enough strength to stand up anymore.

"Ouch... Help... Help me... I don't want to die..."

There were around eight swords that penetrated Potter's body – including his arms and legs. Blood was pouring out from his body like there was no tomorrow.

"So... The two formations are finally destroyed...? Mr... Mr. Chen is a god!"

From afar, Huo Yuanba was left awestruck. All this while, he was always confident with his combat power. Clearly, he knew that not even he could destroy that two formations singlehandedly. The moment he witnessed Chen Xiaobei pretend that he was defeated by Xia Dinxi and Potter to destroy the formation to cause two formations clashed into each other, he was left in a state of extreme shock.

He even started to feel ashamed for humiliating Chen Xiaobei earlier. Now he felt like he was acting like a complete clown just now. After seeing Chen Xiaobei's battle Xia Dinxi and Potter, he knew that he needed to start to respect Chen Xiaobei. He respected him for his noble character. Not only did he not blame him for taunting him, he even showed him mercy while combating with him. The thing that he anticipated the most right now was to wait for Chen Xiaobei to save his sister. If Chen Xiaobei somehow managed to save his sister in the end, he would definitely not hesitate to trade his life for Chen Xiaobei's in the future.

"This guy... Who the hell is he? I would never believe that if he tells me that he is just an ordinary guy! Taking out missiles from his sleeve and triggering a celestial event with his sheer will are enough to prove that he is a deity! But, if he is a deity, how is it possible that he was sent flying when I slapped him?"

Feeling baffled, Liu Xuanxin had a desire to know Chen Xiaobei even more. Unconsciously, she realized that she was attracted to Chen Xiaobei's mysterious presence. She could not help but desired to have more intimate moments with Chen Xiaobei.

"Mr. Chen! I yield... I yield now... Feel free to leave...! You can walk away with Huo Yuanba and Huo Qiaoqiao!" said Xia Dinxi in a shaken voice.

At that moment, his battle intention was completely gone. He just wanted Chen Xiaobei to leave him alone as soon as possible.

"I can bring them away with me? Do I really need your permission to do it?! I'm Chen Zhufeng!" said Chen Xiaobei in an ice-cold voice while walking toward him.

"I..."

"No... You don't need my permission... Not at all... You can do whatever you want...! I will not say a word about it anymore!" said Xia Dinxi, gulped.

"Hehe... What if I say that I want to kill you?"

"No! You cannot kill me! I'm one of the seven heroes of Green Town Faction! My Sifu is the faction leader of Green Town Faction! You need to know that he is an elite with Celestial cultivation! Killing me is equivalent to bringing war to my faction!"

"You came up with an evil plan to threaten Huo siblings! I will kill you even if your Sifu is a deity in heaven!"

Glaring at him, Chen Xiaobei swung his right hand and a crimson ray flew past his neck! Without the protection of his True Kang, Xia Dinxi was rendered defenseless.

Phissh!

Seconds later, Xia Dinxi was decapitated and blood spurted out from his headless body.

Shinng!

Immediately, Chen Xiaobei ordered his Chaos Blood Sword to absorb his soul and blood essence. For now, he was not in need of merit points – that was he wanted to invest more power in his ace weapon. Needless to say, the soul and blood essences of the dead were being consumed by Chen Xiaobei's Chaos Blood Sword. There were around 500 souls and blood essences inside the Chaos Blood Sword now. Its combat power was equivalent to an elite with pinnacle phase of Celestial cultivation!

It could unleash a hit that was worth 50,000 combat power! At a critical moment, it could definitely worthy enough to serve as Chen Xiaobei's trump card. After that, Chen Xiaobei somehow decided not to kill Potter.

"Tell me! Why do the Blood Descendants want to capture me?" asked Chen Xiaobei while looking at him from higher ground.

[Red Envelope Group of the Three Realms](#)

Chapter 877: I Don't Want to Hear I

"I... I can't tell... That is our family's secret! No matter what, I will not tell you about it!"

Although clearly in pain, Potter was determined that he would never tell Chen Xiaobei about it. He knew that he would be killed if he failed to safeguard the secret.

"Do you really think that I will not be able to guess it even if you refuse to tell me about it?"

Using his sheer will, Chen Xiaobei summoned a finger-sized hexagram ruby to his palm which looked exquisite.

"Star... Star of David! I can't believe you have it with you all this time! So, Damien was killed by you!"

Potter's pupils shrank, shocked by what he heard. The Star of David had always been the source of dark power for the Gustav Family. Through a secret technique, the appointed family member could insert this Star of David into the heart and inherit the dark power! This was the deepest secret of the Gustav Family. An outsider would know that the successor of the family was planted with Star of David even if they were killed during battle. Puzzled, he could not understand how Chen Xiaobei knew about this secret.

That was why Potter started to suspect that there was a mole in their family. The thing that he did not know was that Damien managed to bring out Chen Xiaobei's utmost fury – forcing him to walk at the edge of hell. In the end, Chen Xiaobei had crushed his heart and destroyed his body. Coincidentally, Chen Xiaobei had found out that there was a Star of David hidden in his heart.

"I'm not going to force you since you don't want to tell me about it!"

Chen Xiaobei lifted his hand and started to order his Chaos Blood Sword to absorb Potter's soul and blood essence. With eight swords penetrating in his body, the moment Chen Xiaobei started to drain his blood, his body quickly deteriorated.

"I will tell you... I will tell you everything! Please don't kill me!"

Assuming that there was a mole in the family, Potter knew that it was pointless for him to keep the secret anymore.

"So, you have come to your senses to tell me about it? Unfortunately, I don't want to hear about it anymore!"

Shrugging, Chen Xiaobei allowed his Chaos Blood Sword to consume his final drop of blood essence and harvest his soul right after that. Potter's body was left completely in a stiff position with his eyes wide open. It was as if he was staring at Chen Xiaobei vengefully. Actually, Chen Xiaobei did want to know the secret but he sensed that there were enemies getting closer to him. He would rather choose to give up on knowing the secret than letting his enemies heard about it.

"Show yourself!"

Chen Xiaobei glared at the woods that was located quite a distance from him.

"God Chen! Greetings!"

Liu Xiyuan and Liu Chunyi walked out from the woods with their bodies bowed.

"My lady! Brother!"

Sob...

Qiao'er was following right behind them when they walked out from the woods. The moment she saw Liu Xuanxin and Huo Yuanba, she could not help but start to cry out loud. Immediately, she went and

apologized to Liu Xuanyi. Clearly, Liu Xuanxin would never blame her for it. Following by that, tears kept on coming out from her eyes when she started to talk to Huo Yuanba. It was no longer the tear of sadness! Those were the tears of happiness!

"You two little shits! Do you know that you have wronged me?!" Chen Xiaobei glared and asked them icily.

Slap!

Slap!

Without saying any words, the two of them kneeled down in front of Chen Xiaobei. Seeing that there were dead bodies everywhere around them, they knew that they would be killed by Chen Xiaobei if they did not do something about it.

"Forgive our stupidity! From the very beginning, the two of us showed no respect for you! Clearly, we have made a huge mistake! Please tell us more about how we offend you!"

Liu Xiyuan and Liu Chunyi gave Chen Xiaobei a proper kowtow. They did not even dare to lift up their heads and looked at Chen Xiaobei. Upon seeing that, Liu Xuanxin was left in shock. She had never seen that the faction leader of the most powerful faction in Jianghu and the martial arts prodigy kneel before others, yet now they did so in front of Chen Xiaobei like two humble dogs.

"Stop trying to act pathetic in front of me! You force Qiao'er and her brother to tell you more about me! After that, you even come up with an evil plan to try to kill me! How dare you tell me that the two of you are not involved in this matter?!"

Si...

Immediately, Liu Xiyuan and Liu Chunyi took in a deep breath. Knowing that they could not fool Chen Xiaobei, they quickly kowtowed toward Chen Xiaobei to beg for his forgiveness.

"Mercy please! God Chen! Please spare our lives!"

"The mastermind behind it was killed by you not too long ago! The two of us are just accomplices! We did not lay our hands on Qiao'er. For this reason, please spare our lives..."

To them, Chen Xiaobei was no longer an ordinary human being! He was not a demigod. They knew that Chen Xiaobei could take away their lives anytime he wanted.

"Hmph! It's true that the two of you did not harm me or my friends! If Qiao'er was hurt, I would have decapitated the two of you right here right now!" said Chen Xiaobei in a domineering manner.

"Thank you God Chen for showing us mercy! Thank you for not killing us!"

Knowing that Chen Xiaobei was not going to kill them, Liu Xiyuan and Liu Chunyi started to thank Chen Xiaobei. From this moment onward, they would never know that he was not a demigod. In actuality, Chen Xiaobei was actually weaker than Liu Xiyuan. If Liu Xiyuan was bold enough to fight with Chen Xiaobei right here right now, he would have known that he was actually far more powerful than him. Unfortunately, that was just an 'if'.

Though Liu Xiyuan was extremely powerful, he cherished his life more than anything else in this world. He valued his position in the family and his cultivation! Without trying to fight Chen Xiaobei, he would never know his true strength.

"I can spare your life but there will be consequences!"

Chen Xiaobei then swung his hands and two golden circlets landed on their heads. During the battle just now, Chen Xiaobei took out these two golden circlets and the White Jade Box. He was actually trying to channel some Spiritual Qi from the box to the circlets. Initially, Chen Xiaobei wanted to use these two golden circlets on Potter and Xia Dinxi. To his surprise, the two of them were defeated faster than he thought. In other words, these two golden circlets should be able to teach Liu Xiyuan and Liu Chunyi a good lesson.

"God Chen... What... What is this?"

The two of looked at each other in the eyes and stared at Chen Xiaobei in shock.

"Ng... Ma... Ne..."

Chen Xiaobei narrowed his eyes and started to chant the Tight-Circlet Spell.

"Ouch... Hurts! So painful! My head is going to explode!"

Suddenly, Liu Xiyuan and Liu Chunyi holding on to their heads and started to roll on the ground. The pain had caused them to sweat like there was no tomorrow.

[Red Envelope Group of the Three Realms](#)

Chapter 878: Knock Him Off

The power of the Tight-Circlet Spell was well known among the Chinese. A long time ago, Sanzang once used it on the Monkey King. Not even he could withstand the pain. Though the three golden circlets that Chen Xiaobei had with him were just replica, it was more than enough to use it to deal with mortal beings. To them, the torture from it was worse than death.

"God Chen... Stop chanting please... Ouch... Please... It's so painful! We are going to die if you continue doing this to us!"

The agonizing scream let out by Liu Xuanxi and Liu Chunyi was worse than a pig screaming when it was being slaughtered. Actually, the amount of Spiritual Qi that Chen Xiaobei had channeled from the box to the golden circlets was limited. He would not be able to kill the two of them with it. Even if they did not beg Chen Xiaobei to stop, he would have to stop chanting eventually. Seeing that they were begging him to stop, an idea came to Chen Xiaobei's mind. He thought to take advantage of the situation while they were suffering. They would literally say yes to anything when they were suffering from this extreme pain.

"Pay me 1,000 Spiritual Stones and I will stop the chanting!" said Chen Xiaobei with an evil smile.

"That's... That's a lot..."

Immediately, Liu Xiyuan's face contorted.

To Xuanjian Faction, 1,000 Spiritual Stones served as a foundation to fortify the faction. Giving them out in one go would mean weakening the entire faction. This was worse than asking Liu Xiyuan to cut a piece of flesh from his body.

"Grandpa... Stop hesitating! Just say yes to him! Quick! It's so painful! We are going to die soon!"

Clearly, Liu Chunyi was weak-minded. He did not want to suffer from the pain anymore. That was why he was trying to hasten his grandpa to hand over the Spiritual Stones.

"God Chen... Please stop with the chant... We will pay you! We are willing to hand over the 1,000 Spiritual Stones!"

Rendering with no other option and being convinced by his grandson, Liu Xiyuan finally agreed to pay Chen Xiaobei.

"Hehe... Go and get it immediately! You have five minutes! Fail to come back to me within five minutes, I will start chanting again!"

The truth was the Spiritual Qi in the golden circlets were almost depleted. Even if they refuse to pay the Spiritual Stones, Chen Xiaobei would have to stop the chant eventually. However, the two of them did not know about it. Immediately, they ran back to their faction and brought 1,000 Spiritual Stones for Chen Xiaobei.

"God Chen... All the Spiritual Stones are in these two boxes... Please accept it!"

Liu Xiyuan and Liu Chunyi came to Chen Xiaobei with two huge crates. The two of them then kneeled down in front of Chen Xiaobei to beg him to accept it while eyeing on the crates. Upon seeing that, Chen Xiaobei could not help but laugh out loud. He was thinking whether two of them would cough out a mouthful of blood if they knew that he would have to stop with the chant even if they refuse to pay him the Spiritual Stones.

"Not bad! You guys have made the right move!"

With a swing of his hand, two big boxes were kept in his Infinite Space Ring.

"What have you guys heard and seen today?" asked Chen Xiaobei.

"We..."

Taken aback, Liu Chunyi and Liu Xuanxin shook their heads immediately.

"N-n-no! We have seen and heard nothing today!"

"Good! Remember what you just said! If you fail to do so, I, Chen Zhufeng will make you shut your mouths for good! Mark my words!"

"Y-y-yes! Farewell! God Chen!"

Liu Xiyuan and Liu Chunyi kowtowed thrice before they fled the scene. Today, they had witnessed Chen Xiaobei used his godly skill to deal with his enemies. From the bottom of their hearts, they were now truly afraid of Chen Xiaobei. No matter what, they would not dare to tell Chen Xiaobei's secret to others.

"Alright. Everything is settled! We shall leave now..."

Chen Xiaobei strode toward the three people that stood on the side with a smile on his face.

Bop!

Bop!

Before Chen Xiaobei could finish his words, Huo Yuanba and Qiao'er knelt on the ground.

"You are now our biggest benefactor! Please accept our gratitude! We will never forget that you saved our lives today!"

Right after that, they were about to touch the ground with their heads.

"No! Don't do that... It's equivalent to slapping my face!"

"We don't mean that..."

"Two of you are Xuanxin's friends! That means you are my friend as well! And friends are supposed to take care of each other! I just did what I can to help my friends! Get up! If not, I will see that you are not treating me as your friend!"

"This..."

Huo Yuanba and Huo Qiaoqiao were taken aback.

"Qiao'er. You should get up first!"

Huo Yuanba helped her sister to get up and he continued to kneel on the ground.

"Brother... What are you..." asked Qiao'er, baffled.

"God Chen. Of course, we see you as our friend! But! I have told you earlier that if you manage to bring back my sister to me, unharmed – I, Huo Yuanba officially owe you two lives! From today onward, I'm willing to follow wherever you go and serve you!"

"That's not necessary at all!"

"I, Huo Yuanba had ventured in the Jianghu for a lot of years! I will definitely make sure that I repay your good deed! Following you will be able to fulfill one of my personal wishes as well. My sister and I have offended Xuanjian Faction and we got into the mess with the Blood Descendants and Green Town Faction as well. I'm afraid that there's no safe place for me and my sister anymore! Only you can guarantee the safety of me and my sister! God Chen, please give us the chance to repay your good deed! And please let us to stay under your protection as well!"

Once Chen Xiaobei accedes to his request, he would definitely stay loyal to Chen Xiaobei until the end of the world.

"Chen Xiaobei. For my sake, please say yes to him! Consider that I owe you a favor!"

Suddenly, Liu Xuanxin spoke her mind as well. She knew that Huo Yuanba would never harm Chen Xiaobei. If Chen Xiaobei said yes to them, he would be able to protect them and recruit a powerful disciple. It was truly killing two birds with one stone!

"I'm going to say yes to it! You owe me nothing!"

Chen Xiaobei then smiled at Liu Xuanxin. Clearly, he knew that Liu Xuanxin had put herself into his shoes before making the suggestion.

"Yuanba! Qiao'er! Bei Xuan Faction is literally the safest place on earth! The two of you have to join my faction because it's easier for me to explain to my friends and family about it!"

"The two of us are willing to become your servants!" said Huo Yuanba.

"Don't lower yourself like that. I will treat you as my family members since I have decided to bring you in! Just see as yourself as my disciple! From today onward, Bei Xuan Faction is your new home!"

[Red Envelope Group of the Three Realms](#)

Chapter 879: Heading to Zhong State

"We are willing! We are one hundred – no – one thousand percent willing! I, Huo Yuanba officially see you as my Sifu!"

"I, Huo Qiaoqiao would like to show my gratitude to my Sifu as well!"

Huo Yuanba and Huo Qiaoqiao were now officially Chen Xiaobei's disciples.

Both of them had been ready to become Chen Xiaobei's servants earlier. With that being said, their status in the faction would be the lowest among the rest. But everything would change for them once they had become Chen Xiaobei's disciples – they would gain a name, identity for themselves and even a bright future.

With their own eyes, they saw Chen Xiaobei defeated Xia Dinxi, Blood Descendants, and Liu Family members easily. Even a fool would understand that even though Chen Xiaobei was not a demigod, he would possess a wealth of unimaginable resources!

Huo Yuanba had a strong suspicion that by sanctioning Chen Xiaobei as their master and joining the Bei Xuan Faction would be better than joining any other ancient faction. Clearly, now he knew that he had a bright future waiting for him. Calling Chen Xiaobei his Sifu was not hard for Huo Yuanba at all. Instead, he felt that this was a golden opportunity for him and his sister.

As a matter of fact, his hunch was right. In the near future, he would be extremely grateful for this.

Of course, only time would tell.

"Xuanxin, I think you should go back to Bei Xuan Faction with me. I think you are safe if you all by yourself!"

Chen Xiaobei invited as he turned to face to Liu Xuanxin.

"No! I'm not going!" Liu Xuanxin refused, "I have my own way of dealing with things. There's nothing unsafe about it! I have already made my decision! So please stop pestering me."

"Why do I have the feeling that you are avoiding me?"

Chen Xiaobei narrowed his eyes. He smelt something fishy.

"Who... Who's avoiding you?" Liu Xuanxin braced herself and said, "Men and women should not touch! I don't want to get involved with you!"

"Well, if you refuse to stay in Bei Xuan Faction. That actually can be arranged!" Chen Xiaobei said, "But why do you always cover up your face whenever you see me? You're obviously trying to avoid me."

"That... That is none of your business! I can cover up my face whenever I want to! Why do I have to explain myself to you?" Liu Xuanxin blurted. Furious, she turned around, leaped on her three-inch-bounded feet and disappeared into the thin air like a snowflake.

"Hehe..."

Qiao'er started to giggle.

"Qiao'er, do you know something I don't?"

Chen Xiaobei turned his gaze toward her.

"I don't know..."

Qiao'er was loyal to a fault, so quickly said, "I have never seen her act like a child! That's why I laughed!"

Chen Xiaobei frowned. But because he could not seem to find any other explanation, he simply nodded and said, "Let's leave this place."

He then brought Sirius, Xiaobai, and Xiao'er back to Bei Xuan Faction.

The group returned safely to Bei Xuan Faction

Because Huo Yuanba and Wu Aofeng had a very similar temperament, they quickly became good friends; and the social butterfly, Wu Aofeng brought Huo Yuanba to meet all the menfolk.

Those who were able to gather around Chen Xiaobei were all heroic men! Men who were congenial like Huo Yuanba – they could all get along easily!

As for Qiao'er, because of her age and her adorable appearance, both Wenyuan and Murong Xiaoyao adored this lass. They even took care of her as their own little sister.

In less than half a day, the Huo siblings felt very much at home in Bei Xuan Faction and had already settled down comfortably.

While the siblings settled down, Chen Xiaobei found himself occupied.

"Today, I managed to extort some Spiritual Stones from that old bastard. But I still don't have enough! I need them for training, to activate the Witch Dragon Blood, Ancestral Sword Divine Rune, Quicksand Gourd, Golden Circlets, White Jade Dragon Box, and others!"

Chen Xiaobei sat in his room, pondering.

"It looks like the only way to acquire more Spiritual Stones is from the upcoming martial arts competition! First place gets 3,000 Spiritual Stones; second place gets 1,500 Spiritual Stones, and third place gets 500 Spiritual Stones! That's 5,000 Spiritual Stones in total! If I could just figure out how to get all of it. Then I wouldn't have to worry about it for a long long time!"

"But I won't be able to do it alone. Tai Yitan, Huo Yuanba, and Wu Aofeng will have to level up in strength!"

Chen Xiaobei then took out his phone and went to the Red Envelope Group to ask Taiyin True Deity about the way to grow more Yin Yang Soul Linking Hexworms.

"Tai Yitan and rest of them could be considered as the prodigies that are below thirty years old! As long as I manage to grow more Yin Yang Soul Linking Hexworm and give them one each – they will be able to borrow Xiaobai's and Sirius's special ability! By that time, those that are in the same age category with them will not be able to defeat them!"

"Maybe... I don't even need to fight in the competition and I will be able to obtain all the rewards from the competition!"

Chen Xiaobei's eyes beamed. He then quickly picked up the phone and ordered Yap Liangchen to buy the medical ingredients to grow Yin Yang Soul Linking Hexworm.

Once he got the medical ingredients, Chen Xiaobei followed the way that Tai Yin True Deity taught him to grow the hexworms. Since this was a higher-tier hexworm, Chen Xiaobei had to spend 100 Spiritual Stones to grow a pair of Yin Yang Soul Linking Hexworms.

Chen Xiaobei did not grow more than three pairs since the Spiritual Stones that he possessed were limited.

Once he was done, Chen Xiaobei jumped on his Somersault Cloud and flew to Zhong State.

.....

At Li Family's Mansion in Zhong State.

As the most powerful family in Zhong State, the Li owned three hundred million in assets. In other words, they were actually one of the richest families in China.

Li Yunlin's name was on the Forbes list nearly every year.

Only a few people know that the Li Family was actually under the Blood Descendants! And the leader of Li Family was the mysterious Li Xiang!

The purpose of Chen Xiaobei's trip was very obvious. Since he did not manage to extract any information about the Dark Neutron from Potter, he came just to ask Li Xiang about it. Earlier, Chen Xiaobei had already informed him about it, Li Xiang managed to cancel all his plan and wait for Chen Xiaobei's arrival at a private mansion beside lake and mountains. He would not need to worry about others eavesdropped on them since this was his hand.

"Mr. Chen! You are finally here!"

Outside of Zhuang Mansion, Li Xiang and a young man were standing there and welcomed Chen Xiaobei together.

Of course, while both Li Xiang and the young man looked really youthful, they were the only ones who knew their true age!

"This is?"

Chen Xiaobei eyed the young man.

What they had wanted to discuss was strictly confidential. Chen Xiaobei did not want any outsiders present.

"His name is Li Gang! He's our Li Family's most brilliant genius. Since the age of eight, he had already started to train by my side. I intend to make him my successor. That's why I brought him here to see you!" Li Xiang said reverently, "But of course, if it is inconvenient for Mr. Chen, I will immediately ask him to step down!"

"It's alright! Let's go in and talk!" Chen Xiaobei waved his large hand and the three of them stepped into the Zhuang Mansion.

[Red Envelope Group of the Three Realms](#)

Chapter 880: Attack From Powerful Enemies

Upon entering the common area, Chen Xiaobei took out the Star of David.

"Do you know what this is?" asked Chen Xiaobei.

After observing it for a while, Li Xiang shook his head and replied, "Is this a piece of gem? I don't see anything special about it!"

"What? How can you now know about it?!" Chen Xiaobei exclaimed in astonishment.

Initially, Chen Xiaobei thought he could acquire the answer that he wanted from Li Xiang. To his surprise, Li Xiang had no knowledge about this item. Let alone the secret that buried within it.

"Mr. Chen. I can recognize the item! But, I'm not sure whether I'm right about it!"

Suddenly, the young Li Gang spoke his mind.

"Enlighten me!" said Chen Xiaobei with his mind lit.

"I have read about this Star of David from one of the ancient books of the Blood Descendants. According to the ancient book, this Star of David also known as Dark Neutron! It serves as a vessel for the dark power of Blood Descendants! Of course, every family's Neutron has a different shape and color. And its abilities can vary as well!"

After hearing Li Gang's explanation. Li Xiang came to a realization suddenly.

"Ah! So, this is the Dark Neutron! This is my first time seeing other families' Neutron! That is why I could not recognize it in the first place!"

"Okay. Since you know that this is the Dark Neutron, I should tell you guys everything! I found this piece of Dark Neutron from the heart of the heir of the Gustav Family! Do you know what kind of special ability is buried within it?"

"I'm not too sure about it as well! The way of passing on those special abilities is different in every family! Only the successor of the family will know about it! The family will never let others know about their secret no matter what!" said Li Gang while shaking his head.

"He is right! Until now, the family has not even tell Li Gang about the way of passing down our Neutron to him. There is no way that an outsider will know about it!" said Li Xiang.

"This is going to be so troublesome! The previous head of the family and successor of the Gustav Family are dead! Does that mean the secret of inheriting the power of the Dark Neutron is gone forever?"

"That is not necessarily true! Did you notice any moves that could not be possible to be performed by a human when you battled the family members of the Gustav Family?" asked Li Gang.

"About this... Yes! He consumed the blood of this allies to boost his combat power greatly!"

"Yes! This is it! This is the dark power of the Gustav Family!" said Li Gang.

"Is there a way for me to acquire this dark power?" asked Chen Xiaobei in an enthusiastic manner.

Once Chen Xiaobei acquired this dark power, he would be able to increase his combat power instantly with ease. As long as there were enough enemies in the battlefield, he could boost his cultivation to pinnacle phase of True Nirvana stage within a few minutes. When Damien had first used this ability to boost his combat power, Chen Xiaobei thought that it was better than using a cheat tool.

All Chen Xiaobei needed to do to advance to Celestial cultivation was to concoct another Skybreaking Cultivation Pill after he acquired this dark power. And in the future, he just needed to continue to consume more blood essence to increase his combat power.

"Now that we know the magical ability of this dark power, that doesn't mean you will be able to wield it! You have to go through some secret techniques to inherit this dark power! For example, in order of the successor of Gustav Family to inherit this dark power, the person has to place the Dark Neutron deep in their heart! I don't think one can achieve it with current medical knowledge!"

Upon hearing that, Chen Xiaobei agreed with it. Putting a finger-sized rock into one's heart is close to impossible! Set aside current medical knowledge, not even Chen Xiaobei could achieve it with this top-notch medical skill and knowledge. And even if he managed to plant it in the heart somehow, he still did not know the way to activate the dark power. It would be really awkward if he failed to wield the dark power after planting it inside his heart.

"Since the two successors of the Gustav Families are dead, I don't think that anyone knows the to pass down this dark power to others..." said Chen Xiaobei in slight disappointment.

"You are right..."

Nodding, Li Xiang and Li Gang could not think of other ways to help Chen Xiaobei as well.

"Okay! Let's not talk about it for now!"

Seeing that there was no answer to it, Chen Xiaobei had no intention to keep on dwelling in it.

"Li Xiang. Have you prepared to travel to Japan?"

"I think I'm pretty well prepared! We will travel to Japan using my electronic company's name? There will be someone to pick us up once we arrive there! Basically, we can depart anytime you want right now!"

"Then, have you located the Orochi?"

Recently, Chen Xiaobei was occupied with different matters. That was why he did not have time to do it.

"I have three confirmed locations with me right now! All we need to do is to travel to these three places and I'm pretty sure we can look for the thing that we want in one of these three places!" said Li Xiang in a confident manner.

"Three locations? How long do you estimate to search these three places?"

"Shortest is one week and longest is one month!"

After all, things were constantly changing. There was no way that Li Xiang could give Chen Xiaobei an exact time frame.

"I think we need to postpone the trip again if this is going to take a month to look for the thing that we want! I have to wait until the martial arts competition ends first before I can leave to Japan for a month!"

"Alright! We will just follow whatever you say!"

They had waited for Chen Xiaobei to travel to Japan together for a few months. That was why they did not mind to wait for a few days more.

"Oh right! Do you have any update on the royal family in Japan? Did anything special happen recently?"

Narrowing his eyes, Chen Xiaobei could not help but think of a voluptuous Japanese lady.

"There are actually! One month from now, the prince is going to marry the Holy Lady of the Divine Sovereign Sect! By that time, the whole country will celebrate their wedding together! That should be our best time to carry out our mission!"

"One month later! No matter what! We have to travel to Japan!" said Chen Xiaobei in a determined manner.

As compared to looking at the scale of Yamata no Orochi, Chen Xiaobei felt that it was more important for him to stop the royal wedding.

Swoosh!

Swoosh!

Swoosh!

Suddenly, the sound of the wind could be heard from outside.

"Enemies are coming!"

Alerted, Li Xiang sensed that there was someone approaching them.

"Strange! How did they know that I'm here?!"

Using his Golden Gaze Fiery Eyes, Chen Xiaobei saw what was going on outside the house. And it made him extremely uncomfortable. There were powerful enemies coming at him.
