Layla's POV

" I overheard the Luna and Ashton the other night. They were standing close and Ashton told her how happy he was to know that he was the father. I saw them kiss." I said between sobs.

Was he buying it? Killian stood up and started to pace, " Are you sure?"

I nodded. He started to growl and head toward the door. I grabbed him before he made it to the bedroom door, " Dont leave like this. Let me ease the pain. "

I could see him ghting between letting me ease his pain and goign to confront ashton. I pushed up against the wall and had Killian slam his lips onto mine. God I missed the taste of him.

We started to pull each others clothes off. We were nally skin to skin. He pulled me into his arms and wrapped my legs around my waist. He spanked my ass as he entered me. I started to move up and down on his d**k. I was riding him and I was in heaven. We made our way to the bed where he ipped me over so he could f**k me doggy style. After a couple of pumps he stopped and pulled my head toward his c**k. I could taste his precum and my juices. I licked his c**k all over. He started to f**k my throat, "Suck my c**k you dirty w***e!"

I moaned. This is what I needed. I need to be f****d dirty and called names by my Alpha. He pulled me from sucking his c**k and i growled at him. I wanted to swallow his yummy sperm but he slammed me down on his c**k. I rode him fast and hard. I was screaming his name as we both came.

After calming down I placed my head on his choulder and we drifted off to sleep.

Charlie's POV

I felt a horrible stabbing pain rip through my stomach. I started screaming. Ashton and Orin came running into the room I shared with Killian. I was grabbing my stomach and yelling no. I knew this pain. Killian was having s*x with Layla! I was crying and screamin. I couldn't see through my tears. Orin and Ashton carried me to the clinic. I could hear some words through my crying, " She was screaming so we rushed in. She was holding her stomach and screaming no. I dind't know what to do Doc til I saw the blood run down her leg. She is miscarrying?"

Oh Goddess am I loosing my baby?
